

UNIVERSITY OF LOUISIANA MONROE

(USPS 395-480)
Monroe, Louisiana

Catalog 2006-2007

EFFECTIVE WITH THE 2006 FIRST SUMMER TERM THROUGH THE 2007
SPRING SEMESTER

University of Louisiana Monroe Bulletin
Volume LXXII, May 2006

Published by University of Louisiana Monroe
700 University Avenue, Monroe, Louisiana 71209

The provisions of this catalog do not constitute an offer for a contract which may be accepted by students through registration and enrollment in the University. The University reserves the right to change any provision or requirement, including fees, at any time with or without notice. The University further reserves the right to require a student to withdraw from the University for cause at any time.

Failure to read this catalog does not excuse students from the requirements and regulations described herein.

The University of Louisiana at Monroe adheres to the principle of equal educational and employment opportunity without regard to race, color, creed or religion, national origin, sex, marital or parental status, age, disability, veteran status, or political belief. This policy extends to all programs and activities supported by the University.

The University of Louisiana at Monroe, an institution of higher learning, maintains compliance with the requirements and regulations set forth by the Family Educational Rights and Privacy Act, as amended June 17, 1976. The Family Educational Rights and Privacy Act Compliance Guidelines are available to parents and students in the Office of Student Affairs, Dean of Students, Division of Information Services, Registrar, and Student Government Association.

THE UNIVERSITY

PURPOSE/MISSION OF THE UNIVERSITY

The University of Louisiana at Monroe (UL Monroe) is committed to serving as a gateway to diverse academic studies for citizens living in the urban and rural regions of the Lower Mississippi Delta. The University offers a broad array of academic and professional programs through the doctoral degree, including the state's only public Pharm.D. program. Complemented by research and service, these programs address the post-secondary educational needs of the area's citizens, business and industry.

The University ensures student learning by promoting a comprehensive context for the intellectual, scientific, cultural, technological, and economic development of a diverse student and faculty population. UL Monroe values the continued development of mutually beneficial partnerships involving school, governmental, business, and a variety of community-based agencies.

UL Monroe is located in Region VIII. The University is categorized as a SREB Four-Year 3 institution and as a Carnegie Master's College and University I. UL Monroe will offer a wide range of baccalaureate programs and be committed to graduate education through the master's degree, offering graduate programs to meet regional/state needs. UL Monroe will enroll students in need of no more than one developmental education course, will limit associate degree offerings to 2+2 programs, will conduct research appropriate to academic programs offered and necessary for program accreditation, and will implement Selective III admissions criteria.

HISTORICAL SKETCH OF THE UNIVERSITY

The University of Louisiana at Monroe has followed a course of vigorous growth in its transition from a junior college to an institution offering a comprehensive range of undergraduate and graduate degree programs. In September 1931, the University opened for its first session as Ouachita Parish Junior College, which was operated as part of the Ouachita Parish School System. In 1934, Louisiana State University received authority from the State Legislature to operate the facilities of the University as Northeast Center of Louisiana State University. The name of the institution was changed to Northeast Junior College of Louisiana State University in 1939. The following year, the State Legislature authorized the transfer of all lands connected with Northeast Junior College to Louisiana State University.

The 1950 Legislature approved the expansion of Northeast Junior College to a senior college granting academic degrees. The name of the institution was

changed to Northeast Louisiana State College, and its control was transferred from the Louisiana State University Board of Supervisors to the State Board of Education. The School of Pharmacy was established in 1956.

The academic year 1969-70 was a milestone for ULM; in addition to awarding the first doctoral degrees, the name was changed to Northeast Louisiana University by the 1970 Legislature. The constitution, adopted by the people of Louisiana in 1974, provided that the administration of state colleges and universities be changed from the Louisiana State Board of Education to the Board of Trustees for State Colleges and Universities effective May, 1975. This Board's name was again changed on June 8, 1995 to the University of Louisiana Board of Trustees and in 1998 to the University of Louisiana System Board of Supervisors.

The Graduate School was established in 1961 to offer master's degrees. In the Fall of 1967 the Education Specialist degree was first offered and in 1983 the Specialist in School Psychology degree was added. The Doctor of Philosophy degree in Pharmacy was established by the Graduate School in December of 1967. In 1993 the Office of Research and Projects and the Graduate School were merged forming the Office of Graduate Studies and Research. This reorganization was implemented to more effectively support scholarly activities of faculty and students. In 1994, Northeast Louisiana University, in cooperation with Louisiana Tech University and Grambling State University, formed the Louisiana Education Consortium, a uniquely and timely effort to offer the Doctor of Education degree at each campus. In the Fall of 1996, the Doctor of Philosophy in Marriage and Family Therapy admitted the first class of students. On August 27, 1999, the University officially changed its name to The University of Louisiana at Monroe.

ULM has students enrolled from every parish in Louisiana, along with many from other states and foreign countries.

LOCATION

The University of Louisiana at Monroe's campus, one of the State's most attractive, is located in the eastern part of Monroe, a city whose metropolitan area population exceeds 100,000. Beautiful Bayou DeSiard flows through the 238-acre, tree-shaded site.

The city of Monroe is midway between Shreveport and Vicksburg, Mississippi. It is readily accessible from all sections of Louisiana and neighboring states. The University is on U.S. Highway 80, within four blocks of U.S. Highway 165 and two miles of Interstate 20. Monroe Regional Airport, three miles east of the University, is

served by American Eagle, ASA Airlines, Continental Express, and Northwest Air Link Airline. Monroe city bus lines serve the University area.

Monroe's Civic Center, Strauss Playhouse, Masur Museum, West Monroe's Convention Center, and local parks offer cultural and popular programs, including sports events of all kinds. The beautiful Ouachita River, Bayou DeSiard, and many nearby lakes offer opportunities for fishing, boating, skiing, swimming, and picnicking.

ACCREDITATION AND PROFESSIONAL AFFILIATION

The University of Louisiana at Monroe is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097; Telephone number 404-679-4501) to award associate, bachelor's, master's, and doctoral degrees. The University is a member in good standing of the National Association of Schools of Music. The College of Business Administration is accredited by AACSB-the International Association for Management Education at the bachelor's and master's levels. The Accounting program also has separate accreditation by AACSB International, the Association to Advance Collegiate Schools of Business. The teacher-preparation programs at the bachelor's, master's, and specialist degree level are accredited by the National Council for Accreditation of Teacher Education. The School Counseling, Community Counseling, and Substance Abuse Counseling Programs are accredited by the Council for Accreditation of Counseling and Related Educational Programs. The Marriage and Family Therapy Program is accredited by the Commission on Accreditation for Marriage and Family Therapy Education and the Council for Accreditation of Counseling and related Educational Programs. The School of Nursing is accredited by the Commission on Collegiate Nursing Education, One Dupont Circle, N.W., Suite 530, Washington, D.C., 20036-1120. The Family and Consumer Sciences Department is accredited by the Council for Accreditation of the American Association of Family and Consumer Sciences and is also approved as a Vocational Teacher Training department. The Department of Chemistry is accredited by the American Chemical Society. The graduate program in Communicative Disorders is accredited by The Council on Academic Accreditation of the American Speech-Language-Hearing Association. The Occupational Therapy curriculum is accredited by the Accreditation Council for Occupational Therapy Education. The Dental Hygiene curriculum is accredited by the Commission on Dental Education of the American Dental Association. The Computer Science program in the College of Business Administration is accredited by the Computer Accreditation Commission of the Computing Sciences Accrediting Board for Engineering and Technology (ABET). The Social Work curriculum is accredited by the Council on Social Work Education. The Department of Communications is

accredited by the Accrediting Council for Education in Journalism and Mass Communication. The School of Construction is accredited by the American Council for Construction Education. The Radiologic Technology curriculum is accredited by the Joint Review Committee on Education in Radiologic Technology. The Clinical Laboratory Science program is affiliated with hospitals which have schools of medical technology accredited by the National Accrediting Agency for Clinical Laboratory Sciences. The Doctor of Pharmacy program in the College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education. The College of Pharmacy is a member of the American Association of Colleges of Pharmacy, an organization whose mission is to promote pharmaceutical education and research.

The University also holds membership in the following professional but non-accrediting agencies: American Association of Colleges for Teacher Education, American Association of Colleges of Pharmacy, American Association of Colleges of Nursing, American Association of State Colleges and Universities, American Council on Education, The Conference of Southern Graduate Schools and the American Council for Construction Education, and the Council on Collegiate Education for Nursing. Additionally, it is an Academic Affiliate of the University Corporation for Atmospheric Research.

The American Association of University Women, of which the University is a corporate member, admits women graduates of The University of Louisiana at Monroe to national membership.

ROLE OF STUDENTS IN UNIVERSITY GOVERNANCE

The University of Louisiana at Monroe promotes student growth by developing and/or presenting programs and participatory experiences which reflect varied co-curricular, developmental, social and recreational experiences. Student involvement in institutional governance is encouraged and enabled as student representatives serve on university panels, boards, and committees. ULM encourages students to serve as active participants in the everyday decision-making processes that shape and guide the university by providing E-mail, Web site, and print information on a regular basis in addition to granting full and equal press access to student reports.

NON-DISCRIMINATION POLICY

The University of Louisiana at Monroe recognizes that members of the University community represent different groups according to sex, color, creed, national origin, and physical or mental disability. The University further recognizes that, in a pluralistic society such as ours, these differences must be recognized and respected by all who intend to be a part of the University community.

It is not the intent of the University to dictate feelings or to mandate how individuals should personally interact

with others. It is, however, the intent of the University that awareness of individual and group rights according to sex, race, color, creed, national origin, and physical or mental disability be regarded as important to the education of its students. Our ability to work in a pluralistic society demands no less.

It is with this in mind that the University does not permit any actions, including verbal or written statements, that discriminate against an individual or group on the basis of sex, race, color, creed, national origin, or physical or mental disability. Any action is a violation of the Student Code of Conduct. Complaints of discrimination should be made orally and in writing to the appropriate University Administrator.

DISTANCE EDUCATION

Students are encouraged to pursue available Distance Education course offerings at The University of Louisiana at Monroe. This teaching mode provides continuous learning opportunities and improvement in student performance. The basic goals of Distance Education are to expand existing teaching, research, and community service activities; to enhance the quality of credit and non-credit course offerings; to provide educational opportunities to meet the needs of the state; and to promote technological collaboration between institutions and faculties to optimize resources and services. Students may contact the Office of Continuing Education (318) 342-1030 to obtain more information regarding Distance Education opportunities.

UNIVERSITY LIBRARY

The purpose of the University Library, as adopted by the Library Faculty, is to support the teaching, research, and service programs of the University. This shall be accomplished through instruction, networking, and access using the appropriate technology, acquisition, organization and maintenance of necessary information resources. The University Library shall also provide the optimum learning environment for its diverse users.

Occupied in 1999, the library facility is state of the art in meeting the requirements of the Americans with Disabilities Act, electronic access to information, and service and space needs. The University Library has approximately 1,800 user seats, shelving to accommodate twenty years of growth and adequate staff work space. The Library includes a computer lab, compressed video research room, and a media presentation/studio room. The Library occupies 138,000 square feet and consists of five floors. A sixth floor for the University administration and a seventh conference floor are also included in the building.

The resources of the Library include 647,785 print volumes, including 200,742 state and federal documents and 617,675 volumes in microformat. The Library is a member of AMIGOS, which enables cataloging and bibliographic verification and interlibrary loan to be done via computer terminals connected on-line to the system

headquarters. NEON, the Library's electronic catalog, is part of LOUIS, the state wide academic library catalog network. Being part of LOUIS, the Library also has access to EBSCOhost, which provides access to over 10,000 full-text electronic journals. In addition, LOUIS provides access to other bibliographic and abstracting sources via the Web. We also provide access to more than 26,000 electronic books via netLibrary.

All are welcome to use the resources of the University Library. To borrow library materials, one must have a valid ID card, be a member of the Friends of the Library, be enrolled in a cooperative program offered by other institutions, or acquire an Alumni Honorary Card.

Housed on open shelves, the Library's resources are located on five floors. The first floor is the focal point for information services. Located there are reference materials and unbound journals. Also on this floor are the Reference Office, Interlibrary Loan, and Circulation. On the second floor are the general collection materials, Government Publications, and Media Services. The University Office of Assessment and Evaluation is also on the second floor. The third floor houses general collection materials, Computer Services which maintains a 60-station computer lab, and the Teaching & Learning Resources Center. The fourth floor houses general collection materials, Technical Services, the Library Administration office, and the Friends of the Library Bell Tower Book Room. Special Collections and the Monroe Garden Study League Book Room are located on the fifth floor along with the general collection.

During the academic year, the Library is open from 7:30 a.m. until 12:00 Midnight, Monday through Thursday; from 7:30 a.m. to 1:00 p.m. Friday; and from 2:00 p.m. to 12:00 Midnight on Sunday. The Library is closed on Saturday. Hours during holidays are announced as necessary.

The Library staff consists of twenty-seven faculty and staff.

Library materials are protected by an electronic theft detection system. Use of the Library implies consent to the use of this equipment and gives the Library the right to detain and search a user when the equipment indicates probable cause for belief that a misuse of library materials has occurred.

FACILITIES

ACADEMIC BUILDINGS

ADMINISTRATION—BUSINESS ADMINISTRATION BUILDING, constructed in 1969, houses the Office of Graduate Studies and Research, College of Arts and Sciences Dean's Office, and some administrative offices on the first floor, and the College of Business Administration on the second floor. The Department of English is housed on the third floor.

AIRWAY SCIENCE CENTER—This 54,000 square foot building houses the Aviation Program, Computer Science Program, and the Mathematics and Physics Program. The Aviation Program facilities consist of four multimedia classrooms, a multimedia auditorium, and

Aviation Computer Lab, and two rooms housing the department's three full motion flight simulators. The facility additionally houses administrative, faculty and related staff functions.

BAND BUILDING, constructed in 1973, houses the ULM Band, music faculty, and music rehearsal rooms.

BASEBALL STADIUM, built in 1982, contains 30,887 square feet and houses athletic coaches' offices, dressing rooms, training rooms and Technical Services.

BIEDENHARN HALL, the home of the School of Visual and Performing Arts and the Division of Music, was constructed in 1939, renovated in 1972 and again in 2003 with the addition of a new choral rehearsal hall, offices, student lounge, and a 280 seat recital hall. Facilities include practice rooms, classrooms, offices, ensemble rehearsal rooms and the music library.

BROWN HALL, the original building constructed in 1931 and completely renovated in 1972, houses the Department of Communicative Disorders, Foreign Languages, and History and Government. A gymnasium which is a part of Brown Hall was renovated in 1977. In 1969, the Auditorium was renovated and a little theatre added. In 1982, a major renovation and construction project added approximately 10,000 square feet of floor space, including a laboratory theatre, and the ULM Speech and Hearing Clinic.

BRY HALL, constructed in 1939, and completely renovated in 1967, houses the School of Visual and Performing Arts Division of Art.

CALDWELL HALL, constructed in 1949 and renovated in 1980, contains classrooms, laboratories and offices for the departments of Dental Hygiene and Occupational Therapy.

CHEMISTRY AND NATURAL SCIENCES BUILDING, constructed in 1985, houses the Departments of Agriculture, Aviation, Chemistry, laboratories for the Department of Biology, and the Soils-Plant Analysis Laboratory.

COLLEGE OF PHARMACY BUILDING, purchased in 2005, is located on 23 acres on Bienville Avenue and houses the College of Pharmacy. Renovations began in 2006, and it will be one of the most modern pharmacy complexes in the country. The entire space of the building is more than 130,000 square feet and includes administration areas, state of the art smart and distance education classrooms, areas for student activities, study areas, faculty offices, the Office of Outcomes and Economic Research, and instructional and research laboratories for the College of Pharmacy.

CONSTRUCTION BUILDING, constructed in 1981, houses the School of Construction.

FANT-EWING COLISEUM, constructed in 1971, houses the Department of Kinesiology and is used as a general assembly building. Home basketball games are played in the Coliseum.

FILHIOL HALL, constructed in 1957 and renovated in 2003, houses the Department of Family and Consumer Sciences.

GARRETT HALL, constructed in 1962, houses the Department of Biology.

HANNA HALL, constructed in 1966, houses classrooms and some faculty offices as well as the Department of Geosciences and the Natural History Museum.

NURSING BUILDING, constructed in 1981, includes administrative offices, areas for student activities, classrooms and instructional laboratories for the School of Nursing and for programs in Clinical Laboratory Science and Radiologic Technology.

STRAUSS HALL, constructed in 1973, houses the College of Education and Human Development, the Departments of Instructional Leadership and Counseling, Psychology, and Curriculum and Instruction.

STUBBS HALL, constructed in 1956, houses the Departments of Criminal Justice, Social Work, Gerontology and Sociology, Art Department studios, Department of Communication, Department of Communication radio and television studios, and film, audio, and journalism laboratories, along with offices and general classrooms.

SUGAR HALL, constructed in 1971 houses the College of Health Sciences. The facility includes administration areas, areas for student activities, study classrooms, and instructional laboratories for the College of Health Sciences.

UNIVERSITY LIBRARY AND CONFERENCE CENTER—Ground-breaking ceremonies were held April 25, 1996 for the new library construction project. The construction was completed in Spring 1999. The entire space of the new library is more than 200,000 square feet, with approximately 170,000 square feet comprising the library. University administrative offices are housed on the sixth floor and a conference center is located on the seventh floor.

AUXILIARY BUILDINGS

ACTIVITY CENTER. The Activity Center serves as one of the finest recreational/fitness facilities in the south. The \$5 million student-funded facility opened March 1, 1993. The 88,000 square foot complex houses the Recreational, Intramural, and Wellness programs. The facility includes: 5 multi-purpose courts (basketball, volleyball, and badminton), 6 glass wall racquetball/wallyball courts, a 2300 square foot group exercise room; a 4200 square foot weight room with machines and free weights; a cardiovascular/fitness area with stationary bikes, stairmasters, elliptical trainers, rowing machines, treadmills and stretching area; an elevated cushioned jogging track (6.5 laps/mile) with pace clocks; men's and women's locker rooms each equipped with sauna and steam room; a lounge area with big screen TV and refreshment center; a service center for equipment check-out, towel rental, and locker rental.

AGRICULTURAL MECHANIZATION SHOP, an agricultural laboratory facility, is located on the ULM Johnson Farm about four miles east of the main campus on U.S. Highway 80. Laboratories in animal science and agronomy are held in this facility. This building is also utilized for special events such as judging contests and Block and Bridle Club activities.

ANNA GRAY NOE ALUMNI CENTER is located on the east bank of Bayou DeSiard. It was the first building on the campus to be built with private gifts. The center houses all alumni operations including offices, meeting rooms, and a social room. The building was occupied in July, 1974.

BROWN STADIUM, constructed in 1967, contains athletic coaches offices, military science facilities, and Graphic Services.

LAYTON RIDING ARENA, the equestrian science facility, is located about three miles east of the main campus on U.S. Highway 80. The arena is utilized by classes as well as by members of the Block and Bridle Club for practice and is available for special events such as horse shows, judging contests, playdays, and the Annual ULM Rodeo.

JIM SHIPP MEMORIAL PAVILION, the therapeutic equestrian science facility, is located on the ULM Layton Farm about three miles east of the main campus on U.S. Highway 80. The covered arena allows equine science classes to be held in all weather situations. The equine stables house the horses and tack for the riding classes.

The STUDENT UNION BUILDING was constructed in 1938 and renovated with a large addition in 1962. The SUB (as it is sometimes called) is considered the gathering place for students, faculty and staff members, alumni, and friends of the University. The SUB is currently undergoing major renovations that will include a ballroom, meeting rooms, SGA offices, CAB offices, computer lab, social areas and the University Food court. Completion is expected for the Spring 2007 semester. Temporary SUB offices are located in the "old bookstore" that is adjacent to Indian Bank.

THE UNIVERSITY BOOKSTORE is your one-stop resource for textbooks, stationery, and most everything the student needs for success in the classroom such as backpacks, notebooks, pens, and binders. The store also offers a large variety of apparel adorned with the school logo, including hats, caps, t-shirts, shorts, and sweats in sizes from infants to XXL. Online ordering is also available at the store's website, www.ulmbookstore.com.

THE INDIAN BANK, constructed in 1981 with an addition in 1993 as an annex to the Student Union, contains fee payment and a check cashing facility.

THE UNIVERSITY POST OFFICE provides facilities for the purchase of stamps, envelopes, postal cards, and other postal services. A post office box is furnished to each resident student for incoming mail and official ULM correspondence. Each student living on campus is required to register for a box as part of the University registration procedure. Off-campus students and The University of Louisiana at Monroe affiliated organizations may rent a post office box (subject to availability) at a rate of \$6.00 per semester (fees subject to change) payable in advance. Organizations are required to pay annually, effective each January 1.

UNIVERSITY POLICE is located at the corner of McGuire Street and Claiborne Street. Police and information services are provided 24 hours every day of the year. Parking management and vehicle registration

are both a function of University Police and both located in the police building.

OXFORD NATATORIUM, completed in 1979, houses a heated 50-meter, 10-lane main swimming pool with a separate diving well. It is located on the corner of Bon Aire and Stadium Drive. It features everything from fitness equipment for swimming, diving, and water fitness classes to the more relaxed atmosphere with tables and lounge chairs. With its sundeck overlooking the east bank of Bayou DeSiard, the Natatorium offers another dimension for the educational as well as social environment of the student.

MALONE STADIUM, one of the most modern football complexes in the nation, seats 30,427 people. The seating is located on two levels and provides an excellent view from any seat in the stadium. Malone Stadium also features a double level press box which seats over 200 people. Additional seating for booster groups is located beneath the press box facility. The field is natural turf and features a modern sprinkler system and an excellent drainage system. Two scoreboards with electronic message boards are located at both ends of the field. Concession and rest room areas are located on the second, third, and press box levels. Permanent concession and rest room facilities are also available on the east stands.

Malone Stadium contains an athletic field house which houses all athletic offices and provides facilities for football training and other services. It features the Director of Athletics' office, all football coaches' offices, the Sports Information offices, training rooms, dressing rooms, equipment rooms, weight rooms and an indoor work-out area.

HEARD STADIUM, the tennis facility, was constructed in 1976 and has a seating capacity of 515. It contains dressing rooms and offices for women's tennis.

RESIDENTIAL BUILDINGS

ULM has a total of six residence halls and "the Village" apartment complex.

"Bayou Village" Apartments are 4 bedroom / 2 baths; 2 bedroom / 2 baths; and 1 bedroom / 1 bath units. These apartments are for students who have completed at least 24 semester hours of college credit work with a 2.3 cumulative grade point average (GPA). All units are fully furnished and pricing includes utilities, phone, high speed internet, cable TV with HBO and washer and dryer in each unit. For more detailed information contact the Office of Residential Life at 318-342-5240.

"Bayou Village" Suites/Bayou Commons: There are 2 bedroom / 1 bath suites and 1 bedroom / 1 bath shared suites. The building is co-ed, but the individual rooms are single sex. They are inside corridor buildings. Each room has high-speed Internet access, extended cable with HBO, local phone service, ceiling fans in each bedroom, and the suite has individually controlled heat and A/C. There is a laundry facility on each floor and the building has controlled access.

Madison (male) and Ouachita (female) are newly renovated halls with suite style rooms and connecting baths.

Masur Hall is an outside corridor Co-Ed hall with suite style rooms and connecting baths.

SPECIAL FACILITIES AND PROGRAMS

AGRICULTURAL FARM LABORATORIES. The 500 acre Morris and Ella Johnson Farm laboratory, located about four miles from the campus, began operation during 1986. Row crops include corn, wheat, soybeans, grain, sorghum, and cotton. Field crop research includes variety and pesticide trials including economic and agronomic evaluations of results. The farm houses a herd of purebred Angus cattle and a herd of commercial crossbred cattle, and a small goat herd. These animals are used for teaching and research purposes.

The Layton Farm is an equine facility utilized for classes, demonstrations, judging contests, seminars and research. Housed at the equine operation are horses of various breeds which are used for breeding, riding and research purposes. Included at the farm is the Jim Shipp Memorial Pavilion, a riding center established for the ULM Therapeutic Riding Program and the equitation courses. The pavilion is also made available for use by the ULM Block and Bridle Club.

STUDENT SUCCESS CENTER

MISSION STATEMENT

In accord with the mission of The University of Louisiana at Monroe, the Student Success Center strives to increase the quality of education and services offered to our students. The SSC encourages and assists students in the exploration of their interests, the pursuit of their goals, and the development of their intellectual knowledge and skills as they strive to reach their full potential. The goals of the SSC are achieved through the delivery of:

- Professional Academic Advising
- Freshman Year Seminar
- Comprehensive Academic Enhancement Programs
- Technological Support
- Effective Referral System

PURPOSE

The Student Success Center office, located in the University Library 202, is staffed by academic advisors who work with undeclared students, pre-pharmacy majors, and other identified students to provide individualized academic advising and career planning. Undeclared students are required to schedule and attend two sessions with their advisor each semester.

The Student Success Center also administers the Supplemental Instruction programs for Biology, Chemistry, and Math. Academic enhancement workshops, mentoring, Probation Assessment and Student Success (PASS), and Emerging Scholars are also part of the Center's programs.

The SSC also offers services to all ULM students. These services include tutoring in Biology, Chemistry, Economics, and Math, the ADAM biology program, practice exams for the Praxis and Graduate School exams, DISCOVER Career Exploration, "What Can I do With a Major in...," Mavis-Beacon typing practice, Internet access and word processing computer terminals.

The SSC develops, implements, and manages the Freshman Year Seminar (FRYS 101), a one credit hour, university required course for first semester students. College specific as well as special sections for adult learners are offered.

The SSC also partners with the ULM English Department to support tutoring and the English Writing Center located in the Administration Building, Room 3-53. The SSC provides tutoring in Accounting in the Accounting Department in the Administration building.

COMPUTING CENTER. The ULM Computing Center provides a wide variety of computing and network services for faculty, students, and administration. Centralized computing resources include an IBM mainframe and combination of Dell and Sun servers. The campus network is extended to 61 buildings of which 31 are connected via fiber. This network extends IP based Internet and Internet 2 service to departmental networks as well as stand alone personal computers. Services include: network support (wired and wireless), training and orientation, configuration design and hardware specifications, site license software distribution, test grading, assistance with instructional media, and web and database development. For further information, see the ULM Web page at HYPERLINK "<http://www.ulm.edu>".

CENTER FOR BUSINESS AND ECONOMIC RESEARCH. The Center for Business and Economic Research functions to stimulate research activities of the faculty and to serve the business and industrial populace of northeast Louisiana in solving business and economic problems of the area. The Center gathers, analyzes, interprets and disseminates statistical information resulting from investigations of potential economic significance to the Northeast area.

LOUISIANA INSTITUTE OF TOXICOLOGY. The Louisiana Institute of Toxicology conducts interdisciplinary research on fundamental issues involving toxic chemicals, environmental pollution, and public health. The Institute provides a focus for scholarly activities directed towards the development of new technologies and procedures for toxic substance control and management and serves as a resource for consultation in service to the State of Louisiana in toxicological and environmental matters which may effect public health.

LOUISIANA DRUG AND POISON INFORMATION CENTER. The Louisiana Drug and Poison Information Center was established at The University of Louisiana at Monroe by an act of the Louisiana Legislature in 1991. The center is currently a collaborative project between the ULM College of Pharmacy and the LSU Health Sciences Center in Shreveport. This 24-hours-per-day state-wide Center is Louisiana's only publicly supported Poison Information Center and provides a vital emergency

resource in the acute management of poisoning and other toxic exposures throughout the State.

CHILD DEVELOPMENT LABORATORY. The Family and Consumer Sciences Child Development Laboratory is an on-site child care facility for three- and four-year old children of ULM faculty and staff members. It is designed with a two-fold purpose: (1) to provide laboratory facilities for university students enrolled in child development courses in Family and Consumer Sciences and other areas, and (2) to provide an environment away from home where wholesome development of the young child is promoted.

Facilities and equipment are provided for children to participate in experiences in art, music, literature, science, social studies, dramatic play, and for outdoor play and large muscle development. Office space is provided for parent-teacher and student conferences and for student assisting and observing in the Child Development Lab.

THE ARMY RESERVE OFFICERS TRAINING CORPS (ROTC). The Department of Military Science emphasizes developing leadership and management skills required in both military and civilian employment. Classes include training in confidence building exercises such as rappelling, water survival training and land navigation, as well as dynamic classes in military history, military skills, tactics and organizational skills. Training is divided into a two-year Basic Course and a two-year Advanced Course.

The Basic Course is open to any ULM student. It is usually taken during the student's freshman and sophomore year. Courses can be taken in any order—none have prerequisites—and the 100 and 200 courses can be taken simultaneously. The Basic Course has “NO” military obligation. One hundred level students meet for one hour of classroom instruction each week, along with one hour of leadership lab each week. Two hundred level students meet for two hours of classroom instruction each week, along with two hours of leadership lab each week. Credit for all or part of the Basic Course may be granted to students who have attended Basic Training. The Basic Course can be substituted by attending the ROTC Leadership Training Course (LTC), a 34-day paid leadership camp at Fort Knox, Kentucky. Students who attend may qualify for a two-year scholarship.

Admission to the Advanced Course is on a competitive basis, open to full-time undergraduate and graduate students who have completed the ROTC Basic Course, ROTC Basic Camp, or any military basic training, and who are in good academic standing (minimum cumulative GPA of 2.0) with the University. Students must demonstrate leadership potential, pass an aptitude test and a medical exam. Upon contracting into the Advanced Course, cadets receive a tax-free subsistence allowance of \$350-\$500 per month (up to \$2,500 each year), in addition to earning other financial assistance through numerous programs. Cadets attend three hours of classroom instruction and two hours of practical application training each week, as well as participate in a physical fitness program. Students also participate in at least one weekend field training exercise each semester.

After completing the first year of the Advanced Course, students attend a five-week Advanced Camp at Fort Lewis, Washington. Training includes participating in practical leadership and management exercises, weapons qualification, and execution of infantry tactics. Students are paid approximately \$1200 for the training, plus full travel allowance, as well as room and board. Additional training such as Airborne, Air Assault, Mountain Warfare School, or Northern Warfare School are also available. Cadets must also fulfill the professional development program required for lieutenants prior to commissioning.

After completing all program requirements, cadets are commissioned into either the U.S. Army, Army Reserve, or National Guard to fulfill a service obligation. This assignment and branch of utilization will depend upon the desires of the individual, the student's performance and qualifications, as well as the needs of the Army.

Numerous financial and educational programs are available through the Military Science Department. Army ROTC Scholarships are awarded to students in good academic standing who have displayed leadership in campus activities. These scholarships pay tuition, books and fees, and also provide \$350-\$500 per month subsistence.

A number of extracurricular activities are offered. Students may participate in the Ranger Challenge Military Skills Team, or the Ranger Company. The ULM Military Science Department sponsors a Ranger Challenge Team that competes with 21 universities in Mississippi, Alabama and Louisiana. The Ranger Challenge Team competes in eight military events: The Army Physical Fitness Test, One-Rope Bridge, Grenade Throw, M16 Rifle Marksmanship, Weapons Assembly, 10K Road March, Land Navigation, and Patrolling.

A minor in Military Science is offered and may be selected by students with the approval of their academic dean and the Professor of Military Science. A minimum of nineteen credit hours must be earned in Military Science for it to be considered an academic minor.

As an integral part of their undergraduate education, in addition to other requirements, prospective officers are required to complete successfully at least one course in Military History prior to commissioning.

HONORS PROGRAM

The University Honors Program provides a unique learning opportunity for students with exceptional academic abilities. Non-traditional classes, special sections of traditional classes, and opportunities for increased interaction with faculty members and other students of similar abilities provide an individualized atmosphere for learning that is both stimulating and personal. Students who are accepted into the Honors Program will receive a well-rounded education in combination with their major.

The program is open to students in all majors. In addition to a core of Honors courses in English (9 hrs.),

history (9 hrs.), mathematics (2 hrs.), fine arts (3 hrs.), and speech (3 hrs.), students will complete six hours of math at or above 111, eleven (11) hours of natural science courses (required lecture and laboratory courses for science majors), six (6) hours of foreign languages above the beginning level, six (6) hours of social sciences at the 300 or 400 level, four (4) hours of Honors Colloquium and six (6) hours of Honors Seminars. During their junior and senior years, they will work closely with a

specialist in their major who will help them to choose and then supervise a special Honors Project. Successful completion of all requirements and a cumulative grade point of at least 3.3 will qualify the student for graduation as a University Honors Student and bring with it the University Certificate of Honors Program Completion.

The program is administered by the University Honors Council which includes the President of the Student Honors Board.

UNDERGRADUATE DEGREES AND CERTIFICATES*

Associate of Arts (A.A.)
 Associate of General Studies (A.G.S.)
 Associate of Science (A.S.)
 Bachelor of Arts (B.A.)

PREMEDICINE, PREDENTISTRY AND PREOPTOMETRY

DR. DAVIS PRITCHETT,
Premedical Student Advisor
Garrett Hall 120

Department of Biology
The University of Louisiana at Monroe
Monroe, LA 71209
Phone: (318) 342-1813
email: pritchett@ulm.edu

CHOICE OF MAJOR

Most medical and dental schools have recognized the importance of a broad education with a strong foundation in the natural sciences, well-developed communication skills and a good background in the social sciences and humanities. Any academic major is appropriate provided it is flexible enough to include basic premedical requirements. Recent admissions data published by the Association of American Medical Colleges indicated that about 47% of all applicants majored in biological sciences, 19% in physical sciences and 34% in liberal arts and other areas. The University of Louisiana at Monroe offers a diversity of suitable and interesting undergraduate programs, and excellent pre-professional advising and preparation for students wishing to enter the medical and dental professional schools.

REQUIRED COURSES FOR PREMEDICAL STUDENTS

The minimal course requirements for admission to most medical schools are given below. These courses also prepare a student for the Medical College Admission Test (MCAT). All courses listed must be taken for a grade.

Biology:

(one year with laboratory experience)

Biology 120, 121 (Principles of Biology lecture and lab)

Biology 214, 215 (Introductory Microbiology lecture and lab)

Other courses such as Comparative Anatomy lecture and lab (Biology 316), Human Physiology lecture and lab (Biology 311, 312, 313), Genetics lecture and lab (Biology 305, 306) and Embryology lecture and lab (Biology 424) are recommended.

Chemistry:

(two years in chemistry major course sequence: one year inorganic chemistry, one year organic chemistry)

Chemistry 107, 109, 108, 110 (General Chemistry lecture and lab)

Chemistry 230, 231, 232, 233 (Organic Chemistry lecture and lab)

Biochemistry (Chemistry 350, 351, 352) is strongly recommended.

Physics:

(one year covering mechanics, electricity, magnetism, heat, light and sound)
Physics 203, 204 (General Physics)

English:

(one year of composition)

English 101, 102 (Composition)

Advanced Composition (English 326) is highly recommended.

OTHER COURSE INFORMATION

CLEP credits, Advanced Placement (AP) credit and correspondence courses will not substitute for required premedical courses. Students with AP credit must take courses beyond introductory courses waived by AP credit. All courses taken (including repeated courses) are counted towards the GPA on medical college applications. See the premedical advisor before repeating a class. Additional information on individual medical college requirements is available in the book, Medical School Admissions Requirements, published by the AAMC. The MCAT Student Manual provides information on the MCAT. It is a good idea to visit the admissions page on the web-site of the professional school of your choice, at your earliest opportunity.

EXTRACURRICULAR ACTIVITIES

Activities outside of the classroom can enhance an applicant's chances for admission. Involvement in extracurricular activities may showcase an individual's leadership skills, organization skills and communication abilities. Community service and experience with some aspect of the medical profession are also desirable. The University of Louisiana at Monroe has a chapter of the premed honor society, Alpha Epsilon Delta (AED), which meets regularly and offers additional opportunities for involvement and insight into the medical profession.

ADVISING

The faculty at The University of Louisiana at Monroe have a strong commitment to student advising. This is particularly critical for students working towards admission to professional programs because of specific requirements that may differ from school to school or change over time. Students are advised each semester before registering to ensure that class schedules are appropriate to their graduation goals. Advisors can also inform premedical students of news and events of interest and can assist them with the medical school application process.

OTHER HEALTH PROFESSIONS

Students interested in attending other related health care fields such as dental school, optometry school, physical therapy school, podiatry school and physician

assistant programs are advised as well. Students should consult with the premedical advisor for specific guidance for these programs.

RECRUITMENT AND ADMISSIONS

RECRUITMENT/ADMISSIONS

The Office of Recruitment is committed to assisting prospective students in the decision-making process of choosing the right university for their higher education studies. Our Enrollment Counselors encourage prospective students to attend ULM by providing information about the academic advantages and opportunities our university offers. Our counselors promote campus tours, inform students of the available school services, provide informational brochures and application packets, conduct college information/career day programs, coordinate and sponsor special recruiting events. They also assist high school counselors, community colleges and businesses in their effort to encourage prospective students to attend ULM. The Office of Recruitment is also responsible for Student Orientation. Orientation serves as an opportunity to become familiar with all aspects of the University. New freshmen who have been accepted for the fall semester are required to attend one of the five scheduled sessions during the summer. Students will meet with advisors, schedule their fall classes, meet new friends, and become knowledgeable about our campus. Orientation sessions are also offered to parents which will help their son or daughter make the transition from high school much easier. Students and parents will receive information by mail to pre-register for the summer orientation program.

The Office of Admissions is responsible for the processing of all applications for admission without regard to race, creed, color, religion, sex, national origin, age, physical or mental handicap, marital status, or veteran's status. The Admissions Office accepts and certifies the validity of transcripts and ACT/SAT test scores for high school and college transfer students.

The Admissions Office serves as the point of contact for students who need assistance with establishing Louisiana residency for tuition purposes in accordance with State Board regulations and establishes eligibility for and processes the out-of-state fee waiver.

All students are encouraged to apply for admission. ULM offers students who do not meet eligibility requirements the right to appeal for admission to the University. The Appeals Committee's decision will be affected by the student's potential for success and the need to enhance the University's demographically diverse student population, as well as age, ethnic background, experience, and talent.

The Office of Recruitment/Admissions is located in Sandel. For more information concerning admission to ULM, please call (318) 342-5430 or toll free

(800) 372-5127 or e-mail admit@ulm.edu. To schedule a campus tour or to receive additional information about our university, please call (318) 342-3806 or toll free (800) 372-5127 or e-mail trackers@ulm.edu.

ADMISSION TO THE UNIVERSITY

GENERAL ADMISSION POLICY

For admission as a regular undergraduate student, an applicant must be a graduate of an accredited high school. A graduate of a non-accredited high school, however, may apply for admission, acceptance of which will be determined by the Recruitment/Admissions Office. Students who have received a high school equivalency diploma from a high school on the basis of completing the General Education Development (GED) tests may apply for admission to the freshman class. Students' registration at the University may be canceled at any point during the semester if they are determined not to have a high school diploma or GED.

Every degree-seeking beginning freshman and every undergraduate transfer student (full-time or part-time) who has earned fewer than 12 semester hours (exception: adult learners) must complete the American College Test (ACT) or Scholastic Aptitude Test (SAT) and have official scores sent to ULM directly from ACT or SAT. Since certain courses (English/mathematics) have ACT/SAT prerequisites, all students are required to have official ACT or SAT scores sent prior to their enrollment.

All applicants entering through any type of application for admission or readmission must submit the non-refundable application fee. Only general admission is offered to applicants by the Admissions Office. For admission requirements to degree and professional programs, see the appropriate sections of the catalog by college.

The University reserves the right to deny admission in instances which would be detrimental to the student or which would interfere with the capacity of other students to benefit from the educational experience.

Please refer to the Admissions Enrollment Eligibility Policy section for additional information.

ADMISSION BY UNDERGRADUATE APPLICATION

BEGINNING FRESHMEN (under age 25):

1. Complete and submit an undergraduate application for admission with the appropriate application fee. NOTE: Students may visit the ULM website at www.ulm.edu and connect to the Prospective Students link to complete and submit an application electronically.
2. The Admissions Office will request high school transcripts electronically for all in-state students.

Home-schooled and out-of-state students must provide a copy of their current high school transcripts. After graduation, home-schooled and out-of-state students must also provide an official high school transcript which specifically notes the final grades and graduation date, be mailed to The University of Louisiana at Monroe, Recruitment/Admissions Office, Monroe, LA 71209-1160.

3. Students who have a GED (high school equivalency diploma) should submit the official GED examination results.
4. Complete the American College Testing (ACT) or Scholastic Aptitude Test (SAT) Program tests and request that the scores be mailed directly to The University of Louisiana at Monroe (University Code 015980). The ACT/SAT scores must be received prior to a student's enrollment. ACT tests are given at designated centers throughout the United States on five established dates during the year—October, December, February, April, and June. In certain foreign countries, the tests are given at designated centers in October, December, February, and March. Registration for the tests must be made to the ACT Registration Department, P.O. Box 414, Iowa City, Iowa 52240 approximately one month in advance of the desired test date. Registration information can be obtained at the ACT website "www.ACT.org" or by calling (319)337-1270. Detailed information and application forms may also be obtained from high school principals or counselors, or from the ULM Office of Recruitment/Admissions (318)342-5430. The SAT is administered six times annually. Additional information is available at www.collegeboard.com.

|------|---|
| 1 | Chemistry |
| 1 | Earth Science, Environmental Science, Physical Science, Biology II, Chemistry II, Physics, Physics II, or Physics Technology (one unit) |
| 1 | American History |
| 1 | World History, Western Civilization, or World Geography |
| 1/2 | Free Enterprise |
| 1/2 | Civics |
| 1 | Fine Arts Survey (or substitute two units of performance courses in music, dance and/or theatre, or substitute two units of visual art, or substitute one unit of an elective from among the other subjects listed in this core curriculum) |
| 2 | Foreign Language (two units in the same language) |
| 1/2 | Computer Science, Computer Literacy, or Business Computer Applications (or substitute at least one-half unit of an elective course related to computers approved by the State Board of Elementary and Secondary Education or one-half unit as an elective from among the other subject as listed in this core curriculum) |
| 16.5 | TOTAL CORE CURRICULUM UNITS |

All students are encouraged to apply for admission. Students not meeting the above criteria will be considered for admission based on an individualized evaluation of their likelihood of success at ULM.

BEGINNING FRESHMEN ADULT LEARNER (25 OR OLDER)

Student must be a high school graduate or have a GED (General Educational Development equivalency diploma). To apply for admission, submit the credentials listed below to The University of Louisiana at Monroe, Office of Recruitment/Admissions, Monroe, LA 71209-1160.

1. Complete and submit an undergraduate application for admission with the appropriate application fee. NOTE: Students may visit the ULM website at www.ulm.edu and connect to the Admissions link to complete and submit an application electronically.
2. Submit an official copy of the high school transcript which includes graduation date or official GED results.
3. If American College Test (ACT) or Scholastic Aptitude Test (SAT) was taken, submit official scores to The University of Louisiana at Monroe (University Code 015980). These scores will be used to determine developmental course requirements or students have the option to take test-out examinations.

Selective Admissions Criteria for Fall 2006 Beginning Freshmen (under age 25):

Fall 2006 Minimum Admission Requirements

- Louisiana residents must complete the Regents Core (see below)
- AND
- Present a minimum score of 18 in English or Math on the ACT (SAT=440 verbal or 440 Math)
- AND
- High School Cumulative GPA of 2.0 or
- ACT Composite Score of 20 or
- High School graduation rank of 50%

REGENTS CORE UNITS COURSE

- | | |
|---|---|
| 4 | English I, English II, English III, English IV |
| 1 | Algebra I (one unit) or Applied Algebra 1A and 1B (two units) |
| 1 | Algebra II |
| 1 | Geometry, Trigonometry, Calculus, or an approved advanced math substitute |
| 1 | Biology |

The requirements listed above are for general admission only. Admission to specific/professional degree programs will be determined by the particular academic department.

TRANSFER STUDENTS (under age 25)

1. Complete the application for admission and submit with application fee. NOTE: Students may visit the ULM website at www.ulm.edu and connect to the Prospective Students link to complete and submit an application electronically.
2. Request the Registrar of each college or university previously attended to forward to the Recruitment/Admissions Office a complete and official transcript of work. An official transcript is defined as one mailed directly from one institution to another. It bears the institution's seal, the signature of the registrar, and the date of issuance.
3. Submit scores of the American College Testing (ACT) Program or Scholastic Aptitude Testing (SAT) tests if the applicant has earned fewer than 12 semester hours from a regionally- accredited institution. ULM reserves the right to require ACT scores on transfer students, if grades earned do not reflect satisfactory college level performance.

Selective Admissions Criteria for Transfer Students (under age 25):

Students who have earned a minimum overall grade-point average of 2.00 from a regionally accredited institution will be considered for admission (A) if they have completed at least 12 semester hours of college-level credit with no more than one remedial course requirement, or (B) if they have completed fewer than 12 semester hours of college level credit but meet ULM freshman admission requirements.

The requirements listed above are for general admission only. Admission to specific/professional degree programs will be determined at the college level.

All students are encouraged to apply for admission. Students not meeting the above criteria will be considered for admission based on an individualized evaluation of their likelihood of success at ULM.

Applicants with previous college or university work from regionally accredited institutions may apply for admission if eligible to return to the college or university from which they are transferring. The Recruitment/Admissions Office will make an acceptance evaluation upon receipt of the application and official transcripts from each college and university previously attended. Transcripts of students who enroll are retained by the University for its official files.

Students will be admitted on probation according to current probation policy.

Transfer students will be placed on Provisional Academic Probation until all official transcripts have been received and their academic status has been determined. Those students placed on Provisional Academic

Probation will be suspended from the University should they fail to earn at least a C average (2.0) on all hours pursued.

Students on Provisional Academic Probation will not be allowed to enroll at ULM for subsequent enrollment periods, nor will an official ULM transcript be released, until all official transcripts or other required missing credentials have been received.

Students from any other institution of higher learning will not be permitted to enroll while under suspension unless appeals criteria are met. Previous academic suspensions will be counted.

Transfer students under academic suspension for indefinite periods of time (length not specified) will not be considered for admission until such intervals of time would have elapsed had the suspension been incurred at The University of Louisiana at Monroe.

Evaluations concerning probation, suspension, grades, grade point average, and hours pursued and earned are based on prevailing ULM standards, regardless of previous determinations at other institutions the student has attended.

Please refer to the Admissions Enrollment Eligibility Policy section for additional information.

TRANSFER ADULT LEARNER (25 OR OLDER)

Student must be eligible to return to the last accredited collegiate institution attended. To apply for admission, submit the credentials listed below to The University of Louisiana at Monroe, Office of Recruitment/Admissions, Monroe, LA 71209-1160.

1. Complete and submit an undergraduate application for admission with the appropriate application fee. NOTE: Students may visit the ULM website at www.ulm.edu and connect to the Prospective Students link to complete and submit an application electronically.
2. Request the Registrar of each college or university previously attended to forward an official transcript. An official transcript is defined as one mailed directly for one institution to another. It bears the institution's seal, the signature of the registrar, and the date of issuance.
3. If American College Test (ACT) or Scholastic Aptitude Test (SAT) was taken, submit official scores to The University of Louisiana at Monroe (University Code 015980). If freshmen level English and math courses have not been passed at a previous institution, these scores will be used to determine developmental course requirements, or students have the option to take test-out examinations.

The requirements listed above are for general admission only. Admission to specific/professional degree programs will be determined at the college level.

TRANSFER CREDITS

General acceptance of credits and degrees earned is determined by the Recruitment/Admissions Office. No credit will be granted or recognized for work done by a student while under suspension from any educational institution unless the student meets ULM admissions and appeals requirements for that enrollment period. Courses taken at other regionally-accredited collegiate institutions will be accepted toward the degree, if they apply toward the curriculum the student selects at ULM and if grades are satisfactory. The dean of the college in which the applicant plans to major will make the final decision concerning transfer credit applicable to the student's chosen curriculum. Most courses which do not correspond to courses offered at ULM will transfer as elective credits.

Even though some courses may not transfer toward the degree, all hours pursued are used in determining the cumulative average.

Freshman English courses taken from colleges and universities where English is not the native language will not transfer to satisfy ULM's requirements of English 101-102. A student with such credit must take ULM's English 101-102 or pass the appropriate CLEP tests for credit in freshman English. This policy includes international, resident alien, and U.S. and naturalized citizen students.

Transfer Credit Practices of Designated Educational Institutions, by the American Association of Collegiate Registrars and Admissions Officers, is used as a basis for determining the accreditation status of other institutions. The policies and publications used to determine the acceptance of credit earned through nontraditional means and the acceptance or nonacceptance of credits granted by another institution through nontraditional means (military credit, credit by examinations, etc.) are on file in the Registrar's Office.

INTERNATIONAL STUDENT PROGRAMS AND SERVICES

The International Student Programs and Services welcomes international students and helps them achieve a successful and positive experience at ULM. The social and cultural enrichment these students bring to our campus is immeasurable. International students who have questions regarding admission, maintaining student status, F-1 and J-1 visas (J-1 contact is the registrar), arrival information, etc., may contact the International Student Programs and Services, Hanna Hall, Room 207, (318) 342-5225, fax (318) 342-1915, or e-mail: International@ulm.edu.

The International Student Programs and Services provides information and assistance regarding University regulations, immigration, and other matters. All international students are required to visit and maintain the contact with the International Student Advisor as soon as they arrive on campus.

Undergraduate international students must submit the following application materials before eligibility for admission can be determined:

1. Application for admission with the application fee (NOTE: Students may visit the ULM website at www.ulm.edu and connect to the Prospective Students link to complete and submit an application electronically.)
2. Statement of Financial Backing
3. Proof of Immunization form
4. ACT or SAT scores (if available)
5. Official TOEFL (Test of English as a Foreign Language) score of no less than 61 (internet-based), 500 (paper-based), or 173 (computer-based).
6. Submit official transcripts of all college/university work or documents showing completion of secondary education if college work has not been attempted (a 2.2 GPA [as determined by the Recruitment/Admissions Office, using a 4.0 scale; foreign student athletes must meet NCAA requirements] for all undergraduate and transfer students). Academic credentials must be evaluated by a professional evaluation service. Additional information is available at www.ulm.edu.

International students whose native language is not English and score less than 600 on the TOEFL will take an English proficiency test upon arrival on campus. Enrollment in English as a Second Language (ESL) courses is required if an English language deficiency is determined. International students may apply for exemption from the ULM English proficiency test if the students have attended four academic years and graduated from a U.S. regionally-accredited college or university, or have submitted an official minimum TOEFL score of 600, or have submitted a satisfactory passing score in English Language on the University of Cambridge/London G.C.E. examination. International students who earn the minimum score on the English proficiency test, who complete the ULM English as a Second Language course series, or who meet one of the prescribed exemption requirements are not required to enroll in developmental courses (except for mathematics). ULM reserves the right to test those students whose first language is not English for English language proficiency, in spite of any credentials which may be submitted. International students may not circumvent the ESL requirement by taking freshman English at another institution while concurrently enrolling at ULM. If there are deficiencies, the student must complete ESL 103 satisfactorily before accumulating more than 24 hours of credit.

All above materials must be submitted before the following deadlines: When applying for fall semester, March 1; for spring semester, August 1; for summer sessions, January 1. Graduate students should apply well in advance since admission to graduate programs is a lengthy process, and some programs have earlier application deadlines.

Group hospitalization insurance is mandatory for all international students. Enrollment in the student group hospitalization insurance program is mandatory at time of

registration unless proof of comparable coverage by a private or government sponsored agency is provided. Proof of comparable coverage will be determined by the Office of Student Services.

EVENING COLLEGE PROGRAM

The Evening and Online College Program provides the convenience of earning either an associate's, bachelor's, or master's degree by enrolling in evening and online classes only. It is designed to provide the student the opportunity to earn a degree by taking sequenced courses scheduled within a time frame for the completion of a degree.

Degree offerings in the Evening and Online College Program include: Associate degree in General Studies; Bachelor degree in General Studies; Bachelor of Business Administration degrees in Accounting, Computer Information Systems, General Business, and Risk Management and Insurance; Master of Business Administration degree in Business Administration; and Master of Arts degrees in Criminal Justice and Gerontology.

Individuals planning to pursue a degree through evening and online offerings should enroll and seek advisement through the college that offers the degree they plan to pursue.

The schedule for evening and online class offerings can be found at www.ce.ulm.edu.

VISITING STUDENTS

Visiting students are those currently enrolled at another institution who wish to attend one semester or summer term at ULM and transfer the credit back to their home institution. They may be admitted by filing a visiting student application and a letter of good standing from the Registrar of their home institution. Students who decide to transfer to ULM after one contiguous term as a visiting student will be required to submit a regular undergraduate application. Visiting students are not eligible to receive any federal financial aid.

READMISSION

Returning students who have missed six consecutive terms (attending or applying for one or both summer sessions is considered participation in a term) or longer are required to submit a new application and application fee for readmission before the student will be eligible to re-enroll. All students must be advised before they are permitted to enroll in their classes. If a student has attended other institutions in the interim, it is the student's responsibility to request official academic transcripts be mailed from those institutions to the Recruitment/Admissions Office. If a student attends ULM during a period of suspension from another institution and does not meet the appeal criteria, all credits earned under the suspension will be voided.

COLLEGIATE PROGRAMS FOR HIGH SCHOOL STUDENTS

Students who have completed the ninth grade may apply for admission.

Enrollment in these programs allows students the opportunity to earn college credit prior to high school graduation. In addition, they become acquainted with the University environment and build confidence regarding their ability to perform academically at the college level.

To apply for admission to the Program, submit the credentials listed below to The University of Louisiana at Monroe, Office of Recruitment/Admissions, Monroe, LA 71209-1160.

1. Application for admission to the Program with appropriate application fee
2. Recommendation from the high school principal
4. Completed Proof of Immunization Form

When all materials have been submitted, the GPA will be calculated and eligibility determined by the Office of Recruitment/Admissions.

Students will be graded in the same manner as University students. Grades will appear on the official ULM transcript. Courses will be validated after high school graduation.

Students are required to meet individual course prerequisite guidelines published in the most current University Catalog and will not be allowed to enroll in 400 level courses.

OPPORTUNITIES FOR HIGH SCHOOL STUDENTS-ULM COLLEGIATE PROGRAM

ULM has expanded the program available to high school students. A description of the programs and the criteria for each program is listed below. While participating in these programs, students are not allowed to receive a talent grant or academic scholarships.

Academic Enhancement - This program provides students the opportunity to earn college credit prior to enrolling in college. Students will be eligible if they have earned a 3.0 and/or an ACT composite score of 22; however, they must also earn an 18 in both English and Math on the ACT. The high school principal determines whether credit will be awarded for the college coursework. If high school credit is awarded, 3 hours of college credit equals 1 high school Carnegie unit. These students may choose from a list of entry level courses. Three (3) hours of credit equals 1 high school Carnegie unit, if the high school principal chooses to honor the credit.

Dual Enrollment - This program allows students to enroll in a class taught at their respective high school. Students must be of at least sophomore standing, pursuing the Regents Core Curriculum, have a minimum ACT subscore of 18 in English or Math and satisfy one of the following: 20 ACT composite score, 2.0 grade point average or rank in top 50% of their class. In addition, students must submit necessary applications, transcript,

ACT scores and pay fees and tuition. To receive college credit, all course work must be completed with a grade of A or B. If a student is pursuing an academic endorsement to his or her diploma, acquiring college credits will satisfy one of the components of the endorsement.

SPECIAL NON-DEGREE ACADEMIC PROGRAM (SNAP)

Undergraduate students wishing to enrich their educational background without pursuing a degree at The University of Louisiana at Monroe may enroll as special non-degree students. This program is available to the following applicants:

1. Students 19 years or older
2. High school graduates and non-high school graduates
3. Students who have attended other collegiate institutions and are eligible to return

Applicant must:

1. File an application for admission as a special non-degree student with the application fee.
2. Submit an official transcript from the last college attended, if applicable.

Non-degree-seeking students are cautioned that course work pursued while in this classification may not necessarily apply toward a degree at ULM. Once non-high school graduates have earned 24 semester hours, they may petition the Registrar for instatement as degree-seeking students. When collegiate transfer students wish to enter degree-seeking status, they must present official transcripts from each collegiate institution attended so their academic standing can be determined.

Applicants admitted as non-degree students may not be eligible for financial aid or Veterans Administration educational benefits, since both require students to be enrolled in degree-awarding programs. Also, applicants may pursue only undergraduate courses and are limited to a maximum of 6 semester hours in a regular semester or summer term. Since certain university courses require prerequisites, applicants should check the University catalog for course sequences.

Please refer to the Admissions Enrollment Eligibility Policy section for additional information.

ADMISSIONS ENROLLMENT ELIGIBILITY POLICY

Applicants who submit an application but fail to enroll for the term indicated on the application will be permitted registration for six consecutive terms (attending or applying for one or both summer sessions is considered participation in a term.) Applicants who do not enroll for the applied term must call the Office of Recruitment/Admissions to reactivate their application. After six terms of no enrollment, applicants will be

required to submit a new application, an application fee, and all required credentials.

Applicants who enroll and maintain academic eligibility will remain eligible for registration until there is a lapse of enrollment for six consecutive terms or until graduation.

It is the responsibility of the student to inform ULM of any attendance at other institutions once eligibility is determined by the Recruitment/Admissions Office. Students under academic suspension from another institution are not eligible to enroll at ULM. Should a student fail to inform the ULM Recruitment/Admissions Office of ineligibility and attend while under suspension, credits earned will be voided.

RESIDENT AND NON-RESIDENT CLASSIFICATION

The residence status of an applicant or student is determined in accordance with State Board regulations and is based upon evidence provided in the application for admission and related documents. Residence status is determined by the Office of Recruitment/Admissions after the completed application for admission has been submitted. The regulations are based primarily on the location of the home and the place of employment. Residence status may not be acquired by an applicant or student while residing in Louisiana for the primary purpose of attending school. Resident status is not determined for undergraduate students registered for six semester hours or less; graduate students for three semesters or less; or all non-resident students enrolled in up to six semester hours of graduate or undergraduate courses offered through web-based instruction, when domiciled outside of the state of Louisiana and not enrolled in any other courses at the University. It is the responsibility of the student to provide the University with the evidence deemed necessary to establish the residence status.

1. Applicants living with their parents are classified as residents, if the parents have established a bona fide residence in Louisiana. Ordinarily, a parent is considered to have established a residence in Louisiana if he/she actually resides and is employed full time in the State. A parent who is unable or chooses not to be employed, may be considered to have established a residence in Louisiana if there is convincing evidence that he/she continuously resides in Louisiana. If only one parent qualifies as a resident of Louisiana, the student shall be classified as a resident provided that student resides with the parent who is a resident of Louisiana. An individual who resides in Louisiana and is employed full time in another state may be classified as a resident. In such a case, appropriate documentary evidence must be presented.

2. Students residing with their parents and enrolling as non-residents are classified as residents if the parents move to Louisiana and acquire residence as defined in these regulations.
3. Persons may be classified as residents of Louisiana at the end of twelve consecutive months of residence, if they have been employed in Louisiana, and if during that period they have not been registered in an educational institution for more than six semester hours or its equivalent in any semester. Persons who are unable to be employed and who have not been registered in any educational institution for more than six semester hours or its equivalent in any semester, may acquire residence in Louisiana if there is convincing evidence that they continuously resided in Louisiana for twelve consecutive months immediately preceding registration.
4. A student who is married to a Louisiana resident may acquire the residence status of his or her spouse.
5. Persons who reside in Louisiana for at least two years (exclusive of military service) and who then move to another state or foreign country, retain the right to enroll themselves or any of their dependents as a resident for a period equal to the number of years they resided in Louisiana, but the right shall expire for a person who resides for a period of two years in another state or foreign country.
6. Members of the Armed Forces currently stationed in Louisiana and their dependents shall be classified as Louisiana residents. Military personnel who were stationed in Louisiana immediately prior to their release from active duty may enroll themselves or their dependents as residents during a period not to exceed 6 months after the date of release, provided that the term of active duty shall have been no less than 12 consecutive months.
7. Members of the Armed Forces who were residents of Louisiana immediately prior to entering the Armed Forces retain the right for themselves or any of their dependents to be classified as a resident as long as they are in the Armed Forces and for a two-year period after leaving the Armed Forces.
8. A resident of Louisiana does not lose the right to be classified as a resident during periods of employment in a foreign country.
9. An alien who has been lawfully admitted to the United States for permanent residence as an immigrant (proof of such status in his possession of his Form I-151 or I-551-Alien Registration Receipt Card or passport officially stamped "approved as resident alien") and who has established residence under any of the foregoing provisions shall be declared a resident of the State.
10. A student may be declared a resident if either parent is a graduate of the institution which the student attends.
11. A student who graduates with an associate or higher degree may be classified as a resident for subsequent enrollment at that same institution.

SCHOLARSHIPS

UNIVERSITY SCHOLARSHIPS FOR FRESHMEN

The Scholarship Office is located in Sandel Hall - Telephone (318-342-5321 or 800-372-5127) - Fax (318-342-3543). Scholarship applicants are required to submit an undergraduate admissions application, ACT or SAT test scores, and a high school transcript (Admissions Office will request transcripts electronically for all in-state students) to the Admissions Office by December 1 to receive priority consideration for academic scholarships. Home-schooled and out-of-state students must provide a copy of their current high school transcripts to the Admissions Office by December 1.

Scholarships are effective in the fall semester of the freshman year. Most scholarships are renewable for four years, if the student meets the established criteria each term, while others are one-year awards and are not renewable. Generally, scholarships are valid for fall and spring terms only.

The following institutional academic scholarships are available to incoming freshmen students: President's Distinguished, ULM Academic Excellence, ULM Academic Honors, ULM Outstanding Scholars, ULM Academic Achievement. All are awarded for a maximum period of four years, provided the student carries a full-time load and maintains a semester and cumulative 3.0 grade point average.

OTHER SCHOLARSHIPS AND FEE WAIVERS

Employee Fee Waiver

The University offers a partial tuition reduction to qualified employees or their dependents. Guidelines may be found in the "Employee Class Enrollment Policy" and the "Dependent Fee Exemption Policy" (<http://www.ulm.edu/hr/policies.html>). Applications may be downloaded at (<http://www.ulm.edu/forms/>).

Graduate Assistantships

Teaching and research assistantships are available to graduate students who are eligible for regular admission to a specific graduate degree program. Duties and stipends vary for the different appointments. Applications for assistantships should be directed to the administrator of the academic or administrative unit in which the assistantship is desired.

ROTC Scholarships

Four-year scholarships are available to high school seniors on a competitive basis. Applications, available through the Military Science Department, must be completed by November 10.

Three- and two-year on campus ROTC scholarships are available. Applications must be completed by February 20.

ROTC scholarships pay tuition and fees, books, and also provides a \$250 - \$400 monthly stipend.

Louisiana National Guard Tuition Waiver

Under Louisiana Statute R.S. 29:36.1, certain members of the Louisiana National Guard may be exempted from paying the tuition portion of fees. Contact the National Guard or the ULM Student Account Services Office for more information.

Academic Out-of-State Scholarship Fee Waiver

Beginning Freshmen

Out-of-state scholarships may be provided for beginning freshmen or transfer students with less than 24 semester hours of college credit who meet four of the following criteria:

1. Minimum 3.0 grade-point average in high school.
2. Academic rank in the upper 10 percent of their high school class.
3. ACT minimum composite score of 24 or equivalent on other nationally recognized test.
4. Leadership in extracurricular activities.
5. Satisfactory evaluation resulting from a personal interview with a ULM representative.

College Level Students

Out-of-state scholarships may be provided for students who have completed at least 24 semester hours of college credit and who meet three of the following criteria:

1. Minimum cumulative and preceding semester 3.0 grade-point average.
2. Grade-point average that ranks in the upper 10 percent of students of the same classification (sophomore, junior, senior) at the awarding school.
3. Leadership in extracurricular activities.
4. Satisfactory evaluation resulting from a personal interview with a ULM representative.

Students must schedule and complete 12 credit hours each semester and maintain a semester and cumulative 3.0 grade point average each semester in order to maintain the Academic Out-of-State Scholarship Fee Waiver.

Undergraduate Out-of-State Fee Waivers

Students who meet the following minimum requirements will be considered for an out-of-state fee waiver at ULM.

Freshmen (under 12 credit hours completed):

- ACT of 21 or higher (or equivalent SAT score);
- Cumulative high school GPA of 2.25 or higher;
- and
- No remedial requirements

Transfer Students (with 12 credit hours or more):

- Cumulative GPA of 2.5 on all college level work; and
- No remedial requirements.
- Eligible to return to prior institutions

To continue to receive this award students must maintain continuous, full-time enrollment (excluding summers); successfully complete twelve (12) semester hours each enrollment period; and remain in good academic standing (i.e., not on probation or suspension). Enrollment for summer/winter sessions is optional. However, students who attend summer/winter sessions must successfully complete all enrolled hours.

Students will be notified of their eligibility for this award with their acceptance for admission.

ACADEMIC COMMON MARKET. The Academic Common Market is an interstate agreement between Southern Regional Education Board states for sharing academic programs through an exchange of students across state lines. If an academic program is not offered in one of these states, a student may be able to attend The University of Louisiana at Monroe and not have to pay out-of-state fees if certain criteria are met. For further information, contact the Board of Higher Education in student's home state or The University of Louisiana at Monroe Scholarship Office.

SIXTY AND OVER FEE WAIVER. Any person 60 years of age or older who registers for three or less credit hours per semester may do so at no charge except for the application fee, technology fee, energy surcharge, and parking decal, if needed, and any course-specific fees such as laboratory fees. Credit hours enrolled by such individuals in excess of three hours will require payment of the normal charges. The program cannot be used for audits and Continuing Education classes are not included.

SPIRIT AND TALENT SCHOLARSHIPS. Awarded based on academic average, talent and service to the University. Apply to the Director of the Spirit or Talent Group.

VOCATIONAL REHABILITATION. A program administered by the state for students with physical handicaps. Students should check with their high school principals, counselors, or the nearest Louisiana Rehabilitative Services Office.

ATHLETIC SCHOLARSHIPS. The ULM Department of Athletics awards scholarships based on athletic ability, which is evaluated by Department of Athletics personnel.

In addition to possessing athletic ability, a student who receives an athletic scholarship must (a) meet the academic requirements for initial and/or continuing enrollment at ULM, (b) meet NCAA requirements for receipt of initial and/or continuing athletic scholarship, and (c) enroll as a full-time student.

STATE AND FEDERAL SCHOLARSHIPS

LOUISIANA'S TUITION OPPORTUNITY PROGRAM FOR STUDENTS, "TOPS". This plan is a tuition entitlement based on academic standards. For more information call the Louisiana Office of Student Financial Assistance at 1-800-259-5626 ext. 1012. To apply for "TOPS", you must annually submit a Free Application for Federal Student Aid (FAFSA).

ROCKEFELLER SCHOLARSHIP PROGRAM. This scholarship program awards scholarships to outstanding students majoring in Wildlife, Fisheries, Forestry and/or Marine Sciences. Students must maintain a 2.5 GPA. The amount of the scholarship is \$1000 per academic year.

Information on the "TOPS" and Rockefeller Scholarships may be obtained by writing:

Scholarship/Grant Administrator
Office of Student Financial Assistance
Post Office Box 91202
Baton Rouge, LA 70821-9202

If you need assistance in completing the application you should seek help from your high school guidance counselor, or the Office of Student Financial Assistance. You may contact the Scholarship Administrator by calling toll free in LA 1-800-259-5626 or (504)922-1011.

WALL STREET JOURNAL AWARD: Awarded annually to an outstanding student in the College of Business Administration based upon scholarship, leadership, character, and extracurricular activities.

LILLIAN HERRON WILLIAMSON AWARD: Awarded to an outstanding library science student who is interested in librarianship as a profession.

Y'S MENS' ASSOCIATION OF MONROE AWARD: Annual award to the third-year ROTC cadet who has achieved the highest score on the Physical Fitness Test.

Other awards are made for excellence in athletics, intramural sports, history, and writing. Special recognition is given by the Mortar Board Tapping Ceremony to outstanding young students in scholarship, leadership, and service. Several professional awards are given annually by the School of Pharmacy.

DIVISION OF STUDENT AFFAIRS

The Division of Student Affairs is leading the “students first” initiative by providing a “living laboratory” so that ULM students can assimilate knowledge they have gained in the classroom to real life situations by being actively engaged in the activities and programs provided by the Division.

The Division of Student Affairs encompasses the following areas:

- Aquatic Services
- Career Services
- Counseling Center
- Financial Aid Services
- Recreational Services & Facilities
- Student Life and Leadership
- Student Services and Judicial Affairs
- University Police Department

The Division further promotes student academic success through a variety of co-curricular, developmental, social, and recreational experiences leading to retention and graduation.

DEPARTMENT OF AQUATIC SERVICES/NATATORIUM

The Department of Aquatic Services supports the mission of the University through the Division of Student Affairs. The mission statement for the Natatorium is to provide a fun, safe, and clean environment for the students to recreate, exercise, study and feel that they are always top priority. The Department of Aquatic Services is responsible for providing students with an outlet for recreation and fitness. At the Natatorium, many classes are offered to students and the University community. These classes include both beginning and advanced swimming classes, different levels of water fitness classes, SCUBA diving classes, American Red Cross lifeguard training certification classes, American Red Cross water safety instructor classes, and learn to swim classes for all ages—6 months to adults. Activities other than classes that are offered include lounging on the beautiful sundeck that overlooks the bayou or paddling down the scenic bayou in one of the canoes or paddle boats. For additional information, please contact us at (318) 342-5315. We are located on the corner of Bon Aire and Stadium Drive.

CAREER SERVICES

Graduating seniors, graduate students and alumni are entitled to the free services of the Department of Career Services at The University of Louisiana at Monroe. All ULM students are welcome at the Career Day events. Students should register at the beginning of their last year of college by establishing a credentials folder. Establishing a folder will enable the registrant to participate in on-campus recruiting activities and to utilize the various services of the department.

A permanent credentials file containing a transcript of grades and personal data is maintained on each registrant for a period of ten years.

Although the University can provide academic instruction appropriate for many educational and career objectives, ultimately the student is responsible for obtaining employment.

Neither faculty members teaching classes, faculty advisers, Career Services personnel, Counseling Center counselors, nor other University personnel assisting students can assume responsibility for educational and career decisions, or for employment. Career Services is located in the Student Union Building, Room 154.

COUNSELING CENTER

The Counseling Center provides both outreach and individual assistance to students as they make adjustments in their personal and academic aspirations. The Center is also responsible for service to special needs students.

FINANCIAL AID

The ULM Financial Aid Office supports the mission of the University by assisting students in reducing or eliminating financial obstacles which might prohibit them from attaining an education. At ULM, we understand the financial burdens placed on students and their parents when pursuing a college education. The Office of Financial Aid is designed to help students and parents find the type of aid that best suits their needs.

Financial aid programs offered through ULM are scholarships, grants, loans, and employment. For additional information or questions, visit our website at <http://finaid.ulm.edu>. The Financial Aid Office is located in the Administration Building 1-123. For further information on financial aid see page 52.

RECREATIONAL SERVICES

The Department of Recreational Services, encompassing INTRAMURALS, WELLNESS, RECREATION, and its associated facilities, is under the supervision of the Vice President for Student Affairs. The Department of Recreational Services' primary purpose is to provide recreation and wellness programs to the University community and to support development and maintenance of a healthy lifestyle and total well-being. Furthermore, it is the mission of the Department to provide these experiences in a manner which is fully supportive of and integral to the fulfillment of the mission of the University.

STUDENT LIFE AND LEADERSHIP

The Department of Student Life and Leadership is responsible for promoting student growth by developing and/or promoting programs and activities where students excel in service and leadership both on campus and in the community. The Department of Student Life and Leadership encompasses the offices of Student Life, Spirit Groups, Student Activities, and Greek Life. The Department challenges each student to expand their horizons and to experience the many opportunities available to them through leadership involvement in such programs and activities as student organizations, Greek Life, service learning, and leadership education.

STUDENT SERVICES AND JUDICIAL AFFAIRS

The Student Services and Judicial Affairs Department serves an integral function at The University of Louisiana

at Monroe in that its primary role is to work within the Student Affairs Division to help establish a campus environment that promotes a wholesome educational atmosphere conducive to both intellectual and social learning experiences. This particular service is accomplished by providing opportunities for all students to optimally function in the areas of expectation awareness, health, residential life and leadership/development. Opportunities in expectation awareness are made available through the development and distribution of student policies and procedures. Further opportunities in expectation awareness are made available through the drafting, implementation, administration and adjudication of rules and regulations instituted by the ULM Code of Student Conduct, which is found in the Student Policy Manual available in the Student Services Department, Student Union Building, Room 161 and on-line at www.ulm.edu/studentpolicy/.

UNIVERSITY POLICE

The University of Louisiana at Monroe Police Department will provide a safe, welcome and orderly campus environment for The University of Louisiana at Monroe students, faculty, staff and visitors; and will provide an ethical, people-oriented work environment where members of The University of Louisiana at Monroe Police Department may enjoy their jobs, use their talents, respect one another, and grow as individuals. The University of Louisiana at Monroe Police Department, through programs and services, meets the needs of the University student, faculty, staff, and visitors.

EXPENSES

The University of Louisiana System Board of Supervisors may adjust tuition, fees and costs for dining plans and housing at any time without providing notice to students.

The University of Louisiana System Board of Supervisors may adjust tuition, fees and costs for dining plans and housing at any time without providing notice to students.

NOTE: All fees stated in this section are subject to change without notice. All fees must be paid in full to finalize registration.

TUITION - All students pay a general tuition based on total student credit hours of enrollment. Undergraduate students enrolled in more than six credit hours and graduate students enrolled in more than three credit hours and are classified as non-Louisiana residents under the regulations of the University of Louisiana System Board of Supervisors will pay out-of-state tuition in addition to general tuition. Courses enrolled for audit will be charged tuition the same as courses for academic credit.

BOARD ASSESSED FEES - In addition to a general tuition based on total student credit hours of enrollment, a student will pay a building use fee, academic enhancement fee and an operational fee.

UNIVERSITY ASSESSED FEES - Based on the number of hours enrolled, this charge includes the registration service fee, academic enhancement fee, institutional assessment fee, Alumni Association, band travel, concert fee, Student Health Center, intramurals, University Library, student short-term loan fund, natatorium maintenance, theater productions and energy surcharge fee.

STUDENT ASSESSED FEES - All students enrolled in more than three credit hours are charged fees in support of the Activity Center, KXUL, ULM Speech and Debate Team, Natatorium, Student Government Association, Student Involvement Scholarship, Student Publications, Student Union, Water Ski Team, ULM Flight Team, ULM Spirit Units, and ULM Theatre Productions. All students are charged fees for Student Union Renovations and Campus Activities Board.

TECHNOLOGY FEE - The Student Technology Fee shall be five dollars (\$5) per credit hour for up to 12 credit hours per semester. This fee is dedicated to the acquisition, installation, maintenance, and intelligent use of state-of-the-art technology solely for the purpose of supporting and enhancing student life and learning.

ID FEE - All students are required to obtain a permanent ULM Identification Card. A non-refundable validation fee of \$10.00 each regular semester and a \$5.00 fee for each summer term will be charged. Students who resign from the University are expected to keep their ID cards for use upon returning. A \$15 fee will be assessed for a replacement card.

OTHER REGISTRATION FEES

Application Fee - A non-refundable application fee shall be assessed each person making application for admission or readmission to ULM. A subsequent application fee will be required when a student's enrollment is interrupted for any reason requiring a new application to the University.

Additional Course Fees - In certain courses, special services, supplies or equipment may be used. Costs for these are not normally covered by fees, tuition or departmental operating budgets and, therefore, the cost is

incurred by the student. These additional charges are listed in each semester's class schedule.

International Student Services Fee - All international students will be charged a fee of \$50 per regular semester and \$15 per summer term.

Vehicle Registration Fee - Each student who uses a motor vehicle on the campus must register the vehicle with the University Police Department at the time of enrollment. Students will pay a \$50 yearly vehicle use fee during the Fall Semester.

Late Registration Fee - Any student registering for four or more hours after the close of the regular registration period will be charged an additional late registration fee of \$50.

Telecourse Fee - A student pays a \$50 Louisiana Public Broadcasting Service licensing fee for each telecourse in which he enrolls.

Military Science Activity Fee - Textbooks, equipment, and military uniforms are furnished without deposit; however, each cadet is assessed a \$10 non-refundable activity fee to support cadet activities.

ON-CAMPUS MEAL PLAN CONTRACT

<u>Plan</u>	<u>Cost</u>	<u>Flex</u>	<u>Meals</u>
Gold	\$1025	\$ 25	Unlimited
Platinum	\$1025	\$125	15/week
Silver*	\$1025	\$ 75	150/semester
*(Default Plan)			
Maroon	\$1025	\$500	5/week
Village Apartments	\$ 500	\$350	20/semester (block)
Commuter I	\$ 350	\$250	20/semester (block)
Commuter II	\$ 250	\$275	
Summer Only	\$ 275	\$275	

Room and meal plan reservations are contracted separately through the Housing Office and the SACS Office, respectively. All students living on campus are required to contract for an on-campus meal plan. Unless a specific meal plan is indicated, residents will automatically be enrolled in the Silver Plan. If Village Apartment residents do not want the Silver Plan, within the first five days of class, they must contact the SACS Office to specify their meal plan choice. Village Apartment residents are not eligible for the Commuter Plan. Students living on- or off-campus, with less than 30 hours may choose from meal plans 1 through 3. A Commuter Plan is offered for students living off-campus, however, students living off-campus may choose from any meal plan of their choice, if eligible. Students living on campus during rotations or participating in internships are required to pay for meals on a pro-rata basis according to days in residence.

At the twenty-first (21st) class day, those students with an unpaid balance on their Arrow Account will have their meal plans automatically adjusted to the Silver Plan.

All meal plans include "Flex-Dollars" that are the equivalent of cash and may be redeemed at any Aramark's dining facilities. Flex-Dollar balances roll over from fall semester to spring, but do not roll over from spring to fall. Fall-term Flex-Dollars will be forfeited if a new meal plan is not purchased for the subsequent spring term. Additional Flex-Dollars may be purchased at any

time throughout the semester. Please contact the Aramark Office (ph: 342-1979) for details.

All meal plan changes must be made before the fifth (5th) class day. All standard (block) meals must be eaten at Schulze cafeteria. Dining services are not open during University closures and observed holidays. Please refer to the University calendar for scheduled closure dates and holidays.

Contact the SACS Office (ph: 342-5003) to sign up for your plan or for any additional meal plan information.

ON-CAMPUS HOUSING

A non-refundable housing application fee of \$25 and a non-refundable room reservation fee shall be assessed to each person entering the student housing system for the first time. Please note that the requirements for the apartments are: graduate/upperclassmen by classification rank and cumulative GPA will receive first priority. Students must have 24 hours and maintain a 2.3 cumulative GPA to live in the apartments.

For information about the fees please visit our website at www.ULMResLife.com.

DISCRETIONARY EXPENSES

INDIAN EXPRESS. Indian Express is a convenient way for students to make school related purchases without the need to carry cash. Indian Express is accepted at on-campus dining and concession outlets, bookstore, athletic events, University Library copiers, beverage, snack and laundry machines, and may be required for admittance to Campus Activity Board-sponsored events.

It works like a debit card, without the monthly bill. Depending on the student's needs, a deposit is made at the Indian Bank to the student's Indian Express account. Each time a purchase is made with the Indian Express Card, the amount will be debited from the student's Indian Express account and the remaining balance will be displayed at the register so the card-bearer will always know what their balance is. Unlike Aramark Flex-Dollars, Indian Express balances carry over from semester to semester as long as the student is enrolled. Cash withdrawals cannot be made from Indian Express accounts. For reasons of security, Indian Express account cancellations must be made in person at the SACS Office in the Indian Bank Annex. All Indian Express refunds will be made at the end of the semester. Exceptions will be made for students who officially resign from the University. A \$10 processing fee will be withheld from balances before refund is processed. After the fee payment deadline, if a student wishes to add funds to their Indian Express account they may do so only if they do not owe a debt to the University. If a student awaiting financial aid wants to put funds on Indian Express and for any reason, a portion or all of the aid is not awarded, then their Indian Express account will be cancelled and will no longer be made available until all debts are paid. Financial Aid proceeds will be applied to any outstanding balances

and students will be charged for Indian Express monies used to this point.

OTHER EXPENSES

TEXTBOOKS. All textbooks used at the University are available at the University Bookstore located in Sandel Hall on campus. Estimated cost for fall and spring terms with a 12-hour schedule is \$400-\$500, while summer costs are estimated at \$225-\$300 with a 6-hour schedule. Textbook costs vary from semester to semester, and are strongly influenced by the curriculum the student is enrolled in, as well as the availability of used versus new books. Textbooks may be reserved online, or in the store, which gives the student a better chance of obtaining used books, lowering the overall expense of textbooks. Visit the Bookstore website (www.ulmbookstore.com) to buy or reserve your books online. There is also an expanding collection of ULM merchandise available through the website.

The Bookstore operates a buyback system at the end of the semester when up to 50% of the original cost may be received for the book, providing there is need for that book. Wholesale buyback is offered throughout the semester, paying a lower percentage of the original cost.

FIELD TRIP FEES. Certain courses require trips away from the campus. Specific fees for these courses will be announced at the beginning of the semester or summer term.

BINDING FEE. Graduate students will pay the necessary fees to cover the costs of binding the thesis or dissertation at \$9.50 per volume and \$55 for microfilming the dissertation.

NORTHEAST CREDIT EXAMINATION. Students who take a credit examination pay a fee of \$10 per semester hour.

DENTAL HYGIENE FEE. In addition to regular University fees, students in the Dental Hygiene program should expect to pay approximately \$1,000 for instruments and supplies and approximately \$300 for laboratory coats and uniforms.

NURSING FEE. In addition to the regular University fees, students entering the College of Nursing Professional Program should expect to pay approximately \$900 for instruments, name badges, textbooks, and uniforms.

MALPRACTICE LIABILITY INSURANCE. Students registered in the Colleges of Pharmacy, Nursing, and Allied Health and Rehabilitation Professions, and enrolled in clinical and/or externship courses, are required to purchase coverage under the College's group liability insurance plan at a cost of approximately \$25 per year. This includes students in the College of Allied Health and Rehabilitation Professions, Nursing, and Pharmacy who have personal contact with patients at the community and/or institutional level.

TRAFFIC TICKETS. Fines for violations of the ULM Traffic and Parking Regulations are to be paid at the "Indian Bank". For each citation not paid within ten calendar days after receiving the ticket (including

Saturdays, Sundays, and holidays), a \$5 administrative fee will be charged. Fines for violations are listed in the current ULM Traffic and Parking Regulations. Copies of these regulations are available at the University Police Department.

STUDENT DEBT INFORMATION

Students indebted to the University will not be allowed to re-enter or receive an official transcript of scholastic work. A student may be dropped from University enrollment for non-payment of fees and/or other debts when due or when a check offered by the student in satisfaction of an obligation to the University is not honored by the bank on which it was drawn. The Controller's Office will notify the student of the delinquency by mail or email. The student is responsible for informing the Registrar of any change of address from that given at registration.

Service and delinquent payment charges will be levied as follows:

Check cashing service charge (per check)	\$.25
Returned check service charge per check returned	\$15.00
Short-term loan professing fee:	\$20.00

Delinquent student debts are subject to being assigned to the ULM Collections Department. However, if it becomes necessary to refer debts to an outside collection agency, a collection fee of 33 1/3%, will be added and collected with the original debt. Federal student loans delinquent 180 days will be assigned to the Louisiana Department of Justice for collection and will carry the collection fee as specified in the promissory note or \$100, whichever is larger.

REFUND POLICIES

TUITION AND FEES REFUNDS

A student who resigns from the University under the conditions listed below may receive a partial reduction of regular tuition, out-of-state tuition and student activity fees. The student must officially resign through the Registrar's Office no later than the fifteenth day of classes in a regular semester or the seventh day of classes in a summer session to be eligible for a reduction of fees.

1. A 100% refund will be made when a student completes resignation prior to the first day of classes as listed in the University calendar.
2. A 90% refund will be made when a student completes resignation during the period of the first through the eighth day of classes in a regular semester.
3. A 50% refund will be made when a student completes resignation during the period of the

ninth through the fifteenth day of classes in a regular semester.

Students resigning with disciplinary action pending or those suspended for disciplinary reasons are not eligible for refunds.

Refunds will be applied to any existing indebtedness to the University prior to disbursement to a student.

RETURN OF TITLE IV FUNDS POLICY

Students that receive Title IV Financial Aid will be subject to the Return of Title IV Funds Policy if the student withdraws before completing 60% of the semester in which the student was disbursed Title-IV Aid.

The Return of Title IV Funds calculates the student's percentage of earned aid by using the following formula:

$$\text{The pro-rata percentage of earned aid} = \frac{\text{number of calendar days attended}}{\text{number of calendar days in the enrollment period}}$$

The number of calendar days attended is calculated by counting from the first day of the semester to the student's official withdrawal date. The number of calendar days in the semester is calculated by counting from the first calendar day of the semester/summer session to the last calendar day of the semester/summer session. Weekends and holidays (excluding Mardi Gras) are included in the number of calendar days.

Note: Those students who stop attending classes and do not officially resign from the University will also be subject to this policy. All professors involved will be contacted to verify the last date of class attendance.

REMEMBER: Students who have direct deposit will have funds available on the published date. All paper checks will be mailed.

FINANCIAL AID

Financial Aid is intended to assist students in financing their education when family and personal resources are not adequate to meet their total educational cost. There are three types of direct aid:

1. Grants - no repayment necessary. Based on financial need, students must apply using the Free Application for Federal Student Aid (FAFSA).
2. Loans - financial awards with a low interest rate. Repayments usually begin 6-12 months after graduation or withdrawal from school.
3. Employment - provides jobs for students while attending school. ULM has two employment programs - Federal Work Study and Work Service.

For a detailed explanation of the federal programs and how they are processed, consult the U.S. Department

of Education Student Guide or the ULM Application Guide on our website at <http://finaid.ulm.edu/>.

SIX STEPS TO FINANCIAL AID

STEP 1. Complete and submit the Free Application for Federal Student Aid (FAFSA) or renewal FAFSA. The FAFSA can be completed on line at www.fafsa.ed.gov.; after January 1st; we suggest you apply by April 1st. Between November 1st and January 1st, you will be mailed a PIN number from the U.S. Department of Education to complete this process. New applicants can request a pin at www.pin.edu.gov. This process cannot begin until after January 1st. To ensure that the ULM Financial Aid Office (FAO) receives your FAFSA information properly, you must include the following information:

Aid Preference: Page 3, Step One

Federal School Code: Page 6, Step Six

Housing Code: Page 6, Step Six

Enrollment plans: Page 6, Step Six

The University of Louisiana at Monroe Federal School Code is 002020.

STEP 2. In about 2-4 weeks after filing your FAFSA, you will receive your Student Aid Report (SAR). This is a Department of Education document that summarizes your application data and gives you an opportunity to correct any errors. **Read it carefully.** It contains important information and instructions that may require you to submit certain tax information and other documents to the ULM FAO for processing

STEP 3. The ULM FAO will review your SAR information electronically and request any necessary additional information from you. Please respond promptly to complete your file. Once your file is complete, the ULM FAO will review all the forms you submitted, and determine your eligibility for grants, loans and federal work-study. Notification will be sent to your tribe account

STEP 4. We will email you at your university address to notify you when your awards are ready. Log onto ARROW and follow the instructions there to accept your awards and complete the process.

STEP 5: Upon receipt of your award notice and LRCF, the FAO will certify and transmit your loan for guarantee. *First-time borrowers are required to complete an Entrance Counseling Session online at www.finaid.ulm.edu.* Failure to complete this session can cause a delay in the transmission of your loan information to

your lender. After your loan has been guaranteed, first-time borrowers will be sent a letter by the lender instructing you to complete a Master Promissory Note (MPN) electronically. Failure to complete the MPN will delay the disbursement of your loan funds to the University.

STEP 6: Money received from grants and institutional loans will be applied to your University student account. After payment of tuition and fees, any remaining funds will be refunded either by Debit Card, mailed as a refund check or transmitted to your bank account by Direct Deposit. For more information, see the ULM Schedule of Classes at www.ulm.edu.

REMEMBER:

- You must be admitted to ULM before your financial aid is awarded.
- The information that you put on the FAFSA will be used to process your financial aid awards. It is imperative that you review your data carefully before submitting it to the Department of Education.
- If you are a Pharmacy student requesting a Health Professions Loan, you must complete the parental section of the FAFSA even if you are independent. Federal law requires parental information must be provided to determine eligibility for this loan.
- You must maintain Satisfactory Academic Progress

POLICIES FOR SATISFACTORY ACADEMIC PROGRESS

Satisfactory Academic Progress is defined as completing a required number of hours and maintaining a minimum cumulative grade point average (GPA) for a current degree objective sought in a maximum period of time. Academic progress will be reviewed once per academic year, usually at the end of the spring semester. The academic year is defined as a Fall and subsequent Spring semester.

Satisfactory Academic Progress is required of all financial aid applicants at ULM, including those applicants who have not previously participated in federal aid programs. Warning notices will be sent to students in advance of loss of eligibility.

MINIMUM PROGRESS STANDARDS

Minimum Cumulative GPA:	Minimum Cumulative Earned-to-Attempted Ratio:
Undergraduate: 2.00	Student must complete and earn 75% of total hours attempted
Graduate: 3.00	Student must complete and earn 75% of total hours attempted
Professional: 2.00	Student must complete and earn 75% of total hours attempted
Cumulative GPA pertains to overall GPA earned for the current degree objective sought.	

Credit hours attempted include ALL credit hours a student has earned, dropped or failed during a current objective sought.

Federal Student Aid Will be Provided for a Maximum of:

Associate Degree (2 year program)	90 credit hours attempted
Bachelor Degree (4 year program*)	180 credit hours attempted
Bachelor Degree (5 year program**)	225 credit hours attempted
Master Degree	60 credit hours attempted
Ph.D. Program	100 credit hours attempted
Pharmacy D. Program	300 credit hours attempted
Certificate beyond B.S. Degree	45 credit hours attempted
2 nd Associate Degree	45 credit hours attempted beyond 1 st Associate Degree
2 nd Bachelor Degree	90 credit hours attempted beyond 1 st Bachelor Degree
2 nd Master Degree	15 credit hours attempted beyond 1 st Master Degree

*Based on a 128-hour degree program.

**Based on an additional 30 hours above the four-year degree program.

Any student with a degree program requiring more hours may appeal for an extended period of entitlement.

Any student not meeting the above requirements is not meeting Satisfactory Academic Progress Standards and will not be eligible for any type of federal assistance until he/she meets the Minimum Progress Standards (see Satisfactory Progress Appeal Procedure).

APPLICABLE COURSE INFORMATION

Remedial or Development Courses

Completion of these courses will be considered in the total hour requirement for receiving financial aid.

“1” Grades (Incomplete)

These grades will be calculated as failing grades until the course has been satisfactorily completed according to the provisions in the most current University catalog.

Registration or Withdrawals

A student is responsible for completion of courses for which he/she is registered. Failure to complete courses is viewed as unsatisfactory progress.

Repeating Courses

A student repeating courses will have these courses counted in completion of required hours and grade point average, as well as cumulative hours attempted.

ULM SATISFACTORY PROGRESS APPEAL PROCEDURES

1. A student may appeal based on extenuating circumstances to the Financial Aid Appeals Committee. The Appeal Application must be completed and submitted along with a typed appeal letter with all supporting documentation included. An undocumented appeal is unlikely to be approved.
2. A student must submit his/her appeal no later than thirty days from the date he/she is notified by the Financial Office of his/her unsatisfactory academic progress. **A student who submits an appeal to the Financial Aid Appeals Committee cannot expect his/her aid to be processed before fees are due. Therefore, a student should be prepared to pay his/her tuition and fees by the fee payment deadline, and be reimbursed if he/she is eligible.**

3. The Appeals Committee will review all cases and will notify all students of their decisions in a timely manner. Any registered student who appeals with appropriate documentation can expect to receive the appeal decision within two weeks. **All appeal decisions are final.**
4. If the appeal is approved, the student's financial aid is awarded on a probationary basis. Failure to maintain academic progress at the end of the semester for which the appeal was approved will cause all future financial aid to be cancelled. No future appeals will be accepted.

DENIALS

Once an appeal has been denied, a student can only receive aid again after they have repaired their academic records and within compliance with the minimum standards stated above.

RESIGNATION POLICY FOR STUDENTS RECEIVING FEDERAL FINANCIAL AID

Students who receive Title IV Financial Aid, excluding the Federal Work-Study Program, will be subject to the Return of Title IV Funds Policy if the student withdraws before completing 60% of the semester in which the student was disbursed Title IV Aid.

The current policy, as a result of the Reauthorization of Higher Education Act of 1965, went into effect during Fall 2000 semester. Students must return unearned portions of the Title IV Funds to the Title IV Program.

- The student's withdrawal is used to determine the student's percentage of earned aid. The withdrawal date also is used to determine what percentage of the enrollment period the student actually completed.
- The percentage of earned aid is subtracted from 100% to determine the amount of Title IV Aid the student has earned. (This is the student's percentage of unearned aid).
- The percentage of unearned aid is multiplied by the amount of Title IV Aid that has been disbursed to the student to determine the amount of aid that the student must return.
- The amount of Title IV Funds that the school must return to the Title IV Program is calculated by multiplying the total institutional cost by the percentage of unearned aid.

If the percentage of earned aid is greater than 60%, the student does not have to return Title IV Aid.

RESIGNATION WITHDRAWAL POLICY

After enrolling in classes, a student who wants to resign must:

- Consult the ULM Schedule of Classes for dates and times to drop classes and notify the Residential Life

Office to cancel a Room and Meal Contract if such contract was requested by the student.

OR

- After the registration period, notify the Registrar's Office in writing to cancel classes and notify the Residential Life Office in writing to cancel a Room and Meal Contract.
- Merely discounting class attendance is not considered to be a formal resignation from the University. Students who discontinue class attendance who fail to follow the established resignation procedure will be held responsible for all tuition and fees.

ALSO

- Students who receive Federal Financial Aid and who stop attending classes without officially resigning are subject to the Return of Title IV Funds (see above). The student's professors will be contacted to verify the last date of class attendance.

Federal Loans

Applicants for all loan programs must complete the FAFSA.

The FEDERAL PERKINS LOAN PROGRAM at ULM provides low-interest loans to students with exceptional financial need. Students must be enrolled on at least a half-time basis, making satisfactory progress toward graduation. The interest rate on the loan is 5% and repayment of the loan begins nine months after the student graduates, drops below half-time, or withdraws from the University.

The HEALTH PROFESSIONS LOAN PROGRAM is available to full-time students enrolled in Pharmacy. Students determined to have exceptional financial need and who are making satisfactory progress toward graduation are eligible for this program. The interest rate on the loan is 5% and repayment of the loan begins 12 months after the student graduates, drops below full-time, changes his/her major, or withdraws from the University.

THE SUBSIDIZED FEDERAL STAFFORD LOAN PROGRAM provides affordable loans to students that are enrolled at least half-time, are meeting the minimum standards of Satisfactory Academic Progress, and have been determined to have unmet financial need as defined by federal guidelines. The amount of eligibility varies depending on the amount of the student's unmet need and the number of academic hours earned to date. The interest accrued on the loan is paid by the government and principal payments are deferred as long as the student remains enrolled on at least a half-time basis and meets certain other pertinent criteria. Beginning July 6, 2006, the interest rate for the loan will be 6.8%. Repayment of the loan begins 6 months after the student graduates, drops below half-time, or withdraws from the University.

THE UNSUBSIDIZED FEDERAL STAFFORD LOAN PROGRAM. Loans are available to students on a non-

need basis. Beginning July 6, 2006, the interest rate for the loan will be 6.8%. While appropriately enrolled in school, the student has the option of paying the accrued interest on the loan while or allowing the interest to be capitalized into the balance of the loan. Principle and interest payments begin six months after the student graduates or drops below half-time enrollment status.

Other Loans

COLLEGE OF PHARMACY STUDENT LOAN FUND Non-interest bearing small loans are available to pharmacy students for emergency purposes. Loans are granted on recommendation of the Dean of the College of Pharmacy.

ST FRANCIS NORTH HOSPITAL REVOLVING LOAN FUND. Non-interest bearing small loans are available to nursing students. Information is available from the Director of the School of Nursing.

Student Employment

The student employment program provides a large number of students with the opportunity to earn part of their expenses by working in the Library, Post Office, academic and administrative offices, and many other areas on campus. Student workers devote ten to twenty hours per week to their campus jobs. Each department coordinates a work schedule for the assigned student workers based in part on the total amount each student is allowed to earn. Campus employment is coordinated with all other forms of financial aid available to a student. Federal applications may be obtained from high school principals, counselors, or on-line at www.fafsa.ed.gov. Student workers earn federal minimum wages.

The Office of Financial Aid, along with various academic departments, assists students in obtaining off-campus employment. Businesses in Monroe and West Monroe employ hundreds of students in part-time and full-time jobs. Come to the Financial Aid Office for the listing of jobs. Applicants for all federal work programs must complete the FAFSA.

Grants

Grants, unlike loans, do not have to be repaid. Applicants for all grant programs must complete the FAFSA.

THE FEDERAL PELL GRANT PROGRAM was established by the Higher Education Act of 1972 to provide needy students with financial assistance in meeting the costs of a college education. They are awarded to undergraduate students who have not earned a bachelor's or professional degree and who are making satisfactory academic progress toward a degree. The amount awarded to a student varies depending upon the amount of financial need determined through the Free Application for Federal Student Aid. The federal government determines the maximum Pell Grant award.

The FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT (FSEOG) is available on a limited basis to undergraduate students that are eligible for the Pell Grant and have exceptional remaining financial need. Students must be making satisfactory academic progress toward a degree, and be enrolled on at least a half-time basis. Funding is limited and priority is given to full-time students.

The LEVERAGING EDUCATION ASSISTANCE PARTNERSHIP PROGRAM (formerly The State Student Incentive Grant) uses federal and state funds to provide need-based grants to academically qualified students. The student must be a Louisiana resident, be enrolled on a full-time basis, be making satisfactory academic progress toward a degree, and have a cumulative GPA of at least 2.0 to qualify for this program. Funds are limited and future levels are subject to program funding.

UNIVERSITY REGULATIONS

STUDENT RESPONSIBILITY

Students are personally responsible for completing all requirements established for their degree by the University, college, and department. ULM course requirements are under continual examination and revision. The catalog represents the offerings and requirements in effect at the time of publication and in no way guarantees that they will not change. The University reserves the right to change requirements for any major during any particular year. The individual student assumes full responsibility to be informed and to comply with all academic requirements. A student's adviser may not assume these responsibilities and may not substitute, waive, or exempt any established requirement or academic standard for the student.

Also, it is necessary in the general administration of a university to establish broad policies and to lay down certain regulations and procedures by which they may be carried out. It is important that a student know and understand the current policies, standards, regulations, and procedures one is expected to follow. When changes are announced between catalog publications, they may be either published in the University newspaper or posted on bulletin boards. Students may also be notified of changes in university regulations or requirements by the respective department or division. Students are responsible for knowing these changes.

The catalog is presented, merely, as a guide to enable prospective students and others to learn about The University of Louisiana at Monroe, and state policies, requirements, regulations, and procedures in such form as to direct the student to progress through school. Graduate students are expected to assume responsibility for becoming fully acquainted with and abiding by the regulations and requirements of the Graduate School.

CONFIDENTIALITY OF STUDENT RECORDS

Pursuant to the requirements of the 1974 Family Education Rights and Privacy Act (FERPA) - Public Law 93-380, certain types of information, designated by law as "directory information," may be released without the student's permission. A list of the types of directory information which can be released (e.g., name, address, phone number) may be obtained in the Registrar's Office. Students who wish directory information to be withheld should complete a "Withholding Information" form in the Registrar's Office.

Requests to prevent either the releasing or publishing of directory information will be in effect indefinitely until

written notification is received in the Registrar's Office. Students have the right to file complaints with the FERPA Office in Washington, D.C., concerning alleged failures by the University to comply with the Act.

CREDIT FOR CORRESPONDENCE, EXTENSION, EXAMINATION AND MILITARY SERVICE

No more than one-third of the number of hours required for graduation may be given for credit by examination, for credit earned in the military service experiences, and for correspondence and extension courses taken through accredited extension divisions of other colleges and universities.

1. Correspondence and Independent Study Courses

Credit will be granted for correspondence and independent study courses satisfactorily completed through accredited extension divisions of other colleges and universities. A student who expects to use any correspondence or extension work toward meeting degree requirements must receive approval in writing from the academic dean prior to registration for such work. Students approved to take correspondence courses for credit at The University of Louisiana at Monroe must take their exams in The University of Louisiana at Monroe Testing Center no later than one month prior to graduation. The Testing Center is the only authorized test administrator at ULM for correspondence, independent study, or any course exam administered at ULM on behalf of other institutions, regardless of a student's enrollment status at ULM. All requests for such exams must be coordinated through and approved by the ULM Testing Center. If the exam is not proctored by The University of Louisiana at Monroe Testing Center, the Registrar may choose not to accept the credit for placement on the ULM transcript and for fulfillment of the degree. Correspondence exam proctor information is available at testing.ulm.edu, or from The University of Louisiana at Monroe Testing Center (305 Filhiol Avenue, 318-342-5336.)

2. American College Testing Program

Credit will be granted for freshman English courses based on scores from the American College Testing Program (ACT) as officially reported to The University of Louisiana at Monroe. Students should have official ACT scores sent directly from ACT to The University of

Louisiana at Monroe. The ACT College Code is 1598. Information concerning ACT is available at www.act.org, or from The University of Louisiana at Monroe. AP credit granting policy is available at testing.ulm.edu or from the Testing Center (305 Filhiol Avenue, 318-342-5336).

3. Advanced Placement Examinations

Credit will be granted for appropriate courses based on satisfactory scores on The College Board Advanced Placement Examinations (AP) administered each May in high schools which have accelerated programs. Students should have official AP scores sent directly from AP Services to The University of Louisiana at Monroe. The AP College Code is 6482. Information concerning AP testing is available at www.apcentral.collegeboard.com. The University of Louisiana at Monroe AP credit granting policy is available at testing.ulm.edu or from the Testing Center (305 Filhiol Avenue, 318-342-5336.)

4. College-Level Examination Program

Credit will be granted for appropriate courses based on satisfactory scores on College-Level Examination Program (CLEP) Subject Examinations that have been approved for credit at The University of Louisiana at Monroe. A CLEP Subject Examination should be taken in advance of the semester during which the credit is required. (CLEP General Examinations are not accepted for credit at The University of Louisiana at Monroe.) CLEP Examinations are administered throughout the year by The University of Louisiana at Monroe Testing Center. Students should have official CLEP scores sent directly from CLEP Services to The University of Louisiana at Monroe. The CLEP College Code is 6482. Military service veterans who took CLEP as part of the DANTES program must have CLEP subject scores reported directly to the University from DANTES. The University of Louisiana at Monroe CLEP credit granting policy, a list of CLEP Subject Examinations, and registration forms are available at testing.ulm.edu, or from The University of Louisiana at Monroe Testing Center (305 Filhiol Avenue, 318-342-5336.) Information concerning CLEP tests, including study materials, is available at www.collegeboard.com/clep.

5. ULM Credit Examinations

These credit examinations will be given at ULM only under exceptional circumstances. Credit examinations are offered only for those courses which are required as part of a student's education program (i.e., core subject requirement or elective). Each credit examination must be approved in advance by the dean of the college in which the student is registered, the dean of the college in which the course concerned is given, and the instructor involved.

The following regulations will govern the giving of credit examinations:

- a. Permission for credit examinations will be given only in those instances in which the student has already gained a fundamental knowledge of the subject.
- b. Permission to take a credit examination will be granted only to persons who are students, or former students, of The University of Louisiana at Monroe in satisfactory academic standing. No instructor may give a credit examination until the necessary approvals have been obtained by the student on forms supplied by the Registrar.
- c. In no case will a student be permitted to take a credit examination in a course if that student has:
 - (1) audited or taken the course for non-credit,
 - (2) made an unsatisfactory grade previously in the course,
 - (3) received credit for a higher course in a series of sequential courses.
- d. Credit examinations must be taken within the first month of the semester or within the first two weeks of either summer term.
- e. Credit examinations are indicated as such on the student's record. Earned credit is recorded. Credits earned through credit examinations are not used in computation of the student's quality point ratio, but may be counted as resident credit for graduation purposes.

6. Credit for Military Service

Honorably-discharged veterans of the United States Armed Forces who are enrolled may be allowed credit for military science and certain courses in health and physical education upon presentation of the Report of Transfer or Discharge (DD214-long form) to the Registrar's Office. These forms should be submitted during the first semester of full-time enrollment.

Additional credit may be granted for service schools where equivalence in terms of college courses has been recommended for college credit at the upper baccalaureate level in the Guide to the Evaluation of Educational Experiences in the Armed Services, published by the American Council on Education. Appropriate documents must be submitted to the Registrar's Office for an evaluation of these experiences.

7. English Department Diagnostic/Placement Essay

Students who demonstrate outstanding performance on the English Departmental Diagnostic/Placement Essay, as determined by a panel of 3 evaluators, may be exempted from English 090 (Developmental English) and/or may receive credit for English 101, subject to the approval of the department head of the student, the dean of the college of the student, the English Department head, and the Dean of the College of Arts and Sciences. Students who demonstrate clear and obvious unreadiness for English 101, as determined by a panel of 3 faculty evaluators, may be required to take or repeat English 090.

CREDIT HOUR SYSTEM AND COURSE NUMBERING

A credit or semester hour represents a minimum of one hour of class work or two or more hours of laboratory work a week, together with the necessary preparation for one semester of approximately fifteen weeks. The value of each course of instruction is stated in terms of semester hours.

Courses are normally numbered according to the following system: 000-099, developmental courses; 100 to 199, freshman; 200 to 299, sophomore; 300 to 399, junior; 400 to 499, senior; 500 to 599, graduate; 600 to 699, courses beyond the Master's level. Certain courses in the 400 level are accepted for graduate credit, where so indicated. Graduate status is required for graduate credit. This course numbering system does not apply to Professional Pharmacy (Pharm.D.) courses. See College of Pharmacy section.

COURSE LOAD

Undergraduate students are classified full time if they schedule 12 or more semester hours for credit (not including audits). However, during a regular semester, a schedule of fifteen to eighteen semester hours is considered a standard load. Academic deans, at their discretion, may allow the student to schedule more semester hours.

During the summer term, a schedule of six hours per session is considered a normal load; however, students are classified full-time if they schedule (for credit) four or more semester hours. Maximum load is seven semester hours in a summer session; developmental students may schedule eight semester hours if one five-hour developmental course is scheduled along with a three semester hour course.

The credit hour load for student teachers registered for six or more hours of student teaching is limited to fifteen semester hours except as approved by the Dean of the College of Education and Human Development.

The University does not guarantee that during a given enrollment period a student will be able to schedule every class which he or she might be required to take or wish to take.

NOTE: See the section on the Graduate School for regulations concerning course load for graduate students.

AUDITING COURSES

Students may be admitted to regular classes for audit by meeting admission requirements, receiving the approval of the instructor's academic dean, and by paying an audit fee. An audit may not be changed to credit, or vice versa, after registration closes. Students auditing courses will not receive credit, nor will they be permitted to take a credit examination (departmental exams) on

work audited. Credit hours for courses audited are figured in fee assessment, but not for certification of full-time status. Any student using fee waiver cannot register for audit.

GRADING SYSTEM

Grades and the grading process are major components of a university's academic standards. An important professional obligation of a university professor is the determination of grades. Grades accomplish two essential purposes: (1) they communicate to the academic community and to the community at large a certified level of academic achievement, and (2) they provide realistic and reliable feedback for students to use in evaluating individual progress and making decisions about future behavior.

Prerequisites to effective grading are (1) appropriate scope, depth, and degree of difficulty for each course; (2) controls to ensure that students have proper academic qualifications for enrolling in each course; and (3) adequate measures of performance. Taking into account all students who would properly and typically enroll in a given course (not just those in one course), professors assign grades according to the following general guidelines:

- A—EXCELLENT—Performance approaches complete mastery of the course requirements.
- B—GOOD—Performance is above the level expected from most students, but does not approach complete mastery of the course requirements.
- C—AVERAGE—Performance is about the level expected from most students.
- D—BELOW AVERAGE—Performance is at or above the minimum level to pass, but does not allow for progression in some programs.
- F—FAILURE—Performance is below the minimum level to pass the course.

NOTE: See College of Health Sciences-School of Nursing for additional grades assigned to professional nursing students.

The grades A (Excellent), B (Good), C (Average), D (Below Average), F (Failure), AU (Audit does not imply class attendance), W (Withdraw), I (Incomplete), IP (In Progress), CR (Credit), and NC (No Credit) are given to indicate the quality of a student's work.

Each semester hour with the grade of D carries one quality point; each semester hour with the grade of C, two quality points; each semester hour with the grade of B, three quality points; and each semester hour with the grade of A, four quality points. Grades of F and I carry zero quality points and are used to determine the grade point average. Grades of CR, NC, and IP carry no quality points and are not used to determine the grade point average. Therefore, a C average is a 2.00 average. An I grade is computed as an F grade unless changed to a final passing grade. Also, + and - grade designations are not recognized.

Instructors are encouraged to abide by the University Calendar by offering courses within the established enrollment period dates to avoid the issuance of IP grades. Instructors must discuss in advance with the Registrar the reasons for the award of IP grades. Valid reasons for considering the issuance of IP grades may be when an instructor anticipates that either the nature of a specific graduate or undergraduate course or the expectations of all students (not an individual student) cannot be completed within the established enrollment period dates. Letter grades must be awarded by an agreed upon deadline between the instructor and the Registrar in the event that IP grades are issued.

Students in developmental courses shall be eligible to earn grades of A, B, C, NC, F, W, or I in such courses. However, successful completion of a developmental course requires a grade of A, B, or C; students receiving any lower grade must repeat the course. A student who has excessive unexcused absences or who is guilty of cheating/plagiarism in a developmental course will receive an F for the semester grade. Those courses defined as developmental are English 090 and Mathematics 093.

Unsatisfactory work is indicated by the grade of F (failure). The grade of F cannot be removed by repeating the course.

The graduation average is the corrected average figured on coursework earned toward the degree. When a student repeats a course, the last grade received shall be accepted as the final grade in determining graduation requirements. Students receive their diplomas based upon their individual graduation averages.

The cumulative average is based upon all hours pursued, including repeats, and is used in determining honors for graduation, as well as for admission to graduate and professional programs.

Work which is of satisfactory quality but which, because of circumstances beyond the student's control, is not complete, may be marked I (incomplete). The deficiency must be met within the first month of the next regular semester or within the first two weeks of either summer session of attendance (whichever comes first). I grades are removed only by completion of the course work, not by repeating the course. I grades are computed as F grades, unless changed to a final passing grade. If the student does not resume studies either at this University or elsewhere within a calendar year following the semester or summer session for which the I grade was recorded, the I grade cannot be removed. Instructors should not allow students to complete work for a course in an attempt to remove an "I" grade without prior approval of the instructor's academic dean.

Grades (other than I grades) that have been submitted to the Registrar's Office can be changed only by a change of grade form or letter of explanation certifying that an error has been made by the instructor. This form or certification of error will not be valid unless approved by the instructor's academic dean. A request for a final grade change must be initiated by the instructor within 30 days after the end of the semester or term following the academic term in which the questioned grade was earned.

Courses for graduate credit may not be repeated without prior approval of the Graduate Council. When a course is repeated, both grades will be counted in determining the grade-point average.

GRADE REPORTS

End-of-the-semester grades are generally available after the end of the fourth working day of each enrollment period. Students should visit the ARROW website (arrow.ulm.edu) to view grade results.

ADDRESS CHANGE

A student must provide a local and permanent address at the time of admission to the University. Local and permanent address changes must be updated on the ARROW website or reported to the Registrar's Office on the appropriate form. A student is responsible for the consequences of all communications sent to the address on file in the Registrar's Office (e.g., classes dropped for non-payment of tuition, probation/suspension status on grade report or transcript).

NAME CHANGE

A student who wishes to change a name because of either divorce or marriage must present the original marriage license or divorce decree indicating the desired name, along with a change of name form to the Registrar's Office. Other name or characteristic changes are made upon the presentation of a court order.

PRESIDENT'S/DEANS LIST

The President's List for undergraduate students pursuing a bachelor's degree is released at the end of each semester. To qualify for this list, undergraduate students must be full-time and must earn a 3.9 or higher grade-point average. To qualify for a respective Dean's List, undergraduate students pursuing a bachelor's degree must be full-time and must earn a 3.5-3.89 grade-point average.

CLASSIFICATION

Classification of students, based upon the number of credits earned, is made in the Registrar's Office at the end of each enrollment period and is revised as necessary.

The rules governing the classification of students are as follows:

1. FRESHMAN—Having fewer than 30 semester hours of credit.
2. SOPHOMORE—Having at least 30 semester hours of credit.
3. JUNIOR—Having at least 60 semester hours of credit.

4. SENIOR—Having at least 90 semester hours of credit.

COLLEGE PREPARATORY CURRICULUM

The University of Louisiana System Board of Supervisors has endorsed the Board of Regents' Task Force Report on Academic Preparation of the College Bound Student and its College Preparatory Curriculum.

LOUISIANA BOARD OF REGENTS STATEWIDE GENERAL EDUCATION REQUIREMENTS

- CTS - Certificate of Technical Studies
 - AA - Associate of Arts
 - BA - Bachelor of Arts
- CAS - Certificate of Academic Science
 - AS - Associate of Science
 - BS - Bachelor of Science
- TDIP - Technical Diploma
 - A - Associate (non-designated)
 - B - Bachelor (non-designated)
- AAS - Associate of Applied Science
 - BAS - Bachelor of Applied Science

	CTS	CAS	TDIP	AAS	AA	AS	A	BAS	BA	BS	B
ENGLISH (Composition)	0	3	0	3	6	6	6	6	6	6	6
MATH	0	3	0	3	3	6	3	6	6	6	6
NATURAL SCIENCES	0	0	0	3	6	6	6	9	9	9	9
HUMANITIES	0	0-3	0	3	3	3	3	3	9	9	9
FINE ARTS	0	0-3	0	0	3	3	3	3	3	3	3

COMPUTER LITERACY											
Total	0	9	0	15	27	27	27	33	39	39	39

English-CAS and AAS degrees shall require the successful completion of at least three hours of English composition. AA, AS, A (non-designated), BAS, BA, BS, and B (non-designated) degrees shall require the successful completion of at least six hours of English composition.

Mathematics-CAS, AAS, AA and A (non-designated) degrees shall require the successful completion of at least three hours of Mathematics, beginning at a level no lower than college algebra. BAS degrees shall require at least the successful completion of at least three hours of Mathematics, beginning at a level no lower than college algebra, plus an additional three hours of either Mathematics above college algebra, Statistics, Computer Science, or Logic (a pre-requisite for enrollment in any of these courses shall be the successful completion of the required college algebra course). AS, BA, BS, and B (non-designated) degrees shall require the successful completion of at least six hours of Mathematics at a level no lower than college algebra.

Natural Sciences-Biological (e.g., Biology, Biochemistry, Botany, Zoology) and **Physical**

CLASS ATTENDANCE REGULATIONS

GENERAL

1. Class attendance is regarded as an obligation as well as a privilege, and all students are expected to know attendance regulations and to attend regularly and punctually all classes in which they are enrolled. Failure to do so may jeopardize students' scholastic standing and may lead to suspension from the University.
2. Instructors shall keep a permanent attendance record for each class. These records are subject to inspection by appropriate University officials.
3. Students shall submit excuses for all class absences to professors within three days after returning to classes. Professors shall accept an official university excuse. With the following exceptions, professors are to determine whether absences are excused or unexcused: (1) Absences arising from authorized trips away from the University or from special duties at the University shall be excused. These authorizations come from the Office of the Vice President for Academic Affairs. (2) Absences arising from a student's confinement in a hospital or other in-patient facility or doctor's excused absences shall be excused. Students are responsible for providing verification information to the faculty. (3) Absences arising from a death in the immediate family shall be excused. The immediate family is defined as spouse, child, step-child, mother, father, sister, brother, grandmother, grandfather, step-mother, step-father, step-brother, step-sister, aunt, uncle, mother-in-law or father-in-law.
4. Students who have excused absences shall not be penalized for the absences, but shall be afforded fair and reasonable opportunity to complete comparable course work or examinations missed as a result of the absences.
5. When freshmen or sophomore students receive excessive unexcused absences (10% of total classes) in any classes, the instructors may recommend to the students' academic deans that the students lose the right to attend the classes and the right to continue the coursework and be given a failing grade.
6. Faculty members are required to state in writing and explain to students their expectations in regard to class attendance during the first class meeting or by the last day to add (third official day of classes).
7. Students may be admitted to class only when the instructor has received a roster or notice from the Registrar indicating proper registration.

Sciences (e.g., Chemistry, Geology, Physics, Astronomy/Meteorology). AAS degrees shall require the successful completion at least three hours of any biological or physical science. AA, AS, and A (non-designated) shall require the successful completion at least six hours of natural science in any biological or physical science. BAS, BA, BS, and B (non-designated) degrees shall require the successful completion of at least nine hours of natural science, as follows: six hours shall be earned in a single biological or physical science; the remaining three hours must be earned in a natural science area other than that previously selected (both biological/physical sciences must be taken to fulfill this requirement).

Humanities-(e.g., Literature, Foreign Languages, History, Communications, Philosophy, Classical Studies, Religious Studies, Interdisciplinary). The CAS degree shall require the successful completion of three hours of either Humanities, Fine Arts, or Social/Behavioral Sciences. The AAS, AA, AS, A (non-designated) and BAS degrees shall require the successful completion of at least three hours of Humanities. The BA, BS, and B (non-designated) degrees shall require the successful completion of at least nine hours of Humanities.

Fine Arts-(e.g., Music, Visual Arts, Applied Arts, Theatre, Dance, Interdisciplinary). The CAS degree shall require the successful completion of three hours of either Humanities, Fine Arts, or Social/Behavioral Sciences. The AA, AS, A (non-designated), BAS, BA, BS, and B (non-designated) degrees shall require the successful completion of at least three hours of Fine Arts. Social-(e.g., Economics, Geography, Anthropology, Political Science, International Studies, Interdisciplinary) and Behavioral (e.g., Psychology, Sociology) Sciences.

Social/Behavioral Sciences. The AAS and AS degree shall require the successful completion of at least three hours of Social/Behavioral Sciences. The AA, A (non-designated), BAS, BA, BS, and B (non-designated) shall require the successful completion of at least six hours of Social/Behavioral Sciences; three of these hours must be at the sophomore level or above.

Computer and Informational Literacy - Colleges/universities shall insure that each degree student has achieved basic computer and informational literacy before graduation. The method for determining whether this standard has been met shall be left to the discretion of the affected institution.

MAJOR FIELD ASSESSMENT

Students may be required to complete an assessment in their major field during their senior year as a requirement for graduation.

PROCEDURE FOR APPEALING A GRADE

Only the individual student who has a question related to grading or other matters of an academic nature may

direct them to the student's instructor; failing satisfactory resolution at this level, the questions should be referred, in order, to the academic dean, the Vice President for Academic Affairs, and the Academic Appeals Committee.

To appeal grades, students must initiate an appeal within fourteen calendar days of the beginning of the next semester or summer term following the academic term in which the questioned grade was assigned. Specific procedures must be followed in appealing to all administrative levels. These procedures are described in the Student Policy Paper.

A copy of the Student Policy Paper is on file in the office of each academic department head, dean, the Vice President for Academic Affairs, and the office of Student Life.

ADDING AND DROPPING COURSES

Students will not be admitted to any class unless the instructor has received a roster or notice indicating proper registration from the Registrar.

Students will not be permitted to add or drop courses after published add and drop date without their dean's approval.

Students may not enroll in more than one section of the same course unless specified in the University catalog.

Class prerequisites must be completed as prescribed by the most current catalog, regardless of the catalog or curriculum in effect for any student.

Adding and dropping classes are functions which must be completed via arrow (arrow.ulm.edu). A grade of F will be assigned to a student who does not drop the course from his/her schedule. A student may drop any subject with a notation of W (withdrawn from class) within the time limit specified in the University calendar. Withdrawals during that period carry no academic penalties.

COURSE DROP AND RESIGNATION POLICY

After enrolling in classes on the web, a student who wishes to resign from the University must (a) drop to "O" hours on-line on the dates and times specified in the Registration Schedule Calendar or (b) notify the Registrar's Office in writing [by letter or fax] of his/her wish to resign.

Students may drop courses or resign (when class load drops to zero hours) from the institution with grades of "W" prior to a date specified in the official University Calendar. That date is generally three weeks after mid-semester in a regular semester and the equivalent period in a summer session. After that specified date, students may not drop a course or resign. Drop dates for short courses will vary depending on the length of the course; these dates are published in the current issue of the Schedule of Classes. Students who have extraordinary cases with extenuating circumstances may submit to their

academic dean a letter of appeal, along with documentation to substantiate the case. Extraordinary cases do not include dissatisfaction with an anticipated grade or the decision to change a major. Approval of an appeal for dropping a course or resigning after the published date may be granted by the student's dean for reasons stated below and only if the reason can be officially documented to show direct due cause. If approval to drop a course is granted, the student must also have been passing the course immediately prior to the hardship, and must have applied for the approval immediately after the hardship or illness ended. The grade assigned shall be a "W." If the dean allows the student to resign, a "W" grade shall be assigned in all courses. If the appeal is approved, the dean will notify the instructor and the Registrar. Examples of appealable cases are as follows:

1. Illness/Injury—The student must provide a letter on official stationery from the attending physician stating that the illness or injury will render the student unable to complete the course, or will cause the student to miss a significant number of days so as to make it difficult to complete the course. A hospital bill may also be used.
2. Death of an immediate family member which caused undue hardship and renders the student incapable of completing the course—The student must provide a copy of the death certificate, obituary stating relationship to the deceased, or letter from the attending clergy.
3. Natural disaster or exceptional traumatic event (documentation will be required)—The student must provide a written explanation of extenuating circumstances providing this event causes the student undue hardships.
4. National Defense—The student must provide a copy of official military orders.

Grades of "F" will be assigned to students who do not complete the enrollment period and who have not officially dropped their courses or resigned.

An appeal for a change in official academic records must be made no later than 30 days after the end of the semester or term in which the alleged error in academic records occurred.

CHANGES OF CURRICULA/CATALOG

After their first registration, students will not be permitted to change curricula except on the advice and consent of the academic deans of both colleges concerned. A Change of Curriculum Request form must be used, and the proposed change is not official until the required approvals have been obtained and the slip has been filed in the Registrar's Office. When students change their major after the last date for adding courses in a semester or summer session, the change does not become effective until the next period of enrollment. If a new catalog is in effect when the change becomes official, the student will be subject to regulations of the new catalog.

Students who interrupt their college work for two or more calendar years, students who change their curriculum, or students who enroll in programs requiring a new application will graduate according to the requirements of the catalog in effect at the time of their re-entry or curriculum change. It should be noted, however, that class prerequisites must be completed as prescribed by the most current catalog, regardless of the catalog or curriculum in effect for any student. Students must change catalogs if they change their major, apply for admission or readmission, or gain admission to a professional program (except for teacher education majors).

ACADEMIC PROBATION, SUSPENSION, AND READMISSION REGULATIONS

The following regulations were adopted by The University of Louisiana System Board of Supervisors and went into effect at ULM the Fall 1995 Semester:

Probation and suspension regulations listed below apply to all students except those enrolled in the professional programs of Nursing and Pharmacy. Refer to the catalog sections of the College of Health Sciences and College of Pharmacy for respective probation and suspension regulations.

These are minimum standards and are administered by the Council of Academic Deans.

ACADEMIC PROBATION. Undergraduate students will be placed on academic probation whenever their cumulative grade point average (GPA) is ten or more quality points below a 2.0. This condition exists when the cumulative quality points (QPTS) is less than twice the quality hours pursued (QHRS) minus 10. Thus, if $QPTS < (2 \times QHRS) - 10$, the student is on probation. Quality points are determined by multiplying the numeric course grade (A=4, B=3, C=2, D=1, F or I=0) by the course's credit hours (e.g., an A in a 3-cr. course produces $4 \times 3 = 12$ quality points). Cumulative quality points is the student's total quality points. Quality hours pursued is the sum of the credit hours for all courses in which a grade of A, B, C, D, F, or I is received. Both QPTS and QHRS are printed on student's transcript and semester final grade report. Example: Consider a student whose QPTS is 68 and whose QHRS is 40. For this student, $(2 \times QHRS) - 10 = (2 \times 40) - 10 = 80 - 10 = 70$. Since the student's QPTS is 68, a value less than 70, the student would be placed on probation.

1. Once on academic probation, a student will remain on probation (as long as each semester or summer session GPA is at least 2.0) until a cumulative GPA of 2.0 or higher is achieved. Individual institutions are encouraged to provide academic advising and/or intervention for these students.
2. Once a cumulative GPA of 2.0 or higher is achieved, a student will be placed in academic good standing.

3. Transfer students may be admitted on probation pending the receipt of official transcripts (credentials) to determine academic status.

ACADEMIC SUSPENSION. Undergraduate students on academic probation will be suspended from the institution at the conclusion of any semester or summer session in which they fail to earn a GPA of at least 2.0. First-time freshmen will not be suspended prior to the completion of two terms of enrollment.

1. Students suspended for the first time at the end of the spring semester may attend summer school without appeal. If these students raise their cumulative GPA to 2.0 or higher, they are placed in academic good standing and their suspension periods are lifted. They may then attend the fall semester without appeal. If they do not raise their cumulative GPA to 2.0 or higher in the summer session, the suspension for the fall semester is in effect. In this case, only one suspension is counted against the student.

2. Students suspended for second or subsequent suspension at the end of the spring semester may also attend summer school. To be readmitted to any semester other than the summer session, they must appeal.

3. Universities in the System shall have one semester suspension, except for second or subsequent suspensions that shall be for one calendar year.

4. An undergraduate student suspended from a System university may not enroll in another university within the System, but may enroll in a community college with approval of both the suspending institution and the community college. Credits earned under these conditions may be accepted for a degree at the suspending institution provided grades of "C" or higher are earned in each of the courses to be transferred.

APPEAL. Students suspended for scholastic deficiency at The University of Louisiana at Monroe may appeal through their academic dean for immediate reinstatement. The appeal from academic suspension consists of a letter of appeal written by the student to the academic dean explaining any extenuating circumstances responsible for poor academic performance. Complete validating documentation to support the circumstances and to demonstrate that circumstances are now such that the student could reasonably be expected to do satisfactory academic work, if reinstated, should be submitted with the letter of appeal. Gaining readmission in this manner permits students to continue in the University, but it does not erase the "Academic Suspension" entered on their record.

Transfer students who have been suspended from other systems may appeal to enroll at System institutions during the academic suspension period only if they have a 2.0 cumulative average. Appeals may be granted or denied.

ACADEMIC RENEWAL

Academic renewal provides the opportunity for a fresh start for those students who have had academic difficulties in the past but are ready to commit themselves

to scholastic success. Students who wish to apply for academic renewal, also called academic clemency, academic forgiveness, or academic bankruptcy, must meet certain criteria and follow the established application procedures. One of the essential criteria for qualifying for academic renewal is that at least three calendar years must have gone by since the end of the semester in which the student was registered for credit at any college or university and the beginning of enrollment under academic renewal. A student may apply for academic renewal at any time during his/her enrollment in the University as long as this minimum period has lapsed. A student can receive academic renewal only once in his/her undergraduate career, regardless of the number of institutions attended. The graduate level does not offer or recognize academic renewal. Also, the awarding of academic renewal does not affect a student's financial aid history.

If a student is eligible, he/she may begin the academic renewal process by submitting a written petition to the dean of his/her college. In the petition the student will explain the changes that he/she has made that will give the University reason to believe that the student will experience academic success and will perform satisfactorily in the succeeding semesters. A transfer student who has previously been granted academic renewal elsewhere may apply for consideration of transfer of academic renewal to ULM. He/she should use the application procedure described above. If academic renewal is granted, the dean will notify the student and the Registrar, and the Registrar will effect the necessary transcript and records changes.

After a student has been granted academic renewal, the date that the renewal was approved will be noted on his/her transcript, and the transcript also will note that all of the student's previously-earned hours and quality points will neither be used to compute his/her GPA nor will they be applied toward his/her program of study. The student's prior academic history will be included in and will remain a part of his/her overall academic transcript and record. The status of a student who receives academic renewal will be based upon the subsequent credits that he/she earns, and the student will follow the guidelines of the appropriate catalog(s).

Other institutions have their own policies and may or may not accept academic renewal as granted at this institution. In addition, when considering applications for admission, many undergraduate professional curricula, graduate schools, and professional schools choose to compute the undergraduate grade point average over all of the hours attempted.

REQUIREMENTS FOR DEGREES

Candidates for the associate and bachelor's degrees must accomplish the following:

1. Apply for graduation with their academic dean at the time of registration in the last semester or summer session in which candidates complete

degree requirements. If all course work has been completed, students must register in absentia.

2. Complete all of the coursework in one of the curricula as outlined in one issue of The University of Louisiana at Monroe Undergraduate Catalog. Students are responsible for knowing degree requirements. Students are normally guided by the Catalog in effect at the time of their first enrollment at this University. However, where feasible and academically sound, students may elect any issue of the ULM catalog in force during their residence at this or any other accredited collegiate institution of higher learning, provided this residence is continuous in the same major. Students who interrupt their college work for two or more calendar years, students who change their curriculum, or students who enroll in programs requiring a new application will graduate according to the requirements of the catalog in effect at the time of their re-entry or curriculum change, unless they have departmental approval to choose an updated curriculum for graduation requirements (see *Curricula/Catalog Changes*). Students must receive academic dean's approval for course substitutions used to satisfy degree requirements.
3. Complete at least 25% of the semester credit hours required for the degree through instruction offered by The University of Louisiana at Monroe. One-third of the credit hours required in the major and minor must be included in the 25% degree requirement.
4. Have an overall average of C (2.0) in all work to be credited toward the degree for which they are applying, including a C average in the major field and a C average in the minor field (if any) and a minimum grade of C in English 101, 102, and the first non-developmental mathematics course required in the major field.
5. Be present for commencement unless prior approval is granted by their academic dean.
6. Pay in full all accounts with the University prior to commencement.
7. Refer to individual college and/or program sections regarding additional course, grade and grade point average, and residence requirements specific to the degree to be earned. Refer to the current *Graduate Catalog* for graduate degree information and requirements.
8. Be enrolled in the curriculum in which the degree is to be conferred. A student's diploma reflects the degree designation as specified by the Board of Regents.

GRADUATION AVERAGE

The graduation average is the corrected average figured on coursework earned toward the degree. When a student repeats a course, the last grade received shall be accepted as the final grade in determining graduation

requirements. Students receive their diplomas based upon their individual graduation averages.

DEGREES WITH HONORS

Baccalaureate and Doctor of Pharmacy degrees are awarded cum laude to students whose cumulative grade point average falls within the range of 3.500 through 3.749, magna cum laude to students whose cumulative grade point average falls within the range of 3.750 through 3.899; and summa cum laude to students whose cumulative grade point average falls within the range of 3.900 through 4.00.

The cumulative average is the uncorrected average figured on all courses attempted, which includes ULM, transfer, and repeated courses. An 'A' grade equivalent must be determined for credit (CR) grades awarded to a student for international transfer coursework in order for the student to receive highest honor-graduate recognition. Only students receiving a baccalaureate degree are eligible to be recognized for honors.

REQUIREMENTS FOR SUBSEQUENT OR SIMULTANEOUS DEGREE

Students may earn subsequent degrees in a different major provided all requirements are met for the additional degree. The additional degree may be awarded simultaneously with another degree or at a later commencement. Students should consult the Registrar for procedures and requirements. No more than 50 percent of the major coursework applied toward one degree may be shared among other degrees awarded at ULM. The following additional requirements apply:

1. Students must earn a minimum of 30 hours at ULM excluding repeated courses, in addition to the total required for the first degree (15 additional hours for an associate).
2. An associate in General Studies may not be awarded simultaneously with or subsequent to other degrees. A Bachelor's of General Studies may be awarded only once, regardless of the various major concentrations. A simultaneous degree in General Studies may be earned only if the Major Thematic Concentration Group does not include the academic area in which the student is presently pursuing a degree.
3. An associate degree may not be awarded with or after an upper-level degree in the same major. Degrees may be earned in different areas, such as an A.A. in Criminal Justice and a B.A. in English, or an M.Ed. in Counseling and an A.A. in Criminal Justice. An Associate in General Studies may not be awarded once the Bachelor's degree or higher is earned.
4. A second degree may not be awarded in General Business if the first degree is in any other field in business.

REQUIREMENTS FOR THE SECOND MAJOR

Students may fulfill all requirements for a second major by earning credits in the courses of the second major field which are required according to the course outline. Supporting courses will not be required. Work for the second major must be of the same quality as that required for the first. A student's diploma reflects only the degree designation as specified by the Board of Regents.

REQUIREMENTS FOR A MINOR

Requirements for a minor for those students pursuing bachelor degrees may be found under 'Requirements for a Minor' in the Courses of Instruction section in this catalog. Students pursuing associate degrees cannot earn a minor. Minor subject areas are not posted on a transcript subsequent to the completion of a bachelor's degree.

HOUSING AND LIVING ACCOMMODATIONS

Campus housing is under the supervision of the Director of Residential Life. Students should apply to the Residential Life Office in the Bayou Commons Suite Office for residence hall reservations. Students residing in university housing must abide by all university policies and procedures, student code of conduct as outlined in the Student Policy Manual and The Guide to Residence Hall Living.

The following policy, approved by the University of Louisiana System Board of Supervisors, governs student residence on the campus: "ALL UNMARRIED FULL-TIME UNDERGRADUATE STUDENTS, UNDER TWENTY-ONE YEARS OF AGE ARE REQUIRED TO LIVE IN ON-CAMPUS RESIDENCE HALLS AS LONG AS SPACE IS AVAILABLE."

In order to be fair and consistent in considering exemptions from the on-campus residency requirement, students who believe they meet the criteria for an allowable exemption should first contact the Office of Student Services for correct information concerning appropriate procedure and documentation. Students seeking exemption from the requirement must complete and submit an Off-Campus Housing Request application form obtained in the Office of Student Services. This request must be made THIRTY (30) DAYS prior to the first day of registration for the semester of the exemption. Approval to live off campus must be granted from the Office of Student Services BEFORE the student makes any binding arrangements to live off campus. STUDENTS VIOLATING THE HOUSING POLICY WILL BE REQUIRED TO MOVE INTO THE RESIDENCE HALL SYSTEM AND PAY FULL ROOM AND MEAL CHARGES FOR THE PERIOD IN WHICH THE VIOLATION OCCURRED. The allowable exemptions are:

1. Students living with their parents within a 50-mile radius of Monroe are automatically approved to commute. To qualify for this automatic exemption, you must have graduated from high school in one of the following parishes: Bienville, Caldwell, Catahoula, Claiborne, East Carroll, Franklin, Jackson, LaSalle, Lincoln, Madison, Morehouse, Ouachita, Richland, Tensas, Union, West Carroll, or Winn.
2. If you live with a married brother, sister or grandparent in permanent housing (not apartment). ONLY these relatives are allowable and the student must submit notarized letters of permission from both the relative and the parents.
3. If you are classified as a veteran with at least twenty-four (24) months active duty. A Form DD-214 must be submitted.
4. If you live in property owned by you or your immediate family. A copy of the deed, bill of sale, or title must be submitted along with a utility receipt.
5. If you have a severe medical problem, a ULM MEDICAL RECORDS RELEASE FORM must be completed in the Office of Student Services. Allergies are not generally considered to be a severe medical condition.
6. If you are TWENTY-ONE (21) years of age or older.
7. If you are a part-time student. A statement must be signed in the Office of Student Services.
8. If you are a graduate student.

Students who have been denied an exemption for off-campus living by the Office of Student Services may appeal in writing to the Housing Appeals Committee. Please note that decisions rendered by the Housing Appeals Committee will be final.

Halls for females include Ouachita and Masur South. Halls for males include Madison and Masur North. The apartments and the suites are Co-Ed within the buildings but they are same sex within a suite or apartment or by floors.

Madison Hall (males only) and Ouachita Hall (females only) have been renovated. Each room has individually controlled heating and air conditioning units, high-speed data connections as well as cable TV, HBO and telephone connections.

The apartments are reserved for graduates and upperclassmen by: cumulative GPA and classification rank. The minimum allowable GPA is a 2.3. Each apartment is fully furnished; they include a washer and dryer as well as a kitchen equipped with a stove, refrigerator, microwave and dishwasher.

Private rooms are available in some residence halls at an additional cost when space is available. All students living on campus are required to contract for on-campus meals. Both room and meal contracts are executed on a semester basis.

All dining facilities on campus are closed when classes are not in session. Resident students unable to obtain accommodations off campus during semester

breaks, should contact the Director of Residential Life for any specific arrangements that might be provided during these times by the University. These arrangements will usually be provided for an additional fee.

Students residing on campus are expected to furnish bed linens, mattress pads, blankets, pillows, towels, other personal articles and a telephone. A standard modular telephone jack is furnished and the telephone service is furnished at no additional cost. The telephone line accepts both modular equipped push button phones as well as a rotary dial phone. Cable TV, including HBO, is furnished in each room at no additional cost to the students. Microwaves and refrigerators (4.3 cu. ft. or smaller) are other optional items allowed.

The University reserves the right to (1) deny the residence request of any prospective students, change the residence hall or room assignment, or cancel residence accommodations of any student; (2) enter and inspect any student's room at any time when cause prevails; and (3) require immediate payment for damages to furnishings and/or physical structure.

RESIDENCE HALL ROOM RESERVATIONS

A \$25 non-refundable application fee and a \$50 non-refundable room reservation fee must accompany each housing application. A student entering the Residential Life system and properly maintaining occupancy for continued semesters would only pay the application fee once. The room reservation fee must be paid prior to an assignment being made.

Any student not returning to the residence hall system by a designated deadline, may re-enter by filling out a new housing application and they must also submit a \$25 fee and a \$50 room reservation fee prior to being given a room assignment.

A student moving into a fraternity house must have the approval of the Office of Student Services. Students removed from the fraternity must return to the resident hall system if they are required to leave the fraternity house unless the student meets off-campus requirements.

UNIVERSITY HEALTH SERVICE

STUDENT HEALTH SERVICES POLICY

Student Health Services

It is well known that college students have special health concerns such as sports injuries, sexually transmitted diseases, women's health, mental health, and other communicable diseases such as hepatitis and meningitis. ULM Student Health Services recognizes these concerns and stands ready to provide information and treatment for these problems, as well as general medical services for all students. Student Health Services is also available to address any of your immunization compliance questions and needs.

Our newly constructed Student Health Center located on the corner of University and LaSalle streets is staffed by Board Certified family practice and women's health Nurse Practitioners. Clerical personnel are available to handle your billing and referral needs. An immunization specialist is also available to answer your immunization compliance questions. Call 342-5238 for your immunizations questions.

General Information

Appointments are preferred but walk-ins are welcome and will be seen based on scheduling availability and severity of illness. Student I.D. cards are required for service. No excuses will be provided for missed classes. Call 342-1651 to schedule an appointment.

Current Services

Board certified nurse practitioners can provide many types of services and treatments for students such as:

- Screening and treatment of sexually transmitted diseases
- Immunizations
- Allergy injections
- Non-narcotic prescriptions and over the counter medications
- Women's health
- Mental health
- Minor surgical procedures
- Family health sickness or wellness visits
- Complete laboratory services
- Physical exams

Hours of Operation

Student Health Services business hours coincide with the University's hours of operation. Health Services are not available when classes are not in session. In the event of an emergency students should dial 1-911 on campus and 911 off campus. During non-operational hours, students should seek medical treatment with their personal physician or at any of the local emergency rooms or walk-in clinics.

Student Fees

Most medical services will be covered by your student health fee. Additional fees may be incurred for some procedures deemed necessary by your practitioner. Questions about fees owed and instructions for filing your medical claims is available. Fees incurred are the responsibility of the student. Students are expected to pay when services are rendered. Call (318) 342-1651 for additional information.

Immunization

New students seeking enrollment at ULM should receive a Proof of Immunization Compliance Form from the Admissions Office, Student Health Services, or on-line at www.ulm.edu (follow the link of prospective students). Directions for completing the form should be read to insure adequate documentation. Return the completed form to Student Health Services, Immunization Program, 1140 University Ave., Monroe, LA 71209. The form must be returned to Student Health Services for the student to complete registration. Forms may be faxed to 342-5239.

Student Injury and Sickness Insurance

Enrolled domestic students have available to them a plan of group student injury and sickness insurance. This plan is MANDATORY FOR ALL INTERNATIONAL STUDENTS enrolled at the University. In the fall semester, applications and policy information are mailed directly to the student from the insurance company following the close of telephone registration. In the spring and summer semesters, enrolled students may obtain the application and policy information from the Student Services Department located in the Student Union Building, Room 161. ALL QUESTIONS CONCERNING THE INSURANCE COVERAGE MUST BE ANSWERED BY THE INSURANCE COMPANY BY TELEPHONING THEIR TOLL FREE NUMBER. At the time of registration, the University will automatically assess international students the insurance premium each semester unless they can provide proof of adequate government-sponsored coverage or personal insurance coverage including medical evacuation (benefits to be paid for the evacuation of the insured person to the home country) and repatriation (benefits to be paid for preparing and transporting the remains of the deceased's body to the home country). An embassy letter or personal insurance policy must be submitted to the Student Services Department for review if an international student requests exemption of the cost and subsequent enrollment in this mandatory insurance plan. Request for exemption must include supporting documentation and must be made prior to registration for the semester of enrollment.

Counseling Services

The challenges of college life require a variety of personal strengths and problem solving skills. The Counseling Center's professionally trained counselors are available to help students enhance their strengths and develop their abilities to effectively manage their experiences of living, learning, and growing at ULM.

The Counseling Center offers many free and confidential services to undergraduate, graduate, and professional students. These services include individual, couples, and group counseling, consultation, and assistance with referrals. Counselors assist students in meeting their increased academic, personal, and social demands. Substance abuse prevention, education,

intervention, counseling, and referral services are available. The Counseling Center also provides direct crisis intervention services for ULM students. These services may include ongoing counseling, referral to University or community resources, or consultation for faculty and staff facing a crisis situation.

In addition, counselors design and implement outreach workshops and programs to student classes, groups, organizations, and residence halls. These presentations, which are available upon request, educate students on a wide range of issues related to personal growth, mental health, and enhanced academic performance.

The Counseling Center, located in the Student Health and Counseling Center, is open Monday through Thursday from 7:30 a.m. to 5:00 p.m. and Friday from 7:30 a.m. to 11:30 a.m. Students may schedule an appointment by calling 342-5220. Emergency care on week nights and weekends may be obtained by contacting the University Police Department at 342-5350. UPD contacts a counselor who will then respond immediately to the student in crisis.

Services for Students with Special Needs

The University of Louisiana at Monroe strives to serve students with special needs through compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act. A student with a physical disability or learning disability who needs accommodations should make arrangements for the Counseling Center to notify their professor of their needs at the beginning of the course. Students may contact the Counseling Center at 342-5220 for an appointment. The Center offers a number of opportunities to students with special needs, and works with the student to eliminate or lessen obstacles to their education. Services of the Center include the provision of support to students with permanent or temporary exceptionalities, individual counseling, and assistance with academic accommodations.

Housing accommodations, as well as designated parking for these students are facilitated by other departments on campus.

Mobility Impaired Parking Procedure

An Application for Mobility Impaired Parking Permit and a memo, which are to be presented to the attending physician, can be obtained from the University Police Department or they can be downloaded at www.ulm.edu/~police/parkreg.html. Students must have their physician read carefully the memo and complete and sign the application which verifies their disability. Students must present the completed form to the University Police Department for approval. The University Police Department will provide students with a decal which designates the length of time they are eligible to receive mobility impaired parking. Students with temporary injuries who apply for mobility impaired parking will be

assigned parking privileges for the anticipated length of recovery. Re-application for the permit is necessary if the condition persists beyond 90 days. For any impairment that is considered permanent by your physician, recertification must be done each Fall for the academic year.

TESTING CENTER

The primary purpose of the Testing Center is to provide students with information regarding national testing programs and correspondence courses. The Testing Center coordinates all national examination administrations on the ULM campus, including: ACT, CLEP, GRE, LSAT, MCAT, PCAT, PRAXIS, and TOEFL. The Testing Center is the only authorized test administrator at ULM for correspondence, independent study, or any course exam administered at ULM on behalf of other institutions, regardless of a student's enrollment status at ULM. The ULM Testing Center approves and coordinates all requests for such exams.

The Testing Center offers CLEP, GRE, HOBET, PRAXIS, and TOEFL via computer on scheduled test days. Candidates are able to work at their own pace within the allotted testing time. Because seating is limited, it is recommended that students schedule their examinations a minimum of 4-6 weeks in advance to ensure receipt of scores before individual program deadlines.

Contact the Testing Center for additional information (305 Filhiol Avenue, 318-342-5336, or testing@ulm.edu).

VEHICLE REGISTRATION

All students, faculty, staff, and other employees of the University must register any motorized vehicle which is to be used on the campus. This registration must be completed immediately after bringing the vehicle on campus. Prior to registration, a vehicle use fee must be paid by each student using a vehicle.

Failure of any student, faculty, or staff to register a vehicle, or pay any fine for traffic citation, together with any administrative fee which may be assessed in connection therewith, may result in disciplinary action, which could include denying the parking of a vehicle on the campus.

VETERANS AFFAIRS

The Office of Veterans Affairs, located in the Administration Building, Room 1-109 on campus, assists all veterans and dependents in establishing eligibility to receive veterans education benefits at ULM. Requirements to receive benefits are that admission to the University is imminent, a DD-214 (military separation document) is submitted, and an application for veterans benefits is completed, along with a statement of the tentative number of hours in which a veteran plans to enroll. Additional information may be obtained by calling

the Veterans Affairs Office at (318) 342-5223 or 5224 or sending an email to veterans@ulm.edu.

VETERANS EDUCATIONAL BENEFITS, CHAPTER 30 (NEW GI BILL), CHAPTER 32 (VEAP). The ULM veterans liaison counselor assists the veteran in establishing eligibility to receive veterans educational benefits at ULM. Requirements are that admission to the University is imminent, a DD-214 (separation papers) is submitted, and an application for veterans benefits is completed along with a statement of the tentative number of hours in which a veteran plans to enroll. This and other necessary information allows the counselor to enroll the student with the Department of Veterans Affairs Regional Processing Office in order to generate the appropriate monthly payments. Promptness is imperative because it affects the date of the student's payment.

DEPENDENTS EDUCATIONAL ASSISTANCE ACT, CHAPTER 35. Students between the ages of 18 and 26 who are eligible to receive educational benefits because of the death of a parent in active military service or because of a service-connected disability should establish their eligibility with the Department of Veterans Affairs Regional Processing Office. Spouses of service-connected, totally disabled veterans, as well as widows or widowers of veterans who died of service-related causes, may also qualify for Dependents Educational Assistance. At each registration these students must register with the Veterans Affairs Office.

Dependents and veterans should check with the Veterans Affairs Office regarding tutoring and study skills.

SELECTED RESERVE EDUCATIONAL ASSISTANCE PROGRAM, CHAPTER 1606. This program is to provide educational assistance and to encourage membership in units of the Selected Reserve of the Ready Reserve of any of the Reserve Components of the Armed Forces. Persons eligible for this program must provide proof of eligibility by presenting a Notice of Basic Eligibility which has been provided by the person's respective military unit and signed by the Education Services Officer at Jackson Barracks, New Orleans, LA. Dependents are not eligible for this program. Educational Assistance is payable for undergraduate, graduate, and non-college degree programs at institutions of higher learning. Deficiency or remedial courses will not be paid unless the eligible person has executed a new six-year contract after September 30, 1990.

VOCATIONAL REHABILITATION, CHAPTER 31. Persons who are eligible to receive educational benefits because of a service connected disability should establish their eligibility with the Department of Veterans Affairs Vocational Rehabilitation and Counseling Unit in Shreveport, Louisiana. A DVA Form 28-1905 (issued by the Shreveport office) must be received by the ULM VA Office before benefits may be certified. At each registration these students must register with the Veterans Affairs Office.

A 'School Information Form' must be completed before any benefits may be certified. This form can be obtained from and must be filed with the Veterans Affairs Office prior to the beginning of each fall semester.

Students who are transferring may not be fully certified for DVA benefits until official transcripts (directly from one university to another) from all universities previously attended have been forwarded to the Office of the Registrar. This is the responsibility of the student.

Beginning freshmen eligible to receive DVA educational benefits (except those receiving Chapter 1606) may enroll in the Undeclared/Interim option not to exceed a maximum of 24 semesters hours (including military credits and excluding remedial courses). Afterwards, they must select and transfer to degree-granting majors.

Chapter 1606 participants, continuing or transfer students must select degree-granting majors upon initial enrollment at ULM.

ALL STUDENTS DRAWING DVA EDUCATION BENEFITS must submit each semester or summer term a "Certification Letter" which lists all currently enrolled courses that apply to the degree program.

ACTIVITY CENTER

Intramurals - Wellness - Recreation

ULM's 88,000 sq. ft. Activity Center is one of the finest multi-purpose recreational facilities in the region. The Activity Center houses the University's Intramurals, Wellness and Recreation Programs, which are open to students, faculty and staff. Students pursuing 4 or more credit hours are automatic members and gain admittance by presenting their valid ULM ID. Part-time students, faculty and staff are invited to join for a nominal fee.

The Intramural program sponsors competition in more than fifty events each year. Intramural activities are organized into men's and women's individual and team, and co-recreational divisions. Recreational equipment is available for check out through the service center with presentation of a valid I.D.

ULM's Wellness Program is comprehensive in nature and serves the University community. Components of the program include but are not limited to: health promotion and disease prevention education, programs and services (fitness assessments, exercise prescriptions, exercise classes and related seminars, wellness counseling, nutritional counseling and dietary analysis).

INTERCOLLEGIATE ATHLETICS

The University of Louisiana at Monroe sponsors intercollegiate programs for both men and women.

The men's program sponsors seven sports: baseball, basketball, cross country, football, golf, indoor and outdoor track and field. The women's program sponsors nine sports: basketball, cross country, golf, soccer, softball, tennis, indoor and outdoor track and field, and volleyball. These sports are conducted in the National Collegiate Athletic Association's highest classification—Division I. The University is a member in good standing of the NCAA, the major governing body of intercollegiate athletics. All sports programs at ULM are conducted within

the framework of NCAA and Sun Belt Conference regulations concerning student eligibility and other facets of the program.

Athletic scholarships are provided to outstanding men and women athletes in each sport.

Major Campus Activities

CAMPUS ACTIVITIES: Student Government Association and Campus Activities Board.

STUDENT PUBLICATIONS AND PRODUCTIONS: Pow Wow (weekly newspaper); Chacahoula (yearbook); The Helicon (literary magazine), Campus Close-up and ULM Journal (television programs), KXUL (student radio station). The Pow Wow and Chacahoula are members of the Associated Collegiate Press. KXUL is a member of Collegiate Broadcasters, Inc.

GENERAL STUDENT ACTIVITIES: Week of Welcome; Homecoming; "Miss ULM" Pageant; Play Productions; University Elections; Debate and Forensics; Spring Fever Week; University Arts Festival; Spirit Groups; Military Ball; Las Vegas Night; and Student Organizational Skills.

MUSIC GROUPS: Symphonic Band; Concert Band; Marching Band; Concert Choir; University Chorale;

Chamber Singers, Opera Chorus; Madrigalians; Interdenominational Ensemble; Jazz Ensemble; Brass Ensembles; Woodwind Ensembles; Percussion Ensemble; ULM Symphony Orchestra.

KXUL, the 8,500 watt student-operated FM station (91.1MHz) is on the air 24 hours each day, throughout the year. Licensed as a Non-commercial Educational station by the F.C.C., the station provides entertainment and information for its audience and broadcast experience for its staff. The programming ranges from alternative contemporary music, to news, to local artists. Additional station information and live audio streams are available worldwide via the Internet at <http://kxul.com>. Studios and offices are located on the first floor of Stubbs Hall.

KEDM Public Radio

KEDM 90.3 FM is a full power, public radio station that has served Northeast Louisiana and Southern Arkansas since 1991. With professional studios located on the second floor of Stubbs Hall, KEDM provides students and faculty with the opportunity to work with state-of-the-art digital equipment and produce locally oriented programming that promotes the resources of ULM and the arts and culture of Northeast Louisiana. Opportunities exist for volunteers and part-time employees.

STANDARDS OF CONDUCT FOR STUDENTS

ULM Code of Student Conduct

Section Five

- 5.01 Each student and/or guest assumes an obligation to obey all University rules and regulations made by properly constituted authorities.
- 5.02 The "Standards of Conduct for Students" outlines behavior expected by the University. Standards of conduct covering all aspects of human behavior cannot be written; therefore, omission of an offense from the written "Standards of Conduct for Students" does not prohibit the University from bringing charges for that offense. Municipal, Parish, State and Federal statutes cover many types of behavior not specified in University regulations.
- 5.03 Conduct regulations for students attending The University of Louisiana at Monroe and for officially recognized student organizations are designed to create and to promote a wholesome educational environment. Student and student organization conduct in the environment of an institution of higher learning is expected to be exemplary at all times. Conduct regulations at the University require each student and student organization to exercise respect for Federal, State, Parish and Municipal laws and to conduct personal affairs and activities both on and off campus to reflect credit both to the student, to the student organization, and to the

University. To promote this goal, the University does not permit the following activities:

Acts Contrary to Public Health and Safety

- 5.03:01 Littering or throwing any object from a vehicle or a University facility to include intentionally throwing any object onto the competing surface of an athletic event.
- 5.03:02 Possession of, display of, discharge of, use of, sale of, or attempt or threat to use firearms, ammunition, explosives, fireworks, or other dangerous weapons, substances or materials of any kind on University property or at any University approved activity.
- 5.03:03 Any act of arson or setting a fire on University property without proper authority.
- 5.03:04 Swimming, floating, or wading in the bayou on University property. Fishing in the bayou from a bridge on University property.
- 5.03:05 Tampering with or removing from its proper location, fire extinguishers, hoses, or other fire or emergency equipment, except when done with reasonable belief of real need for such equipment.
- 5.03:06 Failure to comply with Traffic and Parking regulations for automobiles, motorcycles, bicycles, skates, skateboards, rollerblades, or any other vehicles and regulations for pedestrians; misuse or theft of staff or student parking decals. This standard includes storing or parking a gasoline-powered motorcycle, motorbike, moped or a container containing gasoline or other highly flammable liquids inside a University building.

Acts Contrary to Orderly Activities

- 5.03:07 Falsely reporting a fire or other emergency; falsely setting off a fire alarm; unauthorized use of emergency exits.
- 5.03:08 Falsely reporting the presence of an unlawful explosive or incendiary device with the intent to mislead, deceive, or disrupt the operation of the University or a scheduled event sponsored or co-sponsored by the University.
- 5.03:09 Rioting, inciting to riot, assembling to riot, raiding, inciting to raid, or assembling to raid University personnel, buildings or other University property.
- 5.03:10 Participation in harassment, in any group demonstration, sit in, or disorderly conduct which disturbs the orderly

activities and processes of the University or infringes on the rights of other students or University personnel.

- 5.03:11 Sitting, obstructing or placing items such as books, purses, drink containers, etc., in hallways, stairways, walkways, or building entrances or exits.
- 5.03:12 Intentional obstruction, disruption or interference of teaching, research, administration, disciplinary procedures or University-authorized activities or events.
- 5.03:13 Intentional interference with the right of access to University facilities or with any other lawful rights of any person on campus.
- 5.03:14 Visitation of other college or university campuses or industrial sites, or any other property (private, public, or corporate) for the purpose of defacing or destroying said institutions or property or of disrupting the normal activities of such said institutions or property.
- 5.03:15 Abusive, drunken, violent or excessively noisy behavior or expression on University property or at University authorized activities.
- 5.03:16 Intentionally delaying, obstructing or resisting persons who identify themselves as Residential Life staff members, faculty members, University Administrators, University Police Officers or other law enforcement officials, fire officials, or other University employees in the performance of their duty.

Acts Contrary to Property Rights

- 5.03:17 Trespassing.
- 5.03:18 Vandalism, malicious or ignorant destruction, damage, disfigurement or misuse of public or private property including library materials.
- 5.03:19 Unauthorized entry or use of University facilities or any violation of University rules regarding the use of University property.

Acts Contrary to Individual Rights

- 5.03:20 Discriminatory behavior against any member of the University community.
- 5.03:21 Engaging in oral or written speech that is directed to inciting or producing imminent lawless action and/or is likely to incite or produce such action.
- 5.03:22 Lewd, indecent, or obscene behavior or the distribution of obscene matter on University property; this standard includes similar behavior when utilizing

- telephones, answering machines, or computer generated materials.
- 5.03:23 The threat or commission of physical violence against any person on or off University property or at any University authorized event or other conduct which threatens the health or safety of any person. This standard includes violence purposed to influence an employee's official action, and it includes intimidation and threats made toward the person bringing the charge or witnesses involved in any University disciplinary hearing.
- 5.03:24 Hazing in any form including action taken or situation created, whether on or off college or University property, which is life threatening to the individual; and kidnapping, paddling, slapping, branding, burning with a cigarette, or any such activities which are life threatening to the individual or are intended to hurt or to humiliate physically or mentally. (Please refer to the Hazing Policy in the "Student Policy Manual" for a further completed definition of hazing.)
- 5.03:25 Disrespect or inappropriate behavior at any time when dealing with students, University personnel, and the general public. This includes various degrees of obscenities and profanities.
- 5.03:26 Harassment, sexual or otherwise, of any member of the University community. Stalking or the repeated following or harassing of another person accompanied by the making of a credible threat with the intent to place that person in reasonable fear of death or serious injury.

Acts Contrary to Stated Policy

- 5.03:27 Failure to comply with the University of Louisiana System Board of Supervisors or University rules and regulations related to any areas within their jurisdiction, including but not limited to: library, residence halls, traffic, automobile usage, conduct on and off campus, conduct in the classroom, organizational activities, and use of building and physical plant.
- 5.03:28 Failure of residence hall students, their guests or visitors to comply with those rules governing conduct of students residing in residence halls.
- 5.03:29 Unauthorized occupation of any University facility; unauthorized visitation in campus residence halls.

- 5.03:30 Failure to produce identification when requested by a University Police Officer, a residence hall staff member, or other identified University Official.
- 5.03:31 Improper move out or check-in of the University residence hall system.
- 5.03:32 Unauthorized establishment of an off-campus residence.
- 5.03:33 Failure to answer a University summons or to appear for a disciplinary hearing as outlined in this Code.

Acts of Dishonesty, Misuse or Unauthorized Possession

- Violation of University Drug Policy to include:
- 5.03:34 Unauthorized or illegal possession, use, distribution, sale, manufacture or transportation of narcotics, stimulants, depressants, barbiturates, sedatives, tranquilizers, hallucinogens, marijuana and/or other similarly known drugs and/or chemicals.
- 5.03:35 Violation of University Alcohol Policy, to include: possession or consumption of alcoholic beverages or possession of alcoholic beverage containers on/off campus, underage possession or providing alcohol to underage students on or off campus or consumption of alcoholic beverages; or possession or consumption of alcoholic beverages in a University vehicle, or during any trip sponsored by the University, except as provided in University policy.
- 5.03:36 Falsification, forgery, alteration or misuse of University documents, records, identification cards or meal tickets; furnishing false information to the University with the intent to deceive.
- 5.03:37 Dishonesty or illegal gambling in any form on University property or at any University-approved activity.
- 5.03:38 Passing a worthless check or money order to the University or to a member of the University community acting in an official capacity.
- 5.03:39 Theft, larceny, shoplifting, embezzlement or the temporary taking of the property of another.
- 5.03:40 Lifting, taking or acquiring possession of, without permission, any academic, personal materials (tests, information, research papers, notes, books, periodicals, etc.) or financial information from a member of the University community. This would include copyright violations.
- 5.03:41 Giving false testimony or other evidence at any official hearing of the University or giving false information to any faculty

or staff member acting in the performance of his/her duties.

5.03:42 Academic Cheating or Plagiarism.

Other Acts of Misconduct

5.03:43 Violation of censures imposed by the Student Life Department or any other specified University Unit.

5.03:44 The commission of acts or attempted acts on or off University property, at University authorized events or on any property owned, leased, or occupied by any formal or informal organizations associated with, approved by, or identified with the University, including without limitation, any athletic club, academic club, social club, fraternity, sorority or other society, which acts or attempted acts constitute a violation of federal, state, parish and municipal law.

5.03:45 Bribing any University employee.

5.03:46 Unauthorized access to or misuse of University computers, computing systems, networks or services including services such as "Facebook" or "MySpace.com". Students using computer resources at the University must have an account issued to them and must abide by the terms and conditions stated on the account authorization form. (NOTE: Any violation or abuse of University computing equipment, or any breach of security regarding University computers can result in the loss of privilege to use University computing resources or in more serious disciplinary action.)

5.03:47 Failure to comply with directions of University Officials acting in the performance of their duties.

5.03:48 Attempting to commit, aiding or inciting others to commit or attempt to commit any act of misconduct set forth above.

Finally, to preserve the educational environment of the University Community, a student or student organization may be formally charged with a violation of the ULM Code of Student Conduct and referred to a hearing before the appropriate university administrator or unit for possible disciplinary action when as a result of misconduct the student is:

5.03:49 Convicted of a felony.

5.03:50 Formally charged by civil authorities with the commission of a felony of such nature that the student's or student organization's continued presence at the University is potentially dangerous to the health, safety, and educational environment of the University community; or

5.03:51 When there is strong convincing evidence that the student or student organization against whom civil authorities have not brought charge or imposed penalties has committed a felony of such nature that the student's or student organization's continued presence at the University is potentially dangerous to the health, safety, and educational environment of the University community.

Academic Cheating and Plagiarism

I. Definitions:

A. Academic cheating includes the accomplishment or attempted accomplishment of the following:

- * 1 Copying or obtaining information from another student's test paper.*
 - ** 2. Using, during a test, materials not authorized by the person giving the test.
 3. Collaborating, conspiring, or cooperating during a test with any other person by giving or receiving information without authority.
 4. Stealing, buying, or otherwise obtaining all or part of an unadministered test.
 5. Selling or giving away all or part of an unadministered test or any information concerning specific questions and items on an unadministered test.
 6. Requesting, bribing, blackmailing, or in any other way causing any other person to obtain an unadministered test or information about an unadministered test or a test in the process of being administered.
 7. Substituting for another student, or permitting any other person to substitute for oneself, to take a test.
 8. Submitting as one's own, in fulfillment of academic requirements, any theme, report, term paper, essay, other written work, art work, painting, drawing, sculpture, musical composition, or other art work prepared totally or in part by another person.
 9. Any selling, giving, or otherwise supplying to another student for use in fulfilling academic requirements any theme, report, term paper, essay, other written work, painting, drawing, sculpture, or other art work.
 10. Submitting artificially produced data or information in the place of descriptive, experimental, or survey results.
 11. Any other devious means of securing an unearned grade in a non-credit course or in a course offered for credit.
- * A student looking on another student's paper is considered cheating.
- ** The presence on one's person (or in close proximity thereto) of a condensation of test

information which could be regarded as a "cheat sheet" will be considered adequate evidence to establish cheating.

- B. Plagiarism is the use of any other person's work (such work need not be copyrighted) and the unacknowledged incorporation of that work in one's own work offered for credit.

II. Academic Procedures and Censures

A. Procedures

An alleged instance of academic cheating or plagiarism shall be investigated by the instructor. If he/she feels the student is guilty, the incident must be reported in writing within one week following the incident to the department head and/or the associate dean (or other appropriate administrator), who will report the incident in writing to the Office of Student Services and Judicial Affairs. The Office of Student Services and Judicial Affairs (or his authorized agent) will determine and report back to the department head and/or associate dean whether there exists any record of previous such incidents*, or if other violations of student conduct are on record for the student. With this information, the Instructor may meet with the department head (and/or the associate dean), to further discuss the incident and determine the nature of the offense and assign the appropriate penalty. If necessary, the student's academic dean may be consulted. A penalty of suspension, dismissal, or other penalties as described under "Censures" (below) may be imposed by the student's academic dean if the student's record reveals previous offenses or if the nature of the offense would call for a more severe penalty. The student and the Office for Judicial Affairs will be informed of the penalty in writing in a timely manner (any may also be informed in person) by the instructor, the department head, the associate dean, or other appropriate University administrator.

B. Censures (Penalties)

Penalties for cheating and plagiarism will generally be more severe in instances in which the student has had previous violations of University standards of student conduct (academic or non-academic), and can vary with the nature of the offense and the circumstances. At the very least, a student must be assigned a value of zero for the work involved. However, if determined appropriate, a student can be assigned the grade of "F" for the course, or, by action of the student's academic dean, can be placed on academic suspension or dismissed from a major or professional degree program following a first offense.

* A file of such incidents will be maintained in the Office of Student Services and Judicial Affairs.

III. Appeal Procedure for Ruling on Cheating or Plagiarism

A. Timelines

An appeal, if one is made, must begin within three working days of notification of the decision. Each subsequent step in the appeal process must begin within five working days of the decision rendered in the preceding step.

B. Criteria

A student may appeal a decision rendered by the process described under "II. Academic Procedures and Censures" if:

1. A procedural error has occurred.
2. New evidence has been secured. This evidence must be supported by affidavits or other supporting documentation which will be reasonably reviewed by the appropriate University Administrator.
3. The penalty is disproportionate to the violation. Clear and convincing reasons must be given to show that the penalty does not meet the test of reasonableness and fairness.
4. The decision is unsupported.

C. Process

1. It is the student's responsibility to carry the appeal to each succeeding level. Each written request shall include:
 - a. Date of letter
 - b. Student name and identification number
 - c. Course name, number, and section
 - d. Name of faculty member
 - e. Date of student/faculty conference
 - f. Statement concerning basis for appeal, with any supporting documentation
 - g. Student's legal signature
2. Appeals at different levels (general conditions for appeals apply at all levels).
 - a. Faculty member — The student must first meet with the faculty member to attempt to resolve the matter.
 - b. Department head — If the matter is not resolved with the faculty member, the student shall send a written request to the faculty member's department head for a conference with the department head and faculty member. The department head shall provide the faculty member with a copy of the written request. The faculty member shall provide the department head with a statement concerning the basis for the penalty with any supporting documentation. The department head, faculty member, and student shall meet to discuss the appeal. The department head shall notify the student and faculty member of the decision.
 - c. Dean -
 1. College of Health Sciences
If the student wishes to appeal the decision of the department head in the College of Health Sciences, a written

request for a meeting shall be sent to the associate dean of the college of Health Sciences. The department head shall provide the associate dean with a statement concerning the basis for the penalty with any supporting documentation. The associate dean shall meet with the department head, faculty member, and student to discuss the appeal and shall notify them of the decision. If the student wishes to appeal the decision of the associate dean, a written request for a meeting shall be sent to the dean of the college of Health Sciences*. The associate dean shall provide the dean with a statement concerning the basis for the grade with any supporting documentation. The dean shall meet with the associate dean, department head, faculty member, and student to discuss the appeal and shall notify them of the decision.+

2. All Other Colleges

If the student wishes to appeal the decision of the department head, a written request for a meeting shall be sent to the faculty member's dean.* The department head shall provide the dean with a statement concerning the basis for the penalty with any supporting documentation. The dean shall meet with the department head, faculty member, and student to discuss the appeal and shall notify them of the decision.

- d. Academic Appeals Committee - If the student wishes to appeal the decision of the faculty member's dean, a written request for a meeting shall be sent to the Academic Appeals Committee through the faculty member's dean, who shall provide the Academic Appeals Committee with a statement concerning the basis for the penalty with any supporting documentation. The Academic Appeals Committee shall review the appeal and render a final decision and shall notify the student, faculty member, department head, dean, and Vice President for Academic Affairs of the decision.
- e. Vice President for Academic Affairs - If the student wishes to appeal the decision

of the Academic Appeals Committee, a written request for a meeting shall be sent to the Vice President for Academic Affairs. The committee shall provide the Vice President with a statement concerning the basis for the penalty with any supporting documentation. The Vice President shall review the appeal to ensure due process, and shall notify the student, faculty member, department head, dean and the Chair of the Academic Appeals Committee of the decision.

- * In the event that the incident occurred in a course not in the student's academic college, but a penalty of suspension or dismissal has been imposed by the student's academic dean (as described under II.B. Censures - above), an appeal concerning the matter of responsibility (or not) would involve the faculty member's dean; an appeal concerning the severity of the penalty would involve the student's dean. In either case, the appeal would be made to the Academic Appeals Committee as in "d." above.

CENSURES

The appropriate University Administrator, the appropriate Academic Unit, the Conduct Standards Committee, the Collegiate Court, the Student Organization Judicial Committee, the Administrative Review Board, the Student Sexual Harassment Committee, or the Appeals Committees, either prior to or after a hearing, may impose or recommend one or more of the following penalties for a student or a student organization:

- 6.01:01. Reprimand—A written letter or oral expression of strong disapproval from the appropriate University Unit to the student or student organization on whom this penalty is imposed. (Not on permanent record.)
- 6.01:02. University Community Service—Service hours that are assigned by the appropriate University Unit for a student who has violated University regulations and who is subsequently required and thus obligated to perform service to either the University community as a whole and its departments, to designated University student organizations, or to an approved local Monroe agency. The student or student organization is required to present written notification to the appropriate

- University Unit that the designated service has been satisfactorily completed.
- 6.01:03. Warning Probation—A specified period of testing imposed on a student or student organization during which further violations of regulations may result in more severe disciplinary action. The appropriate University Unit shall impose warning probation for a period of not more than one calendar year, and the student or student organization shall be removed automatically from probation when the imposed period expires. (Not on permanent record.)
- 6.01:04. Disciplinary Probation—A specified period of testing imposed on a student or student organization during which further violations of regulations may result in suspension from the University. The student or student organization shall be automatically removed from probation when the period expires.
- 6.01:05. Indefinite Disciplinary Probation—An unspecified period of testing imposed on a student or student organization during which further violations of regulations may result in suspension from the University. This probation shall remain in effect until removed by the appropriate University Unit.
- 6.01:06. Counseling—Students or student organization members whose behavior on the University campus would suggest that personal or educational difficulties require counseling will be directed to the ULM Counseling Center, the ULM Marriage and Family Therapy Clinic, the ULM Leadership and Educational Counseling Center, or to a Student Life counselor by the appropriate University Unit for a period of time to be designated by the counselor(s). In cases where the University is not qualified or equipped to handle severe personal, psychological or emotional problems, the designated University counseling unit then will work with the student and an off-campus agency to meet the student's needs. The student or student organization members is required to present written notification to the appropriate University Unit that the specified counseling has been satisfactorily completed.
- 6.01:07. Withholding of transcript or diploma—may be imposed upon a student who fails to pay a debt owed the University or who fails to clear provisional admission. The penalty terminates upon payment of the debt or clearance of provisional admission.
- 6.01:08. Bar against readmission—may be imposed on a student who has left the University with disciplinary action pending or who fails to pay a debt owed the University. The penalty terminates on clearance of the disciplinary matter or the debt.
- 6.01:09. Restitution—reimbursement for damage to or misappropriation of University property or personal property. Reimbursement may take the form of appropriate service to effect repair or of monetary compensation. The student or student organization is required to provide written evidence to the appropriate University Unit, within the time period required by that Unit, that damaged or lost property has been replaced and/or repaired to the owner's satisfaction.
- 6.01:10. Forfeiture of rights and privileges—this censure is an adaptable penalty in that the appropriate University Unit may recommend limitations to fit a particular case. For the purpose of modifying behavior, reasonable forfeiture of privileges may be imposed.
- 6.01:11. Suspension of eligibility for official athletic or non-athletic extracurricular activities—during the stated period of suspension, this censure may prohibit the student on whom it is imposed from joining a registered student organization and/or attending its meetings or functions and/or from participating in an official athletic or non-athletic extracurricular activity. During this period, a student organization will be prohibited from participating in non-athletic extracurricular activities. A suspension may be imposed under this subsection for more than one calendar year.
- 6.01:12. Failing grade—to be assigned to a student for a work in question or as the final grade for a course in which the student is found guilty of academic cheating or plagiarism.
- 6.01:13. Cancellation of registration—the cancellation of a student's current and/or future registration(s) by the University.
- 6.01:14. Suspension from class—a student found guilty of classroom disruption or excessive absences may be suspended from that class either for a specified period of time or for the remainder of the semester.
- 6.01:15. Suspension from a school or degree program—a student may be suspended from re-entering a specified school or degree program for violations of stated University policy. This suspension is for a specified period of time.
- 6.01:16. Dismissal from a school or degree program—permanent suspension from a school or degree program.
- 6.01:17. Suspension from a college—a student may be suspended from a particular college for

- a specified period of time for violations of stated University policy.
- 6.01:18. Dismissal from a college—permanent suspension from a college.
- 6.01:19. Suspension from the University—this suspension is for a specified period of time, and the student or student organization may apply for readmission to the University subsequent to expiration of the specified period. During the period of suspension, this penalty may prohibit the student or student organization members on whom it is imposed from visiting the University campus and/or from participating in University authorized activities (to include off campus events) without prior written approval of the appropriate University Administrator.
- 6.01:20. Temporary suspension—to be imposed on a student or student organization by either the appropriate University Administrator or other appropriate University Unit in the event of a significant threat of continuing danger to persons or property or the ongoing threat of disrupting the academic process. Notice shall be given for a hearing in the event that this censure is imposed or recommended.
- 6.01:21. Dismissal from the University—suspension for an indefinite period of time.
- 6.01:22. Expulsion from the University—permanent separation from the University.
- 6.01:23. Payment of fines and/or loss of driving privileges on campus and/or disciplinary action—may result from citations issued by the University Police Department. (See current University Traffic Regulations.)
- 6.01:24. Administrative charge or payment of monetary penalty—this censure may be imposed on a student or student organization violating any University regulation(s) or failing to meet published University standards.
- 6.01:25. Mandatory on-campus or off-campus housing—this censure shall be imposed on students found guilty of violating the stated University of Louisiana System Board of Supervisors policies or University residential policy standards for any reason.
- 6.01:26. Drug Testing—this censure may be imposed on students found guilty of drug related violations of stated University policy. Drug testing which is paid for by the student may be required of students as a condition for remaining at the University while under serious other censures. The drug testing agency will be selected and assigned by the University.
- 6.01:27. Temporary Withdrawal of Official University Recognition—to be imposed by the appropriate University Administrator or University Unit on a student organization in the event of a threat of continuing danger to persons or property or the ongoing threat of disrupting the academic and educational processes of the University. Notice shall be given for a hearing in the event that this censure is imposed or recommended.
- 6.01:28. Withdrawal of Official University Recognition—to be imposed by the appropriate University Administrator or University Unit on a student organization which is no longer permitted to exist at ULM for either a specified or an indefinite period of time.
- 6.01:29. Provisional Status—a University registration flag to be imposed on a University applicant's or a currently enrolled or prior enrolled student's records housed in the University Registrar's Office. This flag is imposed for alleged violations occurring on the University campus or at University-authorized activities, and the flag will be removed following a hearing by the appropriate University Administrator or other specified University Unit.
- 6.01:30. Administrative Withdrawal—the appropriate University Administrator may remove a student with good cause from the University campus by withdrawing the student from the University's official enrollment in the Registrar's Office in such instances as the student posing a significant threat to self or others of the University community; failing to pay all financial obligations to the University by a designated date; failing to answer University summonses or to address allegations or violations; failing to perform assigned University community service; failing to complete mandatory counseling; and/or failing to abide by the behavioral standards of the University or the University of Louisiana System Board of Supervisors.
- 6.01:31. University Ban—an individual may be banned permanently or for a specific period of time from the ULM campus or from individual building(s) or events.

DUE PROCESS OVERVIEW

At The University of Louisiana at Monroe, the due process system consists generally of three major components: 1) the appropriate University Unit reviews a student or student organization case; 2) appropriate University Unit renders a decision concerning the student or student organization case; and 3) if a student's or student organization's case meets the standards of an

appeal, then the student may appeal the decision of the appropriate University Unit. The course of due process varies depending on the nature of the student case. In matters involving academics, a student case is reviewed in accordance with the “Cheating and Plagiarism Appeal” Procedures.

Student cases involving off-campus housing, parking and traffic are initially reviewed by the appropriate University Administrator, and the University Administrator returns a determination in the student case. These student cases may be appealed to the respective Appeals Committees—Parking and Traffic Appeals Committee and Housing Appeals Committee. Other disciplinary cases may first be reviewed by, or appealed to either the Residential Life Judicial Committee, the Conduct Standards Committee, the Student Organization Judicial Committee, the Student Sexual Harassment Committee, or the appropriate University Administrator depending on the assigned unit of review and the nature of the student case.

All appeals must follow the procedures outlined in Section Eight of the ULM Code of Student Conduct as found in the Student Policy Manual. More specific information regarding due process, hearing procedures and appeal procedures is addressed in that manual which is available primarily through the Student Services Department, Student Union Building, Room 161, 342-5230.

UNIVERSITY ADVANCEMENT AND EXTERNAL AFFAIRS

ULM ALUMNI ASSOCIATION

Organized in 1952, the ULM Alumni Association’s mission is to support the fulfillment of the University’s mission through the meaningful engagement of its alumni. The Alumni Association has 17 national chapters, 2 international chapters, and 10 academic chapters, and draws its membership from over 55,000 graduates worldwide. Throughout the year, the Association hosts numerous events that bring alumni, faculty and students together to share the ULM experience.

The Association’s objective is to add value to the University’s efforts in fund raising, student recruitment and political support, and to develop additional capacity to add value in these and other areas of university endeavors.

Former students who have earned at least 24 hours of credit at the University are eligible for membership in the ULM Alumni Association. Active members pay dues and are entitled to special benefits. Annual dues are \$25 per individual and \$35 per couple. Life memberships are \$500 per individual.

To join the ULM Alumni Association and for more information on membership benefits, check our website at: www.ulm.edu/alumni.

ULM FOUNDATION

The ULM Foundation was established in 1961 as a private, non-profit organization dedicated to the growth, development and enhancement of The University of Louisiana at Monroe.

The mission of the Foundation is to function as a service organization to the academic and student development communities by broadening the University’s base of financial support through the coordination and centralization of major fundraising and gift solicitation activities.

The Foundation has grown steadily in assets and in the level and range of support provided to ULM’s academic and student development programs. To date, enrichment activities provided through the Foundation’s development program have touched many areas of university life, including faculty and staff development, student recruitment, student scholarships, and financial aid.

A 27-member Board of Trustees, comprised of business and professional leaders, provide policy and budgetary leadership for the Foundation.

WAYS OF GIVING

The ULM Annual Fund is the core development program that generates private support for academic excellence at The University of Louisiana at Monroe. Its mission is to raise annual gifts which support the recruitment and retention of outstanding students and the strategic academic initiatives of the University.

Other ways of giving to ULM include:

- * Cash Gifts
- * Memorials and Honoraria
- * Program Gifts
- * Wills
- * Naming Opportunities
- * Planned Gifts
- * Major Gifts
- * Real Estate Gifts
- * Gift Annuities

To learn more about ULM’s needs, reasons to give, and levels of giving, check our website at: www.ulm.edu/giving.

ULM ATHLETIC FOUNDATION

The Athletic Foundation is ULM’s athletic pillar, comprised of individuals and businesses that have a common interest in the overall athletic program. The Athletic Foundation strives to secure the necessary means to improve a student athlete academically and to enhance the University’s image through athletic excellence. Founded in 1956, the Athletic Foundation helps finance travel, purchase supplies and equipment, and fund scholarships, upgrades and maintenance of athletic facilities.

For more information on methods of giving and membership levels and benefits, check our website at: www.ulmathletics.com.

UNIVERSITY CONFERENCE CENTER

The University Conference Center, located on the seventh floor of the University Library, provides support to the educational and public service missions of ULM. Preference is given for allocation of space in the Center to on-campus groups and to functions that are consistent with the mission of the University. Off campus groups may lease the Center, but political, sectarian, fraternal, and non-university related fundraisers are prohibited. For more information call **(318) 342-3624**.

UNIVERSITY RELATIONS

The Office of University Relations edits and disseminates all news releases concerning University activities, works as a liaison between administration/faculty/staff and the media, coordinates University publications, oversees the office of photographic services, coordinates the University's marketing initiatives, and works on many University and Community special projects.

GRADUATE STUDIES AND RESEARCH

VIRGINIA EATON, Director of Graduate Studies and Research
Administration Building, Room 1-142

For specific information regarding graduate programs or availability of financial support through graduate assistantships, please refer to the Graduate Catalog. Graduate Catalogs are available in the Campus Bookstore and in the Office of Graduate Studies and Research. Degrees may be earned in the majors listed below.

UNDERGRADUATE CORE CURRICULUM

The distinguishing quality of a university education is the intersection and blend of career preparation and life enrichment. Through the Core Curriculum, ULM joins these two purposes together, and both of these aspects of a good university experience were uppermost in the minds of the faculty and administrators when they established the new Core Curriculum. In fact, several principles have guided the building of ULM's common core.

One fundamental concern was the desire to provide ULM students with opportunities to explore the interrelationship of knowledge in our increasingly complex, global society. Thus, an emphasis was placed upon offering courses that have an interdisciplinary content or that can be paired with other disciplines in challenging, informative ways to reveal the links that various endeavors of study possess. Students thus will have the freedom to explore different avenues of inquiry and to see how various kinds of knowledge connect.

Another governing principle was to expand our literary and cultural offerings to include the examination of the people, values, and societies of both Eastern and Western civilizations. This step was taken in the knowledge that a global perspective is a necessity for today's students who will live and work in a world economy and in an ever-changing international environment.

A third key objective was to develop the writing, research, and communication skills of our students and to integrate these skills with a knowledge of the humanities and the sciences, particularly the areas of literature, the social sciences, the fine arts, history and mathematics.

Yet another effect of the creation of our Core Curriculum is that the resulting commonality of academic experiences of the student population will enable those students who want to transfer between majors the ability to do so more easily.

Above all, the Core Curriculum has been established to serve the long term educational needs of ULM students. Accordingly, we offer our undergraduate students this broader, stronger educational foundation that was created and adapted from the general education requirements of the Louisiana Board of Regents General Education guidelines. The Board of Regents requirements stipulate that a minimum of 39 hours of credit in certain areas of English composition, mathematics, the natural sciences, the humanities, the fine arts, the social/behavioral sciences, and computer literacy must be earned by students pursuing a B.A. (Bachelor of Arts), B.S. (Bachelor of Science), or a Bachelor's (non-designated) degree. (For a complete list of the Louisiana Board of Regents Statewide General Education Requirements, see this section on page 45). ULM's Core Curriculum, which requires that a total of 42 hours of credit be earned in various fields of study, adheres to and meets the stipulations of the Board of Regents requirements. By adding a common interdisciplinary university capstone course which emphasizes the development of thinking skills, writing, and research and by focusing upon first-year and sophomore courses which will best prepare students for advancing to the courses in their majors, the Core Curriculum ensures that ULM's students will be intellectually well-equipped to complete their chosen programs of study, as well as to find a meaningful place in today's rapid-paced, integrated world.

ULM COMMON CORE CURRICULUM

Foundation Courses

It is imperative that undergraduate students entering ULM are provided with a strong academic foundation upon which to build their future college careers. Ultimately, this structure, which follows many national trends, brings a much needed breadth and commonality to the ULM academic experience and makes it easier for students to transfer between majors.

REQUIREMENTS	DETAILS
<p>Freshman Year Seminar (1 Hour)</p> <p>The one-hour credit earned for this course will not count toward the total number of hours required to complete a degree.</p>	<p>This course is designed to maximize the student's potential to achieve academic success. The course includes an introduction to ULM academics, technology, and study skills. It also introduces students to the many resources available to them at ULM.</p>

REQUIREMENTS	DETAILS
<p>Core English Composition 6 Hours</p> <p>ENGL 101 ENGL 102 or 103</p>	<p>The goal of these introductory composition courses is to encourage the development of proficiency in writing.</p>
<p>Core Humanities 9 Hours</p> <p>ENGL 203, 204 (World) 205, 206 (U.S.) HIST 111, 112 (World) 201, 202 (U.S.)</p> <p>Six hours must be taken as a sequence of two courses in either Literature or History. The remaining three hours must be taken in the other discipline's alternative field (i.e., one course in either the U.S. or the World area).</p>	<p>The goals of the Humanities courses are to encourage an understanding of the literature, history, language, culture, and belief systems of nations and to improve the written and oral skills of students.</p>
<p>Core Fine Arts 3 Hours</p> <p>Art 109, 201, 202, 411* Dance 301 Music 101, 191 Music Education 335* Theater 191</p> <p>Choose one from the above list. *Art 411 and Music Education 335 are for Elementary Education majors only.</p>	<p>Fine arts courses help students understand and appreciate visual art, drama, and music. Students learn about the creative process and the nature of art. Each fine arts course should include first-hand experiences with works of art, music, or theater.</p>
<p>Core Mathematics 6 Hours</p> <p>Math 110 or 111, 112, 113, 114, 116, 118, 131, 132</p> <p>Six hours of approved mathematics classes from the 100 level or higher must be selected from the above list.</p>	<p>Students may not use both Math 114 and Math 131 to satisfy the mathematics core requirement. Students may not use both Math 111 and 113 to satisfy the mathematics core requirement. Students may not use both Math 112 and Math 113 to satisfy the mathematics core requirement.</p>
<p>Core Natural/Physical Sciences 9 Hours</p> <p>Biology 101, 110; 120, 122; 114, 115 Atmospheric Sciences 101, 102 Chemistry 101, 102; 107, 108 Geology 101, 102 Physics 203, 204; 207, 208 Physical Science 101, 102 Integrated Science* 101, 102; 103, 104</p> <p>*Integrated Science courses are for Elementary Education majors only.</p> <p>Physics 201 is an approved course which may be taken to satisfy three hours of the nine hour requirement.</p>	<p>Six hours must be from an approved sequence of two courses in either biological or physical science. Three hours must be from the other area.</p>
<p>Core Social Sciences 6 Hours</p> <p><i>Group I:</i> Economics 103 Geography 101 or 102 Government 101 Sociology 101 or 102</p> <p><i>Group II:</i> Economics 201 *Psychology 201 Government 201 Anthropology 207</p> <p>*Note: Psychology 201 and 203 or 205 may be used to satisfy this requirement for Education majors.</p>	<p>Six hours of approved Social Science courses are required. Three hours must be selected from each Group, but the two selections <i>must</i> represent different disciplines.</p>

REQUIREMENTS

Core University Capstone 3 Hours

The University Capstone is an advanced, thematic, interdisciplinary course that is intended to give students an opportunity to refine, synthesize, and demonstrate the knowledge and skills acquired during their earlier core experiences. This course will give substantive attention to critical thinking, methods of inquiry, written and oral communication skills, and computer literacy. In this research-driven course, students will be taught explicitly over the course of the semester to identify, reconstruct, analyze, and critique reasoned claims.

This course must be taken within the student's last 60 hours of credit.

TOTAL CORE CURRICULUM HOURS 42 HOURS

Core Curriculum Guidelines

1. Students must complete all of the courses in the Core Curriculum (a total of 39 hours) before they enroll in the University Capstone course.
2. The student's work in a major or minor may count toward meeting the University Core.
3. Transfer students can apply equivalent hours earned at other universities to meet ULM core requirements (equivalency to be determined by the appropriate department head and the Board of Regents' Statewide Student Transfer Guide and General Education Articulation Matrix).
4. No course used to fulfill University core curriculum requirements may be taken Pass/Fail.
5. Transfer credit will not be accepted for the Capstone requirement.
6. All freshman students are required to take the Freshman Experience for one credit hour (the course will not count toward any degree program and will be nontransferable).
7. The Freshman Experience course will ensure that the Board of Regents' requirement for computer literacy is met.
8. In the absence of a compelling reason, degree programs should refrain from defining or limiting student choices within the menu of prescribed general education courses.
9. ETV courses may not be used to satisfy core curriculum requirements.

Core Curriculum Abbreviations Used in Degree Plans or Programs of Study

Some degree plans specified that certain courses must be taken from within a menu of the sets of courses in the core curriculum. For those that did so, first the specific course will be listed in the degree plan, followed by the appropriate abbreviation which indicates which requirement is being fulfilled by the specified required core curriculum course. For example, if Mathematics 113 and 131 must be taken by Computer Science majors, then the requirement will be listed as

"Mathematics 113cm, 131cm". The core curriculum abbreviations which have been used are as follows:

ce	Core English Composition
ch	Core Humanities
cf	Core Fine Arts
cm	Core Mathematics
cnp	Core Natural/Physical Science
cs	Core Social Science
uc	University Capstone

OBJECTIVES

The College of Arts and Sciences assumes a two-fold responsibility. For ULM students the College provides the general education courses basic to all curricula in the University. For Arts and Sciences students the College provides the specific education leading to the Arts and Sciences degrees.

Within this framework the College leads students to acquire skill in the following areas:

1. Intellectual inquiry - learning facts and theories
2. Communication - writing and speaking with facility
3. Self-expression - enhancing creative ability
4. Problem solving - applying the scientific and other analytical methods
5. Critical thinking - distinguishing opinion from fact; substantiating ideas
6. Social values - exhibiting a democratic spirit, good citizenship, personal responsibility, and honoring the worth of the individual

requirements before being granted entry into their chosen degree programs:

1. Satisfactory completion of any required developmental courses.
2. Satisfactory completion of all courses listed under the "Freshman Year" requirements of the chosen curriculum with a 2.0 grade-point average.
3. Satisfactory completion of all special admission requirements of the intended major field of study.

Students in provisional and regular admission status may not enroll in courses numbered 300 or above until they have completed all developmental and freshman requirements.

All transfer students and all students who interrupt their college work for one calendar year or more or who change their curriculum must meet the above requirements for formal admission to degree status. Students must be admitted at least one semester (or summer term) prior to the semester in which they intend to receive their degree.

ADMISSIONS TO DEGREE PROGRAMS

- I. Admission With Distinction Students granted honors admission into the University will be granted immediate entry into their chosen degree program.
- II. Provisional and Regular Admission- Students in these categories must meet the following

CORE CURRICULUM

ENGLISH COMPOSITION	6 Hours
English 101	
English 102 or 103	
HUMANITIES	9 Hours
Six hours must be taken as a sequence of two courses in either Literature or History. The remaining three hours must be taken in the other discipline's alternative field (i.e.	

a student must have at least one course in either the U.S. or the World area).

English 203-204 (World) History 111-112 (World)
 English 205-206 (U.S.) History 201-202 (U.S.)

FINE ARTS 3 Hours

- Art 109
- Dance 301
- Art 201
- Music 101
- Art 202
- Music 191
- Theatre 191

MATHEMATICS 6 Hours

- Math 110 Math 116
- Math 111 Math 118
- Math 112 Math 131
- Math 113 Math 132
- Math 114

Students should NOT use these sets for core requirements:

- 110 and 111 112 and 113
- 111 and 113 114 and 131
- 110 and 113

NATURAL/PHYSICAL SCIENCE 9 Hours

Six hours must be from an approved sequence of two courses in either biological or physical science. Three hours must be from the other area.

Biological Sciences:	Physical Sciences:
Biology 101; 110	Atmospheric Sciences 101; 102
Biology 120; 122	Chemistry 101; 102
Biology 114; 115	Chemistry 107; 108
	Geology 101; 102
	Physics 203; 204
	Physics 207; 208
	Physics 201
	Physical Science 101; 102

SOCIAL SCIENCE 6 Hours

Three hours must be selected from each of the following two lists, but the two selections must represent different disciplines.

Group I:	Group II:
Economics 103	Economics 201
Geography 101 or 102	Psychology 201
Government 101	Government 201
Sociology 101 or 102	Anthropology 207

FRYS 101 (1) hours

UNIVERSITY CAPSTONE 300 3 hrs.

TOTAL CORE HOURS 42 HOURS

GENERAL INFORMATION

The foreign language requirement must be fulfilled in one language. Students entering with pre-college training

in foreign languages should schedule courses on the basis of placement test scores and previous training.

Program Directors of curricula requiring a practicum (field education, internship) make reasonable efforts to assist a student in securing a placement. However, the student, not the University, is ultimately responsible for obtaining such a placement under the direction of the University. A student unable to obtain an acceptable placement or to complete a practicum successfully shall not be awarded the degree and is advised to change to a curriculum in which he will be able to complete degree requirements.

UNDECLARED/INTERIM OPTION

This is a convenient temporary option for:

1. Entering students who have not declared majors, but who plan later to change to degree-granting curricula. During their crucial early semesters, these students should select from the CORE curriculum.
2. Students who do not presently meet the requirements for admission to the professional program of their choice.
3. High school students who participate in the Collegiate Program or the Concurrent Admissions Program for high school students and have not declared a major.
4. Students who do not wish to pursue a degree, but who wish to take more than six hours a semester.

NOTE: Students enrolled in the Undeclared/Interim Option are urged to decide upon and/or qualify for a degree-granting program at the earliest opportunity. Students receiving veterans' benefits are subject to additional regulations. (See section on Veterans Affairs.) Students involved in intercollegiate athletics are subject to additional restrictions and are advised to consult with their counselors regarding these rules.

ADMINISTRATION OF THE UNDECLARED/INTERIM OPTION

The Undeclared/Interim Option is administered by the Dean of the College of Arts and Sciences.

All transfer students and all students who interrupt their college work for one calendar year or more or who change their curriculum must meet the above requirements for formal admission to degree status. Students must be admitted at least one semester (or summer term) prior to the semester in which they intend to receive their degree.

While temporarily enrolled in this special non-degree classification until they select and/or qualify for admission to a major, students will be assigned to a special advisor.

DEPARTMENT OF AGRICULTURE

Casey , Musunuru, Smith

AGRIBUSINESS

The Agribusiness curriculum provides a knowledge base and training for students pursuing careers in the production, processing, and distribution of food and fiber products.

This curriculum is designed to provide maximum flexibility through the selection of appropriate application electives and will allow students to obtain a minor in the following areas: Agriculture, Agronomy, Agricultural Economics, Animal Science, Equine Sciences or Horticulture. In fulfilling the requirements for the Bachelor of Science Degree in Agribusiness, students receive a minor in Agriculture and Agricultural Economics.

Students may fulfill the Pre-Veterinary Medicine requirements by selecting the proper sequence of courses needed for application to schools of veterinary medicine.

DEPARTMENT OF BIOLOGY

Pritchett, Bell, Carr, Ferguson, A. Findley, C. Gilbert, Gissendanner, L. Hayes, Hill, R. Jordan, Knesel, Koper, Minton, Roane, Sasek, K. Tolson

In addition to being a fascinating field of study in its own right, the Biology major can be used to fulfill requirements for admission to medical, dental, veterinary, optometry or pharmacy schools, for wildlife biology certification by The Wildlife Society, or for fisheries biology certification by The American Fisheries Society (see page 133). Students interested in pre-medicine or pre-dentistry should see page 20 of this catalog.

Specific Biology courses are required for every student majoring in Biology: Biology 120/121, 122/123, 305 and 499 (12 hrs). Every Biology major must also take at least one course from each of the four Biology list electives A, B, C, and D (14 hrs, shown in the "Courses of Instruction" section, page 134). A total of 48 credit hours in Biology are required. In addition to the Biology 305 and the Biology list electives, 16 credit hours must be taken at the 300-400 level.

*Biology majors should see Core Curriculum requirements in the College of Arts and Sciences Core Curriculum section of the catalog.

** See Biology in the Courses of Instruction section.

DEPARTMENT OF CHEMISTRY

Brotherton, Arant, Bruscatto, Cruse, G. Findley, Fox, Junk, Taylor, Watkins, Watson, Zehnder

All B.S. Chemistry majors must take six hours of a foreign language and fifty-two hours of core courses. The core must include the following thirty-five hours of chemistry courses: Chemistry 107, 108, 109, 110, 301, 230, 231, 232, 233, 240, 241, 310, 350, 431, and 407.

Chemistry majors may choose the American Chemical Society Certified Concentration or the Non-ACS-Certified Concentration.

American Chemical Society Certified Concentration. To complete the 49-hour core, American Chemical Society Certified Degree candidates must take Chemistry 320, 321, 322, 323, 413, and 499. Additional

requirements include Mathematics 113, 131, 132, and 232; Physics 207, 208, 209, and 210.

Non-ACS-Certified Concentration. To complete the 49-hour core, Non-ACS-certified majors must take Chemistry 220, 499 and eight hours of specialty elective courses. Additional requirements for the Non-ACS-Certified Degree include Mathematics 113 and 114; Physics 203, 204, 209, and 210; and 20 hours of free electives. Of the total twenty-eight hours of elective courses (8 specialty electives and 20 free electives), at least fifteen hours must be numbered 300 or above.

CHEMISTRY

Note: On any line below, if ACS-Certified Concentration and Non-ACS-Certified courses differ, the Non-ACS Certified courses are listed in brackets { }.

Freshman Year	Hrs.
Chemistry 107 ^{cnp} , 109; 108 ^{cnp} , 110	8

DEPARTMENT OF COMMUNICATION

Kauffman, Alexander, Gibson, Hebert, Kim, Lewis, Loeb, Pace, Reeves, Roach, Steckline, Thamelng, Willer, Wilson

MASS COMMUNICATIONS

A student must earn a grade of C or better in each course required in the major. A grade of D is non-progressive; the course must be repeated with a minimum grade of C before a student can progress to the next sequential course. A course transferred from another institution must show a grade of C or better.

All students must pass a departmental grammar examination before progressing in the major. This exam is administered as part of MCOM 210, both near the beginning and near the end of the semester. It is often offered once between semesters. Students may retake the exam on any of its scheduled offerings.

Students electing to major in Mass Communications choose among concentrations in Journalism, Public Relations, Management and Marketing, and Media Production. The requirements for each concentration include cognate courses consisting of studies in related academic fields.

Mass Communications majors must complete a minor and take liberal arts and sciences and general electives outside the major. A minimum of 80 semester hours must be completed outside the major, of which a minimum of 65 hours must be in the basic arts and sciences.

*Mass Communications majors should see Core Curriculum requirements in the College of Arts and Sciences Core Curriculum section of the catalog.

Core Requirements: MCOM 100, 210, 201, 370, 380, 390, 481 and 490. Total: 18 credit hours.

JOURNALISM

Concentration Requirements: MCOM 330, 331, and 435; MCOM 354 and 432 or MCOM 202 and 433; and 6 credit hours of MCOM electives. Total: 21 credit hours.

Cognate requirements: GOVM 201, 3 credit hour Government elective, 3 credit hour Geography elective, and 3 credit hour Economics elective. Total: 12 credit hours.

MANAGEMENT AND MARKETING

Concentration requirements: MCOM 341, 440; 445; 482, 3 credit hour MCOM writing elective, and 6 credit hours of MCOM electives. Total: 21 credit hours.

Cognate Requirements: MRKT 301, MGMT 301, SPCH 344 or SPCH 330, and 3 credit hour Management, Marketing, Business or Business Law elective. Total: 12 credit hours.

MEDIA PRODUCTION

Concentration Requirements: MCOM 412, 341 and 482, or MCOM 471, 435, and a 3 credit hour MCOM writing elective; 9 credit hours of MCOM production electives; and a 3 credit hour MCOM nonproduction elective. Total: 21 credit hours.

Cognate requirements: 6 credit hours of Art, Music and/or Theatre crafts electives, 3 credit hour Speech elective, and 3 credit hour Government, Geography or Economics elective. Total: 12 credit hours.

PUBLIC RELATIONS

Concentration Requirements: MCOM 330, 354, 360, 361, 460, and 6 credit hours of MCOM electives. Total: 21 credit hours.

Cognate requirements: MRKT 301, MGMT 301, SPCH 344 or SPCH 330, and a 3 credit hour Management, Marketing, Business or Business Law elective. Total: 12 credit hours.

SPEECH COMMUNICATION (Speech Communication, Theatre)

The student must earn a grade of 'C' or better in each Speech Communication and/or Theatre course required in the degree program. A course transferred from another

institution that is part of the Speech Communication and Theatre degree program must show a grade of “C” or better to be approved for credit.

Total hours for degree, 124.

The Family Life/Child Development Concentration

prepares students to become non-certified teachers in Child Development Centers, Early Head Start and Head Start programs, and teacher's aides in public schools, as well as being a coordinator for infant and toddler programs, Parent Educator, Director of Child Development Centers and Family Life Program directors and coordinators. Coursework and hands on experiences will be provided in the areas of child development, child guidance and parenting.

The Fashion Merchandising Concentration allows students to take courses in fashion merchandising, buying, textiles, visual merchandising, fashion merchandising internship, marketing, and management. By choosing certain elective courses in marketing, fashion merchandising students can complete requirements for a minor in marketing or a double major in Fashion Merchandising and Marketing.

The Interior Design Concentration area emphasizes coursework in art, construction, textiles, residential and commercial design, housing, computer-aided design, preservation, materials studios, and internship. A minor can be selected in management, marketing, finance, or business administration.

*Students should see Arts and Sciences Core Curriculum section for requirements.

GENERAL STUDIES CURRICULA

The General Studies Curricula, administered by the Dean of the College of Arts and Sciences, include a two-year program of study leading to an Associate Degree and a four-year program leading to a Bachelor's Degree. Coursework is available in a broad spectrum of academic disciplines. Highly flexible programs, of interest to many students, can be developed according to individual needs.

Students interested in General Studies Curricula include persons who wish to:

1. Pursue a non-traditional degree program for personal enrichment and satisfaction.
2. Help design their own course of study in a degree program.
3. Change college majors late in their academic careers.
4. Return to college as mature students with new career interests.
5. Attend college irregularly or at night.

GENERAL STUDIES DEGREE REQUIREMENTS

Upon completion of the appropriate requirements and upon the recommendation of the Dean of the College of Arts and Sciences, a student will be awarded the Associate of General Studies or the Bachelor of General Studies degree.

SPECIAL REQUIREMENTS

1. Associate Degree
 - a. Minimum semester hours required for degree - 65
 - b. Satisfactory completion of all Freshman year requirements with a C (2.0) average.
 - c. Minimum C (2.0) grade point average required on:
 - (1) All semester hours applied to degree
 - (2) All courses in Major Thematic Concentration Group.
 - d. Students should complete all courses described below prior to making formal application for admission to the degree program: Grammar and Composition 101/102 (6 hrs.); History 111/112 or 201/202 (6 hrs.); Mathematics 111/112, 116, or

118 (6 hrs.); Natural Science (7 hrs.); Fine Arts Elective (3 hrs.); Kinesiology (1 hr.); Social Sciences (6 hrs.); FRYS 101 (1 cr.).

- 2. Bachelor's Degree
 - a. Minimum semester hours required for degree-125
 - b. Satisfactory completion of all Freshman year requirements with a C (2.0) average. (See f. below.)
 - c. Minimum C (2.0) grade point average required on:
 - (1) All semester hours applied to degree
 - (2) All courses in Major Thematic Concentration Group
 - (3) All 300- and 400-level courses
 - d. Junior-Senior Courses
 - (1) 300-400-level30
 - (2) 400-level.....15

45
 - e. Of the 30 hours required in the Major Thematic Concentration, 12 hours must be at the Junior-Senior level.
 - f. Students should complete all courses described below prior to making formal application for admission to the degree program: Grammar and Composition 101/102 (6 hrs.); History 111/112 or 201/202 (6 hrs.); Mathematics 111/112, 116, or 118 (6 hrs.); Natural Science (6 hrs.); Fine Arts Elective (3 hrs.); Kinesiology (2 hrs.); Social Sciences (3 hrs.).
 - g. Natural Science requirements must include coursework in both the physical and biological sciences; six hours must be in a two-semester sequence.

NOTE: Courses under "A" below may not be used to meet any other requirements of the degrees.

	ASSOCIATE DEGREE	BACHELOR'S DEGREE

DEPARTMENT OF SOCIAL WORK

Melton, M.Cappel, Saulsberry, Savage, Sharma

The social work curriculum involves two components, pre-social work and social work. Pre-social work includes approximately one academic year in an accredited college or university. As pre-social work majors, students must successfully complete the following courses: English Composition (6 hours), Sociology 101 or Psychology 201 (3 hours), Math 111 or Math 110 (3 hours), and Social Work 101, 102, can apply while enrolled in SOCW 205. The social work major consists of approximately 4 academic semesters after admission to the Social Work Program. It is concerned with courses providing a broad liberal arts base and with social work courses emphasizing the knowledge, values, and skills needed to prepare students for beginning generalist social work practice.

ADMISSION TO THE SOCIAL WORK MAJOR

The social work major offers a liberal arts base, including sociology, psychology, biology, and required social work courses in the area of human behavior and the social environment, social welfare policy and services, social research, social work practice, and field practicum. Course work requires volunteer work (30 hours per semester for two courses) and a practicum (32 hours per week for one semester). The Social Work Program has been accredited by the Council on Social Work Education (CSWE) since 1977.

Applicants for admission to the social work major, in addition to meeting the requirements for admission to the University, must fulfill the requirements of the pre-social work major curriculum:

- a. A grade of “C” or above in the following courses: English 101 and 102, Sociology 101 or Psychology 201, Math 111 or Math 110, Social Work 101, 102, and 205 (may be enrolled in 205).
- b. A minimum average of 2.3 in all courses required for the degree.

Application forms for admission to the social work major may be obtained by downloading them from the ULM website/Social Work <http://www.ulm.edu/socialwork>. Completed application forms are to be submitted to the Admissions Committee chairperson during the first four weeks of the Fall and Spring semesters. The Admissions Committee will review applications, interview applicants, and make a decision on the status of the applicants. The Head of the Social Work Program will notify the students in writing of the Committee’s decision. If for some reason a student is not admitted to the social work major, reapplication may be made the next semester. Those not admitted into the major will not be allowed to enroll in Interviewing and the Helping Relationship (SOCW 301), Practice I (SOCW 315), Practice II (SOCW 416), Field Education in Social Work (SOCW 421), or Field Education Seminar (SOCW 422).

Social work majors are also required to apply for admission into the field practicum. An application for the practicum must be made to the Coordinator of Field Education during the first month of the Fall or Spring semesters prior to a student’s enrollment in Field Education in Social Work. Forms may be obtained by downloading them from the ULM website/Social Work <http://www.ulm.edu/socialwork>. To be eligible for the practicum, students must have completed all 100-and 200-level courses, earned a grade of “C” or higher in all courses required for a major, and earned a GPA of 2.3 in all courses required for the degree. A student must observe all prerequisites in the sequential pursuance of courses leading to a baccalaureate degree in social work. Generally, enrollment in the practicum occurs during the semester prior to a student’s graduation. The Coordinator of Field Education is required to make a reasonable effort to assist a student in securing a placement. The social work major, however, not the University, is ultimately responsible for obtaining and retaining a placement under the direction of the Coordinator of Field Education.

Students unable to obtain an acceptable placement or to complete a practicum successfully will not be awarded the degree and are advised to change to a curriculum in which they can meet degree requirements.

RETENTION IN THE SOCIAL WORK MAJOR

Pre-Social Work and Social Work majors who earn less than a “C” in Social Work courses required for the major will be allowed to repeat courses only one time. Failure to achieve a progressive grade the second time will result in suspension from the Social Work Program for one semester. Students, classified as Social Work majors, who are suspended from the program or the University, or who resign or withdraw from the University, will have their status reviewed by the Chair of the Admissions Committee and may be required to resubmit an application for re-admission into the program.

Berry, Bray, Bruce, Bruyninckx, Clinton, Clow, Cole, Cook, Cooper, Cordova, Davidson, Davis, Dunn, Eisenstadt, Ensminger, Futayyeh, Guerriero, Guidry, Hibbets, Hodge, Ingram, Johnston, Jones, Kogut, Luse, Manry, McConkey, McEacharn, Melancon, Nelson, K. Parker, M. Parker, T. Parker, Perez, Rettenmayer, Roshto, A. Smith, G. Smith, L. Smith, Stevens, Strickler, J. Taylor, K. Taylor, Walker, Wall, Wiedemeier, Williamson, Wood

MISSION STATEMENT

The mission of the College of Business Administration is to prepare students from Northeast Louisiana and beyond for productive careers and responsible citizenship, and benefit students, business and the community through research and service.

The College offers an MBA program on-campus and abroad, but places primary emphasis on the on-campus undergraduate degree program. The undergraduate and graduate curricula, along with an active approach to learning, are intended to help both business and non-business students develop the knowledge, skills, ethics,

and attitudes needed for successful careers and a lifetime of learning in a technological and global environment.

The College emphasizes the interrelatedness of business disciplines that prepares students for both specific functional responsibilities within larger organizations and for the wide scope of responsibilities typically encountered within smaller organizations. Graduates should be able to function effectively in entry-level positions, advance to higher positions, participate in entrepreneurial ventures, and/or pursue advanced studies.

The second commitment of the College is to create and disseminate intellectual contributions which will (1) assist in the growth and development of faculty, students, and business; (2) enhance the learning environment in business schools; and (3) contribute to economic development. The College places primary emphasis on applied scholarship but also encourages basic research and instructional development as important parts of the intellectual mission of the College.

The third commitment of the College is to provide quality service to the business community, the profession, and the University. In particular, the College strives for state and regional distinction in activities related to entrepreneurial and small business development and business and economic research. Service nurtures ties with the business sector, helps keep academic programs dynamic and relevant, and promotes economic development, particularly through delivery of applied knowledge to regional organizations.

ADMISSION REQUIREMENTS

Beginning freshmen and transfer students who meet general admission requirements of the University are admitted to the College of Business Administration. Students transferring from other divisions of the University and from other accredited colleges and universities must also have an overall academic record which indicates promise of success in a business program and a cumulative grade-point average of at least a 2.0 (4.0 system) on all hours to be credited toward the degree.

Transfer credits acceptable for admission purposes shall be evaluated to determine their suitability for degree credit in the College of Business Administration. Transfer courses taken at the Freshman-Sophomore level but which are offered by the College of Business Administration at the Junior-Senior level must be validated before credit is allowed. The Dean of the College will make the final decision concerning transfer credit allowable within the curricula. A minimum of 30 hours of credit in College of Business Administration courses must be successfully completed at The University of Louisiana at Monroe in order to receive the B.B.A. degree. Economics 201, 202 and Quantitative Methods 210 cannot be counted toward meeting this requirement.

To take 300/400-level business courses, students must earn as a minimum: (1) a 2.0 grade-point average (4.0 system) on all hours to be credited toward the degree, with credit for 54 semester hours, all exclusive of developmental courses; (2) a grade of "C" in each of the following courses: English 101, English 102 or 103, Mathematics 110 or 111 or 113 and Mathematics 116; and (3) credit in Accounting 212 and 213, Computer Science 170, Economics 201 and 202 and Quantitative Methods 210. In addition, computer information system majors must have completed CINS 220. 300 and 400-level CINS courses are open only to junior/senior CBA majors with at least a 2.0 GPA on all hours credited toward the degree, or permission of the department head.

Students from other colleges or universities who desire to attend only during the summer may be enrolled

as visiting students for that summer providing they meet general admission requirements of the University.

CURRICULUM

Each of the four-year Business programs in the College has been carefully structured to provide students with a balance between the needs of a general education and those of a professional education. The general education and professional business requirements are:

General Education	Hrs.
FRESHMAN SEMINAR (FRYS)	(1)
CORE FINE ARTS	
Three hours selected from Art 109, Art 201, Art 202, Art 411, Dance 301, Music 170, Music 191, Music Ed 335, Theater 191	3
ENGLISH 101 and ENGLISH 102 or 103	6
CORE HUMANITIES	9
Six hours must be taken as a sequence of two courses in either Literature or History; remaining three hours must be taken in the other discipline's alternative field (must have both U.S. and World exposure)	
English 203-204 (World), English 205-206 (U.S.) History 111-112 (World), History 201-202 (U.S.)	
SPEECH 118, 201, or 260	3
CORE MATHEMATICS	6
Six hours selected from Mathematics 110, 111 or 113; and Math 116	
CORE NATURAL/PHYSICAL SCIENCE	
Six hours must be taken from an approved sequence of two courses in either biological or physical science; remaining three hours must be taken in the other area.	
Biological Sciences:	
Biology 101; 110	
Biology 120; 122	
Biology 114; 115	
Physical Sciences:	
Atmospheric Sciences 101; 102	
Chemistry 101; 102	
Chemistry 107; 108	
Geology 101; 102	
Physics 203; 204	
Physics 207; 208	
Physics 201	
Physical Science 101; 102	9
CORE SOCIAL SCIENCE	
Economics 201	3
Three hours selected from Geography 101, Geography 102, Government 101, Sociology 101, or Sociology 102	3
Economics 202	
STATISTICS	
Quantitative Methods 210	3
ECONOMICS 202	

UNIVERSITY CAPSTONE	3

ACCOUNTING

**Accredited by AACSB
International, The Association
to Advance Collegiate Schools of Business**

Davis, Guidry, Hibbets, Hodge, McEacharn, Roshto

MISSION

The primary purpose of the Accounting Program at The University of Louisiana at Monroe is to provide a high-quality undergraduate education that furnishes individuals with the knowledge and professional skills needed for entry into and success in the accounting profession. The secondary purpose of the Accounting Program is to contribute to the accounting profession and business community through research that improves accounting practice and through active involvement in professional, business, and community activities.

LEARNING GOALS

To enter into and succeed in the accounting profession, the Accounting faculty expects our students to have the knowledge to be Competent Accountants, Proficient Technology Users, and Broad-based Business Decision Makers and the professional skills to be Adept Problem Solvers, Effective Communicators, and Capable Professionals.

The Bachelor of Business Administration degree in Accounting is offered for students seeking careers in the accounting profession. Successful accountants are employed in public accounting, business, government agencies, and not-for-profit organizations. Many accountants seek professional certifications such as Certified Public Accountant, Certified Management Accountant, and Certified Internal Auditor. For a major in Accounting, students must complete Accounting 308; 310; 311; 320; 330; 410; 420; three-hour 400-level Accounting elective; Business Law 440; and Computer Information Systems 215.

Junior Year	Hrs.

Non-Business Electives	6
	30

Total hours for degree, 120.

Candidates for the Certified Public Accountants examination in Louisiana are required to have 150 semester hours of college credit.

AVIATION

Bruce, Davidson, J. Taylor

AVIATION

The Aviation curriculum provides a knowledge base and training for students pursuing careers in various phases of Aviation.

Flight School Security

To comply with Transportation Security Administration (TSA) regulations all non-U.S. citizens or other individuals designated by the TSA desiring to receive flight or simulator instruction must register and be approved by the TSA before instruction can begin. Contact the Aviation Department for details.

The Aviation Administration Concentration prepares the student for aviation management, aviation education, airport administration, or a similar career requiring a broad background in the non-flying areas of aviation. Mathematics 114 is required for this concentration.

The Airline Flight Officer Concentration emphasizes the aeronautical knowledge and skills required of a Professional Pilot for an airline, a corporation, or a government agency.

The Airway Science Management Concentration is designed to prepare the student for a position with the Federal Aviation Administration, another Federal or State aviation agency, or a commercial aviation company.

ECONOMICS

Eisenstadt, Futayyeh, Kogut, Nelson, T. Parker

The Bachelor of Business Administration degree in Economics is offered for students desiring careers in economics. Economics prepares students for careers in both government and business and is an excellent preparation for advanced study in economics or law. For a major in Economics, students must complete Economics 301, 311, 312, 313, 12 hours of Economics electives, and 9 hours of Business Administration electives. Students may substitute 12 hours of an approved minor for 6 hours of Economics electives and 6 hours of Business Administration electives. Students intending to pursue graduate study in Economics should minor in Mathematics.

ENTREPRENEURSHIP

Dunn

The Bachelor of Business Administration in Entrepreneurship prepares students to enter the world of small business by developing an entrepreneurial spirit in students and preparing them with an in-depth knowledge of small business management. The program is specifically designed to prepare students to seek and evaluate opportunities for new ventures, to provide students with the background needed to manage young and growing companies, to instruct students on how to attract seed and growth capital, to prepare students to operate effectively in family-owned businesses, and to prepare students for a lifetime of innovation and change. For a major in entrepreneurship, students must complete Entrepreneurship 250, 432, 433, 435, Finance 330, Marketing 330 and nine hours of junior/senior business administration electives. Students must see their advisor each semester.

OBJECTIVES

The College of Education and Human Development, in harmony with the objectives of The University of Louisiana at Monroe, is dedicated to preparing learning facilitators, utilizing the ULM Interactive Learning Model wherein general education, professional studies, and specialty studies interact strategically with clinical and

field experiences. Toward that end, these objectives have been adopted:

1. To prepare, at the undergraduate level, prospective teacher candidates who will be liberally educated, knowledgeable in specialized teaching fields, competent in professional understandings and methods, proficient in assessing and improving student learning, and

responsible to the moral and aesthetic obligations inherent to the school and multi-cultural community.

2. To prepare, at the graduate level, teachers and other school personnel whose competence in improving student learning shall be assured by maintenance of a proper balance between advanced subject matter and professional courses, and appropriate experiences.
3. To provide undergraduate and graduate psychology students with background and skills essential for further professional study and to offer psychology courses basic to other curricula of the University.

The College of Education and Human Development offers a broad course of study in the Departments of Educational Leadership and Counseling, Curriculum and Instruction, Kinesiology, and Psychology.

The College offers the Bachelor of Arts in Psychology; the Bachelor of Science in Elementary Education (an Early Childhood add-on plan is available); the Bachelor of Arts in Art Education, English Education, French Education, Social Studies Education, and Spanish Education; the Bachelor of Music Education in Instrumental, Vocal, or Instrumental and Vocal; the Bachelor of Science in Kinesiology, Family and Consumer Sciences, Mathematics Education, Biology Education, Chemistry Education, Earth Science Education, and Speech Education.

The Graduate School offers the Master of Arts Degree in Marriage and Family Therapy and Substance Abuse Counseling, the Master of Arts in Teaching Degree in Early Childhood Education (PK-3), Elementary Education (1-5), Secondary Education (6-12), Special Education Mild/Moderate (1-12), and Multi-Levels (K-12), the Master of Education Degree in Counseling, Curriculum and Instruction, Educational Leadership, Educational Technology Leadership, and Special Education; the Master of Science Degree in Psychology and Exercise Science; and the Specialist in School Psychology

The Doctor of Philosophy degree in Marriage and Family Therapy from The University of Louisiana at Monroe prepares graduates for careers as scholars/teachers, researchers, supervisors, and senior clinicians. The Marriage and Family Therapy doctorate is a 63 credit hour (minimum), post-masters degree which integrates systemically oriented philosophy and theory, clinical practice, qualitative research and quantitative research.

The Doctor of Education degree in Curriculum and Instruction or Educational Leadership is offered through the cooperative efforts of Grambling State University, Louisiana Tech University, and The University of Louisiana at Monroe and coordinated through the Louisiana Education Consortium Governing Board. All consortium institutions will offer foundation courses and other graduate courses required in the Ed.D. program in Curriculum and Instruction or Educational Leadership based upon faculty expertise and other institutional

resources. The Doctor of Education degree in Curriculum and Instruction and in Educational Leadership will be awarded by the institution to which the student has been admitted for doctoral study with coursework being completed on all three campuses in order to provide diverse academic experiences. A unique strength of the Louisiana Education Consortium is that the three institutions will strategically pool faculty, equipment and technology.

The Doctor of Education programs are designed for K-12 personnel, including teachers and administrators. The primary goal of the doctoral programs is the preparation of practitioner-scholars for roles in elementary, middle, and secondary school settings.

ADMISSION REQUIREMENTS

- I. Admission With Distinction
Students granted honors admission into the University will be granted immediate entry into their chosen degree programs.
- II. Provisional and Regular Admission
Students in these categories must meet the following requirements before being granted entry into their chosen degree programs:
 1. Satisfactory completion of any required developmental courses;
 2. Successful completion of English 101 and 102 or their equivalents with minimum grades of C, or passage of a comprehensive English usage test; and
 3. Satisfactory completion of all special admission requirements of the intended major field of study.

Students in provisional and regular admission status may not enroll in courses numbered 300 or above until they have completed developmental and freshman requirements.

All transfer students must meet the above requirements for formal admission to degree status. Students must be admitted at least one semester (or summer term) prior to the semester in which they intend to receive their degree.

CORE CURRICULUM

Minimum required for all baccalaureate programs in the College of Education and Human Development include the following core of general education requirements: English - 6-12 hours; Mathematics - 6 hours; Science - 12 hours; Social Science - 6-12 hours; Arts Elective - 3 hours; Computer Literacy - 3 hours. Teacher Education candidates must complete general education requirements with minimum grades of "C" in all coursework.

COMPUTER LITERACY/ INSTRUCTIONAL TECHNOLOGY REQUIREMENT

Successful completion of Curriculum and Instruction 285, 3 hours, with a grade of "C" or better, is required in all degree programs in the College of Education and Human Development. This course meets general education requirements and requirements for the Board of Regents Certificate of Excellence.

COUNCIL FOR TEACHER EDUCATION

The development and maintenance of teacher education programs are important functions of The University of Louisiana at Monroe. The major responsibility in operating adequate programs is the particular interest of the College of Education and Human Development; however, other schools have special interests and responsibilities in the effective execution of the best possible teacher education programs.

PURPOSES OF THE COUNCIL. The general purposes of the Council for Teacher Education are:

1. To formulate and recommend policies relating to criteria considered essential to an outstanding teacher education program.
2. To develop and recommend policies relative to implementation of (a) selective recruitment, (b) selective admission and retention, (c) advisement, (d) curricula, and (e) laboratory experiences.
3. To study, encourage and facilitate co-operative development of programs for teacher preparation.
4. To review teacher education programs presented to the State Department of Education and accrediting agencies.
5. To initiate research and promote studies designed to improve teacher education.

ADMISSION TO TEACHER EDUCATION PROGRAMS

Candidates seeking a degree in a teacher education program must meet the admission requirements of the College.

Tentative admission to Teacher Education will be granted to applicants who meet general university entrance requirements.

Students with a felony conviction will not be admitted to Teacher Education.

Application for admission to a teacher education program should be made during the first semester following the completion of 30 semester hours and before completing 90 hours. Transfer students from other Colleges of the University and other colleges and universities who have completed thirty or more applicable

semester hours should make formal application during their second semester of enrollment. Conditional admission may be granted transfer students by the Dean of the College of Education and Human Development during the first semester if requirements are obviously met.

Requirements for admission and retention are:

1. Completion of not more than 90 semester hours, with a cumulative grade point average of 2.5 on a 4.0 scale, last grade counted.
2. Presentation of passing scores on Academic Skills tests in Reading, Writing, and Math (PRAXIS I). Information concerning registration for the exams can be obtained through the ULM Testing Services.
3. Completion of all developmental courses as required.
4. Successful completion of English 101 and 102 or their equivalents with minimum grades of "C".
5. Successful completion of required six hour Math sequence appropriate to degree program with grades of "C" or better.
6. Completion of 20 clock hours of preliminary laboratory experiences as directed in Educational Foundations 201 or KINS 211.
7. Speech and Hearing Screening
8. Recommendation of advisor.

Applications for admission to a teacher education program are reviewed by the College's Admission Committee. This committee is composed of faculty members and students whose function is to screen applications for admission.

Students whose status at the completion of 90 semester hours of university work is such that admission requirements are not met will be denied further enrollment in teacher education.

Application forms for admission to teacher education may be obtained in the Center for Teacher Certification.

PROFESSIONAL COURSES

Any student in the University may enroll in Educational Foundations 201, the introductory course. Courses must be taken in the sophomore, junior, and senior sequence; materials and methods courses should be scheduled immediately prior to student teaching. A student must meet requirements for admission to a teacher education program to schedule:

Curriculum 302, 303, 304, 306, 307, 308, 309, 311, 312, 313, 314, 338, 375A, 375B, 386, 402, 431, 450, 456, 483

Educational Foundations 401

Elementary Education 340, 341, 342, 419, 420, 421, 441, 442, 443, 451, 452, 453, 461, 462, 463, 464, 465, 466, 483A, 483B

Family and Consumer Sciences 313, 407, 421

Music Education 455, 456

Reading 321, 322, 418A, 418B, 419

Special Education 463, 464, 465

PROGRAM OF FIELD EXPERIENCES

All persons pursuing a degree in teacher education at The University of Louisiana at Monroe are required to be involved in a comprehensive program of structured, systematic field experiences, beginning with visitation and observation during enrollment in Educational Foundations 201 or KINS 211 and progressing to intense involvement in the senior year.

ULM teacher candidates are required to present documentation of liability insurance coverage when enrolled in a course that requires observation and/or teaching at a school site.

STUDENT TEACHING

Supervised student teaching is offered in selected schools in the Ouachita Parish and Monroe City School Systems. Other area systems are involved as needed.

Education majors schedule student teaching on an all-day basis, five days per week, for one semester. Candidates are allowed to register for no more than 15 hours during the semester in which they are student teaching. Special permission to enroll in more than 15 hours must be granted by the Dean.

An application for student teaching should be filed with the Director of Field Experiences during the first four weeks of the semester prior to the semester during which student teaching is to be scheduled. Prerequisites for student teaching are:

1. Admission to teacher education.
2. Passing scores on all parts of PRAXIS I and PRAXIS II (effective August 1, 2002).
3. Completion of a minimum of 90 semester hours of acceptable university work in a teacher education curriculum.
4. A minimum average of 2.5 in the major and minor fields.
5. No grade below "C" in any course counting toward the completion of the teacher education degree.
6. An average of 2.5 on all work counting toward the completion of the teacher education degree.
7. Completion of appropriate materials and methods course(s).
8. Completion of twenty (20) hours observation with assigned classroom supervisor.

Student teaching application forms are submitted to the Director of Field Experiences for approval or disapproval.

REQUIREMENTS FOR GRADUATION FROM A TEACHER EDUCATION PROGRAM

The candidate must meet all eligibility requirements for teacher certification in Louisiana, which include a 2.5 grade point average on all work toward the degree,

grades of "C" or better in all courses counting toward the degree, and passing scores on all applicable portions of PRAXIS I and PRAXIS II, effective Fall 1997. The candidate must also file an application for graduation with the Department Head at the beginning of the semester in which he/she plans to graduate.

REQUIREMENTS FOR LOUISIANA TEACHING CERTIFICATION

The candidate must meet all eligibility requirements for Louisiana teacher certification before graduation. In order for a person to be granted a Louisiana Teaching Certificate upon graduation, there must be an overall grade point average of 2.5 on a 4.0 scale in all work to be credited toward a degree from an approved teacher education program. There must be no grade below C in any professional education course, psychology course, the teaching major or minor, or in specialized academic education, or general education courses.

Certification requirements are specified by the State Legislature and/or the Board for Elementary & Secondary Education and coordinated by the State Department of Education. These requirements are subject to periodic modification which may not occur at times appropriate for inclusion in the annual publication of the University catalog. It is the responsibility of the students to make periodic checks for such changes with their academic advisers and/or department heads.

In order to be certified to teach in Louisiana, a person must present passing scores on all required parts of PRAXIS I and II as prescribed by the State Department of Education.

PRAXIS

Persons expecting to earn the Bachelor's degree from The University of Louisiana at Monroe in a teaching field must meet all eligibility requirements for Louisiana teacher certification, which include passing all parts of PRAXIS I and PRAXIS II. The examinations are administered on the ULM campus. Teacher candidates should confer with their advisers in preparation for the examinations. Teacher candidates may take the PRAXIS Practice Exam for the PRAXIS I in the ULM LRC.

To be admitted to student teaching, candidates must meet all other requirements for Louisiana certification, and submit satisfactory scores on the PRAXIS I and II. Please request original scores to be sent to ULM each time the tests are taken to expedite the application for certification. Additional information regarding PRAXIS requirements is available in the Center for Teacher Certification. Registration forms are available in the Testing Center. Study guides are on reserve in the library.

DEPARTMENT OF CURRICULUM AND INSTRUCTION

Stringer, Aycock, Beutner, Choate, Creekmore, Ellington, Flowers-Gibson, Guidry, Isby, Jelks, Jones, Powell, Pugh, Ricks, Sanders, Schween, Singletary, Sivakumaran, Washington

The Department of Curriculum and Instruction offers a variety of curricula leading to certification in teacher education.

Teacher candidates enrolled in the Bachelor of Science in Elementary Education program prepare to teach students in grades 1-5. With a 12 credit hour add-on plan for Early Childhood, Elementary Education candidates may prepare to teach Kindergarten and Nursery School (PK) in addition to grades 1-5.

Secondary education majors may opt for one of ten different primary teaching areas. Primary teaching areas within the Bachelor of Arts include Art Education, English Education, French Education, Social Studies Education, and Spanish Education. Primary teaching areas within the Bachelor of Science include Family and Consumer Sciences, Mathematics Education, Biology, Chemistry, Earth Science, and Speech Education.

Secondary education majors also select a secondary focus area and complete credit hours that apply toward a second teaching field. To be certified in a second teaching field that is a core academic area (biology, chemistry, earth science, English, French, mathematics, social studies, and Spanish) requires 30 credit hours or the Praxis content specialty area exam(s). To be certified in a second teaching field that is not a core academic area (computer science, journalism, and speech) requires 21 credit hours or the Praxis content specialty exam(s).

DEPARTMENT OF KINESIOLOGY

Campbell, Church, Clark, Cobb, Colvin, Coyle, Doherty, R. Williamson

The Department of Kinesiology offers an undergraduate professional teacher education concentration in health and physical education, and non-certification concentrations in exercise science, community health education and promotion, and fitness and sports studies. Coursework for these areas is listed in the Courses of Instruction section of this catalog. For information on graduate programs in the Department of Kinesiology, contact the Director of Graduate Studies and Research, The University of Louisiana at Monroe.

Students expecting to earn the Bachelor's degree in Kinesiology with a concentration in teaching in the health and physical education area must meet all eligibility requirements for initial licensure in Louisiana prior to student teaching and submit scores on PRAXIS I and II. Students expecting to earn the Bachelor's degree in Kinesiology with a concentration in Exercise Science, health education and promotion or fitness and sports studies must take a departmentally-approved professional exit exam. Kinesiology majors must make a "C" or better in all Kinesiology courses counting towards their degree.

KINESIOLOGY

(FORMERLY HEALTH AND HUMAN PERFORMANCE)

Concentrations include: Health and Physical Education (Certification), Exercise Science, Community Health Education and Promotion, and Fitness and Sports Studies.

	28

Total hours for degree, 125.

*Kinesiology majors should see Core Curriculum requirements in the Core Curriculum sections of the catalog on pages 82 and 107.

The Health and Physical Education Certification Concentration prepares students to teach K-12 health and physical education by providing coursework and experiences in the area of health and physical education. Required for a major in Kinesiology with a concentration in Health and Physical Education (Certification): KINS 202, 306, 319, 333, 334, 335, 355, 403, 431, 438; CURR 375A, 456; READ 418A, and PSYC 205. Total of 75 semester hours.

The Exercise Science Concentration prepares students for careers in the clinical/preventive settings including cardiac rehabilitation, physical therapy, hospital-based wellness programs, as well as advanced study in exercise science. Required for a major in Kinesiology with a concentration in Exercise Science: KINS 305, 318, 402, 438, 441, 435; CHEM 102, 103, 104; PSCI 101, 102, 103, 104; FCSC 207; NURS 280; SPCH 201; MGMT 301; PSYC 439 - Total of 75 semester hours.

The Community Health Education and Promotion Concentration prepares students with a background in courses and field experiences that qualify them for entry level positions in community health. Required for a major in Kinesiology with a concentration in Community Health Education and Promotion: KINS 322, 441, 442, 443, 444, 445, 446, 447; SPAN 101; FCSC 207; ACCT 212; ADED 410; SPCH 426; and CURR 470 - Total of 75 semester hours.

The Fitness and Sports Studies Concentration prepares students for leadership roles in fitness and sports. Required for a major in Kinesiology with a concentration in Fitness and Sports Studies: KINS 248 or 249, 305, 317, 318, 319, 320, 333, 335, 402, 413, 419, 435, 438 and 2 hours of coaching courses; SPCH 201; and MGMT 301 - Total of 75 semester hours. Students planning to apply to a physical therapy program in Louisiana should follow the Exercise Science Concentration with the following exceptions:

BIOL 120/121 in place of BIOL 114/116
 BIOL 122/123 in place of BIOL 115/117
 CHEM 107/109 in place of CHEM 101/103
 CHEM 108/110 in place of CHEM 102/104
 PHYS 203/209 in place of PSCI 101/103
 PHYS 204/210 in place of PSCI 102/104
 BIOL 214 in place of FCSC 207
 BIOL 240 in place of MGMT 301
 BIOL 311 in place of SPCH 201
 PSYC 401 in place of PSYC 410

It is also suggested that students take an additional six hours (ENGL 220A and SPCH 201) to meet Physical Therapy Program general requirements. Students who complete all the requirements will graduate with a degree in Kinesiology, Concentration Exercise Science.

DEPARTMENT OF PSYCHOLOGY

Williamson, Cottingham, Goodwyn, Hutto, Keiser, Lewis, Low, McCown, McGahan, Palmer, Stevens, Tolson

The Department of Psychology offers an undergraduate curriculum in psychology which provides a basic arts and sciences education including courses in all major content areas of psychology. The program is designed primarily to provide students with background and skills essential for further professional or graduate study in psychology. Students who select to major in psychology do not have a minor field option. At least 9 hours of general electives must be taken from courses numbered 300 and above.

Department of Radiologic Technology	Radiologic Technology	BS
School of Nursing	Nursing	BS

*Please consult the University of Louisiana at Monroe Catalog of Graduate and Professional Programs for information pertaining to the College's graduate degree programs.

MISSION STATEMENT

The mission of the College of Health Sciences is to educate practitioners to meet the diverse health care needs of the citizens of Louisiana and beyond. The College, as an academic unit of the University, embraces the educational philosophy of the University and fulfills the purpose of specialized professional education by offering organized programs of study in clinical laboratory sciences, dental hygiene, nursing, occupational therapy assistant, radiologic technology and speech language pathology with opportunities to work in interdisciplinary teams. In addition, the College provides continuing education to meet the needs of health care providers in northeast Louisiana, provides professional service to the community, and promotes the development of each profession through scholarly activity.

GENERAL INFORMATION

The College of Health Sciences includes one health profession school and five independent allied health departments offering a total of seven undergraduate programs.

ADMISSIONS

Admission criteria for the professional programs in the College of Health Sciences are included in the following sections describing each program. Note that prior criminal conviction may have a bearing on admission decisions for students applying to the various professional programs within the College of Health Sciences.

CORE CURRICULUM

All majors in baccalaureate curricula having pre-professional and professional segments within the College of Health Sciences complete a 42-hour general education core curriculum consisting of English, 6 hours; Mathematics, 6 hours; Natural Sciences, 9 hours; Fine Arts, 3 hours; Humanities, 9 hours; and Social Sciences, 6 hours; FRYs (1), and University Capstone, 3 hours.

PRE-PROFESSIONAL HEALTH STUDIES

The pre-professional curriculum below reflects the pre-professional requirements necessary for admission to the professional Physician Assistant Program offered

through the Louisiana State University Health Sciences Center (LSUHSC) in Shreveport. The requirements emphasize basic science coursework interspersed with liberal arts courses. Satisfactory completion of the curriculum prepares the student to apply to the LSUHSC program after a minimum of sixty-three semester hours of pre-professional study plus a minimum of 1000 hours of direct patient contact medical experience in the health care field; however, meeting the minimum requirements to apply to this program in no way guarantees acceptance into the program at LSUHSC. The LSUHSC program is highly competitive and only the highest grade point averages will be considered. Students should contact Dr. George Roberts for information at 342-1632.

DEPARTMENT OF CLINICAL LABORATORY SCIENCE

Roberts, Ramsey, Wisenor

ADMISSION TO PRE-CLINICAL LABORATORY SCIENCE

Applicants for admission to the pre-professional curriculum must meet the general admission requirements for admission to the University. Applications are submitted to the University Admissions Office.

The clinical laboratory science curriculum is composed of two portions: 1) the three-year academic on-campus pre-professional program (PCLS), and 2) the senior year professional clinical laboratory science program (CLSC) completed in a hospital-based School of Clinical Laboratory Science, accredited by the National Accrediting Agency for Clinical Laboratory Sciences.

The pre-professional curriculum consists of six semesters or the equivalent. The pre-clinical laboratory

science curriculum requires completion of general education courses, basic biology and chemistry courses and pre-professional clinical laboratory science courses that are offered in a sequence that provides basic information necessary for in-depth understanding of advanced courses in the professional curriculum.

This curriculum also includes the pre-clinical course work for educational and professional options in cytotechnology, histopathology, and nuclear medicine technology. The department head of Clinical Laboratory Science should be contacted for information regarding these options.

Pre-professional students should be aware that when a course is repeated, the last grade received shall be accepted as the final grade in determining graduation requirements; however, all grades received are recorded on the official transcript and are included in the cumulative grade point average (GPA) which is used to determine admission to the professional phase of the clinical laboratory science program, honors at graduation, and admission to graduate school.

Applicants for admission to the professional program in clinical laboratory science, in addition to meeting the requirements for admission to the University, must meet the requirements of the pre-professional curriculum and must have earned a minimum 2.5 uncorrected grade point average in all previous course work at all higher education institutions of attendance. Grades earned in remedial and/or developmental courses will not be included in determining grade point average. Due to the utilization of objective criteria in processing applications, completion of the pre-professional phase (PCLS) does not guarantee admission to the professional clinical laboratory science (CLSC) program. Acceptance into the clinical laboratory science clinical education year is on a highly competitive basis and is determined primarily by degree of academic excellence in the first three years of the pre-professional program.

Application forms for admission to the professional clinical education program in clinical laboratory science may be obtained from the office of the Clinical Laboratory Science Department Head. Completed applications are to be submitted to the Program Directors at affiliated hospital-based programs according to their predefined deadlines. The Department Head of Clinical Laboratory Science will assist students with the application process. Individual hospitals determine acceptance based upon their individual predefined qualifications which vary from one hospital to another.

The Department Head for Clinical Laboratory Science will make reasonable efforts to assist a student in securing a clinical education position. However, the student, not the University, is ultimately responsible for obtaining such replacement under the direction of the University. A student unable to obtain a placement or to complete the professional clinical education phase of the program successfully shall not be awarded the degree and is advised to change to a curriculum in which completion of degree requirements is possible.

CLINICAL LABORATORY SCIENCE

Forty hours per week for a twelve month period is spent in the senior year of the professional program in clinical education at a hospital-based School of Clinical Laboratory Science. ULM is currently affiliated with 6 approved clinical education programs. The senior year professional clinical laboratory science program (CLSC) is under the supervision of The University of Louisiana at Monroe and constitutes a complete unit of work. The student is responsible for making living arrangements for the clinical education phase of the program.

Upon successful completion of the pre-professional and professional phases of the program, the qualified student shall be awarded the baccalaureate degree and will be eligible to take a national certification/registration examination offered by the American Society of Clinical Pathologists, National Certification Agency for Medical Laboratory Personnel, American Medical Technologists, or the American Association of Bioanalysts. The awarding of the baccalaureate in clinical laboratory science is not contingent upon the successful completion of any national registry/certification examination.

REGISTERED TECHNOLOGIST/TECHNICIAN EDUCATION PLAN

The Clinical Laboratory Science curriculum provides an opportunity for registered technologists/technicians to be admitted into the baccalaureate degree program. Certified clinical laboratory technologists/technicians may be awarded up to 30 semester hours credit. The total hours for the degree is 125 semester hours. Up to 30 hours of CLT courses can be transferred toward the degree. For further information contact the department head of Clinical Laboratory Science. A minimum of 31 hours must be completed through ULM to earn the degree.

DEPARTMENT OF COMMUNICATIVE DISORDERS

Fellows, Allen, Bryan, Huckleberry, Johnson, Wyatt
(Formerly Speech, Language, Hearing Specialist)

ADMISSION TO PRE-COMMUNICATIVE DISORDERS

Applicants for admission to Pre-Communicative Disorders curriculum must meet the general admission

requirements for admission to the University. Applications are to be submitted to the University Admissions Office.

Progression of Majors in Communicative Disorders

Students enrolled in this curriculum are not eligible for American Speech-Language-Hearing Association (ASHA) certification upon completion of the degree plan. Graduate work is necessary to secure the Certificate of Clinical Competence (CCC) professional credentials. All communicative disorders courses must have a “C” or better upon graduation. A course transferred from another institution must show a grade of “C” or better in order to be considered for CODI credit. Only 100 and 200 level courses may be transferred.

Beginning Summer I, 1995, all students declaring a CODI major must meet the following requirements before applying for regular admission to the degree program: 1) satisfactory completion of any required developmental courses, 2) satisfactory completion of all courses under the “Freshman Year” requirements of the CODI curriculum, 3) satisfactory completion of all special requirements of the CODI major. These special requirements include a) completion of CODI 113, 152, 240, and 242 with a “C” or better, b) completion of a speech, language, and hearing screening test, c) an uncorrected cumulative GPA of 2.5 or better, d) an uncorrected GPA of 2.75 or better in the 100- and 200-level CODI courses, e) CODI faculty approval. Note that meeting the basic requirements does not guarantee that the student will be selected to progress to upper-level CODI courses. The above requirements also apply to transfer students. Applications for regular admission will be reviewed only in the fall semester. Applications are to be completed with the student’s adviser and forwarded to the department head by October 20 for review.

Communicative Disorders courses, with the exception of practica and directed studies, can be repeated only one time. Before enrollment in CODI 470 a student must have 1) completed a speech, language, and hearing screening while enrolled in CODI 113, 2) completed all courses required during the freshman and sophomore years as stated in the catalog, 3) completed 25 hours of supervised observation at approved settings, 4) a cumulative, uncorrected grade point average of 2.50 or better, and 5) an uncorrected grade point average of 2.75 or better in CODI 113, 151, 152, 240, 242, 300, 417, 418, 426, 427, 428, and 433.

DEPARTMENT OF DENTAL HYGIENE

Jarrell, Chaney, Richardson, Whorton

Bachelor of Science

The Dental Hygiene curriculum is composed of two segments, pre-dental hygiene and professional dental hygiene. Pre-dental hygiene is the segment comprising four academic semesters, or the equivalent, in an accredited college or university. It is concerned with instruction in general education and the basic physical and biological sciences to prepare the student for professional dental hygiene. The professional program in dental hygiene consists of four academic semesters, one summer session, or the equivalent, after admission to the professional program in dental hygiene. It is concerned with instruction in professional dental hygiene courses to prepare the student for the professional practice of dental hygiene.

Off campus clinical activities are required of each student. Students are financially responsible for these activities.

MISSION STATEMENT

The Department of Dental Hygiene, an educational section of the College of Health Sciences, derives its purposes and functions from the mission statement of The University of Louisiana at Monroe. Our primary purpose is

to provide quality education to all dental hygiene students, without discrimination, while recognizing and respecting the dignity of each individual. To fulfill this purpose, we are committed to providing this education by promoting scholarly activity in dental hygiene theory and practice. We are committed to contributing to the oral health needs of the community by providing high quality care in a cost efficient manner. We promote the educational growth and development of each individual through lifelong learning.

ADMISSION TO PRE-DENTAL HYGIENE

Applicants for admission to the Pre-Dental Hygiene curriculum must meet the general admission requirements for admission to the University. Applications are to be submitted to the University Admissions Office.

ADMISSION TO THE DENTAL HYGIENE CURRICULUM

The Dental Hygiene curriculum offers clinical instruction in its educational program as required by the Commission on Dental Accreditation of the American Dental Association. Admissions are determined annually based upon the availability of clinical facilities. Preference is extended to Louisiana residents and those students that have attended the Pre-Dental Hygiene program at The University of Louisiana at Monroe. Questions regarding out-of-state residents should be directed to the Dental Hygiene Office.

Applicants for admission to the professional program in the Dental Hygiene curriculum, in addition to meeting the requirements for admission to the University, must meet the following requirements: 1) An earned 2.5 uncorrected grade point average, or above, in all previous course work at all higher institutions of attendance, 2) A minimum of 40 completed pre-requisite hours prior to application on March 1, and 3) A minimum of 20 completed prerequisite hours in science courses (includes Math and Nutrition) prior to application on March 1. Grades earned in remedial and/or developmental courses will not be included in determining the grade point average. Additionally, international students must submit a satisfactory score on The Test of English as a Foreign Language (TOEFL) examination. Due to the utilization of objective criteria in processing applications, attainment of minimum requirements in the Pre-Dental Hygiene Curriculum does not necessarily guarantee admission to the professional Dental Hygiene program. Students accepted into the professional dental hygiene program are required to fulfill the immunization requirements of the ULM Center of Communicable Diseases.

Application forms for admission to the professional program in the Dental Hygiene curriculum may be obtained from the department head for Dental Hygiene. Completed forms are to be submitted to the Department Head for Dental Hygiene by March 1 of the year the student seeks admission for the fall semester. Applications will be reviewed by the Admissions and Academic Standards Committee. The Dean of the College of Health Sciences will take final action on the Committee's recommendation and notify the student

concerned. Students who do not meet minimum requirements on the day of registration will not be permitted to register in the Dental Hygiene Curriculum.

Degree Completion Program

The degree completion program builds upon the knowledge obtained at the associate degree level with additional courses in liberal arts, science, psychology, education and upper division courses in Dental Hygiene. The program is designed to prepare students to meet the challenge of the changing health care delivery system, to develop expertise in clinical and classroom education, and to establish a foundation for graduate study.

ADMISSION TO THE DEGREE COMPLETION PROGRAM

This program is designed for hygienists who have completed an associate degree program and desire to continue their education toward a baccalaureate degree. Basic requirements and credentials for admission are :

- 1) Graduation from an accredited dental hygiene program with a minimum of a 2.5 average;
- 2) Successful completion of the Dental Hygiene National Board Examination;
- 3) Complete college transcripts;
- 4) Application for admission to The University of Louisiana at Monroe and an application to the Dental Hygiene Program;
- 5) Catalog descriptions of courses taken at previous colleges;
- 6) Three reference letters (including one from the director of the Dental Hygiene program attended, one from a clinical instructor, and if applicable, one from a dentist employer; and an
- 7) Interview with the Admissions and Academic Standards Committee.

Following acceptance, an individual curriculum will be developed for each student depending upon: 1) the college courses completed previously, 2) the time lapse since the associate degree was awarded, and 3) current clinical experience. A minimum of 30 hours in attendance at The University of Louisiana at Monroe is required.

RETENTION IN THE DENTAL HYGIENE CURRICULUM

Failure of a student to maintain a cumulative grade-point average of 2.0 at the end of each semester in all professional dental hygiene courses will result in dismissal from the professional Dental Hygiene curriculum.

READMISSION TO THE DENTAL HYGIENE CURRICULUM

Students who are suspended or who have resigned from the professional Dental Hygiene curriculum must apply through the Dental Hygiene Admissions and Academic Standards Committee for readmission. This

committee will determine the individual coursework to be taken by the readmitted student.

DEPARTMENT OF OCCUPATIONAL THERAPY

Calk, Eichhorn, Jones, Meredith, Murphy

OCCUPATIONAL THERAPY ASSISTANT

Associate of Science

The Occupational Therapy Assistant Program is divided into two segments, pre-occupational therapy assistant (POTA) and occupational therapy assistant (OCTA), including Level II Fieldwork not to exceed twenty-four weeks in approved clinical settings scheduled and coordinated by The University of Louisiana at Monroe.

The Occupational Therapy Assistant Program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE), of the American Occupational Therapy Association, P.O. Box 31220, Bethesda, MD 20824-1220, (301) 652-2682. Graduates of the program will be eligible to sit for the national certification examination for the Occupational Therapy Assistant administered by the National Board for Certification in Occupational Therapy (NBCOT). After successful completion of this examination, the individual will be a Certified Occupational Therapy Assistant (COTA). Many states require licensure in order to practice; however, the majority of state licenses are usually based in part on the results of the NBCOT Certification Examination. A felony conviction may affect a graduate's ability to sit for the NBCOT certification examination or attain state licensure, therefore, if you are concerned about an issue, the status of this must be determined prior to the application to the professional portion of the program through the state licensing board and NBCOT.

ADMISSION TO PRE-OCCUPATIONAL THERAPY ASSISTANT (POTA)

Beginning freshmen who seek admission to the first segment of the Occupational Therapy Assistant Program (POTA) must meet the general admission requirements for admission to the University. Applications to ULM are submitted to the University Admissions Office. Students transferring from other divisions of the University and from other accredited colleges and universities should additionally have an overall academic record which indicates potential for success in an Occupational Therapy Assistant Program. Advising each semester is required. Students must come to the OT office to have advising or developmental flags removed. Students entering the program with transfer credit must request a transcript review from the department to determine what coursework will be credited to the degree plan.

A minimum cumulative grade point average of 2.000 on a 4.000 scale is required for enrollment in any O.T. taught course. A grade of "C" or better is required for all occupational therapy assistant coursework contributing to the Associate of Science Degree. Completion of the first segment of the Occupational Therapy Assistant Program requirements (POTA) does not guarantee admission to the second segment of the Occupational Therapy Assistant Program (OCTA).

Admission into the second segment of the Occupational Therapy Assistant Program (OCTA) is on a competitive basis with enrollment determined annually based on the availability of resources of the Occupational Therapy Department.

ADMISSION TO OCCUPATIONAL THERAPY ASSISTANT PROGRAM

Applicants for admission to the second segment of the Occupational Therapy Assistant Program (OCTA) must complete the following minimum criteria by the end

of the Spring Semester that application is made: 1) possess a minimum, uncorrected cumulative grade point average of 2.500 on a 4.000 scale in all previous coursework attempted at higher institutions of attendance and a minimum 2.500 uncorrected grade point average in all hours toward the OTA degree; 2) completion of 32 hours of required pre-professional coursework in the Occupational Therapy Assistant Program with a grade of "C" or better (see course descriptions for prerequisites).

Criteria and procedures for admission to the second year of the Occupational Therapy Assistant Program are available at the University of Louisiana Occupational Therapy web site and through the Occupational Therapy Department office. Completed applications are to be submitted to the Occupational Admissions Committee by May 1 for consideration for entry into the Occupational Therapy Assistant Program the following Summer II semester (OCTA). Questions regarding out-of-state candidates should be directed to the OT office.

Applications will be reviewed by the Occupational Therapy Admissions Committee. Preliminary ranking will be determined using the uncorrected grade point average of all hours taken toward OTA degree requirements. Subsequent and final ranking will be determined using the ULM OT Professional Behavior Record and the technical component of an assignment written by the student. The Professional Behavior Record will reflect the student's behaviors during all aspects of pre-professional programming. It will include such issues as professional attitude, initiative, appropriate interaction, adherence to program guidelines, attendance, punctuality, etc. Questions regarding out-of-state candidates should be directed to the OT office.

Students accepted into the OCTA program are required to fulfill the immunization requirements of the ULM Center for Communicable Diseases. Once accepted into the second segment of the Occupational Therapy Assistant Program, the student has one academic year to successfully complete the didactic coursework of the program. A student who fails to do so will be required to appear before The University of Louisiana at Monroe Occupational Therapy Academic Performance Committee for a hearing to determine continuation in the program.

To progress in the Occupational Therapy Assistant Program, a student must complete all required didactic occupational therapy courses with a grade of "C" or better in one academic year. A cumulative 2.300 on a 4.00 scale is required for continued enrollment. The student must observe all prerequisites in the sequential pursuance of courses leading to an Associate of Science Degree as an Occupational Therapy Assistant. All OCTA professional courses must be taken at ULM. Students who fail to successfully meet all OCTA requirements (due to not meeting competency or based on grade) will be dismissed from the program. Students may request to appear before the Academic Performance Committee to determine continuation in the program. Before going on Level II Fieldwork clinical affiliations, students must have a minimum cumulative grade point average of at least 2.300 (uncorrected). The Academic Performance Committee has the right and responsibility to impose sanctions on a student who is not in compliance with ethical, professional

behavior, or patient welfare guidelines of the program after following due process guidelines of the program. Sanctions can include dismissal from a course with a grade of "F" and may result in permanent dismissal from the program. The Occupational Therapy Academic Performance committee will determine the re-application status of any student who does not successfully complete the program. Students will receive a grade of either "CR" or "F" on Level II Fieldwork experiences.

A student who does not receive a grade of "CR" on any Level II Fieldwork placement shall be dismissed from the program. A dismissal may be appealed before the Occupational Therapy Academic Performance Committee to determine if repeated or additional coursework could justify readmission. All cases before the O.T. Academic Performance Committee will be reviewed on an individual basis. Students must complete all Level II Fieldwork requirements within 18 months following the completion of occupational therapy content courses.

DEPARTMENT OF RADIOLOGIC TECHNOLOGY

Shell, Allen, Bennett, Hicks, McNeil

The Radiologic Technology curriculum is composed of two segments, pre-radiologic technology and professional radiologic technology. Pre-radiologic technology is the segment comprising four academic semesters, or the equivalent, in an accredited college or university. It is concerned with instruction in general education and the basic physical and biological sciences to prepare the student for professional Radiologic Technology. The professional program in radiologic technology consists of four academic semesters plus two summer sessions between the junior and senior years, or the equivalent, after admission to the professional program in Radiologic Technology. It is concerned with instruction in professional Radiologic Technology and

related courses to prepare the student for the professional practice of radiologic technology.

Off-campus clinical activities are required of each student. Students are financially responsible for these activities.

ADMISSION TO PRE-RADIOLOGIC TECHNOLOGY

Applicants for admission to the Pre-Radiologic Technology curriculum must meet the general admission requirements for admission to the University. Applications are to be submitted to the University Admissions Office.

ADMISSION TO THE PROFESSIONAL PROGRAM IN RADIOLOGIC TECHNOLOGY

The professional program in Radiologic Technology is taught in conjunction with the clinical facilities at local medical centers. Admissions are determined annually based upon the availability of clinical positions. Preference is extended to Louisiana residents and/or ULM scholarship recipients.

Applicants for admission to the professional program in Radiologic Technology, in addition to meeting the requirements for admission to the University, must meet the requirements of the Pre-Radiologic Technology curriculum and must have earned a minimum uncorrected cumulative grade point average of at least a 2.5 on a 4.00 scale in all previous course work at all higher institutions of attendance and possess a grade of "C" or better in all required mathematics, natural science and Radiologic Technology courses. Due to utilization of objective criteria in processing applications, attainment of minimum requirements in the Pre-Radiologic Technology curriculum does not guarantee admission to the professional Radiologic Technology Program. Admission will be partially determined upon corrected GPA for all core curriculum requirements.

Application forms for admission to the professional program of Radiologic Technology may be obtained from the department head for Radiologic Technology. Completed application forms are to be submitted to the department head for Radiologic Technology by May 31 of the year the student seeks admission for the fall semester. Applications will be reviewed by the Admissions and Academic Standards Committee. The Dean of the College of Health Sciences will take the final action on the Committee's recommendation and notify the student concerned.

The Radiologic Technology Program is accredited by the Joint Review Committee on Education in Radiologic Technology 20 North Wacker Drive, Suite 900, Chicago, IL 60606-2901; Phone: 312-704-5300; www.jrcert.org. Graduates of the program are eligible to take the national certification examination for radiologic technologists administered by the American Registry of Radiologic Technologists (ARRT). Successful completion of this exam enables the graduate to become a Registered

Radiologic Technologist in Radiography (R.T.R.). The American Registry of Radiologic Technologists reserves the right to disapprove the writing of the National Registry to persons having been convicted of a Felony or Misdemeanor. Contact for the ARRT is 1255 Northland Drive, St. Paul, Minnesota, 55120-1155, phone: 641-687-0048; www.arrt.org. Many states also require licensure to practice; however, most of these are granted based on results of the ARRT examination.

Students must observe all pre-requisites in the sequential pursuance of courses leading to a baccalaureate degree in Radiologic Technology. Advising each semester is mandatory.

To progress in the professional program of Radiologic Technology, a student must maintain at least a 2.5 cumulative G.P.A. and complete all required radiologic technology courses with a grade of "C" or better. A student who receives a grade less than "C" on any professional Radiologic Technology course, will be dismissed from the program. The dismissal may be appealed before the Radiologic Technology Admissions and Academic Standards Committee to determine if repeated or additional coursework could justify readmission. All cases will be reviewed on an individual basis.

SCHOOL OF NURSING

Adams, Bailes, Bennett, Braswell, Brooks, Brossett, Burgess, Burson, Campbell, Davenport, Davis, Dickson, Doughty, Durkee, Fautheree, Gibson, Glaze, Gray, Holmes, John, Jones, Kervin, Kincannon, Laird, Lewis, Lowder, Miller, Mitchell, Moreau, Morgan, Moss, Potter, Reid, Sabin, Towns, Stansbury, Williams

GENERAL INFORMATION

The School of Nursing offers the Bachelor of Science degree with a major in Nursing. Curriculum options for the traditional student, the RN student, the LPN student and students with a previous baccalaureate degree in a field other than nursing are available. The nursing curriculum is composed of two segments, pre-nursing and professional nursing. The pre-nursing segment includes three academic semesters, or the equivalent, in an accredited college or university. It is concerned with instruction in general education and the basic physical and biological sciences to prepare the student for professional nursing. After admission to the professional program, there are five academic semesters concerned with instruction in

professional nursing courses necessary to prepare the student for the practice of professional nursing. For specific information about the program for students with a previous baccalaureate degree, please see the section related to the accelerated program. It should be noted that prior criminal convictions may have a bearing on admission decisions when applying for the professional program in nursing.

CORE CURRICULUM

All majors in the baccalaureate curricula having pre-professional and professional segments within the School of Nursing complete a general education core curriculum consisting of English, 6 hours; Mathematics, 6 hours; Natural Sciences, 9 hours; Arts, 3 hours; Humanities, 9 hours; and Social Sciences, 6 hours.

MISSION STATEMENT

The University of Louisiana at Monroe School of Nursing shares the University's commitment to instruction, research, and service. The primary mission of the School of Nursing is to offer a specialized program of study of nursing science which will prepare its graduates for effective service as beginning professional nurses who will practice in a variety of health care delivery settings as clinicians, leaders, and agents of change, provide its graduates with the background necessary for further professional education and growth, and provide an environment in which its graduates can develop a desire for life-long learning and a passion for the practice of nursing as a discipline of science, caring, and compassion. Further, it is the mission of the School of Nursing to provide continuing education to meet the needs of the nursing community, of Northeast Louisiana, provide professional service to the community, and promote the development of the nursing profession through scholarly activity.

ADMISSION TO PRE-NURSING

Applicants for admission to the pre-nursing curriculum must meet the general admission requirements for admission to the University.

Applications are to be submitted to the University Admissions Office.

ADMISSION TO THE PROFESSIONAL NURSING PROGRAM

TRADITIONAL STUDENTS

The School of Nursing offers clinical, didactic, and seminar instruction in the professional program. The School is accredited by the Commission on Collegiate Nursing Education, One Dupont Circle, N.W., Suite 350, Washington, D.C., 20036 -1120. Admissions are based upon the availability of clinical sites and faculty. With all factors being equal, preference is extended to Louisiana residents. Computer competency must be demonstrated prior to enrolling in NURS 200, NURS 202, NURS 220 or NURS 217.

Applicants for admission to the professional program, in addition to meeting the requirements for admission to the University, must fulfill the requirements of the pre-nursing curriculum and entrance exam. An applicant to the Traditional, RN, or LPN program must possess a minimum, corrected cumulative grade point average of 2.8 in all required pre-nursing courses, excluding grades earned in developmental education courses. Applicants to the Accelerated option, see Accelerated Admission Criteria. In addition, no grade less than "C" will be accepted in any pre-nursing course. Courses with NURS prefix may be repeated only once.

Application forms for admission to the professional program in Nursing may be obtained from the Office of the School of Nursing. Completed application forms, along with the application fee, are to be received by the Director of the School of Nursing by March 1 for the Fall Semester and by October 1 for the Spring Semester. Each application will be reviewed individually for compliance with the requirements for admission and licensure of the Louisiana State Board of Nursing described in the Louisiana Administrative Code. The Director of the School of Nursing will take final action and notify the student.

Due to the utilization of objective criteria in processing applications, attainment of minimum requirements in the pre-nursing curriculum does not necessarily ensure admission to the professional nursing program. If for some reason a student is not admitted to the nursing program, reapplication must be made following the regular procedure. The student must fulfill all prerequisites in the required sequence of courses leading to application for the professional program in Nursing.

Nursing students are required to submit a physical examination report to the office of the Director of the School of Nursing upon admission. For the protection of the student and to meet the requirements of affiliating agencies, certain health related information is required at the time of admission to the professional program. These requirements are based on recommendations from the Center for Disease Control and Prevention (CDC) and are subject to change as recommendations change. Professional healthcare students, i.e., nursing students must prove non-communicable with TB testing yearly. (Sanitary Code, State of Louisiana). The Mantoux skin test and Hepatitis B immunization can be obtained through Student Health Services for a nominal cost. Mantoux skin test and Hepatitis B immunization may also be obtained from other sources, with the student providing appropriate and specific documentation to Student Health Services. After admission to the professional program, the Mantoux skin test must be repeated and results recorded by Student Health Services each semester. Prior to entering clinical each semester, all students must submit proof of CPR - Health Care Provider, according to the School of Nursing Student Handbook. Health insurance is recommended for all students.

At any time that a student is enrolled in pre-nursing or nursing, the Louisiana State Board of Nursing requires knowledge of: (a) information regarding whether a student has ever been arrested, charged with, convicted of, pled guilty or no contest to, or been sentenced for any criminal offense in any State; and/or (b) information regarding any

actual or pending disciplinary action against them by any licensing board. These facts must be reported to the Director of the School of Nursing who will forward the information to the Board. Entrance into or continuation in the program will be dependent on the Board's action.

TRADITIONAL STUDENTS

RETENTION IN THE PROFESSIONAL NURSING PROGRAM

Failure of a student to earn a "C" or better (progressive grade) in a professional nursing course will result in automatic suspension from the professional nursing program. Students who desire readmission after being suspended, resigning, or withdrawing from the professional nursing program must submit an application for readmission through the School of Nursing Admissions and Academic Standards Committee. Students who have earned a non-progressive grade in a required nursing course may be readmitted to repeat that course only one time and, in addition, may be readmitted to repeat courses in only two semesters. A failure in either component of a combined theory/clinical course will require that both components be repeated. Readmission is not automatic, and must be considered on an individual basis.

Students enrolled in the professional program of the School of Nursing are responsible and accountable for their actions related to patient care. All students must be CPR certified, according to the School of Nursing Student Handbook, to enter a clinical area. A score of 80% on a test of dosage calculations is required each semester before entering clinical. In addition, a score of 100% is required on a drug safety test each semester. Failing to successfully pass both of these tests by the third attempt will necessitate the student dropping all courses with a clinical component. The faculty in the course involved and the Director have the right and responsibility to impose sanctions on a student whose conduct in the clinical setting is detrimental to patient welfare. Sanctions can include suspension from the course with a grade of "F" and may result in permanent suspension (dismissal) from the School of Nursing. Students will be required to take nationally normed tests throughout the curriculum, make a satisfactory score on such tests, and follow the remediation policy of the School of Nursing. In the last semester of the curriculum, students will be required to take a comprehensive exam and to make a satisfactory score on such an exam prior to graduation and taking the licensing exam.

PROBATION/SUSPENSION REGULATIONS

NURSING PROBATION. Students who are in good academic standing in the School of Nursing and earn a non-progressive grade in one course will be placed on professional nursing probation.

NURSING SUSPENSION. Students who have earned a non-progressive grade in one course twice or have a third failure after repeating courses in two other semesters will be suspended from the professional program.

NURSING APPEAL. Students who wish to appeal their suspension from the professional program may appeal to the School of Nursing Admission and Academic Standards Committee.

NOTE: Suspension from the professional nursing program prevents students from registering for all university classes. However, students interested in another academic program may contact the dean's office responsible for the program to discuss eligibility for the program. If eligible, the student should process a change of curriculum form in the dean's office. They will then be permitted to register for classes according to the University calendar in affect.

- **CN or NB** - The grade of CN (non-progressive 'C' which carries two quality points) or NB (non-progressive 'B' which carries three quality points) may be assigned to students who fail to meet the clinical or theory requirements in NURS 332, 334, 404, and 405. These grades indicate non-progression and successful completion of the course/courses is required before the student can progress to the next professional semester.

- **IP** - The grade of IP will be assigned in NURS 465 to graduating seniors who have not successfully completed the HESI Exam requirements. The student will enroll in absentia for the following semester. When the HESI Exam requirements are met, the grade in NURS 465 will be assigned, the student transcript will note that degree requirements have been met, and the student is awaiting the formal commencement exercise.

TRADITIONAL STUDENT CURRICULUM PLAN

PRE-NURSING

Freshman Year	Hrs.
Core English Composition*	6
Biology 114 ^{enp} /116, 115 ^{enp} /117.....	8
Mathematics 110 ^{cm} or 111 ^{cm} , 116 ^{cm}	6
Chemistry 101 ^{enp} /103 or 107 ^{enp} /109	4
Core Fine Arts*	3
Psychology 201 ^{cs} , 278	6
FRYS 101	(1)
	33

Sophomore Year	
Biology 228.....	3
Family and Consumer Sciences 207.....	3
Biology 214, 215.....	4
Sociology 101 ^{cs} or 102 ^{cs}	3
Nursing 200	2
	15

Nursing 462, 463, 464, 465, 437	13
	28

Total hours for degree, 125.
 *Students should see Core Curriculum requirements on pages 82 and 118.

ACCELERATED OPTION CURRICULUM PLAN FOR STUDENTS WITH A PREVIOUS BACCALAUREATE DEGREE

The School of Nursing provides an opportunity for students who have a previous baccalaureate degree in a field other than nursing to be admitted into a curriculum specifically designed to facilitate attainment of a baccalaureate degree in nursing. Students must be accepted specifically into the accelerated program. Requirements include a previous baccalaureate degree, specific pre-nursing prerequisites, and a GPA of 3.0 on all prerequisite coursework applied to this degree. Students will be admitted to the accelerated option beginning yearly in January. Applicants must meet general admission requirements for admission to the University. Other requirements can be found under "Admission to the Professional Nursing Program" section.

Specific Courses required prior to admission to professional nursing courses:

Equivalent courses may be earned as part of the previous degree.	
Fine arts elective	3
Humanities electives	9
English 101, 102 or 103	6
Mathematics 111 or 110, 116.....	6
Chemistry 101/103 or 107/109	4
Psychology 201, 278.....	6
Sociology 101 or 102	3
Family and Consumer Science 207	3
Biology 114/116, 115/117, 214, 215.	12
Electives	11
Total	63

ADMISSION REQUIREMENTS FOR ACCELERATED PROGRAM

A preliminary review of college transcripts must be conducted by an advisor prior to submitting an application in order to determine admission eligibility and identify any necessary course prerequisites.

A GPA of 3.0 is required in the following courses: ENGL, MATH, CHEM, PSYC, SOCL, FCSC, and BIOL. All other courses applied to the degree must have a grade of "C" or better.

A letter must be submitted, that describes the applicant's views of nursing as a profession and the qualities he/she possesses that will ensure success in professional nursing.

A personal interview is required on-campus, with a member of the School of Nursing Administration. This interview will provide an opportunity to discuss program requirements, curriculum, nursing, and the applicant's ability to complete a course of intensive study.

All prerequisite courses and the baccalaureate degree must be completed prior to beginning the Accelerated Option.

RETENTION IN THE ACCELERATED PROGRAM

Failure of a student to earn a "C" or better (progressive grade) in a professional nursing course will result in automatic suspension from the professional nursing program. If an accelerated student fails or drops a nursing course (or courses) or makes a non-progressive grade in a nursing course, that student will have a choice of three options.

1. The student may choose to apply for readmission and, if accepted, repeat the non-progressive nursing course(s) and additional courses as recommended by the Admissions and Academic Standards Committee with the next accelerated class.
2. The student may apply for readmission in the next accelerated class and, if accepted, start from the beginning in the accelerated program.
3. The student may complete all prerequisites for the traditional program and apply for readmission into the traditional program.

Students who desire readmission to the professional program after being suspended, resigning or withdrawing from the accelerated professional nursing program must submit an application for readmission through the School of Nursing Admissions and Academic Standards Committee.

Students enrolled in the professional program of the School of Nursing are responsible and accountable for their actions related to patient care. In addition, a score of 80% on a dosage calculation test and a score of 100% on a drug safety test is required before each clinical. If appropriate scores are not achieved by the third test, the student must drop all nursing courses. The faculty in the course involved and the Director have the right and responsibility to impose sanctions on a student whose conduct in the clinical setting is detrimental to patient welfare. Sanctions can include suspension from the course with a grade of "F" and may result in permanent suspension (dismissal) from the School of Nursing.

CURRICULUM PLAN FOR ACCELERATED PROGRAM

Nursing 216, 217	4
Nursing 204, 221, 222	10
Nursing 321, 326, 327	10
	24
Nursing 323, 325, 430	11
Nursing 407, 408, 409, 410	14
Nursing 411, 412, 414, 415, 437	13
	38
Total Nursing Hours: 62	
Total requirements for degree: 125.	

REGISTERED NURSE CURRICULUM PLAN

The School of Nursing provides an opportunity for registered nurses to be admitted into the baccalaureate degree program. Graduates in nursing from NLNAC accredited and state-approved diploma and associate degree programs who are currently licensed to practice in Louisiana may be awarded forty-one semester credit hours based on current licensure at the time of admission. Applicants for admission to the professional program, in addition to meeting the requirements for admission to the University, must fulfill the requirements of the pre-nursing curriculum. No entrance exam is required. Part-time and full-time study is available.

RETENTION IN THE RN TO BS PROGRAM

Failure of a student to earn a "C" or better (progressive grade) in a professional nursing course will result in automatic suspension from the professional nursing program. Students who desire readmission after being suspended, resigning, or withdrawing from the professional nursing program must submit an application for readmission through the School of Nursing Admissions and Academic Standards Committee. Students who have earned a non-progressive grade in a required nursing course may be readmitted to repeat that course only one time and, in addition, may be readmitted to repeat courses in only two semesters. Readmission is not automatic, and must be reconsidered on an individual basis.

Students enrolled in the professional program of the School of Nursing are responsible and accountable for their actions related to patient care. The faculty in the course involved and the Director have the right and responsibility to impose sanctions on a student whose conduct in the clinical setting is detrimental to patient welfare. Sanction can include suspension from the course with a grade of "F" and may result in permanent suspension (dismissal) from the School of Nursing.

The total number of hours required for the degree is 125. Thirty-two (32) hours must be earned through instruction offered by The University of Louisiana at Monroe.

Pre-Requisite and Core Courses

Core English Composition*	6
Biology 114 ^{cnp} , 115 ^{cnp} , 116 ^{cnp} , 117 ^{cnp}	8
Biology 214, 215, 228.....	7
Math 110 ^{cm} or 111 ^{cm} , 116 ^{cm}	6

Core Humanities*	9
	55

Professional Course Requirements

Nursing 280	3
Nursing 204, 216, 220	7
Nursing 430, 437, 472, 473, 474, 475	16
University Capstone 300 ^{uc}	3
	29

41 credit hours granted with current LA RN license upon successful completion of all prerequisites and NURS 220.

Total Hours for degree, 125.

*Students should see the Core Curriculum requirements on pages 82 and 118.

LICENSED PRACTICAL NURSE CURRICULUM PLAN

The School of Nursing provides an opportunity for licensed practical nurses to be admitted into the baccalaureate degree program. Graduates in nursing from state-approved licensed practical nurse programs who are currently licensed to practice in Louisiana may be admitted for part-time or full-time study.

Provision is made for these students to demonstrate their achievement by taking examinations for credit in selected arts, sciences, and nursing courses. Twelve (12) credit hours may be earned throughout the program from proficiency tests and skills checkoff and recognized work experience. Students entering the program with a degree and transfer students with sophomore or above status are not required to take FRY5 101. Other requirements can be found under "Admission to the Professional Nursing Program" section. For further information contact the School of Nursing.

RETENTION IN THE LICENSED PRACTICAL NURSE PROGRAM

Failure of a student to earn a "C" or better (progressive grade) in a professional nursing course will result in automatic suspension from the professional nursing program. Students who desire readmission after being suspended, resigning, or withdrawing from the professional nursing program must submit an application for readmission through the School of Nursing Admissions and Academic Standards Committee. Students who have earned a non-progressive grade in a required nursing course may be readmitted to repeat that course only one time and, in addition, may be readmitted to repeat courses in only two semesters. A failure in either component will require that both components of a combined theory/clinical course be repeated. Readmission is not automatic, and must be considered on an individual basis.

Students enrolled in the professional program of the School of Nursing are responsible and accountable for their actions related to patient care. All students must be CPR certified, according to the School of Nursing Student Handbook, to enter a clinical area. A score of 80% on a test of dosage calculations is required each semester before entering clinical. In addition, a score of 100% is required on a drug safety test each semester. Failing to successfully pass both of these tests by the third attempt will necessitate the student dropping all courses with a clinical component. The faculty in the course involved and

the Director have the right and responsibility to impose sanctions on a student whose conduct in the clinical setting is detrimental to patient welfare. Sanctions can include suspension from the course with a grade of F and may result in permanent suspension (dismissal) from the School of Nursing. Students will be required to take nationally normed tests throughout the curriculum, make a satisfactory score on such tests, and follow the remediation policy of the School of Nursing. In the last semester of the curriculum, students will be required to take a comprehensive exam and to make a satisfactory score on such an exam prior to graduation and taking the licensing exam.

COLLEGE OF PHARMACY

F. LAMAR PRITCHARD, Dean
Sugar 151

ACADEMIC PROGRAMS

Bachelor of Science (BS)
Master of Science (MS)
Doctor of Pharmacy (Pharm.D.)
Doctor of Philosophy (Ph.D.)

PHARMACY UNDERGRADUATE AND PROFESSIONAL DEGREES

ACADEMIC UNIT	MAJOR	DEGREE
Pharmacy	Pharmacy	PharmD *
Department of Toxicology	Toxicology	BS

*Please consult the University of Louisiana at Monroe Catalog of Graduate and Professional Programs for information pertaining to the College's graduate and doctoral-level professional degree programs.

MISSION STATEMENT

The mission of the College of Pharmacy is to educate health care professionals to meet the diverse pharmaceutical care needs of the people of Louisiana and to serve the professions of pharmacy and toxicology through a balanced program of education, research, service, and patient care. The College of Pharmacy, as an academic unit of the University, embraces the educational philosophy of the University and subserves the purpose of specialized education by offering organized programs of study in the pharmaceutical sciences that will:

1. Provide Louisiana with pharmacy practitioners who are scientifically educated and professionally and clinically competent to deliver the full spectrum of pharmaceutical services required in a dynamic, culturally diverse society — graduates should be able to enter into a wide range of existing or emerging health care practices.
2. Infuse and validate attitudes and values throughout the curriculum that emphasize the importance of including the patient and other members of the health professions in seeking desired therapeutic outcomes.
3. Extend and utilize resources to identify and address the health care needs of society through programs designed to involve faculty, staff, and students in service activities at the University, local, state, and national levels.
4. Promote excellence in graduate study and research in the clinical and basic medical and

pharmaceutical sciences, thereby serving the needs of Louisiana and the nation for scientists and educators in pharmacy and related fields.

5. Recognize that professional education is a lifelong process and must form a continuum with professional practice and patient care.

GENERAL INFORMATION

The College of Pharmacy was established by the State Board of Education on August 11, 1956 and continues to serve as Louisiana's sole State supported Pharmacy Program. The College of Pharmacy continues to evolve to meet the health care needs of the State's population, and in 1998, began to offer the Doctor of Pharmacy degree as its sole entry level professional pharmacy degree. The College also offers the State's only masters and doctor of philosophy degrees in the areas of pharmacy and pharmaceutical sciences. The Bachelor of Science program in Toxicology was initiated in 1982 and is one of only six programs in the country. The College of Pharmacy currently includes three academic departments - Basic Pharmaceutical Sciences, Clinical and Administrative Sciences, and Toxicology.

ACCREDITAION

The Doctor of Pharmacy program in the College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education. The College of Pharmacy is a member of the American Association of Colleges of Pharmacy, an organization whose mission is to promote pharmaceutical education and research.

CORE CURRICULUM

All majors in baccalaureate curricula having pre-professional and professional segments within the College of Pharmacy complete a 42-hour general education core curriculum consisting of English, 6 hours; Mathematics, 6 hours; Natural Sciences, 9 hours; Fine Arts, 3 hours; Humanities, 9 hours; and Social Sciences, 6 hours; FRYs (1), and University Capstone, 3 hours.

DEPARTMENT OF BASIC PHARMACEUTICAL SCIENCES

Briski, DeGennaro, El Sayed, Hill, Hussain, Hsia, Jois, Liu, Nazzal, Shah, Sylvester

DEPARTMENT OF CLINICAL AND ADMINISTRATIVE SCIENCES

Jastram, Aikens, Adams, Biglane, Blake, Brice, Cockerham, E. Evans, J. Evans, Feldhaus, Forsell, Holly, Gauthier-Lewis, Lawrence, Leader, Manor, Mikeal, Nickelson, Parrish, Racca, Rappaport, Rodden, Sherman, Sirmans, Smith, Steffenson, Tan, Tice, Ross, Walker, Wicker, Wilbert, Zagar

DOCTOR OF PHARMACY PROGRAM

The Doctor of Pharmacy degree is the highest level of applied professional education offered in pharmacy. It is designed to assure development of clinical skills and judgment with the acquisition of the confidence necessary to assess therapeutic problems and to be an active participant in those decision-making processes relating to pharmaceutical care. The program is designed to provide a broad spectrum of study in the administrative, biological, clinical, pharmaceutical, and social sciences to prepare the graduate for careers in academic, ambulatory, industrial and institutional settings.

Admission to the Doctor of Pharmacy requires preparatory coursework focusing in the areas of biological, chemical and physical sciences, and written and oral communications which need to be completed prior to admission into the College of Pharmacy. Students wishing to pursue a career in pharmacy are encouraged to complete their pre-pharmacy requirements in conjunction with pursuing a four year degree (e.g., toxicology, biology, chemistry, etc.). Pre-pharmacy preparatory coursework may be completed at any accredited university. Students aspiring to complete their pre-pharmacy preparatory coursework at The University of Louisiana at Monroe must meet the admission requirements for the University.

Upon completion of the preparatory coursework, students may apply for admission to the Doctor of Pharmacy program in the College of Pharmacy. Admission to the program is competitive and, at a minimum, is based on cumulative pre-pharmacy preparatory course work grade point average, written and oral communication skills, and scores on the Pharmacy College Admission Test.

For the 2009 admission cycle, students applying for admission to the College of Pharmacy must meet the following academic requirements:

1. Have a minimum 3.0 cumulative grade point average;
2. Meet The University of Louisiana at Monroe's core curriculum requirements with a grade of "C" or better in each core course, and
3. Complete the following courses or their equivalents with a grade of "C" or better:
 - a. Biology 120, 121, 214, 215, 220, 240, 241, 305, 311, 312, and 313
 - b. Business 305
 - c. Chemistry 107, 108, 109, 110, 230, 231, 232, 233, and 350
 - d. Economics 201
 - e. English 101, 102, and 220
 - f. Kinesiology 201
 - g. Management 301
 - h. Math 113, 131, 132, and 305
 - i. Physics 203, 204, 207, 208
 - j. Speech 201

Students applying for admission in the 2008 admission cycle must complete the following requirements:

1. Have a minimum 3.0 cumulative grade point average;
2. Meet The University of Louisiana at Monroe's core curriculum requirements with a grade of "C" or better in each core course, and,
3. Complete the following courses or their equivalents with a grade of "C" or better:
 - a. Biology 120, 121, 214, and 215
 - b. Chemistry 107, 108, 109, 110, 230, 231, 232, and 233
 - c. Economics 201
 - d. English 101, 102, and 220
 - e. Kinesiology 201
 - f. Math 113, 114
 - g. Physics 203, 204
 - h. Psychology 439 or Math 116
 - i. Speech 201
4. Students with the following course, in addition to those required for admission, will be given preference in the 2008 admission cycle:
 - a. Biology 220, 240, 241, 305, 311, 312, and 313
 - b. Business 305
 - c. Chemistry 350
 - d. Management 301
 - e. Math 131, 132, (Substitutes for Math 114) and 305 (substitutes for Psychology 439 or Math 116)
 - f. Physics 207 and 208

ADMISSION TO THE DOCTOR OF PHARMACY PROGRAM

Admission to the program is competitive, and is based on the student's academic ability, communication skills, and potential for professionalism. As required by

the Accreditation Council for Pharmacy Education, the College of Pharmacy offers extensive experiential clerkship instruction in its educational program. For this reason, admissions are determined annually based upon the availability of the instructional resources available to the program. Preference for admission is extended to Louisiana residents. The University of Louisiana at Monroe, Office of Admissions determines residence status in accordance with the regulations of the University of Louisiana System Board of Supervisors.

In addition to meeting the requirements of admission for The University of Louisiana at Monroe, applicants for admission to the Professional Program in the College of Pharmacy must have completed the required pre-pharmacy preparatory coursework with no grade less than "C" and possess a cumulative grade-point average of at least 3.000 (uncorrected, based on a 4.0 system) in all previous coursework undertaken, exclusive of developmental courses, whether passed or failed at all institutions of attendance.

Applications for admission to the Doctor of Pharmacy program are due to the Office of Student and Professional Affairs in the College of Pharmacy no later than January 15th immediately preceding the applicants effective admission date, and all pre-pharmacy preparatory coursework and university core curriculum requirements must be completed no later than June 1st immediately preceding the applicant's requested effective admission date. Coursework completed more than seven years prior to the applicant's requested admission date cannot be used to satisfy pre-pharmacy requirements and will be excluded from all evaluations and grade point calculations associated with the professional program admission process.

Official scores from the Pharmacy College Admission Test (PCAT) must be submitted by students applying for admission to the professional program. PCAT scores must be submitted by the January application deadline. Selected qualified students will be invited to campus for interviews to evaluate their written and oral communication skills and potential for professionalism. Applicants are expected to exhibit the degree of maturity commensurate with academic study, as well as motivation for the practice of pharmacy. Applications will be reviewed by the Admissions Committee, and the Dean will take final action on the committee's recommendation and notify the students concerned. A complete explanation of application procedures pertaining to the current admissions cycle and application forms is available online at the College of Pharmacy website (www.ulm.edu/pharmacy).

Students seeking to transfer to the professional program of the College of Pharmacy from other accredited colleges of pharmacy must meet the pre-pharmacy preparatory coursework requirements and be eligible for admission to the University. Additionally, the applicant must be in good academic standing and be eligible to continue and progress in the College of Pharmacy he/she has been attending. The student must have an overall grade point average of at least 3.000 (4.0 system) on all coursework attempted at the time of transfer. A logical sequence of professional courses and appropriate prerequisites must have been maintained. Advanced

standing will be granted on comparable subject matter for which a grade of "C", or better, has been earned. A minimum of one academic year is required for graduation. Transfer opportunities are possible only when vacancies in existing classes occur. Students admitted on a professional transfer basis to a class in progress shall be subject to all requirements and restrictions applicable to other students in the class.

Any person having been convicted of a drug related felony will not be admitted to the professional program of the College of Pharmacy.

IMMUNIZATION POLICY

In addition to the general Immunization Compliance required of all students by Louisiana R.S. 17.170, students admitted to the professional program of the College of Pharmacy must meet immunization requirements established by the College. Students accepting admission to the College of Pharmacy will be provided a set of immunization requirements and a deadline to meet the requirements. Students failing to meet immunization deadlines will have their offer of admission rescinded.

INSURANCE REQUIREMENTS

Health insurance is recommended for all students and is required for all students entering an active patient-care environment as a part of their academic requirements.

PHARMACY INTERN PERMITS

Students admitted to the professional program must apply for an active pharmacy intern permit during the first semester following enrollment into the professional program and maintain it continually throughout enrollment in the professional program. Students found to be in violation of the regulations of the Louisiana Board of Pharmacy may be required to resign their enrollment.

RANDOM DRUG SCREENING REQUIREMENTS

In the interest of public health and safety, all students enrolling the professional program of the College of Pharmacy are subject to random drug screening. Such tests are conducted by independent laboratories and test results are reported directly to the College of Pharmacy. Results of random drug screenings will also be reported to Louisiana State Board of Pharmacy.

ACADEMIC, ETHICAL AND PROFESSIONAL STANDARDS

Students admitted to the College of Pharmacy are held to rigorous academic, ethical and professional standards as outlined in the College of Pharmacy Student Bulletin. To complete the Doctor of Pharmacy program, the student must have demonstrated satisfactory academic performance and ethical and professional

standards. Disciplinary actions may occur based on violations of academic, ethical or professional standards as outlined in the College of Pharmacy Bulletin.

ACADEMIC PROGRESSION. Failure of a student to earn a minimum grade of "D" in a professional pharmacy course precludes progression to courses for which it is a prerequisite. In the event that a student fails to obtain a grade of "C" or better in a professional pharmacy course, the student must remediate that course or its equivalent at the next offering of the course, and such remediation must be completed within one year of the original course. Course withdrawals and leaves of absences disrupt a student's progress and are discouraged. A student who must withdraw from one or more courses for compelling circumstances beyond his or her control may petition the Associate Dean of Academic Affairs to withdraw from specific courses or from all courses. Withdrawal from a course without administrative approval will result in "W" grades being treated as a grade of "F" for academic progression and retention purposes. Failure of a student to earn a minimum grade of "C" in all professional pharmacy courses precludes progression to the Advanced Practice Experiences. Students who fail to meet minimum progression standards may find it necessary to resign their enrollment for one or more semesters. Students who interrupt their enrollment in professional pharmacy courses for a period of more than two consecutive enrollment periods (two semesters or a 12-week summer session plus a semester) must apply for readmission to the professional program of the College of Pharmacy.

PROBATION. Any full-time or part-time student enrolled in the professional program in pharmacy who fails to maintain a minimum overall cumulative grade point average of 2.0 in required professional pharmacy courses shall be placed on probation. Students may also be placed on probation for violation of ethical or professional standards.

REMOVAL FROM PROBATION. To be removed from probation, full-time or part-time students enrolled in the professional program of pharmacy must earn sufficient quality points to achieve an overall cumulative grade point average of at least 2.0 in required professional pharmacy courses during their next regular enrollment period. Students placed on probation due to violation of ethical or professional standards will be removed from probation when they have met the requirements set by the Board of Ethical and Professional Conduct and the Dean of the College of Pharmacy in their disciplinary actions.

SUSPENSION. Any student on probation who fails to achieve an overall cumulative grade point average of at least 2.0 in required professional pharmacy courses at the conclusion of their probationary enrollment shall be suspended for a period of one academic year. Upon reentry into the professional program of pharmacy after suspension for scholastic reasons, a student is placed on probation and will be suspended if an overall cumulative grade average of at least 2.0 in required professional pharmacy courses is not achieved during the next enrollment period. Students who have their permit suspended or revoked by the Louisiana Board of Pharmacy will be suspended from the College of Pharmacy until their permits are reinstated. Suspensions related to violations of ethical and professional standards

may vary in duration, and students suspended for non-academic reasons must meet the requirements set by the Board of Ethical and Professional Conduct in their disciplinary action to be readmitted into the program.

In order to preserve the educational environment of the College of Pharmacy, any student enrolled in the professional program of the College of Pharmacy who is formally charged by civil authorities with the commission of a drug related felony shall be suspended from the College of Pharmacy pending the outcome of the civil judicial process. The policy is applicable to all such alleged offenses whether committed on the University campus or at an off-campus location.

COURSES TAKEN BY STUDENTS UNDER SUSPENSION. No student under suspension for scholastic reasons may obtain credit toward a degree on courses pursued at another institution while ineligible to register in any institution under the jurisdiction of the University of Louisiana System Board of Supervisors.

DISMISSAL FROM PHARMACY. Any student enrolled in the professional program of pharmacy shall be dismissed from the program for the following:

- 1) Receiving a second scholastic suspension.
- 2) Failing to satisfy all graduation requirements for the Doctor of Pharmacy Degree within a six calendar year period immediately following his/her initial enrollment in the professional pharmacy program. If a student reaches a point from which it could not be expected for him/her to finish within the required six-year period by progressing through the normal sequencing of remaining courses, the student will be dismissed from the program at that time.
- 3) Any student enrolled in the professional pharmacy program that earns two or more "F" grades in professional pharmacy courses - in any sequence or combination.
- 4) Any student enrolled in the professional pharmacy program that fails to complete a required professional pharmacy course with a minimum grade of "C" upon a second attempt. (i.e. when repeating a required professional pharmacy course in which an initial grade of either "F" or "D" was earned, the student must achieve a minimum grade of "C" upon the first remediation attempt).
- 5) Students denied a pharmacy intern permit by the Louisiana Board of Pharmacy.
- 6) Any student who has been admitted to the professional program of the College of Pharmacy and subsequently convicted of a drug related felony.
- 7) Students who have their pharmacy intern permit permanently revoked.
- 8) Any student admitted to the professional program that is not compliant with the immunization requirements of the College of Pharmacy.
- 9) Students failing to attend class.

DROPPING CLASSES OR WITHDRAWING FROM THE COLLEGE OF PHARMACY. Students admitted into the Doctor of Pharmacy Program in the College of Pharmacy are not allowed to withdraw from courses or from the College or University without academic consequences. Students withdrawing from courses

without administrative support will receive a grade of "W" which will be treated as a grade of "F" for academic standards purposes. Students withdrawing from the College or University without administrative support may not resume activities in the College unless they are readmitted to the Doctor of Pharmacy Program.

Students wishing to take a leave of absence or withdraw from the program with administrative support must send a written request to the Associate Dean of Academic Affairs in the College of Pharmacy. To receive administrative support for withdrawal, students must demonstrate and document a significant hardship that will impact their ability to continue in the program. Failure to maintain appropriate progress or achievement in a course is not sufficient hardship to acquire administrative support. The request will be reviewed by the Associate Dean of Academic Affairs in consultation with the Office of Student Affairs. Students receiving administrative support for withdrawing from the program will sign a letter of agreement from the Associate Dean of Academic Affairs which states the reason they are withdrawing from the program, when they will return to the program, remediation or developmental programs that must be completed while on leave, and the status of the student upon returning to the program. Students withdrawing from the College of Pharmacy professional program with administrative support will be readmitted to the program upon completion of the requirements set forth in their letter of agreement. Students not complying with their letter of agreement will be dismissed from the program unless the letter has been modified with the consent of the Dean of the College of Pharmacy or his/her designee. Students withdrawing from the Doctor of Pharmacy Program without administrative support will be considered dismissed from the program and must appeal to the College of Pharmacy Academic Standards Committee for readmission to the program.

APPEALS FOR STUDENTS WHO HAVE WITHDRAWN OR BEEN DISMISSED FROM THE COLLEGE OF PHARMACY. Students who have withdrawn from the University or College without administrative support or have been dismissed from the College of Pharmacy for academic reasons may appeal to the Academic Standards Committee for readmission to the program. The student should write a letter of appeal to the Chair of the Academic Standards Committee outlining and supporting their request to be readmitted to the program. The Academic Standards Committee will review the request and recommend appropriate action to the Dean of the College of Pharmacy. The Dean or his designee will communicate the decision to the student in question via certified mail.

Students dismissed from the College for professional or ethical reasons, may appeal to the Ethics and Professional Conduct Committee for readmission to the program. The student should write a letter of appeal to the Ethics and Professional Conduct Committee outlining and supporting their request to be readmitted to the program. The Ethics and Professional Conduct Committee will review the request and recommend appropriate action to the Dean of the College of Pharmacy. The Dean or his designee will communicate the decision to the student in question via certified mail.

Students who have withdrawn from the University or College without administrative support or who have been dismissed from the College for violation of academic or ethical and professional standards will not be allowed to reapply for admission as a first time student, and can only be readmitted to the College via the appropriate committee.

Any decision for readmission to the program may include conditions of remediation or development, including but not limited to repeating all or part of the program the student has already completed, that must be successfully completed for the student to reenter or remain in the program.

DEGREE REQUIREMENTS

In addition to meeting the general requirements for graduation, the candidate for the Doctor of Pharmacy degree must, after completing the requirements of the pre-pharmacy preparatory coursework, be enrolled in the professional pharmacy curriculum for a minimum of four academic years (eight semesters or equivalence) and have earned a minimum grade of "C" in all courses comprising the degree requirements. Courses graded on a credit (C), no credit (NC) basis are excluded.

COMPUTER LITERACY

Computer literacy for pharmacy majors is defined as an ability to effectively utilize representative commercially available pharmacy applications software in pharmacy practice. Each student must demonstrate computer literacy. Students who have never used a personal computer for common applications such as word processing are encouraged to complete Computer Science 170 (or equivalent) prior to enrolling in the professional pharmacy program.

EXPERIENTIAL PROGRAM POLICY

The experiential program component of the professional pharmacy curriculum consists of supervised experiences of one-month duration each to be completed at affiliated practice sites. This experiential component begins with mandatory registration in supervised experiences during the Summer preceding both the second and third professional years of the professional program and culminates with additional supervised clinical experiences distributed over an eleven-month period beginning on June 1 of the student's fourth year. To accommodate the non-standard nature of the academic calendar relating to the experiential program in the student's final year, two non-standard academic terms are scheduled. Each term is equivalent in cost to a regular semester but is structured around an academic calendar that is unique to the final year of the Doctor of Pharmacy Program. Non-standard Term I begins on June 1 and ends on November 30. Non-standard Term II begins on December 1 and ends at the conclusion of the standard Spring Semester. Students must enroll in their first advanced practice experience in Non-standard Term I.

Although the primary administrative and instructional facilities of the College of Pharmacy are housed at The

University of Louisiana at Monroe, the program has numerous off-campus clinical affiliates located inside and outside of Louisiana. Students may be required to relocate for advanced practice experiences in the final year of the program. Because local sites are limited and demand is great, standing in the program may be used to allocate advanced practice experience sites. The student is referred to the Introductory and Advanced Practice Experience Manuals for complete policy and procedures governing the experiential component of the program.

CLASS ATTENDANCE

Class attendance is **mandatory** in the College of Pharmacy. All students are expected to attend and participate in each class daily unless they have a University approved excuse or their absence has been approved by the course instructor. Students with multiple unapproved absences will be referred to the Director of the Office of Student and Professional Affairs for disciplinary action. Disciplinary action will include dismissal from a course or the program when warranted.

**DOCTOR OF PHARMACY CURRICULUM

DEPARTMENT OF TOXICOLOGY

Blaylock, Baer, Mehendale, Meyer

The undergraduate Toxicology program consists of a four-year curriculum which includes a solid foundation in basic sciences, a broad background in the science of Toxicology with several highly specialized courses, and sufficient courses in other areas to provide the student with a well rounded education. The concept of a broad background with certain specialized courses is intended to allow the graduate to fit into any of several aspects of toxicology, including industrial hazard control, environmental pollution control, product safety assessment, forensic toxicology, and toxicology research.

ADMISSION TO THE PROGRAM IN TOXICOLOGY

Applicants for admission to the undergraduate program in toxicology must meet the general admission requirements for admission to the University. Applications are to be submitted to the University Admissions Office.

COURSES OF INSTRUCTION

Courses numbered 0 to 99 are developmental and credits may not be used to satisfy degree requirements. Courses numbered 100 to 199, freshman; 200 to 299, sophomore; 300 to 399, junior; 400 to 499, senior; 500 to 599, graduate; 600 to 699, graduate courses beyond the master's level. Where indicated, certain 400-level courses are accepted for graduate credit.

The number after each course title indicates the semester hours credit. CR (credit) or NC (no credit) after a course title indicates a pass/fail course with no semester hours credit.

An abbreviation following a course description indicates the semester or summer term the course will normally be offered: F—fall semester; Sp—spring semester; Sum—entire summer session; Sum I—first summer term; Sum II—second summer term. The word “even” or “odd” follows the description of a course which is offered only in alternate years.

Students may not enroll in more than one section of the same course specified in the University catalog without approval of the Registrar. Students who register for more than one section of the same course may be arbitrarily dropped from one of the sections without notice.

Class pre-requisites must be completed as prescribed by the most current catalog, regardless of the catalog or curriculum in effect for any student. Students who do not meet course qualifications or who have not completed pre-requisites for a course may be arbitrarily dropped without notice.

The courses that are listed in this catalog may be offered for credit in a variety of formats, including electronically mediated teaching.

ACCOUNTING (ACCT)

Required for a major: 308, 310, 311, 320, 330, 410, 420, three-hour 400-level Accounting elective, Business Law 440, Computer Information Systems 215—Total of 30 semester hours.

Required for a minor: Accounting 212, 213, 310, 311, 320, 330—Total of 18 semester hours.

400-level accounting courses are open only to juniors/seniors in the College of Business Administration, or with permission of department head.

For Undergraduates Only

110. SURVEY. 3 cr. Fundamental principles and managerial applications; data processing. Designed to meet the needs of students majoring in subjects outside the College of Business Administration. Not open to majors in the College of Business Administration. F, Sp

212. INTRODUCTORY FINANCIAL ACCOUNTING. 3 cr. Fundamental transaction recognition and recording for corporations with special emphasis on the balance sheet and income statement. Prerequisites: Completion of all developmental requirements and sophomore standing, or permission of department head. F, Sp, Sum

213. INTRODUCTORY MANAGERIAL ACCOUNTING. 3 cr. Cash flow and financial statement analysis and fundamental managerial accounting principles related to product costing and use of information in organizational decision-making. Prerequisite: 212. F, Sp, Sum

308. ACCOUNTING INFORMATION SYSTEMS. 3 cr. Identification of distinct information systems knowledge required by accountants. Survey of effect of computers on accounting systems. Analysis of internal controls and cycles of accounting systems, both manual and computer. Prerequisites: 213, CSCI 170. F, Sp

310. INTERMEDIATE I. 3 cr. each. First in a two-course sequence intended to study the theory and application of financial reporting for business entities. Prerequisites: minimum grades of “B” in 212 and 213 and junior standing. F, Sp, Sum

311. INTERMEDIATE II. 3 cr. Second in a two-course sequence intended to study the theory and application of financial reporting for business entities. Prerequisites: minimum grade of “C” in 310 and junior standing. F, Sp, Sum

315. MANAGERIAL. 3 cr. Accounting as an aid to management; use of accounting techniques, reports, analyses, and interpretations in decision making. Not open to accounting majors. Prerequisites: Junior standing. Credit toward a degree will not be granted for both 315 and 213.

317. TAX FUNDAMENTALS. 3 cr. Tax problems of individuals, with emphasis on planning to minimize taxes. Not open to accounting majors. Prerequisite: 212 and 213; junior standing.

319. INSURANCE ACCOUNTING. 3 cr. The use of accounting information to evaluate the financial stability and the financial strength of insurance companies. Not open to accounting majors. (Same as INSU 319). Prerequisite: INSU 205; Junior standing or permission of department head. Sp

320. COST. 3 cr. Basic concepts and procedures involved in accounting for raw materials, direct labor, and manufacturing overhead in job order, process, and standard cost accounting systems. Prerequisites: minimum grades of “C” in 212 and 213; junior standing. F, Sp, Sum

321. ADVANCED COST. 3 cr. Analysis and use of cost data as an aid to operational control and profit planning. Prerequisite: Minimum grade of “C” in 320.

330. INCOME TAX. 3 cr. The Federal Income Tax Law; preparation of returns for individual taxpayers. Prerequisites: minimum grades of “C” in 212 and 213; junior standing. F, Sp

391. FINANCIAL. 3 cr. Introductory course in financial accounting intended for graduate students having no previous credit in accounting courses. Prerequisite: Open only to those who have not received credit in Accounting 212 and 213.

410. INTERNATIONAL AND ADVANCED ACCOUNTING TOPICS. 3 cr. Topics include international GAAP; foreign currency transactions and translations; consolidations; and other advanced accounting issues. Prerequisite: Minimum grade of “C” in 311. F, Sp

411. ADVANCED II. 3 cr. Various advanced accounting topics including partnerships, governmental, and consignments. Prerequisite: Minimum grade of “C” in 311.

420. AUDITING. 3 cr. Auditing theory and procedures. Prerequisites: Minimum grades of “C” in 308 and 310. F, Sp

For Undergraduates and Graduates

- 421. **ADVANCED AUDITING. 3 cr.** Auditing procedures and practices with special emphasis on the CPA examination. Prerequisite: Minimum grade of "C" in 420 or permission of department head.
- 430. **THEORY. 3 cr.** Accounting principles and procedures and the theoretical framework on which they rest; selected specialized topics; emphasis on publications of the AICPA and AAA. Prerequisite: Minimum grade of "C" in 311 or permission of department head.
- 431. **ADVANCED INCOME TAX. 3 cr.** Income tax applicable to partnerships and corporations; various other taxes; research of tax problems. Prerequisite: Minimum grade of "C" in 330 or permission of department head. Sp
- 432. **GOVERNMENTAL. 3 cr.** Accounting, reporting, and auditing as related to governmental and other not-for-profit organizations. Prerequisites: Minimum grade of "C" in 310; credit or enrollment in 311. F

**ADULT EDUCATION
(ADED)**

For Undergraduates and Graduates

- 402. **FOUNDATIONS OF ADULT EDUCATION. 3 cr.** A comprehensive study of Adult Education with emphasis on historical background and current developments. Adult Education and Literacy Acts, teacher certification, extent and consequences of illiteracy, characteristics of adult learners, special-needs groups, and resources.
- 410. **METHODS AND MATERIALS IN ADULT EDUCATION. 3 cr.** The course will aid teachers in developing skills, techniques and strategies for teaching basic skills to the adult learner. There will also be a focus on organizing instructional materials to promote effective learning. (Formerly Curriculum and Instruction 410.)
- 488. **PRACTICUM IN ADULT EDUCATION. 3 cr.** Program to give supervised teaching experience in a variety of Adult Education settings. Prerequisites: 402, 410.

**AGRICULTURE
(AGRI)**

Undergraduate Requirements

Required for Agribusiness: Agriculture 101 or 103; 110, 301, 310; Agricultural Economics 201, 203, 305, 307, 310, 423, 461; Agronomy 201, 411; Animal Science 101; and 23 additional hours of approved application electives. A maximum of 6 hours of AGRI 244, 344, 411, 412, 413, or 495 may be applied toward the B.S. Degree. Total of 65 semester hours.

Required for an Agriculture minor: 20 semester hours selected from Agriculture, Agricultural Economics, Agronomy, Animal Science, Equine Science or Horticulture courses.

For Undergraduates Only

- 101. **PLANT SCIENCE. 4 cr.** Principles of agronomic plant production, improvement, maintenance, harvest, storage, marketing and utilization. Three hours lecture and two hours laboratory.
- 103. **PLANT SCIENCE. 4 cr.** Principles of horticulture plant production, improvement, maintenance, harvest, storage, marketing and utilization. Three hours lecture and two hours laboratory.
- 110. **AGRICULTURAL CAREERS. 1 cr.** An introduction to academic and employment opportunities in agriculture careers.
- 115. **AGRICULTURAL SAFETY. 1 cr.** Recognition and applied solutions as related to farm machinery, livestock, chemicals, and

other related agricultural hazards. Emphasis will be placed on both the ethics and liabilities associated with farm safety.

- 244. **AGRIBUSINESS PRACTICUM. 3 cr.** Design an agribusiness enterprise including a plan detailing practices, procedures, and budget, and completed in a professional manner under faculty supervision. May be used as elective credit only. Prerequisite: Approval of department head.
- 301. **AGRICULTURAL STATISTICS. 3 cr.** Planning, conducting, and interpreting agricultural experiments, to include central tendency measures and dispersion, hypothesis, hypothesis testing, and statistical inferences as applied to agricultural data. Prerequisite: MATH 110 or 111, 116.
- 310. **AGRICULTURAL LECTURES. 1 cr.** Lectures to be presented by professional agriculturists. Students will present oral and written interpretations of current topics relating to agriculture.
- 311. **COMPUTER APPLICATIONS IN THE AGRICULTURAL SCIENCES. 3 cr.** Provide the student with a working knowledge of IBM compatible microcomputer systems and common software usages of agriculturalist. Topics covered: DOS, word processing, spreadsheet analysis, introduction to SAS, and management software. Prerequisite: CSCI 170.
- 344. **AGRIBUSINESS PRACTICUM. 3 cr.** Design, plan, and execute an approved agribusiness enterprise. May be used for elective credit only. May be repeated. Prerequisites: AGRI 244 and approval of department head.
- 401. **ANIMAL AND PLANT IMPROVEMENT. 3 cr.** Application of the scientific methods, principles, and techniques of mating and selection systems to improve economically important traits in animal and plant populations.
- 405. **IRRIGATION PRACTICUM. 3 cr.** Principles and techniques in irrigation system design.
- 411-412-413. **INTERNSHIP IN AGRICULTURE. 3 cr.** each. Supervised work experience with industry in the use of materials and equipment related to the student's major field of interest. Six (6) hours maximum towards B.S. Degree. Prerequisite: Approval of department head.
- 429. **INTEGRATED PEST MANAGEMENT. 4 cr.** Principles of insect pest management, identification, and control/management systems. Three hours lecture and two hours laboratory. Prerequisite: AGRI 101 or 103. (Formerly AGRI 425, 426).
- 430. **WEED SCIENCE AND ECOLOGY. 4 cr.** Principles of weed science, weed identification, spread, reproduction, and control/management systems. Three hours lecture and two hours laboratory. Prerequisite: AGRI 101 or 103. (Formerly AGRI 427, 428).
- 495. **AGRICULTURE RESEARCH. 3 cr.** Student participation in research projects in the areas of A. Agriculture; B. Agriculture Economics; C. Animal Science; D. Equine Science. Two to three hours per week per credit hour. Prerequisites: Junior or senior standing in agriculture and approval of department head.

For Undergraduates and Graduates

- 406. **PLANT PATHOLOGY. 4 cr.** A study of signs, symptoms, and syndromes as they relate to the causal agents and control of plant diseases. Three hours lecture and two hours laboratory. Prerequisites: BIOL 120, 121, MICR 201. Field trip fee required. (Formerly AGRI 403, 404).
- 435. **PRINCIPLES OF GIS. 3 cr.** Introduction to techniques for analyzing, displaying, and managing geographic data topics including: structure of geographic data bases, principles of digital cartography, basic spatial statistics, and analysis of spatial relationships using GIS. Prerequisite: Junior, senior, or graduate standing (Same as GEOS 435).
- 491. **DIRECTED STUDY. 1-6 cr. Maximum, 6 cr.** Individualized work on special problems in: A. Soil Science; B. Plant Science; C. Animal Science; D. Agriculture Business; E. Equine Science; F. Agriculture Biometrics. Prerequisite: Approval of department head.

AGRICULTURAL ECONOMICS (AGEC)

Required for an Agricultural Economics minor: 21 semester hours of Agricultural Economics courses.

- 201. INTRODUCTORY AGRICULTURAL ECONOMICS. 3 cr.** Identification of resources used in agriculture. Basic concepts, principles and applications of agricultural economics to the farm operation.
- 203. AGRICULTURAL MARKETING. 3 cr.** The principles and methods of marketing agricultural products and the institutions performing the various functions in the marketing of various commodities. Current trends and developments in the agricultural marketing process.
- 305. FARM BUSINESS RECORDS. 3 cr.** Fundamental principles for assimilation, organization, and analyses of farm records as applied to decision-making processes. Utilization of computers in farm records and accounting will be stressed. Prerequisite: AGECE 201.
- 307. ADVANCED AGRICULTURAL MARKETING. 3 cr.** Fundamental concepts of forward pricing. Introduction to forward contracting, the futures market, and options on agricultural futures. Emphasis is placed on forward pricing as a tool to reduce price risk. Prerequisite: AGECE 203. (Formerly AGECE 207)
- 310. AGRICULTURAL FINANCE. 3 cr.** Principles of agricultural finance emphasizing costs and returns from capital and credit, various types and sources of credit, development, characteristics and role of agricultural lending institutions. Prerequisite: AGECE 201.
- 311. AGRICULTURAL PRICE ANALYSIS AND FORECASTING. 3 cr.** Basic treatment of agricultural price analysis tools. Emphasis is placed on computer software and problem recognition. Course lectures concentrate on local commodities.
- 421. ENVIRONMENTAL ECONOMICS. 3 cr.** Principles and methods for critically analyzing environmental issues from an economic and policy perspective. Review of current environmental issues with emphasis on agriculture related topics. Prerequisite: AGECE 201 or ECON 202.
- 422. COMMUNITY AND RURAL DEVELOPMENT. 3 cr.** Theory and practical application of economic principles to the problems faced in community and rural development. Prerequisite: AGECE 201 or ECON 202.
- 423. FARM AND AGRIBUSINESS MANAGEMENT. 3 cr.** Managerial techniques applied to farm and agribusiness organizations, which include input-output relationships, enterprise combinations, and budget analysis. Emphasis will be placed upon typical decision-making problems encountered by farm and agribusiness managers. Prerequisite: AGECE 201.
- 461. AGRICULTURAL POLICY AND FARM LAWS. 3 cr.** Current developments concerning agricultural programs and policies that affect the farm business including ownership and transfer, taxation, business organization, losses and regulations as related to agricultural land and water usages. Prerequisite: AGECE 201.

AGRONOMY (AGRO)

Required for an Agronomy minor: Agriculture 101 or 103; Agronomy 201, 411, and 8 additional semester hours selected from: Agriculture 406, 429, 430; Agronomy: 301, 308, 309, 406, 413, or 414. Total of 20 semester hours.

For Undergraduates Only

- 201. SOILS. 4 cr.** Principles of soil science and the properties of soils as related to plant growth. Three hours lecture and two hours laboratory. Prerequisites: MATH 111, CHEM 101 or 107.
- 301. RESOURCE CONSERVATION AND MANAGEMENT. 4 cr.** Designing and laying out conservation practices necessary to

reduce erosion. Emphasis will be placed upon surveying, mapping, drainage, terracing, water impoundment and safe water movement. Three hours lecture and two hours laboratory. Prerequisite: MATH 110 or 111. (Formerly AGMC 301).

- 308. ADVANCE FARM CROPS. 4 cr.** Varieties, species, genetics, breeding, cultural practices and uses of fiber and grain crops. Three hours lecture and two hours laboratory. Prerequisite: AGRI 101 or 103. (Formerly AGRO 304, 306).
- 309. FORAGE CROPS AND PASTURE MANAGEMENT. 4 cr.** Adaptation, production, establishment, utilization and management of forage crops and pastures. Three hours lecture and two hours laboratory. Prerequisite: AGRI 101 or 103. (Formerly AGRO 305, 307).
- 411. AGRICULTURAL CHEMICALS. 4 cr.** Herbicides, fungicides, insecticides and growth regulators and their uses. Three hours lecture and two hours laboratory. Prerequisites: CHEM 101 or 107.

For Undergraduates and Graduates

- 404. SOIL AND WATER RESOURCES. 3 cr.** The nature, distribution, use, and conservation of important soil groups; the efficient use, control, and storage of water in humid and arid regions; water pollution and its control.
- 413. SOIL FERTILITY AND CHEMICAL PROPERTIES. 4 cr.** The chemical and mineralogical properties of soils from the theoretical and technical viewpoints. Three hours lecture and two hours laboratory. Prerequisites: AGRO 201; CHEM 101, 105, or 107. (Formerly AGRO 405, 406).
- 414. SOIL CLASSIFICATION. 4 cr.** The origin, profile development, composition, and classification of soils. Three hours lecture and two hours laboratory. Prerequisite: AGRO 201. (Formerly AGRO 407, 408).

AIR FORCE AEROSPACE STUDIES (AFAS)

- 101. THE AIR FORCE TODAY I. 1 cr.** This course focuses on the basic characteristics of the air doctrine; U.S. Air Force mission and organization; functions of the U.S. strategic offensive and defensive, general purpose and support forces; officership; followership, military customs and courtesies, and an assessment of communicative skills.
- 102. THE AIR FORCE TODAY II. 1 cr.** A focus on U.S. Air Force installations and professions; introduction to flight; geographical awareness; U. S. defense policy; military balance; terrorism; and a study of the other branches of the Armed Services.
- 111. AFROTC LEADERSHIP LAB . 0 cr.** Study and practice of Air Force customs and courtesies, drill and ceremonies, and military commands. Grades of CR (credit) or NC (no credit) will be awarded. Must be taken in conjunction with AFAS 101.

ALLIED HEALTH SCIENCE (AHSC)

- 102. ORIENTATION TO ALLIED HEALTH PROFESSIONS. 3cr.** An on-line introduction to allied health and rehabilitation professions focusing upon roles, career paths, and collaborative training.
- 330. MEDICAL TERMINOLOGY. 2 cr.** Origin of words and principles of their construction. Definitions of medical terms, diseases, syndromes, and procedures are stressed. (Formerly Pharmacy 330)
- 430. A,B,C. INTERDISCIPLINARY STUDIES. 1 cr. each.** Interdisciplinary education for allied health and related areas. Students will utilize a problem-based learning approach. Prerequisite: 430 A for 430 B, 430 B for 430 C or permission of the instructor.

ANIMAL SCIENCE (ASCI)

Required for an Animal Science minor: 101, 307, 309, 341, 401, and 430. Total of 20 semester hours.

For Undergraduates Only

- 101. FARM LIVESTOCK. 4 cr.** The importance of general animal husbandry, its relation to good farming practices and contribution to agriculture and commerce. Three hours lecture and two hours laboratory.
- 201. BREEDS OF LIVESTOCK. 3 cr.** The origin, history, and characteristics of leading breeds of livestock. Prerequisite: ASCI 101.
- 205. PRACTICAL WORK WITH LIVESTOCK. 1 cr.** Dehorning, castration, methods of restraint, fitting for show, etc. Three hours laboratory. Prerequisite: ASCI 101.
- 307. ANIMAL PHYSIOLOGY. 3 cr.** An introduction to the study of veterinary science, dealing with the fundamental physiological processes of farm animals. Prerequisites: ASCI 101, BIOL 120, 121, CHEM 101, 103 or 107, 109.
- 309. INTRODUCTION TO VETERINARY SCIENCE. 3 cr.** An introduction to the study of veterinary science, dealing with both infectious and noninfectious diseases, parasites, parasitic diseases, and the establishment of immunity through the use of biological products in farm animals. Prerequisites: ASCI 101, BIOL 120, 121.
- 323. LIVESTOCK FEEDING. 3 cr.** Chemical composition of feeds, requirements of animals, utilization of nutrients, formulating and balancing rations. Prerequisites: ASCI 101, CHEM 101, 103 or 107, 109, MATH 110 or 111.
- 325. GENETICS. 3 cr.** Fundamental concepts of heredity at the molecular, cellular, organismic, and population levels. Nature of the genetic material and its involvement in the determination of structure and function. Consideration given to both classical and modern genetics. Prerequisites: BIOL 120, 121; CHEM 101, 103.
- 341. LIVESTOCK MANAGEMENT. 4 cr.** Systems of beef and sheep management including breeding, feeding, disease and parasite control, records, marketing and various management problems with their solutions. Three hours lecture and two hours laboratory. Prerequisites: ASCI 101, 323, MATH 110 or 111.
- 342. LIVESTOCK MANAGEMENT II. 4 cr.** Systems of swine and poultry management including breeding, feeding, disease and parasite control, records, marketing and various management problems with their solutions. Three hours lecture and two hours laboratory. Prerequisites: ASCI 101, 323, MATH 110 or 111.
- 401. NUTRITION. 3 cr.** Nutritional roles of carbohydrates, proteins, lipids, minerals, vitamins and water. Digestion, absorption, and use of nutrients and their metabolites. Prerequisites: ASCI 101, 323, BIOL 120, 121, CHEM 101, 103 or 107, 109.
- 405. PRACTICAL LIVESTOCK HANDLING. 1 cr.** Handling of livestock for sale, show, and general management procedures. Three hours laboratory. Prerequisite: ASCI 101.
- 407. MEAT PROCESSING AND PRESERVATION. 3 cr.** The factors involved in dressing percentage and output values of carcasses, cutting, curing, and handling of meat products. One hour lecture and four hours laboratory. Prerequisite: ASCI 101.

For Undergraduates and Graduates

- 430. ARTIFICIAL INSEMINATION & EMBRYO TRANSFER. 3 cr.** Development and use of artificial insemination and embryo transfer techniques in modern livestock breeding programs. Two hours lecture and two hours laboratory. Prerequisites: ASCI 101, 341, CHEM 101 or 107, MATH 110 or 111.

ANTHROPOLOGY (ANTS or ANTG)

Required for a minor: Anthropology 111, 201, 307, 430 or Linguistics 451 and 6 additional hours in Anthropology—Total of 18 semester hours.

For Undergraduates Only

- 111. HUMAN ORIGINS AND EVOLUTION. 3 cr.** The study of the origin of and biogenetic heritage of humans; a survey of modern human racia variation; an introduction to archeological and prehistoric techniques of investigation regarding the changing physical form of humans. (Same as GEOG 111.)
- 120. PREHISTORIC ARCHEOLOGY OF THE BIBLE. 3 cr.** An introduction to prehistoric archeology of the Middle East and nearby areas that figure prominently in the Judeo-Christian Old Testament. Temporal scope includes the Paleolithic, Mesolithic, Neolithic, and the Chalcolithic Periods.
- 201. INTRODUCTION TO ARCHEOLOGY. 3 cr.** Survey of the history and development of archeology as a science, its place in the sciences, and an overview of the important material remains of past human life and activities in selected areas of the world. (Same as GEOG 201.)
- 207. CULTURAL ANTHROPOLOGY. 3 cr.** A comparative study of the life and organization of human groups throughout the world, with an emphasis on traditional societies. (Formerly ANTS and SOCL 307, SOCL 300E, and GEOS 400B.)
- 308. OLD WORLD ARCHEOLOGY. 3 cr.** A survey of the major archeological sequences of prehistoric Eurasia, Africa, and Oceania. (Same as GEOG 308.)

For Undergraduates and Graduates

- 410. THE ARCHEOLOGY OF LOUISIANA INDIANS. 3 cr.** An introduction to the archeology of Louisiana's Indian tribes from Paleo-Indian times (10,000 B.C.) through the historic period. Prerequisite: Junior or senior standing or permission of the instructor. (Same as GEOG 410.)
- 414. THE INDIANS OF NORTH AMERICA. 3 cr.** Survey of the distribution and principal regional lifeways of North American Indian groups prior to disruption, dispersal, and reservationizing. (Same as GEOG 414.)
- 421. THE ARCHEOLOGY OF MEXICO. 3 cr.** An in-depth view of the development of pre-Hispanic Mexican and Meso-American cultures and civilizations from Paleo-Indian times to the Spanish Conquest; an overview of the major archeological sites pertinent to these cultures. (Same as GEOG 421.)
- 422. LATIN AMERICA: PEOPLES AND INSTITUTIONS. 3 cr.** Description of indigenous social organizations prior to conquest. Survey of community ethnographic studies of African, Amerind, Asiatic and European cultures in contemporary rural and urban Latin America. Prerequisite: Sociology 307 or approval of department head. (Same as SOCL 422.)
- 423. ARCHEOLOGICAL FIELD TECHNIQUES. 6 cr.** A field course introducing the basic techniques of archeological mapping, excavation, cataloging, specimen preparation and preservation. A study of soils, physical stratigraphy, synecology, and techniques of artifact laboratory analysis. May be repeated once for a maximum of 12 hours credit. (Same as GEOG 423.)
- 430. BELIEF SYSTEMS. 3 cr.** The relationship between pre-literate belief systems and social structure; myths of creation, life cycle crisis, rites of passage, purity and pollution, witchcraft and supernatural illness. (Same as SOCL 430.)
- 435. ANTHROPOLOGY OF SEX ROLES. 3 cr.** An analysis of different values that define appropriate masculine and feminine behavior (sex roles) in a variety of cultures. Explores the impact of social institutions on teaching and enforcing sex roles in traditional and modern societies. (Same as SOCL 435.)

ARABIC (ARAB)

- 101-102. ELEMENTARY ARABIC. 3 cr. each.** Introduction to the script, pronunciation and grammar of Modern Standard Arabic. Reading, writing, aural comprehension and elementary conversation.
- 197, 198, 199. BEGINNING ARABIC. 1 cr.** An independent study of elementary Arabic with an emphasis on the script, pronunciation, and grammar of Modern Standard Arabic.
- 201. INTERMEDIATE ARABIC. 3 cr.** The continuation on the intermediate level of modern standard Arabic.
- 307. ARABIC CIVILIZATION. 3 cr.** Introduction to the religion of Islam and the intellectual and spiritual heritage of the Arabs. The early Arabs, the Revelation, theology, religious law, Sufism and modernist phenomena. Architectural, scientific, philosophical and literary developments.

ART (ART)

(Ceramics, Drawing, Graphic Design, Painting,
Photography, Printmaking, Sculpture)

Admission to the BFA Degree program is based upon:

- 1) 24 hours of Art courses and 2) portfolio evaluation of art work.

Undergraduate Requirements

Required for a major: 51 hours in the following core courses - 101, 102, 103, 104, 200, 201, 202; 203 or 204, 205; 246, 257, 258, 259, or 260; 271 or 272; 281, 404, 426, 429 and 300 (3 cr.), plus the completion of a major concentration and a senior presentation. The core required for a major includes at least one course in every medium; each of the seven concentrations requires the courses specified below (a total of 30 credits) in addition to the 51 hours in the core: Graphic Design (206, 405 (12 cr.), art electives (15 cr.)); Ceramics (203, 204, 401 (12 cr.), art electives (15 cr.)); Painting (271 or 272, 471 (12 cr.), art electives (15 cr.)); Photography (256, 455 (12 cr.), art electives (15 cr.)); Drawing (404 (9 cr.), art electives (21 cr.)); Printmaking (9 credits from 257, 258, 259, or 260; 451 (6 cr.), art electives (15 cr.)); Sculpture (381, 481 (12 cr.), art electives (15 cr.)). A total of 81 semester hours in art is required with a grade of "C" or better in each course.

Required for a minor: 101, 102, 103, 201, 202; 258, 259 or 260; 271 or 272, and 3 semester hours of crafts courses—Total of 24 semester hours.

Required for a minor (specialization): 101, 201, 202, and 15 hours of specialization may be chosen from among those offered in the Division of Art—Total of 24 semester hours.

The last 18 hours in Art must be taken at ULM.

For Undergraduates Only

- 101. BASIC DESIGN. 3 cr.** Introduction to art structure and general analysis of the principles and elements of design. One hour lecture and five hours studio.
- 102. THREE DIMENSIONAL DESIGN. 3 cr.** Application of basic principles and elements of design to three dimensional problems. One hour lecture and five hours studio. Prerequisite: 101. Additional course fee \$50.

- 103. DRAWING. 3 cr.** Beginning drawing in a variety of media. One hour lecture and five hours studio.
- 104. FIGURE DRAWING. 3 cr.** Drawing made from models. Six hours studio. Prerequisite: 103. Additional Course Fee \$50.
- 109. ART APPRECIATION. 3 cr.** A general orientation and understanding of visual and plastic art forms. For non-art majors.
- 200. ANALYTICAL PERSPECTIVE. 3 cr.** The principles of geometry in the development of spatial logic and imagery in one-point, two-point, and isometric perspective will be used. Techniques in rendering support procedures in architecture, illustration, and industrial and environmental design. For art majors and non-art majors. Six hours studio. (Formerly Art 403, Analytical Perspective).
- 201-202. SURVEY. 3 cr. each.** Basic concepts and styles in art from prehistoric to present times.
- 203. HANDBUILDING CERAMICS. 3 cr.** Lectures and demonstrations on fundamental methods of forming, glazing, and firing ceramics. One hour lecture and five hours studio. Additional course fee \$50.
- 204. WHEEL THROWING CERAMICS. 3 cr.** Lectures and demonstrations on use of the potter's wheel. One hour lecture and five hours studio. Additional course fee \$50.
- 205. GRAPHIC DESIGN. 3 cr.** Introduction to graphic design concepts and media common to advertising and commercial art. Emphasis on communication through the visual idiom. One hour lecture and five hours studio. Prerequisite: 101 and 103 or approval of department head. (Formerly Advertising Design 205.)
- 206. GRAPHIC DESIGN. 3 cr.** Typography, its usage as a design element, the layout and design of publications and introduction to commercial production methods. One hour lecture and five hours studio. Prerequisite: 205. (Formerly Advertising Design 206.)
- 241. GENERAL CRAFTS. 3 cr.** Exploration of various craft media. Additional course fee \$50.
- 242. ARTS AND CRAFTS. 3 cr.** Application of methods and exploration of media for the exceptional child. One hour lecture and ninety minutes studio.
- 246. BLACK AND WHITE PHOTOGRAPHY. 3 cr.** Photographic theory and practical application of black and white photography. One hour lecture and five hours studio.
- 256. COLOR PHOTOGRAPHY. 3 cr.** Color photography research. One hour lecture and five hours studio. Prerequisite: 246 or equivalent.
- 257. LITHOGRAPHY. 3 cr.** Printing process with Bavarian limestone. One hour lecture and five hours studio. Prerequisite: 101, 104 or approval of department head. Additional course fee \$50.
- 258. BLOCK PRINTING. 3 cr.** Printing process in wood and linoleum. One hour lecture and 5 hours studio. Prerequisite: 101, 104 or approval of department head. Additional course fee \$50.
- 259. ETCHING. 3 cr.** Printing process with zinc plates. One hour lecture and five hours studio. Prerequisite: 101, 104 or approval of department head. Additional course fee \$50.
- 260. SILKSCREEN. 3 cr.** Printing process with stencil techniques. One hour lecture and five hours studio. Prerequisite: 101, 104 or approval of department head. Additional course fee \$50.
- 271. PAINTING. 3 cr.** Painting in acrylics. Six hours studio. Prerequisites: 101, 104 or approval of department head.
- 272. PAINTING. 3 cr.** Painting in oils. Six hours studio. Prerequisites: 101, 104 or approval of department head.
- 281. SCULPTURE. 3 cr.** Sculpture problems in a variety of media. One hour lecture and five hours studio. Prerequisite: 102, 104 or approval of department head. Additional course fee \$50.
- 300. PORTFOLIO. 1 cr. Maximum 3 hrs.** Presentation of work at the sophomore, junior and senior levels of art leading to a professional quality portfolio upon graduation.
- 301. CALLIGRAPHY. 3 cr.** A comprehensive study of hand lettering. Variations in styles are complemented with a study of motifs executed in pen and ink. For art majors and non-art majors.
- 356. ADVANCED COLOR PHOTOGRAPHY. 3 cr.** Theory and practice of advanced color photography for the creative photographer. Prerequisites: Art 246, 256, or permission of department head.
- 381. INTERMEDIATE SCULPTURE. 3 cr.** Further development of sculptural processes and techniques in a variety of media. One

hour lecture and five hours studio. Prerequisite: 281. Additional course fee \$50.

For Undergraduates and Graduates

- 401. ADVANCED CERAMICS. 3 cr. Maximum, 12 hrs.** Origin and properties of ceramics raw materials and problems in glaze research. One hour lecture and five hours studio. Prerequisite: 203 or 204. Additional course fee \$50.
- 402. CREATING PAPER/CASTING AND MOLDING. 3 cr.** Study and processing of basic skills in creating paper from laminations to cast paper. One hour lecture, 5 hours laboratory per week. Prerequisite: 101.
- 404. ADVANCED DRAWING. 3 cr. Maximum, 12 hrs.** Advanced drawing. Primarily life drawing in a variety of media. Six hours studio. Prerequisite: 104. (Formerly 303.) Additional course fee \$50.
- 405. ADVANCED GRAPHIC DESIGN. 3 cr. Maximum, 12 hrs.** Design problems to develop professional studio skills and practices in graphic design. Develop methods of problem solving with specific production limitations. Methods of presentation. One hour lecture and five hours studio. Prerequisite: 206. (Formerly 305; Advanced Advertising Design 405.)
- 406. COMPUTER ART. 3 cr.** Decision making with the graphic computer, creation to production. Computer-aided visual design including image origination as well as input, output, selection, editing, alteration, and manipulation. Prerequisites: Art 101, 103; Computer Science 170, or approval of department head. Six hours studio.
- 407. RAKU CERAMICS. 3 cr.** Lecture and demonstrations on use of Raku ceramics, including kiln construction and firing. One hour lecture and five hours studio. Additional course fee \$50.
- 408. ART APPLICATIONS IN TEACHING. 3 cr.** Mixed media; drawing multi-image processes, enlargement techniques, and three-dimensional poster material are utilized in visual aid techniques.
- 409. TECHNIQUES IN THE FINE ARTS. 3 cr.** A study, analysis, and participation in the productions of various media in the fine arts such as drawing, painting, printing, and sculpture. Additional course fee \$50.
- 411. ART EDUCATION FOR THE ELEMENTARY SCHOOL. 3 cr.** This course is designed to present art education students with concepts, methods, and experiences used in creating art activities with children at the elementary level. For juniors, seniors and graduates only. Additional course fee \$50.
- 412. ART EDUCATION. 3 cr.** A lecture/discussion/experience course designed to present art education students with theories, strategies, and experiences in designing and teaching art activities. For juniors, seniors, and graduates only. Additional course fee \$50.
- 418. INCLUSIVE ART INSTRUCTION. 3 cr.** Objectives, methods, and materials used in teaching gifted, talented, and other diverse learners. For juniors, seniors and graduates only. Additional course fee \$50.
- 425. RENAISSANCE. 3 cr.** The visual arts in Italy from the early Renaissance through Mannerism. Prerequisite: 201, 202. (Formerly 325.)
- 426. NINETEENTH CENTURY. 3 cr.** Nineteenth Century European and American Rococo through Post-Impressionism periods. Prerequisites: 201, 202, or approval of the department head.
- 429. CONTEMPORARY. 3 cr.** Twentieth century European and American Art. A study of the major achievements in painting, sculpture, and architecture since 1900. Prerequisite: 201, 202. (Formerly 329.)
- 431. WATERCOLOR. 3 cr.** Painting in watercolor. Prerequisites: 101, 103, or approval of department head.
- 440. METALCRAFT AND JEWELRYMAKING. 3 cr.** The designing and fabrication of jewelry and small metal products. One hour lecture and five hours studio. Prerequisite: 102 or approval of department head.
- 441. SPECIAL PROBLEMS. 3 cr. per course.** Any area may be repeated. A maximum of 12 hours allowed toward the degree. A.

Graphic Design; B. Ceramics; C. Painting; D. Photography; E. Drawing; F. Printing; G. Sculpture. Additional course fee \$50 may apply to certain topics.

- 443. SEMINAR IN ART HISTORY. 3 cr. Maximum, 12 hrs.** The study of various eras and developments in world art. A. Expressionism. B. Baroque. C. Far Eastern. D. Theory. E. Art Since 1965. F. Women Artists. G. Surrealism in Art. H. History of Photography. Prerequisites: Art 201, 202, or approval of department head.
- 451. ADVANCED PRINTMAKING. 3 cr. Maximum, 12 hrs.** Research problems in printmaking; choice of media. One hour lecture and five hours studio. Prerequisites: 101, 103; 257, 258, 259 or 260. Additional course fee \$50.
- 455. ADVANCED PHOTOGRAPHY. 3 cr. Maximum, 12 hrs.** Individual instruction in planning and executing a personal response to the visual elements and creative composition. One hour lecture and five hours studio. Prerequisite: 246.
- 471. ADVANCED PAINTING. 3 cr. Maximum, 12 hrs.** Independent problems in choice of media; emphasis upon personal solutions. One hour lecture and five hours studio. Prerequisites: 271 or 272.
- 481. ADVANCED SCULPTURE. 3 cr. Maximum, 12 cr.** Advanced problems in sculptural processes and techniques. Emphasis upon individual creative expression. One hour lecture and five hours studio. Prerequisite: 381. Additional course fee \$50.
- 495. RESEARCH PROBLEMS. 3 cr. Maximum, 12 hrs.** Individual and group study with approval of department head. Research, discussion and criticism. Additional course fee \$50.

ATMOSPHERIC SCIENCES (ATMS)

Required for a major: 101, 102, 103, 104, 110, 205, 303, 304, 305, 306, 307, 308, 315, 401, 402, 407, 415, 450 or GEOS 430 or 435 and 3 additional hours atmospheric sciences electives—Total of 47 semester hours.

For Undergraduates Only

- 101. INTRODUCTION TO WEATHER AND CLIMATE I. 3 cr.** An introduction to the science of meteorology with an emphasis on the physical processes working within weather systems. Wind, pressure, precipitation, and radiation processes. Introduction to weather maps and forecasting.
- 102. INTRODUCTION TO WEATHER AND CLIMATE II. 3 cr.** Application of physical processes in global circulation of the atmosphere and oceans. Empiric and genetic climatology from a local, regional and global perspective. Global climate change and air pollution. Policy implications of meteorology and climate research. Prerequisite: 101.
- 103. BASIC METEOROLOGY LABORATORY I. 1 cr.** A laboratory course designed to expose students to basic uses of meteorological data from the surface, upper air, radars, and satellites. Topics include surface and upper-air map analysis, fronts and cyclones, and severe weather.
- 104. BASIC METEOROLOGY LABORATORY II. 1 cr.** A laboratory course designed to expose students to basics of climatology. Topics include atmospheric elements, the earth's energy balance, climate regions, and global climate change. Prerequisites: 103.
- 110. MICROCOMPUTERS IN METEOROLOGY. 1 cr.** Two hours of laboratory work learning to operate personal computer systems dealing with meteorological data. Discussions will consider data distribution, reception and archival; IBM operating systems; Weathercapture software; DIFAX; and the PC-McIDAS network.
- 205. GENERAL METEOROLOGY. 3 cr.** Structure of the earth's atmosphere, distribution of temperature and precipitation, composition of the atmosphere, extratropical synoptic scale disturbances, introduction to thermodynamics, clouds and storms. Prerequisites: 102, 104, and credit or registration in MATH 113.

- 303. ATMOSPHERIC THERMODYNAMICS. 3 cr.** Introduction to classical and statistical thermodynamics as it applies to dry and moist atmospheric phenomena. Ideal Gas Law, First and Second Laws of Thermodynamics. Thermodynamic potentials and diagrams. Moisture variables. Prerequisites: 205, MATH 131, PHYS 207.
- 304. INTRODUCTION TO ATMOSPHERIC KINEMATICS AND DYNAMICS. 3 cr.** Vector operations in meteorology, horizontal flow patterns, fundamental forces in the atmosphere, basic laws of conservation of momentum, mass and energy applied to the atmosphere. Prerequisites: 205, MATH 131.
- 305-306. DYNAMIC METEOROLOGY. 3 cr. each.** A study of the dynamic principles governing the structure, movement, and development of weather systems. Introduction to numerical weather prediction. Prerequisite: 304.
- 307-308. METEOROLOGY LABORATORY. 1 cr. each.** Two hours of laboratory each, to accompany 305-306. The application of techniques, charts and diagrams in the analysis and study of meteorological practices and phenomena. Prerequisites: 103, 205, and credit or registration in 305, 306.
- 310. FUNDAMENTALS OF CLIMATIC ANALYSIS. 3 cr.** Fundamentals of the tabulation and analysis of climatic data, including computer data processing and statistical methods. Prerequisites: 102, and MATH 113.
- 315. PHYSICAL METEOROLOGY. 3 cr.** Introduction to physical principles underlying atmospheric radiation, cloud physics and precipitation processes. Prerequisite: ATMS 304, PHYS 208.
- 320. METEOROLOGY SEMINAR. 1 cr. Maximum 4 cr.** Discussion and application of weather forecasting theories and techniques to current weather situations. Leading and participating in forecast map discussions. Forecast verification. Prerequisites: 205, MATH 131.
- 350. SPECIAL TOPICS IN OPERATIONAL METEOROLOGY. 3 cr.** Provides the students with work experience at a National Weather Service Forecast Office.
- 401-402. SYNOPTIC METEOROLOGY. 3 cr. each.** Analysis of synoptic weather charts and thermodynamic diagrams in the Weather Research Center. Emphasis is on understanding the three-dimensional structure of the atmosphere. Interpretation of surface, upper air, radar, meteorological satellite weather data, and National Weather Service products received in the Weather Research Center. Prerequisite: 306, 308.
- 407. METEOROLOGICAL INSTRUMENTATION AND DATA. 3 cr.** A survey of the characteristics of meteorological instrumentation and techniques for machine (computer) processing meteorological data. Introduction to remote sensing techniques employing meteorological satellites and weather radar. Prerequisites: 205 and PHYS 208.
- 409. SEVERE STORMS. 3 cr.** An introduction to the dynamic and thermodynamic structure of severe local storms, including thunderstorms, tornadoes, and hail storms and a survey of techniques for forecasting the occurrence and movement of these storms. Prerequisites: 205, 315, and PHYS 207.
- 411. TROPICAL METEOROLOGY. 3 cr.** An examination of the structure and dynamics of the tropical atmosphere. Convection in the tropics, tropical cyclones (hurricanes) and an introduction to monsoon circulation. Prerequisites: 205, 306, 315 and PHYS 208.
- 415. MICROMETEOROLOGY. 3 cr.** Introduction to the physical processes in the atmospheric surface boundary layer. Influence of low level atmospheric turbulence on the diffusion of heat, water vapor (evaporation), and atmospheric pollutants. Prerequisites: 306 and PHYS 208.

For Undergraduates and Graduates

- 450. ATMOSPHERIC POLLUTION. 3 cr.** A study of elements, effects and meteorology of air pollution including the "Greenhouse" effect, acid rain, and ozone depletion problems. Air pollution modeling and prediction is also covered. Prerequisites: Completion of freshman mathematics requirements and CHEM 107.
- 460-461. METEOROLOGY FOR TEACHERS. 3 credits each.** A non-mathematical introduction to meteorology designed for elementary

and secondary school science teachers. The courses are a blend of lecture, demonstrations, and hands-on work and are designed to be taken in sequence. The courses cannot be used to satisfy degree requirements in Atmospheric Science. ATMS 460 prerequisite for ATMS 461.

AVIATION (AVIA)

Undergraduate Requirements

Required for a major, all concentrations: 110, 111, 220, 301, 302, 317, 330, 405, 430; 21 semester hours of specialty electives—Total of 48 semester hours.

To progress satisfactorily, a student must complete all required developmental courses, plus Aviation 110 and 111, with a grade of "C" or better, before enrolling in 300- or 400-level courses.

Required for a concentration in Aviation Administration: 112, 401, 402, 470, 479, 491; Management 307; Marketing 301.—Total of 48 semester hours.

Required for a concentration in Airline Flight Officer: 112, 222, 310, 311, 340, 401, 410, 491—Total of 48 semester hours.

Required for a concentration in Airway Science Management: 112, 401, 402, 470, 491; Economics 202; Management 307, 309.—Total of 48 Semester Hours.

Required for a minor: 110, 111, 301, 302, 317, 401, 402—Total of 21 semester hours.

For Undergraduates Only

- 101. INTRODUCTION. 3 cr.** Introduction to the history and development of aviation, with an analysis of its impact on national and international affairs. A non-technical survey.
- 102. INTRODUCTION TO SPACE TRAVEL. 3 cr.** An introduction to the history and technology of man's efforts in space including an analysis of the social and technological impact on global affairs of the American/Soviet space race. A non-technical survey.
- 110-111. PRIMARY GROUND INSTRUCTION. 3 cr. each.** Aircraft and principles of flight, aircraft systems and engines, weight and balance, and performance. Airports, communications, air traffic control, meteorology, navigation, radio aids to navigation, aeronautical charts, Aeronautical Information Manual, Federal Aviation Regulations, flight publications, and flight safety.
- 112. PRIVATE PILOT FLIGHT INSTRUCTION. 1 cr.** Flight instruction and solo practice required for FAA private pilot certificate. Course completion requires that the certificate be issued. Grades of CR (Credit) or NC (No Credit) will be awarded.
- 220. INSTRUMENT PILOT GROUND SCHOOL. 3 cr.** Meteorology, federal regulating on air traffic control procedures, navigation radio communications, automatic direction finding, VHF omnidirectional radio range, LORAN and GPS navigation, radar, chart reading clearance coping. Prerequisite: Private or commercial pilot certification or department head approval.
- 221. INSTRUMENT GROUND TRAINER LAB. 3 cr.** Development of skills of scan, interpretation, and control for instrument flight. Prerequisite: 220 or concurrent enrollment.
- 222. INSTRUMENT PILOT FLIGHT INSTRUCTION. 3 cr.** Flight instruction required for FAA instrument pilot rating, given in actual or simulated instrument meteorological conditions. Course completion requires that the rating be issued. Grades of CR (Credit) or NC (No Credit) will be awarded. Prerequisite: Private pilot certificate. (Formerly 332)
- 301. AERODYNAMICS. 3 cr.** Analysis of the physics of flight including the application of basic aerodynamics to the wing and airfoil and the analysis of lift and drag components relative to the wing

platform and airplane performance. The application of aerodynamic effects of turbo jet engines involving the principles of propulsion. Prerequisite: private pilot certificate or approval of department head.

- 302. AVIATION WEATHER. 3 cr.** The interpretation of meteorological phenomena affecting aircraft flight. A study of the basic concepts of aviation meteorology; temperature, pressure, moisture, stability, clouds, air-masses, fronts, thunderstorms, icing, and fog. Analysis and use of weather data for flight planning and safe flying; interpretation of United States Weather Bureau maps, reports and forecasts.
- 310. COMMERCIAL GROUND INSTRUCTION. 3 cr.** Advanced principles of flight, advanced navigation, aircraft systems, advanced meteorology. Aeronautical knowledge required for Commercial Pilot Certification. Prerequisite: Private Pilot Certification or approval of department head.
- 311. COMMERCIAL PILOT FLIGHT INSTRUCTION. 3 cr.** Flight instruction and practice required for FAA commercial pilot certificate. Course completion requires that the certificate be issued. Grades of CR (Credit) or NC (No Credit) will be awarded. Prerequisite: Private pilot certificate with instrument rating. (Formerly 212-213-214)
- 312. AGRICULTURAL PILOT FLIGHT INSTRUCTION. 3 cr.** Flight instruction and practice required for FAA commercial pilot certificate, with emphasis on tailwheel and agricultural-type airplanes, and agricultural aviation operations. Course completion requires that the certificate be issued. Grades of CR (Credit) or NC (No Credit) will be awarded. Prerequisite: Private pilot certificate with instrument rating.
- 317. FEDERAL AVIATION REGULATIONS. 3 cr.** Those parts of Title 14, Code of Federal Regulations, Chapter I, that are pertinent to pilots, flight instructors, and aviation administrative professionals.
- 318. AERIAL APPLICATION. 3 cr.** Concepts of aerial application of agricultural seed and chemicals; safety, history, regulations, equipment, environmental impact. Prerequisite: Private pilot certificate. (Formerly 217).
- 330. AVIATION PROFESSIONALISM. 3 cr.** Aviation safety and interpersonal relations; aeronautical decision making. Aviation professional credentials. Prerequisite: Junior or Senior in Aviation.
- 340. MULTIENGINE PILOT GROUND SCHOOL. 3 cr.** Aeronautical knowledge required for FAA multiengine pilot rating. Prerequisites: 301, 310. (Formerly 321).
- 341. MULTIENGINE PILOT FLIGHT INSTRUCTION. 1 cr.** Flight instruction required for FAA multiengine pilot rating. Course completion requires that the rating be issued. Grades of CR(Credit) or NC(No Credit) will be awarded. Prerequisites: 340 or concurrent enrollment; Commercial pilot certificate with instrument rating. (Formerly 321).
- 401. AIR TRANSPORTATION. 3 cr.** The development and present status of air transportation, federal legislation, characteristics and classification of air carriers; the organization and function of the Federal Aviation Administration.
- 402. AIR TRAFFIC ADMINISTRATION. 3 cr.** The National Aerospace System. The role of Air Traffic Control in aviation safety. For Aviation Majors. Prerequisites: 110, 111.
- 405. AVIATION SAFETY. 3 cr.** A comprehensive study of aviation safety in both civilian flying and the commercial aviation industry; air transportation safety in the areas of regulations, analysis, accident investigation, and human factors; FAA flight standards and rule making; airline safety, and managing human error.
- 410. FLIGHT INSTRUCTOR GROUND SCHOOL. 3 cr.** Instructional knowledge required for FAA flight instructor certificate. Prerequisite: Commercial pilot certificate with instrument rating. (Formerly 313).
- 411. FLIGHT INSTRUCTOR FLIGHT INSTRUCTION. 1 cr.** Flight instruction required for FAA flight instructor certificate. Course completion requires that the certificate be issued. Grades of CR(Credit) or NC(No Credit) will be awarded. Prerequisite: 410 or concurrent enrollment. (Formerly 314).

- 413. INSTRUMENT FLIGHT INSTRUCTOR GROUND SCHOOL. 3 cr.** Instrumental knowledge required for FAA instrument rating on flight instructor certificate. Prerequisite: 411.
- 414. INSTRUMENT FLIGHT INSTRUCTOR FLIGHT INSTRUCTION. 1 cr.** Flight instruction for FAA instrument rating on flight instructor certificate. Course completion requires that the rating be issued. Grades of CR (Credit) or NC (No Credit) will be awarded. Prerequisite: 413 or concurrent enrollment.
- 416. TURBINE ENGINES. 3 cr.** Fundamentals of theory, design, and operation of aircraft turbine engines.
- 417. ADVANCED AERIAL APPLICATION. 3 cr.** Operation of an agricultural aviation service. Economics, flight operations and techniques. Prerequisite: Junior standing in Aviation.
- 420. AIRLINE TRANSPORT PILOT GROUND SCHOOL. 3 cr.** Aeronautical knowledge required for FAA airline transport pilot certificate. Prerequisite: Unlimited commercial pilot certificate.
- 430. AVIATION LAW. 3 cr.** National and international regulatory and civil law as it relates to aviation and the aviation professional.
- 470. AIRPORT ADMINISTRATION. 3 cr.** Aeronautical and regulatory knowledge required of public airport managers.
- 471. AIRPORT PLANNING AND OPERATIONS. 3 cr.** Elements of planning and developing an airport.
- 472. AIR TRANSPORTATION LOGISTICS. 3 cr.** Transportation economics and logistics, including systems of goods movement, principles of transportation, logistics, costs and services, rate making, management and coordination.
- 479. PROFESSIONAL INTERNSHIP IN AIRPORT/AVIATION MANAGEMENT. 3 cr., 6 cr. maximum.** On-the-job training, exposure to day-to-day administration, operation and planning of an airport or aviation business.
- 491. DIRECTED STUDY. 1-3 cr. Maximum, 6 cr.** Directed study in: A. Aviation Course Construction; B. Problems of Aviation Management; C. Problems of Aviation Traffic Control; D. Aviation/Inter-modal Transportation; E. Aerospace Research and Development. Prerequisite: Junior or Senior Aviation major.

For Undergraduates and Graduates

- 403. AEROSPACE EDUCATION. 3 cr.** Fundamentals of flight. Aeronautical knowledge equivalent to that required by the Federal Aviation Administration private pilot written examination. For Aerospace Education teachers, K-12.
- 404. ADVANCED AEROSPACE EDUCATION. 3 cr.** Provides Aerospace Education teachers with advanced technological orientation, and foundation in the aerospace career fields.
- 451. ADVANCED AEROSPACE SEMINAR. 1-3 cr.** Problems in aerospace development, history, organization and management. Field trips to aerospace centers for research, development, and operations.

BIOLOGY (BIOL)

Undergraduate Requirements

The Biology major can be used to fulfill requirements for admission to medical¹, dental, veterinary, optometry or pharmacy schools, for wildlife biology certification by The Wildlife Society², or for fisheries biology certification by The American Fisheries Society³.

Specific Biology courses are required for every student majoring in Biology: Biology 120/121, 122/123, 305 and 499 (12 hrs). Every Biology major must also take at least one course from each of the four Biology list electives A, B, C, and D (14 hrs, see below). A course taken to fulfill requirements in one listed area may not count toward a second area. The remaining elective

biology courses may be taken to fulfill subject area concentrations or certification requirements.

A total of 48 credit hours in Biology courses for majors are required for a Biology degree. A minimum of 16 of the Biology elective credit hours must be 300 - or 400 - level courses (courses taken for the four Biology list electives may not count towards this requirement). A minimum final GPA of 2.0 in Biology courses is required for graduation with the B.S. in Biology. Students must earn a grade of "C" or higher in all Biology courses.

Independent study (Biology 403), Research Participation (Biology 497/498), Cooperative Internships (496) and Senior Biology Seminar (Biology 499) can be used as Biology electives (not to exceed more than 7 credits total). Speak with your academic advisor before enrolling in any courses.

Biology list electives A-D

A. Cell/Developmental/Molecular Biology: Biology 214/215, 220*, 306 (an elective that could accompany 305). 408/409, 422, 424, 460*, 462/463, 466*, 468/469, and 470*.

B. Organismal Biology: Biology 204/205, 208/209, 214/215, 228*, 240/241, 311* and 312/313, 316, 330, 332, 412, 414, 416*, 425/426, 432, 434, 436, 438, 440, 442, 446/447, 451, 456, 472/473, 478, 480, 482, 484*, 486, and 488.

C. Ecology/Environmental Science/Wildlife & Fisheries: Biology 201*, 303/304, 320*, 404*, 442, 444, 451, 464*, 476, 486, 488, 490, and 492*.

D. Evolution/Systematics: Biology 204/205, 208/209, 308*, 330, 332, 405*, 436, 438, 440, 442, 456, 472/473, 478, 480, 482, 484, and 490.

* Three credit hour course

Physical science electives must be taken from chemistry, geology, geoscience, math or physics.

¹ Pre-medical and pre-dental students should see page 20. Pre-pharmacy students should consult the pre-pharmacy curriculum on page 121.

² Wildlife Biology certification from the Wildlife Society. Certification requirements include 6 hours of wildlife management courses (Game Birds [Biol 486], Game Mammals [Biol 488]), 6 hours of wildlife biology that must include Mammalogy (Biol 482) or Ornithology (Biol 484) but may also include Herpetology (Biol 480), 3 hours of ecology (Biol 303/304), 9 hours of zoology (from 208/209, 330, 332, 414, and 478), or 9 hours of botany (from 204/205, 412, 432, 434, 436, 438, 440, and 451). A total of at least 36 credit hours must be earned from the five subject areas, wildlife management wildlife biology, ecology, zoology, and botany. Other requirements include 9 hours of physical sciences from two different disciplines; 9 hours of quantitative sciences, statistics (Math 116), plus an elective such as computer science, mathematical modeling, or sampling design; 12 hours of communications (English 101, 102, Speech 201 [non-science elective]; and English 220 [non-science elective]); and 6 hours of Policy, Administration, and Law (Resource Conservation & Management [Agro 301] and Resource & Environmental Economics [Econ 390]).

³ Fisheries Biology certification as an Associate Fisheries Professional from the American Fisheries Society. Certification requirements include 12 hours of fisheries and aquatic sciences (from Freshwater Ecology [Biol 476], Ichthyology [Biol 478], Estuarine Zoology [Biol 490] and Aquatic Plants [Biol 432]), at least 18 hours of "other biology courses", 15 hours of physical sciences (Chem 107/109, 108/110, 303/305, 304/306), 6 hours of math and statistics (Math 113, 116), 9 hours of communications (English 101, 102, communications elective), 6 hours of "Human Dimensions" (Agri 421, Econ 202, or Phil 403). Certification requires that a student apply to The American Fisheries Society for certification upon graduation.

Required for a minor in Biology: Biology 120/121, 122/123, 305 and 12 additional semester hours of Biology above Biology 200 (total of 23 credit hours).

Required for a major in Biology Education: Biology 120/121, 122/123, 204/205, 208/209, 214/215, 220, 303/304, 305/306, Chemistry 107/109 (total of 35 credit hours of science).

Required for a minor in Biology Education: Biology 120/121, 122/123, 204/205, 208/209, 220 (total of 19 semester hours). Teacher certification in this minor area requires 30 credit hours or the Praxis content specialty exam. Must have Mathematics 111 and 112 or proficiency in college algebra and trigonometry, and Chemistry 107, 108.

For Undergraduates Only

- 101. THE LIVING WORLD. 3 cr.** Basic scientific and biological principles with an emphasis on the structure and processes of organisms. The course also includes a survey of the major types of living organisms. Non-majors only. No prerequisite.
- 102. THE LIVING WORLD LABORATORY. 1 cr.** A laboratory course to accompany 101. Two hours laboratory. Prerequisite: Credit or registration in 101, or approval.
- 103. INTRODUCTION TO SCIENTIFIC RESEARCH. 3 cr.** A hands-on approach to understanding the scientific method with emphasis on project design, and data collection and analysis. Prerequisite: Admission to ULM Summer Collegiate Program and ULM-HHMI Pre-College Research Program.
- 110. HUMAN BIOLOGY. 3 cr.** A comprehensive study of the structure and function of the human body and of the ecological problems that face mankind today. Non-majors only. Prerequisite: 101.
- 111. HUMAN BIOLOGY LABORATORY. 1 cr.** A laboratory course to accompany 110. Two hours laboratory. Prerequisite: Credit or registration in 110, or approval.
- 114. FUNDAMENTALS OF ANATOMY AND PHYSIOLOGY I. 3 cr.** Introduction to anatomy and physiology, including cells, tissues, organs, and the integumentary, skeletal, muscular, and nervous systems. Prerequisite: Credit or registration in 116. Non-majors only. Cannot be taken for credit if credit has been awarded for 311 or 312. (Formerly Zoology 111.)
- 115. FUNDAMENTALS OF ANATOMY AND PHYSIOLOGY II. 3 cr.** A continuation of 114. Structure and functions of the circulatory, respiratory, digestive, excretory, endocrine, and reproductive systems. Prerequisites: "C" or better in 114, 116; credit or registration in 117. Non-majors only. Cannot be taken for credit if credit has been awarded in 312. (Formerly Zoology 112.)
- 116. FUNDAMENTALS OF ANATOMY AND PHYSIOLOGY LABORATORY I. 1 cr.** A laboratory course to accompany 114. Two hours laboratory. Prerequisite: Credit or registration in 114. Non-majors only. (Formerly Zoology 113.)

- 117. FUNDAMENTALS OF ANATOMY AND PHYSIOLOGY LABORATORY II. 1 cr.** A laboratory course to accompany 115. Two hours laboratory. Prerequisite: Credit or registration in 115. Non-majors only. (Formerly Zoology 114.)
- 120. PRINCIPLES OF BIOLOGY I. 3 cr.** A course designed for those students majoring in a science-related field. Course content deals with scientific methodology, DNA and the genetic code, cell structure and cell development.
- 121. PRINCIPLES OF BIOLOGY I LABORATORY. 1 cr.** A laboratory designed to accompany 120. Prerequisites: credit or registration in 120.
- 122. PRINCIPLES OF BIOLOGY II. 3 cr.** A continuation of Biology 120. Course content provides an introduction to evolution, ecology and biological diversity. Prerequisites: credit with a grade of C or better in BIOL 120.
- 123. PRINCIPLES OF BIOLOGY II LABORATORY. 1 cr.** A laboratory designed to accompany Biology 122. Prerequisites: credit with a grade of "C" or better in BIOL 120, 121; credit or registration in BIOL 122.
- 201. ENVIRONMENTAL SCIENCE. 3 cr.** Exploration of contemporary issues in environmental science. Man's interaction with the Earth's biological and physical resources. Topics include global warming, biodiversity, conservation, pollution, wetlands, sustainable agriculture, and population growth. Prerequisites: An introductory biology course or approval of department head. (Same as GEOS 201). F
- 204. PLANT DIVERSITY. 3 cr.** The characteristics and reproduction of algae, fungi, bryophytes, ferns and fern allies, and seed plants. Vascular plants covered in greater detail. The relationships of these groups of plants to each other and to man is emphasized. Ecology and economic botany is woven throughout the study of diversity and distribution of these plants. Prerequisites: 122, 123. (Formerly Botany 204.)
- 205. PLANT DIVERSITY LABORATORY. 1 cr.** A laboratory course in plant diversity to accompany 204. Prerequisites: Credit or registration in 204. (Formerly Botany 205.)
- 208. ANIMAL DIVERSITY. 3 cr.** The anatomy, physiology, and classification of animals with an emphasis on animal diversity. Prerequisites: "C" or better in 122, 123. (Formerly Zoology 209.)
- 209. ANIMAL DIVERSITY LABORATORY. 1 cr.** A laboratory course in animal diversity to accompany 208. Prerequisites: Credit or registration in 208. (Formerly Zoology 210.)
- 214. INTRODUCTORY MICROBIOLOGY. 3 cr.** The distribution and importance of microorganisms in nature. Methods of studying and controlling microorganisms. Their role in agriculture, industry and medicine. Prerequisites: Sophomore or higher standing and an earned grade of no less than "C" in one of the following: 101, 114, 120 or equivalent. (Formerly MICRO 201.)
- 215. INTRODUCTORY MICRO LABORATORY. 1 cr.** A laboratory course to accompany 214. Two hours laboratory. Prerequisite: Credit or registration in 214. (Formerly MICRO 203.)
- 220. CELL BIOLOGY. 3 cr.** A survey of the structural and functional relationships operative at the cellular and molecular levels of organization. Prerequisites: 120, 121, CHEM 108.
- 226. HUMAN ANATOMY AND PHYSIOLOGY. 3 cr.** Structure and function of the principal organ systems of the human body. Cannot be taken for credit if credit has been awarded for 311 or 312. Non-majors only. (Formerly Zoology 205.)
- 228. PATHOPHYSIOLOGY. 3 cr.** A detailed study of nervous, endocrine, cardiovascular, and reproductive systems, and their pathophysiology. Prerequisites: Two semesters of anatomy and physiology. (Formerly Zoology 206.)
- 240. HUMAN ANATOMY. 3 cr.** Gross structure and physiology of the body with emphasis on the skeletal, muscular, nervous, and circulatory systems. Prerequisites: 120 and 121, or 226; cumulative GPA of 2.5 or higher with a minimum of "C" in 120 or 226; credit or registration in 241. (Formerly Zoology 240.) F
- 241. HUMAN ANATOMY LABORATORY. 1 cr.** A laboratory course to accompany 240. Three hours of laboratory. Prerequisites: Cumulative GPA of 2.5 or higher with a minimum of a "C" in 120 or 226; credit or registration in 240. (Formerly Zoology 241.) F
- 303. PRINCIPLES OF ECOLOGY. 3 cr.** The basic principles of the relationships between plants and animals and their environment. Prerequisites: 122, 123, or 220; credit or registration in 304. (Formerly 301.) Sp
- 304. PRINCIPLES OF ECOLOGY LABORATORY. 1 cr.** A laboratory course to accompany 303. Three hours laboratory. Field trip fee required. Prerequisite: Credit or registration in 303. (Formerly 302.) Sp
- 305. GENETICS. 3 cr.** Fundamental concepts of heredity at the molecular, cellular, organismic, and population levels. Nature of the genetic material and its involvement in the determination of structure and function. Consideration given to both classical and modern genetics. Prerequisite: 122, 123; recommended, 220. F
- 306. GENETICS LABORATORY. 1 cr.** A laboratory to accompany 305. Lab topics include Mendelian genetics to molecular genetics. Three hours laboratory. Prerequisites: credit or registration in 305.
- 308. INTRODUCTION TO EVOLUTIONARY BIOLOGY. 3 cr.** A survey of fundamental concepts of modern evolutionary theory, including natural selection, speciation, and adaptation, followed by an investigation of recent issues and controversies in evolutionary biology. Reading and discussion of primary sources will be emphasized. Prerequisite: 305.
- 311. HUMAN PHYSIOLOGY I. 3 cr.** Basic physiological processes with emphasis on cells, tissues and the skeletal, muscular, and nervous systems. Prerequisites: 120, 121; CHEM 107, 109. (Formerly Zoology 311.) F
- 312. HUMAN PHYSIOLOGY II. 3 cr.** A continuation of 311. Emphasis on circulatory, respiratory, digestive, excretory, endocrine, and reproductive systems. Prerequisites: 311. (Formerly Zoology 312.) Sp
- 313. HUMAN PHYSIOLOGY LABORATORY. 1 cr.** A laboratory course to accompany 312. Three hours laboratory. Prerequisite: Credit or registration in 312. (Formerly Zoology 314.) Sp
- 316. COMPARATIVE ANATOMY. 4 cr.** Study of the structure and evolutionary development of organs and organ systems in vertebrates. Laboratory requires student to purchase dissection specimens. Prerequisite: 208. (Formerly Zoology 201, 202.) Sp, even
- 320. CONSERVATION BIOLOGY. 3 cr.** A course dealing with biodiversity and its conservation. Topics include biodiversity, habitat loss, the effects of habitat changes on populations and the design and establishment of reserves. Prerequisites: 201 or 303, 305.
- 330. INVERTEBRATE ZOOLOGY. 4 cr.** The morphology and phylogeny of representative invertebrates. Three hours lecture and three hours laboratory. Prerequisite: 208. (Formerly Zoology 307, 308.)
- 332. VERTEBRATE ZOOLOGY. 4 cr.** The morphology, taxonomy, and life history of representative vertebrates. Three hours lecture and three hours laboratory with field trips. Prerequisite: 208. (Formerly Zoology 309, 310.) Sp, even
- 400. DIRECTED STUDY—1-3 cr.** Selected studies in general and biological science. Content varies. A. Oceanus; B. Brain, Mind, and Behavior; C. Through the Genetic Maze; D. Cosmos; E. Race to Save the Planet. May be repeated for a maximum of 12 credit hours. No more than 6 semester hours may be applied toward degree requirements.
- 411. GENETICS AND SOCIETY. 3 cr.** A survey of current topics in genetic research and recent advances in biotechnology, including implications of these discoveries. Prerequisite: Biology 120 and either 305 or permission of the instructor.

For Undergraduates and Graduates

- 403. PROBLEMS. 1-6 cr. Maximum, 6 cr.** Selected problems in A. Anatomy/Physiology; B. Bacteriology/Virology; C. Botany; D.

Ecology; E. Animal Science/Genetics; F. Animal and Plant Taxonomy; I. Agrostology. Prerequisite: Approval of department head.

- 404. ECOLOGICAL METHODS. 3 cr.** Contemporary methods employed in plant and animal ecology. Prerequisites: 303, 304.
- 405. EVOLUTIONARY POPULATION GENETICS. 3 cr.** A study of genetic variation in populations and its role in the evolutionary process. Prerequisite: 305. Sp, odd
- 408. CELLULAR PHYSIOLOGY. 3 cr.** Physical and chemical aspects of the living organism including an introduction to molecular biology with emphasis on the cell. Prerequisites: CHEM 303, 304, 305, 306; credit or registration in 409. (Formerly 401.)
- 409. CELLULAR PHYSIOLOGY LAB. 1 cr.** A laboratory course to accompany 408. Three hours laboratory. Prerequisite: credit or registration in 408. (Formerly 402.)
- 412. PLANT PHYSIOLOGY. 4 cr.** An introduction to the chemical and physical processes occurring in plants. Three hours lecture and three hours laboratory. Prerequisites: 204, CHEM 108, 110; MATH 116. (Formerly Botany 409.)
- 414. ANIMAL PHYSIOLOGY. 4 cr.** An introduction to the processes by which animals function in their environment. Three hours lecture and three hours laboratory. Prerequisites: 208; MATH 116. (Formerly Zoology 412.)
- 416. PHYSIOLOGY OF REPRODUCTION. 3 cr.** Study of the physiological and environmental processes involved in mammalian reproduction. (Formerly Zoology 429.) Sp, odd.
- 422. HISTOLOGY. 4 cr.** Microscopic structure of the cell; cellular organizations; tissues; the relationship of structure to function. Three hours lecture and three hours laboratory. Prerequisite: 208. (Formerly Zoology 415, 417.)
- 424. EMBRYOLOGY. 4 cr.** The structure and maturation of germ cells, the fertilization and early development of vertebrates. Three hours lecture and three hours laboratory. Prerequisite: 208. (Formerly Zoology 419, 420.)
- 425. NEUROLOGY. 3 cr.** Study of the anatomy, physiology and pathology of the human nervous system. (Formerly Zoology 425.)
- 426. NEUROLOGY LABORATORY. 1 cr.** A laboratory course to accompany 425. Three hours laboratory. Prerequisite: Credit or registration in 425. (Formerly Zoology 426.)
- 430. DNA ANALYSIS IN MOLECULAR BIOLOGY. 4 cr.** A laboratory-based course focused on generating and analyzing DNA data. Methods include introductions, protocols and trouble shooting for PCR, RAPD's, DNA sequencing, alignment and phylogentic analyses. Prerequisites: Biology 305.
- 432. AQUATIC PLANTS. 4 cr.** A study of the plants that grow in aquatic and wetland sites. Emphasis placed on identification, distribution, and field characteristics. Two hours lecture and four hours laboratory including frequent field trips. Prerequisite: 122, 123. (Formerly Botany 403, 404.)
- 434. FIELD BOTANY. 4 cr.** Field characteristics and sight identification of the regional flora is emphasized. Two hours lecture and four hours laboratory including frequent field trips. Prerequisite: 122, 123. (Formerly Botany 411, 412.)
- 436. DENDROLOGY. 4 cr.** Classification, identification, and characteristics of important forest trees of the United States, stressing native species common to Louisiana. Two hours lecture and four hours laboratory including frequent field trips. Prerequisite: 122, 123. (Formerly Botany 413, 414.)
- 438. BIOLOGY OF NONSEED PLANTS. 4 cr.** The characteristics, classification, phylogeny, and life cycles of fungi, algae, mosses, hornworts, liverworts, and ferns are emphasized. Two hours lecture and four hours laboratory including frequent field trips. Prerequisite: 122, 123. (Formerly Botany 415, 416.)
- 440. TAXONOMY OF VASCULAR PLANTS. 4 cr.** Characteristics of plant families are emphasized. This includes classification systems and emphasis on primitive and advanced characteristics. Most of the lab is devoted to identification of plants by using keys from plant identification manuals Two hours lecture and four hours laboratory. Prerequisite: 204. (Formerly Botany 417, 418.)
- 442. AGROSTOLOGY. 4 cr.** The identification, classification and ecology of grass and grass-like plants. Three hours lecture and three hours laboratory with scheduled field trips. Prerequisite: 204. (Formerly Botany 419, 420.)
- 444. PLANT ECOLOGY. 4 cr.** The study of plant populations and communities and their habitat with emphasis on the communities of the south central United States. Three hours lecture and three hours laboratory. Prerequisite: 303, 304. (Formerly Botany 426, 427.)
- 446. ECONOMIC BOTANY. 3 cr.** The study of applied uses of plants as food, fibers, lumber, drugs, and related commodities. Prerequisite: 204. (Formerly Botany 481.)
- 447. ECONOMIC BOTANY LABORATORY. 1 cr.** A laboratory course to accompany 446. Two hours laboratory. Prerequisite: Credit or registration in 446. (Formerly Botany 482.)
- 451. FIELD BIOLOGY. 6 cr.** Field studies of the flora and fauna native to selected habitats. Field trip fee required. Prerequisites: 204, 205, 208, 209; approval of department head. Sum
- 456. INTRODUCTION TO ENTOMOLOGY. 4 cr.** The anatomy, physiology, and classification of insects. Three hours lecture and three hours laboratory. Prerequisite: 208. (Formerly Zoology 450, 451.)
- 460. PATHOGENIC BACTERIOLOGY. 3 cr.** The morphology, physiology, and immunogenicity of disease-causing bacteria; methods of isolation, identification and control of pathogenic bacteria and diseases. Three hours lecture. Prerequisites: 214, 215. (Formerly MICRO 417, 418.)
- 462. FOOD AND DAIRY MICROBIOLOGY. 3 cr.** The role of microorganisms in the preservation, spoilage and poisoning in food and dairy products. Also, their role in the manufacture of products of agricultural origin. Prerequisite: 214; credit or registration in 463. (Formerly MICRO 423.)
- 463. FOOD AND DAIRY MICRO LABORATORY. 1 cr.** A laboratory course to accompany 462. Three hours laboratory. Prerequisite: Credit or registration in 462. (Formerly MICRO 424.)
- 464. WATER MANAGEMENT. 3 cr.** A survey of water distribution and uses, including water purification and sewage treatment, industrial and agricultural, irrigation scheduling. (Formerly MICRO 421.)
- 466. ADVANCED MICROBIOLOGY. 3 cr.** Advanced microbiological techniques; a study of the morphological, physiological, and genetic characteristics of important groups of microorganisms; introduction to biotechnology. Two hours lecture and two hours laboratory. Prerequisites: 214, 215; 8 semester hours of chemistry. (Formerly MICRO 415, 416.)
- 468. GENERAL VIROLOGY. 3 cr.** A study of representative bacterial, animal and plant viruses. Prerequisites: 214; credit or registration in 469. (Formerly MICRO 425.)
- 469. GENERAL VIROLOGY LABORATORY. 1 cr.** A laboratory to accompany 468. Three hours laboratory. Prerequisite: Credit or registration in 468. (Formerly MICRO 426.)
- 470. IMMUNOLOGY - CONCEPTS AND PRINCIPLES. 3 cr.** Detailed discussion of the cellular and humoral components of the immune system and their interrelationships in the production and control, at both the genetic and cellular levels, of immune responses. Prerequisites: 214, 115 or 312 or consent of instructor. (Formerly MICRO 430.)

- 472. INTRODUCTORY PARASITOLOGY. 3cr.** The taxonomy, life history, and economic importance of protozoa, helminths, and arthropods which are parasites of man. Prerequisites: 122 or 214 or permission of the instructor; credit or registration in 473. (Formerly Zoology 401.)
- 473. INTRODUCTORY PARASITOLOGY LABORATORY. 1 cr.** A laboratory course to accompany 472. Three hours laboratory. Prerequisite: Credit or registration in 472. (Formerly Zoology 402.)
- 476. FRESHWATER ECOLOGY. 4 cr.** The biological, chemical, and physical characteristics of freshwater habitats. Three hours lecture and three hours laboratory. Field trip fee required. Prerequisites: 122, 123. (Formerly Biology 406, 407.)
- 478. ICHTHYOLOGY. 4 cr.** Evolution, systematics and ecology of fishes with an emphasis on North American freshwater fishes. Two hours lecture and six hours laboratory with field trips. Prerequisites: 122, 123. (Formerly Zoology 405, 406.) F, even
- 479. FISHERIES BIOLOGY. 4 cr.** General principles and methods of freshwater fisheries biology and the management of natural fish populations. Three hours of lecture and three hours of laboratory. Laboratory fee required. Prerequisite: Biology 208, 209; Math 114, 116 or equivalent. Sp, odd.
- 480. HERPETOLOGY. 4 cr.** Morphology, taxonomy, and life history of amphibians and reptiles with emphasis on the taxonomy of the amphibians and reptiles of Louisiana. Three hours lecture and three hours laboratory with field trips required. Prerequisite: 122, 123. (Formerly Zoology 427, 428.) Sp, odd
- 482. MAMMALOLOGY. 4 cr.** The morphology, taxonomy, and life history of mammals. Three hours lecture and three hours laboratory with field trips. Prerequisite: 122, 123. (Formerly Zoology 423, 424.) F, odd.
- 484. ORNITHOLOGY. 3 cr.** Morphology, taxonomy, behavior, and natural history of birds. Two hours lecture and three hours laboratory with field trips required. Prerequisite: 122, 123. (Formerly Zoology 431, 432.) Sp, even.
- 486. GAME BIRDS. 4 cr.** Recognition, life histories, predators, economics and management practices of North American game birds. Three hours lecture and three hours laboratory with field trips. Prerequisite: Introductory course in Biology and permission of the instructor. (Formerly Zoology 433, 434.) Sp, odd
- 488. GAME MAMMALS AND FUR BEARERS. 4 cr.** Recognition, life histories, predators, economics and management practices of game mammals and fur bearers with special emphasis on regional fauna. Three hours lecture and three hours laboratory with field trips. Prerequisite: Introductory course in Biology and permission of the instructor. (Formerly Zoology 473, 474.) F, even
- 490. ESTUARINE ZOOLOGY. 4 cr.** An introduction to basic estuarine ecology with a focus on the ecology and systematics of major aquatic invertebrates and fishes native to estuaries of the northern Gulf of Mexico. Three hours lecture and three hours laboratory. Field trip fee required. Prerequisite: 122, 123. (Formerly Zoology 435.) Sp, odd
- 492. ANIMAL ECOLOGY. 3 cr.** A study of animal populations, communities and their interactions. Two hours lecture and two hours laboratory. Prerequisites: 303, 304 or equivalent. (Formerly Zoology 440.) F, even
- 496. COOPERATIVE INTERNSHIPS. 1-3 cr.** Closely supervised practical experience working in agencies/businesses that employ biologists. Only junior and senior majors and graduate students are eligible. Students will receive grades of CR (credit) or NC (no credit). Students may repeat this course for a total of 3 credits; not to exceed 6 credits total in combination with 403. The course may not be used by graduate students to fulfill major requirements. (Formerly Biology 410.)
- 497. UNDERGRADUATE RESEARCH PARTICIPATION. 3 cr.** An honors course in which the student performs independent research. Prerequisite: Approval of department head.
- 498. UNDERGRADUATE RESEARCH PARTICIPATION. 3 cr.** A continuation of 497.
- 499. SENIOR BIOLOGY SEMINAR. 1 cr.** May be repeated one time. A seminar course to acquaint students with recent primary literature.

Class format will include discussions and written papers. Prerequisite: 40 hours of Biology credit. (Formerly BIOL 420.)

BUSINESS (BUSN)

Undergraduate Requirements

Required for a major in General Business: Computer Information Systems 220, Entrepreneurship 250, Insurance 205, or 300/400 Business Elective; Economics 321; Computer Information Systems 350; Management 305; 18 semester hours consisting of 9 semester hours of Junior/Senior level courses not otherwise required in two of the following concentrations (or other approved area): Accounting, Computer Information Systems, Economics, Entrepreneurship, Finance, Management, Marketing, Business Law, Entrepreneurship, International Business— Total of 30 semester hours. Students may use nine semester hours of coursework from a completed minor from outside the CBA as one of the two required concentration areas.

Required for a minor in Business Administration for non-Business majors: Business 101 or 305; Accounting 110 or Accounting 212 and 213; Economics 201 and 202 or 391; Finance 315; Management 301; Marketing 301— Total of 18-24 semester hours.

For Undergraduates Only

- 101. BUSINESS AND SOCIETY. 3 cr.** A systems approach to the nature of business and its role in society, emphasizing business functions, ethics and values, and the interfaces of business with its environment. Not open to juniors and seniors in the College of Business Administration. F, Sp, Sum
- 215. CURRENT BUSINESS PROBLEMS. 1 cr. per semester; a maximum, 3 cr.** Intensive study and analysis of selected current problems in business. Different topics are considered each semester.
- 305. BUSINESS COMMUNICATION. 3 cr.** Investigation of business communication problems; objectives, principles, methods, channels, media, and forms of business communication; organizing, analyzing, writing correspondence and reports, and reporting orally. Prerequisites: ENGL 101, 102 with grade of "C" or higher and Junior standing. (Formerly OINS 305) F, Sp, Sum
- 461. COOPERATIVE EDUCATION EXPERIENCE. 3 cr.** Planned and supervised work experience in student's major field. Open only to juniors and seniors in the College of Business Administration who are approved for the Cooperative Education Program. Grades of CR (Credit) or NC (No Credit) will be awarded. May be repeated for a maximum of 6 credits toward the degree or the 150-hour CPA examination requirements. F, Sp, Sum

For Undergraduates and Graduates

- 412. MANAGERIAL COMMUNICATION. 3 cr.** Theory, concepts, and process of oral and written managerial communication; organization, analysis and presentation of information in memos and business reports (written and oral); effects of language and media on individual and organizational behavior; role and use of information technology. Prerequisite: 305 or approval of department head. (Formerly OINS 412)
- 481. CONTINUING STUDIES IN BUSINESS. 1-3 cr.** Various topics in applied business for students not pursuing a degree. May be repeated. Credit may not be applied toward a degree. Grades of CR (Credit) or NC (No Credit) will be awarded.

BUSINESS LAW (BLAW)

Required for minor in Business Law: Business Law 401, 402; Insurance 205; Government 413, 414, or 418; 205; Philosophy 203.

For Undergraduates Only

- 401. LEGAL ENVIRONMENT OF BUSINESS. 3 cr.** Analysis of the legal environment of business. Regulatory activity, policy considerations and legal trends are integrated into a detailed treatment of specific legal subjects; contracts, torts, arbitration, products liability and criminal law in business management. Prerequisite: Junior standing. F, Sp, Sum
- 402. BUSINESS LAW. 3 cr.** Study of laws involved in operating businesses, emphasizing forms of organization. Topics include negotiable instruments, credit transactions, security devices, agency, lease and franchise. Prerequisite: Junior standing. F, Sp
- 440. LAW FOR ACCOUNTANTS. 3 cr.** Specifically for accounting majors. Legal concepts underlying business organizations, contracts, debtor-creditor relationships, government regulation of business, the uniform commercial code, property and professional and legal responsibilities. Can be used as a preparation for the CPA examination. Prerequisite: 401. F, Sp (Formerly ACCT 440.)

CHEMISTRY (CHEM)

Undergraduate Requirements

Required for an American Chemistry Society Certified Concentration: Chemistry 107, 108, 109, 110, 230, 231, 232, 233, 240, 241, 301, 310, 320, 321, 322, 323, 350, 407, 413, 431 and 499. Total of 49 core semester hours. Students who have satisfactorily completed these courses which meet the requirements of the Committee on Professional Training of the American Chemical Society may receive certification to the American Chemical Society with the approval of the Department.

Required for a Non-ACS-Certified Concentration: Chemistry 107, 108, 109, 110, 220, 230, 231, 232, 233, 240, 241, 301, 310, 350, 407, 431, 499 and 8 hours of specialty elective courses. Total of 49 core semester hours.

Required for a minor: 22 hours of chemistry to include Chemistry 107, 108, 109, and 110, plus 14 semester hours of chemistry courses above the freshman level at least 3 credit hours of which must be taken at ULM.

Required for a major in Chemistry Education: Chemistry 107, 108, 109, 110, 230, 231, 232, 233, 240, 241, 310, 350, and 352. Total of 31 semester hours. (See specific degree plan in the College of Education and Human Development section).

Required for a minor in Chemistry Education: To include Chemistry 107, 108, 109, 110, 230, 231, 240, 241, 301, and one hour of elective. Total of 19 semester hours. Teacher certification in this minor area requires 30 credit hours or the Praxis content specialty exam. University English and Mathematics competency requirements apply to all degrees. Some chemistry courses will include both a lecture and a recitation component. The recitation hour

will consist of review and problem solving and may also include testing.

TRANSFER OF CHEMISTRY CREDIT FROM OTHER UNIVERSITIES TO ULM: Chemistry course offerings at most universities are fairly standardized. To facilitate transfer from area universities, the ULM Chemistry Office maintains a list of chemistry course equivalencies.

For Undergraduates Only

- 100. THE WORLD OF CHEMISTRY. 3 cr.** Chemical principles, facts and theories, revealed through practical applications, computer graphic illustrations and experiments. Chemistry's historical foundations, recent developments, and future directions. Prerequisites: Eligibility for MATH 111 or a more advanced mathematics course. F, Sp
- 101. INTRODUCTORY CHEMISTRY I. 3 cr.** The fundamentals of inorganic chemistry. Prerequisite: Eligibility for MATH 111 or a more advanced mathematics course. Three hours lecture. For non-majors. F, Sp, Su1
- 102. INTRODUCTORY CHEMISTRY II. 3 cr.** The fundamentals of organic and biochemistry. Prerequisite: "C" or better in CHEM 101. Three hours lecture. For non-majors. F, Sp, Su2
- 103. INTRODUCTORY CHEMISTRY LABORATORY I. 1 cr.** A laboratory course to accompany CHEM 101. Three hours of laboratory. Prerequisite: Credit or registration in CHEM 101. For non-majors. F, Sp, Su1
- 104. INTRODUCTORY CHEMISTRY LABORATORY II. 1 cr.** A laboratory course to accompany CHEM 102. Three hours of laboratory. Prerequisite: "C" or better in CHEM 103 and registration or credit in CHEM 102. For non-majors. Sp
- 105. CHEMISTRY IN SOCIETY. 3 cr.** Fundamental concepts of chemistry with an emphasis on its impact on society, industry and the environment. Three hours of lecture per week. Prerequisites: "C" or better in CHEM 101. For non-majors. Sp
- 106. CHEMISTRY IN SOCIETY LABORATORY. 1 cr.** A laboratory course to accompany CHEM 105. Three hours of laboratory per week. Prerequisites: "C" or better in CHEM 103 and registration or credit in CHEM 105. Sp
- 107. GENERAL CHEMISTRY I. 3 cr.** A course in modern chemistry theories and principles; quantitative approach and problem solving; descriptive chemistry of selected elements and compounds. Three hours of lecture and one hour of recitation. Prerequisite: "C" or better in MATH 111 or 113, or equivalent, or a score of 20 or better on the Mathematics component of the ACT. F, Sp, Su1
- 108. GENERAL CHEMISTRY II. 3 cr.** A continuation of CHEM 107; continuation of theory with emphasis on chemical equilibria; a quantitative approach to solution chemistry; descriptive chemistry of selected elements and compounds from the main groups and the first transition series. Three hours of lecture and one hour of recitation. Prerequisite: "C" or better in CHEM 107. F, Sp, Su2
- 109. GENERAL CHEMISTRY LABORATORY I. 1 cr.** A laboratory course to accompany 107. Three hours laboratory. Prerequisite: Credit or registration in CHEM 107. F, Sp, Su1
- 110. GENERAL CHEMISTRY LABORATORY II. 1 cr.** A laboratory course to accompany CHEM 108 including qualitative analysis. Prerequisite: "C" or better in CHEM 109; credit or registration in CHEM 108. F, Sp, Su2
- 220. INTRODUCTION TO PHYSICAL CHEMISTRY. 3 cr.** Discussion of basic chemical principles, including thermodynamics, kinetics, equilibrium, and quantum mechanics, with applications to biological molecules. Three hours lecture. Prerequisites: "C" or better in CHEM 108. Sp (Formerly 302)
- 230. ORGANIC CHEMISTRY I. 3 cr.** Discussion of structure and bonding theory, acid-base chemistry, reactions of alkanes, alkenes, alkynes, alcohols and alkyl halides. Three hours lecture. Prerequisite: "C" or better in CHEM 108. F, S, Su1 (Formerly 303)

- 231. ORGANIC CHEMISTRY LABORATORY I. 1 cr.** Laboratory to accompany Organic Chemistry I. Introduction to procedures used in the organic laboratory. Three hours laboratory. Prerequisite: credit or registration in CHEM 230 and a 'C' or better in CHEM 110. F, Sp, Su1 (Formerly 305)
- 232. ORGANIC CHEMISTRY II. 3 cr.** Spectroscopic techniques and the chemistry of aromatic compounds, carbonyl compounds, and amines will be covered. Three hours lecture. Prerequisite: "C" or better in CHEM 230. F, Sp, Su2 (Formerly 304)
- 233. ORGANIC CHEMISTRY LABORATORY II. 1 cr.** Laboratory to accompany Organic Chemistry II. Application of techniques from Organic Chemistry I to organic reactions. Three hours laboratory. Prerequisite: "C" or better in CHEM 231 and credit or registration in CHEM 232. F, Sp, Su2 (Formerly 306)
- 240. QUANTITATIVE ANALYSIS. 3 cr.** Discussion of techniques and theories of gravimetric, volumetric and physicochemical methods of analysis. Three hours lecture. Prerequisite: "C" or better in CHEM 108. F (Formerly 307)
- 241. QUANTITATIVE ANALYSIS LABORATORY. 2 cr.** A laboratory course to accompany CHEM 240. Six hours laboratory. Prerequisite: "C" or better in CHEM 110 and credit or registration in CHEM 240. F (Formerly 308)
- 301. CHEMISTRY SEMINAR. 1 cr. hour per semester, with cumulative maximum of 4 cr. allowed.** Presentation of oral reports (with written synopses) on topics of current scientific and societal interest, including discussion of ethical and political implications, with emphasis on resources in the chemical literature. Prerequisite: Junior or senior standing in chemistry. Sp
- 310. DESCRIPTIVE INORGANIC CHEMISTRY. 4 cr.** Discussion of elemental properties, elemental combinations into ionic and molecular compounds, and periodic trends. Laboratory synthesis and characterization of inorganic compounds. Three hours lecture; three hours laboratory. Prerequisites: "C" or better in CHEM 108. Sp (Formerly 313/314).
- 320. PHYSICAL CHEMISTRY I. 3 cr.** Fundamental interpretations of the physical principles of chemistry with emphasis on equilibrium thermodynamics and chemical kinetics. Three hours lecture and one hour recitation. Prerequisites: "C" or better in CHEM 108; PHYS 208; MATH 132. F (Formerly 401)
- 321. PHYSICAL CHEMISTRY LABORATORY I. 1 cr.** Modern experimental techniques in physical chemistry. Three hours laboratory. Prerequisites: "C" or better in CHEM 241 and credit or registration in CHEM 320. F.
- 322. PHYSICAL CHEMISTRY II. 3 cr.** Continuation of Chemistry 320. Theories of atomic and molecular structure, spectroscopy and quantum mechanics are applied to chemical systems. Three hours lecture and one hour recitation. Prerequisite: "C" or better in CHEM 320. Sp (Formerly 402)
- 323. PHYSICAL CHEMISTRY LABORATORY II. 1 cr.** Modern experimental techniques of physical chemistry. Three hours laboratory. Prerequisite: "C" or better in CHEM 321; credit or registration in CHEM 322. Sp (Formerly 403)
- 350. BIOCHEMISTRY I. 3 cr.** Introduction to structure and function of proteins, nucleic acids, lipids and carbohydrates and enzyme kinetics, mechanisms, regulation, and vitamins. Three hours lecture. Prerequisite: "C" or better in CHEM 232. F, Su1 (Formerly 336)
- 351. BIOCHEMISTRY LABORATORY I. 1 cr.** Laboratory to accompany Biochemistry I. Introduction to procedures used in Biochemistry Laboratory. Three hours laboratory. Prerequisites: Credit or registration in CHEM 350 and "C" or better in CHEM 233. F
- 352. BIOCHEMISTRY II. 3 cr.** Thermodynamics, metabolism, photosynthesis, protein and nucleic acid biosynthesis. Three hours lecture. Prerequisite: "C" or better in CHEM 350. Sp (Formerly 337)
- 499. RESEARCH. 1-6 cr. Maximum, 6 cr.** Research problems that can be completed in one semester. Three to six hours laboratory per week per credit hour. Research is done in the areas of A. Analytical; B. Biochemistry; C. Inorganic; D. Organic; E. Physical.

Prerequisites: Junior or senior standing in chemistry and approval of department head. F, Sp, Su1, Su2

For Undergraduates and Graduates

- 407. INSTRUMENTAL ANALYSIS. 4 cr.** A laboratory/lecture analytical course in the operation of analytical instruments, involving the care and maintenance of equipment in addition to the analytical treatment of known samples. Four hours laboratory; three hour lecture. Prerequisite: "C" or better in CHEM 232, 233, 240, 241. Sp
- 420. ADVANCED PHYSICAL CHEMISTRY. 3 cr.** An introduction to group theory including molecular symmetry, molecular orbital theory, electronic spectroscopy, and vibrational spectroscopy. Three hours of lecture per week. Prerequisite: "C" or better in CHEM 322. F, even
- 422. DIRECTED STUDY. 1-6 cr. Maximum, 6 cr.** A directed study for undergraduates and graduates. May include laboratory and/or library work in the areas of A. Analytical; B. Biochemistry; C. Inorganic; D. Organic; E. Physical. Four to six hours per week for each credit hour earned. Prerequisite: Approval of department head. F, Sp, Su1, Su2
- 430. ADVANCED ORGANIC CHEMISTRY. 3 cr.** A mechanistic study of prevailing organic reactions via structural and electronic effects. Three hours of lecture per week. Prerequisite: "C" or better in CHEM 232 and CHEM 322. Sp, odd
- 431. INTERMEDIATE ORGANIC CHEMISTRY. 2 cr.** Laboratory introduction of standard research techniques; lecture covering synthetic design, functional group transformations, advanced nomenclature, and mechanistic analysis of reactions. One hour lecture and three hours laboratory. Prerequisites: "C" or better in CHEM 232 and CHEM 233. F (Formerly 405)

CLINICAL LABORATORY SCIENCE (CLSC)

Required for a major: 101, 320, 321, 322, 324, 325, 326, 327, 328, and thirty-seven hours selected from 460, 461, 462, 463, 464, 465, 466, 467, 468, 469, 470, 471, 472, 473, 474, 475, 476.

- 100. MEDICAL APPLICATION OF SCIENCE FOR HEALTH. 4 cr.** This course is designed to facilitate academic enrichment in health care science and improve basic awareness of health care careers. This course is open to regular University students and to students who make application to and are accepted into the M*A*S*H program sponsored by the North Louisiana Area Health Education Center. F, Sp, Sum
- 101. PRINCIPLES OF CLINICAL LABORATORY SCIENCE. 3 cr.** Orientation to the profession of clinical laboratory science, the hospital internship, and the many phases of laboratory science encountered in the clinical laboratory. F, Sp
- 103. PRINCIPLES OF RENAL FUNCTION AND URINALYSIS. 1 cr.** The morphology, anatomy and physiology of renal system, and principles of urinalysis. One hour lecture. Prerequisite: Approval of the Program Director. Sp
- 104. URINALYSIS LABORATORY. 1 cr.** A laboratory course to accompany 103, involving qualitative and quantitative studies, both chemical and microscopic, of urine. Three hours laboratory. Prerequisite: Approval of the Program Director. Sp
- 112. PHLEBOTOMY. 3 cr.** Study of phlebotomy, professionalism, patient relations, basic medical laboratory terminology, types of specimens, specimen collection procedures, complications of venipuncture, adaptations for special limits and special types of patients, special collection techniques, and actual collection of laboratory specimens. (Formerly CLSC 110, 111)
- 316. SEMINAR. 2 cr.** Presentation of oral and written reports on current topics in the literature of clinical laboratory science. Students are required to prepare appropriate visual aids to illustrate their discussion. Prerequisites: Junior or Senior standing in clinical laboratory science or approval of the Program Director. F, Sp

- 320. HEMATOLOGY. 3 cr.** A study of hematopoiesis, classification, mechanisms and clinical characteristics of the anemias, leukemias, lymphomas, and other related diseases; the mechanism and specific disorders of hemostasis and a study of the principles of various hematological testing procedures and interpretations and correlation of test results with disease states. Three hours lecture. Prerequisite: Approval of the Program Director. F, Sp, Sum I
- 321. HEMATOLOGY LABORATORY. 1 cr.** A laboratory course to accompany 320 to include procedures for a complete blood count, sedimentation rate, L.E. prep, osmotic fragility, sickle cell testing, coagulation testing, various miscellaneous tests and quality control procedures. Three hours laboratory. Prerequisite: Approval of the Program Director. F, Sp, Sum I
- 322. IMMUNOLOGY. 3 cr.** A course covering the principles of basic immunology and the application of clinical immunology in the medical laboratory to include: immunoglobulin structures; antigen-antibody reactions, classification, mechanisms, and clinical characteristics of immune disease; transplantation and tumor immunology; and a study of various serological testing procedures and interpretation and correlation of test results with disease states. Three hours lecture. Prerequisite: Approval of Program Director. Sp, Sum I
- 323. SEROLOGY LABORATORY. 1 cr.** A laboratory course to accompany 322 to include representative tests of all types of serological testing performed in the clinical laboratory. Three hours laboratory. Prerequisite: Approval of the Program Director. Sp, Sum I
- 324. CLINICAL CHEMISTRY AND TOXICOLOGY. 3 cr.** Study of physiologic limits and composition of various body fluids and their methods of analysis. Three hours lecture. Prerequisite: Approval of the Program Director. F, Sp
- 325. CLINICAL CHEMISTRY AND TOXICOLOGY LABORATORY. 1 cr.** A laboratory course to accompany 324 including qualitative and quantitative analysis of physiologic components and composition of the various components of blood and other body fluids and methods of analysis for toxic substances. Three hours laboratory. Prerequisite: Approval of the Program Director. F, Sp
- 326. CLINICAL CHEMISTRY AND TOXICOLOGY. 3 cr.** Principles of basic clinical chemistry and toxicology procedures applied to enzymes; endocrine function; electrolytes and blood gases; renal function; gastric, pancreatic and intestine function; biochemistry of pregnancy; therapeutic drug monitoring and analysis of toxic substances. Prerequisite: Approval of the Program Director. (Same as Toxicology 326.) Sp, F
- 327. IMMUNOHEMATOLOGY AND BLOOD BANKING. 3 cr.** A course in the genetic theory of the human blood groups and the administrative and technical operation of blood banks. Three hours lecture. Prerequisite: Approval of the Program Director. F, Sp
- 328. TECHNICAL PROCEDURES IN BLOOD BANKING. 1 cr.** A laboratory course to accompany 327, giving practical experience in blood donor selection, blood processing, patient crossmatching, plasmapheresis, and other blood component fractionation procedures. Three hours laboratory. Prerequisite: Approval of the Program Director. F, Sp
- 338. DIRECTED STUDY. 1-6 cr. each.** Individual investigation of selected problems in: A. Urinalysis; B. Hematology; C. Immunology; D. Blood Banking; E. Serology; F. Clinical Chemistry; H. Toxicology; J. Other associated areas of clinical laboratory science; K. Parasitology; and L. Clinical Laboratory Management. Prerequisites: Approval of the Program Director. F, Sp, Sum
- 430. MEDICAL MICROBIOLOGY. 4 cr.** The morphology, physiology, and immunogenicity of disease-causing bacteria, methods of isolation, identification, susceptibility testing, and control of pathogenic bacteria and diseases. Three hours lecture and three hours laboratory. Prerequisites: BIOL 214, 215. (Formerly CLSC 338I)
- 450. COOPERATIVE EDUCATION EXPERIENCE. 3 cr.** Planned and supervised work experience in student's major field to include phlebotomy, patient relations, laboratory operations, and laboratory computers. Grades of A, B, C, and NC (No Credit) will be awarded. May be repeated for a total of 6 credits. Students must work a minimum of 20 hrs./week and must be compensated by employer. F, Sp, Sum
- 460. CLINICAL HEMATOLOGY. 2-5 cr.** Advanced concepts in the use and interpretation of hematological and coagulation procedures and data. Prerequisite: Completion of three years of pre-clinical courses. F, Sp, Sum
- 461. CLINICAL HEMATOLOGY LABORATORY. 3-5 cr.** Practical instruction and laboratory practice in the performance of hematological and coagulation procedures. Prerequisite: Completion of three years of pre-clinical courses. F, Sp, Sum
- 462. CLINICAL SEROLOGY AND IMMUNOLOGY. 1-2 cr.** Advanced concepts in the use and interpretation of serological and immunological procedures and data. Prerequisite: Completion of three years of pre-clinical courses. F, Sp, Sum
- 463. CLINICAL SEROLOGY AND IMMUNOLOGY LABORATORY. 1-3 cr.** Practical instruction and laboratory practice in the performance of serological and immunological procedures. Prerequisite: Completion of three years of pre-clinical courses. F, Sp, Sum
- 464. CLINICAL MICROBIOLOGY. 2-4 cr.** Advanced concepts in the use and interpretation of medical microbiological procedures and data. Prerequisite: Completion of three years of pre-clinical courses. F, Sp, Sum
- 465. CLINICAL MICROBIOLOGY LABORATORY. 3-6 cr.** Practical instruction and laboratory practice in the performance of microbiological procedures. Prerequisite: Completion of three years of pre-clinical courses. F, Sp, Sum
- 466. CLINICAL IMMUNOHEMATOLOGY. 1-3 cr.** Advanced concepts in the use and interpretation of immunohematological procedures and data. Prerequisite: Completion of three years of pre-clinical courses. F, Sp, Sum
- 467. CLINICAL IMMUNOHEMATOLOGY LABORATORY. 3-4 cr.** Practical instruction and laboratory practice in the performance of immunohematological procedures. Prerequisite: Completion of three years of pre-clinical courses. F, Sp, Sum
- 468. CLINICAL BIOCHEMISTRY. 3-6 cr.** Advanced concepts in the use and interpretation of clinical chemistry procedures and data. Prerequisite: Completion of three years of pre-clinical courses. F, Sp, Sum
- 469. CLINICAL CHEMISTRY LABORATORY. 3-5 cr.** Practical instruction and laboratory practice in the performance of clinical chemistry procedures. Prerequisite: Completion of three years of pre-clinical courses. F, Sp, Sum
- 470. CLINICAL URINALYSIS. 1-2 cr.** Advanced concepts in the use and interpretation of urinalysis procedures and data. Prerequisite: Completion of three years of pre-clinical courses. F, Sp, Sum
- 471. CLINICAL URINALYSIS LABORATORY. 1-2 cr.** Practical instruction and laboratory practice in the performance of urinalysis procedures. Prerequisite: Completion of three years of pre-clinical courses. F, Sp, Sum
- 472. CLINICAL PARASITOLOGY, MYCOLOGY, AND MYCOBACTERIOLOGY. 1-2 cr.** Advanced concepts in the use and interpretation of parasitological, mycological, and mycobacteriological procedures and data. Prerequisite: Completion of three years of pre-clinical courses. F, Sp, Sum
- 473. CLINICAL PARASITOLOGY, MYCOLOGY, AND MYCOBACTERIOLOGY LABORATORY. 1-2 cr.** Practical instruction and laboratory practice in the performance of parasitological, mycological, and mycobacteriological procedures. Prerequisite: Completion of three years of pre-clinical courses. F, Sp, Sum
- 474. CLINICAL LABORATORY ADMINISTRATION. 1-2 cr.** Modern management concepts for the clinical laboratory. Prerequisite: Completion of three years of pre-clinical courses. F, Sp, Sum
- 475. CLINICAL LABORATORY SCIENCE PROBLEMS. 1-3 cr.** An introduction to emerging medical technologies and research in: A. Urinalysis; B. Hematology; C. Immunology; D. Blood Bank/Transfusion Medicine; E. Serology; F. Clinical Chemistry; H.

Toxicology; I. Microbiology; J. Other associated areas of clinical laboratory science; K. Parasitology; and L. Clinical Laboratory Management. Prerequisite: Completion of three years of pre-clinical courses. F, Sp, Sum

476. **CLINICAL LABORATORY SCIENCE SEMINAR. 1-2 cr.** Medical technology ethics, trends, state requirements, new developments in the field, and student reports. Prerequisite: Completion of three years of pre-clinical courses. F, Sp, Sum

COMMUNICATIVE DISORDERS (CODI)

(Formerly Speech/Language/Hearing)

Undergraduate Requirements

Required for a major in Communicative Disorders: 113, 151, 152, 213, 240, 242, 300, 417, 418, 426, 427, 428, 433, 435, 436, 445, 470, 480, 485, and 490—Total of 51 semester hours.

For Undergraduates Only

113. **INTRODUCTION TO SPEECH/LANGUAGE/HEARING DISORDERS. 3 cr.** For CODI majors in the College of Health Sciences, for Health Care Professionals, and for Education majors. A survey of speech, language and hearing development and associated disorders. An introduction to the professions of Speech-Language Pathology and Audiology.
151. **GENERAL FOUNDATION IN AUDIOLOGY. 3 cr.** The nature of deafness and hard of hearing problems of children.
152. **SPEECH AND LANGUAGE ACQUISITION. 3 cr.** The development of speech in children in the family and the effects of culture on language.
220. **BEGINNING SIGN LANGUAGE. 3 cr.** An introductory course in the study of American Sign Language (ASL) and Pidgin Sign English (PSE) with an emphasis on the Deaf Community and their culture. An understanding of some of the basic cultural differences of the Deaf and how they relate to the development and existence of sign languages will be coupled with basic skills in both ASL and PSE. Non-majors only.
222. **AMERICAN SIGN LANGUAGE II. 3 cr.** This course is designed to expand receptive and expressive American Sign Language (ASL) skills. It is a natural language approach incorporating cultural interactions which are being used to develop appropriate conversational skills in ASL at the survival-plus level. Vocabulary acquisition and the understanding and use of ASL linguistic structure is emphasized. Instruction is in ASL without voice. Prerequisite: CODI 220.
240. **ANATOMY AND PHYSIOLOGY OF SPEECH PROCESSES. 3 cr.** The anatomy and physiology of the neurological, respiratory, phonatory, articulatory, and hearing mechanisms.
242. **SPEECH, LANGUAGE, AND HEARING ACOUSTICS. 3 cr.** The production, transmission, and perception of acoustic signals in Speech Communication; acoustic phonetics and psychoacoustics.
300. **SUPERVISED OBSERVATION IN COMMUNICATIVE DISORDERS. 1 cr.** Students observes 25 hours of diagnostic and therapeutic sessions with communicatively impaired individuals in approved settings. Prerequisite: Permission of instructor.
350. **VOICE DISORDERS. 3 cr.** An identification of problems in phonation and resonance of the voice and rehabilitation procedures.
470. **CLINICAL ASSISTING. 3 cr.** Students assist with clients being served at the ULM Speech and Hearing Clinic or other approved sites. Prerequisite: See specific requirements for enrollment under Progression of Majors in Communicative Disorders.
476. **BEGINNING PRACTICUM IN COMMUNICATION DISORDERS. 1-3 cr.** Clinical practicum with communicatively challenged individuals. Students will complete the required clock hours with clients having specific disorders as specified by the instructor. Prerequisite: See specific requirements for enrollment stated under Progression of Majors in Communicative Disorders.
491. **DIRECTED STUDY. 1-3 cr.** Directed study in A. Speech Pathology; B. Language Pathology; C. Audiology. May be repeated for a total of 6 credits. Prerequisite: Approval of department head.

For Undergraduates and Graduates

417. **PHONETICS. 3 cr.** Correct sound formation and pronunciation; learning of transcription rules for American phonetics and other sound classification systems. Enrollment in 418 is required.
418. **PHONETICS LABORATORY. 1 cr.** A laboratory course to accompany 417. Two hours laboratory. Prerequisite: Credit or registration in 417, or approval of instructor.
426. **DIAGNOSIS AND APPRAISAL OF COMMUNICATION DISORDERS. 3 cr.** Instruments, procedures, and report writing skills utilized in diagnosing and reporting speech, language, and hearing disorders. Enrollment in 427 is required. Prerequisite: 113 and consent of instructor.
427. **DIAGNOSIS AND APPRAISAL OF COMMUNICATON DISORDERS LABORATORY. 1 cr.** A practicum developing the skills to administer and score tests of articulation and language. Prerequisite: Credit or registration in 426, or approval of instructor.
428. **ARTICULATION DISORDERS. 3 cr.** Types, causes, symptoms, and therapy for articulatory defects in speech. Prerequisite: 417, 418, or consent of instructor.
429. **VOICE AND FLUENCY DISORDERS. 3 cr.** Types, causes, and symptoms and therapy for voice and fluency disorders.
431. **STUTTERING. 3 cr.** Review of modern theories and therapies of stuttering, nature, causes, diagnosis, and treatment of stuttering.
433. **LANGUAGE PATHOLOGY. 3 cr.** Language acquisition, language disorders of reception and expression, and habilitation methodologies in learning. Prerequisite: 152 or consent of instructor.
435. **CLINICAL PROCEDURES AND OBSERVATIONS. 3 cr.** Provides students with principles of managing communicatively disordered clients with supervised observation of diagnostic and therapy sessions.
436. **MANUAL COMMUNICATION. 3 cr.** An introductory course in manual communication of the hearing impaired. Emphasis on drills and exercises to help students acquire a sign vocabulary fluency.
445. **CLINICAL COUNSELING. 3 cr.** Issues related to counseling culturally diverse persons with communication disorders and their families.
480. **AUDIOLOGY. 3 cr.** Principles and Techniques of auditory testing and the interpretation of hearing tests. Prerequisite: 151.
485. **AURAL REHABILITATION. 3 cr.** Professional services and procedures facilitating adequate receptive and expressive communication in persons with hearing impairments.
490. **NEUROPHYSIOLOGICAL BASES FOR COMMUNICATION. 3 cr.** Provides students with principles of anatomy and physiology of the normal neurological system as related to language and speech systems. Prerequisites: 240.

COMPUTER INFORMATION SYSTEMS (CINS)

Required for a major: 220, 302, 306, 340, 350, 430; BUSN 412; Business Elective (300- or 400- level); 6 hours of 300-400 level CINS electives. Total of 30 semester hours.

Required for a minor: CSCI 170, CINS 220, 350, 3 electives chosen from 300 or 400-level CINS classes - Total of 18 semester hours.

300/400 Level CINS classes are open only to juniors or seniors in the College of Business Administration with at least a 2.0 GPA on all hours to be credited toward the degree, or permission of the department head.

For Undergraduates Only

- 101. MICROCOMPUTER OPERATIONS. 3 cr.** An introduction to information systems. Topics include hardware, operating systems, and application programs with hands-on experience. Not open to College of Business juniors and seniors. F, Sp, Sum
- 205. INTRODUCTION TO COMPUTER-BASED MANAGEMENT INFORMATION SYSTEMS. 3 cr.** Introduction to the use of the computer for business applications; productivity software (word processing, electronic spreadsheet, data management, and presentation graphics). CINS majors must earn a minimum grade of "C". Prerequisites: Completion of all developmental requirements. F, Sp, Sum
- 212. WORD PROCESSING. 3 cr.** Introduction to word processing concepts and fundamentals of word processing operations; hands-on experience with microcomputer word processors. Laboratory work required. Prerequisites: 35 wpm keyboard competency, 205. F, Sum
- 215. SPREADSHEET APPLICATIONS. 3 cr.** Intensive coverage of business spreadsheet models; including spreadsheet design, file-building techniques, graphics, and spreadsheet automation with macros. Prerequisite: CSCI 170 or permission of instructor. F, Sp
- 220. INTRODUCTION TO BUSINESS PROGRAMMING. 3 cr.** Fundamentals of problem solving, programming logic, and algorithm specification using various modeling tools; coding of algorithms in a programming language. Prerequisites: CSCI 170, MATH 116 and completion of all developmental requirements, or permission of instructor. (Formerly CINS 201) F, Sp, Sum
- 302. INTERMEDIATE BUSINESS PROGRAMMING. 3 cr.** Computer programming methods for business systems. Emphasizes contemporary programming environments and application development using a modern programming language. Prerequisite: 220.
- 306. DATA BASE APPLICATION DEVELOPMENT. 3 cr.** Concepts related to modeling organizational data; emphasis on designing and implementing the Relational database model using both the Structured Query Language (SQL) and a graphical query interface. Prerequisite: CINS 220. (Formerly CINS 401) F, Sp
- 340. NETWORKS AND DATA COMMUNICATIONS. 3 cr.** Concepts of data communications and networks and their impact on the business enterprise; issues pertaining to design, development, and implementation; hands-on experience with a network. Prerequisite: 205. F, Sp
- 341. ADVANCED NETWORKING. 3 cr.** Planning, building, and administering local area networks. Emphasis placed on installation, management, and maintenance of client/server networks. Coverage of TCP/IP, remote access, and other popular services. Prerequisite: CINS 340. Sp
- 344. INFORMATION SECURITY MANAGEMENT. 3 cr.** Principles of information security and assurance, with emphasis on the managerial component. A lifecycle approach is used to identify, assess, and develop responses to security threats to organizational assets. Prerequisite: 340 or permission of instructor.
- 350. MANAGEMENT INFORMATION SYSTEMS. 3 cr.** Principles of the design, development, and use of information systems for the management of organizations; planning, controlling, staffing, hardware, software, and operational considerations of personnel, workgroup, and organizational information systems. Prerequisite: CSCI 170. F, Sp, Sum
- 430. INFORMATION SYSTEMS ANALYSIS. 3 cr.** Overview of various system development life cycles, with emphasis on structured tools and techniques for describing data flows, data structures, file designs, input and output designs, and process specifications. Prerequisite: CSCI 170, 306, 350, BUSN 305, or permission of instructor. F, Sp
- 435. INFORMATION SYSTEMS DESIGN. 3 cr.** Strategies and techniques of structured design for producing logical system specifications and for deriving physical system designs. Coverage of object orientation and other methodologies for dealing with

complexity in the development of information systems. Prerequisites: 430 and BUSN 412, or permission of instructor. Sp

For Undergraduates and Graduates

- 455. END USER SUPPORT. 3 cr.** Provision of technical support in selection of hardware and software; training in use of hardware and software; and assistance in use of computer information systems in solving business problems. Prerequisites: 306, 340, 350 and BUSN 412, or permission of instructor.
- 491. DIRECTED STUDY. 1-3 cr.** May be repeated for a maximum of 6 credits. Investigative study on a selected topic by an individual student under the direction of a faculty member. Prerequisite: Senior standing and approval of the directing faculty member and the department head.
- 492. SEMINAR. 1-3 cr. per semester.** May be repeated for a maximum of 6 credits. Seminar in information systems. Topic areas: A. Software; B. Methodologies; C. Special Topics. Prerequisite: Approval of department head.

**COMPUTER SCIENCE
(CSCI)**

Required for a major: 200, 203, 226, 253, 273, 298, 305, 310, 313, 320, 326, 411, 412, 455, 460, 483 and 3 of the following 8 courses: 340, 373, 440, 442, 462, 463, 464, and 475—Total of 55 semester hours.

Required for a minor: 200, 203, 226, 253, 273, 305, 310—Total of 21 semester hours.

Required for a minor in Computer Science Education: 170, 180, 200, 203, 367, 377, Curriculum and Instruction 285, and a 3-hour approved Computer Science Elective. Total of 21 semester hours. Teacher certification in this minor area requires 21 credit hours or the Praxis content specialty exam.

For Undergraduates Only

- 163. COMPUTER SCIENCE FOR THE USER. 2 cr.** A study of computers, how and why they work, their uses in modern society, and their impact on that society. Also included are introductions to common software packages and computer programming. This course is not applicable toward a degree in Computer Science or in the College of Business Administration.
- 167. SOFTWARE APPLICATIONS. 1 cr.** Work with three major computer application software packages - word processing, spreadsheets, and databases. Not applicable towards a degree in Computer Science or in the College of Business Administration.
- 170. COMPUTER LITERACY. 3 cr.** A study of computer concepts with an emphasis on the personal computer and its practical use, the impact of computers on society, and the knowledge required to be computer literate in today's digital world.
- 180. FOUNDATIONS OF COMPUTER SCIENCE. 3 cr.** An introduction to the foundations of computer science and problem solving using a modern, high-level programming language. Not applicable toward a degree in Computer Science.
- 200. INTRODUCTION TO COMPUTER PROGRAMMING. 3 cr.** An introduction to algorithms and programming, with an emphasis on the basic design, implementation, and testing of solutions to numerical and non-numerical problems. Prerequisite: CSCI 180 or credit or registration in a mathematics core curriculum course.
- 203. INTERMEDIATE PROGRAMMING. 3 cr.** Continuation of CSCI 200, with increased emphasis on program design (including structured and object oriented techniques, data structures, and algorithms). Prerequisites: Grade of "C" or better in CSCI 200 and credit or registration in MATH 113 or permission of the department head.

- 226. INTRODUCTION TO DISCRETE STRUCTURES. 3 cr.** An introduction to discrete mathematical structures with applications to Computer Science. Topics include: logic, proof techniques, set theory, combinatorics, and functions. Prerequisites: Grade of C or better in CSCI 200 and Mathematics 113 or equivalent.
- 253. COMPUTER ORGANIZATION AND ASSEMBLY LANGUAGE PROGRAMMING. 3 cr.** Introduction to computer organization, machine language, and assembly language programming. Prerequisite: Grade of "C" or better in CSCI 203.
- 264. INTRODUCTION TO COMPUTER ORGANIZATION. 2 cr.** Basic logic design, coding, number representation and arithmetic binary representation, and computer architecture. Prerequisite: CSCI 226, 253, and credit or registration in CSCI 265.
- 265. COMPUTER ORGANIZATION LABORATORY. 1 cr.** Laboratory class to accompany 264. Prerequisite: Credit or registration in 264.
- 273. FILE AND DATA STRUCTURES. 3 cr.** Dynamic memory management. Secondary storage concerns. File processing environment, sequential and random access. File organization: sequential, random, indexed, multikey. Hashing and indexing techniques. Awareness of database basics. Prerequisite: CSCI 203 with a grade of "C" or better and CSCI 226.
- 298. ETHICAL AND PROFESSIONAL ISSUES IN COMPUTING. 1 cr. Maximum, 2 cr.** Presentation of current topics in the field of computer science with special emphasis on ethics.
- 305. ANALYSIS OF ALGORITHMS. 3 cr.** The design and analysis of computer algorithms and data structures. Classes of algorithms studied include sorting, searching, graph, parallel and NP-complete. An in-depth study into both efficiency and design. Correctness and formal verification of algorithms. Prerequisites: Grade of "C" or better in 273.
- 310. ORGANIZATION OF PROGRAMMING LANGUAGES. 3 cr.** An introduction to programming language specification and analysis. Additional topics include programming language paradigms, runtime environments, binding strategies, compilers, and interpreters. Prerequisite: CSCI 305.
- 313. COMPUTER THEORY. 3 cr.** The various types of abstract languages and their corresponding acceptors. The Chomsky hierarchy. Determinism and nondeterminism in language acceptors; problem decidability. The relationship of abstract languages and automata to computers. Prerequisites: CSCI 305 and 310.
- 320. OBJECT-ORIENTED DESIGN AND PROGRAMMING. 3 cr.** Elements of the object model including abstraction, encapsulation, modularity, class hierarchies and inheritance, virtual functions, generic classes, and operator overloading. Methods for identifying classes and objects, notation for object-oriented design, the design process, and case studies. Prerequisite: CSCI 305.
- 326. ADVANCED DISCRETE STRUCTURES. 3 cr.** A study of advanced topics from discrete mathematics, with special emphasis to applications in computer science. Topics include: efficiency of algorithms, recurrence relations, number theory, graph theory, combinatorics, and Boolean algebra. Prerequisite: CSCI 226.
- 340. INTERNET PROGRAMMING. 3 cr.** The art and science of programming for WWW Internet applications from a client-side perspective. Basic and advanced HTML. CGI scripting and an introduction to Java applets. Some experience with Internet and UNIX usage is desirable. Prerequisite: CSCI 273.
- 350. RESEARCH METHODS FOR COMPUTER SCIENCE. 3 cr.** An introduction to methods used in computer science research. Topics include techniques and conventions in research methods, evaluation approaches, and presentation of results. Prerequisite: CSCI 226.
- 367. ADVANCED SOFTWARE APPLICATIONS. 3 cr.** A study of advanced applications and their use in producing professional level presentations. Students will utilize problems from their major field of study, occupation, and/or other areas of interest. The word processor, spreadsheet, and other tools will be used to integrate the study into a desktop publication. Not applicable toward a degree in computer science. Prerequisites: CSCI 170.
- 369. INTRODUCTION TO PROGRAMMING. 3 cr.** This course will emphasize programming techniques in a modern programming language, currently Pascal, using microcomputers. Program design, coding, debugging, and testing of programs for a wide variety of problems commonly solved by computers. Not applicable toward a degree in computer science. Prerequisite: CSCI 170.
- 373. NUMERICAL METHODS. 3 cr.** Numerical algorithms fundamental to scientific work including discussion of error. Prerequisite: CSCI 203 and MATH 202 and 132. (Dual listed as MATH 373.)
- 377. INTERNET FOR THE USER. 3 cr.** Introduction to Internet including methods of use such as telnet, FTP e-mail, WWW, gopher, and Netscape. Not applicable toward a degree in computer science. Prerequisites: CSCI 170 or approval of department head.
- 398. COMPUTER PROJECTS. 3 cr.** Involvement in practical computer projects. Prerequisite: Permission of department head.
- 420. INTRODUCTION TO BIostatISTICS I. 3 cr.** An introduction to the discipline of statistics and its application to problems of biology, including human biology, medicine, and public health. Topics include Bayesian inferences, estimation techniques, hypothesis testing, goodness of fit, and analysis of variance. Prerequisite: Math 114 or Math 131 or permission of department head. (Same as Math 420).
- 421. INTRODUCTION TO BIostatISTICS II. 3 cr.** A continuation of 420. Topics include linear and multiple regression, logistics regression, longitudinal data analysis, nonparametric methods and principal component techniques. Prerequisites: Math 420 or CSCI 420 and junior standing or above. (Same as Math 421).
- 445. RESEARCH DATA BASE MANAGEMENT. 3 cr.** An introductory study into data base management activities and practices using the Statistical Analysis System as related to the statistical and report writing needs of researchers. Topics such as data base display techniques, statistical significance tests, statistical modeling, graphics, and report writing will be discussed. Emphasis is on methods and computing techniques using the Statistical Analysis System. Not open to computer science majors. Prerequisites: CSCI 170; three (3) semester-hour statistics course, or concurrent enrollment in a statistics course, or approval of department head.
- 460. PRINCIPLES OF SOFTWARE ENGINEERING. 3 cr.** A formal approach to state-of-the-art techniques in software design and development. This course includes the classic model of the software life cycle, prototyping, resource allocation in large scale software projects, software cost estimating, and project management techniques. Prerequisites: CSCI 320.
- 461. COOPERATIVE EDUCATION EXPERIENCE. 1 cr.** Planned and supervised work experience in student's major field. Open only to juniors and seniors in the Department of Computer Science who are approved for the Cooperative Education Program. Grades of CR (credit) or NC (no credit) will be awarded. May be repeated for a total of 3 credits. May not be applied to fulfill major requirements.
- 462. DATA COMMUNICATIONS. 3 cr.** Technical aspects of data communications. ISO Open Systems Interconnect Model. TCP/IP protocol suite. Internetworking and routing. Prerequisite: CSCI 305.
- 463. THEORY OF PROGRAMMING LANGUAGES. 3 cr.** A formal treatment of programming language design and translation concepts. Programming language syntax and semantics. Finite and pushdown automata, scanners, symbol tables, parsers, machine-independent code generation. Prerequisite: CSCI 313.
- 464. GRAPHICS. 3 cr.** Fundamental concepts of graphics including enhancement, shading, two and three dimensional transformations, animations and hidden-surface problem. Prerequisites: CSCI 203, MATH 202 and Junior standing.
- 498. RESEARCH. 1-6 cr. Maximum, 6 cr.** Open to advanced undergraduates who are capable of developing a problem independently. Subject Areas: A. Applications; B. Software; C. Mathematics of Computation; D. Hardware. Prerequisites: Approval of department head.

For Undergraduates and Graduates

- 411. OPERATING SYSTEMS. 3 cr.** Theory and implementation of operating systems including process management, device

management, memory management, and file system management. Security, networking, and distributed operating systems. Prerequisites: CSCI 253, 305, and 310.

- 412. ARCHITECTURE. 3 cr.** Computer hardware architectures including microcomputers, minicomputers, mainframes and supercomputers; memory organization including cache and virtual memory; pipelining; RISC architecture; parallel processing architectures; comparison of representative architectures. Prerequisites: CSCI 253 and 305.
- 435. LINEAR PROGRAMMING. 3 cr.** Development of the simplex algorithm, revised simplex, duality, and application. Prerequisite: MATH 202.
- 436. INTRODUCTION TO MATHEMATICAL CONCEPTS IN OPERATIONS RESEARCH. 3 cr.** A mathematical approach to concepts in advanced linear and nonlinear programming, dynamic programming, game theories, queueing theory and other standard topics in operations research. Prerequisites: CSCI 435 and MATH 303. (Same as MATH 436.)
- 440. INTERNET SYSTEMS MANAGEMENT. 3 cr.** This course teaches the art and science of providing an Internet presence. It will cover several types of Internet services, concentrating on the World Wide Web. The course will cover support issues related to providing more advanced WWW services, including user support, security, operations, staffing, and purchasing. Prerequisite: CSCI 340.
- 442. SIMULATION AND MODELING. 3 cr.** General principles of stochastic simulation. Model development, analysis, and validation. Comparison of alternative models. Use of special purpose simulation languages. Prerequisites: CSCI 305 and MATH 303.
- 455. THEORY OF DATA BASE MANAGEMENT SYSTEMS. 3 cr.** Logical and physical data and file organization; hierarchical, network, and relational data models; data normalization; query facilities; current literature in the database area. Prerequisite: Grade of C or better in CSCI 273.
- 475. KNOWLEDGE DISCOVERY IN DATABASES. 3 cr.** An introduction to the field of Knowledge Discovery in Databases, KDD. Topics to be included are: data selection, cleaning, coding, pattern recognition, the discovery of hidden knowledge, learning rules, and data mining algorithms for large databases. Prerequisites: CSCI 455 and MATH 303.
- 481. EXPERT SYSTEMS. 3 cr.** A course in Applied Artificial Intelligence for non-programmers who are interested in the use and development of expert systems within their own fields of study. Not applicable toward a degree in computer science. Prerequisite: Senior or graduate standing.
- 483. ARTIFICIAL INTELLIGENCE. 3 cr.** Study of the computer in context with human thought processes. Heuristic programming; search strategies; knowledge representation; perception; learning; natural language understanding; user interfaces; intelligent systems. Prerequisites: 305 and 310.
- 110. INTRODUCTION TO CONSTRUCTION. 3 cr.** Introduction to the history and development of Construction, with an analysis of its impact on the national and international economy. A non-technical survey, especially designed for non-construction majors. F
- 112. ARCHITECTURAL DRAFTING. 1 cr.** Introduction to plan reading with instructions given in basic architectural graphics; details of working drawings and shop drawings related to building construction. F, Sp
- 113. ARCHITECTURAL DRAFTING STUDIO. 2 cr.** Studio course to accompany 112. Six hours studio. F, Sp
- 203. CONSTRUCTION TECHNIQUES. 2 cr.** A study of architectural design fundamentals through analysis of architectural and engineering plans, specifications, and documents used in construction. Prerequisites: 101, 112, 113. F, Sp
- 204. CONSTRUCTION TECHNIQUES STUDIO. 1 cr.** Studio course to accompany 203. Three hours studio. F, Sp
- 206. STATICS AND STRENGTH OF MATERIAL. 2 cr.** Resolution of forces, equilibrium, application of statics for simple structures, centroids, moments of inertia; materials in tension, compression, bending; shear and moment diagrams; design of simple structures. Prerequisite: MATH 111, 112. F, Sp
- 207. STATICS AND STRENGTH OF MATERIAL LABORATORY. 1 cr.** Laboratory course to accompany 206. Three hours laboratory. F, Sp
- 208. CONSTRUCTION DOCUMENTS. 2 cr.** A study of drawings, specifications, and documents used in the construction process. Prerequisites: 101, 112, 113. Sp, F
- 209. CONSTRUCTION DOCUMENTS STUDIO. 1 cr.** Studio course to accompany 208. Three hours studio. Sp, F
- 211. CONSTRUCTION SURVEYING. 1 cr.** Theory and principles of surveying applied to construction. Prerequisite: MATH 111, 112. Sp
- 212. CONSTRUCTION SURVEYING LABORATORY. 2 cr.** Laboratory course to accompany 211. Six hours laboratory. Sp
- 214. INTERIOR SYSTEMS. 3 cr.** A study of interior environmental systems including construction techniques, material handling, storage and transportation. Materials and systems influence of interior design as they pertain to acoustics, sound transmission, fire hazards, lighting, and energy.
- 220. CONSTRUCTION INSPECTION. 4 cr.** Introduction to principles and practices of inspecting construction projects-in-progress with emphasis on the nature of construction problems encountered on the job site.
- 221. LOCAL AND STATE BUILDING CODES. 3 cr.** Under direct supervision, the student trainee develops effective public contacts with builders and contractors in conducting routine work within a building department office.
- 222. PLAN AND SPECIFICATION REVIEWS. 3 cr.** Under direct supervision, the student trainee examines plans and specifications of buildings for conformity with zoning regulations and building laws.
- 223. RESIDENTIAL INSPECTIONS. 3 cr.** Inspection of fences, patios, carports, residential blockwalls, etc.; conducting occupancy surveys in various structures such as apartments and hotels.
- 224. COMMERCIAL AND INDUSTRIAL INSPECTIONS. 3 cr.** Inspection of buildings under construction, alteration or repair for compliance with building laws.
- 225. DAMAGED BUILDING INSPECTIONS. 2 cr.** Inspection of damaged buildings and reporting needs for repair or demolition.
- 250. STRUCTURAL SYSTEMS. 3 cr.** A survey of structural systems including the design of temporary structures. Prerequisites: 206, 207.
- 260. MECHANICAL AND ELECTRICAL SYSTEMS. 3 cr.** A survey of systems for water supply and sanitation, heating and air conditioning, and electric service and installations.
- 303. CONSTRUCTION TECHNIQUES. 2 cr.** Continuation of 203 and 204 as applied to larger construction projects. Prerequisites: 203, 204, 208, 209. F

CONSTRUCTION (CONS)

Required for a major: 101, 112, 113, 203, 204, 206, 207, 208, 209, 211, 212, 303, 304, 305, 306, 308, 309, 318, 319, 350, 351, 407, 408, 409, 414, 415, 417, 418, 430, 455, and 3 hours construction electives—Total of 54 semester hours. Non majors must have approval of the Director to schedule 300 and 400 level classes.

- 101. CONSTRUCTION MATERIALS. 3 cr.** Materials of construction, their properties, manufacture, characteristics and use. F, Sp
- 102. BASIC GRAPHICS. 1 cr.** Introductory course in architectural drafting. Use and care of instruments and equipment, line weights, lettering, simple plans, sections and details. Three hours of studio. F

- 304. CONSTRUCTION TECHNIQUES LABORATORY. 1 cr.** Laboratory course to accompany 303. Three hours laboratory. F
- 305. STEEL STRUCTURES. 2 cr.** Theory and principles of design and fabrication of structural steel in conformance with current codes and practices. Prerequisites: 206, 207. F
- 306. STEEL STRUCTURES LABORATORY. 1 cr.** Laboratory course to accompany 305. Three hours laboratory. F
- 308. CONCRETE STRUCTURES AND FORM DESIGN. 2 cr.** Theory and principles of design and building of concrete structures and forms in conformance with current codes and practices. Prerequisites: 206, 207. F
- 309. CONCRETE STRUCTURES AND FORM DESIGN LABORATORY. 1 cr.** Laboratory course to accompany 308. Three hours laboratory. F
- 318. ESTIMATES. 2 cr.** Principles and theories of estimating, classification of work and quantity survey techniques applied to various types of construction projects. Prerequisites: 203, 204, 208, 209. F, Sp
- 319. ESTIMATES LABORATORY. 1 cr.** Laboratory course to accompany 318. Three hours laboratory. F, Sp
- 322. PIPELINE CONSTRUCTION. 3 cr.** An introduction to pipeline construction including basic design considerations, standards and regulations, estimating and bidding, acquisition of Right-of-Way, construction equipment and procedures, safety, and pipeline maintenance. Prerequisite: Approval of director.
- 324. ENVIRONMENTAL CONSTRUCTION. 3 cr.** An introduction to pollutants, hazardous and toxic substances encountered on the job site. Emphasis on biological hazards, health safety standards in regard to handling and disposal of products and liability management. Prerequisite: Junior standing. F
- 328. CAPITAL PROJECTS. 3 cr.** Theory of control and management by owner corporations of cost, time, and value of construction for capital ventures. Techniques for control of projects, with emphasis on general principles and relationships. Prerequisites: Approval of director. (Formerly 311.)
- 350. MECHANICAL SYSTEMS OF BUILDINGS. 2 cr.** Principles and practices of sanitation, water supply, heating, cooling, ventilation, smoke management, and fire suppression systems. Emphasis on general principles, relationships and language needed by the General Contractor. Prerequisite: 203, 204, 208, 209. F
- 351. MECHANICAL SYSTEMS OF BUILDINGS LABORATORY. 1 cr.** Laboratory course to accompany 350. Two hours laboratory. F
- 355. COMPUTER-AIDED DESIGN. 3 cr.** Two dimensional drafting and design. One hour of lecture; four hours studio. (Same as Home Economics 355.) Prerequisite: Junior standing. Sp
- 407. PROJECT CONTROL SYSTEMS. 2 cr.** Analysis and application of scheduling techniques. The use of critical path method (CPM) and program evaluation and review (PERT). Prerequisites: 303, 304. F, Sp
- 408. ESTIMATES. 2 cr.** Analysis and determination of cost of construction operations including applicable indirect and overhead cost, and the preparation of bid proposals for construction costs. Prerequisites: 318, 319. Sp, F
- 409. ESTIMATES LABORATORY. 1 cr.** Laboratory course to accompany 408. Three hours laboratory. Sp, F
- 410. ANALYTIC AND CONCEPTUAL ESTIMATING. 3 cr.** Separation of conceptual planning into its constituent elements and essential features. Feasibility of a construction project by analysis of income, construction investment, operating cost and risk. Prerequisite: Approval of director.
- 412. ADVANCED PROJECT CONTROL SEMINAR. 3 cr.** Continuation of 407/415 with emphasis on job control of resources, cost control and reporting. Selected current construction projects used with research in the field and group analysis and discussion in regular class meetings. Five hours a week are required for field and classroom. Prerequisites: 407, 415.
- 414. CONSTRUCTION MANAGEMENT. 3 cr.** Management principles as applied to the construction contractor. Prerequisite: Junior standing. Sp
- 415. PROJECT CONTROL SYSTEMS LABORATORY. 1 cr.** A studio to accompany 407. Three hours studio per week. Prerequisite: Credit or registration in 407. F, Sp
- 417. FOUNDATION PROBLEMS. 2 cr.** Foundation and soil problems as related to construction. Prerequisites: 303, 304. Sp, F
- 418. FOUNDATION PROBLEMS LABORATORY. 1 cr.** Laboratory course to accompany 417. Three hours laboratory. Sp, F
- 419. CONSTRUCTION DOCUMENTS AND REGULATORY AGENCIES. 3 cr.** Current building codes and significant aspects of construction specifications. Prerequisite: Senior standing or approval of director.
- 428. VALUE MANAGEMENT. 3 cr.** Utilization of the constructor's special knowledge to cut the cost of a construction project to the lowest practicable level without compromising its function or sacrificing quality and aesthetics. Prerequisite: Approval of director and junior standing. (Formerly 411.)
- 430. CONSTRUCTION SAFETY. 3 cr.** A course designed to provide constructors a system of recognition, avoidance, and prevention of unsafe working conditions and employments covered by The Occupational Safety and Health Act of 1970. Prerequisite: Junior standing. (Formerly 420.) Sp
- 455. ELECTRIC SERVICE AND INSTALLATIONS. 3 cr.** Basic theory and practical application of electricity as applied to the construction field; basic design of illumination and electrical wiring based on the National Electric Code: introduction to cost estimates of installations. Prerequisites: 203, 204, 208, 209 and Junior standing. Sp
- 460. DIRECTED STUDY. 1-6 cr. Maximum, 6 cr.** Directed individual study in A. History of Construction, B. Advanced Construction Graphics, C. Advanced Surveying Problems, D. Seminar for Seniors, E. Special Contracting Methods. Prerequisite: Approval of director.

COUNSELING (COUN)

For Undergraduates and Graduates

- 433. INTERPERSONAL COMMUNICATION. 3 cr.** Paired, triad, and small group involvement to develop awareness of various communicative skills utilized in the interpersonal relationship and increase effectiveness in interpersonal communication.
- 434. CAREER DEVELOPMENT IN THE ELEMENTARY SCHOOLS. 3 cr.** Methods and systems of introducing the world of work to elementary school children.
- 464. COUNSELING PROCEDURES. 3 cr.** The study of theory, processes, and relationships involved in individual and family counseling approaches and practices. Designed as a pre-practicum experience, the course includes laboratory demonstrations and practice to develop initial counseling skills.
- 480. EFFECTIVE PARENTING. 3 cr.** Designed to help students and parents-to-be understand the principles and techniques of establishing effective parent-child relationships.
- 481. CONTINUING STUDIES IN COUNSELOR EDUCATION. 1-3 cr.** Various topics in counseling and human relations. May be repeated. Credit may not be applied toward a degree. Grade of CR (Credit) or NC (No credit) will be awarded.
- 491. DIRECTED STUDY. 1-6 cr.** Investigative study on selected problems by students with particular needs.

CRIMINAL JUSTICE (CJUS)

Required for a major in Criminal Justice: 101; 230; 250; 270, 303, or 310; 293; 301; 405; 415; 418; 429; 499; and 9 additional hours in Criminal Justice—Total of 41 semester hours. A grade of "C" or higher is required in all courses required for a major.

Students may choose to complete a minor as part of their free electives.

Required for a minor in Criminal Justice: Criminal Justice 101; 230; 250; 270, 303, or 310; 293; and 3 hours from Criminal Justice electives—Total of 18 semester hours.

Required for Associate of Arts in Criminal Justice: Criminal Justice 101; 230; 250; 270, 303, or 310; 293; 299; and 6 additional hours in Criminal Justice—Total of 22 semester hours. A grade of “C” or higher is required in all courses required for a major.

For Undergraduates Only

- 101. INTRODUCTION TO CRIMINAL JUSTICE. 3 cr.** An examination of the history, organization, and function of the various local and federal agencies that make up the criminal justice system. The survey is organized around the three major components of the criminal justice system: police, courts, and corrections.
- 206. INDUSTRIAL AND BUSINESS SECURITY. 3 cr.** An examination of the basic problems, procedures, and needs in the field of security work. A comparison of private agencies, hotels, retail and industrial enterprises which handle their own security with private and public security organizations. Emphasis is given to the role of private, industrial, and business security systems and their relationship to the criminal justice system.
- 230. THE POLICE. 3 cr.** An in-depth examination of the law enforcement sub-system of the criminal justice system. Includes historical precedents to American systems, the diversity of agencies and their roles, the internal components of agencies, and their interrelationships with other system components and other social and legal agents and agencies. Prerequisite: 101 or approval of the program director.
- 250. COURTS AND CRIMINAL JUSTICE. 3 cr.** Examination of the court component of the criminal justice system. Emphasis on structure, roles, and functions of courts and their relationship to other system components and social institutions. Prerequisite: 101 or approval of program director.
- 270. CORRECTIONS. 3 cr.** An in-depth examination of the Corrections component of the criminal justice system. Fundamentals of correctional practices and philosophy, historically and systemically studied, including law, sentencing, and appellate review as each relates to the correctional process. Survey of correctional components: community-based programs, institutions, administration, offender categories, classification, and treatment. Prerequisite: For Criminal Justice majors only—101 or approval of program director.
- 293. CRIMINAL LAW. 3 cr.** Examination of substantive criminal law with emphasis on history, theory, classification and elements of crimes, elements of proof, and other issues related to criminal law. Prerequisite: 101 or approval of program director.
- 299. OVERVIEW OF THE CRIMINAL JUSTICE SYSTEM. 1 cr.** A capstone course for the integration of knowledge concerning the criminal justice system and criminal law with some attention to current legal issues in law enforcement and corrections. Restricted to students receiving the Associate of Arts Degree in Criminal Justice. Registration is required during the semester in which the degree is to be received.
- 301. CRIMINAL JUSTICE PROCEDURE AND EVIDENCE. 3 cr.** Analysis of procedural law related to due process. Evidence and rules of law related to evidence are examined. Prerequisite: CJ 293 or approval of program director.
- 303. COMMUNITY-BASED CORRECTIONS. 3 cr.** An in-depth study of correctional programs, practices, and theory within the American community. Survey of community corrections in terms of historical contributions; legal, social, and ethical considerations; professionalism; roles of staff, administration, and community resources; and relationships among and within community systems. Prerequisite: 101, 270, or approval of program director.

- 308. SUBSTANCE ABUSE. 3 cr.** Analysis of the social, physical, and psychological impact of substance abuse. Examination of types, incidence, and forms of abuse and an analysis of social and legal reactions. Social trends and laws are examined to provide the student with foundations for a critical and analytical examination of substance abuse. Prerequisite: 101 or approval of program director.
- 310. CORRECTIONAL INSTITUTIONS. 3 cr.** Analysis of the structure and function of prison staffing, prison operations, the convict world, prison violence, and jails. Prerequisite: 101, 270, or approval of program director.
- 330. CRIMINAL INVESTIGATION. 3 cr.** An in-depth study of the principles, concepts, and theories applicable to the investigation procedures used by law enforcement agents and agencies. Analysis of case law affecting criminal investigations. The course is designed to familiarize the student with the mechanics of investigative evidence processing techniques. (Formerly 332 and 333.) Prerequisite: 101, 230, or approval of program director.
- 419. INTERNSHIP IN CRIMINAL JUSTICE. 3 cr.** One semester of supervised service in a criminal justice agency. Open only to Criminal Justice majors who have completed at least 60 hours of course work and have no prior experience. Students must make application for the Internship the semester prior to that in which it will be taken.
- 499. SENIOR SEMINAR IN CRIMINAL JUSTICE. 2 cr.** A capstone course for the integration of knowledge concerning the criminal justice system, criminal law, criminology, juvenile delinquency, law enforcement, corrections, administration, legal aspects, and research methods. Restricted to students receiving the baccalaureate degree in Criminal Justice. Registration is required during the semester in which the degree is to be received.

For Undergraduates and Graduates

- 400. CORRECTIONAL TREATMENT. 3 cr.** An overview and an examination of the basics of classification and counseling approaches, emphasizing interpersonal skills development, data collection, interviewing, assessment techniques, and counseling. Prerequisite: 101, 270, and junior standing or approval of program director.
- 405. THEORIES OF CRIME AND DELINQUENCY. 3 cr.** An analysis of the extent of crime and delinquency; impact of crime and delinquency on society; physical, social, and psychological causation of crime and delinquency; and current issues in criminology. (Same as SOCL 405.)
- 409. CRIMINAL JUSTICE FIELD STUDY. 3 cr.** A field study tour of specific criminal justice programs currently in operation. The student is allowed to relate theory to practice through short intensive observation of quality corrections and law enforcement programs. Prerequisite: Junior, or senior, or graduate status.
- 415. JUVENILE DELINQUENCY AND JUSTICE. 3 cr.** The nature, extent, and causes of juvenile delinquency; factors in its treatment and prevention, including community and agency programs; and analysis of the legal system as it applies to juveniles. (Same as SOCL 415).
- 416. CONTEMPORARY ISSUES IN CRIMINAL JUSTICE. 3 cr.** Examination of the literature and analysis of current issues relevant to criminal justice. Prerequisite: Junior, Senior, or Graduate standing.
- 418. CONSTITUTIONAL LAW AND CRIMINAL JUSTICE. 3 cr.** Study of constitutional law and its applicability in the criminal justice system. Prerequisite: Government 201.
- 429. MANAGEMENT OF CRIMINAL JUSTICE AGENCIES. 3 cr.** The application of supervisory and administrative principles to the management of correctional and police agencies in the United States. Students with prior credit for CJUS 413 and/or 414 are not eligible to receive credit in CJUS 429. Prerequisite: Junior or senior standing or permission of the department head.
- 491. DIRECTED STUDY. 1-3 cr.** Individual examination of relevant literature in student's area of interest as approved and directed by the major professor. May not be repeated for more than 3 hours credit. Prerequisite: Prior approval of supervising instructor.

CURRICULUM AND INSTRUCTION (CURR)

Undergraduate Requirements

Required for a major in Secondary Education: Educational Foundations 201; Curriculum and Instruction 285, 302, 303, 304, 375A, 386, 456, 483; Psychology 205, 301 and Reading 418A. Total of 40 semester hours.

For Undergraduates Only

- 285. APPLICATION OF INSTRUCTIONAL MEDIA & TECHNOLOGY. 3 cr.** This course is an introduction to the preparation, selection, application, evaluation, and integration of media and technology in instructional settings, including audiovisual and microcomputer applications. Laboratory practice includes the production of projected, nonprojected, and computer-based instructional materials.
- 302. INCLUSIVE INSTRUCTION FOR SECONDARY STUDENTS. 3 cr.** Psychological, social, and educational needs of exceptional, at-risk, and culturally diverse secondary students, including legal, social, and ethical issues. Must be admitted to Teacher Education.
- 303. MIDDLE AND SECONDARY SCHOOL METHODS I. 3 cr.** Direct instruction and basic assessment strategies in specific content areas for grades 7-12. Must be admitted to Teacher Education.
- 304. MIDDLE AND SECONDARY METHODS II. 3 cr.** Integration of advanced teaching strategies and assessment strategies in specific content areas. Must be admitted to Teacher Education.
- 306. MATERIALS AND METHODS IN FOREIGN LANGUAGE. 3 cr.** Practices in teaching foreign language in high school. Must be admitted to Teacher Education.
- 307. MATERIALS AND METHODS IN ENGLISH. 3 cr.** Methods of organizing and presenting English materials in high school. Must be admitted to Teacher Education.
- 308. MATERIALS AND METHODS IN MATHEMATICS. 3 cr.** Techniques of organizing and teaching arithmetic, algebra and plane geometry in high school; solution of selected problems to illustrate fundamentals; interpretation and solution of reading problems. Must be admitted to Teacher Education.
- 309. MATERIALS AND METHODS IN SCIENCE. 3 cr.** Methods of organizing and presenting materials in natural and physical sciences in high school. Must be admitted to Teacher Education.
- 311. MATERIALS AND METHODS IN SOCIAL STUDIES. 3 cr.** Materials, techniques, and methods of teaching social studies in high school. Must be admitted to Teacher Education.
- 312. MATERIALS AND METHODS IN ART. 3 cr.** Theory and application of classroom art. Must be admitted to Teacher Education.
- 313. MATERIALS AND METHODS IN SPEECH. 3 cr.** Materials, techniques and methods of teaching speech. Must be admitted to Teacher Education.
- 338. UPPER ELEMENTARY SCHOOL CURRICULUM AND INSTRUCTION STRATEGIES. 3 cr.** Procedures and techniques for developing skills to teach content areas in the upper elementary grades.
- 375-A. CLASSROOM, BEHAVIOR, AND INSTRUCTIONAL MANAGEMENT-SECONDARY. 3 cr.** An in-depth examination of theories, principles, and strategies of instructional organization and the study of technique for behavior and self management that will enhance the classroom environment. Prerequisite: Junior or senior standing. Must be admitted to Teacher Education. F, Sp
- 375-B. CLASSROOM, BEHAVIOR, AND INSTRUCTIONAL MANAGEMENT-ELEMENTARY. 3 cr.** A study of theories, strategies, and principles of effective classroom/behavior management and techniques for enhancing instructional planning and organizational skills. Prerequisite: Junior or senior standing. Must be admitted to Teacher Education. Take during professional semester 2. F, Sp

- 386. PROFESSIONAL GROWTH AND DEVELOPMENT. 1 cr.** Introduction to the process of documenting professional growth and development including preparation, selection, application, evaluation, and integration of portfolios. Must be admitted to Teacher Education. Take during professional semester 1. F, Sp
- 400. SENIOR SEMINAR. 1-3 cr.** Summary course in education. Open only to students with senior standing who have been admitted to a teacher education program.
- 456. STUDENT TEACHING IN HIGH SCHOOL. 9-12 cr.** Directed observation and supervised teaching in an approved secondary school. Must be admitted to Teacher Education. F, S

For Undergraduates and Graduates

- 414. CURRICULUM DESIGN AND EVALUATION. 3 cr.** Theory and practices of curriculum design and evaluation; social and psychological factors related to the adoption and acceptance of new programs in public schools.
- 429. DIAGNOSIS AND REMEDIATION OF READING IN SECONDARY SCHOOLS. 3 cr.** A study of diagnostic and remedial reading procedures as they apply to secondary schools. Prerequisite: Approval of instructor.
- 450. MULTICULTURAL EDUCATION. 3 cr.** Introduction to sub-cultures including political, economic, and social backgrounds and the impact on educational needs and methodology. Must be admitted to Teacher Education. Take during professional semester 1.
- 470. DRUG ABUSE EDUCATION. 3 cr.** Content and techniques for elementary and secondary school curriculum development and implementation in the area of drug abuse.
- 475. CRISIS PREVENTION IN THE SCHOOLS. 3 cr.** Designed to provide students practical training for non-violent intervention in the school setting. It will focus on ways to defuse and handle with confidence children, adolescents and adults who are disruptive and violent, and how to cope with violent confrontations and students armed with weapons. Prerequisite: Junior standing or approval of instructor.
- 481. CONTINUING STUDIES IN CURRICULUM AND INSTRUCTION. 1-3 cr.** Various topics in curriculum and instruction. May be repeated. Credit may not be applied toward a degree. Grade of CR (Credit) or NC (No Credit) will be awarded.
- 482. TECHNOLOGY FOR TEACHING AND LEARNING. 3 cr.** Provides experience with planning and delivery of instruction that integrates a variety of software, hardware, applications, and learning tools. Develops technology and content rich lessons that promote improved student learning and reflect effective grouping and assessment strategies for diverse populations. Prerequisite: CURR 285 or permission of instructor. F, Su
- 483. PRACTICUM. 3-6 cr.** Internship program designed to give supervised experience in the school. A. Elementary; B. Secondary. May be repeated for a total of 12 hours credit. Must be admitted to Teacher Education. F
- 485. INTEGRATING TECHNOLOGY INTO THE K-12 CURRICULUM. 3 cr.** Provides a survey of and practice with the applications of instructional technology to enhance learning. It provides a review of current and emerging technologies in instruction through an introduction to current research and variety of instructional software and hardware. Prerequisite: CURR 285 or permission of instructor. F, Su
- 491. DIRECTED STUDY. 1-6 cr.** Investigative study on selected problems by students with particular needs. By permission only.

DANCE (DANC)

Required for a minor: Dance 114, 125, 126, 301, 405, 424, 491A (History and Philosophy of Dance), 491B (Dance Repertory Ensemble), and 3 additional hours from dance technique electives 112, 127, 129, 209, 214 or Kinesiology 432. Total of 21 semester hours. The Dance

Minor is intended to provide students majoring in other academic fields with a sub-concentration in the area of dance studies. A minor degree plan is available from the Dance program office.

For Undergraduates Only
One hour technique courses

112. **TAP DANCE. 1 cr.** The study of tap dance steps and techniques as related to theatre dance.
114. **JAZZ DANCE I. 1 cr.** The study of jazz techniques with emphasis on style and rhythmic design.
125. **MODERN DANCE I. 1 cr.** The study of modern dance techniques and principles of movement.
126. **BALLET. 1 cr.** Ballet technique including ballet terminology, technical principles, and theory.
127. **SOCIAL DANCE. 1 cr.** The instruction and practice of traditional and contemporary ballroom dancing.
129. **FOLK DANCE. 1 cr.** The instruction and practice of American and International folk dances.
209. **MODERN DANCE II. 1 cr.** Advanced technique, movement combinations, choreography, and theory of modern dance.
214. **JAZZ DANCE II. 1 cr.** Advanced technique, movement combinations, choreography, and theory of jazz dance.
301. **THEORY AND APPLICATION OF DANCE. 3 cr.** A study of various forms of dance, including recreational and concert dance, with emphasis on dance enjoyment, appreciation, skills, techniques, history and theory.

For Undergraduates and Graduates

405. **ADMINISTRATION OF DANCE. 3 cr.** The organization and administration of dance productions, dance festivals, and other dance performances.
424. **DANCE WORKSHOP. 1-3 cr.** A study of the art of dance, including history, terminology, techniques, composition, and elements of movement. Prerequisite: Appropriate dance background.
491. **DIRECTED STUDY. 6 cr. maximum.** Directed study and/or research in selected areas of dance: A. History and Philosophy of Dance. 1-3 cr. B. Dance Repertory Ensemble. 1-3 cr. C. Summer Dance Workshop. 1-3 cr. Prerequisite for all sections: Approval of department head. F, Sp, Su

DENTAL HYGIENE
(DHYG)

Required for a major: 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 414, 415, 416, 417, 419, 420, 421, 422, 424, 426, 427, 428, 429, 431, 433, 434—Total of 59 semester hours.

101. **INTRODUCTION TO DENTAL HYGIENE. 1 cr.** An introduction to Dental Hygiene including an overview of the normal oral cavity, common pathological conditions, preventive measures, dental hygiene education, and community dentistry. F,Sp
318. **ORAL HISTOLOGY AND EMBRYOLOGY. 1 cr.** Microscopic studies with emphasis on development of the tissues and structures of the head, neck and oral cavity. Prerequisites: credit or registration in 319; Dental Hygiene 320, 321, 322, 323 or permission of department head.
319. **ORAL HISTOLOGY AND EMBRYOLOGY LAB. 1 cr.** A laboratory course to accompany 318. Two hours laboratory. Prerequisite: credit or registration in 318 or permission of department head.
320. **CLINICAL DENTAL HYGIENE ORIENTATION. 2 cr.** An orientation course designed to provide dental hygiene students with basic didactic background required for entry into the first clinical level of basic patient care. Prerequisite: registration in 321. F

321. **CLINICAL DENTAL HYGIENE TECHNIQUE. 2 cr.** An introduction to basic clinical techniques required for entry into the first clinical level of basic patient care. Designed to accompany 320. Prerequisite: registration in 320. F
322. **DENTAL ANATOMY. 3 cr.** The study of the anatomical, morphological and physiological characteristics of the human dentition. A laboratory component includes the identification and differentiation between various anatomical landmarks of the teeth. F
323. **HEAD AND NECK ANATOMY. 3 cr.** Designed to give the students a basic knowledge and understanding of head and neck anatomy. This includes terminology, osteology, and basic physiology, with special emphasis on the oral cavity. F
324. **GENERAL AND ORAL PATHOLOGY. 3 cr.** This course is designed to introduce the student to current concepts relative to the pathophysiologic mechanisms of human disease. The student is expected to acquire a fundamental knowledge of diagnostic principles regarding systemic disease in general and oral diseases in particular, as well as conceptual knowledge of treatment and prognostic principles. Prerequisites: 320, 321, 322, 323; registration in 325, 326. Sp
325. **CLINICAL DENTAL HYGIENE. 2 cr.** A continuation of 321. Concentration on the assessment, treatment and evaluation of patients demonstrating dental health to minimal disease. Implementation of preventive procedures to maintain dental health. Prerequisites: 318-319, 320, 321, 322, 323; registration in 326. Sp
326. **CLINICAL DENTAL HYGIENE LECTURE. 2 cr.** A didactic course to accompany 325 presenting information and techniques pertinent to the treatment of clinic patients. Concentration on dental health education, prevention of disease, evaluation and classification of oral conditions and introduction to dental emergencies. Prerequisite: registration in 325. Sp
327. **ROENTGENOLOGY AND ORAL RADIOLOGY. 2 cr.** The study of the principles and theories of the x-ray machine. The technique of taking, processing and mounting dental x-ray film. Examination of the teeth and surrounding tissue through evaluation of x-ray and diagnostic models. Prerequisites: 320, 321, 322, 323; registration in 325, 326. Sp
414. **PERIODONTOLOGY. 3 cr.** The study of normal and abnormal periodontium, the etiology of periodontal disease including systemic factors, immune response and pathogenesis of plaque related factors. Diagnosis, prognosis, and treatment planning are applied to the various classifications of periodontal diseases. Prerequisites: Completion of 300 level Dental Hygiene courses; registration in 416, 417. Su
415. **DENTAL MATERIALS AND DENTAL ASSISTING. 2 cr.** This course will introduce the student to materials used in dentistry and their application. Students will apply this knowledge in the laboratory where they will demonstrate specific laboratory and clinical procedures. Dental Assisting and laboratory functions will be demonstrated. Prerequisites: Completion of all 300 level Dental Hygiene courses; registration in 416, 417. Su
416. **CLINICAL DENTAL HYGIENE. 1 cr.** A continuation of 325. Application of didactic and clinical techniques to patient experiences involving healthy patients or those with minimal disease. Prerequisite: registration in 417. Su
417. **CLINICAL DENTAL HYGIENE LECTURE. 1 cr.** A lecture to accompany Dental Hygiene 416 and a continuation of Dental Hygiene 326. Emphasis will be placed on the evaluation and conditions, dental restorations as they relate to these conditions and occlusion. Prerequisite: registration in 416. Su
418. **DENTAL HEALTH EDUCATION. 2 cr.** Principles of dental health in individual and group situations. Understanding the use of teaching methods, materials, and visual aids for individuals of all ages. Prerequisites: 414, 415, 416, 417; registration in 421, 422.
419. **COMMUNITY AND PREVENTIVE DENTISTRY. 2 cr.** The analysis, prevention and control of dental disease using a community approach. Includes information and skills necessary to assess community needs. Prerequisites: 414, 415, 416, 417; registration in 421, 422. F

- 420. COMMUNITY AND PREVENTIVE DENTISTRY FIELD EXPERIENCE. 2 cr.** Continuation of 419. Primary focus is the application of public health principles through selected field experiences in current aspects of community dental health including needs assessment, program planning, and follow-up assessment of program success. Prerequisites: 419, 421, 422, 424, 433; registration in 428, 429. Sp
- 421. CLINICAL DENTAL HYGIENE. 5 cr.** A continuation of Dental Hygiene 416. Clinical experiences with a variety of patients including pediatric, geriatric, and medically and developmentally compromised. Emphasis on the treatment of the patient with early periodontal disease. Prerequisites: 414, 415, 416, 417; registration in 422. F
- 422. CLINICAL DENTAL HYGIENE LECTURE. 2 cr.** Course to accompany 421 presenting information and techniques pertinent to the assessment and treatment of a variety of dental hygiene patients. Emphasis on techniques and equipment used in the treatment of periodontal disease. Consideration of caries and periodontal tests and nutritional information in the treatment of clinic patients. Prerequisite: registration in 421. F
- 423. SEMINAR. 2 cr.** Application of basic dental and dental hygiene sciences in developing patient treatment plans. Emphasis will be placed on the evaluation and synthesis of various treatment modalities for optimal patient care. Prerequisites: 414, 415, 416, 417; registration in 421, 422. Sp
- 424-425. DENTAL HYGIENE PRACTICUM. 3 cr. each.** Introduction to dental hygiene educational philosophy and instructional techniques. Methods of teaching, seminar discussions, practical experiences in clinical and laboratory teaching and evaluation, program development. Prerequisites for 424: 414, 415, 416, 417; registration in 421, 422. Prerequisites for 425: 419, 421, 424, 431, 433; registration in 428, 429. Sp
- 426. SURVEY OF DENTAL SPECIALTIES. 1 cr.** Students learn the techniques used in the various specialties of dentistry such as periodontics, orthodontics, endodontics, oral surgery, prosthodontics, and hospital dentistry as they relate to the treatment of pediatric and geriatric patients. Prerequisites: 419, 421, 422, 431; registration in 428, 429, 433. Sp
- 427. ETHICS, JURISPRUDENCE AND PRACTICE MANAGEMENT. 2 cr.** Laws and ethics relating to the dental hygienist. Dental office policies and procedures. Prerequisites: 419, 421, 422, 431, 433; registration in 428, 429. Sp
- 428. CLINICAL DENTAL HYGIENE. 5 cr.** A continuation of 422. Clinical experiences with a variety of patients including pediatric, geriatric, medically compromised and developmentally challenged. Emphasis on the moderate to advanced periodontal patient. Prerequisites: 419, 421, 422, 431, 433; registration in 429. Sp
- 429. CLINICAL DENTAL HYGIENE LECTURE. 2 cr.** A didactic course to accompany 428. Continuation of the dental assessment and management of the medically compromised patient. Dental hygiene topics relevant to evidence-based practice of dental hygiene and professionalism issues will be discussed and debated. Prerequisite: registration in 428. Sp
- 430. PROBLEMS. 1-3 cr., maximum 9 cr.** Problems in Dental Hygiene. Prerequisites: 414, 415, 416, 417 and approval of the program director.
- 431. ADVANCED PERIODONTOLOGY. 2 cr.** A course emphasizing the role of the dental hygienist in total management of the periodontal patient, utilizing advanced concepts in treatment modalities and supportive maintenance care. Prerequisites: 414, 415, 416, 417; registration in 421, 422.
- 432. DIRECTED STUDY. 1-3 cr. Maximum, 9 cr.** Individual study and/or research in selected dental hygiene topics: A. Education and Supervision; B. Periodontology; C. Oral Pathology; D. Community & Preventive Dentistry; E. Basic Sciences; F. Clinical Dental Hygiene. Prerequisite: Approval of program director.
- 433. LOCAL ANESTHESIA & PAIN CONTROL. 2 cr.** This course is designed to instruct students in the art and science of local anesthesia. The course encompasses pre-anesthetic evaluation of the patient, management of the medically compromised patient, physiology and pharmacology of local anesthetics and the

management of medical emergencies. Prerequisites: 414, 415, 416, 417; registration in 421, 422.

- 434. MANAGEMENT OF THE MEDICALLY COMPROMISED PATIENT. 3 cr.** The dental assessment and management of the medically compromised patient. Prerequisites: Credit in 414, 415, 416, 417, and registration in 421, 422.

ECONOMICS (ECON)

Required for a major: Economics 301, 311, 312, 313, and 12 additional semester hours of junior/senior level Economics electives, 6 semester hours of junior/senior level Business Administration electives — Total of 30 semester hours.

Required for a minor: Economics 201, 202, 301, and 9 additional hours from courses numbered 305 or above — Total of 18 semester hours.

For Undergraduates Only

- 103. CONTEMPORARY ECONOMIC ISSUES. 3 cr.** Introduction to the analysis of current national issues, including international business issues and business ethics, using the economic approach. Not open to students with prior credit in both Economics 201 and 202. F, Sp
- 201. MACROECONOMIC PRINCIPLES. 3 cr.** Focuses on the overall economic issues of unemployment, inflation, the level and distribution of national income, growth and international trade. Competing macroeconomic models are analyzed along with the tools of government fiscal and monetary policy. F, Sp, Sum
- 202. MICROECONOMIC PRINCIPLES. 3 cr.** Focuses on such concepts as demand, supply, elasticity, production and cost. Analyzes market models of perfect competition, monopoly and imperfect competition. Includes discussion of international trade issues and government interventions. F, Sp, Su
- 301. MONEY AND BANKING. 3 cr.** The nature and function of money, credit and banking in the economic system. Modern monetary theory and problems; the course of financial development; international monetary relations; fiscal and monetary policies. Prerequisites: 201, 202. F, Sp
- 303. PERSONAL FINANCE AND MONEY MANAGEMENT. 3 cr.** The role of consumers in the functioning of the American economic system and their viewpoints in relation to economic problems affecting their interests, standards of living, budgets, consumer controls and government assistance to the consumer. Not applicable to a major or minor in Economics. Prerequisite: junior standing. F
- 305. BUSINESS CYCLES AND FORECASTING. 3 cr.** General characteristics of business cycles and theories as to their cause. Fluctuations in economic activity, their importance, principal explanations suggested, and proposed remedies. Methods of estimating the probable degree and direction of business and economic change with a view to reducing business risk and uncertainty. Prerequisite: 201, 202.
- 307. LABOR ECONOMICS 3 cr.** The historic setting, conditions of employment, wages, organization and conflicts, public interest, and regulation. Prerequisite: 202. F
- 309. LABOR LAW AND LEGISLATION. 3 cr.** Current position of public regulation in labor relations; economic analysis of legislative, executive, and judicial actions to determine rights, duties, and responsibilities of labor unions and employers. Prerequisite: 202.
- 311. INTERMEDIATE MICROECONOMIC ANALYSIS. 3 cr.** Theory and behavior of consumers, analysis of production and costs, optimal decision making by the firm in competitive, monopolistic and imperfectly competitive markets, optimal resource allocation. Prerequisite: 201, 202.

- 312. INTERMEDIATE MACROECONOMIC ANALYSIS. 3 cr.** Determinants of national income and employment. The role of consumption spending, business investment, government spending, and taxing and monetary policies in determining the level of economic activity. Prerequisites: 201, 202.
- 313. INTERNATIONAL TRADE. 3 cr.** The theory of international trade from Mercantilism and the Classical world to modern Neo-classical theories; the impacts of trade policies; economic integration. Prerequisites: 201, 202.
- 315. COMPARATIVE ECONOMIC SYSTEMS. 3 cr.** Analytical study of economic problems of, and the theoretical framework under, different economics systems. Prerequisite: 201, 202.
- 321. MANAGERIAL ECONOMICS. 3 cr.** Determination of optimal prices, output and input utilization. Estimation of demand and cost. Decision making in the presence and absence of market power. Prerequisites: 202, QMDS 210. F
- 390. RESOURCE AND ENVIRONMENTAL ECONOMICS. 3 cr.** Application of microeconomic principles to problems involving exhaustible resources, renewable resources, and environmental services. Pollution, resource depletion, and the role of government in the market are discussed. Effects of policy tools such as taxation, ceiling prices, and emission standards are analyzed. Prerequisite: 201, 202. (Formerly Resource Economics.)
- 391. SURVEY OF PRINCIPLES. 3 cr.** A combined micro-macro course designed primarily for non-business majors, or advanced students who are deficient in Economic principles. Prerequisite: Open only to non-business majors, and those who have not received credit for Economics 201 or 202. Prerequisite: junior standing. Sp
- 401. CURRENT PROBLEMS. 3 cr.** Current problems of economic life and possible solutions; analysis of present policies of government and industry as such policies are influenced by foreign economic organization and cooperation. Prerequisite: 201, 202.
- 403. PUBLIC SECTOR ECONOMICS. 3 cr.** Theory and practice of local, state, and federal government expenditures and revenues; shifting and incidence of the various forms of taxation; consideration of the integrating of revenues and expenditures into fiscal policy and reform. Prerequisite: 201, 202.
- 404. ECONOMICS OF INFORMATION. 3 cr.** Decision theory, monetary value of information, game theory, information problems associated with insurance markets such as adverse selection and moral hazard, and the economics of bargaining. Prerequisite: 202 and junior standing.
- 409. GOVERNMENT REGULATION AND CONTROL. 3 cr.** Economic principles as applied to government regulation of business. The impact of legislation and commission regulation on public policies. The regulatory effect of tax laws. Prerequisite 201, 202.
- 491. DIRECTED STUDY. 3 cr.** Individual study of selected economics topics under the direction of a senior faculty member. Prerequisite: Approval of Department Head. F, Sp, Sum

For Undergraduates and Graduates

- 407. HISTORY OF ECONOMIC THOUGHT. 3 cr.** An analytical study of the development of economic thought; the influence of the mercantilists and physiocrats; emphasis given classical and neoclassical doctrines as reflected in modern theory, analytical techniques, and current thinking. Prerequisite: 202.
- 410. ECONOMICS OF AGING. 3 cr.** An examination of issues related to the economic status of persons as they grow older. Attention will be given to problems and policies which relate to income maintenance planned and unplanned expenditures, inflation, reduced income, post-retirement employment, public and private pensions, health insurance, pre-retirement counseling and legislative reforms. Prerequisite: 201 or SOCL 101 or permission of instructor. (Formerly 510) F
- 420. ECONOMETRICS. 3 cr.** Econometric theory and modeling stressing time series forecasting of macroeconomic variables. Applied analysis using regression techniques with some cross-section estimation. Prerequisite: 305 or 312, QMDS 210.

EDUCATIONAL ADMINISTRATION AND SUPERVISION (EDAS)

For Undergraduates and Graduates

- 481. CONTINUING STUDIES IN EDUCATIONAL ADMINISTRATION AND SUPERVISION. 1-3 cr.** Various topics in educational administration and supervision. Credit may not be applied toward a degree. May be repeated. Grade of CR (Credit) or NC (No Credit) will be awarded.

EDUCATIONAL FOUNDATIONS (EDFN)

For Undergraduates Only

- 201. INTRODUCTION. 3 cr.** Orientation to teaching; opportunities; certification; legal aspects; organization, administration and financing of public education; history and philosophy of education; multicultural education. Twenty (20) hours of classroom observation will be completed during this course. F, Sp, S
- 403. RESEARCH FOR PRACTITIONERS. 3 cr.** An introduction to research, through which students will become consumers of research in their respective fields.

For Undergraduates and Graduates

- 401. ASSESSMENT. 3 cr.** Principles of tests and measurements for elementary and secondary teachers; types of tests; essentials of test items; objective and standardized tests. Must be admitted to Teacher Education. F, Sp, S
- 430. SPECIAL TOPICS. 1-6 cr. Maximum, 6 cr.** A. Study of International Education on Location; B. Study of United States School Systems on Location; C. Comparative Education; D. Evaluation in Education; E. Educational Technology and Media.
- 436. EDUCATIONAL DATA PROCESSING. 3 cr.** Principles of electronic data processing in education.
- 439. FUNDAMENTALS OF STATISTICS IN EDUCATION. 3 cr.** Tools necessary for competence in education statistics. Algebraic, geometric and trigonometric functions; principles of scaling and score transformation; principles of reliability and validity estimation.
- 481. CONTINUING STUDIES IN EDUCATIONAL FOUNDATIONS. 1-3 cr.** Various topics in educational foundations including educational evaluation, media and technology. Credit may not be applied toward a degree. May be repeated. Grade of CR (Credit) or NC (No Credit) will be awarded.
- 491. DIRECTED STUDY. 1-6 cr.** Investigative study on selected problems by students with particular needs.

ELEMENTARY EDUCATION (ELED)

Undergraduate Requirements

Required for a major in Elementary Education: CURR 285, 375B; Educational Foundations 201, 401; Elementary Education 340, 341, 342, 441, 442, 443, 461, 463; Psychology 203, 301; Special Education 202. Total of 59 semester hours.

For Undergraduates Only

- 301. PRINCIPLES OF TEACHING IN THE ELEMENTARY SCHOOL. 3 cr.** Procedures and techniques of teaching in the elementary school.

- 340. BALANCED LITERACY: PRIMARY GRADES. 6 cr.** Integration of reading, writing, spelling, listening in a balanced literacy program for students in primary grades. Must be admitted to Teacher Education. Take during professional semester 1. F, Sp
- 341. BALANCED LITERACY: INTERMEDIATE GRADES. 6 cr.** Integration of reading, writing, speaking, and listening strategies in teaching intermediate grade students how to enhance comprehension and responses to text and visual formats. Must be admitted to Teacher Education. Take during professional semester 2. F, Sp
- 342. ELEMENTARY SOCIAL STUDIES METHODS. 3 cr.** Integrative elementary social studies methods designed to promote organizational skills and content utilizing sound research, theory, and practice. Must be admitted to Teacher Education. Take during professional semester 3 F, Sp
- 419. MATHEMATICS/SCIENCE METHODOLOGY. 4 cr.** The purpose of this course is to present techniques of organizing and teaching science and mathematics at the elementary school level. Must be admitted to Teacher Education. Includes supervised experiences in the school. (Formerly 415 and 416.)
- 420. LANGUAGE ARTS/SOCIAL STUDIES METHODOLOGY. 4 cr.** The major purpose of this course is to present techniques of organizing and teaching Language Arts and Social Studies at the elementary school level. Must be admitted to Teacher Education. Includes supervised experiences in the school. (Formerly 417 and 418).
- 421. GENERIC METHODOLOGY. 1 cr.** The major purpose of this course is to present those techniques and methods that are common to all elementary courses. Must be admitted to Teacher Education. Includes supervised experiences in the school.
- 441. SCIENCE METHODOLOGY. 3 cr.** Techniques for organizing and teaching science at the lower and upper elementary school levels. Must be admitted to Teacher Education. Take during professional semester 3. F, Sp
- 442. LOWER ELEMENTARY MATHEMATICS METHODOLOGY. 3 cr.** Techniques of organizing and teaching mathematics at the lower elementary level. Must be admitted to Teacher Education. Take during professional semester 3. F, Sp
- 443. UPPER ELEMENTARY MATHEMATICS METHODOLOGY. 3 cr.** Techniques of organizing and teaching mathematics at the upper elementary level. Must be admitted to Teacher Education. Take during professional semester 3. F, Sp
- 461. STUDENT TEACHING IN THE LOWER ELEMENTARY SCHOOL. 5 cr.** Directed observation and participation in classroom activities in the lower grades in an approved elementary school. Must be admitted to Teacher Education. Take during professional semester 4. F, Sp
- 462. STUDENT TEACHING FOR EARLY CHILDHOOD EDUCATION. 6 cr.** Directed observation and participation in kindergarten and nursery school classroom activities. F, Sp
- 463. STUDENT TEACHING IN THE UPPER ELEMENTARY SCHOOL. 5 cr.** Directed observation and participation in classroom activities in the upper grades in an approved elementary school. Must be admitted to Teacher Education. Take during professional semester 4. F, Sp
- 464. STUDENT TEACHING IN THE LOWER ELEMENTARY SCHOOL. 9 cr.** Directed observation and participation in classroom activities in the lower grades in an approved elementary school. Must be admitted to Teacher Education. F, Sp
- 465. STUDENT TEACHING IN THE LOWER ELEMENTARY SCHOOL. 12 cr.** Directed observation and participation in classroom activities in the lower grades in an approved elementary school. Must be admitted to Teacher Education. F, Sp
- 466. STUDENT TEACHING IN THE UPPER ELEMENTARY SCHOOL. 12 cr.** Directed observation and participation in classroom activities in the upper grades in an approved elementary school. F, Sp

For Undergraduates and Graduates

- 425. WORKSHOP IN ELEMENTARY EDUCATION. 3 cr. Maximum, 12 cr.** In-service workshop designed to meet identified needs of individuals, schools, or districts. May not be applied to degree.
- 451. EARLY CHILDHOOD EDUCATION. 3 cr.** History, trends and principles of educational programs for children between the ages of three and six. Must be admitted to Teacher Education. F, Sum
- 452. NURSERY SCHOOL AND KINDERGARTEN. 3 cr.** Materials, methods, organization, and administration of nursery schools and kindergartens. Prerequisite: 451. Must be admitted to Teacher Education. Sp, Sum
- 453. LANGUAGE EXPERIENCES FOR EARLY CHILDHOOD EDUCATION. 3 cr.** Techniques and strategies for developing languages and teaching language skills to pre-school children. Prerequisite: Must be admitted to Teacher Education.
- 454. CREATIVE ACTIVITIES FOR EARLY CHILDHOOD EDUCATION. 3 cr.** An investigation of methods to develop children's creative activities within specific content areas. Prerequisite: Must be admitted to Teacher Education. Sum
- 483. PRACTICUM. 3-6 cr.** Internship program designed to give supervised experience in the school: A. Reading; B. Early Childhood-Kindergarten/Nursery School; C. Elementary Education. Must be admitted to Teacher Education.
- 491. DIRECTED STUDY. 1-6 cr.** Investigative study on selected problems by students with particular needs.

ENGLISH (ENGL)

Undergraduate Requirements

Required for a major: 101-102 or 103, 201-202, 203 or 204, 205 or 206; Sophomore English Literature elective, 350 or 351, and 18 additional upper division hours, which must be at the 400 level and satisfy English distribution requirements—Total of 42 semester hours.

All students electing to major in English should also satisfy the requirements of an academic minor.

Required for a minor: English 101-102 or 103; any 2 of 201, 202, 203, 204, 205, 206; 350 or 351, and 9 additional upper division hours at the 400 level—Total of 24 semester hours.

Required for a major (English Education): 101-102; 201-202; 205 or 206, 325 and 426; 437 or 438; 478 or 479; 481, 482 or 483. Total of 33 semester hours. (See specific degree plan in the College of Education and Human Development section).

Required for a minor (English Education): 101-102; 201-202; 205 or 206; 478 or 479; 325. Total of 21 semester hours. Teacher certification in this minor area requires 30 credit hours or the Praxis content specialty exam.

A grade of "C" or better is required in all English courses for those majoring in English.

For Undergraduates Only

No student may receive credit for more than two of the following courses: English 101, 102, 103.

Students whose placement criteria indicate that they are deficient in basic English skills will be required to pass English 090 with a grade of "C" or better before enrolling in English 101.

- 090. GRAMMAR AND COMPOSITION. 5 cr.** Intensive instruction in basic grammar and composition. Five semester hours will be added to the degree program of any student required to take this course.
- 101. COMPOSITION. 3 cr.** Development of skills in expository prose. Includes study of rhetorical patterns and analysis of essays. Prerequisite: See definition defined above.
- 102. COMPOSITION AND INTRODUCTION IN LITERATURE. 3 cr.** Composition of literary essays, including documented papers; introduction to literature. Prerequisite: 101.
- 103. PERSUASIVE WRITING. 3 cr.** Composition of persuasive essays, including documented papers. Includes study of various forms of argument. Prerequisite: 101.
- 110H. HONORS ENGLISH. 3 cr.** A writing intensive course which introduces outstanding examples from world literature while developing the skills necessary to think and to write critically. Prerequisite: Admission to the Honors Program or permission of the Honors Council. Acceptance to the Honors Program and successful completion of English 110H substitute for English 102. Honors students are not required to take English 101. English 110H fulfills three hours of the total number of hours in English required in any curriculum.
- 201. ENGLISH LITERATURE. 3 cr.** From the beginning to Romanticism. Prerequisite: 102 or 103. Consult departmental course descriptions. Contents and texts vary.
- 202. ENGLISH LITERATURE. 3 cr.** From Romanticism to the present. Prerequisite: 102 or 103. Consult departmental course descriptions. Contents and texts vary.
- 203. WORLD LITERATURE. 3 cr.** Masterpieces from the Classical period to the Renaissance, in English translation. Prerequisite: 102 or 103. Consult departmental course descriptions. Contents and texts vary.
- 204. WORLD LITERATURE. 3 cr.** Masterpieces from the Renaissance to the present, in English translation. Prerequisite: 102 or 103. Consult departmental course descriptions. Contents and texts vary.
- 205. AMERICAN LITERATURE. 3 cr.** From the beginning to the Civil War. Prerequisite: 102 or 103. Consult departmental course descriptions. Contents and texts vary.
- 206. AMERICAN LITERATURE. 3 cr.** From the Civil War to the present. Prerequisite: 102 or 103. Consult departmental course descriptions. Contents and texts vary.
- 209H. HONORS ENGLISH. 3 cr.** A study of major works of British Literature, designed to strengthen the students' critical abilities and writing skills. Prerequisite: Admission to the Undergraduate Honors Program or permission of the Honors Council.
- 210. EVOLUTION OF THE MOTION PICTURE. 3 cr.** The history of the motion picture medium focusing upon the development of narrative techniques, technical capabilities, and the purpose for which films were made. Survey of sources for film study that supplement actual films. (Same as MCOM 222). A \$10 fee is charged each student to help defray rental costs.
- 216. AFRICAN-AMERICAN LITERATURE. 3 cr.** A thematic and cultural study of works of Afro-American writers.
- 217. THE AFRICAN-AMERICAN EXPERIENCE IN LITERATURE. 3 cr.** The black experience in America as portrayed by major black and white writers through their characters and thematic materials.
- 219H. HONORS ENGLISH. 3 cr.** A study of major works of American Literature designed to strengthen the students' critical abilities and writing skills. Prerequisite: Admission to the Honors Program or permission of the Honors Council.
- 220. TECHNICAL WRITING. 3 cr.** Introduction to scientific and technical writing, including materials and forms (written, oral, and presentational) within respective colleges. A. Pharmacy and Health Sciences Technical Writing. B. Pure and Applied Technical Writing. C. Liberal Arts Technical Writing. D. General Technical Writing. Prerequisite: 102 or 103.
- 225. VOCABULARY AND ETYMOLOGY. 3 cr.** Study of general and technical vocabularies with emphasis on prefixes, roots, suffixes, and etymologies in the English language. Prerequisite: 102 or 103.
- 250. SPECIAL TOPICS. 3 cr.** Introduction to varying literary types and themes. Content varies. A. Women in Literature. B. Business in American Literature: Ethical and Social Inquiries. C. The Law and Literature. D. American Humor. E. Writings on Nature and Science. F. Horror I. Poets of Protest—1950-1969.
- 300. DIRECTED STUDY—E-TV. 3 cr.** Studies in language and literature. Content varies. A. The Story of English; B. Classical Drama; C. Shakespeare; D. Humanities Through the Arts; E. Voices and Visions. F. Literary Visions. No more than 12 semester hours may be applied toward degree requirements.
- 303. LITERATURE AND FILM. 3 cr.** The study of film adaptations with a focus on American literature and films as reflections of our national identity. Prerequisite: 102 or 103.
- 304. THE FILM: ANALYSIS AND CRITICISM. 3 cr.** The theory and criticism of film, analysis of film as art form and entertainment medium; evaluation of trends in film presentation. (Same as MCOM 473)
- 309. LOUISIANA LIFE AND LITERATURE. 3 cr.** Louisiana's cultural heritage and folklore as preserved in her literature. Short stories, poetry, drama, and novels will be read including representative works by George Washington Cable, Kate Chopin, Ernest Gaines, Walker Percy, Robert Penn Warren, and Tennessee Williams. Prerequisite: 102.
- 310. SCIENCE FICTION. 3 cr.** Selected readings in contemporary science fiction.
- 311. THE SHORT STORY. 3 cr.** The development and techniques of the short story with emphasis on literary appreciation.
- 312. CONTEMPORARY AMERICAN FICTION. 3 cr.** Critical analysis of selected novels written since World War II.
- 315. CREATIVE WRITING. 3 cr.** Writing and criticism of short stories, essays, one-act plays, and poetry.
- 325. ADVANCED GRAMMAR. 3 cr.** Prerequisite: 102.
- 326. ADVANCED COMPOSITION. 3 cr.** Factual, narrative, biographical, informal, and critical essays with intensive study of prose techniques. Prerequisite: 102.
- 350. JUNIOR SEMINAR: PROSE. 3 cr.** Intensive study of a significant body of prose works, with an emphasis on close reading. Prerequisite: any two of 201, 202, 203, 204, 205 and 206.
- 351. JUNIOR SEMINAR: POETRY/DRAMA. 3 cr.** Intensive study of a significant body of poetry and/or drama, with an emphasis on close reading. Prerequisite: any two of 201, 202, 203, 204, 205 and 206.
- 393. MYTHOLOGY OF THE GREEKS AND ROMANS. 3 cr.** Tales of the gods, heroes, and great families that have influenced literature, art, and music. (Same as Latin 303.)
- 394. CLASSICAL TRAGEDY AND COMEDY. 3 cr.** The study of major Greek and Roman plays.
- 441. ADVANCED TECHNICAL WRITING. 3 cr.** Emphasis on technical report writing, proposal writing and instruction writing. Prerequisite: 220.
- 442. STYLE AND EDITING IN TECHNICAL WRITING. 3 cr.** A study of the varieties of technical style and techniques of editing and revision.
- 443. WRITING COMPUTER DOCUMENTATION. 3 cr.** Writing manuals, user guides, memoranda, proposals, and on-screen instructions for use within the computer industry. Prerequisites: English 220 or Office Information Systems 305.
- 444. WRITING IN THE SCIENCES. 3 cr.** Writing professional documents (abstracts, proposals, research) and developing professional presentations for the scientific community with emphasis on rhetorical strategies and the conventions of scientific discourse. Prerequisite: 220A, 220B, 220C, 220D, or consent of department head.
- 450. DIRECTED STUDY. 1-3 cr.** May be repeated for a total of 6 credits. Directed study in selected topics in A. Literature(s), B. Creative Writing, C. Critical Theory, D. Rhetoric/Composition

Praxis and Theory. Prerequisite: Advanced standing and approval of department head.

- 480. INTERNSHIP IN TECHNICAL AND PROFESSIONAL COMMUNICATION. 3 cr., 6 cr. max.** Advanced instruction and on-the-job experience in technical writing.

For Undergraduates and Graduates

- 405. ENGLISH NOVEL TO 1800. 3 cr.** Critical analysis of major novels and study of origin and development.
- 406. NINETEENTH CENTURY ENGLISH NOVEL. 3 cr.** Critical analysis of major novels and study of changes in aim and technique.
- 407. TWENTIETH CENTURY ENGLISH NOVEL. 3 cr.** Critical analysis of major novels and study of changes in aim and technique.
- 409. MODERN POETRY. 3 cr.** Analysis of structure, form, and content of significant works of selected twentieth-century British and American poets.
- 410. MODERN DRAMA. 3 cr.** Selected contemporary English, continental, and American dramas.
- 413. AMERICAN NOVEL. 3 cr.** Critical analysis of major novels and study of the context.
- 416. MODERN EUROPEAN FICTION. 3 cr.** Selected English works, as well as continental novels that have been translated into English.
- 420. RESEARCH FOR TECHNICAL WRITERS. 3 cr.** Materials, methods, and techniques of research required of the technical writer.
- 421. THE LITERATURE OF THE BIBLE. 3 cr.** Selected books from the Old and New Testaments, with emphasis on their literary value and influence on English and American literature.
- 425. LITERARY CRITICISM. 3 cr.** Major aesthetic theories related to exercises in practical criticism.
- 426. MULTICULTURAL LITERATURE. 3 cr.** Introduction to the multicultural literature of the world.
- 427. LITERATURE OF THE SOUTH. 3 cr.** Representative writers of the Early South, the Confederate South, and the New South, including William Faulkner, Thomas Wolfe, and Richard Wright.
- 436. CHAUCER. 3 cr.** Studies in *The Canterbury Tales* and selected other works of Geoffrey Chaucer.
- 437. SHAKESPEARE'S TRAGEDIES. 3 cr.** Twelve tragedies, with emphasis on principles governing the genre.
- 438. SHAKESPEARE'S COMEDIES AND HISTORIES. 3 cr.** Representative comedies and histories, with emphasis on Shakespeare's development as a dramatic artist.
- 439. MILTON. 3 cr.** The major poems and selected prose and minor poetry.
- 440. GRAPHIC PRESENTATION IN TECHNICAL COMMUNICATION. 3 cr.** The theory, use, and creation of graphic/visual aids in technical communication.
- 471. MEDIEVAL LITERATURE. 3 cr.** Selected English or European works before 1500, excluding Chaucer.
- 472. RENAISSANCE. 3 cr.** Non-dramatic poetry and prose of the Tudor Period.
- 473. SEVENTEENTH CENTURY. 3 cr.** Development of English prose and poetry from the beginning of the Jacobean Age through the Restoration.
- 474. EIGHTEENTH CENTURY. 3 cr.** Major English writers of the Augustan and Johnsonian periods.
- 475. ROMANTIC MOVEMENT. 3 cr.** Works of major writers of the Romantic period, with emphasis on Wordsworth, Coleridge, Byron, Shelley, and Keats.
- 476. VICTORIAN PERIOD. 3 cr.** Works of major writers, with emphasis on Tennyson, Browning, and Arnold.
- 478. AMERICAN LITERARY MASTERS. 3 cr.** Works of major writers to 1850.

- 479. AMERICAN LITERARY MASTERS. 3 cr.** Works of major writers from 1850 to the present.
- 481. EXPOSITORY WRITING. 3 cr.** Development of the ability to communicate accurately and effectively in writing, with emphasis on the teaching of writing in all disciplines.
- 482. LINGUISTICS. 3 cr.** An introduction to theories and analysis of language structure and use.
- 483. HISTORY OF THE ENGLISH LANGUAGE. 3 cr.** The origins and development of the English language, including evolution of syntax, accretion of vocabulary, and study of pronunciation in England and the United States.
- 490. ADVANCED POETRY WRITING. 3 cr.** The writing of poetry, with emphasis on voice, style, and vision.
- 491. ADVANCED FICTION WRITING. 3 cr.** The writing of fiction, with emphasis on voice, style, and fictive worlds.

**ENGLISH AS A SECOND LANGUAGE
(ESLG)**

- 071. BEGINNING READING AND WRITING. 5 cr.** A beginning English reading and writing course for non-native speakers. Students will receive a grade of A, B, C, or NC.
- 072. BEGINNING STRUCTURE. 5 cr.** A beginning English structure course for non-native speakers. Students will receive a grade of A, B, C, or NC.
- 073. PRONUNCIATION. 2 cr.** The first of two English pronunciation courses for non-native speakers with emphasis on phonetics, rhythm, stress and intonation and the features of English phrasing. Students will receive a grade of A, B, C, or NC.
- 074. BEGINNING ORAL PROFICIENCY. 3 cr.** A beginning English oral proficiency course for non-native speakers. Development of basic conversation skills utilizing the language laboratory, classroom and extended activities. Students will receive a grade of A, B, C, or NC.
- 081. LOW INTERMEDIATE READING AND WRITING. 5 cr.** The first of two intermediate English reading and writing courses for non-native speakers. Prerequisite: A minimum of "C" in ESL-071 or placement based on English competency tests given by the Department of Foreign Languages. Students will receive a grade of A, B, C, or NC.
- 082. LOW INTERMEDIATE STRUCTURE. 5 cr.** The first of two intermediate English structure courses for non-native speakers. Prerequisite: A minimum of "C" in ESL-072 or placement based on English competency tests given by the Department of Foreign Languages. Students will receive a grade of A, B, C, or NC.
- 083. PRONUNCIATION. 2 cr.** The second of two English pronunciation courses for non-native speakers. A continuation of ESL-073. Focuses on increasing accuracy in pronunciation. Addresses individual needs. Prerequisite: A minimum of "C" in ESL-073 or placement based on English competency tests given by the Department of Foreign Languages. Students will receive a grade of A, B, C, or NC.
- 084. LOW INTERMEDIATE ORAL PROFICIENCY. 3 cr.** The first of two intermediate oral proficiency courses for non-native speakers. Emphasis on fluency and communication skills in real life academic and non-academic contexts. Prerequisite: A minimum of "C" in ESL-074 or placement based on English competency tests given by the Department of Foreign Languages. Students will receive a grade of A, B, C, or NC.
- 091. INTERMEDIATE READING AND WRITING. 5 cr.** The second of two intermediate English reading and writing courses for non-native speakers. Prerequisite: A minimum of "C" in ESL-081 or placement based on English competency tests given by the Department of Foreign Languages. Students will receive a grade of A, B, C, or NC.
- 092. INTERMEDIATE STRUCTURE. 5 cr.** The second of two intermediate English structure courses for non-native speakers. Prerequisite: Minimum of "C" in ESL-082 or placement based on competency tests given by the Department of Foreign Languages. Students will receive a grade of A, B, C, or NC.

- 093. AURAL COMPREHENSION. 2 cr.** A listening comprehension course for non-native speakers. Listening and note taking skills within an academic context. Subject matter comprehension and paralinguistic cues in academic interaction. Prerequisite: A minimum of "C" in ESL-083 or placement based on English competency tests given by the Department of Foreign Languages. Students will receive a grade of A, B, C, or NC.
- 094. INTERMEDIATE ORAL PROFICIENCY. 3 cr.** The second of two intermediate oral proficiency courses for non-native speakers. Continued emphasis on refinement of conversation skills. Special emphasis on American idiom in academic and non-academic contexts. Prerequisite: A minimum of "C" in ESL-084 or placement based on English competency tests given by the Department of Foreign Languages. Students will receive a grade of A, B, C, or NC.
- 103. ADVANCED STRUCTURE, GRAMMAR AND COMPOSITION. 6 cr.** An advanced course in the study of the English language for non-native speakers emphasizing the acquisition of skills necessary in academic written English. Students will receive a grade of A, B, C, or NC. (An F will be given only for cheating or for excessive absences.) Undergraduate students who earn a "C" or better will receive 3 hours of credit for English 101.
- 104. ADVANCED READING AND VOCABULARY. 3 cr.** An advanced course in the study of the English language for non-native speakers emphasizing the acquisition of vocabulary and reading comprehension skills appropriate to academic English. Students will receive a grade of A,B,C, or NC. (An F will be given only for cheating or for excessive absences.)
- 105. ADVANCED READING, WRITING, AND STRUCTURE. 9 cr.** An advanced course in the study of the English language for non-native speakers. This course deals with English structure, reading and writing. Successful completion of this course ("C" or better) satisfies the requirements of English 101. Prerequisite: A minimum of "C" in ESL-091 and 092 or placement based on English competency tests given by the Department of Foreign Languages.
- 106. ADVANCED ORAL LANGUAGE DEVELOPMENT. 3 cr.** An advanced speaking course for non-native speakers. Focuses on academic and pre-professional speaking tasks. Prerequisite: A minimum of "C" in ESL-093 and ESL-094 or placement based on English competency tests given by the Department of Foreign Languages. Students will receive a grade of A, B, C, or NC. (An F will be given only for cheating or for excessive absence.)
- 107. THE AMERICAN EXPERIENCE. 3 cr.** An advanced cultural orientation course for International Students with continued emphasis on understanding, speaking, reading, and writing at an advanced level. Prerequisite: A minimum of "C" in ESL-105 or placement based on competency tests given by the Department of Foreign Languages.
- 108. ADVANCED READING, WRITING, AND STRUCTURE. 9 cr.** An advanced course in the study of the English language for non-native speakers. This course deals with English structure, reading, and writing. Students will receive a grade of A,B,C, or NC. Prerequisite: Graduate standing and a minimum of "C" in ESLG 091 and 092 or placement based on English competency tests given by the Department of Foreign Languages.

ENTREPRENEURSHIP (ENTR)

Required for a major in Entrepreneurship: 250, 351, 352, 353, 432, 433, and 435, and nine hours of junior/senior level business administration electives - Total of 30 semester hours.

Required for a minor in Entrepreneurship: 250, 352, 353, 432, 433; Accounting 110 (or 212-213); - Total of 18 semester hours.

For Undergraduates Only

- 250. ENTREPRENEURSHIP. 3 cr.** This course will explore the unique aspects of entrepreneurship in modern society. Students will learn

how to identify, assess, and develop business ideas and how to locate and evaluate business opportunities. Prerequisites: None. F, S

- 351. ENTREPRENEURIAL INFORMATION AND ANALYSIS. 3 cr.** Integrated computer and accounting systems for new, small, and growing enterprises. The application of hardware and software and software technology to management, accounting, and finance in small businesses. Prerequisite: CINS 205.
- 352. ENTREPRENEURIAL FINANCE. 3 cr.** Financing of new and growing business enterprises; structuring, valuing, and pricing new venture deals, and sources and uses of funds; financial analysis and forecasting, capital budgeting, and working capital management in new, growing enterprises; later stage financing, going public. Prerequisite: Junior standing. (Same as Finance 330)
- 353. ENTREPRENEURIAL MARKETING. 3 cr.** Marketing during the start up and growth stage of new ventures in a dynamic economy at the local, national, and international level. Emphasis on the application of marketing fundamentals in new growing ventures. Prerequisite: Junior standing. (Same as Marketing 330)
- 432. NEW VENTURE CREATION. 3 cr.** Developing, planning, and running new enterprises. Analysis and pursuit of new business opportunities, and development of business plans. Prerequisites: 250 and senior standing; or consent of instructor. (Formerly MGMT 332.) F
- 433. ENTERPRISE MANAGEMENT. 3 cr.** Students will study the application of management concepts to new and growing ventures. Analysis of organizational design, planning, implementation, and control of enterprises; social and ethical considerations in managing enterprises; and production, decision making, and behavioral factors in new and growing venture management. Prerequisite: Junior/senior standing or consent of instructor. (Formerly MGMT 330.) F, Sp
- 435. FAMILY AND CLOSELY HELD BUSINESSES. 3 cr.** Practical considerations associated with family businesses. Focus on unique opportunities and problems of managing family business through the business life cycle, such as founder stage, training children, bringing children into the business, and managing for succession. Prerequisite: Senior standing or consent of instructor. (Formerly MGMT 333.) F

EQUINE SCIENCE (EQSC)

Required for an Equine Science minor: Animal Science 101 and 16 additional semester hours selected from Equine Science courses. Total of 20 semester hours.

For Undergraduates Only

- 330. INTRODUCTORY EQUINE SCIENCE. 2 cr.** An introduction to the horse, including a study of the evolution and history, registries, evaluation and conformation, care and other basic concepts.
- 335. BASIC EQUITATION. 2 cr.** An introduction to proper horsemanship. Four hours laboratory. A \$25.00 lab fee is required.
- 336. EQUITATION. 2 cr.** A study of proper horsemanship including gaits, handling, mounting and dismounting. Four hours laboratory. A \$25.00 lab fee is required. Prerequisite: EQSC 335.
- 340. BROODMARE CARE. 2 cr.** A study of the care of mares with foals at side, the weaning of foals, and care of weaned foals.
- 341. FOALING AND FOAL DEVELOPMENT. 2 cr.** A study of the developing fetus and the birth of foals. Practical experience foaling-out mares, imprint training foals, and working with mares and foals.
- 342. SCHOOLING OF THE UNTRAINED HORSE. 2 cr.** Practical experience training and breaking young horses or re-schooling older or problem horses. Six hours laboratory. Prerequisite: EQSC 335 or 336.
- 413. HORSE PRODUCTION. 3 cr.** Theory and practical work on breeding, feeding, and management of horses. Prerequisite: EQSC 330.

420. THERAPEUTIC EQUITATION. 3 cr. Individualized instruction on basic horsemanship as it relates to therapeutic horseback riding. Specific areas include safety, equipment, riding, anatomy/conformation, techniques of instruction, and familiarization of rider capabilities, limitations, and disabilities.

FAMILY AND CONSUMER SCIENCES (FCSC)

(Formerly Home Economics—HMEC)

Undergraduate Requirements

Required for a major, all concentrations: 104 or 221, 105, 113, 115, 114 or 116, 117, 206, 404; and 37 semester hours of specialty electives—Total of 55 semester hours.

Required for a concentration in Family Life/Child Development (non-certification): FCSC 212, 215, 217, 218, 220, 226, 311, 312, 400, 431, 434, 439; Specialty Electives 11 hours - Total of 55 semester hours.

Required for a concentration in Fashion Merchandising: 221, 329, 330, 409, 430, 432, 433; Specialty Electives 10 hours; Management 301; Marketing 301—Total of 55 semester hours.

Required for a concentration in Interior Design: 211, 221, 316, 336, 337, 406, 437, 438, Specialty Electives 14 hours; Construction 112, 113—Total of 55 semester hours.

Required for a minor in Family Life/Child Development: FCSC 105, 212, 217, 218, 311, 312, 431, 434 or 439 - Total of 18 semester hours.

Required for a minor in Fashion Merchandising: FCSC 221, 329, 330, 409, 430, 432—Total of 18 semester hours.

Required for a minor in Interior Design: FCSC 211, 206, 221, 316, 7 hours of approved FCSC electives—Total of 18 semester hours.

Required for Associate of Science in Child Development: FCSC 105, 115, 116, 117, 212, 215, 217, 218, 220, 226, 405—Total of 23 semester hours.

Required for a major in - Family and Consumer Sciences Education: 104, 105, 115, 116, 117, 206, 207, 212, 221, 311, 312, 317, and 404. Total of 31 semester hours. (See specific degree plan in the College of Education and Human Development section.)

For Undergraduates Only

101. PROFESSIONAL ETIQUETTE. 1 cr. Understanding of basic social concepts in the home, society, business and the professional world.

104. CLOTHING BASICS. 3 cr. Planning, selection, and care of clothing for the family with special emphasis on budgeting and needs of various family members at different life stages.

105. FAMILY RELATIONSHIPS. 3 cr. Interrelationships of the individual and his family through the stages of the family life cycle.

113. INTRODUCTION TO FAMILY AND CONSUMER SCIENCES. 1 cr. Exploring careers in Family and Consumer Sciences and the roles assumed by these professionals.

114. NUTRITION FOR HEALTHY LIFESTYLE. 1 cr. Relating dietary intake to a healthy life style based on behavior modification and sound nutritional practices.

115. NUTRITION EDUCATION. 2 cr. The study of the nutritional needs of individuals. Emphasis on basic concepts for the life cycle.

116. APPLIED NUTRITION. 1 cr. Basic principles and techniques for nutritionally adequate meals and snacks. Two-hour laboratory.

117. PERSONAL AND FAMILY MANAGEMENT. 3 cr. Philosophy and methods for managing time, energy, money, family and home with emphasis on personal and family relationships.

167. APPLICATION OF COMPUTERS TO FAMILY AND CONSUMER SCIENCES. 1 cr. Work with computer software relating to Family and Consumer Sciences.

200. CLOTHING CONSTRUCTION. 1 cr. The construction of simple garments with the use of commercial patterns.

202. CLOTHING CONSTRUCTION LABORATORY. 2 cr. Required laboratory to accompany FCSC 200. Four hours laboratory.

206. RESIDENTIAL DESIGN. 3 cr. Selection and arrangement of furnishings with emphasis on planning costs and budgets for different income levels. Planning of individual rooms including the study of accessories, color schemes, and suitable fabrics. Sp

207. NUTRITION. 3 cr. Consideration of basic nutrition related to food and health problems in the present socioeconomic and cultural environment.

211. RESIDENTIAL STUDIO. 3 cr. Design of residential interiors for client use; emphasis on programming, planning for spatial requirements and presentation of floor plans, swatch boards, elevations. Six hours studio. Prerequisites: FCSC 206.

212. INTRODUCTION TO HUMAN DEVELOPMENT. 3 cr. Study of growth and development from birth to age three with special emphasis on observation and participation with the infant, toddler, and preschool child.

215. PROGRAM PLANNING. 2 cr. Techniques of organizing activities for day care centers. Emphasis on creative arts, music, literature, and science. Prerequisite: 212. F

217. CHILD GUIDANCE. 2 cr. Directing and guiding the behavior of young children in the preschool setting. Sp

218. CHILD GUIDANCE LABORATORY. 1 cr. Required laboratory to accompany FCSC 217. Three hours laboratory.

220. PROGRAM PLANNING LABORATORY. 1 cr. Required laboratory to accompany FCSC 215. Three hours laboratory. Prerequisite: FCSC 212.

221. TEXTILES. 3 cr. A study of fibers and fabrics, their properties, identification, uses, and care.

226. DAY CARE ADMINISTRATION. 2 cr. Principles of developing and administering a day care center emphasizing the responsibilities of the owner/director. Types of early childhood education centers and needs.

311. THE PRESCHOOL CHILD. 2 cr. Growth and development of the child from ages three to six with emphasis on planning preschool programs to fit needs. Prerequisites: 212 or PSYC 203. F, Sp

312. PRESCHOOL CHILD LABORATORY. 1 cr. Required laboratory to accompany FCSC 311. Three hours laboratory.

313. METHODS. 3 cr. Modern methods of teaching family and consumer sciences in secondary schools. Prerequisites: Educational Foundations 201, PSYC 205, 301.

316. HOUSING. 2 cr. Interdisciplinary approach to meeting housing needs of families. Architectural styling and consumer planning to meet today's problems in building or buying a house.

317. CONSUMER EDUCATION. 3 cr. Explanation of family consumer decisions in relation to alternatives in attainment of family goals.

329. FASHION MERCHANDISING. 3 cr. A study of the fashion process from concept to manufacturing, distribution, and retailing. Prerequisite: Junior standing.

330. FASHION MERCHANDISING. 3 cr. The processes involved in apparel buying for different types of fashion retailers with emphasis on merchandising and controlling. Prerequisite: Junior standing.

336. HISTORY OF HOUSING AND INTERIOR DESIGN. 3 cr. Emphasis on designing with historical preservation in mind; survey

of housing and furniture styles, historic wallpapers and textiles.
Prerequisite: Junior standing.

- 337. COMMERCIAL STUDIO. 3 cr.** Design of commercial interiors including practice of the process of cost estimating, client presentation; selection of furnishings, office systems and materials. Six hours studio. Prerequisites: 206, 211, 221.
- 355. COMPUTER-AIDED DESIGN. 3 cr.** Two dimensional drafting and design. One hour of lecture; four hours studio. (Same as Construction 355.) Prerequisite: Junior standing. Sp
- 400. PRESCHOOL METHODS. 3 cr.** Planning and preparation of units and lessons for the preschool. Prerequisites: Senior standing, 311, 312.
- 404. RESEARCH IN FAMILY AND CONSUMER SCIENCES. 2 cr.** A review of current research and public policy in the field of Family and Consumer Sciences. Prerequisite: Senior standing.
- 405. PRACTICUM IN DAY CARE ADMINISTRATION. 3 cr.** Program development, evaluations and participation in day care centers. Nine hours laboratory for Day Care Management majors. Prerequisite: All required FCSC courses, ENGL 102, MATH 111, KINS 201, LIBR 301, H&HP 333, MSED 335, ART 411. F,Sp (Formerly FCSC 219)
- 406. INTERIOR DESIGN PRACTICUM. 3 cr. May be repeated for a total of 6 cr.** An in-depth experience planned and supervised to meet individual needs of students. Includes work experience and/or field study. Prerequisites: Senior standing; 211, 337.
- 407. PRESENTATION TECHNIQUES. 2 cr.** Principles and techniques of presentations. Four hours laboratory. Prerequisite: Junior standing.
- 409. VISUAL MERCHANDISING. 3 cr.** Preparation of window and store displays, fashion shows, and store promotions.
- 421. STUDENT TEACHING. 12 cr.** Modern methods of teaching family and consumer sciences in the secondary schools; integrating philosophy of family and consumer sciences, principles of learning, student experiences, needs, and interests; cooperative planning and evaluation; professional ethics. Prerequisite: FCSC 313. Must be admitted to Teacher Education.
- 429. PRACTICUM IN PRESCHOOL. 3 cr.** Program planning and implementation for the pre-school. Teaching experience with pre-kindergarten children. For Family Life/Child Development majors. Prerequisite: 400. F, Sp
- 430. CURRENT TRENDS IN THE FASHION INDUSTRY. 3 cr.** Study of current trends of the industry. Review of the journals and other publications used in the industry. Prerequisite: 329.
- 437. INTERMEDIATE STUDIO. 3 cr.** Individual design projects in a residential and/or commercial setting. Six hours laboratory or equivalent. Prerequisites: 206, 337.
- 438. ADVANCED STUDIO. 3 cr.** Individual design projects. Six hours laboratory or equivalent. Prerequisites: 437 and approval of instructor.

For Undergraduates and Graduates

- 412. ADVANCED NUTRITION. 3 cr.** Problems in human nutrition. Investigation of recent developments in the field of nutrition.
- 415. PROBLEMS. 1-6 cr. Maximum, 6 cr.** Problems in A. Clothing and Textiles; B. Equipment and Home Management; C. Family Relations and Human Development; D. Foods and Nutrition; E. Family and Consumer Sciences Education; and F. Housing and Home Furnishings. Prerequisite: Approval of department head.
- 422. HISTORY OF COSTUME. 3 cr.** Styles of costumes in western civilization from ancient times to the present day; cultural and economic factors associated with the development, adoption, and decadence of styles.
- 431. PARENTING: FATHERS, MOTHERS, AND CHILDREN. 3 cr.** Practical knowledge of parenting roles. Interrelationships of fathers, mothers, and children. Current issues in parenting, including bonding, discipline, child care, family crises, support systems and non-traditional parent situations. Parents and children in historical and contemporary perspectives.

- 432. FASHION MERCHANDISING PRE-PRACTICUM. 3 cr.** A survey of the job market with emphasis on researching a company, writing a resume, and interviewing skills. Class research project includes developing a questionnaire, collecting and analyzing data. Prerequisites: Senior standing.
- 433. FASHION MERCHANDISING PRACTICUM. 3 cr.** An in-depth experience planned and supervised to meet individual needs of students. Includes work experience and/or field study. Prerequisites: Senior standing.
- 434. FAMILIES IN A CHANGING WORLD. 3 cr.** Study of current issues affecting families and the professionals who work with them.
- 435. HOUSING THE ELDERLY. 3 cr.** Examination and application of the guidelines, issues and choices associated with housing disruption and re-location of the elderly. (Same as GERO 435.)
- 436. NUTRITION AND AGING. 3 cr.** Application of basic concepts of nutrition directed toward improving nutritional status and health. Federal, state and community programs will be discussed.
- 439. MENTORING CHILDREN. 3-6 cr.** Hands-on experience in working with children and families, research, intervention strategies, communication skills, planning activities and implementing mentoring programs. Open to majors and non-majors.

FINANCE (FINA)

Required for a major in Finance: Accounting 310, 311, or Accounting electives; Economics 301 and 311; Finance 316, 401, 405 and 6 additional hours from 404, 406, and 410; Insurance 205 - a total of 30 semester hours. Required for a minor in Finance: Finance 315, 316, 401 and 6 additional hours from 404, 405, 406, 410; Economics 301 - Total of 18 semester hours.

For Undergraduates Only

- 203. PRINCIPLES OF REAL ESTATE. 3 cr.** Purchasing, leasing, developing, and operating real estate; interest, liens, contracts, deeds, titles, and recording as related to individuals, corporations and estates. F
- 315. BUSINESS FINANCE. 3 cr.** The organization and financing of a business enterprise; types of securities and their utilization in proportioning income, risk and control; financial analysis and forecasting, working capital management; selection of long term investments and determination of costs of capital; use of financial institutions for obtaining funds. Prerequisite: ACCT 110 or 213, and ECON 201. F, Sp, Su
- 316. INTERMEDIATE CORPORATE FINANCE. 3 cr.** Advanced topics in risk and return, bond and stock valuation, options and derivatives. Cost of capital, capital budgeting, and cash flow analysis. Corporate capital structure, financial planning, and credit policies. Mergers and acquisitions, corporate risk management, and multinational finance. Prerequisite: 315.
- 323. REAL ESTATE FINANCE AND INVESTMENTS. 3 cr.** The principles of finance as applied to the real estate business; financial institutions, sources of financing, brokerage, property development, analysis of real estate investment, and current development in real estate. Prerequisite: 303 or approval of instructor. F
- 330. ENTREPRENEURIAL FINANCE. 3 cr.** Financing of new and growing business enterprises; structuring, valuing, and pricing new venture deals, and sources and uses of funds; financial analysis and forecasting, capital budgeting, and working capital management in new, growing enterprises; later stage financing, going public. Prerequisite: Junior standing.
- 405. CASE PROBLEMS IN FINANCIAL MANAGEMENT. 3 cr.** Case studies of financial topics; emphasis on sources and uses of funds, cost of funds, return on investments; analysis of financial statements. Prerequisite: 316. Sp

- 409. REAL ESTATE APPRAISAL. 3 cr.** Fundamentals of appraising residential, commercial, and industrial real estate. Prerequisite: 303, CONS 210, or approval of instructor. F
- 410. PRINCIPLES OF BANK OPERATIONS. 3 cr.** Operations of commercial banks —analyzing deposits, payments, loans and money functions of commercial banks. Bank asset and liability management; internal controls and audits. Prerequisite: 315 and ECON 301.
- 411. REAL ESTATE LAW. 3 cr.** Legal principles affecting ownership and/or management of real property in general, with special emphasis placed in Louisiana Law. Specific areas include transfers, deeds, leases, land contracts, escrows, title insurance, foreclosures, zonings, and recordings. Prerequisite: 303 or approval of instructor. F
- 413. URBAN DEVELOPMENT. 3 cr.** Measurement of urban obsolescence and deterioration. Planning concepts used to guide contemporary urban growth and alleviate common problems. Governmental programs influencing urban development, including technical and financial assistance. Specific topics include comprehensive plans, zoning, land development, parks and school location. Prerequisite: ECON 201, 202. Sp, even
- 414. CAPITAL MARKET SEMINAR. 3 cr.** Application of principles of bank operations and operations of other financial institutions. Group discussions of capital adequacy, financial liquidity, legal environment, capital market institutions, funds management, and other topics. Prerequisite: 315 and ECON 301.
- 491. DIRECTED STUDY. 1-3 cr.** Individual study of: A. Banking; B. Finance; C. Real Estate. May be repeated for a total of 6 crs. Prerequisite: Approval of department head. F, Sp, Sum

For Undergraduates and Graduates

- 401. INVESTMENTS. 3 cr.** The principles of investments in stocks and bonds and their application to specific classes of investments. Sources of financial information; interpreting financial news; protection in purchasing of securities, taxation of securities. Prerequisite: 315. F
- 404. INTERNATIONAL FINANCE. 3 cr.** Theory and analysis of international money flows, sources of capital, exchange rates, money markets and international banking institutions with emphasis on financing the firm operating in international markets. Prerequisite: 315. Sp
- 406. FUTURES AND OPTIONS CONTRACTS. 3 cr.** A seminar introducing the principles of valuation of futures and options instruments, contract design, hedging and speculative use. Emphasis on financial futures contracts and common stock put and call options. Prerequisites: 315 and QMDS 210. Sp

FOREIGN LANGUAGE (FORL)

- 394. LITERATURE IN TRANSLATION. 3 cr. Maximum, 9 cr.** In-depth studies of important works of literature in translation. Classes are conducted in English. Cannot be used to satisfy Foreign Language requirements.

FRENCH (FRNH)

Required for a major: Total of 30 semester hours beyond 101-102, including 231, 312, and 3 hours of 325.

Required for a minor: French—Total of 18 semester hours.

Required for a major (French Education): See specific degree plan in the College of Education and Human Development section of this catalog.

Required for a minor (French Education): Total of 21 semester hours which must include 231, 312, and 325.

Teacher certification in this minor area requires 30 credit hours or the Praxis content specialty exam.

Majors or minors in French Education who enter in 1984-85 and after are required to complete a minimum of twelve required above the 201-202 or 205 courses through a two-semester residence in a university abroad or by two summers of intensive immersion study. A person may substitute a score of intermediate high on the ACTFL/ETS Oral Proficiency Interview for the two semesters abroad or its alternative.

Global Studies Concentration: 33 hours. See Foreign Languages Department Head for requirements.

French courses marked with an asterisk (*) may not be taken for credit by native speakers of French without the department head's approval.

For Undergraduates Only

- *101. ELEMENTARY. 3 cr. each.** An introduction to the basic grammatical structures of French with the objectives of developing an elementary ability to speak, understand, read, and write the language.
- 102. ELEMENTARY. 3 cr.** A continuation of the study of French on the elementary level. Prerequisite: A "C" or better in French 101 or permission of the department head.
- 103. FRENCH STUDY ABROAD. 3 cr., with 6 cr. maximum.** Application of language skills in a foreign language environment. Students will be involved in a total immersion living situation and will receive a minimum of fifteen clock hours per week in formal language instruction.
- *105. ELEMENTARY. 6 cr.** Same as French 101 and 102.
- 197, 198, 199. BEGINNING FRENCH. 1 cr. each.** Independent reading, grammar, and/or conversation on the elementary level. Prerequisite: 102 or 105.
- 201-202. INTERMEDIATE. 3 cr. each.** A continuation on the intermediate level of 101-102, with an increased emphasis upon reading and discussion. Work in the computerized Language Learning Center is required. Prerequisite: 102 or 105.
- 205. INTERMEDIATE. 6 cr.** Same as French 201 and 202.
- 210. COMMERCIAL FRENCH. 3 cr.** Study of the French language as used in business to include readings, discussions, and translations of business materials in French. Prerequisite: 202 or 205 or permission of the department head.
- 231. GRAMMAR AND COMPOSITION. 3 cr.** Elements of French grammar and syntax with drill in style, idioms, and verb forms. Prerequisite: 202 or 205.
- 302. SURVEY OF FRENCH LITERATURE. 3 cr.** May be repeated for a total of 9 cr. Selections from outstanding authors from the Middle Ages to the present with continued emphasis on understanding, speaking, reading, and writing. Prerequisite: 202 or 205.
- 312. PHONETICS. 3 cr.** French phonetic system. Corrective and fluency drills in the language laboratory. Prerequisite: 202, 205 or equivalent or permission of the department head.
- 315. FOREIGN LANGUAGE PRACTICUM. 3-12 cr.** Application of language skills in a foreign-language environment. Student will be involved in a total immersion living situation and will receive a minimum of fourteen clock hours per week in formal language instruction. Prerequisite: French 202, 205 or equivalent.
- 321, 322, 323. INDEPENDENT READING. 1 cr. each.** Directed reading in excerpts of French literature, with continued emphasis on understanding, speaking, reading and writing French. Prerequisite: 201.
- 324. CONVERSATION AND COMPOSITION. 3 cr.** May be repeated for 6 hrs. total. The refinement of conversational skills utilizing the language laboratory and classroom activities. Prerequisite: French 202 or 205 or approval of the Department Head.

- 325. FRENCH CULTURE AND CIVILIZATION. 3 cr. Maximum, 9 cr.** Studies in the history and culture of the French World with continued emphasis on understanding, speaking, reading, and writing. Prerequisite: 205 or permission of department head.

For Undergraduates and Graduates

- 403. LITERATURE OF THE FRANCOPHONE WORLD. 3 cr., maximum 6 cr.** An in-depth analysis of the work of writers from the Francophone world. Prerequisite: 202 or 205 or equivalent.
- 404. SEMINAR IN FRENCH LITERATURE. 3 cr., maximum 6 cr.** An in-depth analysis of a literary movement or writer of French literature. Prerequisite: 202 or 205 or the equivalent.
- 415. ADVANCED LANGUAGE DEVELOPMENT. 3-12 cr.** Advanced language instruction with emphasis on French grammar and civilization including French history, history of art, cinema, geography, and literature. All classes are taught in French. Prerequisite: 205 or permission of the department head.
- 474. SECOND LANGUAGE ACQUISITION. 3 cr.** The application of second language acquisition theory in the classroom. Prerequisite: Spanish/French 473.
- 475. LANGUAGE, CULTURE AND THE CLASSROOM. 3 cr.** The application of second language acquisition theory in the elementary or secondary classroom. (Same as Spanish 475). Prerequisite: French 474.

FRESHMAN YEAR SEMINAR (FRYS)

- 101. FRESHMAN YEAR SEMINAR. 1 cr.** To maximize the student's potential to achieve academic success and to adjust responsibly to the individual and interpersonal challenges presented by collegiate life.

GEOGRAPHY (GEOG)

Required for a minor: GEOG 101, 102, 203, and 9 additional Geography hours (3 hours must be at the 400 level)—Total of 18 semester hours.

For Undergraduates Only

- 101-102. REGIONAL GEOGRAPHY. 3 cr. each.** A regional approach to the study of human geography, with emphasis of spatial distributions, interactions, and processes on the earth's surface. The geographical study of the major world realms are divided as follows: GEOG 101 covers Europe (including Russia), North America, and North Africa/Middle East and GEOG 102 covers Latin America, Sub-Saharan Africa, and Asia.
- 103. SYSTEMATIC GEOGRAPHY. 3 cr.** The goal of this course is an integrated approach to geography. The course is standards-based and is structured around the essential elements and geography standards. In terms of content, the approach is thematic with examples drawn from both the developed and developing worlds. The method of instruction will consist of a combination of direct instruction and problem-solving computer- and classroom-based exercises and activities. For Elementary Education Majors and Geography majors only.
- 111. HUMAN ORIGINS AND EVOLUTION. 3 cr.** The study of the origin of and biogenetic heritage of humans; a survey of modern human racial variation; an introduction to archeological and prehistoric techniques of investigation regarding the changing physical form of humans. (Same as ANTG 111.)
- 201. INTRODUCTION TO ARCHEOLOGY. 3 cr.** Survey of the history and development of archeology as a science, its place in the sciences, and an overview of the important material remains of past human life and activities in selected areas of the world. (Same as ANTG 201.)

- 203. LOUISIANA. 3 cr.** A survey of the natural landscape; land forms, climate, soils, drainage, and the geographic factors; agriculture, transportation, and population.

- 213. PHYSICAL. 3 cr.** The natural landscape, with special emphasis on the distribution of land-forms, climate, soil, and vegetation.

- 214. PHYSICAL GEOGRAPHY LABORATORY. 1 cr.** Two hours laboratory to accompany Geography 213.

- 215. CARTOGRAPHY. 3 cr.** Development of cartography, techniques, nature, and usage of map projections; interpretation of maps; map construction.

- 301. CULTURAL GEOGRAPHY. 3 cr.** An advanced course focusing on the study of culture and the expression of material culture in the landscape. Prerequisite: GEOG 101 or, 102 or, 203 or permission of instructor.

- 308. OLD WORLD ARCHEOLOGY. 3 cr.** A survey of the major archeological sequences of prehistoric Eurasia, Africa, and Oceania. (Same as ANTG 308.)

- 320. CONSERVATION GEOGRAPHY. 3 cr.** Problems and techniques of conservation in agriculture, forestry, industry, mining, water, air, and the urban environment. Investigation of conservation ideology and political action. Emphasis on North America with some study of international phenomena. Prerequisite: GEOG 101 or GEOL 101.

For Undergraduates and Graduates

- 401. NORTH AMERICA. 3 cr.** A regional study, with attention to the influence of climate, topography, and natural resources on industry and trade.

- 403. LATIN AMERICA. 3 cr.** A regional study of the configuration, climates, natural resources, cultural patterns, and peoples.

- 405. AFRICA. 3 cr.** The geographical features, with particular reference to economic, social and political developments; a study of the heritage and background, physical and cultural, of the present-day Afro-American culture.

- 407. EUROPE. 3 cr.** General distribution of natural and cultural features with detailed study of selected areas.

- 409. ASIA. 3 cr.** A survey of the physical environment of the continent as a whole, followed by a detailed study of China, India, and Japan.

- 410. THE ARCHEOLOGY OF LOUISIANA INDIANS. 3 cr.** An introduction to the archeology of Louisiana's Indian tribes from Paleo-Indian times (10,000 B.C.) through the historic period. Prerequisite: Junior or senior standing or permission of the instructor. (Same as ANTG 410.)

- 411. THE ARCHEOLOGY OF NORTHAMERICA. 3 cr.** The archeological background of North America from Mexico to the Arctic Circle; progressive states of development of prehistoric North American cultures. (Same as ANTG 411.)

- 412. FORMER SOVIET UNION. 3 cr.** Physical and cultural environments, with special emphasis on climates, resources, industrializations, and population distribution.

- 414. THE INDIANS OF NORTH AMERICA. 3 cr.** Survey of the distribution and principal regional lifeways of North American Indian groups prior to disruption, dispersal, and the implementation of the reservation system. (Same as ANTG 414.)

- 415. POLITICAL GEOGRAPHY. 3 cr.** Problems in production, trade, government, and world development growing out of geographic conditions. Prerequisite: GEOG 101-102.

- 418. URBAN. 3 cr.** A geographic approach to the study of urban areas stressing location, historical development, distribution, size, growth and function; emphasis on current urban problems. Prerequisite: GEOG 101-102.

- 420. LATIN AMERICAN FIELD COURSE. 3 cr.** Supervised geographic research and observation in a Latin American setting. Local examples illustrate broad themes in the historical shaping of the Latin American landscape. The course includes introductory meetings at ULM followed by field observation and discussion in a Latin American location. Prerequisite: GEOG 403 or permission of the department head.

- 421. THE ARCHEOLOGY OF MEXICO. 3 cr.** An in-depth view of the development of pre-Hispanic Mexican and Meso-American cultures and civilizations from Paleo-Indian times to the Spanish Conquest; an overview of the major archeological sites pertinent to these cultures. (Same as ANTG 421.)
- 423. ARCHEOLOGICAL FIELD TECHNIQUES. 6 cr.** A field course introducing the basic techniques of archeological mapping, excavation, cataloging, specimen preparation and preservation. A study of soils, physical stratigraphy, synecology, and techniques of artifact laboratory analysis. May be repeated once for a maximum of 12 hours credit. (Same as ANTG 423.)

GEOLOGY (GEOL)

Undergraduate Requirements

Required for a minor: 101, 102, 103, 104, 215, 217; GEOS 330, 331, and 3 additional semester hours of geology or geoscience above 200 Total of 19 semester hours.

Required for a major in Earth Science Education: Geology 101, 102, 103, 104, 211, 213, 220, 221, 280, 309, 418; 3 hours of Geology elective, and Atmospheric Sciences 101. Total of 31 semester hours.

Required for a minor in Earth Science Education: Geology 101, 102, 103, 104, 220, 221, 280, 418, and Atmospheric Sciences 101. Total of 21 semester hours. Teacher certification in this minor area requires 30 credit hours or the Praxis content specialty exam.

For Undergraduates Only

- 101. PHYSICAL GEOLOGY. 3 cr.** The external and internal features of the earth and the agents responsible for them, including the work of rivers, winds, glaciers, volcanoes, earthquakes, and oceans. Credit may not be earned in both GEOL 101 and GEOL 206.
- 102. HISTORICAL GEOLOGY. 3 cr.** The development, changes, and destruction of the land features and sea areas of the earth and the changing panorama of plant and animal life from the earth's origin to the present day.
- 103. PHYSICAL LABORATORY. 1 cr.** Two hours laboratory to accompany 101. Credit may not be earned in both 103 and 208.
- 104. HISTORICAL LABORATORY. 1 cr.** Two hours laboratory to accompany 102.
- 105. GEOLOGY OF NATIONAL PARKS. 3 cr.** A study of the processes and principles involved in geologic development of our national parks. Emphasis is placed on understanding and appreciating the special geologic features for which each park is famous. Prerequisite: 101.
- 110. THE AGE OF DINOSAURS. 3 cr.** A nontechnical survey, especially designed for nonscience majors, of what is currently known about dinosaurs and their world. Their origin, evolution, ecology, physiology, and social behavior are reconstructed from bones, tracks, nests, and applied biology, and reasons for their extinction are considered. Emphasis is placed on viewing dinosaurs as superbly successful members of their ecosystem.
- 200. GEOLOGY IN THE FIELD. 2 cr.** An introduction to the study of geology as conducted in the field. This course will integrate the review of the published geology of a region with observation and analysis of the geology found in the field as seen on required multi-day field trips to that region. The course will include an introduction to basic field methods and preparation of geologic reports. One hour of class per week and at least one extended field trip. Field expenses. Prerequisites: GEOL 101, 102, 103, 104, and registration in or completion of GEOL 220 and 221.
- 206. ENGINEERING GEOLOGY. 3 cr.** Engineering properties of rocks, properties of soils, construction materials, earthquakes, earth movements, subsurface exploration and site selection for engineering works. Credit may not be earned in both GEOL 101 and 206.
- 208. ENGINEERING LABORATORY. 1 cr.** Two hours laboratory to accompany 206. Credit may not be earned in both GEOL 103 and 208.
- 211. PALEONTOLOGY. 3 cr.** Invertebrate fossils, classification, morphology, time and space, distribution, paleoecology, evolutionary trends, and their use in correlation. Prerequisites: GEOL 102, 104. Field expenses—\$10.
- 213. PALEONTOLOGY LABORATORY. 1 cr.** Three hours laboratory to accompany 211.
- 215. CRYSTALLOGRAPHY AND MINERALOGY. 2 cr.** Principles of crystallography and mineral identification. Survey of the major ore- and rock-forming mineral groups. Prerequisites: GEOL 101, 103, and enrollment in or credit for CHEM 108, 111.
- 217. CRYSTALLOGRAPHY AND MINERALOGY LABORATORY. 2 cr.** Six hours of laboratory to accompany 215.
- 220. ROCKS AND MINERALS. 2 cr.** Survey of the major ore minerals, rock-forming groups. Classification and occurrence of igneous sedimentary and metamorphic rocks. Prerequisites: GEOL 101, 103.
- 221. ROCKS AND MINERALS LAB. 2 cr.** Six hours of laboratory to accompany GEOL 220. Hand specimen identification of major mineral species and rocks. Field expenses: \$10.00.
- 280. OCEANOGRAPHY. 3 cr.** The origin and development of the ocean basins and seawater. Ocean processes, marine sediments and ocean resources also will be considered. Prerequisite: GEOL 101.
- 300. GEOLOGIC FIELD METHODS. 2 cr.** Instrumental methods, note-taking, and map preparation for field mapping. Course will include instruction and practice in compass and clinometer, hand-level, altimeter, plane table, and GPS methods, and use, handling, and care of the alidade and other instruments. Field expenses. Prerequisites: GEOL 200, GEOS 330 and 331, and MATH 112.
- 303. STRUCTURE. 3 cr.** The recognition, description, classification, origin and relationships of geologic structures. Prerequisites: GEOL 102, 104, 215, 217, MATH 111, 112, Junior standing.
- 309. STRATIGRAPHY. 3 cr.** Principles of biostratigraphy and lithostratigraphy, correlation methods, nomenclature, geochronology, paleoecology, facies, tectonics, and stratigraphic problems. Prerequisites: GEOL 211, 213.
- 323. STRUCTURE LABORATORY. 1 cr.** Three hours laboratory to accompany GEOL 303.
- 327. PETROLOGY. 3 cr.** Classification, origin, and occurrence of igneous, metamorphic, and sedimentary rocks. Prerequisites: GEOL 215, 217, and current enrollment in 329.
- 329. PETROLOGY LABORATORY. 1 cr.** Three hours of laboratory to accompany 327. Field expenses: \$10.00.
- 335. CRYSTALS AND CRYSTAL CHEMISTRY. 3 cr.** Principles of crystallography. Origins and physiochemistry of minerals, igneous, metamorphic, and sedimentary rocks. Prerequisites: GEOL 220, 221.
- 336. CRYSTALS AND CRYSTAL CHEMISTRY LAB. 1 cr.** Three hours of laboratory to accompany GEOL 335. Crystal notation and identification. Advanced techniques of rock and mineral identification. Field expenses: \$10.00.
- 400. GEOLOGIC MAPPING. 2 cr.** Geologic and structural mapping and preparation of geologic maps. Written reports and maps are required. Three hours of laboratory per week and two extended field trips. Field expenses. Prerequisites: GEOL 300, 303, 309, 323, 335, 336.

For Undergraduates and Graduates

- 401. GULF COAST. 3 cr.** The physiography, stratigraphy, structure, economics and origin of the Gulf Coastal province. Prerequisites: 303, 309, 323.

- 402. PLATE TECTONICS. 3 cr.** A thorough treatment of the underlying processes driving the processes active in the solid earth, and how these processes affect modern interpretations of the geologic record. Prerequisites: GEOL 303, 309, 327, GEOS 330.
- 403. PETROLEUM. 3 cr.** The origin, geologic distribution, and accumulation of petroleum. Prerequisites: GEOL 303, 323.
- 405. ECONOMIC GEOLOGY—METALS. 3 cr.** The origin and distribution of metallic ores. Prerequisites: GEOL 215, 217.
- 406. ECONOMIC GEOLOGY—NON-METALS. 3 cr.** The origin, distribution, geology, and use of non-metallic ores with emphasis on Louisiana's economic minerals. Prerequisites: GEOL 215, 217.
- 407. SUBSURFACE. 2 cr.** Study and application of subsurface methods. Prerequisites: GEOL 303, 323.
- 408. SUBSURFACE LABORATORY. 2 cr.** Six hours laboratory to accompany GEOL 407.
- 410. GEOCHEMISTRY. 3 cr.** Basic principles governing the origin, distribution, and migration of elements in the earth. Prerequisites: GEOL 215, 217.
- 413. PHYSICAL MARINE. 3 cr.** A general introduction to the physical processes at work on the shores of the Mississippi Sound, with emphasis on the erosional and depositional effects of waves and currents at various tidal stages. Conducted each summer under the direction of the staff of the Gulf Coast Marine Laboratory at Ocean Springs, Mississippi. Prerequisites: GEOL 327, 329, or approval of department head.
- 414. CHEMICAL MARINE. 3 cr.** Supervised research in the chemistry of the water of the Mississippi Sound and the geochemistry of the bottoms beneath these waters. Conducted each summer under the direction of the staff of the Gulf Coast Marine Laboratory at Ocean Springs, Mississippi. Prerequisites: GEOL 327, 329, and CHEM 108, 111, 203, 204, or approval of department head.
- 415. VERTEBRATE PALEONTOLOGY. 2 cr.** A survey of the vertebrates through geologic time with special emphasis on morphology, function, evolution, time and spatial distribution. Prerequisites: GEOL 102, 104.
- 417. GROUND-WATER GEOLOGY. 3 cr.** An introduction to water beneath the surface of the earth. Emphasis is given to the mode of occurrence, migration and relationship to enclosing rock masses. Prerequisites: GEOL 101, 102.
- 418. PLANETARY GEOLOGY. 3 cr.** A survey of the geologic processes operating on the solid surface planetary bodies. Comparative geologic histories of the terrestrial planets and major satellites. Prerequisite: GEOL 303.
- 419. MICROPALAEONTOLOGY. 1 cr.** Study of foraminifera, their classification, morphology, environmental significance and use in correlation. Prerequisites: GEOL 211, 213.
- 423. X-RAY AND OPTICAL MINERAL ANALYSIS. 2 cr.** Principles and techniques of mineral identification and analysis using the x-ray diffractometer and petrographic microscope. Prerequisites: GEOL 215, 217.
- 424. X-RAY AND OPTICAL MINERAL ANALYSIS LABORATORY. 2 cr.** Six hours laboratory to accompany 423.
- 425. SEDIMENTATION. 3 cr.** The genesis, transportation, deposition, and classification of sediments; tectonic and environmental factors influencing deposition and sedimentary structure. Prerequisites: GEOL 211, 213.
- 426. SEDIMENTATION LABORATORY. 1 cr.** Three hours laboratory to accompany 425.
- 429. MICROPALAEONTOLOGY LABORATORY. 2 cr.** Six hours laboratory to accompany 419.
- 430. COAL. 3 cr.** A study of the physical and chemical properties of the various ranks of coal, distribution, origin, microscopic analysis, utilization, evaluation, methods of extraction, and land reclamation. Prerequisites: GEOL 327, 329.

GEOSCIENCE (GEOS)

For Undergraduates Only

- 201. ENVIRONMENTAL SCIENCE. 3 cr.** Exploration of contemporary issues in environmental science. Man's interaction with the Earth's biological and physical resources. Topics include global warming, biodiversity, conservation, pollution, wetlands, sustainable agriculture, and population growth. Prerequisites: An introductory biology course or approval of department head. (Same as BIOL 201).
- 330. INTRODUCTION TO GEOMORPHOLOGY. 3 cr.** The recognition, classification, origin, and relationship of and forms.
- 331. GEOMORPHOLOGY LABORATORY. 1 cr.** Three hours laboratory to accompany 330.
- 332. METEOROLOGY PRACTICUM. 1-3 cr. Maximum, 3 cr.** Systematic research, training, and active participation in meteorological/climatological laboratory 2-6 hours/week.
- 400. DIRECTED STUDY—E-TV. 3 cr.** Selected studies in Geosciences. Content varies. No more than 12 hours may be applied toward degree requirements. May not be applied to major in Geology. A. Planet Earth, C. Earth Revealed (Introductory Geology), D. Out of the Past: An Introduction to Archeology.
- 421. ENVIRONMENTAL ECONOMICS. 3 cr.** Principles and methods for critically analyzing environmental issues from an economic and policy perspective. Review of current environmental issues with emphasis on agriculture related topics. Prerequisites: AGECE 201 or ECON 202 (Same as AGECE 421).
- 461. COOPERATIVE EDUCATION EXPERIENCE. 1 cr.** Planned and supervised work experience in student's major field. Only open to juniors and seniors in the Department of Geosciences who are approved for the Cooperative Education Program. Grade of CR (credit) or NC (no credit) will be awarded. A. Atmospheric Science, B. Geography, C. Geology, D. Geophysics. May be repeated for a total of 3 credits. May not be applied to fulfill major requirement.

For Undergraduates and Graduates

- 402. PRINCIPLES OF EARTH SCIENCE. 3 cr.** Earth's place in the solar system; nature of material composing the earth; processes which have shaped and are shaping the earth; rocks, minerals, soils, topographic features and their origin; rock structures; topographic; geologic, and weather maps, and aerial photographs.
- 404. EARTH SCIENCE LABORATORY. 1 cr.** Two hours laboratory to accompany 402.
- 415. SOILS FOR THE ENVIRONMENTAL GEOSCIENTIST. 2 cr.** Fundamentals of pedology aimed at environmental geoscientists, including: soil terminology, soil genesis, the 7th Approximation soil classification system, the use of parish and county soil surveys, soil descriptions, soil toxicity, national and worldwide soil type distribution. Prerequisite: GEOL 101 or GEOG 213 or permission of the instructor.
- 416. SEMINAR. 1 cr. Maximum, 3 cr.** Presentation of oral and written reports on current geology literature and problems of special interest.
- 420. HUMAN IMPACT ON THE ENVIRONMENT. 3 cr.** This course will assess the environmental changes caused by human activity. Specifically, attention will be focused on human impacts on vegetation, animals, soil, hydrology, geomorphology, and climate. Prerequisite: GEOG 213 or GEOS 330 or permission of instructor.
- 430. SURFACE HYDROLOGY. 3 cr.** Fundamentals of surface hydrology including: components of the hydrologic cycle; hydrographs; flood frequency analysis; and flood routing through rivers, reservoirs, and watersheds. Includes practical exercises and the use of personal computers. Prerequisites: GEOL 101 or permission of the instructor.
- 435. PRINCIPLES OF GEOGRAPHIC INFORMATION SYSTEMS (GIS). 3 cr.** Techniques for analyzing, displaying and managing geographic data topics including: structure of geographic data bases, principles of digital cartography, basic spatial statistics and

analysis of spatial relationships using GIS. Prerequisite: Junior or senior standing.

- 440. ENVIRONMENTAL EARTH SCIENCE. 3 cr.** A survey of the interactions between people and the physical environment, including hazardous earth processes, hydrology and pollution, waste disposal, environmental health, mineral resources, energy, and land use. Prerequisites: Any of the following—GEOS 101, 402, GEOL 101, 206, GEOG 213.
- 441. GEOENVIRONMENTAL SEMINAR. 1 cr. Maximum 3 cr.** Geoenvironmental topics are examined in depth through library research, audiovisual materials analysis, and interactive software. Investigations are presented and critiqued during roundtable discussions. Assigned topics vary each semester. May be repeated for a maximum of 3 cr. Prerequisites: Any pertinent basic science course or permission of the instructor.
- 445. ADVANCED GEOGRAPHIC INFORMATION SYSTEMS (GIS). 3 cr.** A project-oriented course intended to demonstrate how principles learned in GEOS 435 can be applied to solving complex real-world problems. Prerequisite: GEOS 435.
- 450. REMOTE SENSING OF THE ENVIRONMENT. 3 cr.** This course will cover the basics and the interpretation of remote sensing data that will include aerial photography, U. S. and French satellite imagery, thermal infrared, Sideways Looking Radar, Synthetic Aperture Radar, and other airborne platforms such as the Daedalus Multispectral Scanner used by NASA.
- 460. ARCHEOLOGY AND GEOLOGY OF NATURAL DISASTERS. 3 cr.** Case studies of archeological and geologic evidence for the history, causes, and effects of historical and prehistoric natural disasters. Use of archeological and geologic data to develop realistic supportable scenarios for the natural disasters will be stressed. Prerequisites: ANTG 201; GEOL 101 and 102.
- 491. RESEARCH. 1-6 cr. Maximum, 6 cr.** Research problems that can be completed in one semester. Three hours laboratory per week for each credit hour. A written proposal with a list of references must be submitted to and be approved by the supervising professor and department head. Results of work will be presented in a seminar. Prerequisites: Junior or senior standing in geology.

GERMAN (GRMN)

For Undergraduates Only

- 101-102. ELEMENTARY. 3 cr. each.** An introduction to the basic grammatical structures of German with the objectives of developing an elementary ability to speak, understand, read and write the language. Language laboratory required.
- 103. ELEMENTARY CONVERSATION. 3 cr.** Especially designed to meet the needs of travelers and students interested in a broad initiation to the language. (Does not substitute for 101, 102 or 105.)
- 105. ELEMENTARY. 6 cr.** Same as German 101 and 102.
- 197, 198, 199. BEGINNING GERMAN. 1 cr. each.** Independent reading, grammar, and/or conversation on the elementary level. Prerequisite: 102 or 105.
- 201-202. INTERMEDIATE. 6 cr.** A continuation of 101-102, with an increased emphasis upon reading and discussion. Work in the computerized Language Learning Center is required. Prerequisite: 102 or 105.
- 205. INTERMEDIATE. 6 cr.** Same as GRMN 201 and 202.
- 209. ADVANCED GERMAN. 3 cr.** Introduction to finer points of German language, development of writing skills in German, grammatical and stylistic analysis of literary texts. Prerequisite: 202 or 205.
- 309. CULTURE AND CIVILIZATION. 3 cr. Maximum, 9 cr.** A. German culture from its beginnings to the present. B. The Twentieth Century in Central Europe. C. The German-Speaking World. Prerequisite: 202 or 205.
- 409. READINGS IN GERMAN LITERATURE. 3 cr. Maximum, 9 cr.** Topics may include: A. German literature since Goethe; B. Twentieth-century German literature; C. German literature after World War II. Prerequisite: 202, 205, or permission of the department head.
- 419. ADVANCED READINGS IN GERMAN LITERATURE. 3 cr. Maximum, 9 cr.** Topics may include: A. Medieval German literature; B. Reformation and post-reformation literature; C. The age of Goethe; D. History of the German Language; E. Genre studies. Prerequisite: 202, 205, or approval of department head.

GERONTOLOGY (GERO)

Required for an interdisciplinary minor: Gerontology 101, 226 and 12 hours of Gerontology electives and/or Psychology 425, FCSC 435 or 436—Total of 18 semester hours.

The University offers a multidisciplinary Post Baccalaureate Certificate in Gerontological Studies with Generalist and Nursing emphases and a Master of Arts with Long-Term Care Administration, Program Administration, or Aging Studies concentrations.

For Undergraduates Only

- 101. BASIC ACTIVITY. 3 cr.** An introduction to the profession of Activity Directors, Therapeutic activity practice, and their integration into health care. An examination of practice standards, practitioner behavior, activity planning, and service delivery.
- 226. PERSPECTIVES ON AGING. 3 cr.** An orientation from practitioners in the community and from an academic interdisciplinary perspective to programs, services, issues, and problems in working with older persons. (Same as SOCL 226, formerly SOCL and GERO 426.)

For Undergraduates and Graduates

- 410. ECONOMICS OF AGING. 3 cr.** An examination of issues related to the economic status of persons as they grow older. Attention will be given to problems and policies which relate to income maintenance, planned and unplanned expenditures, inflation, reduced income, post-retirement employment, public and private pensions, health insurance, pre-retirement employment, public and private pensions, health insurance, pre-retirement counseling and legislative reforms. (Formerly ECON 510, same as ECON 410.)
- 411. SOCIAL WORK PRACTICE WITH THE ELDERLY. 3 cr.** An introduction to the social, economic, and psychological dimensions of aging using a person-in-environment approach. (Same as SOCW 411.)
- 424. WOMEN AND AGING. 3 cr.** Examines the life experiences of women as they age. Emphasis is on sociological influences on perceptions of aging among women and on aging women's roles in society. (Same as SOCL 424)
- 425. SEMINAR IN DEATH AND DYING. 3 cr.** Exploration of the social organization of dying, including a view on cross-cultural perspectives on death, treatment of the dying patient, and the grief process. (Same as SOCL 425)
- 427. FIELD WORK IN GERONTOLOGY. 1-3 cr.** Student placement in a senior center, social service agency, nursing home, or hospital for nine hours per week. Students already employed in an agency will take Sociology 428. Prerequisite: approval of department head. (Formerly SOCL 427)
- 428. DIRECTED RESEARCH IN GERONTOLOGY. 1-3 cr.** Individual examination of a relevant problem in Gerontology as approved and directed by student's major professor. Prerequisite: approval of department head. (Formerly SOCL 428)
- 430. ELDER ABUSE. 3 cr.** An examination of the definition, causes, and theories associated with the problem of elder abuse. Relevant research regarding the historical perspectives, recognition of abuse, assessment techniques, and interventions will be presented.

- 431. ELDER LAW. 3 cr.** An examination of legal challenges older Americans are facing as they plan their later years and seek to maximize their quality of life. These challenges include age discrimination in employment, housing alternatives and options, financial management and planning, medical needs and attention, and consent, and long-term care.
- 435. HOUSING THE ELDERLY. 3 cr.** Examination and application of the guidelines, issues and choices associated with housing disruption and re-location of the elderly. (Same as FCSC 435, formerly GERO 503.)
- 452. QUALITATIVE RESEARCH. 3 cr.** An examination of different types of qualitative research, techniques of data collection, analysis, and presentation, and ethical issues; exploration of the strengths and limitations of this type of interpretive work. (Formerly SOCL 495F.) (Same as SOCL 452.)
- 456. INTERNATIONAL STUDIES. 3 cr.** Extended gerontology field study outside the United States with guest lectures, visits to gerontological related facilities and programs, and assigned readings related to aging in the designated study region. A. Europe, B. England, C. Latin America, D. Far East, E. Middle East. Individual topics may not be repeated for credit.
- 457. REGIONAL UNITED STATES FIELD STUDIES. 3 cr.** Extended gerontology field study within the United States with guest lectures, visits to gerontological facilities and programs, and assigned readings related to aging in the designated study region. A. North, B. South, C. East, D. West. Individual topics may not be repeated for credit.
- 475. TEACHING CHILDREN ABOUT AGING. 3 cr.** An evaluation of pre-school, elementary and secondary school literature, class projects, video tapes and feature films that focus on various issues related to aging. The focus is to identify methods and mechanisms that enhance children's images of older persons and growing older. (Formerly SOCL 495A.)

GOVERNMENT (GOVM)

Required for a major: 101, 201, 202 and the completion of two major Government area studies of 9 hours each: POLITICAL THEORY - 403, 407, 421, or 457; UNITED STATES POLITICS - 418, 429 or 433, 406, 420, 423, or 454; COMPARATIVE AND INTERNATIONAL POLITICS - 440 or 441, 450 or 453, 461, 463 or 465. The remaining 6 hours may be taken in the areas of the student's choice - Total of 33 semester hours.

Required for a minor: 101, 201, and 12 additional hours—Total of 18 semester hours.

All students electing to major in Government must also satisfy the requirements for an academic minor.

Government majors who elect to complete the Legal Studies minor must complete: GOVM 205, 413, 414, 425 (six credits), HIST 469, HIST 485, and PHIL 203 - Total of 24 semester hours.

For Undergraduates Only

- 101. INTRODUCTION TO POLITICAL SCIENCE. 3 cr.** Development of the state; nature and problems of government in relation to the individual; emphasis upon the development of various forms of government.
- 200. DIRECTED STUDY—3 cr.** Selected studies in government. Content varies. A. American Government (Same as GOVM 201.)
- 201. AMERICAN NATIONAL. 3 cr.** Consideration of the nature of democracy, civil rights, federalism, the political process, the legislative, executive, and judicial branches, and current problems.
- 202. STATE AND LOCAL. 3 cr.** An intensive study of state and local government, structural components, political process, and basic problems. Special emphasis on Louisiana government.

205-206. INTRODUCTION TO PARALEGAL STUDIES. 3 cr. each. Students are introduced to the structure and workings of the law firm, especially the important aspects of law office practices, which include investigation and research techniques.

425. PRACTICUM IN LEGAL STUDIES. 6 cr. Observation of and participation in a law office or legal agency for a semester. Credit will be given upon satisfactory completion as certified by direct supervisor. Prerequisite: Legal Studies (Pre-Law) majors only. The practicum must be scheduled in the final semester prior to graduation, excluding the summer terms.

For Undergraduates and Graduates

- 403. ETHICS. 3 cr.** A study of the theoretical foundations of morality with reference to approaches to ethical thought, character, and action. Concepts include good and evil, right and wrong, obligation and rights, responsibility and freedom. The application of these concepts to the working out of particular ethical problems. (Same as PHIL 403.)
- 406. POLITICAL PARTIES, CAMPAIGNS AND ELECTIONS. 3 cr.** Political parties, Campaigns and Elections focuses on three closely related topics and phenomena: parties, campaigns and elections in the American context. We will be seeking to understand their parallel, and in some sense, symbiotic development and relationships. We will study the history of party politics in the United States, focusing on change and development in relationship to the dynamic American Republic. Prerequisite: GOVM 201.
- 407. WESTERN POLITICAL THEORY. 3 cr.** A study of political theory beginning with Plato and the ancient Greeks and continuing through the Middle Ages, Reformation, and Enlightenment to Marx, Mills and the modern age. The central questions of political thought are explored e.g., what is the good?; what is justice?; how is political authority acquired?; where does sovereignty reside?; and how do we incur obligations? Prerequisite: GOVM 201.
- 413. CONSTITUTIONAL LAW: GOVERNMENTAL POWERS. 3 cr.** A study of the U.S. Constitution through analysis of decisions of the Supreme Court. The cases demonstrate the nature of judicial function, the nature of the federal system, and the scope and character of the process of the national government. Prerequisite: GOVM 201 or approval of department head and permission of the instructor.
- 414. CONSTITUTIONAL LAW: CIVIL RIGHTS. 3 cr.** A study of the U.S. Constitution through analysis of decisions of the Supreme Court. The cases demonstrate the scope and character of the limitations on governmental powers concerning civil rights such as speech, press, religions, and rights against discrimination. Prerequisite: GOVM 201 or approval of department head and permission of the instructor.
- 417. PUBLIC ADMINISTRATION AND ADMINISTRATIVE LAW. 3 cr.** Structure and processes of public administration, practices and processes of public administration, practices in personnel, organization and development of administrative law. Prerequisite: 201. (Formerly 309.)
- 418. CONSTITUTIONAL LAW AND CRIMINAL JUSTICE. 3 cr.** Study of constitutional law and its applicability in the criminal justice system. Prerequisite: 201. (Formerly GOVM/CJUS 421.)
- 420. LOUISIANA GOVERNMENT AND POLITICS. 3 cr.** Development and organization of political processes in Louisiana; contemporary problems of Louisiana state and local governments. (Formerly 302.)
- 421. AMERICAN POLITICAL THEORY. 3 cr.** This course focuses on the origin and development of American political thought. Topics include Locke and liberalism, Puritanism and republicanism, Paine and the revolutionary impulse, Founders and Anti-Federalists, Jefferson's agricultural republic, Tocqueville's social America, Jacksonian democracy, Lincoln and Calhoun, populists, progressives and pragmatists, New Dealers and social engineers. Prerequisite: GOVM 201.
- 423. AMERICAN URBAN POLITICS. 3 cr.** An analysis of the structure and functions of contemporary city governments with considerable attention devoted to basic problems. Special emphasis on local government in Louisiana. (Formerly 307.)

- 429. WOMEN AND POLITICS. 3 cr.** An examination of the role that women have played in the development of the U.S. political system, including historical analysis of the barriers to women's participation and the impact of politically active women on contemporary issues.
- 433. THE JUDICIAL PROCESS. 3 cr.** Structure, functions, and operations of the judiciary. Prerequisite: 201. (Formerly 312.)
- 454. CONGRESS AND THE PRESIDENCY. 3 cr.** A course focused on two of the three major institutional components of American politics. Main topics include the history of the Congress and Presidency (i.e., the two institution's structural, behavioral and institutional adaptation to a changing America), the internal and external dynamics of public policy production (i.e., how demands arising in the electorate and elsewhere are conveyed to and/or produced within the Congress and the translation of these demands into specific laws and policies), and, the complex interaction between the Congress and the Presidency as different and separate institutions sharing power. Prerequisite: GOVM 201.
- 440. COMPARATIVE. 3 cr.** The structure, theory, organization, and methods of control in the governments of the major European powers; recent political trends. Prerequisite: 201. (Formerly 305.)
- 441. COMPARATIVE GOVERNMENT AND POLITICS IN LATIN AMERICA. 3 cr.** A comparative survey of governmental institutions and political processes which characterized the Latin American republics from the colonial period to the present. (Formerly 306.)
- 450. AMERICAN FOREIGN POLICY. 3 cr.** Major foreign policies, objectives, and commitments of the United States; their political, economic, and military implications. Policy decisions currently confronting the United States in various areas of the world. (Formerly 317.)
- 453. INTERNATIONAL POLITICS. 3 cr.** The nation-state system, power politics, processes affecting international relations; sources of tension in international politics and possibilities of their peaceful resolution. (Formerly 315.)
- 457. CONTEMPORARY POLITICAL THOUGHT. 3 cr.** Political thought of the twentieth century; liberalism, modern totalitarianism, conservatism, Freudianism, existentialism, and democracy.
- 461. INTERNATIONAL POLITICAL ECONOMY. 3 cr.** A course focused on the intersection of politics and economies in relations among actors in the international environment. Main topics include: international trade strategies; the political strategies of transnational firms; assessment of international organization; the role of the United States in the contemporary global economy. Prerequisite: 201.
- 463. COMPARATIVE POLITICS OF RACE AND ETHNICITY. 3 cr.** International comparative analysis of how political processes both shape and are shaped by racial and ethnic differences, both within and among nation-states. Prerequisite: 201.
- 465. GLOBAL DEVELOPMENT. 3 cr.** Cross-cultural exploration of the processes of economic and political development in different regions and countries of the world, including discussion of globalization and its character and effects in geographical and political settings. Prerequisite: 201.
- 491. DIRECTED STUDY. 1-3 cr.** Directed study and/or research in selected areas of government. A. National, State, and Local; B. Public Administration and Law; C. Political Theory; D. International Relations; E. Comparative; F. Political Processes. Prerequisite: Advanced standing, approval of department head, and permission of the instructor.

HISTORY (HIST)

Undergraduate Requirements

Required for a major: 111, 112, 201, 202, and 24 additional hours (including 9 hours U. S. history, 9 hours

non-U.S. history and 6 hours of history electives)—Total of 36 semester hours.

Required for a minor: 111, 112, 201, 202, and 9 additional hours —Total of 21 semester hours.

All students electing to major in History must also satisfy the requirements for an academic minor.

For Undergraduates Only

- 110H. HONORS HISTORY. 3 cr.** An introduction to the world's major ideas and historical developments from ancient times to the 1550s. This course will emphasize the contributions of the diverse ancient civilizations to the formation of the modern world. Prerequisite: Admission to the Honors Program or permission of the Honors Council. Substitutes for History 111.
- 111. WORLD CIVILIZATION. 3 cr.** Survey of world history from early humanity to the eighteenth century.
- 112. WORLD CIVILIZATION II. 3 cr.** Survey of world history since the seventeenth century.
- 201-202. UNITED STATES HISTORY. 3 cr. each.** Survey of the political, economic, social, and cultural foundations of American life with emphasis upon the rise of the United States as a world power. 201: To 1877. 202: Since 1877.
- 209H. HONORS HISTORY. 3 cr.** An introduction to the world's major ideas and historical developments from the 1500s through the 1700s. This course will emphasize the contributions of the diverse civilizations to the formation of the modern world. Prerequisite: Admission to the Honors Program or permission of the Honors Council. Substitutes for History 112.
- 219H. HONORS HISTORY. 3 cr.** U.S. history from 1800 to present with emphasis on the U.S. in the context of European and global affairs. Prerequisite: Admission to the Honors Program or permission of the Honors Council. Substitutes for History 201 or 202.
- 300. DIRECTED STUDY. 3 cr. each.** Selected studies in history. Content varies. E. Vietnam: A Television History; F. Heritage-Civilization and the Jews; J. Eyes on the Prize; P. Civil War; R. The Americas; S. America in Perspective: U.S. Since 1877.
- 302. THE WEST. 3 cr.** The historical development of the American West as seen in the videotape series, "THE WEST" by Ken Burns, lectures and readings. The role the West played in molding the American experience will be evaluated.
- 305. LOUISIANA HISTORY. 3 cr.** An overview of Louisiana History from the first Native Americans to the present. Major areas of emphasis include Native American cultures; French and Spanish colonial period; Louisiana Purchase and ante-bellum Louisiana; Civil War and Reconstruction; the Huey P. Long era; and modern Louisiana. Special attention is given to race relations, political and socio-economic developments, and the major personalities who shaped Louisiana.
- 309. ISLAM. 3 cr.** Survey of Islamic history from the inception in 7th century Arabia to the present day. Special emphasis on the religious principles and the institutions of the civilizations to which it gave rise. Attention is given to those factors that continue to make Islam an important force in the world today. (Same as RELG 309.)
- 310. AFRICAN-AMERICAN HISTORY. 3 cr.** Black American history beginning with early West African civilization to the present. Attention will be devoted to immigration, the slave system, civil rights, and modern black movements with emphasis on significant African-American leaders. May not be substituted to meet History requirements in 111-112, 201-202, or 305. (Formerly 105.)
- 312. EASTERN CIVILIZATION. 3 cr.** An introduction to the history of non-western cultures. The civilizations of the Far East, Africa, and the Middle East are examined from their beginnings to the present.
- 330. ENGLISH HISTORY. 3 cr.** A survey of the English and British national experience from the Saxon period to the present. The development of the English political system will be reviewed, as will the rise and decline of England as a major power. The major

emphasis of this class will concentrate on the period 1485 to 1914. England's relationship with both Scotland and Ireland will also be considered in this period. Prerequisites HIST 111, 112.

- 399. HISTORIAN'S CRAFT. 3 cr.** Historical research methods and an introduction to historiography. Prerequisite: History majors only or instructor permission.
- 491. DIRECTED STUDY. 1-3 cr. each.** Directed study and/or research in selected areas of history. A. American History; B. European History; C. Latin American History. Prerequisite: Advanced standing and approval of department head.

For Undergraduates and Graduates

- 408. CONTEMPORARY HISTORY. 3 cr.** A historical perspective on issues and events of the contemporary world. Prerequisites: HIST 112 or 202 or instructor consent.
- 420. THE HOLOCAUST. 3 cr.** This course will confront the background, events, and consequences of the extermination of European Jews during World War II. Prerequisite: HIST 112, 202 or consent of instructor.
- 430. WORLD WAR II. 3 cr.** An examination of the causes, conduct, and immediate aftermath of World War II giving attention to major military campaigns and experiences of war as seen by military leaders and combatants in Asia, Europe, and the Pacific. Prerequisite: HIST 112 or 202.
- 436. THE AMERICAN CIVIL WAR. 3 cr.** The growing sectional conflict between the industrial North and the agrarian South; secession; major wartime problems of the Union and the Confederacy; principal military campaigns in the War's various theaters; the significance of the Civil War in American History. Prerequisite: HIST 201.
- 437. RECONSTRUCTION AND THE NEW SOUTH, 1865-1939. 3 cr.** Reconstruction represented a larger change in the nation's history than the Civil War as the South experienced its evolving stages, but more particularly, dealing with new relationships between the races. Efforts to revive agriculture and industry; the development of politics, education, religion, society, and culture from the post-bellum period through the Depression and the New Deal. Prerequisite: HIST 202.
- 439. THE SOUTH, WORLD WAR II TO THE PRESENT. 3 cr.** World War II proved to be a significant watershed in the South. Emphasis will be placed on its industrialization, agricultural mechanization, and, especially the Second Reconstruction in Civil Rights, as well as its political, economic, religious, social, and cultural development. The South as a section will be placed in its proper perspective within the national experience. Prerequisite: HIST 202.
- 446. U.S. MILITARY HISTORY, 1775-1865. 3 cr.** This course examines the development of the U.S. Military and the wars it fought from the American Revolution through the Civil War.
- 447. U.S. MILITARY HISTORY, 1865-PRESENT. 3 cr.** This course examines the development of the U.S. Military and the wars it fought from the end of the Civil War to the present.
- 450. AMERICAN COLONIAL. 3 cr.** A social history class which will concentrate on four main communities established in North America: New England, Pennsylvania, Virginia, and the Appalachian frontier. The role that religion, Trans-Atlantic influences, and the environment played in the formation of these communities will be considered, as will their different reactions to Native Americans, slaves, and the role of women. The Anglo-American imperial relationship to 1775 will also be reviewed. Prerequisite: HIST 201.
- 451. THE REVOLUTIONARY GENERATION. 3 cr.** The history of the American Revolution, placing it within the Trans-Atlantic community, its impact upon domestic society, and its influence upon the revolutionary generation of England, Ireland, and Europe generally. In considering political developments, attention will also focus upon the Revolution's impact upon women, Native Americans and the institution of slavery. The course will conclude with a review of the Articles of Confederation and the weaknesses of the early Federal Union. Prerequisite: HIST 201.
- 452. THE AGE OF JEFFERSON AND JACKSON. 3 cr.** An investigation into the complex character of Jefferson, his political impact upon the Republic and the ambiguous legacy he left after 1826. Andrew Jackson will be considered as a symbol of a new democratic age. The new Jacksonian spirit will be reviewed in the light of social reform movements, 1815 to 1840. The course will also consider Native-American cultures and the changing attitudes towards slavery. Prerequisite: HIST 201.
- 456. THE GILDED AGE. 3 cr.** Economic, political, and social changes during the rise of industrial America between Reconstruction and the coming of World War I. Prerequisite: HIST 202. (Formerly 438.)
- 458. RECENT AMERICA. 3 cr.** The position of America in world affairs since 1914; the political and economic forces that led to the Depression; World War II and the changing concept of American democracy. Prerequisite: HIST 202. (Formerly 415.)
- 460. THE OLD SOUTH. 3 cr.** The political, economic, and social development of the ante-bellum South. Settlement patterns; sectional distinctiveness; political ideology; development of slavery and the plantation system; abolitionism and slavery defense; and the growth of southern nationalism. Prerequisite: HIST 201. (Formerly 403.)
- 463. ADVANCED LOUISIANA HISTORY. 3 cr. each.** Specialized study of Louisiana history, focusing on personalities and the political, military and socio-economic developments that have shaped the state's history. A. Beginnings to 1803; B. 1803 - 1865; C. 1865 to Present. No more than 6 semester hours may be applied toward degree requirements.
- 464. THE AMERICAN FRONTIER. 3 cr.** The westward movement in America from 1607 to 1890, emphasizing the process of pioneering and the influence of the frontier on American institutions. (Formerly 315.)
- 465. U.S. DIPLOMATIC HISTORY. 3 cr.** American foreign relations from the Revolutionary era to the present with emphasis on the forces that have shaped American foreign policy and on the diplomatic history of the United States from 1898 to the present. Prerequisite: HIST 202. (Formerly 417.)
- 469. AMERICAN CONSTITUTIONAL AND LEGAL HISTORY. 3 cr.** The development of American constitutional and legal systems from the Colonial period to the present. An emphasis will be placed on the Constitutional Convention of 1787 and the intent of the Founding Fathers. Important court decisions will be reviewed up to the Reconstruction period. Later topics, such as civil rights, the imperial presidency and constitutional developments within this century, will also be considered. Prerequisites: HIST 201, 202.
- 470. HISTORY OF BIBLICAL LANDS. 3 cr.** This course is an introduction to the material culture, cultural history and cultural process of the biblical world, with an emphasis on the connections between archaeology and the Bible. Prerequisites: History 111.
- 472. COLONIAL LATIN AMERICA. 3 cr.** Discovery, exploration, and settlement; Spanish and Portuguese colonial systems; political, economic, and social development including the wars of independence. (Formerly 321.)
- 473. MODERN LATIN AMERICA. 3 cr.** The Latin American states from independence to the present; internal problems and progress; international relations. (Formerly 322.)
- 474. HISTORY OF ANCIENT EGYPT. 3 cr.** This course is intended as a broad survey of Egyptian history, culture and archaeology from the Old Kingdom down to the Roman period. It is an introduction to the social, economic, cultural and religious developments of the first nation state in the world. Prerequisites: History 111.
- 475. ANCIENT NEAR EAST AND GREECE. 3 cr.** Egypt, Sumer, Assyria, Babylonia and other civilization in the Ancient Near East from 3100 B.C.E.; Greece from the Mycenaean Period through Periclean Athens. Emphasis on archaeological evidence, political developments, cultural accomplishments. Prerequisite: HIST 111.
- 476. ANCIENT ROME. 3 cr.** Ancient Rome from Romulus through the early Empire, with an emphasis on the development of Roman traditions during the Republic and the transition from Republic to Empire under the Julio-Claudians. Roman government, class structure, and the significance of important historical figures will be emphasized. Prerequisite: HIST 111.
- 477. THE MIDDLE AGES. 3 cr.** The social, cultural, religious, political, and economic history of Europe from the end of the Roman

Empire to the Renaissance. Particular attention is devoted to the Church, feudalism, manorialism, political institutions, and the rise of towns and capitalism. Prerequisite: HIST 111. (Formerly 327.)

- 478. RENAISSANCE AND REFORMATION. 3 cr.** The transition in Western civilization from the medieval to the modern era, 1300 to 1648; cultural, economic, social, religious, and political developments of the era. Prerequisite: HIST 111. (Formerly 411.)
- 479. ABSOLUTISM AND REVOLUTION, 1610-1815. 3 cr.** This course surveys the political, social, economic and cultural history of Europe from the birth of Absolutism to the downfall of Napoleon Bonaparte. In addition to addressing the cultural and intellectual changes of the 17th and 18th centuries, this course will focus on the social and economic developments of the period, changes that ultimately shaped the modern world. Particular emphasis will be given to the emerging nation-state, the new scientific world-view, Enlightenment ideology, and the revolutionary turmoil of the late 18th century. Prerequisite: HIST 112.
- 480. EUROPE, 1815-1890. 3 cr.** This course surveys the political, social, economic and cultural history of Europe from the downfall of Napoleon to the golden age of imperial Europe at the end of the 19th century. Topics considered include the effects of industrialization, the impact of widespread revolution, the unification of Bismarckian Germany, and the spread of European Imperialism. Prerequisite: HIST 112.
- 481. EUROPE, 1890-1945 . 3 cr.** This course surveys European history from the close of the 19th century to the end of World War II. The focus is primarily upon national and international politics, but with careful attention to economic, social and cultural developments in their relationship to political change. Prerequisite: HIST 112.
- 485. ENGLISH CONSTITUTIONAL AND LEGAL HISTORY. 3 cr.** Emphasis on the unique legal and constitutional developments of the English system in Western Europe and their impact on American political thought. The class will consider the notion of limited government, the rule of law and the development of political party government from 1730 to 1979. The latter part of the class will concentrate on the decline of the Liberal Party, the rise of the Labor Party and the important legal reforms since World War II. Prerequisites: HIST 111, 112.
- 487. FRENCH HISTORY. 3 cr.** A survey of French political institutions, cultural developments, and social structure from approximately 800 to the present time. Topics will include Charlemagne, the French Revolution and Napoleon, and France's position in the modern world. Prerequisites: HIST 111, 112. (Formerly 419.)
- 488. REVOLUTIONARY FRANCE, 1789-1871. 3 cr.** A survey of the political, social, economic and cultural history of France from the origins of the French Revolution to the collapse of the radical Paris Commune in 1871. The course will explore the vast changes in France that transformed it from a pre-industrial state of peasants and aristocrats to a world of modern industry and technology. Prerequisite: HIST 112.
- 490. EAST CENTRAL EUROPE SINCE 1400. 3 cr.** This course will examine the social, political, economic, and cultural development of the lands traditionally known as Poland, Hungary, Bohemia, and Ukraine from the late Middle Ages to the present. This course will introduce the main forces and personalities that shaped Eastern European history in the past and continue to shape it today.
- 492. RUSSIA TO 1917. 3 cr.** Founding of the nation, tsarist institutions, conditions leading to the revolutions of 1917. Prerequisite: HIST 112. (Formerly 333.)
- 493. SOVIET UNION AND COMMONWEALTH OF INDEPENDENT STATES. 3 cr.** The revolutions of 1917 and the development of the Soviet system. Political, social, and economic developments in the U.S.S.R. with special attention to the role of the Soviet Union in world affairs. The collapse of the U.S.S.R. and the emergence of the Commonwealth of Independent States. Prerequisite: HIST 112. (Formerly 425.)

- 495. TOPICS IN HISTORY. 1-6 cr. each. Maximum, 6 cr.** Specialized study of topical events in history. Content varies. A. Canada (3 cr.); B. Local and Family History (3 cr.). (Formerly 499.)

HONORS (HONR)

HONORS ARTS 110H. 3 cr. Questions of aesthetics, issues of performance and/or exhibition, and aspects of creativity in one or more of the arts. Course content varies and may link two or more disciplines. Prerequisite: Admission to the Honors Program or permission of the Honors Council.

HONORS COLLOQUIUM 101H. 1 cr. A scheduled gathering to discuss topics relevant to a semester theme. May be repeated for a total of 7 credits. Grades of CR (credit) or NC (no credit) will be assigned. Prerequisites: Admission to the Honors Program or permission of the Honors Council.

HONORS ENGLISH 110H. 3 cr. A writing intensive course which introduces outstanding examples from world literature while developing the skills necessary to think and to write critically. Prerequisite: Admission to the Honors Program or permission of the Honors Council. Acceptance to the Honors Program and successful completion of English 110H substitute for English 102. Honors students are not required to take English 101. English 110H fulfills three hours of the total number of hours in English required in any curriculum.

HONORS ENGLISH 209H. 3 cr. A study of major works of British Literature designed to strengthen the students' critical abilities and writing skills. Prerequisite: Admission to the Honors Program or permission of the Honors Council.

HONORS ENGLISH 219H. 3 cr. A study of major works of American Literature designed to strengthen the students' critical abilities and writing skills. Prerequisite: Admission to the Honors Program or permission of the Honors Council.

HONORS HISTORY 110H. 3 cr. An introduction to the world's major ideas and historical developments from ancient times to the 1550s. This course will emphasize the contributions of the diverse ancient civilizations to the formation of the modern world. Prerequisite: Admission to the Honors Program or permission of the Honors Council. Substitutes for History 111.

HONORS HISTORY 209H. 3 cr. An introduction to the major ideas and historical developments in Western Europe and the New World from the Reformation to 1800. Prerequisite: Admission to the Honors Program or permission of the Honors Council. Substitutes for History 112.

HONORS HISTORY 219H. 3 cr. U.S. history from 1800 to the present with emphasis on the U.S. in the context of European and global affairs. Prerequisite: Admission to the Honors Program or permission of the Honors Council. Substitutes for History 201 or 202.

HONORS MATHEMATICS 201H. 2 cr. A course in the aesthetics of mathematics, including such studies as logic, the history of mathematics, famous impossibilities and unsolved problems. Prerequisites: Five hours of Mathematics at the 111 level or higher and admission to the University Honors Program or permission of the University Honors Council.

HONORS SOCIAL SCIENCE 301H. 3 cr. Discussion and investigation of topics in anthropology, economics, geography, political science, psychology, or sociology. Course content varies and may link two or more of these disciplines. Prerequisite: Admission to the Honors Program or permission of the University Honors Council. (May be repeated for up to six hours of credit.)

HONORS PROJECT 415H. 1-3 cr. Maximum 3 cr. An independent and original project in the major field of the student. Grades of CR (credit) or NC (no credit) will be assigned. Prerequisite: Permission of the Honors Council.

HONORS SEMINAR 410H. 3 cr. Discussion and investigation of a central theme from a multidisciplinary perspective. (May be

repeated for up to nine hours of credit.) Prerequisite: Permission of the Honors Council.

HONORS SPEECH COMMUNICATION 110H. 3 cr. Speech taught more as a liberal art than as a technical art. Emphasis on developing effective rhetorical skills, problem solving, critical thinking, and the place of values in establishing humane goals. Prerequisite: Admission to the Honors Program or permission of the Honors Council. Substitutes for either Speech 101 or 201.

HORTICULTURE (HORT)

Required for a Horticulture minor: 20 semester hours of Horticulture courses.

For Undergraduates Only

- 323. POST HARVEST PHYSIOLOGY. 4 cr.** Physiological changes and problems during artificial ripening, storage and movement of plant materials. Emphasis placed on maintenance and extension of shelf life in relation to changes in the environment. Three hours lecture and two hours laboratory. Prerequisite: AGRI 101 or 103. (Formerly HORT 321, 322).
- 350. FLORAL ARRANGING. 3 cr.** A survey of the art of floral arranging including the basic materials, equipment, design dish and bottle gardens, drying flowers, judging, corsages and specialty pieces. Prerequisites: AGRI 101 or 103.
- 362. ORNAMENTAL HORTICULTURE. 4 cr.** Principles and practices involved in the production, usage and maintenance of woody ornamentals, florist, and greenhouse plants. Three hours lecture and two hours laboratory. Prerequisite: AGRI 101 or 103. (Formerly HORT 360, 361).
- 412. VEGETABLE AND FRUIT INDUSTRY. 4 cr.** Management practices concerning establishment, production, storage and marketing of vegetables and fruits. Three hours lecture and two hours laboratory. Prerequisite: AGRI 101 or 103. (Formerly HORT 410, 411).
- 472. PLANTSCAPES. 4 cr.** The principles, techniques, and concepts used in interior and exterior plantscapes. Three hours lecture and two hours laboratory. Prerequisite: AGRI 101 or 103. (Formerly HORT 470, 471).

For Undergraduates and Graduates

- 401. PLANTS AS TEACHING TOOLS. 3 cr.** The basic concepts concerned in handling plants for the preschool and elementary school child. Selection and development of materials to enhance learning situations and develop an appreciation of the role of plants in life. Not to be taken for major credit or used to satisfy science requirements.

HUMANITIES (HUMN)

For Undergraduates Only

- 101. HUMANITIES. 6 cr.** An interdisciplinary study of man and man's relationship to the world. Beginning with pre-history through the Renaissance. Designed for superior students, the course may be scheduled in lieu of English 101 and History 101. Class meets 6 hours per week.
- 102. HUMANITIES. 6 cr.** A continuation of 101. Beginning with the Age of Reason and concluding with the Twentieth Century. Designed for superior students, the course may be scheduled in lieu of English 102 and History 102. Class meets 6 hours per week. Prerequisite: 101.

- 110. FINE ARTS APPRECIATION. 1 cr. Maximum, 3 cr.** Credit is given for attendance of selected cultural attractions. A. Local. B. New York. C. Britain. D. The Continent.

For Undergraduates and Graduates

- 401. CHANGING VIEW OF THE TWENTIETH CENTURY. 3 cr.** A study of contemporary society, art, science, and culture. Concerned with the problems of "future shock".

INSURANCE (INSU)

Required for a major in Insurance: Accounting 319, Economics 301, Finance 401, Insurance 205, 307, 308, 309, 408, 311, and either Construction 101 or a Business Administration elective - Total of 30 semester hours.

Required for a minor in Insurance: Insurance 205, 307, 308, 309, 408, and 311 - Total of 18 semester hours.

For Undergraduates Only

- 205. RISK AND INSURANCE. 3 cr.** A study of pure risk and risk-bearing, including insurance and non-insurance methods of handling risks; introduction to life, disability, property, marine, and liability insurance. F,Sp
- 307. PROPERTY AND CASUALTY INSURANCE. 3 cr.** The fundamentals of property and casualty insurance, including analysis of contracts, rating, underwriting, regulation, and financial strength of insurers. Prerequisite: INSU 205 or permission of department head. Sp
- 308. BUSINESS RISK MANAGEMENT. 3 cr.** A study of the analysis and treatment of the pure, nonspeculative risks faced by the business firm. The development of the risk management process, exploration of the use of various risk management techniques on identified exposures, and application of the process and those techniques in a risk management case study. Applicable to any business major and to various non-business majors. Introduction to the concept of pure risk and the minimization of its costs to businesses, nonprofit organizations, and government bodies. Prerequisite: INSU 205 or permission of department head.
- 309. LIFE INSURANCE. 3 cr.** Development of the life insurance business; carriers, types of insurance and annuity contracts and their uses, premium and reserve computation and state regulation, and problems on life insurance programs for individuals, families, and institutions. Prerequisite: INSU 205 or permission of department head. F
- 311. HEALTH AND SOCIAL INSURANCE. 3 cr.** Analysis of the nature of health and social insurance; hospitalization and medical insurance, surgical benefits, major-medical coverages, disability income contracts; causes, extent, and economic consequences of old age dependency, unemployment, and disability. Prerequisite: INSU 205 or permission of department head.
- 319. INSURANCE ACCOUNTING. 3 cr.** The use of accounting information to evaluate the financial stability and financial strength of insurance companies. Not open to accounting majors. (Same as ACCT 319). Prerequisite: INSU 205; Junior standing or permission of department head. Sp
- 408. SURPLUS LINES AND REINSURANCE. 3 cr.** A study of the excess and surplus lines markets as well as the reinsurance sector of the insurance industry. With the multinational and complex nature of many firms, more insurance protection is purchased from surplus lines companies or associations like Lloyds of London, or self-insured by way of captive insurers established off-shore. The use of captives often places the firm in the position to deal directly with the reinsurance market. The formation and classification of these companies, their regulation, the products they sell, how they market the products, their accounting procedures, their financial statements, and their comparison to primary insurers, are covered. Prerequisite: INSU 205 or permission of department head.

491. DIRECTED STUDY. 1-3 cr. Individual study of Insurance. Prerequisite: Approval of department head. F, Sp, Sum

For Undergraduates and Graduates

423. INSURANCE SEMINAR. 3 cr. A study of the application of various insurance coverage to fulfillment of personal, business, and social needs. Students are assigned special projects in the field of their interests. Prerequisite: INSU 205 or 307 or 309 or 311 or permission of instructor. Sp, even

INTERDISCIPLINARY MINORS

CLASSICAL STUDIES

Required for a minor: All students must complete 12 hours of Latin plus an additional 18 hours to be chosen from the following courses - no more than 6 hours may come from any one area: English 393, 394; History 475, 476; Philosophy 401, 403; Theatre 415; Latin 208, 303, 308, 401, 408, 418.

FINE ARTS

Required for a minor: Art 201, 202, 6 core hours from Theatre, 6 core hours from Music, and 3 additional hours—all chosen from the courses listed below: Theatre 407, 415, 416; Music 170, 193, 491, 492; Art 426, 429, 495; Dance 424. Students may not use Art 109 or Music 191 to fulfill these requirements. Total of 21 semester hours.

INTERNATIONAL STUDIES

Required for a minor: 6 hours in one modern foreign language at the intermediate level or the equivalent plus six additional courses (18 hours) chosen from the following. The courses chosen should focus on the same area of the world as much as possible and should include at least one course from each group to ensure true cross-disciplinary experience:

GROUP I—Spanish 210, 301, 307, 308, 312, 313, 314, 402, 405, 415; French 302, 403, 404, 415; English 410, 416, 426; Speech 304; German 309, 409, 419.

GROUP II—Sociology 102, 207, 430, 442, 444; Geography 405, 407, 409, 412, 415; Government 440, 441, 450, 453, 457, 461, 463, 465; History 309, 312, 472, 473, 480, 481, 487, 488, 492, 493, 494; Religion 312; Philosophy 320, 321.

GROUP III—Music 494; Art 426, 443A, 443B, 443C; Theatre 442A, 442B.

GROUP IV—Economics 313, 315; Marketing 401; Finance 404.

Foreign language majors must choose their 18 hours outside of foreign language courses.

Total of 18-24 semester hours.

LATIN AMERICAN STUDIES

Required for a minor: 6 hours of Spanish at the intermediate level or the equivalent plus six additional courses (18 hours) chosen from at least three of the following areas: Spanish 301, 312, 314, 402, 407; Sociology 207, 422, 430; Geography 403, 421; Government 441, 463; History 472, 473.

Spanish majors must choose their 18 hours outside the Spanish offerings.

Total of 18-24 semester hours.

SOUTHERN STUDIES

Required for a minor: 18 hours from the following courses with at least 9 hours taken outside of the field of history. Anthropology 410; English 216, 427; Geography 203; History 305, 310, 460, 463; Government 414; Music 192.

Total of 18 semester hours.

WOMEN'S STUDIES

Required for a minor: 18 hours from at least three of the following disciplines. No more than 9 hours may be from any one area. English 250A, 427; Government 414, 429; Speech 325, 341; Sociology 419, 424, 435, 495; Nursing 448.

Total of 18 semester hours.

ITALIAN (ITAL)

105-106. ELEMENTARY CONVERSATIONAL ITALIAN. 3 cr. each. An oral approach to Italian, stressing real-life situations. Cannot be used toward fulfillment of the language requirement.

JAPANESE (JAPN)

101-102. ELEMENTARY. 3 cr. each. An introduction to the Japanese language with emphasis on the development of practical communication skills. Basic conversation and elementary reading and writing will be taught through real-life situations with a focus on the development of oral proficiency.

KINESIOLOGY (KINS)

(Formerly Health and Human Performance)

Undergraduate Requirements

Required for a major in Kinesiology, all concentrations: Kinesiology 201, 211, 221, 241, 321, 365, 408, 411, 417, 432, 437 and 46 semester hours of area of concentration courses - Total of 75 semester hours.

Required for a major in Kinesiology with a concentration in Health and Physical Education (Certification): KINS 202, 306, 319, 334, 335, 355, 403, 431, 438; CURR 375A, 456; READ 418A and PSYC 205 - Total of 75 semester hours.

Required for a major in Kinesiology with a concentration in Exercise Science: KINS 305, 318, 402, 438, 441, 435; CHEM 102, 103, 104; PSCI 101, 102, 103, 104; FCSC 207; NURS 280; SPCH 201; MGMT 301; PSYC 439 - Total of 75 semester hours.

Required for a major in Kinesiology with a concentration in Community Health Education and Promotion: KINS 322, 441, 442, 443, 444, 445, 446, 447; SPAN 101; FCSC 207, 116, ACCT 212; ADED 410; SPCH 426; and CURR 470 - Total of 75 semester hours.

Required for a major in Kinesiology with a concentration in Fitness and Sports Studies: KINS 248 or 249, 305, 317, 318, 319, 320, 333, 335, 402, 413, 419, 435, 438 and 2 hours of coaching courses: SPCH 201; and MGMT 301 - Total of 75 semester hours.

Required for a minor in Kinesiology with a concentration in Health and Physical Education (Certification): KINS 202, 306, 319, 334, 335, 355, 403, 431, 438; CURR 375A, 456; READ 418A, and PSYC 205 - Total of 75 semester hours.

Students planning to apply to a physical therapy program in Louisiana should follow the Exercise Science Concentration with the following exceptions:

- BIOL 120/121 in place of BIOL 114/116
- BIOL 122/123 in place of BIOL 115/117
- CHEM 107/109 in place of CHEM 101/103
- CHEM 108/110 in place of CHEM 102/104
- PHYS 203/209 in place of PSCI 101/103
- PHYS 204/210 in place of PSCI 102/104
- BIOL 214 in place of FCSC 207
- BIOL 240 in place of MGMT 301
- BIOL 311 in place of SPCH 201
- PSYC 401 in place of PSYC 410

It is also suggested that students take an additional six hours (ENGL 220A and SPCH 201) to meet Physical Therapy Program general requirements.

Students who complete all the requirements will graduate with a degree in Kinesiology, Concentration Exercise Science.

For Undergraduates Only

ACTIVITY COURSES CO-EDUCATIONAL

Activity courses meet three hours per week and may be repeated for a maximum of two credit hours.

102. **AEROBIC FITNESS. 1 cr.** Fitness activities that improve cardiorespiratory endurance, flexibility, body composition, muscular strength and endurance.
105. **BADMINTON I. 1 cr.** Skills, techniques, and knowledges of beginning badminton.
106. **TENNIS I. 1 cr.** Skills, techniques, and knowledges of beginning tennis.
108. **SOCCER. 1 cr.** Skills, techniques, and knowledges of beginning soccer.
109. **GOLF I. 1 cr.** Skills, techniques, and knowledges of beginning golf.
111. **ARCHERY. 1 cr.** Skills, techniques, and knowledges of beginning archery.
113. **BOWLING I. 1 cr.** Skills, techniques, and knowledges of beginning bowling.
116. **WATER AEROBICS. 1 cr.** Water activities that improve cardiorespiratory endurance, flexibility, body composition, muscular strength and endurance.
117. **SOFTBALL. 1 cr.** Skill, techniques, and knowledges of beginning softball.
118. **VOLLEYBALL. 1 cr.** Skills, techniques, and knowledges of beginning volleyball.
122. **AEROBIC DANCE I. 1 cr.** Rhythmic activities that improve cardiorespiratory endurance, flexibility, body composition, muscular strength and endurance.
138. **RACQUETBALL. 1 cr.** Skills, techniques, and knowledges of beginning raquetball.
142. **SWIMMING I. 1 cr.** Skills, techniques, and knowledges of beginning swimming.
145. **BASKETBALL. 1 cr.** Skills, techniques, knowledges of beginning basketball.
152. **HANDBALL. 1 cr.** Skills, techniques, and knowledges of beginning handball.
153. **SELF DEFENSE I. 1 cr.** Skills, techniques, and knowledges of beginning self defense.
201. **FIRST AID AND CPR. 1 cr.** First aid to the victims of accidents, sudden illness, cardiac or respiratory emergencies. First aid and CPR certification granted to those meeting agency requirements. Two hours laboratory. (Formerly First Aid and Personal Safety.)
202. **STRENGTH TRAINING FOR SCHOOL AGE CHILDREN. 2 cr.** This course is designed to enhance the candidates's ability to assess and implement safe and appropriate methods in resistance training programs in the school system for children and the adolescent in physical education/athletics. Prerequisite: KINS 211.
211. **FOUNDATIONS OF PHYSICAL EDUCATION. 3 cr.** Basic understanding and familiarization of health, physical education and recreation as a profession; including historical background, principles, trends, curriculum and professional preparation. For Health and Physical Education majors only.
220. **LIFEGUARD TRAINING. 3 cr.** Designed to train and certify an individual to serve as a non-surf lifeguard and as an aquatic facility manager.
221. **CONCEPTS OF PERSONAL WELLNESS. 2 cr.** The purpose of this course is to provide learning opportunities for the development of conceptual and functional knowledge of health-related physical fitness and the role it plays in the development and maintenance of human wellness. The health-behavior-gap is examined, and specific emphasis is placed on the individual long-term preventive and rehabilitative benefits derived from lifelong participation in physical activity. Prerequisite: Kinesiology majors only.
233. **WATER SAFETY INSTRUCTION. 3 cr.** Qualifies individuals to teach and certify American Red Cross Aquatic courses. Prerequisite: 220.
241. **PERSONAL AND COMMUNITY HEALTH. 3 cr.** An orientation course in health which deals with nutrition, stress, exercise, diseases and their prevention.
243. **SCUBA DIVING. 1 cr.** Skills, techniques, and knowledges of beginning scuba diving.
248. **OFFICIATING. 3 cr.** Principles, techniques and practices of officiating with emphasis on rules, rule interpretations and mechanics of basketball and football. Practical experience will be arranged.
249. **OFFICIATING SPRING SPORTS. 3 cr.** This course is designed to enhance the student's ability to understand the basic principles, techniques, and practices of officiating youth sports with emphasis on rules, rule interpretations, and mechanics for Dixie League softball/baseball, FIFA U6-U19 soccer, and USTA tennis.
253. **SELF DEFENSE II. 1 cr.** Continued instruction and practice in the various aspects of self defense.
256. **LIVING WITH HEALTH.—3 cr.** Content and theory related to basic health information; critical health issues; improving and maintaining optimal health and wellness. Students with prior credit in Kinesiology 241 are not eligible to receive credit in Kinesiology 256. Cannot be used to satisfy major or minor requirements.
301. **COACHING FOOTBALL. 2 cr.** Theory, techniques, and skills of coaching football. Prerequisites: KINS 211 and junior standing.
302. **COACHING BASKETBALL. 2 cr.** Theory, techniques, and skills of coaching basketball. Prerequisites: KINS 211 and junior standing.

- 303. COACHING BASEBALL AND SOFTBALL. 2 cr.** Theory, techniques, and skills of coaching baseball and softball. Prerequisites: KINS 211 and junior standing.
- 304. COACHING TRACK AND FIELD. 2 cr.** Theory, techniques, and skills of coaching track and field. Prerequisites: KINS 211 and junior standing.
- 305. TECHNIQUES IN GROUP EXERCISE. 2 cr.** This course is designed to examine current trends and techniques used in the field of group exercise. Prerequisite: KINS 211. Kinesiology majors only.
- 306. INTRODUCTION TO TEACHING HEALTH AND PHYSICAL EDUCATION. 3 cr.** Clinical based course where physical education majors examine teaching physical education in diverse settings. Candidates will examine how students and teachers spend their time during physical education and the impact it has on learning. Prerequisite: KINS 211.
- 318. FITNESS ASSESSMENT TECHNIQUES. 3 cr.** This course is designed to provide the exercise professional with the necessary cognitive and laboratory experiences essential for developing safe and accurate physical fitness testing practices. Prerequisite: KINS 211. Kinesiology majors only.
- 319. INTRODUCTION TO MOTOR LEARNING. 3 cr.** The learning of motor skills to facilitate the implementing of appropriate strategies and techniques for instructional, training, and rehabilitation applications. Prerequisite: KINS 211. Kinesiology majors only.
- 321. SAFETY EDUCATION 3 cr.** Enhances the understanding of safety and delivery of age-appropriate safety education. Prerequisite: KINS 241. (Formerly Health and Human Performance 426).
- 322. SEXUALITY EDUCATION. 3 cr.** Enhances the understanding of human sexuality and delivery of age-appropriate sexuality education. Prerequisite: KINS 241.
- 325. DRIVER EDUCATION AND TRAFFIC SAFETY. 3 cr.** Administrative problems and policies, instructional methods and materials, accident causes and prevention, and content of a high school course in driver education. Prerequisite: Junior standing.
- 333. ACTIVITIES FOR ELEMENTARY SCHOOL. 3 cr.** Materials, techniques and methods of teaching physical education in elementary schools. Sophomore level and above.
- 334. METHODS AND MATERIALS IN PHYSICAL EDUCATION. 3 cr.** Materials, techniques, and methods of teaching physical education in the three different school levels. Prerequisite: Must be admitted to teacher education.
- 335. TEAM SPORTS. 2 cr.** Basic skills, strategies, rules, and teaching procedures of selected team sports. Prerequisite: Health and physical education major.
- 355. LIFETIME SPORTS. 2 cr.** Basic skills, rules, strategies, and teaching procedures of selected individual lifetime sports. Prerequisite: Health and physical education major.
- 365. FITNESS. 3 cr.** Basic knowledge, values, understanding, and teaching procedures of selected fitness programs. Courses also includes a review of health related fitness testing, risk factors, risk stratification, medical history and HPAA compliance. Prerequisite: KINS 211, KINS 221. Kinesiology majors only.
- 402. EXERCISE PROGRAM DESIGN. 3 cr.** This course is designed to apply the principles of exercise leadership to clinical and preventive settings, with particular emphasis on formulation of the exercise prescription. Prerequisite: KINS 318. KINS majors only.
- 403. TESTS AND MEASUREMENTS IN PHYSICAL EDUCATION. 3 cr.** Purposes and needs of testing with emphasis on techniques and administration of tests in physical education. Prerequisite: Must be admitted to teacher education.
- 411. ATHLETIC INJURIES. 3 cr.** The prevention and emergency care of athletic injuries. Prerequisites: KINS 211 and junior standing. Kinesiology majors only.
- 419. MODERN FITNESS. 3 cr.** Lectures and exercises designed to convert deconditioned people to conditioned status with sufficient basic knowledge to remain conditioned for a lifetime. Prerequisite: Junior standing.
- 435. PRACTICUM IN PHYSICAL EDUCATION (GENERAL) 6 cr.** Observation and participation in non-teaching physical education, recreational or health related programs for one semester. Prerequisite: Health and physical education major (general).
- 495. SPECIAL STUDIES IN HEALTH AND PHYSICAL EDUCATION. 1-3 cr.** Selected topics in health and physical education for students not pursuing a degree. May be repeated. Credit may not be applied toward a degree. Grade of CR (Credit) or NC (No Credit) will be awarded.

For Undergraduates and Graduates

- 406. ADVANCED DRIVER EDUCATION. 4 cr.** Curriculum innovations and instructional devices (with lab). In-depth study of curriculum materials and instructional devices and techniques including simulation, multi-media, driving range, on-street instruction, and motorcycle. Instruction in the use of all forms supplied by the State Department of Education. Prerequisites: KINS 325 and junior standing.
- 408. PHYSICAL ACTIVITY FOR STUDENTS WITH SPECIAL NEEDS. 3 cr.** This course examines how physical activities and motor skills can be tasked analyzed and modified to include a wide range of individuals with special needs. Basic knowledge, skills and competencies in Special Education are covered with an emphasis in pedagogical principles.
- 413. MANAGEMENT OF HEALTH, PHYSICAL EDUCATION, AND RECREATION. 3 cr.** The purpose and functions of the management process in the instructional and related area programs in today's classroom as well as experiences in those areas outside the normal classroom setting. Federal and state regulations in education, alternative programs, discipline and other current problems are discussed. Ten (10) hours of classroom observation will be completed during this course. Prerequisite: KINS 211 and Junior standing. (Formerly Administration and Health, Physical Education, and Recreation.)
- 417. SCHOOL HEALTH PROBLEMS. 3 cr.** School health problems and current programs of prevention and protection against disease. Prerequisite: Junior standing. (Formerly Health and Physical Education 417). Education majors only.
- 427. TRENDS IN ELEMENTARY PHYSICAL EDUCATION. 3 cr.** In-depth study of current trends and practices used in teaching and developing a sound physical education program in the elementary school. Prerequisite: Junior standing.
- 431. METHODS AND MATERIALS IN HEALTH EDUCATION. 3 cr.** Materials, techniques, and methods of teaching health in schools. Ten (10) hours of classroom observation will be completed during this course. Prerequisite: Must be admitted to teacher education.
- 432. ANATOMICAL AND PHYSIOLOGICAL KINESIOLOGY. 3 cr.** Application of anatomy and physiology to analysis and improvement of human performance in gross body movement. Prerequisite: Junior standing and KINS 211. KINS majors only.
- 437. PHYSIOLOGY OF EXERCISE. 3 cr.** Acute and chronic physiological changes in response to exercise. Emphasis on the practical application of exercise training for health, fitness, and performance. Prerequisite: Junior standing. Kinesiology majors only. Concurrent enrollment in KINS 438.
- 438. EXERCISE PHYSIOLOGY LABORATORY. 1 cr.** A laboratory course to accompany KINS 437. Emphasis is given to demonstration of physiological responses to exercise testing, as well as other laboratory procedures unique to exercise science. Prerequisite: Credit for or concurrent enrollment in KINS 437. Kinesiology majors only.
- 441. WORKSITE HEALTH PROMOTION. 3 cr.** This course is designed to develop knowledge and awareness of the major issues in the field of worksite health promoting programming, as well as to enhance the ability of future practitioners to develop the professional techniques necessary to fulfill wellness programming needs within corporate fitness/wellness field. Prerequisites: KINS 211, 241 and junior standing.
- 442. HEALTH AND PHYSICAL EDUCATION PROGRAM DEVELOPMENT. 3 cr.** This course is designed to foster the examination, discussion and creation of health physical education

program development. Prerequisite: Permission of instructor. Education majors only.

- 443. EPIDEMIOLOGY FOR THE COMMUNITY HEALTH EDUCATOR. 3 cr.** Introduction to community health education/promotion epidemiology. Prerequisite: KINS 241.
- 444. HEALTH EDUCATION AND PROMOTION PLANNING. 3 cr.** This course will enhance student understanding of community health planning. Prerequisite: KINS 241.
- 445. CONTROVERSIAL ISSUES IN HEALTH. 3 cr.** Enhances student ability to research and debate controversial issues in health. Prerequisite: KINS 322.
- 446. HEALTH EDUCATION/PROMOTION FOR MULTICULTURAL POPULATIONS. 3 cr.** Enhances student ability to deliver health education to multicultural populations. Prerequisite: KINS 321.
- 447. COMMUNITY HEALTH EDUCATION AND PROMOTION PRACTICUM. 3 cr.** Provides student the opportunity to participate in a community health education or promotion programs for one semester. Prerequisite: KINS 441.
- 491. DIRECTED STUDY. 1-3 cr.** Directed study and/or research of A. Health; B. Kinesiology; C. Athletic Injuries; D. Selected Topics. A maximum of six credit hours may be taken. Prerequisite: Approval of department head.

FOR MEN Only

- 119. WEIGHT TRAINING I. 1 cr.** Skills, techniques, and knowledges of beginning weight training.

FOR WOMEN Only

- 161. WEIGHT TRAINING I. 1 cr.** Skills, techniques, and knowledges of beginning weight training.

LATIN (LATN)

Undergraduates Only

Required for a minor: 18 semester hours.

Required for a minor in Education: 24 hours of Latin and 12 additional hours chosen from the following: History 475, 476, Literature in Translation 394, Mythology 303 or 393, English 394; Philosophy 401, 403; Theatre 415 and/or additional Latin courses.

Courses 208, 308, 408, and 418 are undertaken as independent study. Students wishing to enroll in these courses must make the proper arrangements with a member of the Latin faculty prior to registration.

- 101. ELEMENTARY LATIN. 3 cr.** Cultural readings accompanied by the basics of grammar. Work in the computerized Language Learning Center is required.
- 102. ELEMENTARY LATIN. 3 cr.** A continuation of Latin 101. Cultural readings accompanied by the basics of grammar. Work in the computerized Language Learning Center is required. Prerequisite: A "C" or better in LATIN 101 or approval of department head.
- 105. ELEMENTARY LATIN. 6 cr.** Cultural readings accompanied by the basics of grammar. (Same as 101-102.)
- 197, 198, 199. INTERMEDIATE LATIN. 1 cr. each.** Independent study of literary and cultural readings in Latin. Prerequisite: LATN 102 or 105 or permission of department head.
- 201. INTERMEDIATE LATIN. 3 cr.** Cultural readings accompanied by analysis of grammatical content. Prerequisite: LATN 102 or approval of department head.
- 202. INTERMEDIATE LATIN. 3 cr.** Selections from Caesar, Catullus and Cicero. Prerequisite: LATN 201 or approval of department head.

- 203. CLASSICAL STUDIES. 3 cr.** Topics in Roman civilization, culture, language, literature, and religion. Prerequisite: LATN 102 or permission of the department head.
- 208. LITERATURE OF THE LATE REPUBLIC. 1-3 cr. Maximum, 3 cr.** Prerequisite: LATN 202 or approval of department head.
- 303. CLASSICAL MYTHOLOGY. 3 cr.** Mythology of the Greeks and Romans from the creation of the world: tales of the gods, heroes, and great families that have influenced literature, art, and music. (Same as English 393).
- 308. LITERATURE OF THE GOLDEN AGE. 1-3 cr. Maximum, 3 cr.** Prerequisite: LATN 202 or approval of the department head.
- 401. ADVANCED READINGS IN LATIN. 3 cr., maximum 6.** Study in Latin of a specific author or literary genre. Prerequisite: LATN 202 or equivalent.
- 408. LITERATURE OF THE SILVER AGE. 1-3 cr. Maximum, 3 cr.** Prerequisite: LATN 202 or approval of department head.
- 418. MEDIEVAL LATIN. 1-3 cr. Maximum, 3 cr.** Prerequisite: LATN 202 or approval of department head.

LEGAL STUDIES (LEST)

Required for a minor in Legal Studies: Government 205, 413, 414, and 425 (6 credits); History 469 and 485; Philosophy 203—Total of 24 semester hours.

LIBRARY SCIENCE (LIBR)

For Undergraduates Only

Required for School Library Media Certification: 301, 303, 307, 401, 405, 452 and Ed.F. 426—Total of 21 semester hours.

- 301. CHILDREN'S LITERATURE. 3 cr.** Survey of literature for children preschool - grade eight; application of criteria in selecting and evaluating types of literature for developmental and curriculum needs. Extensive reading of children's books. Prerequisite: Approval of instructor.
- 303. YOUNG ADULT LITERATURE. 3 cr.** Study of literature for young adults in grades seven - twelve. Emphasis on reading needs and interests of youth; principles of selection and evaluation; and extensive reading of books.
- 307. SCHOOL LIBRARY MEDIA ADMINISTRATION. 3 cr.** Administration of school library media centers with emphasis on programs of service, objective and standards, and such management problems as acquisitions, mechanical preparation of materials, budgets, facilities, and evaluation. Includes clinical experiences and six hours of observations in library settings.
- 452. LIBRARY PRACTICUM. 3-6 cr.** Designed to give the prospective library media specialist supervised experience in all phases of librarianship. A minimum of six hours per week (100 total clock hours) at a designated site. Prerequisites: 301, 303, 307, 401, 405, or consent of instructor. Must be admitted to Teacher Education.

For Undergraduates and Graduates

- 401. LIBRARY REFERENCE MATERIALS. 3 cr.** Introduction to principles and methods of reference work with emphasis on characteristics of basic and specialized reference sources; assessing new technologies for retrieval of information; teaching use of reference materials; and clinical experiences. Prerequisite: Jr. level or consent of instructor. (Formerly Information Sources and Services.)

- 405. ORGANIZATION OF LIBRARY MATERIALS. 3 cr.** Basic principles of cataloging and classifying library materials. Includes clinical experiences. Prerequisite: Jr. level or consent of instructor.

LINGUISTICS (LING)

For Undergraduates and Graduates

- 451. LANGUAGE AND CULTURE. 3 cr.** An overview of linguistic concepts and theories. Attention will be given to the history of language study and to the phenomenon of language acquisition from cultural and social viewpoints.

MANAGEMENT (MGMT)

Required for a major in Management: 305, 307, 309, 402, 414; Entrepreneurship 433; six hours of Management electives and six hours of Marketing electives — Total of 30 semester hours.

Required for a minor in Management: 301, 305, 307, 309; six hours of Management electives—Total of 18 semester hours.

For Undergraduates Only

- 203. SUPERVISION. 3 cr.** Consideration of the supervisor and relations with subordinates, colleagues, superiors, unions, and society. Managerial aspects of the first level supervisory position regardless of technical specialties, business or non-business, are emphasized.
- 301. MANAGEMENT CONCEPTS AND PRACTICE. 3 cr.** Survey of the administrative and behavioral processes fundamental to the successful operation of various types of enterprise. Planning, organizing, leading and controlling in organizations which interact with their economic, technological, social, political, ethical and global environment. Prerequisite: Junior standing. F, Sp, Sum
- 305. ORGANIZATIONAL BEHAVIOR. 3 cr.** Study of human behavior in organizational settings; perception, motivation, decision making, creativity, communication, leadership, group processes, behavioral change, and related topics. Prerequisite: Junior standing or approval of department head. F, Sp, Sum
- 306. MANAGEMENT IN THE HOSPITALITY INDUSTRY. 3 cr.** Management functions applied to the hospitality industry. Covers food service, lodging, travel, tourism, and recreational components in the domestic and international marketplace. Sp
- 307. HUMAN RESOURCE MANAGEMENT. 3 cr.** Manpower planning, recruitment, selection, appraisal, compensation, transfer and promotion, safety; other personnel topics. Prerequisite: 301 or approval of department head. F, Sum
- 308. COMPENSATION AND BENEFITS. 3 cr.** Compensation and benefits administration in public and private organizations, emphasizing determinants of compensation and benefits including corporate policy, job analysis and job evaluation. Prerequisite: MGMT 301 or 305 or consent of instructor. F
- 309. OPERATIONS MANAGEMENT. 3 cr.** The planning and controlling of key business operations: forecasting, designing worker tasks, designing quality into the processes and into the service/product, capacity management, and total resource management (personnel, materials, equipment, capital). Prerequisites: 301; MATH 116; or consent of instructor. F, Sp, Sum
- 315. STAFFING. 3 cr.** Analysis of staffing systems including personnel planning, recruitment, selection, and placement practices with emphasis on laws and regulations influencing the staffing function. Prerequisite: MGMT 301 or 305 or consent of instructor. F

- 320. HUMAN RESOURCES DEVELOPMENT. 3 cr.** Human resources development (HRD) from both an organizational and an individual point of view. Includes methods and media used in HRD and employee performance appraisal as a means of identifying HRD needs. Prerequisite: MGMT 301 or 305 or consent of instructor. Sp

- 402. INTERNATIONAL BUSINESS MANAGEMENT. 3 cr.** The spheres, growth, management challenges, and importance of international business to include: the development of international business, the global environment, production and distribution logistics, technology, risk analysis, transfer pricing, strategic planning, human resources, public policy and joint ventures. Prerequisite: MGMT 301 or 305 or consent of instructor. F

- 405. MOTION ECONOMY AND TIME ANALYSIS. 3 cr.** Principles of motion economy as related to the human body, the work place, and tools and equipment. Techniques of making time and motion studies; development of setup standards on machine performance; time study as a basis of cost control. Prerequisite: MGMT 301. Sp

- 409. STRATEGIC MANAGEMENT. 3 cr.** Policy and strategy formulation and implementation from an overall management perspective requiring integrative analysis of business functions and disciplines as affected by social, ethical, environmental, and international competitive influences. Prerequisites: Business Law 401, Computer Science 170, Finance 315, Management 301, Marketing 301, Business 305, Quantitative Methods 210, and Senior standing in the College of Business Administration. F, Sp, Sum

- 410. SEMINAR IN HUMAN RESOURCE MANAGEMENT. 3 cr.** Contemporary personnel and human resources problems such as staffing, compensation and benefits, human resources development, health and safety, employee and labor relations, and personnel research. Prerequisite: MGMT 301 or 305 or consent of instructor. Sp

- 411. ADVANCED PRODUCTION AND OPERATIONS MANAGEMENT I. 3 cr.** Inventory management including objectives, policies, systems and techniques. Just-in-time techniques and implementation, JIT effects on quality and human resources. Forecasting, order servicing, production and resource planning and master scheduling. Prerequisite: MGMT 309. F

- 412. ADVANCED PRODUCTION AND OPERATIONS MANAGEMENT II. 3 cr.** Material and capacity requirements planning, including MRP and CRP techniques and concepts. Production activity control which focuses on lead-time management and measurement of controls. Implementation of production systems and technologies. Prerequisite: MGMT 309. Sp

- 413. SUPPLY CHAIN MANAGEMENT. 3 cr.** Management and integration of the supply chain over the entire channel of distribution. Proactive procurement and control of materials and services in a global environment. Topics: inventory control, quality control, production scheduling, materials handling, storage, contracting, make or buy analysis, value analysis, outsourcing, transportation, and salvage. Prerequisite: MGMT 301 or MRKT 301 or consent of instructor. F

For Undergraduates and Graduates

- 407. COLLECTIVE BARGAINING. 3 cr.** Process of developing and administering agreements between labor and management concerning terms and conditions of employment. Theoretical analysis research reports, and actual bargaining. Prerequisite: 301 and Senior standing or approval of department head. Sp

- 414. QUALITY MANAGEMENT. 3 cr.** Management of the continuous quality improvement process. Emphasis is on service and manufacturing industries. Covers a variety of methods and procedures for quality analysis and improvement. Prerequisite: MGMT 309 or consent of instructor. Sp

- 481. CONTINUING STUDIES IN MANAGEMENT. 3 cr.** Applied general management for students not pursuing a degree. May be repeated. Credit may not be applied toward a degree in the College of Business Administration. Grades of CR (Credit) or NC (No Credit) will be awarded. F, Sp, Sum

MARINE SCIENCE (MNSC)

For Undergraduates Only

- 201. INTRODUCTION TO MARINE SCIENCE. 4 cr.** Introduction to physical, chemical, geological, and biological processes and interactions in the oceans and coastal environments; interrelationships of man and the marine environment; emphasis on field work. Prerequisites: Introductory science course and permission of instructor. Offered summers only. Five weeks at a Louisiana Universities Marine Consortium coastal laboratory.
- 301. INTRODUCTION TO MARINE ZOOLOGY. 4 cr.** Field and laboratory survey of marine animals, particularly those of the Louisiana Gulf Coast, including classification, morphology, physiology, and ecology. Prerequisites: Biology 204, 205, 208, 209; permission of instructor. Offered summer only. Five weeks at a Louisiana Universities Marine Consortium coastal laboratory.
- 491. SPECIAL PROBLEMS IN MARINE SCIENCE. 1-6 cr.** Directed research and study at a coastal laboratory of the Louisiana Universities Marine Consortium. By arrangement.

For Undergraduates and Graduates

- 401. MARINE BOTANY. 4 cr.** Study of marine and coastal algae and vascular plants, including classification, morphology, life cycles, and ecology; emphasis on field and laboratory studies. Prerequisites: 12 hours botany including Biology 438; permission of instructor. Offered summer only. Five weeks at a Louisiana Universities Marine Consortium coastal laboratory.
- 410. MARINE ECOLOGY. 4 cr.** Relationships of marine and estuarine organisms to environmental factors; interactions among organisms; ecological processes of energy and materials flow; field studies of communities and ecosystems of the Louisiana coastal zone. Prerequisite: Biology 204, 205, 330, 332; Chemistry 107, 109; permission of the instructor. Offered summer only. Five weeks at a Louisiana Universities Marine Consortium coastal laboratory.
- 420. MARINE MICROBIOLOGY. 4 cr.** Introduction to the estuarine and marine microbes, especially bacteria and fungi; classification, methodology, role in marine ecosystems, biogeochemical cycles, and diseases of marine animals. Prerequisites: 12 hours of biology, including Biology 214, 215; permission of instructor. Offered summer only. Five weeks at a Louisiana Universities Marine Consortium coastal laboratory.
- 450. MARINE INVERTEBRATE ZOOLOGY. 4 cr.** General study of the classification, structure, function, and ecology of marine and estuarine invertebrates; emphasis on field studies of invertebrates of the Louisiana Gulf Coast. Prerequisites: 8 semester hours of zoology and permission of instructor. Offered summer only. Five weeks at a Louisiana Marine Consortium coastal laboratory.
- 455. MARINE VERTEBRATE ZOOLOGY. 4 cr.** Field and laboratory studies of marine vertebrates with particular emphasis on the fishes, including classification, structure, function, and ecology. Prerequisites: 16 semester hours of zoology and permission of instructor. Offered summer only. Five weeks at a Louisiana Universities Marine Consortium coastal laboratory.
- 460. COASTAL MARINE GEOLOGY. 4 cr.** Geomorphologic features of estuarine, coastal, and continental shelf environments; erosional, depositional, and geochemical processes; field and laboratory methods. Prerequisites: physical and historical geology; general chemistry or mineralogy; and permission of instructor. Offered summer only. Five weeks at a Louisiana Universities Marine Consortium coastal laboratory.
- 470. MARINE ENVIRONMENTAL CHEMISTRY. 4 cr.** Chemical composition of the oceans; chemical, biological, and geological interactions. Prerequisites: 16 semester hours of chemistry and permission of instructor. Offered summer only. Five weeks at a Louisiana Universities Marine Consortium coastal laboratory.
- 480. MARINE SCIENCE FOR TEACHERS. 4 cr.** Survey of the marine sciences; field and classroom techniques for the teaching of marine science at the elementary and secondary school levels. Credit can be applied only to degrees in education. Offered

summer only. Five weeks at a Louisiana Universities Marine Consortium coastal laboratory or participating state university.

MARKETING (MRKT)

Required for a major in Marketing: 302, 305, 308, 403, 406, 407, 409; three hours of Marketing electives; Management 309 and 413—Total of 30 semester hours.

Required for a minor in Marketing: 301, 302, 308, 409; six hours of Marketing electives—Total of 18 semester hours.

For Undergraduates Only

- 301. FUNDAMENTALS OF MARKETING. 3 cr.** Marketing by the firm in a competitive economy at the local, national, and international level. Emphasis on the development, implementation, and control of marketing strategies including market target identification and the design of a marketing mix. Prerequisite: Junior standing. F, Sp, Sum
- 302. CONSUMER BEHAVIOR. 3 cr.** A study of the contribution of psychology, sociology, anthropology and other behavioral sciences to marketing management. Prerequisite: Credit or registration in MRKT 301; PSYC 201. F, Sum
- 304. SALES MANAGEMENT. 3 cr.** Organization of sales departments; selecting; training, compensating, motivating, and maintaining sales personnel; budgeting; distribution cost analysis; special problems in managing an outside sales force. Prerequisite: MRKT 301. Sp
- 305. PERSONAL SELLING. 3 cr.** The fundamental principles of selling; the economic problems connected with personal selling; an analysis of the product and the market; the interview; and building good will. Prerequisite: MRKT 301. F, Sp, Sum
- 307. RETAILING. 3 cr.** Marketing to ultimate consumers. Operation of a retail outlet; store organization, displays, location, layout, purchasing, retail advertising, product analysis, personnel management, store services, and operating controls. Prerequisite: MRKT 301. Sp
- 308. MARKETING RESEARCH. 3 cr.** Modern marketing research techniques and their application by management to problems involving marketing strategy development, implementation, and control. Prerequisites: 301; six hours of Marketing electives; MATH 116 or consent of instructor. F
- 330. ENTREPRENEURIAL MARKETING. 3 cr.** Marketing during the start up and growth stage of new ventures in a dynamic economy at the local, national, and international level. Emphasis on the application of marketing fundamentals in new growing ventures. Prerequisite: Junior standing. (Same as ENTR 353)
- 407. ADVERTISING AND SALES PROMOTION. 3 cr.** The nonpersonal promotion strategies of modern business. Consideration of budgets, media, messages, and timing of advertising effort. Prerequisite: MRKT 301. F, Sp
- 409. MARKETING MANAGEMENT. 3 cr.** Analysis of actual business situations requiring decisions by marketing executives in the marketing mix and environmental areas of marketing. Prerequisites: Six hours of Marketing above MRKT 301. Sp, Sum
- 410. PROFESSIONAL SELLING. 3 cr.** An in-depth study of professional selling. Emphasis is placed on negotiating skills, customer relationship management, and general sales-related topics including sales automation, team selling, conflict resolution, ethical issues, and time/territory management. Prerequisites: MRKT 301 and MRKT 305. Sp
- 411. INTEGRATED MARKETING CAMPAIGNS. 3 cr.** The study of integrated marketing communication campaign strategies used by businesses and non-profit organizations. Students develop advertisements, public relations releases, sales promotion tools, and direct marketing pieces to coincide with their campaign plan. Prerequisites: MRKT 301 and MRKT 407. F

For Undergraduates and Graduates

- 401. **INTERNATIONAL. 3 cr.** All phases of marketing as applied in an international operation: research, marketing channels, promotion, financing, pricing, licensing, organization requirements, and methods of coordination. Prerequisite: MRKT 301. F
- 403. **SERVICES MARKETING. 3 cr.** Study of the special characteristics of service enterprises and the development of marketing strategies for such organizations. Prerequisites: MRKT 301. Sp, Sum
- 406. **BUSINESS-TO-BUSINESS MARKETING. 3 cr.** Strategies and tactics used in marketing complex technologies and services to industrial firms. Emphasis is given to value and vendor analysis as key elements in business-to-business marketing. Prerequisite: MRKT 301. F

**MASS COMMUNICATIONS
(MCOM)**

Core Requirements for the major: 100, 201, 210, 370, 380, 390, 481, and 490. Additional requirements for each of the four concentrations in Mass Communications appear in the College of Arts and Sciences section.

Requirements for a minor in Mass Communications: 201, 210, 380, 481, plus six hours of MCOM electives, 3 hours of which must be at the 300- or 400-level - total of 18 hours.

For Undergraduates Only

- 100. **MASS COMMUNICATIONS CAREER PLANNING. 0 cr.** Orientation seminar emphasizing academic expectations, professional development and employment opportunities. Grades of CR (credit) and NC (no credit) awarded. F only.
- 101. **SURVEY OF MASS MEDIA FOR USERS. 3 cr.** A critical survey of print and electronic media designed to enhance the user's media literacy and media consumer skills. For non-MCOM majors only.
- 201. **MASS COMMUNICATIONS AND SOCIETY. 3 cr.** History, structure and practices of media industries and professions, and their roles in society; introduction to issues, vocabulary and technological trends for media producers.
- 202. **ANNOUNCING. 3 cr.** The role of the announcer; principles of communication in the electronic media; voice and diction, including foreign pronunciation; techniques for various program types A \$15 fee is charged each student to help defray expenses related to this course.
- 210. **WRITING FOR MEDIA. 3 cr.** Introduction to writing for mass media, including basics of print and broadcast newswriting, print and broadcast copywriting, and writing for online media, with special attention to the AP Stylebook. Prerequisite: ENGL 101.
- 220. **EVOLUTION OF AMERICAN JOURNALISM. 3 cr.** The struggle of American journalists from colonial to modern times to develop, preserve and extend responsible reporting in print and electronic media.
- 221. **EVOLUTION OF BROADCASTING. 3 cr.** History of the development of radio, television, cable, satellite and other electronic media industries and media production practices.
- 222. **EVOLUTION OF FILM. 3 cr.** History of the motion picture medium emphasizing development of narrative techniques, technical capabilities, and purposes for which films are made. A \$10 fee is charged each student to help defray expenses related to this course. (Same as ENGL 210.)
- 300. **DIRECTED STUDY. 3 cr.** Selected studies in mass communications. Content varies. Prerequisite: Consent of advisor and instructor.
- 311. **FEATURE WRITING. 3 cr.** Preparation of human interest and feature articles for newspapers and magazines. Prerequisite: MCOM 210 or consent of department head.
- 312. **BROADCAST COPYWRITING. 3 cr.** Preparation of short-form copy for radio and television, including public service, advertising and promotional material, with emphasis on the relationship between writers and users of electronic media. Prerequisite: MCOM 210.
- 330. **JOURNALISM I. 3 cr.** Concepts, theories, and practices of writing news for print and broadcast media, including news judgement, use of sources, organizing information, and copy editing. Introduction to news reporting for print and broadcast. Prerequisites: MCOM 210, ENGL 102, passing grade on departmental grammar exam.
- 331. **JOURNALISM II. 3 cr.** Builds upon MCOM 330 with development of news gathering, writing and editing for print and broadcast media, emphasizing interviewing techniques, newscasting and special events and stories. Students will be assigned campus beats. Prerequisite: MCOM 330.
- 340. **ADVERTISING PRINCIPLES. 3 cr.** Survey of the role and function of advertising in society: structures, media roles, and basic techniques and creative strategies as they apply to print and electronic media. Prerequisite: Sophomore standing.
- 341. **BROADCAST PROGRAMMING. 3 cr.** Analysis of program forms used in the electronic media, effective program structure, and consideration of the audience in relation to programming. Prerequisite: Sophomore standing.
- 350. **AUDIO PRODUCTION. 3 cr.** Introduction to audio production for radio, video, film and music recording, including principles, equipment, pre-production, production, and post-production. A \$15 fee is charged each student to help defray expenses related to this course. Prerequisite: Sophomore standing.
- 351. **PHOTOCOMMUNICATION. 3 cr.** Introduction to photo-communication for print media, using digital technology in news, public relations, and related mass communications applications. Prerequisite: Sophomore standing.
- 352. **VIDEO PRODUCTION. 3 cr.** Introduction to in-studio video production, including camera techniques and effects, equipment utilization and lighting. A \$15 fee is charged each student to help defray expenses related to this course. Prerequisite: Sophomore standing.
- 353. **FILM PRODUCTION. 3 cr.** Introduction to cinematography, production techniques, equipment utilization and editing in 8mm and 16mm formats. A \$15 fee is charged each student to help defray expenses related to this course. Prerequisite: Sophomore standing.
- 354. **ELECTRONIC MEDIA DESIGN. 3 cr.** Graphics, typography, layout, design and related creative techniques for a variety of mass communications applications. Prerequisite: MCOM 330 or approval of department head.
- 360. **PUBLIC RELATIONS PRINCIPLES. 3 cr.** Overview of the evolution, structure, principles and practices of the public relations profession, emphasizing human behavior in social situations and the role of public opinion in contemporary society. Prerequisite: MCOM 330.
- 361. **PUBLIC RELATIONS WRITING AND PLANNING. 3 cr.** Publicity planning, writing for all media, and developing techniques for working with mass media and other publics. Prerequisite: MCOM 360.
- 370. **MASS COMMUNICATION THEORY AND RESEARCH. 3 cr.** Theories and research techniques for the study of mass communications processes and effects, emphasizing methods of audience identification, measurement and evaluation for print and electronic media. Prerequisites: MATH 111 or higher; junior standing.
- 380. **MASS COMMUNICATION ETHICS 3 cr.** Theories of ethics and the practice of ethical decision-making in mass communications professions and situations. Prerequisite: Junior standing.
- 390. **PRACTICUM. 1 cr.** Supervised, on-campus application of methods and techniques in an area of mass communications. Prerequisite: Completion of 9 credit hours in the major; approval of advisor and supervisor.

- 401. MASS COMMUNICATIONS SEMINAR (non-repeatable) 3 cr.** Scholarly approaches to contemporary topics in mass communications. Content varies. Prerequisite: Junior standing.
- 491. DIRECTED STUDY. 1-3 cr.** Individualized study of selected topics in the field of mass communications. Prerequisites: Junior standing; approval of advisor and directed study supervisor.

For Undergraduates and Graduates

- 411. OPINION WRITING. 3 cr.** Analysis of news media editorial policy and study of the principles of interpretive comment on current affairs, with emphasis on editorial writing and presentation. Prerequisite: MCOM 210 or consent of department head.
- 412. SCRIPTWRITING. 3 cr.** Preparation of scripts for all long-program formats, with emphasis on writing and marketing radio, television, and film drama and documentaries. Prerequisite: MCOM 210 or consent of department head.
- 432. ADVANCED REPORTING FOR PRINT MEDIA. 3 cr.** Depth reporting and critical writing on police, court, political, financial, governmental and other social events and issues. Prerequisite: MCOM 331.
- 433. ELECTRONIC NEWS GATHERING. 3 cr.** Concepts and practices of news coverage for the electronic media, with special attention to field techniques, visualization and editing. A \$15 fee is charged each student to help defray expenses related to this course. Prerequisite: MCOM 331.
- 435. JOURNALISM MANAGEMENT. 3 cr.** Methods and practices for the production, promotion, and management of print and broadcast news; issues and techniques of managing and leading media companies in rapidly changing business and cultural environments. Prerequisite: Junior standing.
- 440. MEDIA SALES AND PROMOTIONS. 3 cr.** In-depth study of selling for media, from prospecting to servicing accounts, with emphasis on adapting sales techniques to the special needs of print and broadcast media. Prerequisite: Junior standing.
- 445. BROADCAST MANAGEMENT. 3 cr.** Organization and administration of broadcast stations and other electronic media systems, with attention to operations, community relations, and financial management. Prerequisite: Junior standing.
- 450. ADVANCED AUDIO PRODUCTION. 3 cr.** Theory and advanced techniques of audio production for radio, video, film and music recording, from conception through completion, emphasizing multi-track, non-destructive, and non-linear production. A \$15 fee is charged each student to help defray expenses related to this course. Prerequisite: MCOM 350.
- 451. ADVANCED PHOTOCOMMUNICATION. 3 cr.** Theory and techniques of photocommunication for print media, emphasizing use of still photography for in-depth investigating and reporting. Prerequisite: MCOM 351.
- 452. ADVANCED VIDEO PRODUCTION. 3 cr.** Theory and techniques of video production from conception to completion, for a variety of mass communications applications. A \$15 fee is charged each student to help defray expenses related to this course. Prerequisite: MCOM 352.
- 453. ADVANCED FILM PRODUCTION. 3 cr.** Theory and principles of filmmaking from conception to completion, for a variety of mass communications applications. A \$15 fee is charged each student to help defray expenses related to this course. Prerequisite: MCOM 353.
- 454. ADVANCED ELECTRONIC MEDIA DESIGN. 3 cr.** Theory and principles of electronic media design from conception to completion, for a variety of mass communications applications emphasizing multimedia. Prerequisite: MCOM 354.
- 460. PUBLIC RELATIONS CAMPAIGNS. 3 cr.** Use of research to identify problems and development of strategies to meet public relations needs for actual clients. Prerequisites: MCOM 361 and 370.
- 465. PUBLIC RELATIONS CASE STUDIES. 3 cr.** Case studies in managing public relations problems in industry, labor, education, government, social welfare, and trade organizations. Prerequisite: Junior standing.
- 471. VISUAL COMMUNICATION. 3 cr.** Theories of perception, methods of analysis of visual media, and principles and strategies of visual communication, emphasizing critical thinking about the role and function of media in society.
- 472. ELECTRONIC MEDIA ANALYSIS AND CRITICISM. 3 cr.** Critical methodologies and analysis of electronic media content and programming, emphasizing aesthetic, historical, social, cultural, and industrial factors affecting audience response. Prerequisite: Junior standing.
- 473. FILM ANALYSIS AND CRITICISM. 3 cr.** Theories and practices in the analysis and criticism of film as an art form and an entertainment medium; evaluation of trends in film presentations. A \$10 fee is charged each student to defray expenses related to this course. Prerequisite: Junior standing. (Same as ENGL 304.)
- 481. MASS COMMUNICATIONS LAW. 3 cr.** Legal limitations and privileges affecting publishing, advertising, broadcasting, telecasting; consideration of legal philosophy bearing on mass communications media. Prerequisite: Junior standing.
- 482. BROADCAST REGULATION. 3 cr.** The study of electronic media law and the Federal Communication's rules and procedures, including an examination of current trends of the Commission and their possible effects on the industry and society. Prerequisite: MCOM 481.
- 490. INTERNSHIP. 2 cr.** Field experience under the general supervision of a faculty member and the direct supervision of an industry professional, with academic components including a final paper and presentation. Prerequisites: Completion of 15 hours of Mass Communications coursework including MCOM 390 and approval of academic advisor, faculty internship supervisor and site supervisor.

MATHEMATICS (MATH)

Undergraduate Requirements

Required for a major: 131, 132, 202, 232, 240, 380, 386, two additional courses numbered 300 and above, and three additional 400 level courses, for a total of 39 semester hours.

Required for a major (Mathematics Education): 113, 131, 132, 202, 232, 240, 303, 307, 386, and one hour of mathematics elective. Total of 31 semester hours. (See specific degree plan in the College of Education and Human Development section).

Required for a minor: 131, 132, 202, 240, plus 2 courses numbered 300 or above for a total of 20 semester hours.

Required for a minor (Mathematics Education): 113, 131, 132, 202, 232, 307. Total of 21 semester hours. Teacher certification in this minor area requires 30 credit hours or the Praxis content specialty exam.

For Undergraduates Only

All students whose placement criteria tests indicate that they are deficient in basic algebraic skills will be required to pass MATH 093 with a "C" or better before enrolling in any Mathematics course numbered 100 or above.

Because of substantial overlap in content:

Only one course from the following may be taken for credit toward graduation: MATH 110 or MATH 111.

Only one course from the following list may be taken for credit toward graduation: MATH 111, and MATH 113; Only one course from the following list may be taken for credit toward graduation: MATH 112 and

MATH 113; Only one course from the following list may be taken for credit toward graduation: MATH 114 and MATH 131.

Successful completion of Math 110 or 111 and 112 may substitute for Math 113.

- 093. INTRODUCTORY ALGEBRA. 3 cr.** Review of fundamentals; operations and properties of rational and real numbers; solutions and linear equations and applications; graphing linear equations and inequalities in two variables; solving systems of linear equations; exponents and polynomials; factoring polynomials; simplifying rational and radical expressions; solving fractional, radical, and quadratic equations. Three semester hours will be added to the degree program of any student required to take this course. Open only to students whose Math ACT is less than 18.
- 110. COLLEGE ALGEBRA WITH REVIEW. 5 cr.** Real numbers, functions, inequalities, systems of equations, finance and a review of fundamentals. Credit in MATH 110 is equivalent to MATH 111. Prerequisite: Math ACT from 18 to 20 or successful completion of Math 093.
- 111. COLLEGE ALGEBRA. 3 cr.** Real number system, functions, linear equations and inequalities, systems of equations and inequalities, quadratics, complex numbers, polynomial equations, arithmetic and geometric series, permutations and combinations. Prerequisite: Open only to students whose Math ACT is 21 or higher.
- 112. TRIGONOMETRY. 3 cr.** Trigonometric functions, trigonometric identities and equations, logarithms, vectors, complex numbers. Prerequisite: A grade of "C" or better in MATH 110 or 111.
- 113. ELEMENTARY FUNCTIONS. 3 cr.** A pre-calculus course emphasizing functions of algebraic, trigonometric, and transcendental nature. This course is designed for those students who intend to enroll in calculus. Prerequisite: Open only to students whose Math ACT is 21 or higher.
- 114. APPLIED CALCULUS FOR THE LIFE SCIENCES. 3 cr.** A study of the concepts of differential and integral calculus with applications from the life sciences. Prerequisite: A grade of C or better in Math 110 or 111.
- 116. ELEMENTARY STATISTICS. 3 cr.** Introduction to descriptive statistics, probability, binomial and normal distributions, hypothesis testing, correlation and regression. Not applicable to a major or minor in mathematics or computer science. Prerequisites: A grade of "C" or better in MATH 110, 111, 113 or 114.
- 118. THE NATURE OF MATHEMATICS. 3 cr.** Selected topics from logic, set theory, number theory, graph theory, combinatorics, and geometry. Intended for liberal arts degree programs. Prerequisite: A grade of "C" or better in MATH 110, 111, 113, or 114.
- 131. CALCULUS. 4 cr.** Functions, limits and continuity, derivatives, applications of the derivative, the integral, conic sections. Prerequisite: A grade of "C" or better in MATH 113 or permission of instructor.
- 132. CALCULUS. 4 cr.** Inverse functions, techniques of integration, applications of the integral, sequences and series. Prerequisite: A grade of "C" or better in MATH 131.
- 201H. HONORS MATHEMATICS. 2 cr.** A course in the aesthetics of mathematics, including such studies as logic, the history of mathematics, famous impossibilities and unsolved problems. Prerequisites: Five hours of Mathematics at the III level or higher and admission to the University Honors Program or permission of the University Honors Council.
- 202. APPLIED LINEAR ALGEBRA. 3 cr.** An introduction to the application of matrix algebra. Emphasis on the application of procedures and algorithms. Prerequisite: A grade of "C" or better in MATH 131 or 114. Sp
- 209. DYNAMICAL SYSTEMS AND CHAOS. 3 cr.** Covers fractals, the historical perspectives of Chaos, Koch curves, Cantor, Julia, and Mandelbrot sets, time series, population studies, and how Chaos involves other branches of science. Students should have access to either a graphing calculator or portable computer. Prerequisite: A grade of "C" or better in MATH 131 or MATH 114 or approval of department head.
- 232. CALCULUS. 4 cr.** Vectors, lines, and planes, vector valued functions, partial derivatives, multiple integrals, calculus of vector fields. Prerequisite: A grade of "C" or better in MATH 132. Sp
- 240. FOUNDATIONS OF MATHEMATICS. 3 cr.** Introduction to logic and proofs, set theory, functions and structures relating to algebra and analysis. Prerequisite: A grade of "C" or better in MATH 131. F
- 250. NUMERICAL FOUNDATIONS FOR TEACHERS. 3 cr.** A survey of elementary number theory, operations, and algorithms. For Elementary Education majors only. Prerequisite: A grade of "C" or better in MATH 110 or MATH 111.
- 251. PROBABILITY AND DATE ANALYSIS FOR ELEMENTARY TEACHERS. 3 cr.** A survey of descriptive statistics and probability. For Elementary Education majors only. Prerequisite: A grade of "C" or better in MATH 250.
- 252. MATHEMATICAL FOUNDATIONS FOR ELEMENTARY TEACHERS. 3 cr.** A survey of patterns, functions, and algebraic underpinnings. For Elementary Education majors only. Prerequisite: A grade of "C" or better in MATH 251.
- 301. DIFFERENTIAL EQUATIONS. 3 cr.** An introduction to ordinary differential equations, emphasizing equations of first order and first degree, linear differential equations of higher order, and applications of equations which arise in geometry, chemistry, and physics. Prerequisite: A grade of "C" or better in MATH 132. F
- 303. ELEMENTARY MATHEMATICAL STATISTICS. 3 cr.** Random variables, probability, distribution functions, mathematical models, testing hypotheses, frequency distributions, correlations, regression, goodness of fit, derived distributions, non-parametric methods. Prerequisite: MATH 131.
- 307. COLLEGE GEOMETRY. 3 cr.** Selected topics from finite, projective, or non-Euclidean geometries. Advanced topics in Euclidean geometry, including constructions. Prerequisite: A grade of "C" or better in MATH 240. Sp
- 350. GEOMETRY AND MEASUREMENT FOR ELEMENTARY TEACHERS. 3 cr.** A survey of Euclidian geometry and measurement. For Elementary Education majors only. Prerequisite: A grade of "C" or better in MATH 252.
- 373. NUMERICAL METHODS. 3 cr.** Numerical algorithms fundamental to scientific work including discussion or error. Prerequisite: CSCI 203, a grade of "C" or better in MATH 202, and MATH 132. (Dual listed as CSCI 373).
- 380. REAL ANALYSIS. 3 cr.** Sequences and series of real numbers and their convergence; continuity, differentiation, and integration of real valued functions of one real variable. Prerequisites: A grade of "C" or better in MATH 232, MATH 240.
- 386. MODERN ALGEBRA. 3 cr.** Axioms and the nature of proof, groups, rings, integral domains, fields, homomorphisms and isomorphisms. Prerequisite: A grade of "C" or better in MATH 202 and MATH 240.
- 407. HISTORY OF MATHEMATICS. 3 cr.** Selected topics on the development of mathematics as a human endeavor; numeration systems; growth of algebra, trigonometry, geometry, and the calculus; contributions from various cultures; selected biographies of mathematicians. Prerequisites: A grade of "C" or better in MATH 240 and either MATH 380 or MATH 386.
- 409. CRYPTOLOGY. 3 cr.** Introduction to modern applications of mathematics. Private key ciphers, including shift, affine and vigenere; attacks on these ciphers. Modern public key ciphers including RSA and Knapsack. Prerequisite: A grade of "C" or better in Math 240 or permission of the instructor.
- 417. REAL ANALYSIS. 3 cr.** Sequences and series of vector-valued functions of several real variables and their convergence; continuity, differentiation, and integration of vector-valued functions of several real variables. Prerequisite: A grade of "C" or better in MATH 380.
- 420. INTRODUCTION TO BIostatISTICS I. 3 cr.** An introduction to the discipline of statistics and its application to problems of biology, including human biology, medicine, and public health. Topics include Bayesian inferences, estimation techniques, hypothesis testing, goodness of fit, and analysis of variance. Prerequisite:

MATH 114 or MATH 131 or permission of the department head and junior standing or above. (Same as Computer Science 420).

- 421. INTRODUCTION TO BIOSTATISTICS II. 3 cr.** A continuation of 420. Topics include linear and multiple regression, logistics regression, longitudinal data analysis, nonparametric methods and principle component techniques. Prerequisite: MATH 420 or CSCI 420 and junior standing or above. (Same as Computer Science 421).
- 425. MODERN ALGEBRA. 3 cr.** Continuation of Math 386; Euclidean domains, unique factorization domains, principal ideal domains, Galois theory and related topics. Prerequisite: A grade of "C" or better in MATH 386.
- 431. FUNDAMENTALS OF HIGH SCHOOL MATHEMATICS I. 3 cr.** Emphasis is on teaching at the high school level. Topics include, but are not restricted to, number concepts and relationships, geometry and measurement. Not applicable toward a major or minor in mathematics. Applies to middle and high school certification.
- 432. FUNDAMENTALS OF HIGH SCHOOL MATHEMATICS II. 3 cr.** Emphasis is on teaching at the high school level. Topics include, but are not restricted to, algebra, algebraic structures, data analysis, basic statistics. Not applicable toward a major or minor in mathematics. Applies to middle and high school certification.

For Undergraduates and Graduates

- 401. DIFFERENTIAL EQUATIONS. 3 cr.** Series solutions to ordinary differential equations, Laplace transforms, systems of differential equations, numerical methods and applications which arise in geometry, chemistry, and physics. Prerequisite: MATH 301.
- 402. LINEAR SPACES. 3 cr.** A study of abstract vector spaces including function spaces, linear transformations, operators, functionals and duality, bilinear and quadratic forms. Prerequisite: MATH 202, 132.
- 403-404. MATHEMATICAL STATISTICS. 3 cr. each.** Probability, discrete and continuous random variables, expected values and moments, special continuous distributions, sampling, point estimation, multivariate normal, interval estimation, tests of hypothesis, regression and linear hypothesis, experimental design models, sequential tests, and nonparametric methods. Prerequisite: MATH 303.
- 405. PARTIAL DIFFERENTIAL EQUATIONS. 3 cr.** Fourier series, boundary value problems, partial differential equations, special functions, with an emphasis on applications. Prerequisite: MATH 301.
- 406. THEORY OF FUNCTIONS OF A COMPLEX VARIABLE. 3 cr.** Real and complex numbers, differentiation and integration of functions of a complex variable, mapping by elementary functions, transformations, infinite series, and theory of residues and poles. Prerequisite: MATH 232.
- 411. FUNDAMENTALS OF MIDDLE SCHOOL MATHEMATICS I. 3 cr.** For the middle-school teacher; number concepts and relationships; geometry and measurement; algebra and algebraic structures. Emphasis is on teaching mathematics at the middle school level. Not applicable toward a major nor minor in mathematics at undergraduate or graduate level. Applies to elementary and middle school certification.
- 412. FUNDAMENTALS OF MIDDLE SCHOOL MATHEMATICS II. 3 cr.** Probability and statistics for the middle-school teacher. Topics include, but are not restricted to, data analysis and basic concepts of probability and statistics. Not applicable toward a major nor minor in mathematics at undergraduate or graduate level. Applies to elementary and middle school certification.
- 419. TOPOLOGY. 3 cr.** Point sets, axiomatic bases, topology of the line and the plane. Emphasis on connectedness, compact sets and continuous transformations. Prerequisite: MATH 202 and 232.
- 436. INTRODUCTION TO MATHEMATICAL CONCEPTS IN OPERATIONS RESEARCH. 3 cr.** A mathematical approach to concepts in advanced linear and nonlinear programming, dynamic programming, game theories, queueing theory and other standard topics in operations research. Prerequisites: MATH 303 and CSCI 435. (Same as CSCI 436.)
- 498. RESEARCH. 1-3 cr.** Maximum, 6 cr. Open to advanced undergraduates who are capable of developing a problem independently. A. Algebra; B. Analysis; C. Topology; D. Statistics. Prerequisite: Approval of department head.

MILITARY SCIENCE (MILS)

Required for a minor: 310, 311, 312, 313, 314, 410, 411, 412, 413—Total of 19 semester hours.

- 110. INTRODUCTION TO LEADERSHIP. 1 cr.** Introduction to the Army's mission, role, organization, customs and traditions, and military skills.
- 111. BASIC LEADERSHIP LAB I. 1 cr.** Practical laboratory of applied leadership and tactical skills taken with MILS 110. Activities include basic drill, land navigation, physical fitness, communications, basic rifle marksmanship, and rappelling.
- 112. LEARNING TO LEAD. 1 cr.** Introduction to the Army fundamentals of leadership and first aid.
- 113. BASIC LEADERSHIP LAB II. 1 cr.** Practical laboratory of applied leadership and tactical skills taken with MILS 112. Activities include rifle marksmanship, first aid, rope crafts, physical conditioning, individual tactical skills, and team development skills.
- 210. APPLIED LEADERSHIP. 2 cr.** The study of leadership principles and fundamentals, team development, and tactical skills. Registration in MILS 211 required.
- 211. BASIC LEADERSHIP LAB III. 1 cr.** Practical laboratory of leadership skills to develop individual skills and develop individuals as part of an effective team. Activities include advanced drill, military tactics, communications, land navigation, and basic rifle marksmanship.
- 212. LEADERSHIP DEVELOPMENT. 2 cr.** The study of land navigation, individual tactical skills, and communications. Registration in MILS 211 required.
- 213. BASIC LEADERSHIP LAB IV. 1 cr.** A practical laboratory of applied leadership and military skills to accompany MILS 212. Activities include rifle marksmanship, first aid, rope crafts, physical conditioning, individual tactical skills, and team development.
- 214. CAMP CHALLENGE. 6 cr.** A six-week summer camp conducted at an Army post. Provides the student with core training allowing placement into the 300/400 level courses. Non-obligatory. Open to students who have not taken all four of MILS 110, 112, 210, and 212 classes, and who pass a physical examination paid for by ROTC. Prerequisite: Approval of the Professor of Military Science and completion of a minimum of 57 credit hours. To receive credit, the student must enroll in a summer term prior to departure for camp.
- 310. LEADERSHIP TACTICS. 3 cr.** Military leadership principles, land navigation, small unit tactics, and physical training. Registration in MILS 311 required.
- 311. ADVANCED LEADERSHIP LAB I. 1 cr.** Laboratory course to accompany MILS 310. A practical laboratory of applied leadership that is planned and executed by the MS IV cadets. Activities include drill and ceremonies, land navigation, rappelling, rifle marksmanship, tactics, first aid, water survival, physical conditioning, and communications.
- 312. LEADERSHIP AND MANAGEMENT. 3 cr.** Military principles, small unit tactics, tactical communications and physical training. Includes participation in a three-day field training exercise. Registration in MILS 313 required.
- 313. ADVANCED LEADERSHIP LAB II. 1 cr.** Laboratory course to accompany MILS 312. A practical laboratory of applied leadership that is planned and executed by the MS IV cadets. Activities include drill and ceremonies, land navigation, rifle marksmanship, tactics, physical conditioning, and communications.
- 314. ROTC ADVANCED CAMP. 3 cr.** Five weeks of intensified instruction and practical exercise in tactics, leadership, and weapons conducted at an Army post under the control of ROTC

instructor personnel. Prerequisites: 310 and 312. To receive credit for 314, the student must enroll in the second summer session prior to departure for camp.

- 410. ADVANCED LEADERSHIP AND MANAGEMENT. 3 cr.** Study of command and staff activities, customs and courtesies, ethics, platoon operations, oral presentation techniques, and counseling.
- 411. ADVANCED LEADERSHIP LAB III. 1 cr.** Laboratory course to accompany MILS 410. A practical laboratory of applied leadership that is planned and executed by the MS IV cadets. Activities include drill and ceremonies, land navigation, rappelling, rifle marksmanship, tactics, first aid, water survival, physical conditioning, and communications.
- 412. OFFICERSHIP. 3 cr.** Study of administrative skills, military law, responsibilities of an officer, and applied management techniques.
- 413. ADVANCED LEADERSHIP LAB IV. 1 cr.** Laboratory course to accompany MILS 412. A practical laboratory of applied leadership that is planned and executed by the MS IV cadets. Activities include drill and ceremonies, land navigation, rifle marksmanship, tactics, physical conditioning, and communications.
- 499. DIRECTED STUDY. 3 cr. Maximum 9 cr.** Directed study at a military installation: A. Air Assault School; B. Airborne School; C. Cadet Troop Leader Training; D. Northern Warfare Training; E. Mountain Warfare Training; F. Other. Prerequisite: Approval of the Professor of Military Science.

MUSIC (MUSC)

Undergraduate Requirements

The mission of the Division of Music at The University of Louisiana at Monroe is the preparation of professional musicians within the areas of music education, performance, theory and composition, and history and literature; the establishment of a cultural climate on campus; and the provision of musical services to the local area and to the region surrounding the University. The Division of Music also provides many opportunities for students who were in high school performing groups and are majoring in other disciplines, to participate in University music performance organizations based upon their interests and abilities.

Before being accepted as a music or music education major, a student must successfully complete an entrance audition (personal or solo performance recording) and a theory placement examination. For further information, contact the Head of the Division of Music.

Required for a Bachelor of Music Degree: Music 102, 103, 104, 105, 193, 202, 203, 204, 205 and 273. In addition, students must complete one of the following major concentrations:

- A. Instrumental Music Performance:
6 hours of foreign language, Music 390, 474, 478, 479, 481, 490, 491, 492, 493 or 494, 495 or 497, 8 hours of major ensemble, 16 hours of major performance, 7 hours of minor performance¹, and 4 hours of 434. During their 400-level semesters of major performance study, Instrumental Performance majors will study literature and pedagogy and will participate in supervised teaching situations appropriate to their instrument.
- B. Music History and Literature:
6 hours of foreign language, 16 hours of major performance², Music 464, 474, 477, 478, 481,

491, 492, 493, 494, 499, 470 or 495 or 498, 482 or 497, 483 or 484 or 496, and 8 hours of major ensemble.

- C. Music Theatre:
16 hours of voice, 6 hours of piano, 8 hours of major ensemble, Music 476 or 479 and 486, and 7 hours of music electives; Theatre 207, 221, 301, 321, 415, and 425 and 1 hour of theatre or dance electives; Dance 125 and 112 or 114 or 126.
- D. Music Theory and Composition:
6 hours of foreign language, 16 hours of major performance³, 6 hours of minor performance³, 8 hours of major ensemble, Music 194, 275 (2 hours), 375, 390, 471, 474, 477, 478, 491, 492, and 475 or 480.
- E. Piano Pedagogy:
6 hours of foreign language, 16 hours of major performance, 6 hours of 435, 2 hours of major ensemble, Music 337, 338, 437, 438, 460, 461, 468, 474, 491, 492, 497, and 2 of the following: 477, 478, 481.
- F. Voice Performance:
12 hours of foreign language⁴, 16 hours of voice, 4 hours of piano², Music 291, 292, 293, 294, 390, 474, 476, 490, 491, 492, 496, 8 hours of major ensemble and 2 of the following: 477, 478, 481.

Required for a Bachelor of Music Education-Instrumental: See specific degree plan in the College of Education and Human Development section of this catalog.

Required for a Bachelor of Music Education-Instrumental and Vocal: See specific degree plan in the College of Education and Human Development section of this catalog.

Required for a Bachelor of Music Education-Vocal: See specific degree plan in the College of Education and Human Development section of this catalog.

Required for a music minor: 102, 103, 104, 105, 491, 492, 8 hours of major or minor performance, and 2 hours of major ensemble—Total of 24 semester hours.

To receive credit for performance courses, students are required to practice a minimum of four hours per week for each semester hour of credit carried; must perform before a faculty committee at each final examination period. Students completing their fourth semester in the major performance area must appear before the music faculty for examination purposes.

¹Minor performance must include 4 hours of piano if piano is not the student's major instrument.

²Students whose major performance medium is other than keyboard must pass Piano Proficiency VI.

³Normally piano. If piano is the student's major instrument, other instruments or voice may be substituted.

⁴Six (6) hours each must be earned in French & German.

Courses in performance may be repeated for credit; however, the student must complete the senior year requirements in one major performance area for a degree in music or music education.

Students registered in major performance courses are required to perform in student recitals. Those pursuing a performance concentration must present at least a half-recital during the junior year and a full recital during the senior year.

Students enrolled in a Bachelor of Music Education Degree in instrumental and vocal or instrumental, band, and orchestra are required to pass a competency examination in teaching instrumental music as a prerequisite for student teaching.

Students majoring in music with a concentration in music theory and composition must complete by the end of the junior year a composition for their major instrument, a vocal composition, and a fugue. By the end of the senior year they must complete a movement of a sonata for chamber group and a composition for full orchestra or band. Scores and parts of a selected number of these compositions must be permanently filed with the department.

Prior to graduation, and preferably during the junior or senior year, each student majoring in Music with a concentration in Music Theatre must successfully perform a significant role in an ULM music theatre production.

All candidates for degrees with a major in music, regardless of the curriculum followed, will be required to pass proficiency examinations in piano and must enroll in piano until the proficiency level appropriate to the major program is passed. The piano sequence 115, 116, 215, 216 must be completed before enrolling in private instruction. Permission for exceptions to this may be granted by the Head of the Division of Music.

All music and music education majors, undergraduate and graduate, must participate in at least one of the major music organizations, band, orchestra, or chorus, on a full time basis, for credit or non-credit, during every semester or summer term enrolled. Participation in a particular organization must be directly appropriate to the student's major performing medium. Membership in the various organizations shall be determined by the director concerned. Qualified non-music majors may participate in these organizations and must be approved by the respective director.

Qualified students may enroll in more than one ensemble per semester. Although ensembles may be repeated indefinitely for credit, the number of required ensemble credits varies among the music and music education degree concentrations. Extra ensemble credits may be used as free electives.

Selection of personnel to be used for performances will be made on the basis of repertory to be performed, ability and qualifications of the individuals, and the requirements of each particular performance.

All music majors are required to attend student recitals and evening recitals sponsored by the department.

Music students who are interested in a career in music therapy should consult the Head of the Division of Music for special course recommendations.

For Undergraduates Only

100. **RECITAL HOUR. 1 cr. per semester.** The accumulation of knowledge of good music through careful listening to a wide variety of music as presented through public performance. Critiques of each concert or recital will be prepared.
101. **FUNDAMENTALS OF MUSIC THEORY. 3 cr.** A non-technical course designed to provide the layman with an understanding and utilization of the basic elements of music including sound, melody, harmony, rhythm, and form. (Formerly 170)
102. **MUSIC THEORY I. 3cr.** Course covers basic fundamentals of music theory including intervals, chordal structures and simple harmonic function. Prerequisite: MUSC 101 or equivalent. (Formerly 171)
103. **AURAL SKILLS I. 1 cr.** Course covers fundamental elements of melodic, harmonic, and rhythmic dictation and sight-singing. Prerequisite: MUSC 101 or equivalent. (Formerly 171)
104. **MUSIC THEORY II. 3 cr.** Course covers the use and function of cadences, phrases, non-chord tones and seventh chords. Prerequisite: MUSC 102 or equivalent. (Formerly 172)
105. **AURAL SKILLS II. 1 cr.** Course covers intermediate melodic dictation, rhythmic dictation and sight-singing. Fundamentals of harmonic dictation are introduced. Prerequisite: MUSC 103 or equivalent. (Formerly 172)
- 115-116. **PIANO CLASS. 1 cr. per semester.**
117. **BEGINNING AND INTERMEDIATE RECORDER CLASS. 1 cr.**
120. **GUITAR CLASS. 1 cr. per semester.**
191. **ENJOYMENT. 3 cr.** A non-technical course designed to provide the layman with the understanding necessary for the enjoyment of music of various types, including music of different races and ethnic groups.
192. **ENJOYMENT OF JAZZ. 3 cr.** Logical musical derivations and developments of American Jazz, both of itself as an art form and its influence on other areas of music. Ethnic influences such as Afro-American Jazz, New Orleans ragtime, and Memphis influences will be explored.
193. **LITERATURE AND APPRECIATION. 2 cr.** For music majors; open to others by approval of the Head of the Division of Music.
194. **INTRODUCTION TO ELECTRONIC MUSIC. 2 cr.** Overview of the history and techniques of electro-acoustic music with hands-on laboratory work in the electro-acoustic lab.
200. **RECITAL HOUR. 1 cr. per semester.** The accumulation of knowledge of good music through careful listening to a wide variety of music as presented through public performance. Critiques of each concert or recital will be prepared.
202. **MUSIC THEORY III. 3 cr.** Course covers theoretical aspects of secondary chords, modulations and chromatically altered chords in common practice tonal music. Prerequisite: MUSC 104 or equivalent. (Formerly 271)
203. **AURAL SKILLS III. 1 cr.** Course covers intermediate to advanced melodic and rhythmic dictation and sight-singing and intermediate harmonic dictation. Prerequisite: MUSC 105 or equivalent. (Formerly 271)
204. **MUSIC THEORY IV. 3 cr.** Course covers theoretical aspects of late 19th and early 20th century tonal music. Overview of 20th century post-tonal techniques provided. Prerequisite: MUSC 202 or equivalent. (Formerly 272)
205. **AURAL SKILLS IV. 1 cr.** Course covers advanced melodic, rhythmic and harmonic dictation and sight-singing. Prerequisite: MUSC 203 or equivalent. (Formerly 272)
211. **WOODWIND ENSEMBLE. 1 cr. per semester.** Prerequisite: Approval of the Head of the Division of Music. May be repeated for credit. Total hours allowed vary with each degree program.

- 212. BRASS ENSEMBLE. 1 cr. per semester.** Prerequisite: Approval of the Head of the Division of Music. May be repeated for credit. Total hours allowed vary with each degree program.
- 213. PERCUSSION ENSEMBLE. 1 cr. per semester.** Prerequisite: Approval of the director. May be repeated for credit. Total hours allowed vary with each degree program.
- 214. JAZZ ENSEMBLE. 1 cr. per semester.** Prerequisite: Approval of the director. May be repeated for credit. Total hours allowed vary with each degree program.
- 215-216. PIANO CLASS. 1 cr. each.**
- 217. ADVANCED RECORDER CLASS. 1 cr.** Prerequisite: 117 or approval of instructor.
- 220. ADVANCED GUITAR CLASS. 1 cr.**
- 263. PIANO TECHNOLOGY. 3 cr.** An introductory course for students interested in various aspects of piano technology; tuning, regulating, and repairing. Beneficial for those who are preparing for piano teaching, piano selling, or piano servicing.
- 273. ELEMENTARY CONDUCTING. 2 cr.** Fundamentals of conducting vocal and instrumental music organizations.
- 275. ELEMENTARY COMPOSITION. 1 cr.** Composition for beginning students and others requiring additional experience. Maximum of four credits allowed.
- 291. ENGLISH DICTION FOR SINGERS. 1 cr.** A study of specific needs related to singing in English, through a study of the International Phonetic Alphabet.
- 292. ITALIAN DICTION FOR SINGERS. 1 cr.** A study of Italian pronunciation using the International Phonetic Alphabet.
- 293. FRENCH DICTION FOR SINGERS. 1 cr.** A study of French pronunciation using the International Phonetic Alphabet.
- 294. GERMAN DICTION FOR SINGERS. 1 cr.** A study of German pronunciation using the International Phonetic Alphabet.
- 300. RECITAL HOUR. 1 cr. per semester.** The accumulation of knowledge of good music through careful listening to a wide variety of music as presented through public performance. Critiques of each concert or recital will be prepared.
- 311-312. VOICE CLASS. 1 cr. per semester.**
- 313-314. STRING CLASS. 1 cr. per semester.**
- 315-316. WOODWIND CLASS. 1 cr. per semester.**
- 317-318. BRASS CLASS. 1 cr. per semester.**
- 319-320. PERCUSSION CLASS. 1 cr. per semester.**
- 321. BASKETBALL PEP BAND. 1 cr.** Entertainment ensemble for home basketball games. Group travels to conference tournament and postseason games. Prerequisite: Approval of the director. May be repeated for credit. Total hours allowed vary with each degree program.
- 324. MARCHING BAND. 1 cr. per semester.** Must be taken concurrently with 325. (Formerly 303.) Prerequisite: Approval of the director. May be repeated for credit. Total hours allowed vary with each degree program.
- 325. MARCHING BAND CAMP. 1 cr.** Intensive preschool camp for members of the Marching Band. Must be taken concurrently with 324. Prerequisite: Approval of the Head of the Division of Music. May be repeated for credit. Total hours allowed vary with each degree program.
- 328. CONCERT BAND. 1 cr.** (Formerly 303.) Prerequisite: Approval of the director. May be repeated for credit. Total hours allowed vary with each degree program.
- 330. UNIVERSITY CHORALE. 1 cr. per semester.** (Formerly 306.) Prerequisite: Approval of the director. May be repeated for credit. Total hours allowed vary with each degree program.
- 331. OPERA CHORUS. 1 cr.** (Formerly 305.) Prerequisite: Approval of the director. May be repeated for credit. Total hours allowed vary with each degree program.
- 332. ELEC-TONES. 1 cr. per semester.** (Formerly 305.) Prerequisite: Approval of the director. May be repeated for credit. Total hours allowed vary with each degree program.
- 337. PIANO PEDAGOGY I. 3 cr.** A course designed to introduce the basic principles and techniques of private piano teaching; survey and evaluation of elementary teaching materials and teaching philosophies. (Formerly 260.)
- 338. PIANO PEDAGOGY II. 3 cr.** A course designed to introduce procedures and materials for group piano instruction with an emphasis on the intermediate level. (Formerly 261.)
- 373. SONG WRITING. 3 cr.** Song writing investigated through listening, discussion, and practice. A survey of style, form and format, concluding with the production of student-composed songs. Prerequisite: MUSC 170 or approval of instructor.
- 375. SIXTEENTH CENTURY COUNTERPOINT. 2 cr.** Composition of two, three, and four-voice motets and a technical study of related choral tradition, with the liturgical literature of the Renaissance and Gregorian chant as a frame of reference. More complex contrapuntal devices may be elected by students with adequate background. Class performance, analysis, and hearing of representative works are correlated with written work. Prerequisite: MUSC 272.
- 390. HALF RECITAL. 1 cr.** The preparation of a half-recital for public performance including music appropriate for the junior level of applied study or composition.
- 400. RECITAL HOUR. 1 cr. per semester.** The accumulation of knowledge of good music through careful listening to a wide variety of music as presented through public performance. Critiques of each concert or recital will be prepared.
- 460. PRACTICUM IN PIANO PEDAGOGY. 2 cr. Maximum, 4 cr.** Observation and supervised teaching of beginning and intermediate level piano students in both group and private settings.
- 471. COMPOSITION. 2 cr.** Composition based on twentieth century techniques and along original lines. Media used are vocal and instrumental solo and ensemble, including at least one composition for the student's major instrument. Prerequisite: Approval of the Head of the Division of Music.
- 487. VOICE PEDAGOGY. 2 cr.** A study of the teaching methods, techniques, and materials for the voice studio. Prerequisite: Music 341 or senior standing. Required of all vocal performance majors.
- 490. FULL RECITAL. 1 cr.** The preparation of a full recital for public performance including music appropriate to the senior level of applied study or composition.
- 491-492. HISTORICAL SURVEY. 3 cr. each.** For music majors; open to others by approval of the Head of the Division of Music. Must be taken in sequence. Prerequisite: MUSC 193.

Performance-Minor Offerings

Courses in this series carry 1 hour of credit each semester and may be repeated for a maximum of 3 hours of credit. These courses are for undergraduates only.

Recorder.....	109, 209
Harpichord.....	110, 210
Voice.....	121, 221
Piano.....	122, 222
Organ.....	123, 223
Violin.....	124, 224
Viola.....	125, 225
Cello.....	126, 226
String Bass.....	127, 227
Flute.....	128, 228
Oboe.....	129, 229
Bassoon.....	130, 230
Clarinet.....	131, 231
Alto Saxophone.....	132, 232
Trumpet.....	133, 233
French Horn.....	134, 234
Trombone.....	135, 235
Euphonium.....	136, 236
Tuba.....	137, 237

Percussion	138, 238
Guitar.....	39, 239

Performance-Major Offerings

Courses in this series carry 2 hours of credit and may be repeated for a maximum of 6 semester hours of credit. Prerequisite: Successful completion of the prior course at The University of Louisiana at Monroe and/or an audition.

UNDERGRADUATE COURSES

Recorder.....	119, 219
Harpichord	140, 240
Voice	141, 241, 341, 441
Piano	142, 242, 342, 442
Organ	143, 243, 343, 443
Violin	144, 244, 344, 444
Viola	145, 245, 345, 445
Cello	146, 246, 346, 446
String Bass	147, 247, 347, 447
Clarinet	148, 248, 348, 448
Saxophone	149, 249, 349, 449
Flute	150, 250, 350, 450
Oboe	151, 251, 351, 451
Bassoon	152, 252, 352, 452
Trumpet.....	153, 253, 353, 453
Tuba	154, 254, 354, 454
French Horn	155, 255, 355, 455
Trombone	156, 256, 356, 456
Euphonium	157, 257, 357, 457
Percussion.....	158, 258, 358, 458
Guitar.....	159, 259, 359, 459

For Undergraduates and Graduates

- 401. OPERA PERFORMANCE AND PRODUCTION. 3 cr.** Musical and dramatic preparation of opera roles, and basic techniques of staging and presentation. Participation in opera performances. May be repeated for credit.
- 402. SPECIAL PROBLEMS. 1-3 cr.** Investigative study of special problems by students with particular needs in music. A. Performance and Ensemble; B. History and Literature; C. Theory and Composition; D. Piano Pedagogy and Literature; E. Vocal Diction, Pedagogy, and Literature; F. Music Theatre. Prerequisite: Approval of the Head of the Division of Music. May be repeated.
- 423. ORCHESTRA. 1 cr. per semester.** (Formerly 323.) Prerequisite: Approval of the director. May be repeated for credit. Total hours allowed vary with each degree program.
- 426. WIND ENSEMBLE. 1 cr. per semester.** (Formerly 326.) Prerequisite: Approval of the director. May be repeated for credit. Total hours allowed vary with each degree program.
- 427. SYMPHONIC BAND. 1 cr.** (Formerly 327.) Prerequisite: Approval of the director. May be repeated for credit. Total hours allowed vary with each degree program.
- 429. CONCERT CHOIR. 1 cr. per semester.** (Formerly 329.) Prerequisite: Approval of the director. May be repeated for credit. Total hours allowed vary with each degree program.
- 433. MADRIGALIANS. 1 cr. per semester.** (Formerly 333.) Prerequisite: Approval of the director. May be repeated for credit. Total hours allowed vary with each degree program.
- 434. CHAMBER MUSIC. 1 cr. per semester.** (Formerly 334.) The study and performance of chamber music for various combinations of instruments. Prerequisite: Approval of the director. May be repeated for credit. Total hours allowed vary with each degree program.
- 435. PIANO ACCOMPANYING. 1 cr. per semester.** (Formerly 335.) Applied studio accompanying in the vocal and instrumental applied areas. Prerequisite: Approval of the instructor. May be repeated for credit. Total hours allowed vary with each degree program.
- 437. PIANO PEDAGOGY III. 3 cr.** A survey of music for the piano from the Baroque and Classical periods suitable for students at the intermediate level. (Formerly 360.)
- 438. PIANO PEDAGOGY IV. 3 cr.** A survey of music for the piano from the Romantic and Contemporary periods suitable for students at the intermediate level. (Formerly 361.)
- 461. KEYBOARD HARMONY AND CREATIVE MUSICIANSHIP FOR THE PIANO TEACHER. 1 cr., 2 cr. maximum.** A functional approach to keyboard skills for piano instructors. A combination of lab and lecture to include harmonization, chord voicing, transposition, modulation, improvisation, sight reading, and score reading. Development of proficiency in these skills, as well as an understanding of how they can be taught at different levels.
- 464. THE BAROQUE ERA. 3 cr.** Music of the Baroque period up to and including Bach. Prerequisite: 492 or approval of the Head of the Division of Music.
- 465. PIANO HISTORY AND LITERATURE. 3 cr.** A survey of pianos and their predecessors, and piano literature from the early English school to the present. Prerequisite: MUSC 193.
- 467. SURVEY OF THE MUSIC INDUSTRY. 3 cr.** An overview of the music industry, including careers, publishing, recording, and merchandising.
- 468. SURVEY OF ENSEMBLE MUSIC FOR THE PIANO. 2 cr.** Survey of piano concert and ensemble music written for one or more pianos. Music for elementary and intermediate level students will be emphasized.
- 469. BAND REPERTOIRE. 3 cr.** Introduction to band composers and their literature. A chronological approach to the available band literature and its composers.
- 470. BAND HISTORY AND LITERATURE. 3 cr.** History of bands, original compositions and transcriptions for band. Prerequisite: MUSC 193. (Formerly 395.)
- 472. COMPOSITION. 3 cr. Maximum, 6 cr.** Compositions in one or more movements for various solo instruments, vocal and instrumental ensembles and full orchestra. Students enrolled will serve as supervised tutors for 170, 171, and 172. Prerequisite: MUSC 471.
- 473. BAND ARRANGING. 3 cr.** Scoring for woodwind, brass and percussion instruments and for full band. Transcribing from piano, organ and orchestral literature. Scoring for the marching band. Prerequisite: MUSC 372.
- 474. FORM AND ANALYSIS. 2 cr.** Intensive study of the larger musical forms. Prerequisite: 372 or approval of the Head of the Division of Music.
- 475. ELECTRONIC MUSIC COMPOSITION. 3 cr.** A "hands-on" course utilizing the electronic music lab and oriented toward skills in composing art music. Prerequisite: Music 194, or approval of the Head of the Division of Music.
- 476. CHORAL CONDUCTING. 2 cr.** Prerequisite: MUSC 273.
- 477. ORCHESTRATION. 2 cr.** Technical and tonal characteristics of orchestral instruments. Arranging for string, woodwind and brass choirs and for full orchestra. Prerequisite: MUSC 372.
- 478. EIGHTEENTH CENTURY COUNTERPOINT. 2 cr.** The Study of contrapuntal compositional techniques concentrating on 18th Century Counterpoint. Prerequisite: MUSC 204 or equivalent.
- 479. INSTRUMENTAL CONDUCTING. 2 cr.** Prerequisite: 273.
- 480. TWENTIETH CENTURY COUNTERPOINT. 3 cr.** Twentieth century contrapuntal practice culminating with the composition of one or more major polyphonic work.
- 481. ANALYSIS OF CONTEMPORARY MUSIC. 2 cr.** An overview of techniques used in the analysis of the music of the 20th century and beyond.
- 482. ORGAN HISTORY AND LITERATURE. 3 cr.** Organs and organ literature from the Gothic era to the present. Prerequisite: MUSC 193.
- 483. WOODWIND LITERATURE. 3 cr.** Solo and chamber music written for woodwind instruments. Prerequisite: MUSC 193.
- 484. BRASS LITERATURE. 3 cr.** Solo and chamber music written for brass instruments. Prerequisite: MUSC 193.
- 485. AMERICAN. 3 cr.** (Formerly 591.) American music from early Colonial times to the present, including music of different races

and ethnic groups. Prerequisite: MUSC 491, 492, or approval of the Head of the Division of Music.

- 486. SURVEY OF MUSIC THEATRE. 3 cr.** A survey of the history and literature of the music theatre, 1800 to the present, with emphasis on 20th century works and composers.
- 493. THE ROMANTIC ERA. 3 cr.** Music of the Romantic era and its place in the general culture of the period. Prerequisite: 492 or approval of the Head of the Division of Music.
- 494. CONTEMPORARY. 3 cr.** Music from the period of Impressionism to the present. Prerequisite: MUSC 492 or approval of the Head of the Division of Music.
- 495. ORCHESTRAL LITERATURE. 3 cr.** Orchestral music from the Baroque period to the present. Prerequisite: MUSC 193.
- 496. SONG LITERATURE. 3 cr.** Music for solo voice from the Baroque period to the present with particular attention to the Romantic period. Prerequisite: MUSC 193.
- 497. KEYBOARD LITERATURE. 3 cr.** Music for keyboard instruments from the English virginal school to the present.
- 498. CHORAL LITERATURE. 3 cr.** Choral music from the Renaissance to the present. Prerequisite: MUSC 193.
- 499. THE CLASSIC ERA. 3 cr.** Music of the Classic era and its place in the general culture of the period. Prerequisite: MUSC 492 or approval of the Head of the Division of Music.

MUSIC EDUCATION (MSED)

For Undergraduates Only

- 308. PRACTICUM IN INSTRUMENTAL TECHNIQUE. 1 cr.** A laboratory ensemble of music education students to gain further experience on minor applied instruments—strings, woodwinds, brass, and percussion; also provides opportunity to develop conducting skills. Prerequisite: one credit of minor applied instrument to be played in the ensemble.
- 322. MATERIALS AND METHODS IN VOCAL MUSIC IN THE ELEMENTARY SCHOOL. 3 cr.** Vocal class and rehearsal management, methods, and materials in the elementary school.
- 332. MATERIALS AND METHODS IN VOCAL MUSIC IN THE HIGH SCHOOL. 3 cr.** Vocal class and rehearsal management, methods, and materials in the secondary school.
- 335-336. MUSIC EDUCATION FOR THE ELEMENTARY GRADES. 3 cr. each.**
- 424. METHODS, MATERIALS, & ADMINISTRATION OF INSTRUMENTAL MUSIC. 3 cr.** Methods of organizing and materials available for teaching instrumental music. Emphasis is also placed on classroom and rehearsal management, organization, personnel, scheduling, and equipment.
- 454. MULTICULTURAL MUSIC EDUCATION. 1 cr.** Overview and application of characteristics of music from other cultures. Course explores the role of music in the social life of all cultures.
- 455. STUDENT TEACHING IN VOCAL MUSIC. 6, 9, 12 cr.** Must be admitted to Teacher Education.
- 456. STUDENT TEACHING IN INSTRUMENTAL MUSIC. 6, 9, 12 cr.** Must be admitted to Teacher Education.

For Undergraduates and Graduates

- 401. SPECIAL PROBLEMS. 1-3 cr.**
- 403. INSTRUMENT REPAIR. 3 cr.** Practical methods of maintenance, adjustment, and repairs of musical instruments.
- 405. BAND DIRECTORS WORKSHOP. 3 cr. Maximum, 9 cr.** A "refresher" course for instrumental music education teachers emphasizing the basic concepts of the marching band. New concepts and teaching techniques in marching band will be discussed. Also, related areas such as administration, arranging, new music, charting, auxiliary units, and marching percussion will be covered. Films and video tapes will be used extensively.

- 407. PIANO TEACHERS WORKSHOP. 3 cr. Maximum, 9 cr.** A course for piano teachers, including instructional procedures, methods and materials, and teaching demonstrations.
- 409. CHORAL DIRECTORS WORKSHOP. 3 cr. Maximum, 9 cr.** A course designed for choral directors including vocal techniques, choral literature and interpretation, rehearsal methods, and teaching techniques.
- 411. MUSIC EDUCATION WORKSHOP. 3 cr.** A course designed to instruct teachers and supervisors of elementary music in singing, playing instruments, moving, creating, arranging, and selecting music for A. Basic; B. Intermediate; C. Advanced.
- 417. GENERAL MUSIC PROGRAM IN ELEMENTARY AND SECONDARY SCHOOLS. 3 cr.** Detailed consideration of the general music program, with special attention given to materials and methods of teaching.
- 419. THE MARCHING BAND. 3 cr.** Fundamentals organization, precision drill and pageantry; charting and rehearsal procedures and musical problems.
- 420. DRILL DESIGN TECHNIQUES. 3 cr.** A course designed to provide advanced drill design techniques including music analysis, interpretive writing, horn placement, drill teaching techniques, and element correlation. Prerequisite: MSED 419 or equivalent.
- 490. CHORAL REPERTOIRE. 3 cr.** A survey of the choral octavo literature at the high school through collegiate level; in conjunction with selection of materials and programming.
- 491. INTRODUCTORY WORKSHOP IN ORFF-SCHULWERK. 3 cr.** Basic Orff-Schulwerk techniques, including body movement, soprano recorder, percussion, vocal performance, improvisation, and arranging.
- 492. INTERMEDIATE WORKSHOP IN ORFF-SCHULWERK. 3 cr.** Intermediate level Orff-Schulwerk techniques, including modal harmonization, irregular rhythms, alto recorder performances, and more extensive improvisation and arranging. Prerequisite: MSED 491 or equivalent.
- 493. ADVANCED WORKSHOP IN ORFF-SCHULWERK. 3 cr.** Advanced Orff-Schulwerk techniques including original composition, complex form, movement, and instrumental arrangements, tenor and bass recorder performances, and advanced improvisation. Prerequisite: MSED 492 or equivalent.
- 495. THE USE OF MUSICAL INSTRUMENTS IN GENERAL MUSIC EDUCATION. 3 cr.** A course designed to provide basic playing ability of the following instruments: autoharp, melody bells, recorder, guitar, piano, dulcimer, and the various Orff melodic and percussion instruments. Prerequisite: MSED 322 or 335 or equivalent.
- 496. THE ADVANCED USE OF MUSICAL INSTRUMENTS IN GENERAL MUSIC EDUCATION. 3 cr.** Course designed to improve the students playing proficiency on the following classroom instruments: guitar, recorder, autoharp, melody bells, dulcimer, piano, and the various Orff melodic and percussion instruments. Prerequisite: MSED 495 or equivalent.

NURSING (NURS)

Required for a major: 200 or 202 or 220; 204, 205, 207, 216, 280; 304 and 305 (or 307 and 308), and 306; 332, 334, and 430; 403, 404, and 405; 437, 462 or 472, 463 or 473, 464 or 474, and 465 or 475.

Required for accelerated program: 204, 216, 217, 221, 222, 321, 323, 325, 326, 327, 407, 408, 409, 410, 411, 414, 415, 430, 437

For Undergraduates Only

- 200. NURSING CONCEPTS. 2 cr.** Introduction to nursing concepts, including school philosophy, objectives, and the curriculum framework. The major component of the framework being the nursing process, human needs, levels of health intervention, and

- objectives. For pre-nursing students only in the semester prior to entering the professional program.
- 202. TRANSITIONS IN NURSING. 2 cr.** An introduction to professional nursing and concepts related to role socialization and transition. Includes clinical/laboratory experience with emphasis on the nursing process, major nursing theories, and trends and issues in nursing. Prerequisites: approval of the coordinator; for Licensed Practical Nurses only.
- 204. HEALTH ASSESSMENT. 3 cr.** Basic techniques essential to the assessment of health status in the individual across the life span. Prerequisite: Registration or credit in NURS 205, 207, 216, 280, or current Registered Nurse Licensure. (Formerly 209.)
- 205. HEALTH INTERVENTION I. 4 cr.** Theories and concepts of health intervention and their relationship to the nursing process. Emphasis is on health promotion and health maintenance in the adult with common variations across the life span. Prerequisite: NURS 200, Registration or credit in NURS 207 and 204 (Formerly 209), 216, and 280.
- 207. NURSING SCIENCE PRACTICUM I. 4 cr.** Opportunity is given to practice basic nursing interventions in a variety of settings. Focus of care is the individual. Prerequisite: NURS 200, Registration or credit in NURS 204 (Formerly 209), 205, 216, and 280.
- 216. COMPUTING FOR NURSES. 1 cr.** Fundamentals of computer network usage, drug dosage calculations, nursing simulations, and hospital management programs. One hour lecture and two hours laboratory.
- 217. CONCEPTS OF NURSING AND HEALTH CARE. 3 cr.** Introduction to professional nursing, nursing history, theories, therapeutic communication techniques, and health promotion throughout the life span. Prerequisite: NURS 216.
- 220. PROFESSIONAL NURSING CONCEPTS. 3 cr.** A transitional course to advance the registered nurse's career in the professional role. Prerequisites: NURS 216; current RN licensure.
- 221. DIMENSIONS OF PROFESSIONAL NURSING I. 6 cr.** Application of nursing process in meeting basic needs of individuals across the life span including clinical experience in a variety of settings. Prerequisites: NURS 216, 217.
- 222. NURSING PHARMACOTHERAPEUTICS I. 1 cr.** Medication dosage and calculation and drug administration. Prerequisite: NURS 216, 217.
- 280. BASIC PRINCIPLES OF PHARMACOLOGY. 3 cr.** An introduction to basic pharmacological principles, therapeutics, classifications, effects, and mechanisms of drug action. Emphasis is placed on the application of knowledge of drugs used in patient care settings by health care professionals. Prerequisites: Biology 114, 115, 116, and 117 or 120. (Formerly PHAR 280)
- 300. NEONATAL HEALTH PROMOTION. 3 cr.** Extensive study of the newborn's adjustment to extrauterine life, including clinical experiences in Level I and II Nurseries. Prerequisites: Completion of NURS 204, 205, 207, 216, or approval of the Director, School of Nursing.
- 304. HEALTH INTERVENTION II. 5 cr.** Nursing interventions for commonly occurring problems in adults. Emphasis is on health maintenance and health restoration as it applies to adults. Prerequisites: NURS 204, 205, 207, 216, 280; registration or credit in NURS 305 and 306.
- 305. NURSING SCIENCE PRACTICUM II. 6 cr.** Clinical practice utilizing health maintenance and health restoration to individuals who have unmet needs. Clinical experiences will be provided in a variety of agency and community settings. Prerequisites: NURS 204, 205, 207, 216, 280; registration or credit in NURS 304 or 306.
- 306. NURSING SCIENCE SEMINAR. 1 cr.** Seminar course that allows students to compare and contrast nursing roles in the delivery of health care to adults. Prerequisites: NURS 204, 205, 207, 216, 280, registration or credit in NURS 304 and 305.
- 307. NURSING PRACTICUM II A. 3 cr.** Clinical practice with a focus on health maintenance and restoration for adults. Application of the nursing process in providing interventions to individuals. Prerequisites: NURS 202, 204, 216, 280, credit or registration in NURS 308, current Practical Nurse Licensure in Louisiana, one year of acute or long-term care experience, and approval of the coordinator.
- 308. NURSING PRACTICUM II B. 3 cr.** Concepts and applications relative to intermediate care of the adult with a focus on health maintenance and restoration. Prerequisites: NURS 202, 204, 216, 280, credit or registration in NURS 307, current Practical Nurse Licensure in Louisiana, one year of acute or long-term care experience, and approval of the coordinator.
- 321. DIMENSIONS OF PROFESSIONAL NURSING II. 7 cr.** Application of the nursing process to chronically ill adults with commonly occurring health problems in a variety of settings. Prerequisites: NURS 204, 216, 217, 221, 222.
- 323. CARE OF CHILDREN. 4 cr.** Application of nursing process in care of healthy and ill children and their families. Prerequisites: NURS 204, 216, 217, 221, 204, 222.
- 325. CHILDBEARING FAMILY. 4 cr.** Application of the nursing process in the care of the childbearing family. Prerequisites: NURS 204, 216, 217, 221, 222.
- 326. NURSING PHARMACOTHERAPEUTICS II. 1 cr.** Application of pharmacological concepts to the nursing care of adults, children and childbearing families. Prerequisites: NURS 204, 216, 217, 221, and 222.
- 327. PATHOPHYSIOLOGY FOR NURSING I. 2 cr.** Pathophysiological foundations of nursing care of adults, children, and child bearing families with chronic illness. Prerequisites: NURS 204, 216, 217, 221, 222.
- 332. CHILDBEARING FAMILY HEALTH. 5 cr.** Application of theoretical and clinical components relative to the health and illness of childbearing families. A progressive score in both the classroom and clinical component is needed for progression. A failure in either component will require that both components (theory and clinical) be repeated. Prerequisites: NURS 304, 305, 306 or 307 and 308.
- 334. NURSING OF CHILDREN. 5 cr.** Application of theoretical and clinical components in providing care for the child and family in health and illness in individuals and groups. A progressive score in both the classroom and clinical component is needed for progression. A failure in either component will require that both components (theory and clinical) be repeated. Prerequisites: NURS 304, 305 and 306, or 307 and 308.
- 403. ADVANCED NURSING SCIENCE SEMINAR. 1 cr.** Seminar course in which students collaborate in groups to plan, teach, and evaluate their peers on topics that complement Nursing 404 and 405. Prerequisites: NURS 332, 334, Registration or credit in NURS 404 and 405.
- 404. MENTAL HEALTH NURSING. 4 cr.** Application of nursing process in classroom and clinical settings related to mental health and illness in individuals and groups. A progressive score in both the classroom and clinical component is needed for progression. A failure in either component will require that both components (theory and clinical) be repeated. Prerequisites: NURS 332, 334.
- 405. ADVANCED ADULT HEALTH NURSING. 7 cr.** Application of nursing process in classroom and clinical settings related to advanced adult health nursing in individuals and families. A progressive score in both the classroom and clinical component is needed for progression. A failure in either component will require that both components (theory and clinical) be repeated. Prerequisites: NURS 332, 334.
- 407. DIMENSIONS OF PROFESSIONAL NURSING III. 7 cr.** Application of the nursing process to acutely ill adults in acute care settings. Prerequisites: NURS 204, 216, 217, 221, 222, 321, 323, 325, 326, 327.
- 408. PSYCHIATRIC/MENTAL HEALTH NURSING. 4 cr.** Application of nursing care related to the mental health of individuals and groups

facing coping challenges. Prerequisites: NURS 204, 216, 217, 221, 222, 321, 323, 325, 326, 327.

- 409. NURSING PHARMACOTHERAPEUTICS III. 1 cr.** Application of pharmacotherapeutic concepts to the nursing care of acutely ill individuals in acute care settings. Prerequisites: NURS 204, 216, 217, 221, 222, 321, 323, 325, 326, 327.
- 410. PATHOPHYSIOLOGY FOR NURSING II. 2 cr.** Pathophysiological foundations of nursing care of adults with acute illness. Prerequisites: NURS 204, 216, 217, 221, 222, 321, 323, 325, 326, 327.
- 411. COMMUNITY NURSING I. 2 cr.** Community health nursing foundations and theory. Public health principles. Overview of community health nursing roles. Prerequisites: NURS 204, 216, 217, 221, 222, 321, 323, 325, 326, 327, 407, 408, 409, 410, 430.
- 412. COMMUNITY NURSING II. 3 cr.** Accelerated Summer course. Family and aggregate nursing. Communities in crisis. International health issues. Applications in community assessment, planning, implementation and evaluation. Prerequisites: NURS 204, 216, 217, 221, 222, 321, 323, 325, 326, 327, 407, 408, 409, 410, 411, 430.
- 414. NURSING LEADERSHIP. 4 cr.** Synthesis and application of nursing leadership and management theory to the care of groups in a variety of health care settings. Prerequisites: NURS 204, 216, 217, 221, 222, 321, 323, 325, 326, 327, 407, 408, 409, 410, 411, 430.
- 415. HEALTH ECONOMICS FOR NURSES. 2 cr.** Contemporary issues of health care economics and their application to the nursing care of individual, families, and groups across the life span. Prerequisites: NURS 204, 216, 217, 221, 222, 321, 323, 325, 326, 327, 407, 408, 409, 410, 411.
- 422. CHILD HEALTH INTERVENTIONS. 4 cr.** Concepts and applications relative to the health and illness needs of child rearing families. Credit by examination only. Prerequisites: Credit in NURS 200, 204, 216 and 280; Current Registered Nurse Licensure.
- 423. MATERNAL HEALTH INTERVENTIONS. 4 cr.** Concepts and applications related to health interventions for individuals, families, and groups with a focus on maternal health needs. Credit by examination only. Prerequisites: Credit in NURS 200, 204, 216, and 280 ; Current Registered Nurse Licensure.
- 430. NURSING RESEARCH. 3 cr.** Basic research methods applied to problems in patient care. Prerequisites: NURS 220, 305 or 307, or 321, or approval of instructor.
- 462. COMMUNITY HEALTH. 3 cr.** Nursing theory for individuals, families, and groups with a focus on community health. Prerequisites: NURS 403, 404, 405; credit or registration in 463.
- 463. COMMUNITY PRACTICUM. 2 cr.** Application of nursing theory to individuals, families, and groups in the community. Prerequisites: NURS 403, 404, 405; credit or registration in 462.
- 464. NURSING MANAGEMENT. 2 cr.** Management theory and principles adapted to nursing. A focus on synthesis of nursing health maintenance, restoration and reorganization. Prerequisites: NURS 403, 404, 405; credit or registration in 465.
- 465. MANAGEMENT PRACTICUM. 4 cr.** Application of management theory to the delivery of health care in a variety of settings. Prerequisites: NURS 403, 404, 405; credit or registration in 464.
- 472. COMMUNITY CONCEPTS. 3 cr.** Nursing theory with a focus on community health. Prerequisites: NURS 204, 220; 280; current RN licensure; credit or registration in 473.
- 473. COMMUNITY PRACTICUM RN. 2 cr.** Application of the nursing theory to individuals, families, and groups in the community. Prerequisites: NURS 204, 220; current RN licensure; credit or registration in 472.
- 474. MANAGEMENT CONCEPTS. 2 cr.** Management theory and principles adapted to nursing for the Registered Nurse. Prerequisites: NURS 204, 220; 280; current RN licensure; credit or registration in 475.
- 475. MANAGEMENT PRACTICUM RN. 4 cr.** Application of management theory to the delivery of health care in a variety of settings. Prerequisites: NURS 204, 220, 280, credit or registration in 474; 280; current RN licensure.

For Undergraduates and Graduates

- 433. NURSING INTERVENTION IN THE CARE OF THE AGED. 3 cr.** A study of the concepts and principles necessary for nursing intervention in the care of the aged. The focus will be on the seven broad areas in the care of the aged that have nursing implications: Aging and Nursing, The Normal Aging Process, Deviations of the Aging Process: Geropsychiatry; Deviations of the Aging Process: Pathophysiology; The Nursing Process; Social Forces and Aging: Implications for Nursing; Research in Aging.
- 434. LABOR AND DELIVERY NURSING. 3 cr.** Nursing theoretical and clinical components related to childbearing families during the intrapartur period. Prerequisites: NURS 332.
- 435. HEALTH ASSESSMENT AND HEALTH MAINTENANCE OF THE AGING PATIENT. 3 cr.** A study to impart concepts of the nursing processes as they relate to health assessment and health maintenance of the aging person. Principles of history-taking and physical examination and assessment skills are emphasized as they pertain to the aging patient. The focus is directed toward the assessment of physiological, environmental, sociological, and psychological needs in the aging patient.
- 437. PROFESSIONAL ISSUES AND TRENDS. 2 cr.** A synthesis course designed to enhance the student's knowledge of the demands facing professional nurses in current practice settings based on past and present events. Prerequisite: Completion of NURS 323, 325, 332, 334, 430, 404, 405 or approval of the Director, School of Nursing.
- 438. SPECIAL PROBLEMS IN NURSING. 1-3 cr. Maximum, 6 crs.** Investigative study of special problems by students with particular needs in nursing education, practice, and administration. A. Research; B. Practice; C. Administration; D. Education. Prerequisite: Approval of the Director, School of Nursing.
- 439. CONTINUED STUDIES IN NURSING. 1-3 cr.** Various topics in nursing for students not pursuing a degree. Grades of CR (Credit) or NC (No Credit) will be awarded. Prerequisite: Approval of the Director, School of Nursing.
- 441. PERIOPERATIVE NURSING THEORY. 3 cr.** Advanced course focusing on the study of aseptic technique and care of patients in the operating room/recovery room. Emphasis is placed on perioperative concepts and principles. Prerequisites: NURS 304, 305 or 307, 306, or Registered Nurse licensure.
- 442. PERIOPERATIVE NURSING SCIENCE PRACTICUM. 3 cr.** Clinical study designed to apply principles of preoperative, operative, and postoperative nursing skills. Supervised clinical experiences are offered in health care settings that provide surgical procedures. Prerequisites: NURS 304, 305 or 307, 306, or Registered Nurse licensure.
- 443. ONCOLOGICAL NURSING THROUGH THE LIFE SPAN. 3 cr.** Designed to expand the use of the nursing process with oncology patients. Malignant diseases most frequently occurring throughout the life cycle are studied. Prerequisites: NURS 304, 305 or 307, 306, or Registered Nurse licensure.
- 446. ETHNIC NURSING CARE. 3 cr.** Emphasis is placed on the impact of ethnicity in relation to health behaviors and nursing care. Prerequisite: Approval of the Director, School of Nursing.
- 448. WOMEN'S HEALTH ISSUES. 3 cr.** The study of women's health issues and concerns from a psycho-bio-social perspective. Prerequisite: none.
- 450. CRITICAL CARE NURSING. 3 cr.** The indepth study of critical care aspects of nursing, including support mechanisms. A. Adult; B. Pediatric; C. MICU; D. SICU; E. PICU; F. NICU; H. Burn; I. Psychiatry; J. Dialysis; K. Emergency; L. Substance Abuse. Prerequisite: NURS 404, 405, 403, Registered Nurse license, or permission of the Director, School of Nursing.

OCCUPATIONAL THERAPY (OCCT)

Required for an Associate of Science in Occupational Therapy Assistant: 106, 115, 201, 203, 205, 208, 210, 222, 223, 225, 226, 228, 229, 245, 260, 261 - Total of 38 semester hours.

- 106. PATHOLOGY. 3 cr.** Introduction to physical pathological conditions commonly encountered in the practice of occupational therapy. Prerequisite: Credit or concurrent enrollment in Biology 226, 2.0 overall GPA (uncorrected). Sp
- 115. PATHOLOGY. 3 cr.** Introduction to mental and developmental conditions commonly encountered in the practice of occupational therapy. Prerequisite: Completion or concurrent registration in PSYC 201, 2.0 overall GPA (uncorrected). Sp
- 201. INTRODUCTION TO OCCUPATIONAL THERAPY. 3 cr.** History and development of occupational therapy; introduction to the scope, roles, functions and treatment objectives. Prerequisite: 2.0 overall GPA (uncorrected). POTA students only. Sp
- 203. DEVELOPMENTAL TASKS AND SKILLS. 3 cr.** The exploration of life tasks and skills as related to the developmental process from birth through senescence for OTA majors only. (Substitute PSYC 278)
- 205. EVALUATION. 3 cr.** Introduction to basic evaluation techniques used in the practice of occupational therapy and the O.T. assistant's role in the evaluation process. Prerequisite: 2.3 overall GPA (uncorrected), completion of OCCT 201. For Occupational Therapy Assistant majors only. F
- 208. GROUP PROCESS. 3 cr.** Basic elements of interactive processes, activity teaching and observation writing. Prerequisite: 2.3 OCTA (Sp) only.
- 210. HEALTH CARE SYSTEMS. 2 cr.** Introduction to the structure and organization of health care delivery systems and basic departmental procedures. Prerequisites: OCCT 201; 2.3 overall GPA (uncorrected). For Occupational Therapy Assistant majors only. Sp
- 222. THEORY AND PRACTICE I. 3 cr.** Exploration of general treatment concepts and treatment approaches and techniques for the client with physical dysfunction to be performed by the Occupational Therapy Assistant. Prerequisites: O.T. 201; concurrent registration in OCCT 205, 226; 2.3 cumulative GPA (uncorrected). For Occupational Therapy Assistant majors. F
- 223. THEORY AND PRACTICE II. 3 cr.** Exploration of treatment approaches and techniques for the client with developmental and psychosocial dysfunction to be performed by the Occupational Therapy Assistant. Prerequisites: completion of 201, 205, 222, and 226; completion or concurrent registration in 225 and 227; 2.3 cumulative GPA (uncorrected). For Occupational Therapy Assistant majors. Sp
- 225. THEORY AND PRACTICE LAB. 1 cr.** A laboratory course to accompany Occupational Therapy 223 providing enrichment to didactic coursework through directed observation and participation in selected aspects of the Occupational Therapy process. Three hours of laboratory. Prerequisites: Concurrent registration in 223; 2.3 overall GPA (uncorrected). For Occupational Therapy Assistant majors. Sp
- 226. APPLIED LABORATORY. 1 cr.** A laboratory course which explores the application of evaluation and treatment techniques used by the occupational therapy assistant. 3 hours of laboratory. Prerequisite: 2.3 cumulative GPA; concurrent registration in OCCT 205 and OCCT 222; for OTA majors only. F.
- 228. PEDIATRIC LABORATORY. 1 cr.** A laboratory course providing an opportunity for manipulation and application of treatment approaches and techniques for the client with developmental dysfunction. Three contact hours of lab per week. Prerequisites: 2.3 cumulative GPA, concurrent registration in OCCT 223. For OTA majors only. (Formerly OCCT 227)
- 229. PSYCHOSOCIAL LABORATORY. 1 cr.** A laboratory course providing an opportunity for manipulation and application of treatment approaches and techniques for the client with

psychosocial dysfunction. 3 contact hours of lab per week. Prerequisites: 2.3 cumulative GPA, concurrent registration in OCCT 223. For OTA majors only. (Formerly OCCT 227)

- 245. THERAPEUTIC MEDIA. 2 cr.** Basic techniques and analysis of therapeutic media to be applied in Occupational Therapy treatment. Prerequisite: 2.3 overall GPA in Occupational Therapy Assistant majors. F
- 260. FIELD WORK PRACTICUM. 3 cr.** Eight weeks occupational therapy clinical experience in a University-approved setting with clients who have physical, developmental, or psychiatric disorders. Prerequisite: Approval of Fieldwork Coordinator; 2.3 overall GPA (uncorrected). For Occupational Therapy Assistant majors only. Students receive a grade of "CR" or "F."
- 261. FIELD WORK PRACTICUM. 3 cr.** Eight weeks occupational therapy clinical experience in a University-approved setting with clients who have physical, developmental or psychological disorders. Prerequisite: Approval of Fieldwork Coordinator; 2.3 overall GPA (uncorrected). For Occupational Therapy Assistant majors only. Students receive a grade of "CR" or "F."

PHARMACY (PHAR)

For Undergraduates Only

For Undergraduates and Professionals

- 301. STRESS AND THE IMPAIRED PROFESSIONAL. 1 cr.** A discussion of factors associated with inappropriate responses to stress leading to impairment of health professionals such as alcoholism, drug dependence, and occupational burnout with emphasis on preventative strategies.
- 302. MEDICAL ETHICS. 2 cr.** The class will address ethical dilemmas the health professionals face in their professional careers. The students will gain keener insight into the problems associated with health care delivery systems and will be prepared to face the ethical problem that will surface with the adoption of reform. Open to majors in the Health Sciences only.
- 310. HISTORY OF PHARMACY. 2 cr.** An examination of the historical basis of contemporary pharmacy practice.
- 465. PROBLEMS. 1-3 cr. Maximum, 4 cr.** Individual investigations of selected problems in pharmaceutical chemistry, pharmacognosy, pharmacology, pharmacy, and pharmacy administration. Three hours laboratory work per week per credit hour. Prerequisite: For Pharmacy majors only. Approval of department head.
- 524. CLINICAL TOXICOLOGY. 2 cr.** Information on the clinical management of poisonings including the assessment of toxic potential, stabilization of vital function, and specific antidotal measures. Prerequisite: Third Year Pharmacy Standing.

PHARMACY (PHAR)

Doctor of Pharmacy Requirements

Required for a major: 300, 350, 385, 402, 403, 407, 408, 409, 410, 411, 412, 413, 414, 418, 424, 425, 432, 436, 445, 446, 451, 454, 480, 481, 503, 515, 557, 585, 586, 587, 588, 589, 591, 592, 604, 608, 630, 631, either 606 or 609, either 629 or 632, and 10 hours of approved pharmacy electives — Total of 131 semester hours.

COURSES (See 173-176 of Pharmacy Fields of Study section for additional courses.)

For Undergraduates, Professionals and Graduates

- 404. PUBLIC HEALTH SCIENCE. 2 cr.** Development, scope, and methods employed in public health. Principles of biostatistics, epidemiology, environmental sanitation and the study of major health problems are included.

- 406. COMMUNITY HEALTH EDUCATION. 2 cr.** Development of technologies that facilitate changes in health related behavior that affect individuals, organizations, and social or community systems.
- 453. HEALTH CARE SYSTEMS. 2 cr.** The organization of health care services in the United States, with emphasis on historical development, present characteristics, and future trends. Prerequisite: PHAR 413.

For Professionals Only

- 300. INTRODUCTION TO PHARMACY. 1 cr.** An introduction to the pharmacist in society, modes of pharmacy practice, historical perspectives, fundamentals of professional responsibility. Grading will be on a credit, no credit basis. Students receiving a grade of "no credit" must repeat the course. Prerequisite: First Year Pharmacy Standing.
- 350. PHARMACY ADMINISTRATION. 3 cr.** Principles of management and functions essential to the distribution of goods and services in the pharmaceutical marketplace. Prerequisites: Economics 201; Accounting 110; First Year Pharmacy Standing.
- 385. PATIENT COUNSELING AND COMMUNICATION. 2 cr.** Principles and techniques of communication applicable to pharmacy practice. Prerequisite: Second Year Pharmacy Standing.
- 402. PHARMACEUTICS I. 4 cr.** Fundamentals of measurement and calculation and an introduction to liquid oral dosage forms. Three hours lecture and three hours laboratory per week. Prerequisite: First year pharmacy standing.
- 403. PHARMACEUTICS II. 3 cr.** A study of heterogeneous liquid, semi-solid dosage forms. Transdermal and novel drug delivery systems will be discussed. Prerequisite: 402
- 407. MEDICINAL CHEMISTRY I. 3 cr.** The biochemical basis of drug action. A molecular biology approach with pharmaceutical orientation will be stressed. Special emphasis will be placed on biochemical catalysis (enzyme structure, kinetics, and regulation), metabolism of major food constituents, nutritional parameters affecting bio-chemical processes, hereditary metabolic diseases, and the basic biochemical processes, hereditary metabolic diseases, and the basic biochemical processes associated with biotechnology. Prerequisite: First Year Pharmacy Standing.
- 408. IMMUNOLOGY & BIOTECHNOLOGY. 2 cr.** A discussion of non-specific host defense mechanisms and a detailed description of specific immunity. Products that impart artificial active and passive immunity are presented. The concept of biotechnology is discussed together with the currently available products of genetic engineering that relate to immunology. The various immunologic disorders and the immunology of cancer are also described. Prerequisite: 411.
- 411. PHARMACOLOGY I. 3 cr.** Pharmacological, anatomical, and physiological basis of drug action. Topics include general principles of therapeutics, pharmacodynamics, pharmacokinetics and toxicology, and the action of drugs in the peripheral nervous system. Prerequisite: First Year Pharmacy Standing.
- 412. PHARMACOLOGY II. 3 cr.** Continuation of Pharmacy 411 with emphasis on inflammatory and allergic reactions and the central nervous system. Prerequisites: 411; Credit or registration in 436.
- 421. HERBAL REMEDIES. 3 cr.** A study of herbal preparations and other phytomedicinals widely used by the general public as self-selected OTC products for therapeutic or preventive purposes. Emphasis is placed on the need, safety, and efficacy of herbal preparations, and the role of the pharmacist in product selection. Prerequisite: 409; credit or registration in 414.
- 424. PHARMACEUTICS IV. 4 cr.** A study of parenterally administered drugs and specialized delivery systems. Three hours lecture and three hours laboratory per week. Prerequisite: 432.
- 425. DRUG INFORMATION RETRIEVAL AND EVALUATION. 3 cr.** Introduction to services and resources used to provide evaluative information and associated professional responsibilities. Prerequisite: First Year Pharmacy Standing and Psychology 439.
- 426. AGING AND DRUG USE IN THE ELDERLY. 3 cr.** An examination of normative and pathological aging and their effect on drug use and response in the aged population. Prerequisite: Credit or registration in 414.
- 427. PHARMACY CARE LAB III. 1 cr.** Continuation of Pharmacy 322 conducted in sequence and in cooperation with other courses in the first semester of the second professional year. Grading will be on a credit, no credit basis. Students receiving a grade of "no credit" must repeat the course. Three hours laboratory experience per week. Prerequisite: Credit or registration in 385, 410, 413, 432, and 435.
- 436. PHARMACOLOGY LABORATORY. 1 cr.** A laboratory course to accompany 412. Three hours laboratory. Prerequisite: 411; credit or registration in 412.
- 440. PROFESSIONAL SERVICE ACCESSORIES. 2 cr.** Selection, indications, uses, warnings, maintenance and storage of prescription and non-prescription accessories, durable medical equipment and related items. Prerequisite: Third Year Pharmacy Standing.
- 445. PROFESSIONAL PRACTICE LABORATORY. 1 cr.** Principles and techniques of dispensing extemporaneously prepared and pre-fabricated products, and relevant aspects of contemporary pharmacy practice. Prerequisites: 432; credit or registration in 454.
- 446. NON-PRESCRIPTION MEDICATIONS AND SELF-CARE. 3 cr.** Selection and use of non-prescription medications for self-treatment of disease or to treat self-limiting disease states. Prerequisite: 385, 410, 413; Credit or registration in 414.
- 450. PHARMACY CARE LAB IV. 1 cr.** A capstone course aimed at further development of problem solving skills relevant to making clinical decisions and solving medication related problems. Prerequisite: Credit or registration in Pharmacy 414, 418, 587.
- 451. PHARMACEUTICAL CARE MANAGEMENT. 3 cr.** The behavioral, ethical, organizational, and pharmacoeconomic determinants of medication use management in the delivery of pharmaceutical care. Prerequisite: First Year Pharmacy Standing.
- 456. RESEARCH METHODOLOGY. 1 cr.** This course introduces the student to the design of hypothesis-testing studies used in clinical drug trials. Common statistical analyses are also taught. Although students who master the material should be able to design studies to answer questions using the scientific method, the purpose is to give students the skills to evaluate published studies in the medical literature. Prerequisite: Third Year Pharmacy Standing.
- 470. HOSPITAL PHARMACY. 2 cr.** The history of hospitals, organization and administration of patient care facilities, distribution of pharmaceuticals to inpatients and outpatients, abilities required of the pharmacist, and the many roles of the pharmacist as a member of the health team. Prerequisites: Second Year Pharmacy Standing.
- 480. INTRODUCTORY COMMUNITY PHARMACY EXPERIENCE. 3 cr.** A one-month introduction to the practice of pharmacy in the community setting. Minimum of 40 hours per week experiential training. Prerequisite: First year pharmacy standing.
- 481. INTRODUCTORY INSTITUTIONAL PHARMACY EXPERIENCE. 3 cr.** A one-month introduction to the practice of pharmacy in the institutional setting. Minimum of 40 hours per week experiential training. Prerequisite: Second year pharmacy standing.
- 493. CASE STUDIES IN PHARMACY ADMINISTRATION. 2 cr.** Case studies in drug marketing, pharmacy law and ethics, professional relations, and managerial accounting. Prerequisite: 451, 454.
- 494. RETAIL PHARMACY MANAGEMENT. 3 cr.** Principles and problems related to the planning, organizing, and controlling of the retail pharmacy. Prerequisite: 451.
- 503. PATIENT ASSESSMENT FOR PHARMACISTS. 2 cr.** Utilization of physical assessment findings to evaluate drug therapy needs and response. Prerequisite: Third Year Pharmacy Standing.
- 515. CLINICAL PHARMACOKINETICS. 3 cr.** The application of pharmacokinetic principles to the safe and therapeutic management of the individual patient. Prerequisites: 432.
- 557. PHARMACOTHERAPY FORUM. 2 cr.** Exercises designed to give experience in making and evaluating formal medical presentations. Prerequisite: Credit or registration in 588.
- 585. DISEASE PATHOGENESIS AND PHARMACOTHERAPY I. 4 cr.** Pathogenesis, diagnosis and rational therapeutic approaches to

treatment of selective disease states in humans. Prerequisite: 408, 412, 425; Credit or registration in 410, 413.

- 586. DISEASE PATHOGENESIS AND PHARMACOTHERAPY II. 5 cr.** Pathogenesis, diagnosis and rational therapeutic approaches to treatment of selective disease states in humans. Prerequisite: 410, 413, 585; Credit or registration in 414.
- 587. DISEASE PATHOGENESIS AND PHARMACOTHERAPY III. 5 cr.** Pathogenesis, diagnosis and rational therapeutic approaches to treatment of selective disease states in humans. Prerequisite: 414, 418, 586.
- 588. DISEASE PATHOGENESIS AND PHARMACOTHERAPY IV. 4 cr.** Pathogenesis, diagnosis and rational therapeutic approaches to treatment of selective disease states in humans. Prerequisite: 414, 418, 587.
- 589. RESEARCH METHODS FOR THE PHARMACIST. 2 cr.** Introduction to the design and common statistical analysis of clinical drug trials. Prerequisite: 425; Third Year Pharmacy.
- 591. ADVANCED INSTUTIONAL PHARMACY EXPERIENCE. 3 cr.** One-month, forty hours per week experiential training in an inpatient hospital or institution based pharmacy practice. Prerequisite: Fourth year pharmacy standing.
- 592. ADVANCED COMMUNITY PHARMACY EXPERIENCE. 3 cr.** One-month, forty hours per week experiential training in a community based pharmacy practice. Prerequisite: Fourth year pharmacy standing.
- 604. AMBULATORY CARE EXPERIENCE I. 3 cr.** A one-month structured experience in the provision of clinical pharmacy services in ambulatory settings. A minimum of 40 hours/week of experiential training. Prerequisite: Fourth year pharmacy standing.
- 606. AMBULATORY CARE EXPERIENCE II. 3 cr.** A one-month continuation of Pharmacy 604 with greater involvement in therapeutic decision making. Minimum of 40 hours per week experiential training. Prerequisite: Credit or registration in 604.
- 608. ACUTE CARE EXPERIENCE I. 3 cr.** A one-month structured experience focusing on clinical pharmacy services in the acute care setting. Minimum of 40 hours per week experiential training. Prerequisite: Fourth Year Pharmacy Standing.
- 609. ACUTE CARE EXPERIENCE II. 3 cr.** A one-month continuation of Pharmacy 608 with greater involvement in therapeutic decision making. Minimum of 40 hours per week experiential training. Prerequisite: Credit or registration in 608.
- 629. NON-PATIENT CARE EXPERIENCE. 3 cr.** A one-month structured experience focusing on aspects of pharmacy outside of direct patient care. Minimum of 40 hours per week experiential training. Prerequisite: Fourth Year Pharmacy Standing.
- 630. PATIENT CARE EXPERIENCE I. 3 cr.** A one-month structured experience focusing on patient centered pharmacy services in the acute or ambulatory care setting. Minimum of 40 hours per week experiential training. Prerequisite: Fourth Year Pharmacy Standing.
- 631. PATIENT CARE EXPERIENCE II. 3 cr.** A one-month structured experience focusing on patient centered pharmacy services in the acute or ambulatory care setting. Minimum of 40 hours per week experiential training. Prerequisite: Credit or registration in 630.
- 632. PATIENT CARE EXPERIENCE III. 3 cr.** A one-month structured experience focusing on patient centered pharmacy services in the acute or ambulatory care setting. Minimum of 40 hours per week experiential training. Prerequisite: Credit or registration in 631.

For Professionals and Graduates

- 409. MEDICINAL CHEMISTRY II. 3 cr.** A study of organic compounds of pharmaceutical and medicinal importance with emphasis on chemical structure, relationship of chemical structure to drug action, metabolism, usage, incompatibilities, and syntheses. Prerequisite: 407.
- 410. MEDICINAL CHEMISTRY III. 3 cr.** Continuation of 409. Prerequisite: 409.
- 413. PHARMACOLOGY III. 4 cr.** Continuation of 412 with emphasis on the cardiovascular, renal, and respiratory systems. Prerequisites: 407, 412, 436.

- 414. PHARMACOLOGY IV. 4 cr.** Continuation of 413 with emphasis on the gastrointestinal system, endocrine system, reproductive system, and chemotherapeutic agents. Prerequisites: 413; credit or registration in 418.
- 418. CHEMOTHERAPEUTIC AGENTS. 2 cr.** A study of the chemistry, therapeutic classification, mechanisms of action, toxicity, and spectra of agents currently used in the therapy of infectious and neoplastic diseases. Prerequisites: 408, 412; credit or registration in 409.
- 419. PHARMACOBIOTECH. 3 cr.** A study of the application of biotechnology to pharmaceuticals including drugs, diagnostics, and vaccines. Emphasis is placed on the techniques of biotechnology, recombinant proteins and peptides, monoclonal antibodies, and physicochemical properties, and metabolism of genetically engineered biopharmaceuticals. Prerequisite: 408, 409; credit or registration in 414; or approval of Department Head.
- 423. MEDICAL IMMUNOLOGY. 2 cr.** Cellular and serum immunology. Antibody structure and function. Types of antigen antibody reactions. Immunosuppression, tolerance and enhancement. Systems mediating immunologic injury and inflammation. Immunogenetics. Prerequisites: 408, 412, 436.
- 432. PHARMACEUTICS III. 3 cr.** The interrelationship between formulation factors and pharmacokinetic aspects of drug absorption, distribution, metabolism, and excretion. Prerequisite: 403.
- 454. LAW. 3 cr.** Local, state and federal laws, rules and regulations relating to the practice of Pharmacy. Prerequisite: Second Year Pharmacy.
- 467. PESTICIDES. 2 cr.** Chemicals and drugs which have important application as insecticides, herbicides, fungicides, and rodenticides. Prerequisite: 413.
- 479. NUCLEAR PHARMACY. 2 cr.** Handling and storage of radioisotopes and their application to pharmacy. The official radiopharmaceuticals and non-official radiopharmaceuticals of merit employed in therapy will be considered. Prerequisite: Second year pharmacy.
- 489. INTRODUCTORY TOXICOLOGY. 3 cr.** Survey of the occurrence, properties and harmful effects of natural and man-made toxic substances in personal, occupational and global environments. Prerequisites: Credit or registration in Zoology 311, 313, and Chemistry 304.
- 496. PHARMACEUTICAL LEGISLATION. 3 cr.** Historical Development of pharmaceutical law and its effect on the practice of pharmacy. Prerequisite: 454.

For Graduates Only

- 500. MOLECULAR STRUCTURE AND FUNCTION OF PROTEINS. 3 cr.** This course is designed to introduce graduate students to basic concepts and techniques in the study of protein structure and function. Course coverage will include structural determinants, relationship of structure to function, thermodynamics of protein interactions, protein/ligand interactions, kinetics, transition state theory, enzyme mechanisms and protein purification techniques.
- 502. PRODUCT DEVELOPMENT. 4 cr.** Theoretical and practical aspects involved in the formulation of a pharmaceutical; emphasis on research techniques employed in developing an acceptable medicinal product. Two hours lecture and six hours laboratory. Prerequisites: 431, 432.
- 513. PHARMACOKINETICS. 3 cr.** A quantitative treatment of the dynamics of drug absorption, distribution, metabolism, and excretion, including the development of mathematical models for these processes. Application of analog and digital computation will be discussed. Prerequisites: Mathematics 301 or 401, and/or Consent of Department Head.
- 514. ADVANCED BIOPHARMACEUTICS. 3 cr.** An advanced treatment of factors affecting drug availability from dosage forms and the influence of the route of administration and the dosage regimen on drug availability. Prerequisite: 513 or Consent of Department Head.
- 521. ADVANCED PHARMACOLOGY. 3 cr.** Cellular and molecular mechanisms of drug action. Prerequisites: 413, 414 or consent of Department Head.

- 522. ADVANCED PHARMACOLOGY LABORATORY. 3 cr.** Laboratory techniques used to evaluate drug action. Nine hours laboratory. Prerequisite: Credit or registration in 521.
- 523. FORENSIC TOXICOLOGY. 2 cr.** Quantitative and qualitative toxicological analyses. Six hours laboratory. Prerequisite: 489.
- 525. INDUSTRIAL TOXICOLOGY. 2 cr.** Chemical hazards in the workplace; regulatory and medico-legal programs, product safety, worker health protection, chemical-related health risk assessment. Prerequisite: 489.
- 527. NEUROPHARMACOLOGY. 4 cr.** Advanced discussion of the literature and methodology related to the action of drugs in neurological systems. Prerequisites: 413, 414, or Consent of Department Head.
- 529. IMMUNOPHARMACOLOGY. 2 cr.** A study of the interactions between pharmacologic agents; the immune systems and their biological function. Prerequisites: 414, 423.
- 531. SYNTHETIC MEDICINALS. 3 cr.** A study of the methodologies and strategies used in the synthesis of compounds of pharmacological significance. Prerequisites: Chemistry 531, 532 or Consent of Department Head.
- 532. CHEMISTRY OF HETEROCYCLIC COMPOUNDS. 3 cr.** Chemical and physical properties, nomenclature, and synthesis of heterocycles commonly found in compounds of biological and pharmacological importance. Prerequisites: Chemistry 531, 532, or Consent of Department Head.
- 534-535. NATURAL PRODUCTS. 3 cr. each.** Study of natural products used in medicine, pharmacy and allied fields. Emphasis is placed on isolation, purification and synthetic derivatives. One hour lecture and six hours laboratory. Prerequisite: Consent of Department Head.
- 540. BIostatISTICS. 3 cr.** The theoretical and applied techniques of data collection, analysis, and interpretation in pharmaceutical research. Prerequisite: Psychology 439.
- 541. ADVANCED MARKETING OF DRUG PRODUCTS. 4 cr.** Distributive systems and underlying economic principles, functions, policies, and practice as related to marketing drug products.
- 542. ADVANCED RETAIL PHARMACY MANAGEMENT. 4 cr.** Advanced problems related to planning, organizing, and controlling the retail pharmacy.
- 543. BEHAVIORAL SCIENCES IN PHARMACY ADMINISTRATION. 4 cr.** Psychology, sociology, and communications as related to pharmacy management.
- 544. NEW DRUG DEVELOPMENT. 4 cr.** Professional, administrative and legal requirements for discovery, production and distribution of a new drug.
- 545. RESEARCH METHODOLOGY. 3 cr.** Description and application of the scientific method to social and economic research problems peculiar to the health fields.
- 546. RESEARCH DESIGN. 3 cr.** Design and analysis of research problems in the health care field.
- 547. HEALTH CARE ADMINISTRATION. 3 cr.** A description and analysis of the current health care system in the United States, using economic and administrative concepts and principles. Prerequisite: Consent of Department Head.
- 548. HOSPITAL ADMINISTRATION. 3 cr.** The hospital as a complex health care organization, its nature and functions, personnel and staff behavior, and how it is viewed by its client, the patient. Prerequisite: Consent of Department Head.
- 549. HEALTH CARE LAW. 3 cr.** A study of legal issues pertaining to health care topics such as modes and institutions for providing medical care, liability of selected providers and review of applicable laws, rules, and regulations. Prerequisite: Consent of Department Head.
- 550. BIOCHEMICAL TOXICOLOGY. 3 cr.** A detailed coverage of biochemical mechanisms of toxicity. Prerequisite: Credit or registration in Toxicology 412 or equivalent.
- 551. DIRECTED STUDY. 1-3 cr. Maximum, 5 cr.** Applicable to all disciplines.
- 552. SEMINAR. 1 cr.** Current developments in pharmaceutical disciplines. Applicable to all disciplines. Attendance required for every graduate student each semester. Not more than 2 cr. applicable to the M.S. degree or an additional 4 cr. toward the Ph.D. degree, not to exceed 6 cr. for the Ph.D. degree.
- 555. FERMENTATION. 3 cr.** Production of medicinal products by microorganisms. Two hours lecture and three hours laboratory.
- 566. ADVANCED MEDICINAL ANALYSIS. 2 cr.** Advanced analytical procedures; use of new techniques and equipment. Prerequisites: Credit or registration in 568 and Consent of Department Head.
- 568. ADVANCED MEDICINAL ANALYSIS LABORATORY. 2 cr.** A laboratory course to accompany 566. Six hours laboratory. Prerequisite: Credit or registration in 566.
- 569. CONCEPTS IN DRUG DESIGN. 3 cr.** A study of traditional and contemporary approaches to drug design and development. Basic concepts important to receptor-ligand interactions will be introduced. Literature examples will be used to illustrate contemporary methods, such as molecular modeling, QSAR, and combinatorial strategies. Prerequisite: 409 or Consent of Instructor.
- 577. PHARMACEUTICAL PREFORMULATION. 3 cr.** Introduce students to the necessary physicochemical parameters, determination of kinetic rate profiles, characterization of physical properties, and compatibility with common excipients of new drug substances.
- 578. SOLID-STATE CHEMISTRY OF DRUGS. 3 cr.** This fundamental course on pharmaceutical solids provides a comprehensive, cutting-edge overview of ideas, issues, language, and methodologies of pharmaceutical solid-state research.
- 579. DOSAGE FORM DESIGN. 3 cr.** Theoretical and practical aspects involved in the design of dosage forms including the development of drug molecules and industrial scale manufacturing.
- 580. TOXICOLOGY RESEARCH. 2 cr.** Student participation in ongoing laboratory research to illustrate experimental design and performance. Prerequisite: Open to students enrolled in the non-thesis option Master of Science program in toxicology (pharmaceutical sciences) only.
- 581. ADVANCED TOXICOLOGY. 3 cr.** Cellular mechanisms of adverse chemical effects in biological systems. Areas of emphasis include principles of pathology, genotoxicity, carcinogenicity, teratogenicity and toxic responses of major organ systems. Prerequisites: 415, 489.
- 582. ADVANCED TOXICOLOGY LABORATORY. 3 cr.** Common laboratory techniques used to evaluate chemical toxicity. One hour lecture, six hours laboratory. Prerequisite: Credit or registration in 581.
- 583. SURFACE AND INTERFACIAL PHENOMENA. 3 cr.** This course deals with the fundamentals of surface and interfacial phenomena encountered by pharmaceutical scientists in the development of dosage forms.
- 584. CHEMICAL KINETICS AND STABILITY OF PHARMACEUTICALS. 3 cr.** This course deals with the fundamentals aspects of chemical kinetics applied to the stability of pharmaceutical raw materials and final dosage forms.
- 590. METHODS AND PRINCIPLES OF TOXICOLOGY. 4 cr. each.** Intended to provide the graduate student with hands-on laboratory experience in methods commonly used in A. Neurotoxicology, B. Aquatic Toxicology, C. Immunotoxicology, D. Hepatotoxicology. Prerequisite for A, B, and D: 550 and Consent of Instructor. Prerequisite for C: 408 or 423.
- 599. THESIS. 3, 6, 9, 12 cr.** Applicable to all disciplines. May be repeated for credit. Grades of CR (Credit) or NC (No Credit) will be awarded.
- 651. ADVANCED DIRECTED STUDY. 1-3 cr. Maximum, 10 cr.** Applicable to all disciplines.
- 699. DISSERTATION. 3, 6, 9, 12 cr.** May be repeated for credit. Grades of CR (Credit) or NC (No Credit) will be awarded. Applicable to all disciplines.

PHILOSOPHY (PHIL)

Required for a minor: 201, 203, and 12 additional hours—Total of 18 semester hours.

For Undergraduates Only

- 201. INTRODUCTION. 3 cr.** The nature of philosophical inquiry and themes in the history of philosophy, including questions which deal with such topics as knowledge and truth, the nature of reality, metaphysics, faith and unbelief, meaning and value, the individual and society, and human nature.
- 203. LOGIC. 3 cr.** The nature and limits of logic, informal critical reasoning, types of arguments, good reasoning and its relationship to truth, the traditional fallacies, and an introduction to formal logic with statement calculus.
- 300. DIRECTED STUDY. 3 cr.** Selected studies in Philosophy and Religion. Content varies. A. A Study of Religion. (Same as Religion 300A.); B. Ethics in America. C. The Examined Life.
- 320-321. RELIGIONS OF THE WORLD. 3 cr. each.** A systematic analysis of the origins, doctrines, and practices of the major world religions. Particular attention will be given to the philosophical foundations of each religion. (Same as Religion 320-321.)
- 410. ENVIRONMENTAL PHILOSOPHY. 3 cr.** Philosophical issues regarding the ethics, aesthetics and economics of the environment along with a meta-critique of the science of the environment.

For Undergraduates and Graduates

- 400. INTERSECTIONS OF SCIENCE AND RELIGION. 3 cr.** This course will cover the issues that have arisen historically and also in the contemporary world in the dialogue of science and religion. Major focus should be given to how these issues and positions have affected our understanding of human nature. Topics that should be covered include: Darwin and Evolutionary Theory, Creationism, Design, the Origin of the Cosmos, the Big Bang, Quantum Theory and Chance, The Free Will, Miracles and Prayer, and Theories of Human Nature in Asian Religions and Christianity.
- 401. ANCIENT AND MEDIEVAL. 3 cr.** Philosophical thought from the Pre-Socratic to the sixteenth century, including Plato and Aristotle, the Epicureans and the Stoics, the Neo-Platonists, and Aquinas; the rise and fall of medieval scholasticism. (Formerly 301.)
- 402. MODERN. 3 cr.** Philosophical thought from the seventeenth century to the present, including rationalism, empiricism, idealism, pragmatism, logical positivism, and existentialism. (Formerly 302.)
- 403. ETHICS. 3 cr.** A study of the theoretical foundations of morality with reference to approaches to ethical thought, character, and action. Concepts include good and evil, right and wrong, obligations and rights, responsibility and freedom and the application of these concepts to the working out of particular ethical problems. (Same as GOVM 403.)
- 404. CONTROVERSIAL ISSUES IN BIOETHICS. 3 cr.** The ethical significance of and ethical dilemmas that arise as a result of new cutting-edge biotechnologies. Ethical topics include: reproductive options, abortion, stem-cell research, human cloning, genetic discrimination and confidentiality, genetic engineering, regulation of human research, and euthanasia.
- 405. PHILOSOPHY OF RELIGION. 3 cr.** A study of attempts to bring rational justification and clarification to religious beliefs and practices, focusing primarily on the concepts of Christian theology. Topics will include the existence of nature of God, faith and reason, death and immortality, mysticism, the problem of evil, religious experience, and the impact of existentialism on contemporary religious thought.
- 407. THEORIES OF HUMAN NATURE. 3 cr.** This course will cover the theories of human nature that have arisen historically and also in the contemporary world. Major figures to be covered include Plato, Aristotle, Aquinas, Hobbes, Locke, Hume, Kant, Darwin, Marx, Nietzsche, Freud, Sartre, Maslow, and Contemporary Psychological theories. This course will answer questions like what is the human being?, what are human beings capable of?, what does it mean to live a fulfilled human life?, what is the purpose of human life?, is the human being basically aggressive or kind?, and how do human beings differ from animals?
- 415. THEORY OF KNOWLEDGE. 3 cr.** A comparative and critical survey of the major theories which deal with the nature and extent of human knowledge and related notions, such as belief, justification, perception, and memory. Classical and contemporary

philosophical positions will be covered representing a wide range of theories and their application to other disciplines of human inquiry, such as biology and psychology.

- 491. DIRECTED STUDY. 1-3 cr.** Directed study and/or research in selected areas of philosophy. A. Logic; B. Ethics; C. Ancient, Medieval, and Modern; D. Theory of Knowledge. Prerequisite: Advanced standing, approval of department head, and permission of the instructor.

**PHYSICAL SCIENCE
(PSCI)****For Undergraduates Only**

- 101-102. INTRODUCTORY PHYSICAL SCIENCE. 3 cr. each.** An interdisciplinary approach to physical and chemical laws and principles applied to matter and energy. Cannot be used to satisfy major or minor requirements. Prerequisite for 102: Credit for PSCI 101.
- 103-104. PHYSICAL SCIENCE LABORATORY. 1 cr. each.** A laboratory course in introductory physical science to accompany 101-102. Two hours of laboratory. Prerequisite: Credit or registration in PSCI 101-102.

For Undergraduates and Graduates

- 491. SPECIAL TOPICS. 1-6 cr. Maximum, 6 cr.** Special topics in Physical Science for teachers. A. General Physical Science; B. Energy. Prerequisite: Approval of department head.

**PHYSICS
(PHYS)****Undergraduate Requirements**

Required for a minor: 201, 202, 207, 208, 209, 210, and 12 additional hours of physics, exclusive of 203 and 204—Total of 25 semester hours.

Required for a minor (Secondary Education - Physics): 201-202, 203-204, 207-209, 208-210; plus three hours above 200 level. Total of 19 semester hours. Teacher certification in this minor area requires 30 credit hours or the Praxis content specialty exam.

For Undergraduates Only

- 105-106. PHYSICS AND SOCIETY. 1 cr. each.** Readings and discussions of current articles on the interactions of physics and society.
- 201. DESCRIPTIVE ASTRONOMY. 3 cr.** The astronomical universe from a non-mathematical viewpoint. Prerequisite: Credit or registration in PHYS 202.
- 202. DESCRIPTIVE ASTRONOMY LABORATORY. 1 cr.** A laboratory course to accompany 201. Two hours of laboratory. Prerequisite: credit or registration in PHYS 201.
- 203. GENERAL. 3 cr.** Principles and applications of mechanics, heat and sound. Prerequisite: MATH 112 or 113.
- 204. GENERAL. 3 cr.** Principles of electricity, magnetism, and light. Prerequisite: PHYS 203.
- 207. MECHANICS, SOUND, AND HEAT. 3 cr.** Principles and applications of mechanics, sound, and heat. For students who will pursue science and engineering. Prerequisite: Credit or registration in MATH 131. F
- 208. ELECTRICITY, MAGNETISM, AND LIGHT. 3 cr.** Principles and applications of electricity, magnetism, and light. For students who will pursue science and engineering. Prerequisite: PHYS 207. Sp
- 209. MECHANICS, SOUND, AND HEAT LABORATORY. 1 cr.** Laboratory experiments in mechanics, sound, and heat to

accompany 203 or 207. Prerequisite: Credit or registration in PHYS 203 or 207. (Formerly PHYS 205 and 211.)

- 210. **ELECTRICITY, MAGNETISM, AND LIGHT LABORATORY. 1 cr.** Laboratory experiments in electricity, magnetism, and light to accompany PHYS 204 or 208. Prerequisite: Credit or registration in 204 or 208. (Formerly PHYS 206 and 212.)
- 213. **ACOUSTICS OF MUSIC AND SPEECH. 3 cr.** A non-mathematical treatment of frequency, amplitude, and wavelength of sounds and their influence on pitch, loudness, and quality. Discussion of vibrating strings, membranes, and air columns as related to musical instruments and speech mechanisms.
- 215. **PHOTOGRAPHY. 2 cr.** A descriptive treatment of optical principles of cameras, enlargers, and other lens systems utilized in modern processes of photography. Significance of f-stops, shutter times, and film speeds.
- 216. **PHOTOGRAPHY LABORATORY. 1 cr.** A laboratory course to accompany 215. Three hours of laboratory. Techniques of developing, printing, and enlarging.
- 220. **HISTORY OF SCIENCE. 3 cr.** An introduction to the major influences of scientific thought and discovery on the course of history. Prerequisites: 3 cr. in introductory science.
- 222. **MAJORS' INTRODUCTION TO THE PHYSICS LABORATORY. 1 cr.** How to use basic scientific instruments, such as the oscilloscope, and department facilities such as the VAX system (Maple) and the photo darkroom. Permission of the department head. Sp
- 301. **LABORATORY TECHNIQUES. 1 cr.** Selected experiments in advanced physics. Three hours of laboratory. Prerequisites: PHYS 208 and MATH 132.
- 302. **RADIOLOGICAL. 3 cr.** The nature and use of X-Rays and radiological materials. May not be applied to a major in physics or chemistry. Prerequisite: PHYS 204.
- 306. **HEALTH PHYSICS. 3 cr.** Medical aspects of radiation for students in the health professions including nuclear radiation, radiation protection for patients and medical personnel, and the effects of radiation on living systems. May not be applied to a major in physics or chemistry. Prerequisite: PHYS 204.
- 308. **LABORATORY TECHNIQUES. 1 cr.** Selected experiments in advanced physics. Three hours of laboratory per week. Prerequisite: PHYS 208.
- 310. **DIGITAL ELECTRONICS. 3 cr.** Digital electronics including gates, Boolean algebra, combinational logic, binary number operations, flip-flops, latches, and counters. Prerequisite: PHYS 204 or 208.
- 314. **DIGITAL ELECTRONICS LABORATORY. 1 cr.** Digital integrated circuits including logic gates, latches, flip flops, decoders, encoders, analog-to-digital conversions, shift registers, counters, multiplexers, ROM's, RAM's. Three hours of laboratory. Prerequisite: PHYS 310 or approval of department head.
- 315. **MECHANICS. 3 cr.** Statics, kinematics, and dynamics. Prerequisites: PHYS 204 or 208; MATH 131.
- 317. **ELECTRICITY AND MAGNETISM. 3 cr.** The theory of electricity and magnetism as applied to the elements of electrical circuits. Prerequisites: PHYS 208, MATH 132.
- 322. **ELEMENTARY MODERN PHYSICS. 3 cr.** Introduction to relativity, quantum effects, quantum mechanics, and solid state and nuclear physics. Prerequisites: PHYS 204 or 208.
- 328. **POPULAR READINGS IN PHYSICS. 1 cr.** Reading discussion of a popular work in the physics and physical science literature with a Physics professor. Maximum of 2 hours toward degree. Permission of Department Head required.
- 391. **DIRECTED STUDY. 3 cr. each. Maximum, 6 cr.** Investigative and advanced study in A. Theoretical Mechanics, B. Electrical Circuits, C. Modern Physics, D. Fluid Mechanics. Prerequisite: Approval of department head.

For Undergraduates and Graduates

- 401. **HEAT AND THERMODYNAMICS. 3 cr.** Principles and application of heat transfer and the laws of thermodynamics. Prerequisites: PHYS 208; MATH 232.

- 405. **BASIC PHYSICS LABORATORY. 1 cr.** Classical physics experiments in heat and thermodynamics, mechanics, optics, and electricity and magnetism. Three hours of laboratory. Prerequisites: PHYS 315 and 401.
- 406. **BASIC PHYSICS LABORATORY. 1 cr.** Modern physics experiments in solid state, atomic and nuclear physics and selected experiments in departmental research areas. Three hours of laboratory. Prerequisites: PHYS 405.
- 409. **OPTICS. 3 cr.** Principles and applications of geometrical and physical optics. Prerequisites: PHYS 208 and credit or registration in MATH 232.
- 410. **PHYSICS FOR SECONDARY TEACHERS. 3 cr.** Elementary concepts of physics applicable to junior and senior high school science courses. Not applicable toward B.S. or M.S. degree in physics. Prerequisite: Approval of department head.
- 412. **ELEMENTARY VECTOR FIELDS. 3 cr.** Methods of formulation and solution of problems involving force fields as encountered in physical mechanics and electromagnetic theory. Prerequisite: PHYS 208; MATH 232.
- 415. **MECHANICS. 3 cr.** Rigid bodies, vibrational systems, and advanced general methods. Prerequisites: PHYS 315; MATH 132.
- 417. **ELECTRICITY AND MAGNETISM. 3 cr.** A theoretical treatment of electricity and magnetism with an introduction to electromagnetic wave phenomena. Prerequisites: PHYS 317 and credit or registration in MATH 232.
- 421. **RESEARCH. 1-3 cr.** Research problems that emphasize current progress in physics. Three hours of laboratory work per week per credit hour. Prerequisite: Approval of department head.
- 424. **ANALOG ELECTRONICS. 3 cr.** Discrete electronic components and circuits using them including resistors, capacitors, diodes, transistors, and operational amplifiers. Prerequisite: PHYS 208 and MATH 132.
- 426. **ANALOG ELECTRONICS LABORATORY. 1 cr.** Basic measurement techniques, filters, power supplies, diodes, transistors, and operational amplifiers. Three hours of laboratory. Prerequisite: Registration or credit in PHYS 424.
- 433. **INTRODUCTORY QUANTUM MECHANICS. 3 cr.** The development of introductory quantum theory from a phenomenological point of view with applications to atomic physics and chemistry. Prerequisite: Approval of department head.
- 491. **DIRECTED STUDY. 1-6 cr. Maximum, 6 cr. for undergraduates; Maximum, 3 cr. for graduates.** Investigative and advanced study in: A. Advanced Mechanics, B. Electromagnetic Fields, C. Heat and Thermodynamics, D. Quantum Mechanics, E. Fluid Mechanics. Prerequisite: Approval of department head.

PORTUGUESE (PORT)

For Undergraduates Only

- 101-102. **ELEMENTARY. 3 cr. each.** An introduction to the basic grammatical structures of Portuguese, with the aim of developing an elementary ability to understand, speak, read, and write the language. Language laboratory required.

PRE-LAW

Required for a minor in Business Law: Business 401, 402; Economics 409; Finance 305; Government 205, 206 — Total of 18 semester hours.

PSYCHOLOGY (PSYC)

Undergraduate Requirements

Required for a major: 201, 317 or 318, 339, 407, 411, 439, and 7 courses selected from the following 11

alternatives: Developmental Psychology elective, 303, 315, 316, 319, 325, 401, 402, 406, 450 and 451 — Total of 37 semester hours.

Required for a minor: 201, 315 and 317 or 316 and 318, and 12 additional hours, at least 9 hours of which must be numbered 300 or higher — Total of 19 semester hours.

For Undergraduates Only

- 200A. DISCOVERING PSYCHOLOGY—3 cr.** An introductory survey of the field of psychology. Students with prior credit in Psychology 201 are not eligible to receive credit in Psychology 200A.
- 200B. INTRODUCTION TO BEHAVIOR DISORDERS—3 cr.** A survey of common behavior disorders, their etiology and treatment. Students with prior credit in Psychology 401 are not eligible to receive credit in Psychology 200B.
- 201. INTRODUCTION. 3 cr.** Principles of psychology as a science, characteristics of human behavior and cognitions and a survey of major topic areas including motivation, learning, emotions, and social and biological factors. F, Sp, Su
- 203. CHILD PSYCHOLOGY. 3 cr.** Physical, cognitive, psychological, and social development of children up to adolescence. Focus on normal development with attention to deviations from normality. Principles and applications with implications for families and professionals. Prerequisite: PSYC 201. F, Sp, Su
- 205. ADOLESCENT PSYCHOLOGY. 3 cr.** Physical, cognitive, psychological, and social development of the adolescent. Focus on normal development with attention to deviations from normality. Prerequisite: PSYC 201. F, Sp, Su
- 278. DEVELOPMENTAL PSYCHOLOGY. 3 cr.** Human life-span developmental psychology emphasizing an integrative conceptualization of the totality of ontogenetic, behavioral and physiological changes. Prerequisite: PSYC 201. F, Sp, Su
- 301. EDUCATIONAL PSYCHOLOGY. 3 cr.** Application of psychological methods and facts as applied to the teaching of individuals of varying development levels and cultural backgrounds. Secondary and K-12 teacher education majors will complete twenty hours of observation at selected school sites. Prerequisite: PSYC 201. F, Sp, Su
- 303. PHYSIOLOGICAL. 3 cr.** Physiological correlates of behavior with special emphasis on the physiology and anatomy of the nervous system as a basis for relating behavior to its physiological components. Prerequisites: PSYC 201; BIOL 226 or equivalent. F
- 315. EXPERIMENTAL. 3 cr.** Principles of learning and related principles of motivation and memory, with emphasis on scientific method and experimental findings. Prerequisite: PSYC 201. F, Sp
- 316. EXPERIMENTAL. 3 cr.** Human sensory processes and perception, with emphasis on scientific method and experimental findings. Prerequisite: PSYC 201. F, Sp
- 317. LEARNING LABORATORY. 1 cr.** A laboratory to accompany PSYC 315. Three hours laboratory.
- 318. PERCEPTION LABORATORY. 1 cr.** A laboratory to accompany PSYC 316. Three hours laboratory.
- 319. COMPARATIVE PSYCHOLOGY. 3 cr.** The concepts of species-typical behavior and ontogenetic development as illustrated in organisms at various phyletic levels and the application of these ideas to the study of human behavior. Prerequisites: PSYC 201. F, Sp
- 325. HUMAN LEARNING AND COGNITION. 3 cr.** Principles of knowledge acquisition and usage in humans. Emphasis on the structure, processes, and models of memory, attention, information processing, and the neural basis of cognition. F, Sp
- 339. INTRODUCTION TO RESEARCH METHODS. 3 cr.** An introduction into the basics of scientific research methods with emphasis on the applications of research to psychological and educational topics. Prerequisite: PSYC 201. F, Sp, Su

For Undergraduates and Graduates

- 401. ABNORMAL. 3 cr.** Nature of mental and emotional disorders with their underlying determinants. Prerequisite: PSYC 201. F, Sp, Sum
- 402. SOCIAL PSYCHOLOGY. 3 cr.** Psychological factors and influences in social behavior; the individual in social situations; the influence on social environment in behavior and development. (Same as SOCL 402.) Prerequisites: PSYC 201, SOCL 101. F
- 403. EXCEPTIONAL CHILDREN AND YOUTH. 3 cr.** Legal definitions and clinical classifications of children and youth who vary from normal (mentally, physically, or emotionally). Emphasis on etiology, identification, and educational service provision in multi-cultural settings. Prerequisite: PSYC 201, 203. (Formerly The Exceptional Child.) Su
- 405. MENTAL RETARDATION. 3 cr.** Recognition, diagnosis, and etiology of mental retardation. Emphasis on psychological theories, procedures, and application. Prerequisites: PSYC 201, 203. (Formerly The Mentally Retarded Child.) F, Su
- 406. PERSONALITY. 3 cr.** Development, dynamics, and processes in the structure of personality. Prerequisite: PSYC 201. Students with prior credit in PSYC 427 are not eligible to receive credit in PSYC 406. F, Sp, Sum
- 407. HISTORY AND SYSTEMS. 3 cr.** The evolution of modern psychology from its historical origins in philosophy and the natural sciences to contemporary systems and theory. Prerequisites: PSYC 201 and six hours of psychology above 300. F, Sp, Su
- 410. HEALTH PSYCHOLOGY. 3 cr.** Behavioral factors in physical illness and maintenance of health; including an examination of research issues, behavioral techniques in treatment, intervention and preventative medicine strategies. Prerequisites: PSYC 201, BIOL 226. Sp
- 411. ADVANCED TOPICS. 3 cr.** A study of theoretical issues in experimental and applied areas of psychology. Prerequisite: 12 hours of psychology. F, Sp, Su
- 415. INDUSTRIAL. 3 cr.** Application of psychological principles and techniques to problems of industry, with emphasis on employee selection and placement, merit rating, accident reduction, training, measurements, and improvement of morale. Prerequisite: PSYC 201.
- 425. PSYCHOLOGY OF ADULTHOOD AND AGING. 3 cr.** Study of physical, intellectual, personality, social and emotional development during the middle and older years of the life span. Su
- 427. THEORIES OF PERSONALITY. 3 cr.** Survey of the dominant personality theories. Prerequisite: nine hours of psychology. F, Sp
- 439. STATISTICS. 3 cr.** Statistical techniques needed in the study, interpretation, and preparation of educational and psychological research. F, Sp, Su
- 441. PSYCHOLOGY OF CHILD ABUSE. 3 cr.** Identification, treatment, and prevention of child abuse and neglect. F, Sp, Su
- 450. EVOLUTIONARY PSYCHOLOGY. 3 cr.** Evolutionary origins of behavior are integrated into a framework of ontogeny and physiology, delineating a modern adaptationist approach to psychology. Prerequisites: PSYC 201, BIOL 226 or equivalent.
- 451. PSYCHOLOGICAL TESTING AND MEASUREMENT. 3 cr.** The theory and rationale underlying the definition and measurement of human traits, abilities, and behaviors. Prerequisite: PSYC 439 recommended. Sp

QUANTITATIVE METHODS (QMDS)

For Undergraduates Only

- 210. STATISTICS AND QUALITY CONTROL. 3 cr.** Hypothesis testing; simple and multiple regression and correlation; forecasting; quality control techniques, chi square and analysis of variance; introduction to non-parametric statistics. Emphasizes statistical analysis using software packages. Prerequisite: QMDS MATH 116 and CSCI 170. F, Sp, Su

For Undergraduates and Graduates

411. **OPERATIONS RESEARCH. 3 cr.** Operations research techniques including linear programming, dynamic programming, game theory, queuing theory, Monte Carlo method and simulation with emphasis on applications to manufacturing, marketing, and financial management problems. Prerequisite: QMDS 210.

RADIOLOGIC TECHNOLOGY (RADT)

Required for a major: 101, 204, 303, 309, 313, 314, 315, 320, 321, 322, 323, 324, 325, 327, 328, 403, 405, 409, 410, 413, 419, 420, 424, 425, 428, 432—Total of 67 semester hours.

101. **INTRODUCTION. 1 cr.** An introduction to radiologic technology including historical aspects, orientation to the program and curriculum objectives. F, Sp
204. **CLINICAL RADIOGRAPHY ORIENTATION. 2 cr.** Analysis of the health care delivery system including professional development, responsibilities, and principles of clinical radiography. Prerequisite: RADT 101. Sp
303. **RADIOGRAPHIC PROCESSING TECHNIC. 2 cr.** The fundamentals of processing technics: chemistry, equipment, and methods of automatic processing. Prerequisite: RADT 204. F
309. **METHODS OF PATIENT CARE. 3 cr.** General patient care, principles of body mechanics, and specific nursing procedures related to radiologic technology. Prerequisite: RADT 204. F
313. **RADIOGRAPHIC PROCEDURES. 2 cr.** The principles and skills involved in routine radiographic positioning to demonstrate the extremities and associated girdles. Prerequisites: RADT 204; BIOL 114, 115, 116, 117, and 214 or 228; registration in RADT 314. F
314. **RADIOGRAPHIC PROCEDURES LABORATORY. 1 cr.** A laboratory course to accompany 313. Prerequisite: Registration in RADT 313. F
315. **CLINICAL RADIOGRAPHY. 4 cr.** Sixteen hours per week of supervised clinical experience in an approved medical center. Prerequisites: Credit or registration in RADT 204, 303, 309, 313, 314. F
320. **RADIOGRAPHIC EXPOSURE. 2 cr.** Radiographic exposure principles: prime factors, factors influencing radiographic quality, beam restricting devices and attenuating devices. Prerequisite: RADT 303. Sp
321. **RADIOGRAPHIC EXPOSURE LABORATORY. 1 cr.** A laboratory course to accompany 320. Prerequisite: Registration in RADT 320. Sp
322. **RADIOGRAPHIC PROCEDURES. 2 cr.** The principles and skills involved in routine radiographic positioning to demonstrate the vertebral column, skull, thoracic cavity, abdominal cavity and glands. Prerequisite: RADT 313, 314. Sp
323. **RADIOGRAPHIC PROCEDURES LABORATORY. 1 cr.** A laboratory course to accompany 322. Prerequisite: Registration in RADT 322. Sp
324. **CLINICAL RADIOGRAPHY. 4 cr.** Sixteen hours per week of supervised clinical experience in an approved medical center. Prerequisites: Credit or registration in RADT 315, 320, 321, 322, 323, 325. Sp
325. **RADIOLOGIC SCIENCE PROBLEMS. 1-4 cr.** An introduction to emerging advancements and research in Radiologic Sciences. Prerequisite: Approval of Program Director or, credit or registration in RADT 303, 309, 313 and 314. F, Sp
327. **CLINICAL RADIOGRAPHY. 4 cr.** Thirty-five hours per week of supervised clinical experience in an approved medical center. Prerequisite: RADT 324. S
328. **CLINICAL RADIOGRAPHY. 4 cr.** Thirty-five hours per week of supervised clinical experience in an approved medical center. Prerequisite: RADT 327. S

403. **RADIOGRAPHIC EXPOSURE. 2 cr.** Advanced theories of radiographic exposure including problem solving and the practical application of technic principles. Methods of generator and x-ray equipment quality assurance. Prerequisite: RADT 320, 321. F
405. **RADIOBIOLOGY. 2 cr.** Fundamentals of radiation biology with special emphasis on clinical aspects, including dosage, common pathologies, and protective measures. Prerequisite: RADT 325. Sp
409. **ADVANCED RADIOGRAPHIC PROCEDURES. 2 cr.** Advanced principles and skills involved in special views of all body systems. Introduction to cross-sectional anatomy as applied to US, CT, and MRI. Prerequisite: RADT 322, 323. F
410. **ADVANCED PROCEDURES LABORATORY. 1 cr.** A laboratory course to accompany 409. Prerequisite: Registration in RADT 409. F
413. **ADVANCED CLINICAL RADIOGRAPHY. 6 cr.** Twenty-one hours per week of supervised clinical experience in an approved medical center. Prerequisites: Credit or registration in RADT 328, 403, 405, 409, 410, 419. F
- 419-420. **PATHOLOGY. 2 cr. each.** A general survey of medical and surgical diseases related to diagnostic radiography. Prerequisite: BIOL 114, 115, 116, 117, and 214 or 228. F, Sp
424. **DIAGNOSTIC IMAGING. 3 cr.** The fundamentals of various imaging modalities including image intensification, recording media, ultrasound, computerized transaxial tomography, digital radiography and MRI. Prerequisites: Credit or registration in RADT 325 and 403. F
425. **RADIOLOGIC OPERATIONS. 2 cr.** Principles and problems in administrative functions, supervision of radiology departments, personnel guidance, productivity and budget. Prerequisite: Senior standing. Sp
428. **SPECIAL RADIOGRAPHIC PROCEDURES. 3 cr.** Principles and skills involved in special procedures using contrast media and supplementary radiographic procedures. Procedure practice in a clinical situation with direct and indirect supervision. Prerequisite: RADT 409, 410. Sp
432. **ADVANCED CLINICAL RADIOGRAPHY. 6 cr.** Twenty-one hours per week of supervised clinical experience in an approved medical center. Prerequisites: Credit or registration in RADT 413, 420, 424, 428. Sp
450. **RADIOLOGICAL SEMINAR. 2 cr.** Presentation of oral and written reports on current topics in the Radiological Sciences. Students are required to prepare appropriate visual aids to illustrate their discussion. Prerequisite: Approval of the Program Director. May be repeated for a maximum of 4 hours. Sp
455. **DIRECTED STUDY. 3 cr.** Individual investigation of selected problems in the Radiological Sciences. Content varies: A. Diagnostic Radiology, B. Therapeutic Radiology, C. Nuclear Medicine, D. Ultrasonography, E. Quality Assurance, F. Computers in Radiology, I. Computerized Tomography (CT), J. Magnetic Resonance Imaging, K. Vascular and Interventional Radiography, L. Mammography, M. Supervision and Education. Prerequisite: Approval of the Department Head. F, Sp, S

READING (READ)

For Undergraduates Only

101. **READING ENHANCEMENT. 3 cr.** Development of enhanced reading skills in vocabulary, comprehension, and speed. May be repeated for a maximum of 6 credits.
321. **READING IN THE PRIMARY GRADES. 3 cr.** Materials and methods for beginning reading instruction. Must be admitted to Teacher Education. F, Sp
322. **READING IN THE INTERMEDIATE GRADES. 3 cr.** Materials and methods for developing and strengthening reading skills in children beyond the primary grades. Must be admitted to Teacher Education. F, Sp

For Undergraduates and Graduates

- 418. TEACHING READING IN THE CONTENT AREAS. 3 cr.** A study of the methods, materials, and practices which contribute to making an effective application of reading skills in the subject matter areas. A. For Secondary Teachers; B. For Elementary Teachers. Prerequisite: Approval of instructor.
- 419. SURVEY OF READING. 3 cr.** Basic course in teaching reading; introduction to methods and materials; and a survey of contemporary problems. Prerequisite: Approval of instructor.
- 420. TEACHING READING TO ADULTS. 3 cr.** Procedures and materials currently in use for teaching reading to adults.
- 481. CONTINUING STUDIES IN READING. 1-3 cr.** Various topics in reading. May be repeated. Credit may not be applied toward a degree. Grade of CR (Credit) or NC (No credit) will be awarded.

RELIGION (RELG)

Required for a minor: 18 semester hours which must include English 421 or Sociology 406, and may include Philosophy 405 as a course option.

- 207. INTRODUCTION TO THE BIBLE: OLD TESTAMENT. 3 cr.** The history, literature, teachings, and philosophical concepts of the Old Testament as they relate to the development of religious and ethical ideas of contemporary thought; selected readings and passages from the books of history, law, the prophets, and other writings.
- 208. INTRODUCTION TO THE BIBLE: NEW TESTAMENT. 3 cr.** The history, literature, teachings, and philosophical concepts of the New Testament as they relate to the development of religious and ethical ideas of contemporary thought; emphasis upon the Gospel accounts of the life and teachings of Jesus, the development and spread of Christianity as reflected in the writings of Paul and others.
- 300. DIRECTED STUDY. 3 cr.** Selected studies in Philosophy and Religion. Content varies. A. A Study of Religion. (Same as Philosophy 300A.)
- 309. ISLAM. 3 cr.** Survey of Islamic history from the inception in 7th century Arabia to the present day. Special emphasis on the religious principles and the institutions of the civilizations to which it gave rise. Attention is given to those factors that continue to make Islam an important force in the world today. (Same as HIST 309.)
- 312. JUDAISM: ITS DEVELOPMENT AND FUNCTION. 3 cr.** Introduction to Jewish history, thought, and practice. Jewish contributions to religion and culture. Emphasis on its role in the contemporary social, political and religious scene.
- 316. AMERICAN RELIGIOUS HISTORY. 3 cr.** A study of the relation between religion and the development of American government and history, including attention to religious freedoms, expressions, and influences.
- 320-321. RELIGIONS OF THE WORLD. 3 cr. each.** A systematic analysis of the origins, doctrines, and practices of the major world religions. Particular attention will be given to the philosophical foundations of each religion. (Same as PHIL 320-321.)
- 334. OLD TESTAMENT: THE RELIGION OF THE POETS AND THE PROPHETS. 3 cr.** A representative study of the poetic and prophetic books of the Old Testament in the historical and cultural setting in which they appeared. Prerequisite: RELG 207.
- 340. LIFE AND TEACHINGS OF JESUS OF NAZARETH. 3 cr.** A study of the biblical accounts of the life and teachings of Jesus in their historical and cultural context. Prerequisite: RELG 208.
- 344. LIFE AND LETTERS OF PAUL. 3 cr.** Emphasis on the universally recognized Pauline literature with a focus on the theological

innovations of Paul and his missionary penetration of the Greco-Roman world. Prerequisite: RELG 208.

- 360. OLD TESTAMENT: THE DEVELOPMENT AND MEANING OF THE LAW. 3 cr.** Intensive study of legal material in Pentateuch, with attention to ancient Hebrew ideas on God and humanity, society and morality. Comparison to earlier Near Eastern law codes. Later legal development in New Testament and early rabbinic sources. Prerequisite: RELG 207.
- 361. THE CHRISTIAN CHURCH: ITS ORIGINS AND ORGANIZATION. 3 cr.** A study of the biblical and historical development of the Christian Church with emphasis on its impact on the Near East and Europe. Attention is also given to the various structures and organizations of the modern Church.
- 362. CHRISTIAN THEOLOGY. 3 cr.** An introduction to the biblical, historical, philosophical, and systematic aspects of Christian theology with emphasis on the current trends of theology as related to Universalism, Existentialism, and Liberation Theology.

SCIENCE (SCIE)

For Undergraduates Only

- 101. INTEGRATED PHYSICAL SCIENCE I (INTEGRATED PHYSICS). 3 cr.** Basic concepts and principles of physics, in particular, force and motion, energy, light, heat, electricity and magnetism. Personal applications of science, process skills, problem-solving, and discovery/inquiry learning are also emphasized. Integrated lecture/lab format. For Elementary Education Majors only. F, Sp
- 102. INTEGRATED PHYSICAL SCIENCE II (INTEGRATED CHEMISTRY). 3 cr.** Fundamental concepts of chemistry with an emphasis on the interdisciplinary nature of the concepts introduced. Integrated lecture/lab format. For Elementary Education Majors only. F, Sp
- 103. INTEGRATED BIOLOGICAL SCIENCES. 3 cr.** A course for non-science majors designed to focus on basic concepts and principles of the biological sciences. Emphasis is on the history and methods of biological science, basic chemistry and physiology of living systems, ecological principles and related environmental issues, and biodiversity. Prerequisites: SCIE 101 and 102. For Elementary Education Majors only.
- 104. INTEGRATED GEOSCIENCES. 3 cr.** The goal of this course is to present an integrated approach to essential concepts in introductory geology (physical and historical geology), astronomy (from an earth science perspective), and weather and to emphasize the personal application of science, the process skills, problem-solving, and discovery/inquiry learning. Prerequisites: SCIE 101 and 102. For Elementary Education Majors only.

SOCIAL SCIENCE (SSCI)

Undergraduate Requirements

Required for a major in Secondary Education - Social Studies: Economics 201, 202; Geography 101, 102, 301; Geography 411 or History 439; Government 201, 202; History 111-112 (formerly 101-102), 201, 202, 305; Sociology 101, 203; Government 413 or History 408; Government 414 or History 450. Total of 51 semester hours.

Required for a minor in Secondary Education - Social Studies: Geography 101, Government 201, History 111-112 (formerly 101-102), 201, 202, 305. Total of 21 semester hours. Teacher certification in this minor area requires 30 credit hours or the Praxis content specialty exam.

SOCIAL WORK (SOCW)

This undergraduate Social Work program is accredited by the Council on Social Work Education (CSWE). The primary objective of the major is to prepare students for beginning professional social work practice.

Required for a major: Social Work 101, 102, 205, 301, 303, 305, 315, 405, 416, 421, 422, 6 hours of Social Work electives and Sociology 450 and a grade of C or higher in all courses required for a major—Total of 47 semester hours. A grade of C or above must be achieved in prerequisite courses prior to enrollment in higher level courses.

Students may choose to complete a minor as part of their free electives.

For Undergraduates Only

- 101. INTRODUCTION TO SOCIAL WORK. 3 cr.** The historical development of the social work profession to the present. The knowledge, values, and skills required for the profession are identified. The role of social workers in various fields of social work practice is described.
- 102. SOCIAL WELFARE AS AN INSTITUTION. 3 cr.** The structure and function of public and private agencies that have been developed to help meet human needs. This course will integrate society's values with program services provided to prevent or alleviate social problems experienced by individuals, groups and communities.
- 205. HUMAN BEHAVIOR AND SOCIAL ENVIRONMENT I. 3 cr.** An introduction to basic principles and fundamental concepts necessary for acquiring and organizing knowledge about human behavior and the social environment. Concentration on the stages of individual development from birth to old age is emphasized. Prerequisites: SOCW 101 and 102.
- 301. INTERVIEWING AND THE HELPING RELATIONSHIP. 3 cr.** Develops theoretical knowledge and practical skills in interviewing, and recording by studying concepts, principles, and techniques in the classroom and by applying them in role-play interview situations. Students are required to volunteer 30 clock hours in an agency approved by the classroom instructor. Prerequisites: SOCW 101, 102, and 205.
- 303. SOCIAL POLICY AND SOCIAL WORK. 3 cr.** Learning to identify and analyze the processes of social policy decision-making in the social, political, and economic arenas. Examines societal values and ideologies which relate to the development of social policies and programs. Students are required to volunteer 30 clock hours in an agency approved by the classroom instructor. (Formerly 203.) Prerequisites: SOCW 101, 102.
- 305. HUMAN BEHAVIOR AND SOCIAL ENVIRONMENT II. 3 cr.** An introduction to knowledge, theories, and concepts about human behavior from the perspective of small groups, organizations, and communities. Prerequisite: SOCW 205 and Social Work major; for non-majors, junior level standing and approval of social work program head.
- 315. PRACTICE I. 3 cr.** The development of skills necessary for generalist social work practice with individuals, families, and small groups. Utilization of a systems approach to problem solving and an introduction to strategy selection are covered. Prerequisites: SOCW 205 and 301.
- 317. GROUP WORK. 3 cr.** Examines various theoretical approaches to social work practice with groups, basic skills involved in leadership and group development, and the fundamentals of the dynamics and processes in social group work. Prerequisite: SOCW 301 or approval of program director.
- 318. COMMUNITY INTERVENTION. 3 cr.** A study and evaluation of theories and strategies of community intervention; a problem-solving methodology to teach techniques of working with planning
- action groups around problem identification, and intervention activities; methods of community organization.
- 319. CHALLENGES AND SERVICES RELATED TO AGING. 3 cr.** Examines the challenges people experience in relation to or as a consequence of aging, and the resources available to deal with specific problems.
- 404. SOCIAL AND EMOTIONAL ASPECTS OF DISABILITIES. 3 cr.** The course examines physical and developmental disabilities from four basic perspectives using an interdisciplinary ecological approach: (1) physical and medical aspects of disabilities; (2) psychosocial and emotional aspects of disabilities; (3) micro and macro-level intervention approaches and (4) advocacy, policy-making, and legislative efforts by and on behalf of people with disabilities at the local, state, and national levels.
- 416. PRACTICE II. 3 cr.** Generalist social work theory and its application at the macro level of practice. This course will focus on the application of social work skills of assessment and problem-solving at the organizational and community level. To be taken concurrently with Social Work 421 and 422.
- 421. FIELD EDUCATION IN SOCIAL WORK. 8 cr.** Supervised practice in an approved social work agency for four full days weekly. Fall or Spring enrollment. Application must be made in the first month of the semester prior to enrolling in Field Work. Prerequisites: Completed all 100 and 200 level courses, earned a grade of C or higher in all courses required for a major, and earned a GPA of 2.3 in all courses required for the degree. During enrollment in Field Education, the student will enroll in Social Work 416 and 422. No more than one additional course may be taken during this semester. (For a total of 17 hours.)
- 422. FIELD EDUCATION SEMINAR. 3 cr.** To be taken by all students enrolled in SOCW 421, FIELD EDUCATION IN SOCIAL WORK. The course content is integrated with the field practicum experience. This is a capstone course addressing materials covered in all social work foundation areas from the perspective of a generalist social work practitioner. Emphasis is on value and ethics, diversity, research, social and economic justice, and populations-at-risk. The formal evaluation of social work students is conducted via an exit exam and an assessment of written and oral communication skills.
- 435. DIRECTED STUDY. 1-3 cr.** Guided readings in selected areas directed by instructor on an individual basis. May not be taken for more than three credits. Prerequisite: Junior standing and prior approval by supervising professor.
- 495. DIRECTED RESEARCH IN SOCIAL WORK. 1-3 cr.** The application of basic research methods in studying specialized problems. Prerequisites: SOCL 450 and approval of supervising professor.

For Undergraduates and Graduates

- 401. THE CHILD AND THE COMMUNITY. 3 cr.** Examines the common and particular needs of children in the community, social welfare services and resources developed by communities for the care and training of children.
- 403. FAMILY VIOLENCE AND SOCIAL WORK PRACTICE. 3 cr.** Identifies the four major kinds of violence with families; assesses the dynamics and complex issues associated with family violence and their implications for the social worker; looks at current local, state, and national efforts to resolve the problem. Emphasis is on an overview of treatment and prevention programs for victims and perpetrators of domestic violence.
- 405. DIFFERENTIAL DIAGNOSIS. 3 cr.** An organized introduction to and synopsis of the criteria for the individual diagnoses in the DSM-IV as it relates to the functionality of human behavior in the context of diverse social systems. Prerequisites: PSYC 201 and 401.
- 406. CHILD ABUSE AND NEGLECT. 2 cr.** Defines the abused and neglected child and family and examines the dynamics associated with dysfunctional families. (May not receive credit for 406 and 408.)
- 408. CHILD ABUSE RECOGNITION AND TREATMENT. 3 cr. each.** Defines the abused and neglected child; examines the dynamics

associated with dysfunctional families and multi-level treatment approaches for the abused child and abusive parents. (Formerly 406 and 407; may receive credit for only one of the following: 406, 408, or PSYC 441.)

- 410. HUMAN SERVICES IN A RURAL ENVIRONMENT. 3 cr.** An examination of human services in a rural environment, the social and cultural factors affecting the delivery system, and the skills and resources needed by the helping professional to be more effective in working with the rural individual, family, group, and community.
- 411. SOCIAL WORK PRACTICE WITH THE ELDERLY. 3 cr.** An introduction to the social, economic, and psychological dimensions of aging using a person-in-environment approach. (Same as GERO 411.)
- 417. SOCIAL WORK ADMINISTRATION. 3 cr.** Study of organization and administrative practices utilized in public agencies for expediting services offered to the public. Emphasis on planning, programming, budgeting, public relations, interpretation of social policy, decision making, and legislation. Prerequisite: Approval of program director. (Formerly Organization and Administration in Social Welfare Agencies.)

SOCIOLOGY (SOCL)

Required for a major: Sociology 101, 436, 450, 451; and 24 additional hours in Sociology—Total of 36 semester hours.

Required for a minor: 101, 450, and 12 additional hours in Sociology—Total of 18 semester hours.

Students may choose to complete a minor as part of their free electives.

For Undergraduates Only

- 101. INTRODUCTION. 3 cr.** A survey of the basic concepts of sociology and techniques of sociological research; factors and principles influencing the social life of man. (Same as SOCL 102 and 300C.)
- 102. INTRODUCTION: AN INTERNATIONAL PERSPECTIVE. 3 cr.** A survey of the basic concepts of sociology and techniques of sociological research; factors and principles influencing the social life of man. This course examines these factors from an international perspective. (Same as SOCL 101 and 300C.)
- 203. SOCIAL PROBLEMS. 3 cr.** Individual, family, and community disorganization. Attention is given to social planning, reconstruction, and problems of minorities.
- 207. CULTURAL ANTHROPOLOGY. 3 cr.** A comparative study of the life and organization of human groups throughout the world, with an emphasis on traditional societies. (Formerly ANTS and SOCL 307, SOCL 300E, and GEOS 400B.)
- 226. PERSPECTIVES ON AGING. 3 cr.** An orientation from practitioners in the community and from an academic interdisciplinary perspective to programs, services, issues, and problems in working with older persons. (Same as GERO 226, formerly SOCL and GERO 426.)
- 300. DIRECTED STUDY.—1-3 cr.** Selected studies in sociology. Content and credit varies. C. Sociological Imagination (Same as SOCL 101 and 102). D. Portrait of a Family (Same as SOCL 419). G. Beliefs and Believers. No more than 6 hours may be applied toward degree requirements.
- 305. POPULAR CULTURE. 3 cr.** An indepth examination of the forms of popular culture - activities that occupy our leisure time - proliferation of these forms, and popular culture's impact on socialization, life-styles, and social change.
- 310. SOCIOLOGY IN FILM. 3 cr.** An examination of sociological concepts and themes in American and foreign popular and educational films. A \$5 fee will be assessed to cover partial cost of film rental.
- 325. CONTEMPORARY SOCIAL MOVEMENTS. 3 cr.** An examination of current social movements with an analysis of social and cultural background, forms of expression and organization, and their role and function in modern society.
- 416. DIRECTED STUDY. 1-3 cr.** Guided reading and/or research in a special area of sociology. Prerequisite: Twelve hours of sociology, a grade point of 3.00 in sociology courses and prior approval of supervising instructor.
- 418. RESEARCH PRACTICUM IN SOCIOLOGY. 3 cr.** The application of basic methods and concepts in sociology to a specific topic of interest to the student. Prerequisite: SOCL 450.
- 436. SEMINAR IN THE DEVELOPMENT OF SOCIOLOGY. 3 cr.** The study of social thought that influenced sociological ideas and concepts. Recent trends and influences in modern sociology will be discussed.
- 499. SENIOR SEMINAR. 1 cr.** A small-group interdisciplinary approach to relevant issues. Open to all majors. May be repeated for a maximum of 3 hours credit. Prerequisites: 3.0 GPA, Junior standing, recommendation by department head, and selection by faculty committee.

For Undergraduates and Graduates

- 404. MEDICAL SOCIOLOGY. 3 cr.** An analysis of human adaptation to illness, the sick role, social organization of medical institutions, and the sociology of death.
- 405. THEORIES OF CRIME AND DELINQUENCY. 3 cr.** An analysis of the extent of crime and delinquency; impact of crime and delinquency on society; physical, social, and psychological causation of crime and delinquency; and current issues in criminology. (Same as CJUS 405.)
- 406. RELIGION AND SOCIETY. 3 cr.** A study of structure and functions of religion and its effect on society, culture, and personality, a comparative analysis of religion; and an examination of religion in American based on sociological research. (Formerly Sociology of Religion.)
- 407. POPULATION AND SOCIETY. 3 cr.** Problems of the quantity and quality of the population, including composition, differential fertility, population pressure, internal migration, regional and class differentials, and trends. (Formerly Demography.)
- 412. MINORITY GROUPS. 3 cr.** An analysis of the structure, culture, and social processes of ethnic, racial, social and religious groups in America. (May be offered in non-traditional modes.)
- 415. JUVENILE DELINQUENCY AND JUSTICE. 3 cr.** The nature, extent, and causes of juvenile delinquency; factors in its treatment and prevention, including community and agency programs; and analysis of the legal system as it applies to juveniles. (Same as CJUS 415.)
- 419. THE FAMILY. 3 cr.** The past and present role of the family as the primary social group in our culture; problems facing the modern family in a changing social world. (Same as SOCL 300D.)
- 422. ANTHROPOLOGY OF LATIN AMERICA. 3 cr.** Description of indigenous social organizations prior to conquest. Survey of community ethnographic studies of African, Amerind, Asiatic and European cultures in contemporary rural and urban Latin America. Prerequisite: SOCL 307 or approval of department head. (Same as ANTG 422.)
- 424. WOMEN AND AGING. 3 cr.** Examines the life experiences of women as they age. Emphasis is on sociological influences on perceptions of aging among women and on aging women's roles in society. (Same as GERO 424.)
- 425. SEMINAR IN DEATH AND DYING. 3 cr.** Exploration of the social organization of dying, including a view on cross-cultural perspectives on death, treatment of the dying patient, and the grief process. (Same as GERO 425)
- 430. BELIEF SYSTEMS. 3 cr.** The relationship between pre-literate belief systems and social structure; myths of creation, life cycle crisis, rites of passage, purity and pollution, witchcraft and supernatural illness. (Same as ANTG 430)
- 435. ANTHROPOLOGY OF SEX ROLES. 3 cr.** An analysis of different values that define appropriate masculine and feminine behavior

(sex roles) in a variety of cultures. Explores the impact of social institutions on teaching and enforcing sex roles in traditional and modern societies. (Same as ANTG 435)

- 442. FIELD STUDIES OF FOREIGN AREAS. 3 cr.** Extended field study tours of major foreign areas of the world. A. Western Europe; B. Northern Europe; C. South Pacific. Topics may not be repeated.
- 443. SOCIOLOGY OF SPORTS, RECREATION, AND LEISURE. 3 cr.** The structure and functions of sports and recreation in fulfilling leisure pursuits in American society.
- 444. FIELD STUDIES OF FOREIGN AREAS. 3 cr.** Extended thematic field study outside the United States with guest lectures, tours, and assigned readings. A. Far East; B. Middle East; C. Latin America; D. Europe; E. England. Topics may not be repeated for credit.
- 447. REGIONAL UNITED STATES FIELD STUDIES. 3 cr.** Extended thematic field study within the United States with guest lectures, tours, and assigned readings. A. North, B. South, C. East, D. West. Individual topics may not be repeated for credit.
- 450. SOCIAL RESEARCH. 3 cr.** The formulation of a research problem; ethics of research; development of research design; sampling procedures; collecting and processing of research data.
- 451. SOCIAL STATISTICS. 3 cr.** Statistical procedures appropriate to the measurement and analysis of social data. Prerequisite: Approval of department head.
- 452. QUALITATIVE RESEARCH. 3 cr.** Examines the different qualitative research methods, conceptualization and operationalization of the research question, tools for data collection, analysis, and presentation, selection and protection of participants, ethical issues, and strengths and weaknesses of this type of interpretative work. (Same as GERO 452)
- 455. SOCIOLOGY OF BALANCED LIVING. 3 cr.** The study of factors influencing the socialization process, dynamics of relationships, and life satisfaction. Focus is on making choices and meeting challenges based on understanding of the interaction process and life skills training.
- 490. PERSPECTIVES ON SEXUALITY. 3 cr.** Human sexuality is considered from biological, psychological and sociological perspectives. A broad overview of reproductive anatomy, contraception, gender roles, sexual practices, and social values acquaints students with significant aspects of sexuality. (Formerly SOCL 495E).

SPANISH (SPAN)

Required for a major—Total of 30 semester hours beyond 101-102, including 231, 311, and 3 hours to be chosen from 312, 313, or 314.

Required for a minor: Total of 18 semester hours.

Required for a major (Spanish Education): See specific degree plan in the College of Education and Human Development section of this catalog.

Required for a minor (Spanish Education): Total of 21 semester hours which must include 231, 311, and 312. Teacher certification in this minor area requires 30 credit hours or the Praxis content specialty exam.

Global Studies Concentration: 33 hours. See Foreign Languages Department Head for requirements.

Spanish courses marked with an asterisk (*) may not be taken for credit by native speakers of Spanish without the department head's approval.

For Undergraduates Only

- *101. ELEMENTARY. 3 cr.** An introduction to the basic grammatical structures of Spanish with the objectives of developing an elementary ability to speak, understand, read, and write the language.

***102. ELEMENTARY. 3 cr.** A continuation of the study of Spanish on the elementary level. Prerequisite: A "C" or better in SPAN 101 or permission of the department head.

103. STUDY ABROAD. 3-6 cr. Application of language skills in a foreign language environment. Students will be involved in a total immersion living situation and will receive a minimum of fifteen clock hours per week in formal language instruction. May be repeated with permission of department head.

104. SPANISH FOR PROFESSIONS. 3 cr. An introduction to the vocabulary, terminology, and structures for developing basic Spanish skills for professions. Prerequisite: SPAN 102 or equivalent. (May not be used as part of a major or minor in Spanish.)

***105. ELEMENTARY. 6 cr.** Same as Spanish 101 and 102.

197, 198, 199. BEGINNING SPANISH. 1 cr. each. Independent reading, grammar, and/or conversation on the elementary level. Prerequisite: SPAN 102 or 105.

201-202. INTERMEDIATE. 3 cr. each. A continuation on the intermediate level of study begun in 101-102 with an emphasis on the grammar, reading, and conversation. Work in the computerized Language Learning Center is required. Prerequisite: SPAN 102 or 105.

205. INTERMEDIATE. 6 cr. Same as Spanish 201 and 202.

210. COMMERCIAL SPANISH. 3 cr. Readings, discussions and translations of business materials in Spanish with continued emphasis on reading, writing, speaking, listening and translation skills. Prerequisite SPAN 202 or 205.

231. GRAMMAR AND COMPOSITION. 3 cr. A review and drill of the elements of Spanish grammar and syntax with special emphasis on developing the ability to organize and to write correctly and fluently in Spanish. Prerequisite: SPAN 202 or 205.

301. SURVEY OF SPANISH AMERICAN LITERATURE. 3 cr. An introduction to the outstanding writers of Spanish America from pre-Colombian to modern times. Prerequisite: SPAN 202, 205 or permission of department head.

307-308. SURVEY OF SPANISH LITERATURE. 3 cr. each. Selection from the outstanding authors of Spain. Prerequisite: SPAN 202 or 205.

311. PHONETICS. 3 cr. An introduction to the Spanish phonetic system with emphasis on pronunciation practice in the language learning facility. Prerequisite: SPAN 102 or the equivalent.

312. CULTURE AND CIVILIZATION OF MEXICO. 3 cr. Advanced studies in the history and culture of Mexico with continued emphasis on understanding, speaking, reading, and writing. Prerequisite: SPAN 202 or 205.

313. CULTURE AND CIVILIZATION OF SPAIN. 3 cr. Advanced studies in the history and culture of Spain with continued emphasis on understanding, speaking, reading, and writing. Prerequisite: SPAN 202 or 205.

314. CULTURE AND CIVILIZATION OF LATIN AMERICA. 3 cr. Advanced studies in the history and culture of Latin America with continued emphasis on understanding, speaking, reading, and writing. Prerequisite: SPAN 202 or 205.

321, 322, 323. INDEPENDENT READING. 1 cr. each. Directed reading and discussion of excerpts from Hispanic literature with continued emphasis on understanding, speaking, reading, and writing Spanish. Prerequisite: SPAN 202 or 205.

For Undergraduates and Graduates

402. SEMINAR IN SPANISH LITERATURE. 3 cr. Maximum, 6 cr. In-depth study and analysis of a specific Spanish-language literary movement or writer. Prerequisite: SPAN 202 or 205.

405. ADVANCED ORAL LANGUAGE DEVELOPMENT. 3 cr. May be repeated for 6 cr. The refinement of conversational skills utilizing the language learning center and classroom activities. Prerequisite: SPAN 202 or 205.

406. ADVANCED SPANISH SYNTAX. 3 cr. An analysis of the more complex and problematic areas of Spanish grammar and vocabulary usage. Prerequisite: SPAN 231 or equivalent.

- 407. CONTEMPORARY LATIN AMERICAN LITERATURE. 3 cr.** Maximum 6 cr. An analysis and discussion of outstanding works from the Spanish American literature of the twentieth century. Prerequisite: SPAN 202 or 205 or permission of department head.
- 408. CONTEMPORARY HISPANIC LITERATURE IN THE UNITED STATES. 3 cr.** An analysis and discussion of outstanding works of the Hispanic writers of the U.S. Prerequisite: SPAN 202 or 205 or permission of department head.
- 415. CONTEMPORARY SPANISH LITERATURE. 3 cr.** Extensive reading of authors of the Generation of 1898 and of the Twentieth Century. Prerequisite: SPAN 202 or 205.
- 425. SPANISH LANGUAGE PRACTICUM. 3-12 cr.** Application of language skills in a foreign-speaking environment. Student will be involved in a total-immersion living situation and will receive a minimum of fifteen clock hours per week in formal language instruction. May be repeated with permission of department head. Prerequisite: SPAN 202 or 205.
- 474. SECOND LANGUAGE ACQUISITION. 3 cr.** The application of second language acquisition theory in the classroom. Prerequisite: Spanish/French 473.
- 475. LANGUAGE, CULTURE AND THE CLASSROOM. 3 cr.** The application of second language acquisition theory in the elementary or secondary classroom. Same as French 475. Prerequisite: SPAN 474.

SPECIAL EDUCATION (SPED)

For Undergraduates Only

- 202. SURVEY OF THE EDUCATION OF CHILDREN WITH SPECIAL NEEDS. 3 cr.** A survey of the cause, evaluation, education and prevention of children with special needs. (10 observation hours required)
- 463. STUDENT TEACHING FOR SPECIAL EDUCATION. 6 cr.** Directed observation and participation in special education situations. Must be admitted to Teacher Education.
- 464. STUDENT TEACHING FOR SPECIAL EDUCATION. 9 cr.** Eighteen weeks directed observation and participation in special education. Must be admitted to Teacher Education.
- 465. STUDENT TEACHING FOR SPECIAL EDUCATION. 12 cr.** Directed observation and participation in special education situations. Must be admitted to Teacher Education.

For Undergraduates and Graduates

- 481. CONTINUING STUDIES IN SPECIAL EDUCATION. 1-3 cr.** Various topics in special education. May be repeated. Credit may not be applied toward a degree. Grade of CR (Credit) or NC (No Credit) will be awarded.
- 491. DIRECTED STUDY. 1-6 cr.** Focused investigation on selected problems in Special Education. Prerequisite: Approval of instructor.

SPEECH COMMUNICATION (SPCH)

Undergraduates Requirements

Required for a major with a Concentration in Speech Communication: Speech 101, 109, 118, 201, 260, 304, 305, 311, 330, 344, 450, and 9 hours of Speech Communication electives at the 300-400 level — Total of 40 hours.

Required for a major with a concentration in Theatre: Speech 102, 118 or 260, Theatre 100, 101, 102, 110, 111, 201, 202, 207, 221, 415, 416 and 15 hours in a specialty — Total of 40 hours.

Required for a minor: Speech 101, 118, 260, 9 hours of Speech Communication and/or Theatre at the 300-400 level, and 3 hours of Speech Communication and/or Theatre electives — Total of 21 semester hours.

Required for a major (Speech Education): Speech 101, 118, 305, and 311; Theatre 110, 111, 221 and 425; Mass Communications 201; Communicative Disorders 113; 5 hours of electives in Speech Communication. Total of 31 semester hours. (See specific degree plan in the College of Education and Human Development section).

Required for a minor (Speech Education): Speech 101, 118, 305, 311; Theatre 105, 110, 111; Communicative Disorders 113. Total of 20 semester hours. Teacher certification in this minor area requires 21 credit hours or the Praxis content specialty exam.

Speech Communication majors and minors must participate in Forensics and/or Theatre activities.

A student electing a major in Speech Communication has the option of choosing an academic minor.

For Undergraduates Only

- 100. FOUNDATIONS OF SPEECH COMMUNICATION. 3 cr.** Experiential learning approach to special problems in communication: articulation, speech anxiety, interviews, presentational skills, and related concerns. This course does not replace or substitute for a required course.
- 101. FUNDAMENTALS. 3 cr.** Focus is on the total range of communication behaviors we engage in within the contexts of intrapersonal, interpersonal, small group, organizational, public speaking, and mass communication.
- 102. VOICE AND DICTION. 3 cr.** A non-technical approach to developing expressive speech. Emphasis is on phonetics, the mechanics of vocal sound, and oral readings.
- 109. FORENSIC SPEAKING LABORATORY. 1 cr.** Supervised participation in the intercollegiate debate program. May be repeated for a maximum of three hours credit.
- 110H. HONORS SPEECH COMMUNICATION. 3 cr.** Speech taught more as a liberal art than as a technical art. Emphasis on developing effective rhetorical skills, problem-solving, critical thinking, and the place of values in establishing humane goals. Presentations required. Prerequisite: Admission to the Honors Program or permission of the Undergraduate Honors Council. Substitutes for either Speech 101 or 201.
- 118. INTERPERSONAL COMMUNICATION. 3 cr.** Stresses practical application of communication concepts and skills. Emphasis on self-concept, language, perception, listening, nonverbal communication, and resolution of interpersonal skills development.
- 201. PUBLIC SPEAKING. 3 cr.** The delivery of carefully prepared speeches; audience analysis; collection and outlining of materials.
- 260. SMALL GROUP COMMUNICATION. 3 cr.** Introduction to small group participation and leadership. Small group variables included for study are group structure, climate, goals, roles, norms, conflict, and rhetorical sensitivity. Special emphasis given to application of concepts within problem-solving discussion groups.
- 304. INTERCULTURAL COMMUNICATION. 3 cr.** A study of communication principles between members of different cultures. Distinctions among verbal and non-verbal code systems regarding various aspects of culture will be examined. Prerequisite: Speech 101, 118, or consent of instructor. May not be used as a substitute for a foreign language.
- 305. ORAL INTERPRETATION. 3 cr.** Oral reading of prose and poetry with emphasis on determining and interpreting the thought and emotional content of selections of literature.
- 310. COMMUNICATION AND CONFLICT. 3 cr.** A study of the theory and practice of communication strategies and styles in conflict situations. The course will look at conflict in interpersonal and/or

profession settings. Prerequisites: SPCH 101, 118, 201 or consent of the instructor.

- 311. ARGUMENTATION AND DEBATE. 3 cr.** Argumentation as a method for critical inquiry. Emphasis on debate as argument exemplar with instruction in analysis, reasoning, and use of evidence. Participation in debates. (Formerly Speech 311-Debate.)
- 325. SPECIAL TOPICS. 3 cr.** Study of various communication contexts, problems, and issues. A. Rhetoric and Public Address; B. Forensics; C. Interpersonal Communication; D. Organizational Communication; E. Communication Theory; F. Instructional Communication. Prerequisite: SPCH 101, 118, or 201 or consent of Department Head.
- 330. PERSUASION. 3 cr.** A review of general theoretical approaches to persuasion and influence with focus on principles of persuasive communication and application of persuasive strategies. Prerequisite: SPCH 101 or 201 or consent of instructor. (Formerly Speech 230 - Persuasion.)
- 335. NONVERBAL COMMUNICATION. 3 cr.** The process of generating and interpreting messages from such nonverbal sources as space, physical appearance, time, facial expressions, and other nonverbal codes explored for effects on interpersonal relationships. Prerequisites: SPCH 101, 118, or 201.
- 341. COMMUNICATION AND GENDER. 3 cr.** Exploration of how gender and communication interact, exploring how gender influences communication, how gender is communicated, and how communication influences our understandings of gender and what it means to be gendered beings. Prerequisites: SPCH 101, 118, or 304 or approval of the instructor.
- 344. ORGANIZATIONAL COMMUNICATION. 3 cr.** An introduction to the principles and theories of competent organizational communication. You will learn about the research and practice in this field.
- 450. COMMUNICATION THEORY. 3 cr.** An analysis and evaluation of predominant communication theories that identify fundamental communicative forces in human action. Prerequisite: SPCH 101, 330, or approval of instructor.
- 452. CRITICISM OF CONTEMPORARY COMMUNICATION. 3 cr.** This course examines various aspects of contemporary communication. Prerequisites: SPCH 101, 201, or approval of the instructor.
- 491. DIRECTED STUDY. 1-3 cr.** Directed study in A. Rhetoric and Public Address; B. Forensics; C. Speech Communication; D. Oral Interpretation. May be repeated for a total of 6 crs. Prerequisites: Approval of department head.

For Undergraduates and Graduates

- 405. ADVANCED PUBLIC COMMUNICATION. 3 cr.** Preparation and delivery of the principal types of speeches, with some attention to the miscellaneous types of speeches; rhetorical criticism. An effort is made to arrange outside speaking engagements for members of the class.
- 420. PERFORMANCE STUDIES. 3 cr.** Theory and practice in the art of group oral presentation of literature; selection, analysis, and arrangement of materials for oral interpretation; program planning for public presentation; emphasis on Reader's Theatre. Prerequisite: SPCH 305 or consent of instructor.
- 426. HEALTH COMMUNICATION. 3 cr.** The study of effective communication perspectives and skills helpful in providing integrated, coordinated services between various allied health professions.
- 451. AMERICAN PUBLIC ADDRESS. 3 cr.** Provides a study of American public address from colonial times to the present. Prerequisite: SPCH 101, 201, or approval of instructor.
- 453. RHETORIC OF SOCIAL MOVEMENTS. 3 cr.** This course examines social movement. Prerequisite: SPCH 101, 201, or approval of instructor.
- 462. ADVANCED SMALL GROUP COMMUNICATION. 3 cr.** Studies of group action, interaction, and leadership designed to apply small group theory. Emphasis on the nature of group communication as exemplified in the discussion/conference model. Prerequisite: SPCH 260 or 101 or consent of instructor.

SPEECH/LANGUAGE/HEARING

(See Communicative Disorders)

THEATRE (THEA)

Undergraduate Requirements

Required for a Major: See under "Speech Communication."

For Undergraduates Only

- 100. CAREER PLANNING. 0 cr.** Teaches the basics of the theatre business to include resume and portfolio preparation, personal record keeping and career paths. F
- 101. PLAY READING I. 1 cr.** Reading and discussing 15 plays by contemporary American playwrights. F
- 102. PLAY READING II. 1 cr.** Reading and discussing 15 plays by contemporary non-American playwrights. Sp
- 105. THEATRE PRODUCTION LABORATORY. 1 cr.** Provides practice in one of the many theatre skills through participation in university productions. Open to all students. Course not designed to accompany any other course. May be repeated for a maximum of three hours credit. F, Sp, Su
- 110. THEATRE FUNDAMENTALS: SKILLS. 2 cr.** Teaches the basic skills required to function in a production company: Production Organization, Scene Shop Skills, Property Operations, Electrical Operations, Scene Painting, Sound Operations, Costume Shop Operations, Wardrobe Operations, and Make-up Operations. F
- 111. THEATRE FUNDAMENTALS: AESTHETICS. 2 cr.** Teaches fundamentals of design theory, stage movement and dramatic theory to include genres and styles. Sp
- 191. ENJOYING THEATRE. 3 cr.** Seeks to improve appreciation and understanding of theatre art to include playwriting, acting, directing, designing (scenery, lighting, costumes and make-up) and managing. The course gives emphasis to critical observation and thinking skills. F, Sp
- 201. PLAY READING III. 1 cr.** Reading and discussing 15 plays by Modern American playwrights. F
- 202. PLAY READING IV. 1 cr.** Reading and discussing 15 plays by Modern European playwrights. Sp
- 207. MAKE-UP. 2 cr.** Teaches basic skills of make-up design and application for straight and character roles in theatre, television and film. Selected special applications are taught. Laboratory hours on TheatreWorks.ULM productions and student make-up kit are required. F, Sp
- 221. BEGINNING ACTING. 3 cr.** Teaches the basic skills of memorization, relaxation, concentration, physicalization, vocal control and script interpretation through exercises and scene study.
- 300. DIRECTED STUDY—E-TV. 3 cr.** Content Varies. A. Drama: Play, performances, and perception. No more than 12 semester hours may be applied toward degree requirements.
- 301. SCENIC CONSTRUCTION. 3 cr.** Teaches principles and techniques for the building, rigging and shifting of scenery through study, exercises and application. Laboratory hours on TheatreWorks.ULM productions required.
- 303. LIGHTING. 3 cr.** Teaches theory, design and practice of lighting for theater, television and film. Laboratory hours on Theatre Works.ULM productions required.
- 305. ADVANCED THEATER PRODUCTION LABORATORY. 1 cr.** Provides practice in the application of technical or performance skills in the execution of a major role or position of significant responsibility in TheatreWorks.ULM productions. Prerequisites: Permission of the Director of the Theater. Not designed to accompany any other course. May be repeated for up to three hours credit. F, Sp, Su

- 309. PLAYWRIGHTING. 3 cr.** Teaches the writing of short plays through theory, example and practice.
- 321. INTERMEDIATE ACTING. 1, 2 or 3 cr.** Teaches intermediate skills in specialized areas such as auditioning, performance of musical theater and period styles. Topic and credit varies with the subject matter. Prerequisite: THEA 221 or permission of instructor. May be repeated for a maximum of nine credits.
- 351. SCENIC DESIGN. 3 cr.** Teaches application of art fundamentals and historical research to the design of scenery for theatre, television and film through projects in drawing, rendering and model building. Laboratory hours on TheatreWorks. ULM productions required. Prerequisite: THEA 301 and 303 or permission of the instructor.
- 360. COSTUME CONSTRUCTION. 3 cr.** Teaches pattern drawing, costume alteration and sewing for theatre, television and film through application projects. Laboratory hours on TheatreWorks. ULM productions required.
- 440. ADVANCED TECHNICAL PRACTICE. 1, 2 or 3 cr.** Teaches advanced skills in technical production. May be repeated for a maximum of 9 credits. Prerequisites: THEA 301 or 303 or 360 and permission of the instructor.
- 450. ADVANCED DESIGN PRACTICE. 1, 2 or 3 cr.** Teaches advanced design skills. May be repeated to a maximum of nine credits. Prerequisites: THEA 301 & 351 or 360 & 401 or 207 or 303 as appropriate and permission of the instructor.
- 475. ADVANCED DIRECTING. 1, 2, or 3 cr.** Applies the skills learned in direction (THEA 425) to staging plays as part of TheatreWorks. ULM season, Monroe Little Theater season, with a public/private secondary school or a similar venue. Prerequisites: THEA 221 and 425 and permission of the instructor. May be repeated for a maximum of 3 cr.
- 480. APPRENTICESHIP. 1, 2, or 3 cr.** Provides for working with an acknowledged master in specific theatre craft. Master must agree to supervise and teach the student. Student must design a learning contract which is signed by the student, the master and the Director of Theater. The master can not be a member of the ULM Theater faculty. Prerequisite: Permission of Director of Theater.
- 485. INTERNSHIP. 3-6 cr.** Provides an opportunity to work as an intern in a professional Theatre. Student must prepare a contract specifying the duties to be performed as an intern and the means and person who will evaluate the student's work. Contract must be signed by the student, the intern supervisor and the Director of Theater. Prerequisite: Permission of the Director of Theater.
- 486. SENIOR PROJECT. 1 - 2 cr.** Provides a culminating project for students in technical production, design and direction through which they can demonstrate proficiency in their chosen area. Prerequisite: Permission of Director of Theater.
- 487. SENIOR RECITAL. 1 cr.** Provides a culminating project for performance students to demonstrate their proficiency. Prerequisite: Permission of the Director of Theater.
- 491. DIRECTED STUDY. 1-3 cr.** Directed study in A. Play Writing; B. Directing; C. Acting; D. Technical Theatre; E. Theatre Management. May be repeated for a total of 6 credits. Prerequisite: Approval of department head.

For Undergraduates and Graduates

- 401. COSTUME DESIGN. 3 cr.** Teaches application of art fundamentals and historical research to the creation of costumes for theatre, television and film through drawing and rendering projects. Laboratory hours on TheatreWorks. ULM productions required. Prerequisite: THEA 360 or permission of instructor.
- 409. DRAMATIC LITERATURE, THEORY, AND CRITICISM. 3 cr.** A study of the developments in Western dramatic theory, literature, and criticism from the ancient Greeks to the present.
- 415. THEATRE HISTORY I. 3 cr. each.** Studies the history of theatre art and dramatic literature from primitive beginnings to the year 1700. Emphasis is placed on historical research in support of design and directing concept development. Prerequisite: HIST 111, 112 or consent of instructor.
- 416. THEATRE HISTORY II. 3 cr.** Studies the history of theatre art and dramatic literature from 1700 to the present day. Emphasis is placed on historical research in preparation of seminar presentations and research papers. Prerequisite: HIST 111, 112 or consent of instructor.
- 419. CHILDREN'S THEATRE. 3 cr.** Teaches the selection, direction of plays for child audiences.
- 421. ADVANCED ACTING. 1, 2, or 3 cr.** Teaches advanced skills in specialized areas such as the performance of Shakespearean drama. Topic and credit varies with the subject matter. May be repeated for a maximum of nine credits. Prerequisites: THEA 221 and 321 or permission of the instructor.
- 423. CREATIVE DRAMATICS. 3 cr.** Teaches the use of imaginative and creative activities for instruction in college, secondary and elementary school programs.
- 425. DIRECTING. 3 cr.** Teaches directorial skills in leadership, script selection and analysis, conduct of auditions, rehearsals and performance evaluation through workshop and application. Prerequisites: THEA 111, 221 and permission of instructor.
- 427. THEATRE LEADERSHIP AND MANAGEMENT. 3 cr.** House and box office management, public relations and program development for arts production.
- 431. SUMMER THEATRE PRODUCTION. 1-6 cr.** Provides practical application of theatre skills in a summer theatre environment. Student's participation is determined through audition and application process. Prerequisite: Permission of instructor.
- 442. CONTEMPORARY THEATRE PRACTICES. 3-6 cr.** Examines current acting and directing styles and techniques in the various technical areas: scenery, lighting, sound, makeup, costumes, and properties. A. France B. England.

TOXICOLOGY (TOXI)

Undergraduate Requirements

Required for a major: 101, 201, 326, 411, 412, 413, 414, 424, 444, 491.

For Undergraduates Only

- 101. TOXICOLOGY AND THE ENVIRONMENT. 2 cr.** This class will provide an introduction to the field of toxicology and illustrate the relationships between chemicals, man and the environment. Historical and contemporary "case studies" of contamination episodes will be used to highlight the various factors involved in evaluating and controlling chemical hazards. F
- 201. ENVIRONMENTAL TOXICOLOGY. 2 cr.** This course will encompass both the fate and effects of chemicals in the environment, with emphasis in aquatic and terrestrial ecosystems. Potential sources, routes of exposure, and physical, chemical, and biological factors important with the movement of contaminants within various components of the ecosystems will be examined. In addition, emerging environmental regulations, issues, and case studies will be discussed. Prerequisites: BIOL 120, 121; CHEM 107, 109. Sp
- 326. CLINICAL CHEMISTRY AND TOXICOLOGY. 3 cr.** Principles of basic clinical chemistry and toxicology procedures applied to enzymes; endocrine function; electrolytes and blood gases; renal function; gastric, pancreatic and intestine function; biochemistry of pregnancy; therapeutic drug monitoring and analysis of toxic substances. Prerequisite: CLSC 322, 323, or approval of the Program Director. (Same as CLSC 326.) Toxicology majors only.
- 401. GENERAL LABORATORY TECHNIQUES. 1 cr.** This class is designed to provide the student with basic skills required to work in a toxicology laboratory. Prerequisite: Consent of instructor. Toxicology majors only.
- 411. GENERAL TOXICOLOGY. 3 cr.** Biochemical basis of chemical toxicity including toxicodynamics, biotransformation, toxicokinetics, mutagenicity, carcinogenicity, teratogenicity and toxicity testing. Prerequisites: BIOL 311; grade of "C" or better in Toxicology 101; credit or registration in 413. Toxicology majors only. Sp

412. GENERAL TOXICOLOGY. 3 cr. Continuation of Toxicology 411. Physiological basis of chemical toxicity in organ systems. Prerequisites: TOXL 411; BIOL 311, 312; grade of "C" or better in Toxicology 101 and 201; credit or registration in 414. Toxicology majors only. F

413-414. GENERAL TOXICOLOGY LABORATORY. 1 cr. each. Laboratory exercises to accompany 411-412. Three hours laboratory. Prerequisite: TOXL 401; credit or registration in 411-412. Toxicology majors only.

415. ANALYTICAL TOXICOLOGY. 1 cr. Quantitative and qualitative methods of chemical analysis of toxic substances. Prerequisites: TOXL 412; CHEM 307, 308; credit or registration in 416. Toxicology majors only.

416. ANALYTICAL TOXICOLOGY LABORATORY. 2 cr. Laboratory exercises to accompany 415. Six hours laboratory. Prerequisite: credit or registration in 415. Toxicology majors only.

424. CLINICAL TOXICOLOGY. 2 cr. Information on the clinical management of poisonings including the assessment of toxic potential, stabilization of vital function, and specific antidotal measures. Prerequisite: Credit or registration in TOXI 412, 414. F (Same as PHARM 524).

443. INDUSTRIAL HYGIENE LABORATORY. 1 cr. A laboratory dedicated to the practical application of information disseminated

in Toxicology 444. Three hours laboratory. Prerequisite: credit or registration in 442. Toxicology majors only. Sp

444. INDUSTRIAL HYGIENE. 3 cr. Introduction to industrial hygiene: general principles, regulatory standards, workplace hazards, exposure control, problem solving strategies. Prerequisites: TOXI 101, 201. Toxicology majors only. Sp

491. SEMINAR. 1 cr. Students are required to make oral presentations and discuss special current problems in the field of toxicology. Involves presentation and class participation. A final comprehensive examination will cover all aspects of the discipline of toxicology. Prerequisite: credit or registration in all required Toxicology courses. Toxicology majors only. F,Sp

UNIVERSITY CAPSTONE (UCAP)

For Undergraduates Only

300. UNIVERSITY CAPSTONE. 3 cr. An interdisciplinary course that gives substantive attention to critical thinking, methods of inquiry, written and oral communication skills, and computer literacy. Students are taught to identify, reconstruct, analyze, and critique reasoned claims. Prerequisite: Completion of all courses (a total of 39 hours) in the Core Curriculum.

- BERNADINE ADAMS, *Associate Professor of Nursing*
B.S., Dillard University; M.N., University of Florida
- EDWIN H. ADAMS, *Associate Professor of Clinical
Pharmacy and Director of Student and Professional
Affairs*
B.S., Northeast Louisiana University; Pharm.D.,
University of Arkansas
- FREDRICK ADAMS, *Assistant Professor of Foreign
Languages*
B.A., Northeast Louisiana University; M.A., Louisiana
State University; Ph.D., University of Louisiana at
Lafayette
- MARY E. ADAMS, *Assistant Professor of English*
B.A., M.A., The University of Louisiana at Monroe;
Ph.D., University of Oklahoma
- RONDA L. AIKINS, *Assistant Professor of Clinical
Pharmacy Practice*
Pharm.D., Xavier University
- CARITA ALEXANDER, *Assistant Professor of Library
Science and Reference Librarian*
B.S., University of Central Arkansas; M.S., Clark
Atlanta University
- ROBERT E. ALEXANDER, *Instructor in Speech
Communication and Director of Forensics*
B.A., The University of Louisiana at Monroe; M.A., The
University of West Florida
- ANDY R. ALLEN, *Instructor of Radiologic Technology*
B.S.R.T., The University of Louisiana at Monroe; The
American Registry of Radiologic Technologist
(ARRT)
- SARAH ALLEN, *Instructor of Communicative Disorders*
B.A., M.S., Northeast Louisiana University
- LARRY R. ANDERSON, *Associate Professor of Music
and Assistant Director of Bands*
B.M.E., Oral Roberts University; M.M., University of
Tulsa
- MARTHA B. ANDERSON, *Assistant Dean of Students*
B.S., Louisiana State University; M.Ed., Ed.D.,
Northeast Louisiana University
- MARK E. ARANT, *Associate Professor of Chemistry and
Associate Dean, College of Arts and Sciences*
B.S., Louisiana Tech University; Ph.D., University of
Alabama
- KATHLEEN S. AYCOCK, *Instructor in Curriculum and
Instruction*
B.S., M.Ed., The University of Louisiana at Monroe
- KEVIN BAER, *Associate Professor and Head,
Department of Toxicology*
B.S., Ph.D., Northeast Louisiana University
- WENDY B. BAILES, *Instructor of Nursing*
B.S., G.S.B.A., Northeast Louisiana Nursing
- WILLIAM D. BARNETT, *Assistant Professor of Computer
Information Systems*
B.A., M.S., Ph.D., The University of Texas at Arlington
- DENNIS E. BELL, *Instructor in Biology*
B.S., M.S., Northeast Louisiana University
- BRETT BENNETT, *Clinical Coordinator / Instructor of
Radiologic Technology*
B.S.R.T., The University of Louisiana at Monroe, The
American Registry of Radiologic Technologist
(ARRT)
- CYNTHIA BENNETT, *Assistant Professor of Nursing*
B.S., University of Alabama at Birmingham; M.S.N.,
Northwestern State University
- JUDY BENNETT, *Instructor in English*
B.A., M.A., Louisiana Tech University
- CHRISTINE T. BERRY, *Assistant Professor and Director
of Insurance Studies*
B.S., West Virginia University; Ph.D., Florida State
University
- RONALD L. BERRY, *Associate Professor and Dean of
College of Business Administration*
B.B.A., M.B.A., Northeast Louisiana University; D.B.A.,
Mississippi State University
- MICHAEL BEUTNER, *Associate Professor in Curriculum
and Instruction*
B.A., University of Cincinnati; M.A., Ph.D., Ohio
University
- GINA C. BIGLANE, *Assistant Professor of Clinical
Pharmacy Practice*
B.S., Northeast Louisiana University; Pharm.D.,
University of Florida
- CHRISTOPHER A. BLACKBURN, *Associate Professor of
History*
B.A., Auburn University at Montgomery; M.A., Ph.D.,
Auburn University
- SANDRA G. BLAKE, *Assistant Professor of Pharmacy
Administration*
B.S., Louisiana Tech University; M.B.A., University of
Arkansas; Ph.D., Northeast Louisiana University

- BENNY L. BLAYLOCK, *Professor of Toxicology and Associate Dean Operations, Technology and Assessment, College of Pharmacy*
B.A., B.S., Arkansas Polytechnic College; M.S., Ph.D., University of Arkansas for Medical Sciences
- MONICA BONTTY, *Assistant Professor of History*
B.A., M.A., Ph.D., University of California Los Angeles
- ROBERT BOUGHTON, *Instructor in Mathematics*
B.S., Louisiana Tech University; M.Ed., Northeast Louisiana University
- WILLIAM M. BOURN, *Professor of Pharmacology and Director Development*
Ph.D., University of Arizona
- CRAIG BOYLE, *Instructor of Kinesiology*
B.A., Brigham Young University-Utah; M.S., The University of Louisiana at Monroe
- HOLLIS BRAY, *Associate Professor of Construction*
B.S., M.S., University of Arkansas; D.E., Louisiana Tech University
- KAREN P. BRISKI, *Professor of Pharmacology and Head, Basic Pharmaceutical Sciences*
B.S., Albright College; M.S., Ph.D., University of Michigan
- SALLY BROOKS, *Assistant Professor of Nursing*
B.S.N., Boston University; M.S.N., Louisiana State University, New Orleans
- MICHAEL BROOME, *Instructor in Mathematics*
B.S., M.S., Louisiana State University
- DEBRA BROSSETT, *Assistant Professor of Nursing*
B.S.N., M.S.N., Northwestern State University of Louisiana
- HARRY BROTHERTON, *Professor and Head, Department of Chemistry*
B.A., Pfeiffer College; M.S., University of Tennessee; Ph.D., University of Florida
- RALPH BROWN, *Assistant Professor of History*
B.A., M.A., James Madison University; Ph.D., University of Tennessee
- ERNEST E. BRUCE, *Associate Professor of Aviation*
B.S., McNeese State University; M.B.A., Northeast Louisiana University
- DIANNE BRUSCATO, *Instructor in Physics*
B.S., M.S., Northeast Louisiana University
- FRANK N. BRUSCATO, *Associate Professor of Chemistry*
B.S., Northeast Louisiana University; M.S., University of Mississippi; Ph.D., University of Louisville
- LINDA BRYAN, *Associate Professor of Communicative Disorders*
B.A., M.A., Northeast Louisiana University; Ph.D., University of Louisiana Lafayette
- HERBERT BRYANT, *Professor of English*
A.B., M.A., University of South Carolina; Ph.D., University of Tennessee
- PEGGY BUFFINGTON, *Assistant Professor of Family and Consumer Sciences*
B.S., Mississippi University for Women; M.Ed., Northeast Louisiana University
- JAMES JOHN BULOT, *Assistant Professor and Head, Department of Gerontology and Sociology*
B.S., University of Louisiana at Lafayette; M.S., Ph.D., University of Massachusetts
- JULIET TRIMBLE BURGESS, *Assistant Professor of Nursing, Coordinator, Nursing Concepts*
B.S., University of Louisiana at Lafayette; M.S.N., University of Phoenix-on-line
- DAVID M. BURLEY, *Assistant Professor of Sociology*
B.A., M.A., University of New Orleans
- JANE L. BURSON, *Assistant Professor of Nursing*
B.S., Northwestern State University; M.S.N., University of Mississippi; M.S., Southwest Missouri State University
- BRYAN BUTLER, *Instructor in Foreign Languages*
B.A., M.A., The University of Louisiana at Monroe
- BOB N. CAGE, *Professor of Educational Leadership and Coordinator, Ed.D. Consortium Program*
B.A., Central College; M.S.E., Drake University; Ph.D., Iowa State University
- PATTI T. CALK, *Instructor of Occupational Therapy*
A.S., Northeast Louisiana University;
B.S., The University of Louisiana at Monroe
M.Ed University of Louisiana at Monroe
- MICHAEL A. CAMILLE, *Associate Professor of Geography and Head, Department of Geosciences*
B.S., Salem State College; M.A., Louisiana State University; Ph.D., Texas A&M University
- CATHERINE CAMPBELL, *Assistant Professor of Nursing*
B.S.N., Northwestern State University; M.S.N., Grambling State University
- HENRY WILSON CAMPBELL, *Associate Professor and Head, Department of Kinesiology*
B.S., M.Ed., The University of Louisiana at Monroe; Ed.D., University of Southern Mississippi
- RICCARDO CAPEZZA, *Instructor in English*
B.A., M.A., University of Louisiana at Monroe
- MICHAEL J. CAPPEL, *Associate Professor of Social Work*
B.A., California State College (San Bernardino); M.S.W., California State University (Fresno); L.C.S.W., Louisiana
- JOHN L. CARR, *Associate Professor of Biology*
B.S., M.S., Texas A&M University; Ph.D., Southern Illinois University at Carbondale

- AMANDA CARTER, *Instructor in Mathematics*
B.S., University of Louisiana at Monroe; M.S., Louisiana State University
- HOLLY B. CASEY, *Assistant Professor of Educational Leadership*
B.A., M.A., Ed.Sp., Ed.D., The University of Louisiana at Monroe
- JAMES E. CASEY, *Professor and Head, Department of Agriculture*
B.S., M.S., Ph.D., Texas A&M University
- DEBORAH CHANDLER, *Assistant Professor of Music*
B.M.E., Valdosta State University; M.M.E., Ph.D. Florida State University
- SHARON C. CHANEY, *Assistant Professor of Dental Hygiene, Coordinator of Dental Hygiene Clinic*
B.S., M.P.S., Loyola University of New Orleans
- RICHARD BRUCE CHARDKOFF, *Professor of History*
B.A., Vanderbilt University; M.A., Ph.D., Florida State University
- MICHAEL SEAN CHENOWETH, *Assistant Professor of Geosciences*
B.A., University of Miami; M.A., University of Arkansas; Ph.D., University of Wisconsin - Milwaukee
- JOYCE S. CHOATE, *Professor of Education and Associate Dean, College of Education and Human Development*
B.S., University of Tennessee; M.Ed., Ed.D., University of Memphis
- MELANIE A. CHRISTIAN, *Instructor of Occupational Therapy*
A.S., Northeast Louisiana University
- TOMMIE M. CHURCH, *Instructor of Kinesiology*
B.S., M.Ed., The University of Louisiana at Monroe
- MURRELYN F. CLARK, *Assistant Professor of Kinesiology*
B.S., Centenary College; M.Ed., The University of Louisiana at Monroe
- ROY J. CLINTON, *Associate Professor of Management and Faculty Chair, Management*
B.S., United States Military Academy; M.S., American Technological University; D.B.A., Southern Illinois University, Carbondale
- KENNETH E. CLOW, *Professor of Marketing*
B.A., Andrews University; M.B.A., Ph.D., University of Arkansas-Fayetteville
- KRISTIE COBB, *Instructor of Kinesiology*
B.S., M.Ed., The University of Louisiana at Monroe
- MICHAEL B. COCKERHAM, *Associate Professor of Clinical Pharmacy Practice and Assistant Dean*
B.S., Louisiana State University; B.S., M.S., Northeast Louisiana University; Pharm.D., Idaho State University
- CHARLES L. COLE, *Professor of Marriage and Family Therapy*
B.A., Texas Wesleyan College; M.A., Texas Christian University; Ph.D., Iowa State University
- HENRY S. COLE, *Associate Professor of Marketing and Faculty Chair*
B.S., Louisiana State University; M.B.A., Northeast Louisiana University; D.B.A., Louisiana Tech University
- LISA COOPER COLVIN, *Professor of Kinesiology*
B.S., M.Ed., Northeast Louisiana University; Ph.D., University of Southern Mississippi
- JUNE F. CONWAY-BRUYNINCKX, *Associate Professor of Family and Consumer Sciences*
B.A., Louisiana State University; M.S., Louisiana Tech University; Ph.D., Texas Woman's University
- CHARLES WILLIAM COOK, *Assistant Professor of Construction*
B.S., The University of Texas at Austin
- BETTY W. COOPER, *Instructor in Computer Information Systems*
B.S., M.Ed., Northeast Louisiana University
- JAN B. CORDER, *Professor and Interim Dean, College of Health Sciences*
B.S., Northeast Louisiana University; M.N., University of Mississippi Medical Center; D.S.N., University of Alabama at Birmingham
- JOSE L. CORDOVA, *Associate Professor of Computer Science and Faculty Chair, Computer Science*
B.S., M.S., Ph.D., Mississippi State University
- B. JEAN COTTINGHAM, *Associate Professor of Psychology*
B.S., Louisiana State University; M.Ed., The University of Louisiana at Monroe; M.A., Ph.D., University of Southern Mississippi
- BRAD COYLE, *Instructor of Kinesiology*
B.S., East Stroudsburg University; M.Ed., The Pennsylvania State University
- WALTER N. CREEKMORE, *Professor of Education*
B.S., M.S., Florida State University; M.A.Ed., East Carolina University; Ph.D., University of North Carolina
- SHARON F. CRUSE, *Assistant Professor of Chemistry*
B.S., M.S., Ph.D., Northeast Louisiana University
- GERARD JAMES DAHL, *Instructor in Math*
B.S., Utah State University; M.S., M.C.S., Mississippi State University
- KATHERINE S. DAVENPORT, *Assistant Professor of Nursing*
B.S., Harding University; M.S.N., University of Central Arkansas
- SALLY ANN DAVIDSON, *Associate Professor of Aviation and Faculty Chair, Aviation*
B.S., M.Ed., Ed.S., Northeast Louisiana University

- DOROTHY A. DAVIS, *Associate Professor of Accounting*
B.S., Mississippi State College for Women, M.P.A.,
D.B.A., Mississippi State University, C.P.A.,
Mississippi
- KATHRYN H. DAVIS, *Assistant Professor of Occupational
Therapy; Head, Department of Occupational Therapy*
B.S., Louisiana State University Medical Center; M.A.,
Louisiana Tech University
- MARYANN DAVIS, *Assistant Professor of Nursing*
B.S., P.M.C., Grambling State University, M.S.N.,
Northwestern State University
- MICHAEL D. DEGENNARO, *Associate Professor of
Pharmaceutics*
B.S., Ph.D., University of Georgia
- REBECCA McKILLIPS DiCARLO, *Associate Professor of
Library Science, Assistant Dean of the Library*
B.A., Northwestern State University; M.S. in L.S.,
Louisiana State University
- LINDA DICKSON, *Instructor of Nursing*
B.S., University of Louisiana at Monroe
- MARK S. DOHERTY, *Associate Professor of Kinesiology*
B.S., M.S., Ph.D., Ohio University
- TELITHA DOKE, *Instructor in Mathematics*
B.S., M.B.A., Northeast Louisiana University; M.S.,
Baylor University
- JESSICA R. DOLECHECK, *Assistant Professor of
Occupational Therapy*
B.S., Louisiana State University Medical Center; M.A.,
Texas Woman's University
- EMILY SMITH DOUGHTY, *Assistant Professor of
Nursing, Coordinator Nursing Interventions*
B.S., Northeast Louisiana University; M.S.N., Texas
Woman's University
- RANDALL DULANEY, *Instructor in English*
B.A., M.A., Louisiana Tech University
- JOHN PAUL DUNN, *Distinguished Professor of
Entrepreneurship and Small Business and Director,
Entrepreneurship Studies Center*
B.S.E., Arkansas State University; M.A., State College
of Iowa; Ph.D., University of Arkansas
- YOLANDA A. DUPRE, *Assistant Professor of Counseling*
B.S., Xavier University; M.S., Loyola University; Ph.D.
University of New Orleans
- VICTORIA TODD DURKEE, *Associate Professor of
Nursing*
B.S.N., Mississippi College; M.S.N., Ph.D., The
University of Southern Mississippi
- VIRGINIA EATON, *Professor of Computer Science and
Director of Graduate Studies and Research*
B.S., Stephen F. Austin State University; M.A.,
University of Texas at Arlington; M.S., East Texas
State University; Ed.D., Vanderbilt University
- DONNA B. EICHHORN, *Instructor of Occupational
Therapy*
B.S., Northeast Louisiana University
- ROBERT C. EISENSTADT, *Associate Professor of
Economics*
B.A., University of Maryland; Ph.D., Georgia State
University
- EDWARD E. ELLER, *Associate Professor of English*
B.A., M.A., University of Central Arkansas; Ph.D.,
Southern Illinois University
- JULIA T. ELLINGTON, *Alternative Certification Advisor*
B.S. East Texas State University; M.Ed., The University
of Louisiana at Monroe
- KHALID EL SAYED, *Assistant Professor of Medicinal
Chemistry*
B.S., M.S., Ph.D., Mansoura University
- BOBBY ENSMINGER, *Assistant Professor of
Construction*
B.S., M.Ed., Ed.S., Northeast Louisiana University;
Ph.D., Baptist University
- EMILY W. EVANS, *Assistant Professor of Clinical
Pharmacy Practice*
Pharm.D., University of Florida
- JEFFERY D. EVANS, *Assistant Professor of Clinical
Pharmacy Practice*
Pharm.D., University of Florida
- MICAH EVERETT, *Assistant Professor of Music*
B.M.E., Delta State University; M.M., D.M.A., University
of North Carolina at Greensboro
- CARLOS D. FANDAL, *Professor of Foreign Languages
and Dean, College of Arts and Sciences*
B.S., M.A., Ph.D., Louisiana State University
- BRIAN ROBERT FASSETT, *Associate Professor of Art*
B.F.A., M.A., Wayne State University
- JOSEPH B. FELDHAUS, *Assistant Professor of
Pharmacy Administration*
B.S., University of Louisville; M.S., Southern Illinois
University; Ph.D., University of Mississippi
- JUDY A. FELLOWS, *Professor and Head, Department of
Communicative Disorders*
B.A., South Dakota State University; M.A., Oklahoma
State University; Ph.D., University of Memphis
- C. EDWARD FERGUSON, *Instructor in Biology*
B.S., McNeese State University; M.N.A.S., Southwest
Missouri State University; M.S., Stephen F. Austin
State University; Ph.D., Louisiana State University
- ANN M. FINDLEY, *Professor of Biology*
B.S., St. John's University; M.S., Ph.D., Louisiana
State University
- GARY L. FINDLEY, *Professor of Chemistry*
B.S., The University of Arkansas at Little Rock; Ph.D.,
Louisiana State University

- BEVERLY F. FLOWERS-GIBSON, *Associate Professor of Curriculum and Instruction and Director of Field Experiences and Teacher Candidacy*
B.S., M.Ed., Ed.S., The University of Louisiana at Monroe; Ed.D., Louisiana Tech University
- THOMAS L. FORSELL, *Associate Professor of Clinical Pharmacy Practice*
B.S., Pharm.D., Creighton University
- STEPHEN FOX, *Associate Professor of Chemistry*
B.S., University of St. Andrews; M.S., University of Georgia; Ph.D., State University of New York
- MOHAMED-AMIN FUTAYYEH, *Assistant Professor of Economics*
B.A., American University of Beirut; M.A., University of Kansas; Ph.D., University of Oklahoma
- IDA GAINES, *Instructor in English*
B.A., M.A., University of Louisiana at Monroe
- JEFFREY W. GALLE, *Professor and Head, Department of English*
B.A., M.A., Louisiana Tech University; Ph.D., Louisiana State University
- JO K. GALLE, *Professor of English*
B.A., Louisiana Tech University; M.A., Northeast Louisiana University; M.A., Louisiana State University; Ph.D., Louisiana State University
- WILLIAM HARPER GAUSHELL, *Professor of Marriage and Family Therapy*
B.S., Northwestern State University; M.S., Ed.S., The University of Louisiana at Monroe; Ed.D., University of Houston
- MARY L. GAUTHIER-LEWIS, *Assistant Professor of Pharmacy Practice*
B.S., Pharm.D., Xavier University of Louisiana
- DAVID LEE GIBSON, *Associate Professor of Music*
B.M., North Texas State University; M.M., Northwestern University
- FLORENCETTA H. GIBSON, *Associate Professor of Nursing, and Director, School of Nursing*
B.S., M.Ed., Northeast Louisiana University; M.S.N., University of Mississippi; Ph.D., University of Louisiana at Monroe
- JEFFREY M. GIBSON, *Associate Professor of Mass Communications*
B.A., Ohio University; M.A., Ohio State University
- MARILYNN GIBSON, *Assistant Professor of Music*
B.M.E., Texas Tech University; M.M.E., University of North Texas
- CARL D. GILBERT, *Assistant Professor of Biology*
B.S., M.S., University of Arkansas
- CHRIS GISSENDANNER, *Assistant Professor of Biology*
B.S., Florida State University; M.S., Ph.D., University of Georgia
- DONNA GLAZE, *Assistant Professor and Coordinator of Nursing Informatics*
B.S., M.Ed., Northeast Louisiana University
- MARY ANN GOODWYN, *Associate Professor of Psychology*
B.S., University of North Carolina; M.S., The University of Louisiana at Monroe; Ph.D., University of Washington
- WILEY LLOYD GRAFTON, *Associate Professor of Criminal Justice*
B.A., Louisiana Tech University; M.S., Ed.D., University of Southern Mississippi
- MARGARET A. GRAY, *Associate Professor of Nursing*
B.S.N., Texas Woman's University; M.S.N., University of Washington
- FRANCES W. GREGORY, *Associate Professor of English and Assistant Dean, College of Arts and Sciences*
B.A., Southeastern Louisiana University; M.A., Louisiana State University
- JERRY GRIGGS, *Instructor in English*
B.A., M.A., The University of Louisiana at Monroe
- CLAUDIA K. GRINNELL, *Assistant Professor of English*
B.G.S., M.A., The University of Louisiana at Monroe; Ed.D., Grambling State University
- JULIA C. GUERNSEY-SHAW, *Assistant Professor of English*
B.A., Millsaps College; M.F.A., Ph.D., University of Arkansas
- ELIZABETH J. GUERRIERO, *Associate Professor of Business Law*
B.B.A., Northeast Louisiana University; J.D., Tulane University
- LISA GUIDRY, *Assistant Professor of Curriculum and Instruction*
B.A., University of Southeastern Louisiana; M.Ed., University of Southern Mississippi; Ph.D., Louisiana State University
- RONALD P. GUIDRY, *Assistant Professor of Accounting*
B.B.A., M.B.A., The University of Louisiana at Monroe; Ph.D., Mississippi State University
- JANET VANDERPOOL HAEDICKE, *Professor of English*
B.A., Hollins College; M.A., Northeast Louisiana University; Ph.D., Louisiana State University
- HARRY J. HALE, JR., *Professor of Sociology*
B.A., Fresno State College; Ph.D., University of Tennessee
- ROBERT D. HANSER, *Assistant Professor of Criminal Justice*
B.S., M.A., Ph.D., Sam Houston State
- DENNIS HARBERSON, *Instructor in Mathematics*
B.S., University of Arkansas; M.Ed., Northeast Louisiana University
- DAVID R. HARE, *Assistant Professor of Mathematics*
B.S., University of Texas; M.S., Clemson University; Ph.D., University of South Carolina

- CHRISTOPHER HARRIS, *Assistant Professor of English*
B.A., M.A., South Dakota State University; Ph.D.,
Bowling Green University
- GORDON E. HARVEY, *Associate Professor of History*
B.S., M.A., Ph.D., Auburn University
- BONNIE F. HATCHETT, *Joseph A. Biedenharn Chair in
Gerontology*
B.S., University of Arkansas-Little Rock; M.S.W.
Wayne State University; M.S., Ph.D., University of
Michigan
- LOREN D. HAYES, *Assistant Professor of Biology*
B.S., Bates College; M.S., Michigan State University;
Ph.D., Miami University
- RICHARD EUGENE HAYES, *Assistant Professor of Art*
B.A., Southern Illinois University; M.F.A., Indiana
University
- PATRICK J. HEBERT, *Professor of Speech
Communication*
B.A., McNeese State University; M.A., North Texas
State University; Ph.D., Southern Illinois University-
Carbondale
- JOHN R. HEFLIN, *Professor of English*
B.A., M.A., University of Missouri; M.F.A., University of
Montana
- MARIA ALICIA HERNANDEZ, *Instructor in Foreign
Languages*
B.S., University of Lima, Peru; M.A., Louisiana State
University
- JOHN E. HERROCK, *Instructor of Toxicology*
M.S., University of Louisiana at Monroe
- ALEECIA R. HIBBETS, *Assistant Professor of Accounting*
B.B.A., The University of Louisiana at Monroe
- GEORGE JACOB HICKS, *Instructor in Radiologic
Technology*
B.S.R.T., Northwestern State University; M.S.R.S,
Midwestern State University; The American Registry
of Radiologic Technologists (ARRT)
- ANNA M. HILL, *Associate Professor of Biology*
B.S., M.S., Northwestern State University; Ph.D.,
University of Notre Dame
- RONALD A. HILL, *Associate Professor of
Medicinal Chemistry*
B.S., University of Michigan; Ph.D., Ohio State
University
- SANDRA HILL, *Assistant Professor of English*
B.A., M.A., University of North Carolina, Chapel Hill;
Ph.D., University of Maryland
- THOMAS G. HODGE, *Associate Professor of Accounting*
B.B.A., Southern Arkansas University; M.B.A.,
Northeast Louisiana University; Ph.D., The
University of Mississippi; C.P.A., Arkansas; C.P.A.
(Inactive), Louisiana; C.I.A.; C.M.A.
- GLENDIA HOLLAND, *Professor and Assistant Dean of the
College of Education and Human Development*
B.S., M.Ed., Ed.D., Texas A&M University - Commerce
- APRIL M. HOLLEY, *Assistant Professor of Clinical
Pharmacy Practice*
Pharm.D., University of Louisiana at Monroe
- CHARLES HOLLOWAY, *Professor of Foreign Languages*
B.B.A., Northeast Louisiana University; M.A., Louisiana
State University; Ph.D., Louisiana State University
- P. ROSEMARY HOLLOWAY, *Instructor in Kinesiology
and Women's Softball Coach*
B.S., Oral Roberts University; M.Ed., Northeast
Louisiana University
- ROBERT HOLLOWAY, *Instructor in English*
B.A., M.A., University of Louisiana at Monroe
- MARY SCALLAN HOLMES, *Assistant Professor of
Nursing*
B.S., Northeast Louisiana University; M.S., Texas
Woman's University
- RICHARD HOOD, *Assistant to the President and
Assistant Professor of Pharmacy Education*
B.A., Louisiana Tech University; M.A., University of
Southern Mississippi; Ed.D., Northeast Louisiana
University
- J. ROBERT HOWARD, *Assistant Professor of
Atmospheric Sciences*
B.S., Southeastern Louisiana University; M.S., Ph.D.,
Texas Tech University
- SAHO-CHUNG HSIA, *Assistant Professor of
Pharmacology*
Ph.D., Wayne State University
- HELEN HUCKLEBERRY, *Assistant Professor of
Communicative Disorders*
B.A., Southern University; M.A., Western Michigan
University
- REMONA EVERETT HUDSON, *Instructor in English*
B.A., Louisiana Tech University; M.A., Northeast
Louisiana University
- CHARLES R. HUGHES, *Assistant Professor of Library
Science*
B.A., Brigham Young University; M.A., University of
Louisville; M.S. in L.S., University of Kentucky
- COURTNEY HUNTINGTON, *Instructor in English*
B.A., St. Andrews College; M.A., University of
Louisiana at Monroe
- ALAMDAR HUSSEIN, *Assistant Professor of
Pharmaceuticals*
Ph.D., Texas Tech University Health Sciences Center
- CECIL HUTTO, *Assistant Professor of Psychology*
B.A., M.S., The University of Louisiana at Monroe;
Ph.D., University of Mississippi
- F. JERRY INGRAM, *Professor of Finance*
B.S., Mississippi State University; M.S., Murray State
University; Ph.D., University of South Carolina

- BESSIE RENA JACKSON, *Associate Professor and Head, Department of Family and Consumer Sciences*
B.S., Southern University; M.S., University of Alabama;
Ph.D., Texas Woman's University
- TIBB F. JACOBS, *Assistant Professor of Clinical Pharmacy Practice*
Pharm.D., University of Louisiana at Monroe
- BEVERLY B. JARRELL, *Associate Professor and Head, Department of Dental Hygiene*
B.S., M.Ed., Temple University
- CHARLES W. JASTRAM, JR., *Associate Professor of Clinical Pharmacy Practice, Interim Department Head, Department of Clinical and Administrative Sciences*
B.S., Pharm.D., Xavier University of Louisiana
- LILA JEFFERSON, *Assistant Professor of Library Science*
B.A., Northeast Louisiana University; M.L.I.S., Louisiana State University
- PEGGIE A. JELKS, *Associate Professor of Curriculum and Instruction*
B.S., M.Ed., Southern University, Ed.D., Ball State University
- DOROTHY B. JOHN, *Assistant Professor of Nursing*
B.S., University of Illinois; M.N., Emory University
- CHRISTOPHER J. JOHNSON, *Professor of Sociology and Gerontology*
B.A., University of Denver; M.A., University of Northern Iowa; Ph.D., Iowa State University
- NORMA JOHNSON, *Assistant Professor of Communicative Disorders, Director of Clinical Services*
B.A., M.A., Northwestern State University
- ALLEN C. JOHNSTON, *Assistant Professor of CIS*
B.S., Louisiana State University; MS.I.S., Mississippi State University; Ph.D., Mississippi State University
- MICHELLE JOHNSTON, *Instructor of Educational Leadership and Interim Director of Educational Research*
B.M., University of Alabama; M.M., Louisiana State University
- SEETHARAMA D. S. JOIS, *Assistant Professor of Medicinal Chemistry*
Ph.D., Indian Institute of Science, Bangalore, India
- H. PERRY JONES, *Professor of History*
B.S., Mississippi College; M.A., Appalachian State Teachers College; Ph.D., University of Mississippi
- KATHRYN A. JONES, *Associate Professor of Management*
B.B.A., Kent State University; M.B.A., East Texas State University; Ph.D., The University of Tennessee-Knoxville
- PENNY JONES, *Instructor of Occupational Therapy*
B.S., The University of Louisiana at Monroe
- RHONDA H. JONES, *Associate Professor of Mathematics and Education and Director, Continuing Education*
B.S., M.S., Louisiana Tech University; Ed.D., University of Georgia
- SANDRA SIMS JONES, *Assistant Professor of Nursing*
B.S., The University of Louisiana at Monroe; M.S.N., Northwestern State University
- TERRY LYLE JONES, *Professor of History*
B.A., M.A., Louisiana Tech University; Ph.D., Texas A&M University
- H. GLENN JORDAN, *Associate Professor of Library Science, Curator of Special Collections*
B.A., M.A., Louisiana Tech University; M.L.S., Ph.D., University of Oklahoma
- ROBYN JORDAN, *Instructor in Biology*
B.S., M.S., Northeast Louisiana University
- CAMILLE JUNGMAN, *Instructor in Art History*
B.A., Randolph-Macon Woman's College; M.A., Florida State University
- THOMAS JUNK, *Associate Professor of Chemistry*
B.S., University of Vienna; Ph.D., Texas A&M
- PAUL M. KARLOWITZ, *Associate Professor of Aviation*
B.S., Northeast Louisiana University; M.S., Central Missouri State University
- BETTE J. KAUFFMAN, *Associate Professor and Head, Department of Communication*
B.A., University of Iowa; M.A., Ph.D., University of Pennsylvania
- ROSS E. KEISER, *Professor of Psychology*
B.M., M.M., M.R.C., Bowling Green State University; M.A., Ph.D., Loyola University of Chicago
- ANNELA KELLY, *Associate Professor of Mathematics*
B.A., Tartu University; M.A., Ph.D., University of Missouri
- BRIAN P. KELLY, *Associate Professor of Mathematics*
B.A., California State University at Long Beach; M.A., Ph.D., University of Missouri at Columbia
- JOHN KELLY, *Associate Professor and Head, Division of Theatre and Dance*
B.A., Stetson University; M.F.A., Florida Atlantic University
- KITTY KERVIN, *Assistant Professor of Nursing*
B.S., Northeast Louisiana University, M.S.N., PMHNP, University of Southern Mississippi
- TAE-HYUN KIM, *Assistant Professor of Mass Communications*
A.B.D., Washington State University; B.A., M.A., Ohio State University
- AMY KINCANNON, *Assistant Professor of Nursing*
B.S., Northeast Louisiana University, M.S.N., University of Phoenix

- JOHN A. KNESEL, *Associate Professor of Biology*
B.S., M.S., Northeast Louisiana University; Ph.D.,
Purdue University
- CARL A. KOGUT, *Associate Professor of Economics*
B.A., University of Dallas; Ph.D., Texas A&M University
- CELIA B. LAIRD, *Assistant Professor of Nursing*
B.S., Northeast Louisiana University; M.S.N.,
Northwestern State University
- LESA LAWRENCE, *Assistant Professor of Pharmacy
Administration*
B.S., M.B.A., Ph.D., Northeast Louisiana University
- W. GREG LEADER, *Associate Dean, Academic Affairs,
College of Pharmacy, Professor of Clinical Pharmacy
Practice*
B.S., Northeast Louisiana University; Pharm.D.,
University of Kentucky
- MARSHALL SCOTT LEGAN, *Professor and Interim Head,
Department of History*
B.S., M.A., Mississippi State University; Ph.D.,
University of Mississippi
- CONNIE LEWIS, *Instructor of Nursing*
B.S., University of Louisiana at Monroe
- ROBERT E. LEWIS, *Assistant Professor of Mass
Communications*
B.S., M.Ed., Ashland University
- VERONICA LEWIS, *Professor of Psychology*
B.A., Tufts University; M.Ed., M.S., The University of
Louisiana at Monroe; Ph.D., University of Southern
Mississippi
- YONG-YU LIU, *Assistant Professor Pharmacology*
Ph.D. Shanghai University of Traditional Chinese
Medicine, Republic of China
- HELEN LOCK, *Professor of English*
B.A., Liverpool University; M.A., Ph.D., University of
Virginia
- MARA LOEB, *Associate Professor of Speech
Communication and International Student Advisor*
B.A., M.A., University of Northern Iowa; Ph.D.,
Southern Illinois University-Carbondale
- ALLISON LOFTIN, *Instructor in English*
B.A., M.A., University of Louisiana at Monroe
- DERLE R. LONG, *Assistant Professor of Music and
Director of Bands*
B.M.E., M.M., Louisiana State University
- OTIS K. LOVETTE, *Professor of Educational Leadership*
B.S.E., M.S.E., Ed.S., Kansas State Teachers' College;
Ed.D., Oklahoma State University
- JEAN MARY LOW, *Associate Professor of Psychology*
B.G.S., M.S., Ph.D., Tulane University
- RAYNE LOWDER, *Instructor of Nursing*
B.S., Northeast Louisiana University
- MEGAN W. LOWE, *Assistant Professor of Library
Science*
B.A., Mississippi College; M.L.I.S., University of
Southern Mississippi
- SANDRA K. LUNTE, *Biedenharn Professor of Music*
B.M., Ohio State University; M.M., Western Michigan
University; D.A., Ball State University
- DONNA WALTON LUSE, *Professor of Business
Communications and Associate Dean, College of
Business Administration, and Graduate Coordinator*
B.S., M.Ed., Northeast Louisiana University; Ph.D.,
University of North Texas
- KAREN LYNCH, *Assistant Professor of Communicative
Disorders*
B.A., University of Louisiana at Monroe; M.A., (COMD),
Louisiana State University
- AUBREY DALE MAGOUN, *Professor of Computer
Science and Head, Department of Mathematics and
Physics*
B.S., M.S., Northeast Louisiana University; Ph.D.,
University of Southwestern Louisiana
- SHAWN N. MANOR, *Assistant Professor of Pharmacy
Practice*
Pharm.D., The University of Louisiana at Monroe
- DAVID W. MANRY, *Assistant Professor of Construction*
B.S., M.S., D.Eng., Louisiana Tech University.
- PAMELA D. MARTIN, *Instructor in Mathematics*
B.S., M.Ed., Northeast Louisiana University; M.S.,
University of Southwestern Louisiana
- MELINDA MATTHEWS, *Assistant Professor of Library
Science and Interlibrary Loan Librarian*
B.A., McNeese State University; M.L.I.S., Louisiana
State University
- JERRI R. MAY, *Instructor of Occupational Therapy*
A.S., Northeast Louisiana University
- MARK McCLEERY, *Instructor in Music*
B.M., M.M., Louisiana State University
- JOHN FLEMING McCLELLAND, *Professor of English*
B.A., Vanderbilt University; M.A., Ph.D., University of
Georgia
- DEBORAH McCLUNG-GUILLORY, *Assistant Professor of
Music*
B.M., University of North Texas; M.M., Southern
Methodist University
- CHARLES W. McCONKEY, *Professor of Marketing*
B.S., Bradley University; M.B.A., Northeast Louisiana
University; Ph.D., North Texas State University
- WILLIAM G. McCOWN, *Associate Professor of
Psychology*
B.A., Kenyon College; M.A., Ph.D., Loyola University-
Chicago

- E. MICHELLE McEACHARN, *Professor of Accounting and Associate Dean College of Business Administration*
B.B.A., M.B.A., Northeast Louisiana University; D.B.A., Louisiana Tech University; C.P.A. Louisiana
- JOSEPH R. McGAHAN, *Professor of Psychology*
B.A., State University of New York; M.S., Yeshiva University; Ph.D., The University of Oklahoma
- JAMES EGLIN McKEITHEN, *Assistant Professor of Foreign Languages*
B.A., Louisiana State University; M.A., Ph.D., Indiana University
- JACK ERIC McNEIL, *Instructor in English*
B.S., B.A., M.A., The University of Louisiana at Monroe
- JERRY E. McNEIL, *Assistant Professor of Radiologic Technology*
B.S., Northeast Louisiana University; M.A., Louisiana Tech University; R.T., (ARRT) American Registry of Radiologic Technologists
- HARIHARA M. MEHENDALE, *Kitty DeGree Chair and Professor of Toxicology and Director, Louisiana Institute of Toxicology*
B.S., Karnataka University; M.S., Ph.D., North Carolina State University
- MELISSA V. MELANCON, *Assistant Professor of Finance*
B.S., Nicholls State University; M.B.A., D.B.A., Louisiana Tech University; CMA, CFM
- TREVOR F. MELDER, *Instructor in Physics*
B.S., Grove City College; M.S., Indiana University of Pennsylvania
- PAT MELTON, *Associate Professor of Social Work and Head, Department of Social Work*
B.S., Northeast Louisiana University; M.S.W., Louisiana State University; L.C.S.W., Louisiana
- MARGARET M. MEREDITH, *Assistant Professor of Occupational Therapy, and Clinical Coordinator*
B.S., Northeast Louisiana University; M.A., Texas Woman's University
- SHARON A. MEYER, *Associate Professor of Toxicology*
B.S., M.S., Iowa State University; Ph.D., Cornell University
- BARBARA MICHAELIDES, *Assistant Professor of Spanish and Director of Retention*
B.A., Louisiana State University; M.A., Eastern Washington University
- CHRIS MICHAELIDES, *Associate Professor of French*
B.A., Oberlin College; M.A., Ph.D., Duke University
- ROBERT L. MIKEAL, *Associate Professor of Pharmacy Administration*
B.S., University of West Virginia; Ph.D., Purdue University
- PAULA R. MILLER, *Instructor of Nursing*
B.S., Northeast Louisiana University
- RUSSELL L. MINTON, *Assistant Professor of Biology, Coordinator of Molecular Genetics Laboratory and Curator of Frozen Collections, Museum of Natural History - Division of Botany*
B.S., M.S., University of Wisconsin - Parkside; Ph.D., University of Alabama
- ANITA J. MITCHELL, *Associate Professor of Nursing*
B.S., University of Arkansas; M.S.N., Ph.D., University of Mississippi
- MEL MOBLEY, *Assistant Professor of Music*
B.A., University of Texas; M.M., University of South Florida; D.M.A., University of Illinois
- SHARI MOREAU, *Instructor of Nursing*
B.S., Northeast Louisiana University
- NANCY MOSS, *Instructor of Nursing*
B.A., Centenary College; B.S., M.A., Northeast Louisiana University
- NAVEEN KUMAR MUSUNURU, *Assistant Professor of Agriculture*
B.S., M.S., Ranga Agricultural University; Ph.D., Texas Tech University
- CAROLYN MURPHY, *Instructor of Occupational Therapy*
B.S., Northeast Louisiana University
M.A. The University of Louisiana Monroe
- LOUIS A. NABORS, *Associate Professor of Music*
B.M., Southern University; M.A., Prairie View A&M College
- SAMI M. NAZZAL, *Assistant Professor of Pharmaceutics*
Ph.D., Texas Tech University Health Sciences Center
- PAUL S. NELSON, *Associate Professor of Economics and Faculty Chair, Economics and Insurance*
B.S., University of Texas at Arlington; Ph.D., Texas A&M University
- PAM NEWMAN, *Professor of Counseling*
B.S., Mississippi University for Women; M.Ed., Ed.D., Mississippi State University
- LANCE NICKELSON, *Assistant Professor of Clinical Pharmacy Practice*
B.S., Northeast Louisiana University; Pharm.D., University of Arkansas
- JONI H. NOBLE, *Assistant Professor of Art*
B.F.A., University of Louisiana at Monroe; M.F.A., Louisiana Tech University
- MONA MARIA OLIVER, *Associate Professor of English and Director of English as a Second Language*
B.A., Northeast Louisiana University; M.A., University of Arkansas
- PAXTON E. OLIVER, *Professor and Associate Dean, College of Health Sciences*
B.A., Northeast Louisiana University; M.A., Louisiana Tech University; Ph.D., University of Southern Mississippi

- SUSAN OLSON, *Assistant Professor of Music*
B.M., Capital University Conservatory of Music; M.A.,
D.M.A., Ohio State University
- JSHIRLEE ANN OWENS, *Associate Professor of
Sociology and Criminal Justice*
A.B., University of Georgia; M.A., Middlebury College;
Ph.D., The University of Georgia
- LESLI K. PACE, *Assistant Professor of Speech
Communication*
B.A., Southeast Missouri State University; M.A.,
Southwest Texas State University
- JACK A. PALMER, *Professor of Psychology*
B.S., Clemson University; M.S., Ph.D., The University
of Georgia
- ERIC A. PANI, *Professor of Atmospheric Sciences and
Associate Provost*
B.S., Pennsylvania State University; M.S., Ph.D.,
Texas Tech University
- KEITH A. PARKER, *Associate Professor and
Director, School of Construction; Contractors Educational
Trust Fund Eminent Scholars Chair*
B.S., M.S., D. Engr., Louisiana Tech University
- MICHAEL E. PARKER, *Associate Professor of Finance
and Faculty Chair, Finance*
B.B.A., Northeast Louisiana University; M.B.A., D.B.A.,
Mississippi State University
- TAMMY RAPP PARKER, *Associate Professor of
Economics*
B.S., M.A., Ph.D., Southern Illinois University
- ROY C. PARRISH, *Professor and Tom and Mayme Scott
Endowed Chair in Clinical Pharmacy Practice*
Pharm.D., University of Florida
- PATRICIA PATE, *Instructor in English*
B.A., M.A., University of Louisiana at Monroe
- MIGUEL PEREZ, *Instructor of Computer Information
Systems; Coordinator of Internal Affairs, College of
Business Administration;*
B.B.A., M.B.A., The University of Louisiana at Monroe
- LORRA PETTIT, *Assistant Professor of Communicative
Disorders*
B.A., Northeast Louisiana University; M.A., Memphis
State University; Au.D., Central Michigan University
- APRIL PICARD, *Instructor in Mathematics*
B.S., M.Ed., Northeast Louisiana University
- DANITA POTTER, *Assistant Professor of Nursing*
B.S.N., Grambling State University; M.S.N., Alcorn
State University
- SHERLYN POWELL, *Associate Professor of Curriculum
and Instruction*
B.A., M.Ed., The University of Louisiana at Monroe;
Ed.D., The University of Alabama
- F. LAMAR PRITCHARD, *Professor and Dean of The
College of Pharmacy*
Ph.D., University of Georgia
- DAVIS W. PRITCHETT, JR., *Professor, Department of
Biology*
B.S., Arkansas Polytechnic College; M.S., Ph.D.,
University of Arkansas, Fayetteville
- CHARLES V. PRYOR, *Associate Professor of
Counseling; and Head, Department of Educational
Leadership and Counseling.*
B.S., Baldwin-Wallace College; M.S., Ed.D., Northern
Illinois University
- AVA F. PUGH, *Professor of Curriculum and Instruction,
and Head, Department of Educational Leadership and
Counseling*
B.S., Mississippi State University; M.Ed., Ed.S., Delta
State University; Ed.D., Mississippi State University
- MICHAEL S. RACCA, *Assistant Professor of Pharmacy
Practice*
M.D., Louisiana State University, Shreveport
- MICHAEL K. RAMSEY, *Professor of Clinical Laboratory
Science*
B.S., Louisiana Tech University; M.S., Ph.D., North
Texas State University; M.T., S.H., S.M. (ASCP);
C.L.S. (NCA)
- HARVEY RAPPAPORT, *Associate Professor of
Pharmacy Administration*
B.S., Rutgers University; M.S., Medical College of
Virginia; Ph.D., University of Mississippi
- GARY LYNN RATCLIFF, *Associate Professor and Head,
Division of Art*
B.A., Greenville College; M.F.A., Texas A&M
Commerce
- WENDEL A. RAY, *Professor of Marriage and Family
Therapy*
B.S., M.S.W., The University of Southern Mississippi;
Ph.D., Nova University
- ROBERT REA, *Instructor in English*
B.A., M.A., Louisiana Tech University
- JARRETT REEVES, *Instructor in Mass Communications
and Student Publications Advisor*
B.A., M.A., Northeast Louisiana University
- LINDA F. REID, *Assistant Professor of Nursing*
B.S.N., University of Southwestern Louisiana; M.S.N.,
Northwestern State University
- JOHN W. RETTENMAYER, *Professor of Computer
Information Systems*
B.S.E.E., University of Illinois; M.B.A., Ph.D., University
of California, Los Angeles
- JEREMY REYNOLDS, *Instructor in Theatre*
B.A., Oklahoma State University; M.A., Louisiana Tech
University
- DONNA A. RHORER, *Associate Professor of English*
B.S., Louisiana State University; M.A., Northeast
Louisiana University; Ph.D., University of
Southwestern Louisiana

- GEORGE E. RICE, *Professor of Educational Leadership*
B.A., University of Arkansas-Monticello; M.Ed., The University of Louisiana at Monroe; Ph.D., The University of Mississippi
- AMANDA H. RICHARDSON, *Instructor in Dental Hygiene*
B.S., Northeast Louisiana University
- STEPHEN P. RICHTERS, *Provost and Professor of Mathematics*
A.S., Northwestern Connecticut Community College; B.S., Vassar College; M.S., Ph.D., Brown University
- BETH J. RICKS, *Assistant Professor in Curriculum and Instruction*
B.A., M.A., The University of Louisiana at Monroe; Ph.D., Arizona State University
- SHARON HIBBARD ROACH, *Instructor in Speech Communication*
B.A., Ouachita Baptist University; M.A., University of Arkansas
- DAVID S. ROANE, *Professor of Pharmacology, Department of Biology*
B.A., Drake University; B.S., Louisiana Tech University; Ph.D., Louisiana State University Medical Center-New Orleans
- GEORGE H. ROBERTS, *Professor and Head, Department of Clinical Laboratory Science*
B.S., M.S., Louisiana Tech University; Ed.S., Northeast Louisiana University; Ed.D., Grambling State University; M.T. (ASCP); C.L.S. (NCA)
- LAUREL A. RODDEN, *Assistant Professor of Pharmacy Practice, Coordinator of Early Experiential Practice*
Pharm.D., University of Louisiana Monroe
- MICHELLE ROGERS, *Instructor in Mathematics*
B.S., Louisiana Tech University; M.Ed., University of Louisiana at Monroe
- PATRICIA G. ROSHTO, *Instructor in Accounting and Program Coordinator*
B.B.A., M.B.A., Northeast Louisiana University; C.P.A. (Inactive), Louisiana
- WILLIAM H. ROSS, *Instructor in Pharmacy*
B.S., Northeast Louisiana University
- CHRISTIAN RUBIO, *Assistant Professor of Spanish*
B.A., Queens College; M.A., Teachers College of Columbia; Ph.D., Columbia University
- KELLI RUSSELL, *Instructor in English*
B.A., M.A., Louisiana Tech University
- WILLIAM M. RYAN, *Professor of English*
B.A., Montclair State College; M.A., Colorado State University; M.F.A., University of Massachusetts
- LINDA SABIN, *Professor of Nursing*
B.S., M.S., Syracuse University; M.A., University of Florida; Ph.D., University of Mississippi
- PHYLLIS SANDERS, *Assistant Professor of Curriculum and Instruction, and PK-16+ Coordinator*
B.S., M.Ed., Ed.D., The University of Louisiana at Monroe
- THOMAS W. SASEK, *Associate Professor of Biology*
A.B., Dartmouth College; M.S., Ph.D., Duke University
- PAMELA H. SAULSBERRY, *Professor of Social Work*
B.A., Colorado State University; M.S.W., University of Denver; Ph.D. Jackson State University; L.C.S.W., Louisiana
- JENNIFER J. SAVAGE, *Associate Professor of Social Work*
B.A., Northeast Louisiana University; M.S.W., Louisiana State University; Ph.D., Jackson State University; L.C.S.W., Louisiana
- AZIME SERPIL SAYDAM, *Associate Professor of Mathematics*
B.S., Ege University of Turkey; M.S., Ph.D., University of Nebraska
- DOROTHY C. SCHWEEN, *Assistant Professor of Curriculum and Instruction, and Unit Assessment Coordinator*
B.A., Southern Methodist University; M.Ed., Ed.D., The University of Louisiana at Monroe
- SUZANNE SEEBER, *Instructor in Mathematics*
B.S., Northeast Louisiana University; M.S., Louisiana Tech University
- RICHARD D. SEILER, JR., *Associate Professor of Music*
B.M., University of North Carolina at Greensboro; M.M., Illinois State University; D.M.A., Louisiana State University
- GIRISH V. SHAH, *Mary E. and Darrell L. Calhoun Chair and Professor of Pharmacology*
B.S., M.S., Ph.D., University of Bombay
- ANITA SHARMA, *Associate Professor of Social Work*
B.A., University of Delhi; M.A., Tata Institute of Social Sciences; M.S.W., Florida State University; Ph.D., Florida State University; L.C.S.W., Louisiana
- DEBORAH SHELL, *Assistant Professor, Program Director, Department Head, Radiologic Technology*
B.S., M.Ed., The University of Louisiana at Monroe; The American Registry of Registered Technologists (ARRT)
- JUSTIN J. SHERMAN, *Assistant Professor of Pharmacy Practice*
B.S., M.C.S., Pharm.D., University of Mississippi
- JOELLEN SHOWERS, *Assistant Professor of Occupational Therapy and Coordinator of Occupational Therapy Clinic*
B.S., Louisiana State University Medical Center School of Allied Health Sciences, M.S., The University of Louisiana at Monroe

- CATHY SINGLETARY, *Instructor of Curriculum and Instruction*
B.A., M.Ed., Louisiana State University-Shreveport;
Ed.S., Louisiana State University
- SUSAN M. SIRMANS, *Associate Professor of Pharmacy Practice and Assistant Department Head, Department of Clinical and Administrative Sciences*
B.S., Auburn University; Pharm.D., Medical University of South Carolina
- LARUE L. SLOAN, *Professor of English*
B.A., M.A., East Texas State University; Ph.D., Texas Tech University
- THILLA SIVAKUMARAN, *Instructor of Curriculum and Instruction*
B.S., M.S., University of Tennessee
B.A., M.A., East Texas State University; Ph.D., Texas Tech University
- KATHIE O. SMART, *Instructor in Mathematics*
B.S., M.Ed., The University of Louisiana at Monroe
- ANN BLOXOM SMITH, *Instructor in Business Communications*
B.A., M.A., Louisiana State University
- CONNIE SMITH, *Instructor of Clinical Pharmacy Practice and Coordinator of Experiential Learning*
B.S., The University of Louisiana at Monroe
- CONSTANCE SMITH, *Instructor in Mathematics*
B.S., M.S., Northeast Louisiana University
- DONALD R. SMITH, *Associate Professor and Dean of the Library*
B.A., M.A., M.S.E., Southern Illinois University;
M.A.L.S., University of Missouri
- ELIZABETH T. SMITH, *Instructor in Mathematics*
B.S., Louisiana State University; M.Ed., Northeast Louisiana University
- GREGORY C. SMITH, *Assistant Professor of Construction*
B.S., Northeast Louisiana University; M.A., Louisiana Tech University
- LON A. SMITH, *Associate Professor of Computer Science*
B.S., Louisiana State University-Shreveport; M.S., Ph.D., Tulane University
- RUTH ELIZABETH SMITH, *Professor and Head, Department of Foreign Languages*
B.A., Central State University; M.A., Ph.D., University of Oklahoma
- TRENT SMITH, *Associate Professor of Agriculture*
B.S., M.S., Mississippi State University; Ph.D., Louisiana State University
- KELLIE R. SORRELLS, *Assistant Professor of Pharmacy Practice*
Pharm.D., Idaho State University
- KAREN STANSBURY, *Assistant Professor of Nursing*
B.S., Northeast Louisiana University; M.S.N., Northwestern State University
- C. TURNER STECKLINE, *Associate Professor of Speech Communication and Communication Graduate Program Coordinator*
B.A., University of Northern Colorado; M.A., University of Iowa; Ph.D., Southern Illinois University-Carbondale
- MARTIN B. STEFFENSON, *Associate Professor of Clinical Pharmacy Practice*
B.A., M.L.S., Florida State University; B.S., Northeast Louisiana University; M.S., South Dakota State University; Pharm. D., University of Arkansas
- REBECCA STEPHENSON, *Assistant Professor of English*
B.A. Trinity University; M.M.S., Ph.D., Notre Dame University
- RICK STEVENS, *Associate Professor of Psychology*
B.S., Phillips University; M.S., Ph.D., University of Oklahoma
- ROBERT E. STEVENS, *Professor of Marketing*
B.S., Arkansas State University; M.B.A., Ph.D., University of Arkansas
- ROXIE L. STEWART, *Instructor of Pharmacy Practice*
B.S., University of Louisiana at Monroe
- CINDY STRICKLER, *Instructor of Business*
B.A., Millsaps College; M.B.A., University of Louisiana at Monroe
- GARY L. STRINGER, *Professor of Geology and Education and Head, Department of Curriculum and Instruction*
B.S., M.S., Ed.S., Northeast Louisiana University; Ph.D., The University of Southern Mississippi
- PAUL W. SYLVESTER, *B. J. Robison Endowed Professor of Pharmacology, Director, Research and Graduate Studies*
B.S., Western Michigan University; Ph.D., Michigan State University
- JUN TAN, *Research Assistant Professor of Pharmacy Administration*
Ph.D., The University of Louisiana at Monroe
- JEFF E. TAYLOR, *Assistant Professor of Aviation*
B.S., Texas A&M University; M.C.A., Delta State University
- KIMBERLY W. TAYLOR, *Instructor of Computer Science*
B.S., Northeast Louisiana University; M.S., Louisiana State University
- M. JEFFREY TAYLOR, *Assistant Professor of Chemistry*
B.S., University of Arkansas at Little Rock; M. A., University of Texas at Austin; Ph.D., University of Arkansas at Fayetteville
- MATTHEW TEUTSCH, *Instructor in English*
B.A., M.A., University of Louisiana at Monroe

- CARL L. THAMELING, *Associate Professor of Speech Communication*
B.A., University of Louisville; M.A., Ph.D., Indiana University
- LUKE E. THOMAS, *Professor of Kinesiology and Dean, College of Education and Human Development*
B.S., M.Ed., Northwestern State University; Ph.D., Louisiana State University
- CHRISTOPHER THOMPSON, *Professor of Music*
B.M., University of Alabama; M.M., Memphis State University; D.M.A., Louisiana State University
- HILARY L. TICE, *Assistant Professor of Clinical Pharmacy Practice*
Pharm.D., Texas Tech University
- KIM M. TOLSON, *Associate Professor of Biology*
B.S., Louisiana Tech University; Ph.D., Northeast Louisiana University
- STEVE TOLSON, *Instructor and Research Associate of Psychology*
B.A., M.S., The University of Louisiana at Monroe
- COREY TRAHAN, *Visiting Professor of Music*
B.M., Louisiana State University; M.M., University of Houston
- CLIFF TRESNER, *Associate Professor of Art*
B.F.A., Indiana State University; M.F.A., University of Mississippi
- JACKIE TUCKER, *Instructor in English*
B.A., Louisiana Tech University; M.Ed., Loyola University; M.Ed., M.B.A., University of Oklahoma; M.A., The University of Louisiana at Monroe
- MYRON TURNER, *Assistant Professor of Music*
B.M.E., Northeast Louisiana University; M.M., University of Louisiana at Monroe
- DANIEL UPSHAW, *Instructor in English*
B.A., M.A., University of Louisiana at Monroe
- MICHAEL VINING, *Instructor of Kinesiology*
B.S., M.Ed., Northeast Louisiana University
- ANTHONY L. WALKER, *Instructor of Pharmacy Practice*
B.S., University of Louisiana Monroe
- BRUCE C. WALKER, *Assistant Professor of Management*
B.B.A., Northeast Louisiana University; M.B.A., University of Texas-Arlington; Ph.D., University of Arkansas
- JERRY L. WALL, *Professor of Management*
B.A., Oklahoma State University; M.B.A., East Carolina University; Ph.D., University of Missouri-Columbia; SPHR
- ROBERT GEORGE WARD, *Professor of Art*
B.F.A., Illinois Wesleyan University; M.A., The University of Iowa; M.F.A., Louisiana Tech University
- JERRILENE WASHINGTON, *Associate Professor of Curriculum and Instruction*
B.A., Louisiana Tech University; M.Ed., Louisiana State University; Ed.D., Johns Hopkins University
- PAUL A. WASHINGTON, *Associate Professor of Geology*
B.S., Allegheny College; M.S., State University of New York; Ph.D., University of Connecticut
- J. ABRA WATKINS, *Associate Professor of Chemistry*
B.S., Ph.D., University of Arizona
- FRED H. WATSON, JR., *Professor of Chemistry*
B.S., M.S., Ph.D., Louisiana State University
- MEGAN WEBB, *Instructor in English*
B.A., M.A., Louisiana Tech University
- G. DALE WELCH, *Professor of Sociology and Gerontology*
B.A., Ouachita Baptist University; M.A., Ph.D., Louisiana State University
- CORALIE H. WHITE, *Assistant Professor of Music*
B.M., M.M., Northeast Louisiana University
- L. KEITH WHITE, *Professor and Director, School of Visual and Performing Arts*
B.M.E., M.M., Wichita State University; Ph.D., Texas Tech University
- KIMBERLY WHORTON, *Clinical Instructor in Dental Hygiene*
B.S., Northeast Louisiana University
- ANN M. WICKER, *Assistant Professor of Pharmacy Practice*
Pharm.D., Xavier University
- PAUL WIEDEMEIR, *Assistant Professor of Computer Science*
B.S., Drake University; M.S., Michigan Technological University; Ph.D., University of Missouri-Columbia
- BLAIR P. WILBERT, *Assistant Professor of Clinical Pharmacy Practice*
Pharm.D., The University of Louisiana at Monroe
- JOEL R. WILLER, *Assistant Professor of Mass Communications and KXUL Faculty Supervisor*
B.A., M.Ed., Kent State University
- DINAH HENDERSON WILLIAMS, *Associate Professor of Library Science, Coordinator of Reference Services*
B.A., M.Ed., Ed.S., Northeast Louisiana University; M.L.S., Indiana University
- JUDITH WILLIAMS, *Assistant Professor of Nursing*
B.S., The University of Louisiana at Monroe; M.S.N., Northwestern State University of Louisiana

DAVID WILLIAMSON, *Associate Professor and Head,
Department of Psychology*
B.S., M.A., Ph.D., East Texas State University

EMILY WILLIAMSON, *Instructor and Director of Child
Development Center in Family and Consumer
Sciences*
B.S., Northeast Louisiana University

HAROLD E. WILLIAMSON, *Professor and Head, Criminal
Justice Program*
B.A., M.A., Ph.D., Sam Houston State University

ROBERT W. WILLIAMSON, *Instructor of Kinesiology and
Assistant Athletic Trainer*
B.S., M.Ed., The University of Louisiana at Monroe

STANLEY G. WILLIAMSON, *Professor of Management*
B.S., Louisiana Tech University; M.S., Trinity
University; Ph.D., University of North Texas

HOLLY L. WILSON, *Associate Professor of Philosophy*
B.A., Vanderbilt University; M.A., Ph.D., The
Pennsylvania State University

DEBRA H. WISENOR, *Assistant Professor of Clinical
Laboratory Science*
B.S., M.A., The University of Louisiana at Monroe;

BOYD WOLZ, *Assistant Professor of Theatre*
B.A., Brigham Young University; M.F.A., Boston
University

JAMES T. WOOD, *Associate Professor of Computer
Information Systems*
B.B.A., North Texas State University; M.B.A., Houston
Baptist University; Ph.D., University of Texas at
Arlington

MARTHA WOODEN, *Assistant Professor in Library
Science and Government Documents Librarian*
B.A., Northwestern State University; M.L.S., Louisiana
State University

R. LAMAR WOODHAM, *Associate Professor and Director
of Marriage and Family Therapy*
B.A., M.A., The University of Louisiana at Monroe;
Ed.D., Texas A&M University-Commerce

MARY BLANCHE WORTHAM, *Instructor in Spanish*
B.A., Southwest Texas State University; M.Ed., The
University of Louisiana at Monroe

SHERRY SIMS WYANT, *Assistant Professor of Nursing*
B.S.N., Grambling State University; M.S.N.,
Northwestern State University

SARAH G. WYATT, *Assistant Professor of
Communicative Disorders*
B.A., Louisiana Tech University; M.A., University of
Memphis

LEONARD DON YIELDING, *Associate Professor of
Criminal Justice*
B.A., M.A., Sam Houston State University

MITCHELL B. YOUNG, *Associate Professor of
Counseling*
B.A., University of Washington; M.S., Ph.D., Purdue
University

MICHELLE ZAGAR, *Assistant Professor of Pharmacy
Practice*
Pharm.D., The University of Louisiana at Monroe

RALPH A. ZEHNDER, *Assistant Professor of Chemistry*
B.S., Ph.D., University of Siegen

ENDOWED CHAIRS AND PROFESSORSHIPS

CHAIRS

Margaret & Bernard Biedenharn Chair in Business	Dr. Kenneth Clow
Kitty DeGree Eminent Scholars Chair in Pharmacy (Toxicology)	Dr. Harihara Mehendale
Hanna Spyker Eminent Scholars Chair in Education	*****
Contractors Educational Trust Fund Endowed Chair in Construction	Dr. Keith Parker
Emy-Lou Biedenharn Chair in Music	*****
Joseph A. Biedenharn Eminent Scholars Chair in Gerontology	Dr. Bonnie Hatchett
Tom & Mayme Scott Eminent Scholars Chair in Clinical Pharmacy Practice	Dr. Roy Parrish
Jim & Dawn Hardin Eminent Scholars Chair in Education (CRT)	*****
Mary E. & Darrell L. Calhoun Eminent Scholars Chair in Pharmacology	Dr. Girish Shah

PROFESSORSHIPS

Endowed Professorship in Communicative Disorders	Dr. Linda Bryan
Kitty DeGree Endowed Professorship in Education	Dr. Bob N. Cage
Endowed Professorship in Nursing	Ms. Donna Glaze
Endowed Professorship in Geology	Dr. Paul Washington
Endowed Professorship in Entrepreneurship	Dr. Paul Dunn
Endowed Professorship in Education Administration	Dr. Ottis LoVette
State Farm Professorship in Insurance	Dr. Christine T. Berry
Sister Ligouri Lawton Professorship in Nursing	Ms. Jane Burson
Endowed Professorship in Gerontology	Dr. Christopher J. Johnson
Northeast Chapter Associated General Contractors of America (A)	Dr. Bobby Ensminger
Northeast Chapter Associated General Contractors of America (B)	Dr. Hollis Bray
Sister Anne Marie Twohig Professorship in Nursing	Ms. Sandra Jones
Kitty DeGree Professorship in Computer Science	Dr. Lon Smith
Glenwood Regional Medical Center Professorship in Nursing (A)	Ms. Deborah Brossett
Glenwood Regional Medical Center Professorship in Nursing (B)	*****
Mayme & Tom Scott Professorship in Agriculture	Dr. Trent Smith
Mayme & Tom Scott Professorship in Teaching Excellence	Dr. Lesa Lawrence
Clark Boyce Professorship of Construction	Director of Construction
Pfizer, Inc.-B.J. Robison Professor in Pharmacy	Dr. Paul Sylvester
Sister Jerome Crowley Professorship in Nursing	Ms. Linda Reid
Clarke Williams, Jr. Professorship in Communicative Software Design	Dr. Jose L. Cordova
Waste Management Professorship in Toxicology	Dr. Benny Blaylock
Dr. William R. Hammond Professorship in Liberal Arts	Dr. Chris Blackburn
John L. Luffey, Sr. Endowed Professorship in Accounting	Dr. Thomas Hodge
Kitty DeGree Endowed Professorship in Occupational Therapy	Ms. Peggy Meredith
Emy-Lou Biedenharn Endowed Professorship in Music	*****
George T. Walker Endowed Professorship in Entrepreneurship	Dr. Dorothy Davis
Endowed Professorship in English	Dr. Fleming McClelland
Abell Endowed Professorship in Entrepreneurship	*****
Tommy & Mary Barham Endowed Professorship in English	Mr. Jack Heflin
Bank One Professorship in Teacher Education	Dr. Thillainataraja Sivakumaran
BellSouth Endowed Professorship in Science Education	Dr. Gary Stringer
Entergy Endowed Professorship in Computer Information Systems	Dr. Allen Johnston
Kitty DeGree Professorship in Biology	Dr. David Roane

Vernon W. "Bodie" McCrory First Amendment Professorship in Mass Communication	Dr. Bette J. Kauffman
Entergy Professorship in Instructional Technology in Teacher Education	Dr. Mark S. Doherty
Endowed Professorship in Electrical/Mechanical in School of Construction	Dr. David Manry
Kitty DeGree Professorship in Computer Information Systems	*****
The Beach Endowed Professorship in the School of Construction	Mr. Greg Smith
Mary Ellen Walker Professorship in Early Childhood Education	Dr. Peggie Jelks
Governor James A. Noe and Linda Noe Lane Professorship in Agriculture	Dr. James Casey
L. M. McKneely Professorship in English Literature	Dr. Helen Lock
L. M. McKneely Professorship in Humanities	Dr. Gordon Harvey
Frances Davis Hammond Professorship in Education	Dr. Ava Pugh
Thurman Potts Endowed Professorship in the School of Construction	Mr. Charles William Cook
Bruce and Lizabeth Boulware Endowed Professorship in Management	Dr. Bruce Walker
Hood/DeFatta Professorship in Accounting	Dr. Michelle McEacharn
Endowed Professorship in Entrepreneurship Principle	Dr. Mingsheng Li
Lucy Shackelford Professorship in Kinesiology	Dr. Wilson Campbell

***** Not currently appointed

ADJUNCT AND VISITING FACULTY

CHAD ADAMS, *Adjunct Clinical Instructor in Radiologic Technology,*

B.S.R.T., Northeast Louisiana University; (ARRT)
American Registry of Radiologic Technologists

SUSAN COATS ALLAIN, *Development Director, KEDM, and Adjunct Instructor in Mass Communications*
B.A., Northeast Louisiana University

CHARLES M. ALLEN, *Adjunct Professor of Biology*
Ph.D., University of Southwestern Louisiana

LOIS R. ANDERSON, *Adjunct Assistant Professor of Pharmacy Practice*
Pharm.D., University of Wisconsin-Madison

G. SCOTT ARNOLD, *Adjunct Clinical Instructor in Radiologic Technology*
B.S.R.T., Northeast Louisiana University; (ARRT)
American Registry of Radiologic Technologists

CARROLL BUCK ATKINS, JR., *Adjunct Clinical Associate Professor of Dental Hygiene*
D.M.D., University of Alabama

ROBERT G. AUCOIN, *Adjunct Instructor of Pharmacy Practice*
B.S., Northeast Louisiana University

PHILIP R. AVET, JR., *Adjunct Instructor of Clinical Laboratory Science*
M.D., Louisiana State University

SCOTT A. BAGGARLY, *Adjunct Assistant Professor of Pharmacy Administration*
B.S., M.B.A., Ph.D., University of Louisiana at Monroe

LORETTA BATTAGLIA, *Adjunct Assistant Professor of Biology*
B.S., M.S., University of Louisiana at Monroe; Ph.D.,
University of Georgia

KAREN GAIL BLACKMAN, *Adjunct Assistant Clinical Instructor in Radiologic Technology*
B.S.R.T., Northeast Louisiana University; (ARRT)
American Registry of Radiologic Technologists

RICHARD J. BLANCHARD, JR., *Adjunct Clinical Instructor in Clinical Laboratory Science*
M.D., Louisiana State University

MARGARET B. BOONE, *Adjunct Clinical Instructor, Clinical Laboratory Science*
B.S., University of Southwestern Louisiana

KENNETH BOUDREAUX, *Adjunct Assistant Professor of Pharmacy Practice*
B.S., M.S., Northeast Louisiana University

HAROLD C. BOUNDS, *Adjunct Professor of Biology*
Ph.D., Louisiana State University

CARL G. BOWLING, *Adjunct Clinical Instructor in Clinical Laboratory Science*
M.D., West Virginia University

KENNETH M. BROWN, *Adjunct Professor of Biology*
Ph.D., University of Iowa

RICHARD BUCHHOLZ, *Adjunct Assistant Professor of Biology*
Ph.D., University of Florida

CLARENCE D. BUTLER, *Adjunct Assistant Professor of Military Science*
B.S., Grambling State University

MARY L. CALDWELL, *Adjunct Instructor of Pharmacy*
M.Ed., The University of Louisiana at Monroe

DAVID CANAL, *Adjunct Clinical Instructor in Radiologic Technology,*
B.S.R. T., Northeast Louisiana University; (ARRT)
American Registry of Radiologic Technologists

KRISTIE H. CARDIN, *Adjunct Instructor in Speech, Language, and Hearing Therapy*
M.S., University of Arkansas for Medical Sciences

MARK CARPENTER, *Adjunct Clinical Instructor in Radiologic Technology,*
B.S.R.T., Northeast Louisiana University; (ARRT)
American Registry of Radiologic Technologists

COREY CARTER, *Adjunct Clinical Instructor in Radiologic Technology,*
B.S.R.T., Northeast Louisiana University; (ARRT)
American Registry of Radiologic Technologists

JAMES W. CATALLO, *Adjunct Associate Professor of Chemistry*
Ph.D., College of William and Mary

LYNNETTE CHAKKAPHAK, *Adjunct Clinical Instructor in Clinical Laboratory Science*
M.S., University of South Florida

MELANIE S. CHAPMAN, *Adjunct Clinical Instructor in Clinical Laboratory Science*
M.Ed., Northeast Louisiana University

ROBERT P. CONNOLLY, *Adjunct Assistant Professor of Archeology (Poverty Point Station Archeologist)*
Ph.D., University of Illinois, Urbana-Champaign

BRIAN I. CROTHER, *Adjunct Professor of Biology*
Ph.D., The University of Miami

LAWRENCE D. CULPEPPER, *Adjunct Clinical Assistant Professor in Dental Hygiene*
D.D.S., University of Tennessee

SALVATORE J. D'ANGELO, *Adjunct Professor of Pharmacy*
B.S., University of Houston

KRISTI T. DAVIS, *Adjunct Assistant Professor in Dental Hygiene*
D.D.S., Baylor College of Dentistry

MELGARDT M. DE VILLIERS, *Adjunct Associate Professor of Pharmaceutics*
Ph.D., Potchefstroom University

LISA DIGIOIA-ROSS, *Adjunct Assistant Professor, Clinical Pharmacy Practice*
Pharm.D., Xavier University of Louisiana; B.S., St. John's University College of Pharmacy

THOMAS W. DOYLE, *Adjunct Assistant Professor of Biology*
Ph.D., University of Tennessee

F. QUAY DORTCH, *Adjunct Associate Professor of Biology*
Ph.D., University of Washington

JAMES E. EDSON, *Adjunct Professor of Geology*
Ph.D. Tulane University

CHERICE M. EVANS, *Adjunct Assistant Professor of Chemistry*
Ph.D., Louisiana State University

ROBERT EWING, *Adjunct Associate Professor of Pharmacy*
M.D., Medical College of Georgia

MARALIE G. EXTON, *Adjunct Clinical Instructor in Clinical Laboratory Science*
B.A., Randolph-Macon Woman's College

LINDA FOSTER, *Adjunct Clinical Instructor in Dental Hygiene*
R.D.H., B.S., Northeast Louisiana University

JOHN MICHAEL FITZSIMONS, *Adjunct Professor of Biology*
Ph.D., University of Michigan

STEVEN FOWLER, *Adjunct Instructor of Pharmacy Administration*
B.A., Northeast Louisiana University; M.Div., M.R.E., D.Min., Southwestern Baptist Theological Seminary

PHILIP B. FRANCOIS, *Adjunct Clinical Instructor in Radiologic Technology, B.S.R.T.*,
Northeast Louisiana University; (ARRT) American Registry of Radiologic Technologists

JENNIFER FRANKLIN, *Adjunct Clinical Instructor in Radiologic Technology*,
B.S.R.T., Northeast Louisiana University; (ARRT) American Registry of Radiologic Technologists

ERIC T. GEIST, *Adjunct Associate Professor of Dental Hygiene*
D.D.S., Louisiana State University

CATHY B. GRIDER, *Adjunct Instructor in Speech, Language, and Hearing Therapy*
M.S., University of North Texas

JAMES G. HAIR, *Adjunct Clinical Instructor in Clinical Laboratory Science*
M.D., Louisiana State University

JASON HALL, *Adjunct Professor of Pharmacy Practice*
Pharm.D., The University of Louisiana at Monroe

AHMAD K. HAMIDE, *Adjunct Assistant Professor of Pharmacy Practice*
B.S., Pharm.D., Xavier University of Louisiana

ITZEL A. HARRIOTT-TALBOT, *Adjunct Clinical Assistant Professor*
B.S., Massachusetts College of Pharmacy; M.P.A, Troy State University-College of Business and Administration; Pharm.D., Idaho State University

STEVEN JOHN HECHT, *Adjunct Assistant Professor of Biology*
Ph.D., Tufts University

MARSHA HENDERSHOT, *Adjunct Clinical Instructor, R.T. Radiologic Technology*
Morehouse General Hospital; (AART) American Registry of Radiologic Technology

DONNA T. HIPPI, *Adjunct Instructor in Speech, Language, and Hearing Therapy*
M.A., Louisiana Tech University

CICELY HOGAN, *Adjunct Clinical Instructor in Radiologic Technology*,
B.S.R.T., Northeast Louisiana University; (ARRT) American Registry of Radiologic Technologists

JACK DON HOLDEN, *Adjunct Clinical Instructor in Clinical Laboratory Science*
M.D., Louisiana State University

ASHLEY W. HOOD, *Adjunct Clinical Instructor in Dental Hygiene*
R.D.H., B.S., The University of Louisiana at Monroe

JAN J. HOOVER, *Adjunct Assistant Professor of Biology*
Ph.D. University of Oklahoma; B.S., Northeast Louisiana University; R.T., (ARRT) American Registry of Radiologic Technologists

HAROLD HUBBARD, *Adjunct Clinical Instructor in Radiologic Technology*,
B.S.R.T., Northeast Louisiana University; (ARRT) American Registry of Radiologic Technologists

PATRICIA ANN HUBBARD, *Adjunct Clinical Instructor in Radiologic Technology*
R.T., St. Francis Hospital School of Radiologic Technology; (ARRT) American Registry of Radiologic Technologists

G. ROBERT HUFFSTUTTER, *Adjunct Clinical Assistant Professor of Dental Hygiene*
D.D.S., University of Missouri-Kansas City

- JORDAN HUFFSTUTTER, *Adjunct Clinical Instructor in Dental Hygiene*
R.D.H., B.S., The University of Louisiana at Monroe.
- SUZIE IDOM, *Adjunct Clinical Instructor in Dental Hygiene*
R.D.H., B.S., Northeast Louisiana University
- DANA JACKSON, *Adjunct Associate Clinical Professor of Dental Hygiene*
D.D.S. University of IOWA
- KAY NELSON JACKSON, *Adjunct Clinical Instructor in Dental Hygiene*
R.D.H., B.S., Caruth School of Dental Hygiene (Baylor)
- ELLIE C. JOHN, *Adjunct Clinical Instructor in Dental Hygiene*
R.D.H., B.S., Northeast Louisiana University
- R. HOWARD JOHN, *Adjunct Clinical Assistant Professor in Dental Hygiene*
D.D.S., University of Tennessee
- VANESSA J. JOHNSON, *Adjunct Clinical Instructor in Clinical Laboratory Science*
M.B.A., Louisiana Tech University
- RENEE KING, *Adjunct Clinical Instructor in Dental Hygiene*
R.D.H., B.S., Northeast Louisiana University
- M. ROSE KRESS, *Adjunct Assistant Professor of Geosciences*
Ph.D., Texas A & M University
- JOHN LATENDRESSE, *Adjunct Assistant Professor of Toxicology*
Ph.D., Ohio State University
- J. ERIC LAVESPERE, *Adjunct Associate Professor of Dental Hygiene*
D.D.S., Louisiana State University
- DAVID RAYMOND LAWRENCE, *Adjunct Associate Clinical Professor in Radiologic Technology*
M.D., University of Mississippi
- LORETTA LEMOINE, *Adjunct Assistant Professor of Pharmacy Practice*
Pharm.D., University of Florida
- WILLIAM J. LILES, JR., *Adjunct Associate Professor of Biology*
M.D., Louisiana State University
- SONYA LINDSEY, *Adjunct Clinical Instructor in Radiologic Technology*,
B.S.R.T., Northeast Louisiana University; (ARRT)
American Registry of Radiologic Technologists
- EDWARD LOCK, *Adjunct Senior Scientist (Professor Equivalent)*
Ph.D., Council for National and Academic Awards
- AUBREY A. LURIE, *Adjunct Clinical Instructor in Clinical Laboratory Science*
M.D., University of Witwatersrand
- YURI M. LVOV, *Adjunct Associate Professor of Chemistry*
Ph.D., Moscow State University
- DIANNE MALVEAUX, *Adjunct Clinical Instructor in Clinical Laboratory Science*
B.S., McNeese State University
- TARUN K. MANDAL, *Adjunct Professor of Pharmaceutics*,
B.Pharm., Jadavpur University, Calcutta, India;
M.Pharm., Jadavpur University, Calcutta; Ph.D.
Northeast Louisiana University
- KRISTY MANGRUM, *Adjunct Clinical Instructor in Radiologic Technology*,
B.S.R.T., Northeast Louisiana University; (ARRT)
American Registry of Radiologic Technologists
- TAMICA BLAKE MAY, *Adjunct Assistant Professor of Pharmacy Administration*
Ph.D., University of Louisiana at Monroe
- BARRY S. MCINTYRE, *Adjunct Associate Professor of Toxicology*
Ph.D., Washington State University
- MARION S. MERIWETHER, *News Director, KEDM*;
Adjunct Assistant Professor of Mass Communications
M.A., Northeast Louisiana University
- MARK MIDDLEBROOKS, *Adjunct Instructor of Pharmacy Practice*
B.S., M.S., University of Louisiana at Monroe;
Pharm.D., Idaho State University
- DAVID W. MORELAND, *Adjunct Assistant Professor of Biology*
B.S., M.S., Northeast Louisiana University
- ANJALI A. NAMJOSHI, *Adjunct Instructor of Pharmacy Practice*
Pharm.D., Xavier University of Louisiana
- MARK S. NELSON, *Adjunct Instructor of Pharmacy Practice*
B.S., Louisiana State University at Shreveport; B.S.,
The University of Louisiana at Monroe
- PETER NG, *Adjunct Instructor of Pharmacy Practice*
B.S., Northeast Louisiana University
- ERNEST L. NIX., *Adjunct Clinical Associate Professor of Dental Hygiene*
D.D.S., University of Mississippi
- MICHAEL F. NOLAN, *Adjunct Associate Professor of Biology*
D.D.S., Louisiana State University
- ROGER B. OLINDE, *Adjunct Instructor of Pharmacy Practice*
B.S., The University of Louisiana at Monroe; Pharm.D.,
University of Mississippi

- KEITH OUCHLEY, *Adjunct Associate Professor of Biology*
Ph.D., Louisiana State University
- ALAN PARRISH, *Adjunct Assistant Professor of Toxicology*
Ph.D., Texas A & M University
- MATTHEW PATTERSON, *Adjunct Instructor of Clinical Laboratory Science*
M.D., University of Florida
- CARROLL DONALD PENNINGTON, *Adjunct Assistant Clinical Instructor in Radiologic Technology*
R.T., University of Texas, School of Allied Health Sciences; B.S., Northeast Louisiana University; (ARRT) American Registry of Radiologic Technologists
- FRANK PEZOLD, *Adjunct Professor of Biology*
Ph.D., University of Texas
- NANCY PIERRON, *Adjunct Instructor of Pharmacy Practice*
B.S., Northeast Louisiana State College
- WALTER PIERRON, *Adjunct Instructor of Pharmacy Practice*
B.S., University of Mississippi
- ROBERT HARMON PIRTLE, *Adjunct Clinical Associate Professor of Dental Hygiene*
D.D.S., University of Tennessee
- KELLI H. REED, *Adjunct Clinical Instructor in Dental Hygiene*
R.D.H., B.S. The University of Louisiana at Monroe
- LAINÉ O. REEDER, *Adjunct Clinical Instructor in Clinical Laboratory Science*
B.S., Louisiana College
- PATRICIA M. REEVES, *Adjunct Clinical Instructor in Radiologic Technology*
B.S., Northeast Louisiana University; (ARRT) American Registry of Radiologic Technologists
- SONYA REEVES, *Adjunct Clinical Instructor in Radiologic Technology*,
B.S.R.T., Northeast Louisiana University; (ARRT) American Registry of Radiologic Technologists
- RUBEN REININGER, *Adjunct Professor of Chemistry*
Ph.D., The Hebrew University, Jerusalem, Israel
- JEAN RHODES, *Adjunct Instructor in Speech, Language and Hearing Therapy*
M.A., Northeast Louisiana University
- ADAM ROBINSON, *Adjunct Clinical Instructor in Radiologic Technology*,
B.S.R.T., University of Louisiana at Monroe; (ARRT) American Registry of Radiologic Technologists
- LOUISE ROLLINS-SMITH, *Adjunct Assistant Professor of Microbiology and Immunology*
Ph.D., University of Texas
- MARTIN J. RONIS, *Adjunct Associate Professor of Toxicology*
B.A., M.A., Cambridge University; Ph.D., Reading University
- JANET SANDERS, *Adjunct Instructor for Speech, Language and Hearing Therapy*
MCD, Louisiana State University Medical Center
- JOE E. SAUNDERS, *Adjunct Professor of Archeology*
Ph.D., Southern Methodist University
- SUMMER K. SCHILLING, *Adjunct Assistant Professor of Clinical Pharmacy, Practice*
Pharm.D., The University of Louisiana at Monroe
- JOHN SCOTT, *Adjunct Professor of Chemistry*
Ph.D., North Texas State University
- ANNETTE M. SHIPP, *Adjunct Assistant Professor of Toxicology*
Ph.D., Northeast Louisiana University
- W. MARK SIMMONS, *General Manager, KEDM; Adjunct Instructor in Mass Communications*
B.S., Central Missouri State University
- R. VICTOR SIMONEAUX, *Adjunct Assistant Clinical Instructor in Radiologic Technology*
B.S., Northeast Louisiana University; R.T., (R), (T), (ARRT) American Registry of Radiologic Technologists
- SUSAN LOUISE SMITH, *Adjunct Assistant Professor of Occupational Therapy*
B.S., Tufts University; M.A., New York University
- LEHRUE STEVENS, *Adjunct Clinical Instructor in Clinical Laboratory Science*
M.D., Louisiana State University
- BARBARA TAMBURRO, *Adjunct Clinical Instructor in Dental Hygiene*
R.D.H., B.S., Northeast Louisiana University
- EUGENE J. TAYLOR, *Adjunct Instructor of Mathematics*
M.S.M., Iowa State University
- MARY JULIA (M.J.) TERREBONNE, *Adjunct Professor of Pharmacy Administration*
B.S., Northeast Louisiana University
- DOROTHY TOLAR, *Adjunct Assistant Clinical Instructor in Radiologic Technology*
E.A. Conway Hospital; (ARRT) American Registry of Radiologic Technologists
- JOHN S. VANHOOSE, *Adjunct Clinical Instructor in Clinical Laboratory Science*
MD., University of Kentucky B.S., Northeast Louisiana University; R.T., (ARRT) American Registry of Radiologic Technologists
- JENNIVFER VINCE, *Adjunct Clinical Instructor in Radiologic Technology*,
B.S.R.T., University of Louisiana at Monroe; (ARRT) American Registry of Radiologic Technologists

STACY WALES, *Adjunct Clinical Instructor in Radiologic Technology*,
B.S.R.T., M.Ed., Northeast Louisiana University ;
(ARRT) American Registry of Radiologic Technologists

KATHY WASHAM, *Adjunct Clinical Instructor in Radiologic Technology*,
A.S.R.T., South Arkansas University, R.D.M.S., R.V.T.,
(ARRT) American Registry of Radiologic Technologists

STACY WEEKS, *Adjunct Instructor in Speech, Language and Hearing Therapy*
M.A., Northeast Louisiana University

CATHY WHIPPLE, *Adjunct Instructor of Clinical Pharmacy Practice*
B.S., Northeast Louisiana University; Nuclear Pharmacy Certificate, Purdue University

RICHARD D. WILLIS, *Adjunct Associate Professor in Dental Hygiene*
D.D.S., Louisiana State University

FRANK WITZMANN, *Adjunct Assistant Professor of Toxicology*
Ph.D., Marquette University

SUSAN WORLEY, *Adjunct Clinical Instructor in Dental Hygiene*
R.D.H., B.S., Northeast Louisiana University

TSUNEMI YAMASHITA, *Adjunct Assistant Professor of Biology*
Ph.D., Vanderbilt University

FACULTY AND ADMINISTRATIVE EMERITI

- GEORGE T. WALKER, *President Emeritus*
Ph.D., Louisiana State University
- MARTHA LOU ADAMS, *Professor Emerita of English*
Ph.D., University of Mississippi
- GLORIA C. BRANTLEY, *Professor Emerita of Computer and Office Information Systems*
Ed.D., Oklahoma State University
- GEORGE C. BRIAN, *Professor Emeritus of Speech and Theatre*
Ph.D., Louisiana State University
- DAVID S. BYRD, *Professor Emeritus of Chemistry*
Ph.D., University of Louisville
- JAMES C. CALDWELL, *Professor Emeritus of Finance*
Ph.D., Louisiana State University
- DAISY DANIELS, *Professor Emerita of Home Economics*
Ed.D., Oklahoma State University
- AUGUST G. DANTI, *Professor Emeritus of Pharmacy*
Ph.D., The Ohio State University
- MAYNARD M. DOLECHECK, *Professor Emeritus of Management*
Ph.D., University of Alabama
- NEIL H. DOUGLAS, *Professor Emeritus of Biology*
Ph.D., Oklahoma State University
- DANIEL E. DUPREE, *Professor Emeritus of Mathematics and Dean Emeritus*
Ph.D., Auburn University
- BERYL C. FRANKLIN, *Professor Emeritus of Biology*
Ph.D., The Ohio State University
- H.T. GARNER, *Dean Emeritus of the Graduate School*
Ed.D., University of Arkansas
- SANFORD B. HALPERIN, *Professor Emeritus of Insurance*
Ph.D., Michigan State University
- MAURY MARTIN HARAWAY, *Professor Emeritus of Psychology*
Ph.D., University of Mississippi
- F.L. HARMON, *Professor Emeritus of Mathematics*
M.A., University of Mississippi
- ROBERT E. HARRISON, *Professor Emeritus of Marketing*
Ph.D., University of Arkansas
- RODERICK HICKMAN, *Professor Emeritus of Mathematics*
M.A., George Peabody College
- T. EUGENE HOLTZCLAW, *Professor Emeritus of Education*
Ed.D., University of Arkansas
- ANN KAPP, *Professor Emerita of Home Economics and Department Head Emerita*
Ed.D., Oklahoma State University
- R. DEAN KERR, *Professor Emeritus of Educational Administration*
Ed.D., University of Missouri
- MERVIN KONTROVITZ, *Professor Emeritus of Geology*
Ph.D., Tulane University
- LYNN LEBLANC, *Professor Emeritus of Atmospheric Sciences*
Ph.D., Texas A&M University
- ERNEST G. MAPLES, *Professor Emeritus of Psychology*
Ph.D., University of Mississippi
- VAN C. MCGRAW, *Professor Emeritus of Management and Dean Emeritus*
Ph.D., Louisiana State University
- MERRILL S. NICKLAS, *Professor Emeritus of Management and Dean Emeritus*
Ed.D., University of Arkansas
- WILLIAM W. NORRIS, *Professor Emeritus of Biology*
Ph.D., Louisiana State University
- LEA T. OLSAN, *Professor Emerita of English and Foreign Languages*
Ph.D., Tulane University
- THURMAN POTTS, *Professor Emeritus of Construction*
M.Arch., University of Nebraska
- EDWARD E. SCHUTZ, *Professor Emeritus of Art*
Ed.D., University of North Texas
- R. DALE THOMAS, *Professor Emeritus of Biology*
Ph.D., University of Tennessee
- CATHERINE D. VAUGHAN, *Professor Emerita of Education*
Ed.D., University of Southern Mississippi
- WILLIAM A. WALKER, *Professor Emeritus of History*
Ph.D., University of Texas
- JACK WHITE, *Director of Bands Emeritus*
M.M., Louisiana State University
- RICHARD A. WORTHINGTON, *Professor Emeritus of Music*
