

TITLE IX – EEO Committee
2014-2015
End of Year Report

Due to the reorganization of the academic units of the university, the 2013-2014 committee members continued during the 2014-2015 academic year. Ms. Sherrye Carradine became the ex-officio member of the committee. As the same committee members had participated in training and served on the committee during the previous year, formal meetings were not held; members, however, were assigned by President Bruno to TIX hearing and appeals committees as the need arose throughout the year. Due to the confidential nature of the information, specific data cannot be provided.

After Ms. Treina Landrum was appointed as the new Title IX Coordinator for ULM, Dr. Fellows and Ms. Pamela Jackson with her to begin to make plans for academic year 2015-2016. These plans included providing specific training to committee members who could be selected by President Bruno to serve on hearing or appeals committees.
