Current Catalog Content:

RISK MANAGEMENT AND INSURANCE
C. Berry

The Bachelor of Business Administration degree in Risk Management and Insurance is offered for students desiring a career in risk management and insurance. The major prepares students for careers in underwriting, claims adjusting, risk management, and insurance sales.

For a major in Risk Management and Insurance, students must complete Economics 3001, Economics 3011, Finance 4001, Risk Management and Insurance 2005, 3007, 3008, 3020, 4008, 4010, and either Construction 1001, Management 3005, Marketing 3005 or Marketing 4003.

All students majoring in Risk Management and Insurance must complete Risk Management and Insurance 4010 which is an internship in the field. The internship should be completed after admission to the program. The internship must provide significant exposure and practice within the fields of risk management and insurance and is approved at the discretion of the Director of Insurance Studies.

Proposed Degree Plan:

RISK MANAGEMENT AND INSURANCE
C. Berry

The Bachelor of Business Administration degree in Risk Management and Insurance is offered for students desiring a career in risk management and insurance. The major prepares students for careers in underwriting, claims adjusting, risk management, and insurance sales.

For a major in Risk Management and Insurance, students must complete Economics 3001, Finance 4001, Risk Management and Insurance 2005, 3007, 3008, 3009, 3020, 4008, **a business elective,** and either Construction 1001, Management

3005, Marketing 3005 or Marketing 4003.

25. THE COLLEGE OF BUSINESS requests:

Presenter:	E. McEacharn
Action:	Change Undergraduate Catalog Content (page 235).

Current Catalog Content:

Required for a major in Risk Management and Insurance: Economics 3001, Economics 3011, Finance 4001, Risk Management and Insurance 2005, 3007, 3008, 3020, 4008, 4010, and either Construction 1001, Management 3005, Marketing 3005 or Marketing 4003. - Total of 30 semester hours.

Required for a minor in Risk Management and Insurance: Economics 3011, Risk Management and Insurance 2005, 3007, 3008, 3020, and 4008 - Total of 18 semester hours.

Proposed Degree Plan:

Required for a major in Risk Management and Insurance: Economics 3001, Finance 4001, Risk Management and Insurance 2005, 3007, 3008, 3009, 3020, 4008, a business elective, and either Construction 1001, Management 3005, Marketing 3005 or Marketing 4003. - Total of 30 semester hours.

Required for a minor in Risk Management and Insurance: Economics 3011, Risk Management and Insurance 2005, 3007, 3008, 3020, and 4008 - Total of 18 semester hours.

26. THE DEPARTMENT OF AVIATION requests:

Presenter:	D. King, P. Karlowitz
Action:	Create new course AVIA 2080 (Introduction of Unmanned Aircraft Systems (UAS))
Proposed Description:	
2080. INTRODUCTION OF UNMANNED AIRCRAFT SYSTEMS (UAS). 3 cr. An overview of the development, present and future status of the UAS in the civil aviation industry. Specific sections deal with aircraft, ground operations, communication, and launch and recovery systems while emphasizing human integration into the UAS system.	
Credit Hours:	3
Current Level:	U
Activity Type:	LEC
Maximum Hours To Be Earned:	3
Cross-Listed:	N/A
Change Effective:	Summer 2013
First Term Offered:	Fall 2013
Last Term Offered:	
Offered Fixed/Variable:	Fixed
Variable Range:	
Abbreviated Course Title:	Intro Unman Air Sys
UCC Decision:	Approved
Notes:	

27. THE DEPARTMENT OF AVIATION requests:

Presenter:	D. King, P. Karlowitz
Action:	Create new course **AVIA 3080 (UAS Design and Systems)**
Proposed Description:	
3080. UAS DESIGN AND SYSTEMS. 3 cr. Basic design and aerodynamic considerations for UAS, including systems common to most UAS with focus on those that differ significantly from their manned counterparts, and emphasis on	

	autopilot systems and their integration with flight controls and airborne communication systems. Prerequisite: 2080.
Credit Hours:	3
Current Level:	U
Activity Type:	LEC
Maximum Hours To Be Earned:	3
Cross-Listed:	N/A
Change Effective:	Summer 2013
First Term Offered:	Fall 2013
Last Term Offered:	
Offered Fixed/Variable:	Fixed
Variable Range:	
Abbreviated Course Title:	UAS Design and Systems
UCC Decision:	Approved
Notes:	

28. THE DEPARTMENT OF AVIATION requests:

Presenter:	D. King, P. Karlowitz
Action:	Create new course **AVIA 3081 (UNMANNED AIRCRAFT GROUND SYSTEMS AND COMM. AND TELEMETRY SYSTEMS)**
Proposed Description:	
	3081. UNMANNED AIRCRAFT GROUND SYSTEMS AND COMM. AND TELEMETRY SYSTEMS. 3 cr. Subsystems that comprise the UAS ground control and mission planning system/software and various sensor technologies and communications; launch and recovery systems; theory and practice of normal and degraded operations of UAS comm. and telemetry data link systems. Prerequisites: 2080
Credit Hours:	3
Current Level:	U
Activity Type:	LEC
Maximum Hours To Be Earned:	3
Cross-Listed:	N/A
Change Effective:	Summer 2013
First Term Offered:	Fall 2013
Last Term Offered:	
Offered Fixed/Variable:	Fixed
Variable Range:	
Abbreviated Course Title:	UAS Grd, Com & Telem

UCC Decision:	Approved
Notes:	

29. THE DEPARTMENT OF AVIATION requests:

Presenter:	D. King, P. Karlowitz
Action:	Create new course **AVIA 4080** (**IMAGE INTERPRETATION & GEOSPATIAL INFORMATION**)
Proposed Description:	
4080. IMAGE INTERPRETATION & GEOSPATIAL INFORMATION. 3 cr. Examine remotely sensed images from various angles, scales, platforms, resolutions and wavelengths for the purpose of identifying objects and judging their significance. Prerequisites: 2080, 3080, 3081.	
Credit Hours:	3
Current Level:	U
Activity Type:	LEC
Maximum Hours To Be Earned:	3
Cross-Listed:	N/A
Change Effective:	Summer 2013
First Term Offered:	Spring 2014
Last Term Offered:	
Offered Fixed/Variable:	Fixed
Variable Range:	
Abbreviated Course Title:	IMAGE & GEOSPATIAL
UCC Decision:	Approved
Notes:	

30. THE DEPARTMENT OF AVIATION requests:

Presenter:	D. King, P. Karlowitz
Action:	Create new course **AVIA 4081** (**UAS OPERATIONS**)
Proposed Description:	
4081. UAS OPERATIONS. 3 cr. Safe employment of UAS in practical applications, including aircraft operating software, launch and recovery operations, payload operations, normal and emergency procedures, mission planning and execution. Students must complete appropriate flight lessons to satisfactorily complete the course. Prerequisites: 2080, 3080, 3081, 4080.	
Credit Hours:	3
Current Level:	U
Activity Type:	LEC
Maximum Hours To Be Earned:	3

31. THE DEPARTMENT OF AVIATION requests:

Presenter:	D. King, P. Karlowitz
Action:	Change in Degree Plan for Aviation

Current Degree Plan:

AVIATION

Corcoran, Gurung

   The Aviation curriculum provides a knowledge base and training for students pursuing careers in various phases of Aviation.
   To progress satisfactorily, a student must complete all required developmental courses, plus Aviation 1010 and 1011, with a grade of "C" or better, before enrolling in 3000- or 4000-level courses. **Major electives are upper-level aviation or other pre-approved courses.** The curriculum also includes 15 hours of applied electives. These are program-guided electives that will benefit a student's expected career path. Advisor approval of courses to be used for applied electives is needed.

Flight School Security
   To comply with Transportation Security Administration (TSA) regulations, all non-U.S. citizens or other individuals designated by the TSA desiring to receive flight or simulator instruction must register and be approved by the TSA before instruction can begin.
Contact the Aviation Department for details.

Proposed Degree Plan:

AVIATION

Karlowitz, King

    The Aviation curriculum provides a knowledge base and training for students pursuing careers in various phases of Aviation.

    To progress satisfactorily, a student must complete all required developmental courses, plus Aviation 1010 and 1011, with a grade of "C" or better, before enrolling in 3000- or 4000-level courses. **Applied electives are** program-guided electives that will benefit a student's expected career path. Advisor approval of courses to be used for applied electives is needed.

Flight School Security

    To comply with Transportation Security Administration (TSA) regulations, all non-U.S. citizens or other individuals designated by the TSA desiring to receive flight or simulator instruction must register and be approved by the TSA before instruction can begin.

    The Unmanned Aircraft Systems concentration is offered to those students whose career objectives are aimed at the emerging unmanned aircraft systems

industry. The program provides the breadth and depth of instruction needed to ensure graduates are prepared to work as pilots/operators and/or developmental team members of unmanned aircraft systems (UAS) while fully understanding the operational and safety environments of the National Airspace System.

As some of the technologies involved with UAS fall under International Traffic in Arms Regulations, students wishing to pursue this degree program must be able to prove United States citizenship prior to enrolling in the following courses: AVIA 2080, 3080, 3081, 4080, and 4081. There are no exceptions to this policy.

Note: The UAS is an emerging industry and under strict control of the FAA.. Currently the only agencies allowed to operate UAS are government, state / local government, and qualifying universities.

35. THE DEPARTMENT OF BIOLOGY requests:

Presenter:	A. Findley
Action:	Change in Undergraduate Catalog content on page 172 -173, Change **Biology Concentrations**.

Current Catalog Content:

Additional requirements for a concentration in Ecology and Evolution: Biology 1020/1021, 1022/1023, 2020, 2030, 3002, 3005, 3008, 4099; 4113 or 4114; 19 additional hours in Biology, with at least 16 hours of 3000- 4000-level and a minimum of 12 hours from Biology list electives B, C, and D; no more than 7 hours from BIOL 4103-4109, 4096, 4097, or 4098; Chemistry 1007/1009, 1008/1010, and 2030/2031; 4 hours of any Math and Physical Science elective 2000-level or higher, 8 hours from the approved list of MPS electives.

Additional requirements for a concentration in Chemical Biology: Biology 1020/1021, 1022/1023, 2020, 2030 or 2014/2015, 3002, 3005, 3008, 4099; 4111 or 4112 or 4113 or 4114; 7 additional hours in Biology; no more than 7 hours from BIOL 4103-4109, 4096, 4097, or 4098; Chemistry 1007/1009, 1008/1010, 2030/2031, 2032/2033, 3020, 3022, 3050, and 3052; Math 1031 and 1032; Physics 2007/2009 and 2008/2010 (or Physics 2003/2009, 2004/2010, and 3003).

Additional requirements for a concentration in Molecular Biology and Biotechnology: Biology 1020/1021, 1022/1023, 2001, 2014/2015, 2020, 2030, 3005, 3008, 4099; 4111 or 4112 or 4113; 13 additional hours in Biology, with at least 10 hours of 3000- 4000-level and a minimum of 8 hours in 4000-level cell/molecular/physiology/microbiology courses; no more than 7 hours from BIOL

4103-4019, 4096, 4097, or 4098; Chemistry 1007/1009, 1008/1010, 2030/2031, 2032/2033, 3050, and 3052; Physics 2003 and 2004.

Proposed Catalog Content:

Ecology and Evolution Concentration:

Additional requirements for a concentration in Ecology and Evolution: Biology 1020/1021, 1022/1023, 2020, 2030, 3002, 3005, 3008, 4099; 19 additional hours in Biology with at least 9 hours of 3000-4000-level and a minimum of 12 hours from Biology list electives B, C, and/or D; no more than 7 hours from BIOL 4103-4109, 4096, 4097, or 4098; Chemistry 1007/1009, 1008/1010, 2030/2031, plus 4 additional hours of any Math and Physical Science elective 2000-level or higher; and 8 hours from the approved list of MPS electives.

Chemical Biology Concentration:

Additional requirements for a concentration in Chemical Biology: Biology 1020/1021, 1022/123, 2020, 2014/2015 or 2030, 3005, 4099, and any C or D category elective; 8 additional hours in Biology with at least 4 hours of 3000-4000-level; no more than 7 hours from BIOL 4103-4109, 4096, 4097, or 4098; Chemistry 1007/1009, 1008/1010, 2030/2031, 2032/2033, 3020, 3022, 3050, and 3052; Mathematics 1031 and 1032; Physics 2007/2009, 2008/2010 (or Physics 2003/2009, 2004/2010, and 3003).

Molecular Biology and Biotechnology Concentration:

Additional requirements for a concentration in Molecular Biology and Biotechnology: Biology 1020/1021, 1022/1023, 2001, 2014/2015, 2020, 2030, 3005, 3008, 4099; 16 additional hours in Biology, with at least 13 hours of 3000-4000-level and a minimum of 8 hours in 4000-level cell/molecular/physiology/microbiology courses; no more than 7 hours from BIOL 4012-4019, 4096, 4097, or 4098; Chemistry 1007/1009, 1008/1010, 2030/2031, 2032/2033, 3050, and 3052; Physics 2003 and 2004.

39. THE SPEECH-LANGUAGE PATHOLOGY requests:

Presenter:	J. Boult
Action:	Change Undergraduate Catalog (online 2013-2014) content

Current Catalog Content:
   Speech-Language Pathology courses, with the exception of practica and directed studies, can be repeated only one time. Before enrollment in SPLP 4002 a student must have 1) completed a speech, language, and hearing screening while enrolled in SPLP 1013, 2) completed all courses required during the freshman and sophomore years as stated in the catalog; 3) completed 25 hours of supervised observation at approved settings; 4) a cumulative, uncorrected grade point average of 2.75 or better, and 5) an uncorrected grade point average of 3.0 or better in SPLP 1013, SPLP 1052, SPLP 2001, SPLP 2002, SPLP 4001, SPLP 4028, and SPLP 4033.

Proposed Catalog Content:
   Speech-Language Pathology courses, with the exception of practica and directed studies, can be repeated only one time. Before enrollment in SPLP 4005 or 4035 a student must have 1) completed a speech, language, and hearing screening while enrolled in SPLP 1013, 2) completed all courses required during the freshman and sophomore years as stated in the catalog; 3) a cumulative, uncorrected grade point average of 2.75 or better, and 4) an

uncorrected grade point average of 3.0 or better in SPLP 1013, SPLP 1052, SPLP 2002, SPLP 2040, SPLP 4001, SPLP 4028 and SPLP 4033

Admission to Pre-Speech-Language Pathology

Applicants for admission to Pre-Speech-Language Pathology curriculum must meet

the general admission requirements for admission to the University. Applications are to be submitted to the University Admissions Office www.ulm.edu/prospectivestudents/.

Progression of Majors in Speech-Language Pathology

Students enrolled in this curriculum are not eligible for American Speech-Language-Hearing Association (ASHA) certification upon completion of the degree plan. Graduate work is necessary to secure the Certificate of Clinical Competence (CCC) professional credentials. All Speech-Language Pathology courses must have a "C" or better upon graduation. A course transferred from another institution must show a grade of "C" or better in order to be considered for SPLP credit. Only approved 1000- and 2000-level courses may be transferred.

Beginning Summer I, 1995, all students declaring a SPLP major must meet the following requirements before applying for regular admission to the degree program:

1. satisfactory completion of any required developmental course,
2. satisfactory completion of all courses under the "Freshman Year" requirements of the SPLP curriculum,
3. satisfactory completion of all special requirements of the SPLP major. These special requirements include:
   a) completion of SPLP 1013, SPLP 1052, SPLP 2001, and SPLP 2002 with a "C" or better;
   b) completion of a speech, language, and hearing screening test;
   c) an uncorrected cumulative GPA of 2.75 or better;
   d) an uncorrected GPA of 3.0 or better in the 1000- and 2000-level SPLP courses,
   e) SPLP faculty approval.

   Note that meeting the basic requirements does not guarantee that the student will be selected to progress to upper-level SPLP courses.

   The above requirements also apply to transfer students. Applications for regular admission will be reviewed only in the fall semester. Applications are to be completed with the student's adviser and forwarded to the department head by October 20 for review.

Speech-Language Pathology courses, with the exception of practica and directed studies, can be repeated only one time. Before enrollment in SPLP 4002 a student must have:

1. completed a speech, language, and hearing screening while enrolled in SPLP 1013;
2. completed all courses required during the freshman and sophomore years as stated in the catalog;

3. completed 25 hours of supervised observation at approved settings;
4. a cumulative, uncorrected grade point average of 2.75 or better, and
5. an uncorrected grade point average of 3.0 or better in SPLP 1013, SPLP 1052, SPLP 2001, SPLP 2002, SPLP 4001, SPLP 4028, and SPLP 4033.
