wishing to pursue a career in pharmacy are encouraged to complete their pre-professional requirements in conjunction with pursuing a four year degree (e.g., toxicology, biology, chemistry, etc.). Pre-professional preparatory coursework may be completed at any accredited university. Students aspiring to complete their pre-professional preparatory coursework at the University of Louisiana at Monroe must meet the admission requirements for the University. Students with a "Pre-Pharmacy" major designation must present a 2.33 cumulative grade point average once they have earned 57 hours to maintain the designation. Students who fail to present a 2.33 grade point average will be required to change their major to LUIO (undeclared) or another major at the 57 hour mark.

Upon completion of the preparatory coursework, students may apply for admission to the Doctor of Pharmacy program in the College of Pharmacy. Admission to the program is competitive and, at a minimum, is based on cumulative pre-professional preparatory course work grade point average, written and oral communication skills, and scores on the Pharmacy College Admission Test.

Students applying for admission to the College of Pharmacy must meet the following academic requirements:

1. Have a minimum 2.5 cumulative grade point average;
2. Meet the Louisiana Board of Regents' core curriculum requirements with a grade of "C" or better in each core course;
3. Complete the following course and semester hour requirements with a grade of "C" or better:
  - a. Biology
    1. Microbiology with laboratory (4 semester credits or equivalent)
    2. Human or comparative anatomy with lab and human or mammalian physiology with lab (8 semester credits or equivalent)
    3. Cell biology or cell physiology (3 semester credits or equivalent)
    4. Genetics (3 semester credits or equivalent)
  - b. Business
    1. Economics (3 semester credits or equivalent)
  - c. Chemistry
    1. Inorganic chemistry with laboratories (8 semester credits or equivalent)
    2. Organic chemistry with laboratories (8 semester credits or equivalent)
    3. Biochemistry (3 semester credits or equivalent)
  - d. English
    1. English composition (6 semester credits or equivalent)
    2. Technical writing (3 semester credits or equivalent)
  - e. Humanities
    1. Public Speaking (3 semester credits or equivalent)
  - f. Mathematics
    1. Calculus (3 semester credits or equivalent)
  - g. Physics
    1. General physics with laboratories (4 semester credits or equivalent)
  - h. Statistics
    1. Statistics (3 semester credits or equivalent)
4. Meet the technical standards of the College of Pharmacy, and
5. Obtain a competitive Pharmacy College Admissions Test score.

For students attending the University of Louisiana at Monroe for their pre-professional requirements, courses listed online at <http://www.ulm.edu/pharmacy/prospective/prepharmreq.html> will fulfill the College of Pharmacy's pre-professional requirements. This list along with course descriptions provided in the undergraduate or graduate and professional catalog also provide students attending other state or out of state institutions guidance concerning course content for pre-professional requirements.

**Bachelor of Science in Pharmaceutical Science**

The Bachelor of Science in Pharmaceutical Science would be awarded to all students who successfully complete the first year of the professional portion of in the Doctor of Pharmacy (Pharm. D) program. A student planning to receive the BSPS degree will also have to complete additional courses in humanities, social sciences, and fine arts. The purpose of awarding this degree is to recognize the achievement of these students when they have earned credit hours in an amount comparable to that of students receiving other baccalaureate degrees and to give appropriate recognition for their academic accomplishment to that point in the educational process. This will replace the currently awarded degree in Bachelors in General Studies for students without Bachelor's degrees completing their first year of the professional portion of the Doctor of Pharmacy program. And one of the following plans:  
 Six semester hours of approved graduate electives; or  
 Six hours of EXSC 5099. Note: one additional hour of EXSC 5099 must be completed for every semester the student is actively engaging exercise science faculty with the thesis.

For a total of 36 hours.

**Proposed Degree Plan:**

**Applied Exercise Science Concentration**

Requirements for the Master of Science in Exercise Science Applied Exercise Science Concentration are:

EXSC 5004 Advanced Exercise Physiology I  
 EXSC 5007 Research Methods in Exercise Science  
 EXSC 5010 Exercise Prescription and Leadership

EXSC 5027 Statistical Methods in Exercise Science  
 EXSC 5005 Advanced Exercise Physiology II  
 EXSC 5008 Nutrition and Wellness  
 EXSC 5009 Advanced Strength and Conditioning  
 EXSC 5012 Exercise Electrocardiology  
 EXSC 5039 Cardiac Rehabilitation
