UNIVERSITY OF LOUISIANA AT MONROE
RADIOLOGIC TECHNOLOGY PROGRAM

APPLICATION PACKET

Thank you for choosing to apply to the ULM Radiologic Technology Program. Please read through the following documents included in this packet and complete all necessary information.

A checklist is provided to guide you through the application process. Read all directions carefully, complete all necessary information on application documents, and include all required material in the returned application packet.

Only submit an application packet when entirely completed. Incomplete application packets will not be considered for admission. The ULM Radiologic Technology Program is not responsible for and will not consider any late Application Packets, no matter the postmark date, or those "lost" in the mail.

Complete application packets must be received in the College of Health Sciences. Packets can be mailed or delivered to the: College of Health Sciences, Sugar Hall 151, 700 University Avenue, Monroe, LA 71209.

For any questions regarding materials included in the application packet or the application process, please contact the Radiologic Technology Program Director for further assistance. Admission is based on competitive selective admissions criteria; completion of admission requirements does not guarantee admission into the professional program.

Brett Bennett, M.Ed., RT(R)(ARRT)
