AGENDA

1. Attendance: Nazzal took roll.
2. Minutes: Bhattacharjee motioned to approve the March 22, 2018 minutes as submitted by Sutton. Motion was seconded by Anderson. Nazzal will email members for the vote.
3. New/Old Business (preparation for our final May meeting):

Nazzal updated the council on the inability to complete the website or office 365 projects by the end of the academic year, but encouraged all members to provide input into the 9 opinion documents so that they could be finalized. Anderson motioned for Nazzal to post the 9 opinion documents one last time, request input, make the requested edits, and then call for the vote to finalize the 9 opinion documents. After finalization the opinion documents will be forwarded to OSPR and Dr. Sutherlin. Motion was seconded by Bhattacharjee.

Nazzal requested that all members provide input into the research week events, so that improvements could be suggested by the council to the task force. Lack of faculty encouragement for students' attendance and lack of sufficient promotion were offered as barriers to success of research week. Murru suggested that emerging scholars should be required to present their scholarship at research week. Bhattacharjee agreed. Weidemeier will begin the said opinion document to request feedback on all of the above, as well as the wisdom of moving the task force under the auspices of either the research council or the office of sponsored programs and research.
