Item 1 - Minutes Approved

Minutes from the 11/8/06 were approved through email before the end of the Fall semester.

Item 2 – Dean Smith’s Report:

The information is ready for the background checks for two positions. The document librarian has retired which leaves a third position open.

Book order request lists have been submitted by: Computer Science, Music, Dental Hygiene, History and some from English.

Medline full text is now available along with two other Netlibrary collections. The use of electronic data bases continues to increase.

Item 3 – New Business

Nothing has been done about the lack of handicap parking spaces at the library.

The February meeting is tentatively scheduled for the 28th. Members will be polled via email to determine whether this is workable.

The meeting was adjourned at 4:00 PM.

Respectfully submitted,
