LPN TO BSN CURRICULUM PLAN

The Kitty DeGree School of Nursing provides an opportunity for licensed practical nurses to be admitted into the baccalaureate degree program. Graduates in nursing from state-approved licensed practical nurse programs who have an unencumbered license to practice in Louisiana may be admitted for part-time or full-time study.

Provision is made for these students to demonstrate their achievement by taking examinations for credit in selected arts, sciences, and nursing courses. Eleven (11) credit hours may be earned throughout the program from proficiency tests and skills checkoff and recognized work experience. Students entering the program with a degree and transfer students with sophomore or above status are not required to take UNIV 1001. Other requirements can be found under "Admission to the Professional Nursing Program" section. For further information contact the Kitty DeGree School of Nursing.

Action:	Change description of KINS 4034 (Professional Development in Kinesiology)
<p>Current Description:</p> <p>This course is designed as a pre-internship experience that will provide undergraduate Kinesiology students with the key training needed to engage in the professional activities that are central to a successful career in the fields of kinesiology-related fields. Although issues of substantive, exercise, fitness, sport, and/or wellness importance naturally will be addressed, the primary focus will be on the strategies and skills that are needed to translate one's substantive knowledge into a successful career - one that advances both the individual's goals and the general community goals of improved health, decreased disease, and the reduction of health disparity. As this description indicates, this course is most appropriate for undergraduate students who will be pursuing careers that emphasize their preparation in kinesiology-related fields.</p> <p>Prerequisite(s): Junior standing and KINS 2011, KINS majors only</p> <p>Proposed Description:</p> <p>This course is designed as a pre-internship experience that will provide undergraduate Kinesiology students with the key training need to engage in the professional activities that are central to a successful career in Kinesiology related fields.</p> <p>Prerequisite(s): KINS 2011, Junior standing; Kinesiology majors only.</p>
