[ARCHIVED CATALOG]

Occupational Therapy, O.T.D.

3 year

The Occupational Therapy Doctorate (OTD) program is a 3.5-year program that includes two Level II fieldworks (a minimum of two twelve-week fieldwork rotations) in approved clinical settings coordinated by the OTD Academic Fieldwork Coordinator and a fourteen-week (minimum 560 hours) doctoral capstone project under the direction of an approved mentor in an approved setting coordinated by the OTD Capstone Coordinator.

The entry-level occupational therapy doctoral degree program has applied for accreditation by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at 4720 Montgomery Lane, Suite 200, Bethesda, MD 20814-3449. ACOTE's telephone number c/o AOTA is (301) 652-AOTA and its web address is www.acoteonline.org. The program must have a preaccreditation review, complete an on-site evaluation, and be granted Accreditation Status before its graduates will be eligible to sit for the national certification examination for the occupational therapist administered by the National Board for Certification in Occupational Therapy (NBCOT). After successful completion of this exam, the individual will be an Occupational Therapist, Registered (OTR). In addition, all states require licensure in order to practice; however, state licenses are usually based on the results of the NBCOT certification Examination. Note that a felony conviction may affect a graduate's ability to sit for the NBCOT certification examination or attain state licensure.

Admission to the Professional OTD Program

Applicants for admission to the OTD Program must complete the following minimum criteria by the end of the Spring semester that application is made: 1) have a baccalaureate degree in a field or major other than occupational therapy, from a regionally accredited college or university; 2) have a minimum overall grade point average (GPA) of 2.75 on a 4.0 scale and no less than a 3.0 on a 4.0 scale for the last 60 hours; 3) complete all prerequisite courses with a grade of "C" or better; and 4) be admitted to the ULM Graduate School per the ULM Graduate School admission policies.

Prerequisite courses include Human Anatomy with Lab and Human Physiology with Lab (or Human Anatomy and Physiology I and II with Labs), Statistics, Human Growth & Development, Introduction to Psychology, Abnormal Psychology, and Introduction to Sociology or Introductory Anthropology.

Application requirements will be ~~to the Occupational Therapy Department, located in Caldwell Hall 111,~~ ^{submitted to the ULM Graduate School} no later than ~~March 1~~ ^{September 1} by 12:00 noon. ~~If March 1 falls on a weekend or holiday, the due date will be 12:00 noon on the last school day prior to March 1.~~ ~~LATE SUBMISSIONS WILL NOT BE ACCEPTED.~~ ^{September 1}

Students must have official copies of their transcripts submitted to the ULM Graduate School by the application deadline date of ~~March 1~~ ^{Sept 1}. Official transcripts of the current application semester must also be received by ULM Graduate School by ~~May 25~~ ^{end of the Fall semester} of the application year.

Applications will be reviewed by the Occupational Therapy Admissions Committee. Questions regarding out-of-state candidates may be directed to the OT office at 318-342-1610.

Students accepted into OTD are required to fulfill the immunization requirements of ULM Student Health Services. Once accepted into the OTD Program, the student has two academic years to successfully complete the didactic coursework of the program followed by six months of full-time level II fieldwork and fourteen weeks of doctoral level capstone project and experience. A student who fails to do so will be required to appear before The University of Louisiana Monroe Occupational Therapy Academic Performance Committee for a hearing to determine continuation in the program.
