UCC Decision:	REJECTED
Notes:	Committee had issues with several items of the proposal. The committee felt the target audience was not clearly defined. The content of the class appears to be duplication of other courses already on campus. The committee also felt there was not a clear control of academic stability. The proposed time for the course 9:30 to 11:45 on Mondays and Wednesday would cross 3 different prime course time slots and may make it impossible or very difficult for student trying to maintain full time status. The course was also proposed to be taught online which the large out of class elements would hinder non-local students from taking the course, yet the students would most likely be unaware of this issue until they had already registered for the course.

Program Description

RN TO BSN TO MSN

The Kitty DeGree School of Nursing offers a seamless approach for the AD prepared nurse to complete the BSN degree and move into the MSN program smoothly.

The Graduate Nursing Program in the Kitty DeGree School of Nursing offers a Master of Science in Nursing (MSN) degree. There are two concentrations included in this degree offering: one as a Gerontological Clinical Nurse Leader (CNL) and the second as an Adult Gerontology Primary Care Nurse Practitioner (AGNP).

The CNL concentration will prepare graduates for management decision making skills required by healthcare agencies providing care for gerontology patients. The program focuses on acquisition of management skills including human resource management, fiscal management, and quality management to improve health care outcomes for older patients in a variety of health care settings.

The AGNP concentration will prepare graduates for advanced nursing practice, providing primary health care needs for adults and geriatric patients. Graduates of this program will be eligible to obtain national certification and advanced practice licensure allowing them to practice in primary health care settings providing health promotion, disease prevention, and care management of adult and geriatric patients.

Program Admission

In addition to the requirements for *regular admission* to the Graduate School, all applicants for the MSN degree must meet the following criteria:

Application to the Kitty Degree School of Nursing Graduate Program

Baccalaureate degree in Nursing from a nationally accredited school of nursing

Current, unencumbered registered nurse license

Cumulative GPA of 2.8 or higher on a 4.0 scale

GRE, taken within 5 years of admission, with a minimum score: Verbal 140; Quantitative 140; Analytical 2.5

Minimum work experience as a RN of two (2) years

Submission of a written essay of 500 words describing your professional nursing goals

Program Requirements

The program requires 36 credit hours for completion of the Clinical Nurse Leader Concentration and 40 credit hours for the Adult Gerontology concentration in the MSN degree. Students in both concentrations will take courses listed as MSN Graduate Core and MSN Direct Care Core. CNL students will complete the courses in the MSN CNL Role Competency while AGNP students will complete those courses in the MSN AGNP Role Competency section.

MSN Graduate Core (all graduate nursing students)

NURS 5001 Advanced Theoretical Foundations in Nursing
