

HOW TO CREATE A ULM ADMISSIONS ACCOUNT AND SUBMIT AN ADMISSIONS APPLICATION

To apply for any ULM academic program, you must first create an Admissions Account on ULM's website. From this account, you can apply to ULM, check an application status, or review a list of required admission documents (known as "Supplemental Items.")

The Admissions Account creation process takes just a few minutes, and the information required includes providing your name and contact info, academic plans such as entry term, major/program, and how you want to take classes: on-campus or online. You will also need to provide your Social Security Number (U.S. Citizens and Permanent Residents), a valid email address, and create a password. Most applications require a payment by credit/debit card prior to submission to ULM.

Before you create your ULM Admissions Account, be aware of these admission exceptions:

- a. Not all majors/programs are available 100% online. On-campus students may take a mix of on-campus and online courses. **Select the ULM Online application ONLY if you want to earn your degree 100% online and the program you are interested in is available as a ULM Online Degree program.** A list of ULM Online degree programs is [available here](#).
- b. For the ULM Pharmacy School's **PharmD Professional Program**, [apply here](#).
- c. **High school students** interesting in earning college credit while still in high school through ULM's **Dual Enrollment Program** (students take college credit courses at their high school) or **Collegiate Program** (students take college credit course on ULM's campus) will need to select the **Dual Enrollment** or **Collegiate** application accordingly.

Once you have created your Admissions Account, there are several different application types to select from based on the type of student you are — undergraduate or graduate. More information about which application to select is listed below in the "**Which Application Do I Choose?**" section.

3. Enter Academic Level/Academic Program/Location/Entry Term

- **Academic Level** is assigned to majors and programs as either Undergraduate or Graduate. Most Post-Baccalaureate Certificates are undergraduate-level programs. High school seniors entering college must select the Undergraduate academic level. **The Graduate academic level is restricted to those who have earned at least a 4-year Bachelor’s degree from an accredited university or college.**
- **Academic Programs** are displayed based on the Academic Level selected. For example, if you select Undergraduate, only Undergraduate programs are shown. Any ULM Online courses will have “ULM Online” at the end of the program descriptor, i.e., “Marketing, BBA (ULM Online)”.
- **Location** is automatically assigned based on the Academic Program. There are only two (2) locations: ULM Campus and ULM Online. Click into the Location box to select the location displayed.
- **Entry Term** indicates when you would like to start taking classes. All Undergraduate majors are available for all open terms. Some Graduate level programs are only offered for certain terms. For example, the Master of Music Education program is only offered during the Summer term. If an Entry Term you want does not display, then the Academic Program you selected is not offered for that term or the term has closed.

The screenshot shows a web application interface for an admissions application. At the top, there are navigation links for 'APPLY NOW!' and 'EVENTS'. The main heading is 'Admissions Application'.
