November 12 @ noon: Blocked time for mentoring group meetings (you may choose to use another time)

Announcements/Reminders:

Transition to NOLA campus: The Baton Rouge campus will be vacated after today, September 17. All furniture and equipment will be placed into storage until the New Orleans offices are ready for occupancy. Also, the phone lines will be disconnected after today. If you need to reach Kim Doughty, she will be working in the Monroe office, working with both the Business Office and the clinical faculty. She will be located in the office next to Brittany Coleman. Dr. Horace is transitioning her practice to New Orleans. If you need to reach her, please use her email or contact Dr. Evans.

Zoom: Dr. Andrews has sent *several* requests that everyone log into Zoom. Students have been given accounts and they can use this to contact faculty - especially those who are located at a distant site. Here are the directions to add Zoom to your computer's start up routine so that you are logged in automatically.

MAC users:

System Preferences
Users & Groups
Check padlock at bottom of screen and unlock it
Select Login Items
Click the + sign
Search folders for Applications and select zoom.
DO NOT CHECK THE BOX after it adds it.
Lock padlock and you're done.

Windows users:

Log in to the zoom software

Settings option (top right corner)

In the first window that opens, make sure the box is checked that reads Start Zoom when I start Windows.

Assessment: The Assessment committee created a document in response to some of the comments received from students during the focus groups which were held last April. This response was sent out to the students this morning. I've included it here for your information.

Homecoming: Attached is our homecoming flyer and tailgating map

Faculty Development updates:

Thursday, September 20, 12-1pm: Best of 2018 AACP Showcase

Zoom meeting, connection info will follow in Outlook calendar event

- Active retrieval study techniques
- Creating your personal development plan
- Achievement Unlocked: Badges and Recognition of Student Achievements (recap of 2 sessions)
- Simulated/active learning exercises focusing on cultural competence, socioeconomic awareness, teamwork, social determinants of health

HUGE THANKS to Drs. Sampognaro, Lafitte, Donald, & Jennifer Smith for sharing their time & learning experience with us!!!

Thursday, October 4, 12pm-2pm: Data Analysis Workshop Session 3
