Connecting Your TV & Apogee Support

Whenever you hook up a new or existing TV, you will need to run a scan to receive all your channels. To do this, start by hitting the *Menu* or *Setup* button on your TV remote control. Scroll over until you find an option that says *channel scan* or *auto program*. If given the option, make sure you select *Cable* rather than *Air* or *Antenna* for your search. All TV's are different and may have different names for these features.

For support with either RF (in-room televisions) or Stream2 (IPTV service), Contact Apogee.

Call: 833-548-7259. Email: support@mycampusvideo.com. Live Chat: <http://mycampusvideo.com/support>
